Ohio's new automobile license law passed by the last general assembly to go into full effect Jan. 1, was declared unconstitutional for a second time Saturday by Judge E. B. Kincaid of the Franklin county common pleas court. Suit to test the law has been brought by C. C. James, Columbus, president of the Ohio Auto association. It was defeated by the attorney general's department.

The law prohibiting the opening of postoffices and the delivery of mail on Sunday has added largely to the cost of the postal service and materially lessens its efficiency, according to the annual report of Daniel C. Roper, first assistant postmaster general. Roper says it would be in the interest of the service, and the employees to amend the law so as to authorize Sunday work. He also would grant compensatory time off to employees assigned to Sunday duty.

During the month of April, May and June, 2,535 persons were killed and 49,911 were injured in railroad accidents in the United States, according to the latest bulletin of the Interstate Commerce Commission. The death toll for the same period last year was 2,000 persons, and the total number of injuries was 40,000. The railroads were due to defective roadway and equipment and over 15 per cent to broken rails. A battle in which 2,600 persons were killed would horrify the world.

Employees of the Baltimore and Ohio railroad at Newark, Ohio, are circulating a petition to the Interstate Commerce Commission asking that the application of the eastern railroads for an increase in freight rates be granted. The petition is being circulated among the shippers, merchants, jobbers, buyers, public officials, professional men and others, showing a willingness to sign it. Several names have been affixed to the document. The petition is being circulated on the initiative of the railroad men themselves and has the endorsement of all classes of employees.

## Worms the Cause of Your Child's Pains.

## Male Stenographers and Typewriters in Demand.

The United States Civil Service Commission announces that while it has no difficulty in securing sufficient female stenographers and typewriters to meet the needs of the department at Washington, the demand of male eligibles has not been equal to the demand. Young men who are at least 18 years of age and who are willing to accept the minimum entrance salaries, which are \$840 and \$900 a year, have excellent opportunities for appointment. While the entrance salaries are low, advancement is reasonably rapid to those meriting it. The examinations, which any competent stenographer should be able to pass, are held each month in the year, except December, at the principal cities of the United States. Full information in regard to the examination may be secured by addressing the United States Civil Service Commission, Washington, D. C., or the District Secretary, Post Office, Boston, Mass., Philadelphia, Pa., Atlanta, Ga., Cincinnati, Ohio, Chicago, Ill., St. Paul, Minn., Seattle, Wash., San Francisco, Cal., St. Louis, Mo., New York, N. Y., New Orleans, La., or Old Customhouse, St. Louis, Mo.

## Wonderful Cough Remedy.

Dr. King's New Discovery is known everywhere as the remedy which will surely stop a cough or cold. D. P. Lawson of Edinboro, Penn., writes: "Dr. King's New Discovery is the most wonderful cough, cold and throat and lung medicine I ever used in my life. It can't be beat. I have tried without any trouble at all. It needs no guarantee." This is true, because Dr. King's New Discovery will relieve the most obstinate of coughs and colds. Lung troubles quickly helped by its use. You should keep a bottle in the house at all times. It is sold at all drug stores. Price 50c and \$1.00. All Druggists or by mail: F. E. Burkle & Co., Philadelphia or St. Louis.

## SECOND INSTALLMENT

### Of the Report of the Educational Congress at Columbus.

A large part of the time of the Congress we said last week was occupied with addresses naming and explaining the recommendation of the State School Survey.

To aid discussion these recommendations were placed in printed form in the hands of delegates. They covered a few chief general topics, such as, School Supervision, Certification of Teachers, and Teacher Training.

Under School Supervision, recommendations were made as to the administration of the State Superintendent of Public Instruction, which provided for a deputy superintendent and a bureau of efficiency, whose duties were named. Also, that a county board of education be elected in each county whose duties in part should be, to appoint a county superintendent; to change district lines; to compare conditions of schools and transportation; to divide the county into supervision districts according to number of teachers employed; to organize a social center work in all rural districts, and encourage the wider use of the school plant; to publish a minimum course of study.

The duties of the county and district superintendents were given in detail with the cost of supervision. Those desiring the total matters presented should write to the state school commissioner for a copy of the suggestions of the School Survey.

As to the certification of teachers there was a purpose to reduce the varieties of certificates from 58 to 32. It was suggested that the system of certifying teachers could be less cumbersome, and more effective as to actual ability to teach. To this end it was thought the examination should be of two parts, viz: a written one to test professional knowledge, and an actual test of the candidate's teaching ability.

The Survey discovered a serious and all too general deficiency in knowledge of methods and ability in teaching. Professional training was greatly insisted upon.

