INDIGESTION OVERCOME
Overcome by Simple Remedy.
Hurry and careless habits of eating, irregular meals and foods that do not harmonize, tend to weaken the digestive organs and result in indigestion, flatulence, constipation, etc. It is you are one of the unfortunate who have drifted into this condition, get simple foods, only, slowly, regularly, and take Vinols, our delicious cod liver and iron tonic.

Mrs. E. J. Smith, Thomaston, Ga., says: "I suffered from a stomach trouble, was tired, worn out and nervous. A friend advised me to take Vinols. My stomach trouble soon disappeared and now I eat heartily and have a perfect digestion and I wish every third, weak woman could have Vinols. For I better spend my money in my life that did me so much good."
The recovery of Mrs. Smith was due to the combined action of the medicinal properties of the cod liver oil and the blood-making and strength-giving properties of Vinols. We will return the purchase money every time Vinols fails to succeed.

Popcorn Found That is About a Century Old.

Pioneer days in Huron county were recalled vividly Friday and Saturday when an old log house on the Paul Benches farm about three miles east of Norwalk, was torn down, the house being the last of the original log houses in that section.
The list of curious things discovered by the men doing the work is no short one but the most highly prized relic discovered was an ear of popcorn in a good state of preservation. The men found it in a hole in the wall at the farm house later and when kernels were thrown upon a hot stove they popped in a manner that would make one believe the corn was from last year's crop.
But the corn is about one hundred years old. The men who discovered the ear positively affirm that far as can be traced back the house was a century old and the place in which the ear of corn was found proved positively to the workmen that the ear was put into a log in the structure when the dwelling was built.
The story of the discovery runs thus: After the workmen had removed the old roof they began taking off the rafters one by one. As one of the men walked along the top of one of the rafters he found a hole bored into the top of log and under the plate that had been used to wedge up the roof. The hole had been bored with an instrument and was bright when the wedge was removed. In the hole was a piece of cloth and this aroused the curiosity of the workmen. They dug and with it came an ear of white popcorn. On the bottom of the ear of corn was another rag and the two pieces of cloth around the ear had been sufficient to entirely close up the hole.

The workmen examined the corn and the place where it was found and all united in the statement that the ear could not have been placed in the log at any time after the house had been built, which date is about a century ago.

M. Ritzenthaler is preserving the corn and will plant some to see if it will grow.
The old house was one of the landmarks in early days in Norwalk township.—Norwalk Journal.

The Spirit of Arbor Day.
Should not the Arbor Day spirit reach much further than the setting out of a few trees and shrubs? Did it not also a profitable set aside as a clean-up day for the country villages, churches and school houses? There are signs of every kind in beautiful trees, in fences, in stables, and other small buildings which have been placed there without permission of the owner and with no thought as to expenditure that might be involved. Buildings of all kinds, ash piles, exposed manure, dead branches of trees, and much other unwholesome trash, that has accumulated during the winter can be cleaned up. It is such things as these that mar the beauty already created by trees. Although Arbor Day is fast becoming a holiday, the real work and preparation of birds, fish and gardens should be greatly increased. The work should be done before the first of April. A list of plants to be planted in the state will be no more," said Dr. J. H. Dickerson.

Obituary.
William J. Bevier was born in Birmingham, Broxon county, N. Y., December 7, 1820, and departed this life March 28, 1914, aged 93 years, 3 months and 21 days.
He was the third of fourteen children, twelve of whom grew to manhood and womanhood.
In 1855, he with his father's family, Corbin Bevier, when he spent the remainder of his long and useful life.

At the death of his father, deceased, took the responsibilities of the family upon his shoulders, and tried to fill his father's place.
When yet a young man he united with the Congregational church in Plymouth, and retained a faithful christian to the close of life.
He leaves to mourn his loss one brother, James Bevier, and one sister, Corbin Bevier, besides a large number of relatives and friends.
He lived a long and useful life, and has left this life to enjoy an eternity of happiness.
His funeral was held Monday afternoon at his home, conducted by Rev. R. H. Balmer, interment being made in Pioneer cemetery.

SANDUSKY HOME
Now Hospital For Veterans.
Without legislative enactment changing the name, the Ohio Soldiers and Sailors Home within the short space of five years has become the Ohio Soldiers and Sailors Hospital, says the Sandusky Register.
Over half of the 1,300 old veterans are sick, many of them "on a death list." There are nearly 700 patients in the home hospital and 350 old soldiers die every month make sick calls at that branch of the home.
Hospital authorities say that there are perhaps 200 veterans who would be better off if they were in the hospital. "Veterans hate to give up their freedom and admit to the great battle of life has gone against them physically," said Dr. J. T. Haynes of the hospital, in explanation of the situation.
An inspection of the home and statistics furnished by Adjutant B. F. Alkison of the institution, gave remarkable changes which have taken place.
"It used to be our home, but it is now our hospital where all we can do is to lay down and die," said a feeble veteran with tears in his eyes.
The old fellows are dying at the rate of 100 a year. Within a few years all the veterans will be buried in the Soldiers and Sailors Home, as generously designated by the state. Will be no more," said Adjutant Alkison.

