FOUR BETWEET A SYSAE AND A WEAR

The Afficial from Paint towarding informs
us that on Sunday last, being out looking
this farm, he witnessed the row and exciting apectation of a regular pitched lattiting apectation of a regular pitched latcommon weasel. They fought terribly
for near half an hour and so deeply exgued were they that no notice was taken
of our informant, although he approached
within a rold of the scene. The ruttle
snake was of the black species and would
coil up in pyramid, form, from the top
of which list tail stuck out, the rattlesnake was of the black species and would
coil up in pyramid, form, from the top
of which list tail stuck out, the rattlesnake species and would
coil, and when his antagonist approached
within striking distance, he would, with
the quickness of lighting throw himself
out, with open javs, at full length. The
festeness of the wassel generally made
its secape, but notwithstan I, was bitten
trive, and on both occasions run into
clump of boshes for a few mourents and
the returned to the combant. At lengt
the wassel agraing upon the snake
and the light through the sake and
the returned to the combant. At lengt
the wassel agraing upon the snake and
early light the wassel graining the wassel agraining the action in the sake and
which is the through of the sake and
shall be action of the condition. The sake and
collection of the condition and the sake an then returned to the combat. "At length the wessel sprang upon the snake and the street of the stree