In order that all children in Ohio may receive instruction from teachers with at least a fair minimum of academic training it was recommended that "the standard of academic training required of candidates for teachers' certificates be progressively increased over a term of years until by 1920 at least two years of high school training be required for all elementary certificates in all kinds of districts, and four years high school training for all county high school certificates."

Suggestions for the professional training of teachers now in service were made that would recognize the efficient normal schools of the state, and very greatly enhance the ability of teachers.

Care of the school plant received considerable attention. State superintendents and other supervising officers were authorized to prosecute directly members of boards of education who allow their schools to become un sanitary, or in any way dangerous to the morals, physical health, or safety of children. Minimum requirements as to the school plant and its care were advised. Plans for new schools must be approved. The shortest school period must be 32 full weeks of each year.

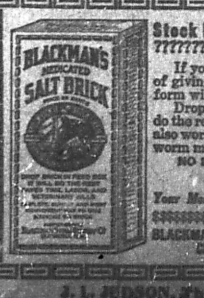

The centralization of township schools received much attention, the general impression being very strong that this was the only effective method to secure the best education for the children of rural sections. The desire seemed to prevail to give the country boy and girl an advantage educationally as any town or city afforded.

While these and other important matters were discussed, attention toward future legislation, and while the convention closed somewhat unsatisfactorily as to its action, yet the whole may be regarded as promising in the near future improved conditions throughout all the townships and counties of our state for the best possible school opportunities for the youth of our homes, and making them as good as the best in the whole country.

### Your Wife's Work

It is just as trying and important to your own and perhaps more tedious—but is her strength as great? Women who are nervous and fretful and easily fatigued promptly gain strength and mental energy by taking Scott's Emulsion after meals because it is essentially nourishment—not a drug that stupefies or alcohol that stimulates—there is pure, rich medical nourishment in every drop which nature appropriates to enrich the blood and uphold the latent forces of the body. Probably nothing is more popular with physicians for just such conditions than Scott's Emulsion. Avoid substitutes called "wines," "extracts" or "active principles"—they are not cod liver oil. Inside cover the genuine Scott's Emulsion. AT ANY DRUG STORE 13-14

1914 is now three days old. Why not hold an egg show? What is a happy New Year? Colds are now quite the fashion. Just drop the 3 and write it 1914. Now for the January clearance sales. Religious revivals should now be in order. Artica will hold a poultry show this coming week.

New Year's day was a peach for a starter. Butterick Patterns at Judson's Drug Store. Remember the L. L. Wynn sale to-day (Saturday). The days are growing longer—but have you noticed it? Quo Vadis, in picture films, will be the offering at Wonderland Monday evening.

We wish you all the good things throughout the year. Buy the Buckeye incubator and brooder of Sol Spear, agent. Medicated Salt and Medicated Salt Brick at Judson's Drug Store—fine for all kinds of stock. Itching, bleeding, protruding or blind piles have yielded to Doan's Ointment. 50c at all stores.

For Sale—100 acre celery, onion and produce farm. Write to Lock Box 5, Kent, Ohio. The young people have been indulging in some fine skating on the river for the past week. This is the year of useful gifts and what could be more useful or more acceptable than a sack of Snowflake Flour?

Ice dealers will now begin to turn their attention to filling their homes for the coming season's supply. It is rumored that the North Western will soon abandon its mixed trains and put on regular passenger runs. R. C. Price, the optometrist, will be at his father's place of business Monday, January 19, to examine eyes.

For Sale—About 50 cords of stove wood. Enquire of James Willitt, R. D. 2, Plymouth, or at McClintock's hardware store. All the students hme for the holiday vacation, are now beginning to return to their respective places to resume their studies.

Children grow sturdy eating bread made with Sun Flour. It contains the very elements that build flesh, bone and muscle. Monday morning the school bell will again summon the pupils to the school building, which marks the opening of the winter term. Doan's Regulax are recommended by many who say they operate easily, without griping and without bad after effects. 25c at all drug stores.

Make your arrangements so you can attend one or more sessions of the farmers' institute to be held in Plymouth January 23 and 24. If the weather conditions are any way favorable the Boy Scouts will take up their winter hikes Sunday morning, the route to be determined later.

Let us all pull for Plymouth in 1914. The town has wonderful possibilities and by a little push and pull it can be shined a long way ahead. Are you willing to do your share? Dyspepsia is America's curse. To restore digestion, normal weight, good health and purify the blood, use Burdock Blood Bitters. Sold at all drug stores. Price \$1.00.

January sale of Sheet Music at Judson's Drug Store—two sheets of music at the price of one sheet plus one cent. Come early and have the choicest of two sheets being the bargain unit.