Wants Mortgage Satisfied.
Matilda Mittenbuhler has filed in probate court an intervening petition asking that the assignee of A. J. Mittenbuhler be directed to sell goods, chattels and property, convert the same into money and that the lien she has on the property be transferred to the money arising from the sale. J. E. Lark is her attorney. The petitioner says she became surety on a note of \$450 for A. J. Mittenbuhler, that he paid \$100 on the note, leaving \$350. She says the chattel mortgage was duly filed.

News from Scout Headquarters.
One Patrol of Plymouth Troop, No. 1, Boy Scouts of America, took the first hike of the season to Huron Valley Park on Sunday last. While there they employed themselves with signal practice in the Semaphore system, making excellent headway. Joe Bevier's work, in particular, was worthy of a veteran. On the way home they employed themselves with a tracking game. The second class test of a mile in twelve minutes at Scout pace was successfully passed by Halton Cross, Lee Nixon, Royal Trauger, Charles Jones, Joe Bevier, and Leo Stevens. These boys also led out practice several first aid tests. The Troop will hike again next Sunday, and at that time will give opportunity to all members to meet the second class tests and to prepare for the Decoration Day Parade. Every member of the Troop should make a special effort to be present.

BILL REPEALING FREE TOLLS FREE TO SO-OK'D

Measure Goes Through Lower
Branch of Congress by
Vote of 247 to 161.

MOST EXCITING DAY IN HOUSE

Practically All Other Business in the
Capitol Is Suspended as Nearly
Everybody Goes to House to
Witness Closing Scene
of the Drama.

Washington, D. C.—The president's bill repealing free tolls for American coastwise ships in the Panama canal was passed in the House of Representatives Tuesday night by a vote of 247 to 161—a majority of 86 for the president.

For reaching this result the House had passed through one of the most exciting days in its history. Practically all other business in the Capitol was suspended. The senate, meanwhile, to obtain a quorum because of the number of its members who had gone to the house to witness the closing scenes of the drama, had adjourned.

As early as 1:30 in the morning the corridors of the house were crowded with 1,500 people waiting for the doors to be opened. At 11:30 a.m. for nearly three hours they waited on the outside. And then on the inside they sat until 3:30, nearly 11 hours, with food and water on hand, waiting to hear one man speak—Champ Clark of Missouri. Speaker Clark's eloquence was in vain, however.

On the final vote 52 Democrats voted for free tolls. They were: Speaker Clark, Allen (N. C.), Brockton (Del.), Broadhurst (La.), Doremus (Pa.), Bruckner (N. Y.), Carew (N. Y.), Coney (N. Y.), Deale (N. Y.), Dietrich (Mass.), Duffenderfer (Pa.), Donohue (Pa.), Dowling (N. Y.), Doremus (Miss.), Driecoll (N. Y.), Dupree (La.), Estoppel (La.), Finley (S. C.), Fitzgerald (N. Y.), Gorman (Ill.), Gooden (N. Y.), Goldfogge (N. Y.), Graham (Ill.), Griffin (N. Y.), Harrison (Miss.), Hayden (Ariz.), Helm (Ky.), Igoe (Mo.), Jones (Va.), Kettner (Cal.), Kitchin (N. C.), McKim (Va.), Leonard (Cal.), McAndrews (Ill.), McDermott (Ill.), Mahan (Cal.), Maher (N. Y.), Metz (N. Y.), Mitchell (Mass.), Morgan (Ohio), Murray (Mass.), Murren (Ohio), O'Rourke (N. Y.), O'Shaughnessy (Pa.), Patton (N. C.), Pheasant (S. C.), Rapagade (S. C.), Baker (Cal.), Taggart (Neb.), Taylor (Cal.), Underhill (Cal.).

The 27 Republicans voting against free tolls were: Anderson (Minn.), Barthold (Mo.), Brown (Va.), Danforth (N. Y.), DeLoach (N. C.), Gooch (La.), Good (La.), Gardner (Mass.), Gillet (Mass.), Green (La.), Hamilton (Mich.), Hangen (Ga.), Helmesen (N. Y.), McKenzie (Ill.), McLaughlin (Mo.), Madden (Ill.), Stenerson (Minn.), Stevens (Minn.), Vestalind (Minn.), Lindbergh (Minn.), Miller (Minn.), Frouss (La.), Thomson (Cal.), Caldwell, Britten (Ill.), Copley (Ill.), Stafford (Va.).

Seven Pairs in Final Vote.
With the exception of one Democratic member named above all other Democratic members present voted for the president's bill to repeal free tolls.

