

Plymouth Advertiser.

Plymouth, Ohio, Saturday, October 7.

WE are under the necessity of again apologizing to our patrons. We could not for love or money, procure a supply of paper of the usual size. We shall be all right in a week or two.

Auditor William H. Gross Disrespects

An effort is being made in some portions of Richland County to defeat the present efficient Auditor, Mr. Jesse Williams. Had the contrary been the case, we should not have inserted here, but as the most despicable means are being made use of to defeat Mr. Williams—as charges have been made, and a motion, affecting his character, we deem it an act of justice to give the facts dispassionately. They are as follows: After Mr. Williams received the appointment, reports were put in circulation, charging the Auditor with having purchased various articles for his own use, and for charging them to the county; Mr. Williams having paid private bills with county orders; with having allowed fraudulent claims with his receipts; with having exhibited, without understanding the law, and without proper order, &c., &c.; and finally with having contracted with the publishers of the Herald and the Shield for an advertisement for the purpose of the law, and afterwards, in order to receive the vote of Plymouth township, at the primary election, contracting with the publishers of the Herald and the Shield for the same publications, thus making the county pay for their publication in three places. Mr. J. W. Wilkinson, of Mansfield, hearing these reports, addressed a note to the Herald, specifying seven of the charges, and requesting Mr. Williams to clear up the matter. Mr. J. W. Wilkinson, in this week's Herald, says the charges are true in every particular, and can be proven.

To those who know Mr. Williams, these slanders, (for they are no less) are very ridiculous, and have not been given them so much, but being untrue of the election given to the public through the columns of a newspaper, records, and satisfy him. On Friday, Mr. Williams went to the Auditor's office, and after a careful examination, he positively wrote that he could not prove them.

TO THE CITIZENS OF RICHLAND.

In compliance with the request of Mr. Williams, our present Auditor, I called on the office for the purpose of examining his records, and thereby fully satisfying myself in reference to certain reports made against said Auditor, and after the publication of the same in the Herald, over my own signature, and after fully investigating the matter, I consider it due to Mr. Williams, as well as to the public, to state that the reports above alluded to are incorrect, and have no hesitancy in saying that I fully believe they were never given for any other purpose, but to defeat Mr. Williams in his election.

J. W. WILKINSON.

So much for that. Another charge was that the books were badly kept, and that a former Auditor, Mr. Hicks, being called in to assist him in balancing them gave up in despair, saying he could not balance them for a week or two, and dollars. To show how much truth there is in this charge, we give the following from Mr. Hicks: One of the County Commissioners.

MANASSAS, Md., Sept. 20th, 1854.

Jesse Williams, Esq.

Dear Sir: Yours of 20th inst. is before me, and in reply to inform you as to the receipt of a certain return that are in circulation in relation to your official conduct for the "retention" of your office. I know of no better answer to give you all than to refer you to the records of the Commissioners made at their regular June session last, where will be found a full and correct copy of the same. At this time I have examined and compared the accounts and vouchers of the County Auditor and Treasurer, and found the same correct, and the heavy debt the County Auditor did not exhibit an exhibit of the receipts and expenditures for the year in said copy.

It seems that the Commissioners did not check the books and accounts correct, and so passed upon them, and of course removed all foundation for said report. I can say with safety your books will compare favorably with any set of Auditor's books in style of workmanship, and I have no answer to give you but that above statement will be satisfactory.

I am truly yours, W. S. HICKOX.

As will be seen there is a vast difference between the two charges. It is correct we leave the public to determine.

An to the publication of the laws, our vendors instead of the Herald give in the following particulars: He says he consulted with the Board to publish the law.

The Board consists of the Probate Judge, Mr. Myers, the Prosecuting Attorney, Mr. Shupe, and the Auditor, Mr. Williams, and they were all present, and a word on the subject, and Messrs. Myers and Shupe both deny most positively that they contracted with Mr. Day.

He says he had no contract to publish the laws, but that he had no contract with the publishers of the Herald and the Shield, and that he had no contract with the publishers of the Herald and the Shield, and that he had no contract with the publishers of the Herald and the Shield.

RICHLAND CO. TRUCKERS' ASSOCIATION.

At a meeting of this Association last spring a Committee consisting of Messrs. Boyce, B. Smith and Patterson, was appointed to report on the matter. At the quarterly meeting, on Saturday last, the report was read, and together with the following Resolutions, was adopted by the Association:

Resolved, The English Language is now spoken by more than 50,000,000 of human beings, and the tendency of the present century is to sweep it all over the ocean, the ascents of our earth and energetic Steam idiom may be more or less, in every part of Commerce and in every sort of Maritime adventure, and it is the duty of every citizen of this State to give it the most extensive and liberal use, and to become the universal tongue of civilized men, therefore

Resolved, That no literary pursuit is more worthy of attention than cultivating the English Tongue, and a constant study to liberate it from corruption, and to secure the utmost degree of purity, precision, clearness and force, in every form in which it is put to use.

It is the duty of every citizen of this State to give it the most extensive and liberal use, and to become the universal tongue of civilized men, therefore

A COMPLAINTING LETTER.

We received the following last week, but too late for insertion. We give Mr. Sedgwick the benefit of our column, and hope the publication complained of, may be abated.

For the Advertiser.
Mansfield, Europe—I am too modest to attribute myself upon the public, and would only say that I have become almost desperate. I am a miserable man! To you the idea that a man can be miserable in such a happy place, such an abode of felicity, may seem strange. I have been miserable and full of sorrow! I could tell you a volume with details, but as I have not the time, (at least I never thought I had) of the subject, I will only say that I have been miserable and full of sorrow! I could tell you a volume with details, but as I have not the time, (at least I never thought I had) of the subject, I will only say that I have been miserable and full of sorrow!

TEACHERS' INSTITUTE.

The Richland County Teachers' Institute will be held in Mansfield during the week commencing Monday the 9th day of October.

A Lord and other prominent speakers will be present. We hope all teachers and friends of education will favor this enterprise with a large attendance. Efforts have and will be made to make the Institute interesting and profitable to all who may favor us with their attendance. Provisions will be made for boarding the ladies free from expense. All are present and entering the cause of education and in advancing the cause of education, and in elevating the profession of the light that its importance demands.

Our list has a grand and noble list. L. M. B. MATSON, Pres't.

MECHANICAL INVENTIONS.—Two Musical Conventions are to be held in Huron county within a short time. One at Huron, commencing on Wednesday the 18th inst., to continue three days. The other is to be held at Fairport, commencing on Monday, the 23d, to close on Wednesday evening, with a Concert. Both of these Conventions are to be under the direction of Mr. C. M. LADD, Editor of the Musical Review. These kind of meetings have undoubtedly done much to improve the taste and style of singing.

TELEGRAPH from Cincinnati, Monday, says: "The Small Note Law went into operation today, but with the exception of the banks, little attention was paid to it. Just as in this place, any kind of good thing is being done, but it is without much success."

DECEASED MIXED.—New York political news says that the late Governor, Mr. Van Buren, probably will find a great many of his friends in the State, but the "Herald" and "Herald" are not so much as to be a ticket headed by Green C. Brown.

THE S. F. SHELL or Barboursville, or Fairport, Louisa, has been named by Mr. Seymour.

THE WAGES have been raised in the State, and the Governor, and H. J. Raymond for Gov. Governor.

FOURTH inst. Anti-Slavery Spirit was given to the Convention at the West Gate.

THE secretors from the Anti-Slavery Convention have returned a ticket for the State, and the Governor, and H. J. Raymond for Gov. Governor.