Doan's Regulax are recommended by many who say they operate easily, without griping and without bad after effects. 25c at all drug stores. A special convocation of Plymouth Chapter No. 118 R. A. M. will be held on Friday evening, January 9th, for installation of officers.

F. D. Parsel, a former Plymouth boy, and who has been a resident of Sandusky for several years, has purchased an automobile garage in Bucyrus, of which he took possession a couple of weeks ago, and he and his family are now residents of Crawford county's metropolis.

Among the Richland county court notes for the past week appears the following: In re estate of the guardianship of Mary O. Selover, an imbecile, Charles F. Harding, guardian, statement and bond filed and jury issued. Huron county will have twenty-nine tax assessors in the future instead of thirty-one as under the old plan. This was the decision of the state tax commission and the appointment of the number of assessors is based on the population of the county.

The installation of officers of Paris Lodge No. 749 I. O. O. F. will take place Tuesday evening next, and it is urgently requested that a good attendance will be given. Business of importance as regards to the improvement of lodge room will come before the lodge at this time.

Cupid failed to keep up the usual record for Christmas day marriages. Only fifteen licenses were issued at the Richland county probate office to cover the marriages which were solemnized on the holidays. The custom of being married on Christmas day seems to be waning.

The farmers institute scheduled for Plymouth January 23 and 24 will no doubt be largely attended by the country people, and that Plymouth is thus to be honored by this gathering of behoving as citizens to see that they are given a warm welcome and do everything possible to make the sessions ones of much profit.

The villages of Marblehead and Gypsum have been placed under strict quarantine as the result of an epidemic of diphtheria. At Lakeside there are also several cases. All public celebrations for the holidays were called off in the three towns and Marblehead children are being kept off the streets. The schools have closed.

Some one is going to get a valentine in Huron county Feb. 14. Not the usual lace paper ones, either, but a real sized postoffice. Word has been received that an examination under the civil service department will be held in Norwalk Feb. 14, 1914, to fill the position of postmaster at the following named fourth class postoffices in Huron county: North Fairfield, Collinsville, Havana, West Clarksville, Boughtonville. Other examinations throughout the state will also be held on the same date.

A Deputy Auditor Vail of Huron county has just completed and forwarded to the state auditor the abstract of the duplicate for the 1913 tax which is being prepared in the county auditor's office.

F. S. Gilmore, an aged and highly respected resident of Shiloh, and father of our townsman, Ora A. Gilmore, died Friday morning of last week at nine o'clock at his residence in that village, after an illness of two months. He was born near Shiloh and was aged about 75 years. He had lived in the vicinity of Shiloh and was well known in the county.

We understand the Root-Heath Co. have just closed a deal for 500 tons of steel rails, not to hold a railroad, but through a process they have been investigating of late, will be melted with cast iron for making Semi-steel castings, which will make their castings as strong as malleable, at much less cost. The J. D. Fute Co. for some time has been using this method of casting Semi-steel for cast gears, which has proved to be as strong as soft steel. Both industries started up last Monday with plenty of business on hand to keep them going for a long time, and it looks as though the depression in business had not hit Plymouth's industries.

Claude E. Fackler vs. Kies Fern Link. Equitable relief from payment of further alimony. Plaintiff and defendant were married at Chicago Junction, April 16, 1910, and have no children. On March 22, 1913, defendant filed suit for absolute divorce with the understanding that she would not ask for alimony, after being restored to her maiden name of Kies Fern Tyson. She asked for and was decreed \$300 alimony. He had paid \$120 when defendant married Jos. Link on October 15, 1913. Fackler claims Link is able to support defendant and prays that he be relieved from paying his ex-wife any further alimony.—Chicago, Jct. Times.

This community was deeply grieved and shocked Wednesday morning by word received from Chicago announcing the death of Miss Sarah Billestein, daughter of our venerable townsman, Moses Billestein, which occurred at the home of her sister, Mrs. E. J. Straszynski, in the city, at an early hour on the above morning, to which place she had gone early in October to take treatment for cancer of the stomach. Deceased was a lady of much intelligence, and was well known throughout this section, having with the exception of our entire population, met all the aged and bereaved father, brother and sisters. The remains were brought here Thursday and the funeral service were held from the home corner North and Porter streets, this (Friday) morning at 10 o'clock.

W. C. T. U. The regular meeting of the W. C. T. U. will be held at the home of the present president, Mrs. G. H. Crafts, Wednesday, Jan. 7th.

K. F. WEBBER, DRUGGIST, Makes a Statement.

We always advise people who have stomach or bowel trouble to see a doctor. But to those who do not wish to do this we will say: try the mixture of simple buckwheat bark, castor oil, etc., known as Adolux. This simple new remedy is so powerful that JUST ONE DOSE usually relieves raw stomach, gas on the march and constipation.

