Pertinent Question About Road Building.

The following taken from the Norwalk Experiment uses of the most common sense articles on the pitts road disastion that has come within our observation for a long time, and at it voices the southments of the poorple of southern Huron county on the pitts road question today we reproduce it for the bearful of our readers, at it deals that has at love a sense at lot the county commissioners for proper adjustment:

Editor Norwalk Experiment:

In your issue of June 14, 1905, it as a raticle stating that the county commissioners of Huron county have less contrasted pything with stone certain roads in the county, from which it in intered that the shele county commissioners of Huron county that less than the stating that the county commissioners of Huron county that less contrasted pything with stone certain roads in the county from which it is inferred that the shele county commissioners of Huron county that less contrasts for plining with stone certain roads in the county, from which it is inferred that the shele county commissioners have been considered to the county with the south early of the county commissioners have just let contrasted for the county commissioners have just let contrasted for the county commissioners have been considered to the county why the proper in the county of the county commissioners have just let contrast for proper again construction, the same as the people of the south and of the county which the county for the proper is not the county of the county of the county commissioners have just let contrast for proper and the county for the proper is not proper to the county commissioners have just let contrast for the county for the proper in Norwall that the shele county is not the county for the proper in Norwall that the shele county is not the property in Norwall and property in Norwall that the shele county is not the county of the count

mber of property of the proper 170) more pascerri, under it, nor more pascerri, under it, nor any one saw german is clearly unlawful, and the ancient laws prohibiting it have not become extinct by nonenforcement. Like many other enactments, they are eleeping.—Philadelphia Dedger.

are sleeping.—Philadelphia Dedger.

William Edgar Gell, who has traveled much in China, thinks that the great peculiarity of the Chinaman is that he lives in a fictitious carvironment. To him the world is one of unrealities. He worships demons. Bearmons sums of money are paid by the Chinese to locate the deril Coal mines are not worked because it is held to be wicked to disturbed the demon who lives in the bowels of the earth. "Shall we drive share into his back?" the Chinaman agks. One misfortune is the common according to the lant are devoted to the growth of the poppy. On the steamboats, on the canals, in the great business houses, everywhere, men lie down and smoke opium. It is a national mavia, everywhere acknowledged to be bad."

be bad."

Siesps in a Cradie at Seventy.
Shere is a man of seventy in Paria napad Wallace Superneau, who still sleps in the cradie he was rocked in when a baby, and he has never alept one night of his long life in any other bed. The youngest of a family of boys, Wallace retained his place in the cradie as he grew older. He soon became too tall to lie in it full length, but he overcame that difficulty by drawing his knees upward. Each night to this day he rests his feet squarely on the bottom of the cradie, sways his knees to and for and rocks hismelf to sleep as he did when a small boy. The habit was formed in babyhaod and never be ken.