Elect New Superintendent. E. P. Vandevre, a grocer of Chicago Junction, was elected superintendent of the county infirmary, Tuesday afternoon, by the county commissioners.

Mr. Vandevre was chosen to succeed U. E. Starr, who tendered his resignation several weeks ago. Mr. Starr's resignation is to take effect Tuesday, Jan. 6. The commissioners wish Mr. Starr to remain until Mr. Vandevre and his wife, who will be matron of the institution, can get acquainted with their work, which he will probably do.—Reflector.

Be A Progressive. "A single snowflake falling upon the broad landscape ultimately melts and leaves no visible trace of its abortive effort, but when joined to millions of others, the earth is soon covered with a white mantle," says the Farm Journal. "A single brook, winding its way through the valley, weak and impotent, but joined with others, it forms a great stream whose flood speeds the wheels of industry. A single man in a community can do little by himself, but by joining men of kindred aims the union can do much for the moral, mental and physical betterment of the community."

Neighbors cease to grow when the people cease to labor in union and work at cross purposes. Therefore it is essential for the community's advancement that all pull together. There should be no room in any neighborhood for pullbacks." Extension progress people if you wish to see a prosperous community, money spent with a shilliner is like wasting fertilizer on a bed of rocks instead of sowing it over soil that will enrich the world with more luxuriant production. The money that is paid to enterprising people to improve houses, make better tools, invents, relieves the needs, and is always on the move. Level times, progress and prosperity are thus assured.

NEW PICTURE OF THE UNITED STATES SUPREME COURT

Housework is a Burden

This new photograph is the only picture ever made of our highest court as it is now constituted, the last picture having been made before the death of Justice Harlan and the appointment of Justice Brandeis...

Justice Brandeis

Justice Holmes

The daily care of keeping house and bringing up a family are hard enough for a healthy woman. The tired, weak mother who struggles bravely to fight with a lame obliging back is carrying a heavy burden.

"Oh! What a pain."

Don's Kidney Pills—Nothing to be done by any other means. The following case is typical of the countless thousands of cases which are cured by this medicine.

ST. LOUIS HIT BY FIRE

SIX HURT IN FLAMES THAT SWEEP BUSINESS DISTRICT. Members of Engine Companies Caught Under Falling Walls—Flint, Mich., Has \$150,000 Contingency.

St. Louis, Mo., Dec. 23.—Fire of mysterious origin ruined a five-story building in the heart of the business section here Friday, causing a loss of about \$250,000.

One hundred and fifty guests at the El Regis hotel were wakened in their night clothes by flames which leaped across the alley and threatened to lick into the hotel windows.

NINE PERISH IN GALE

TERRIFIC STORM SWEEPS NEW JERSEY COAST AND EASTERN CITIES. MEN SWEEPED FROM VESSELS.

Stranded Ships Are Engulfed by High Waves and Crews Die With Rescuers Near—Damage to Shore Property Reported Heavy.

Searight, N. J., Dec. 23.—Nine men perished in a terrific gale that swept along the New Jersey coast on Friday at the rate of 90 miles an hour and hurled the sea upon the land like a tidal wave.

DEMANDS MORE FACTS

U. S. RAIL BODY ASKS ROADS TO GIVE PROPERTY VALUES. Commission Seeks Data Following Request That Roads Increase Their Freight Rates.

Washington, Dec. 23.—A series of questions was addressed by the interstate commerce commission to the railroads of eastern classification territory in relation to petition of the roads for an advance of five per cent in their freight rates.

The inquiries are designed to develop such facts concerning the physical and financial operations of the roads as heretofore have not been submitted to the commission.

REFUSED TO GET EXCITED

Old Man Jones Philosophically Reasoned That Norah Had Right to Go Out as She Chose.

The topic switched to taking a philosophical view of things and Congressmen of New York and North Carolina told of the beautiful encounter with which one Jones met a rather trying situation.

ADMONITION HAD NOT SUNK

Small Girl Calmly Put Aside the Child Administered by Her Paternal Relative.

Here is a "old" story which Dr. Oakley Smith, president of the Chicago College of Naturopathy, enjoys telling his friends.

Not Quite

"Is he what you might call a police captain at large?" "No, he's only out on bail."

Dickering

"Ordered your winter coat yet, old man?" "Ordered it? I'm not in a position to order it. But I'm making overtures for it."

400,000 Settlers a Year

Immigration figures show that the population of Canada increased during 1913, by the addition of 400,000 new settlers from the United States and Europe.