All the Republicans with the exception of those named voted in favor of free tolls for American ships.
On final final roll call there were 408 members present and seven free tolls. These pairs were for and against free tolls—Helly (Cal.) with Gowdin (N. Y.), Merritt (N. Y.) with Kent (Cal.), Clark (Pa.) with Moon (Tenn.), Tomner (La.) with Gray (Ind.), Fordney (Mich.) with Kirby (Ind.), McLaughlin (Mo.) with Wilt (Neb.).

The free tolls bill will now go to the senate, which is said to be almost evenly divided on the subject. There can be no certain rule in the senate, and it will therefore require probably five or six weeks for final action.

CHAMP CLARK IN SPEECH DOES NOT ATTACK WILSON

SPEAKER OF HOUSE DISCLAIMS
ANY PERSONAL ISSUE WITH
NATION'S EXECUTIVE.

Washington, D. C.—Speaker Clark, closing debate against the repeal of free Panama canal tolls dismantled those who expected him to attack President Wilson. He disclaimed any personal issue with the president, who declared he believed Wilson was actuated by the highest patriotic motives, and that there was no breach in the Democratic party.

He argued at length against the president's contention and declared that "the amazing request of the president"

Mail Clerk Arrested.
Harrisburg, Pa.—William R. Baum, aged thirty, a mail clerk in the Harrisburg postoffice, was arrested Tuesday charged with having stolen \$20,000 from the mails.

It is alleged that the packages, each containing \$3,000 in currency, were taken from the mails on July 5, 1912. The money was being sent from St. Paul, Minn., to New York.

Postal inspectors who have been at work on the case learned that Baum was dealing in real estate and had money in the bank.

OHIO MINERS MAY GO ON STRIKE

AS THE OLD WAGE SCALE EXPIRES STRIKE BECOMES
A POSSIBILITY.

50,000 WOULD WALK OUT

Operators Put Blame on Mine-Rail Law Enacted by the Last Legislature
(By Deney Donavan.)

Columbus, O.—As the result of a peaceful proposition arranged by the policy committee of the miners' organization, the possibility of a general strike of bituminous coal miners; owing to the inability of the conference of miners and operators at Chillicothe to reach an agreement on the new wage scale, has been averted in all states except Ohio. The 50,000 miners in Ohio, however, may walk out next Monday if the proposed wage agreement expires. There are 600 mines in Ohio and the annual payroll is \$28,000,000. Operators say the mine-rail law, enacted by the last legislature, makes it impossible to continue work.

"The war was unusual, as a result of a peaceful proposition arranged by the policy committee of the miners' organization, the possibility of a general strike of bituminous coal miners; owing to the inability of the conference of miners and operators at Chillicothe to reach an agreement on the new wage scale, has been averted in all states except Ohio. Operators say the mine-rail law, enacted by the last legislature, makes it impossible to continue work.

"Under the years 1902 to 1908 'underlying' companies that are licensed and operated by other corporations were not subject to the Willis law tax of one-tenth of one per cent of their capital stock. This is the decision of the Ohio supreme court in the case of the Ohio vs. the Cleveland & Pittsburgh Railroad Co., one of the lines leased and operated by the Pennsylvania railroad. The judgment came on the motion of the attorney general for an order directing the Cuyahoga county court of appeals to certify its record. The action of the supreme court will be followed by checking off from the state's treasury many charges against underlying companies. All proceedings against them have the result in abeyance, waiting the decision of the court in this case.

"Autoists Prefer Green Lights.
At their annual convention in Columbus last Saturday autoists who are members of the Ohio State Automobile association will ask the general assembly for enactment of a measure to substitute green lights for red ones. The principal reason is that railroads and interurbans use red lights, and where highways and railway tracks are parallel, great confusion has resulted. The proposal that all vehicles be compelled to carry lights after nightfall is again to be brought up. It is likely that President Charles C. Jones will be re-elected. Nine directors are to be chosen.

"Went Part of Insurance Wage and Safety Director A. H. Henschel, of Cleveland, urged upon Gov. Cox the reenactment of an old law, repealed ten years ago, that gave to cities maintaining fire department funds, a percentage of the fees paid to the state by foreign insurance companies. They asserted that under the old law the division of insurance was making an accumulation of a surplus in the pension fund. Recently these funds have been running low.

O. N. G. Examinations.
Adj. Gen. George H. Wood announced that a special examination for original commissions and promotions in the Ohio National Guard will be held April 9 at Columbus. It is probable that most of the newly-elected officers of the reorganized First regiment will be called in for the tests.

Kiefer Given Verdict.
For his services in assisting in the settlement of the estate of Lewis Selts, former Columbus showman, J. Warren Kiefer, of Springfield, formerly speaker of the state house of representatives, was given a verdict of \$3,224 against Rhoda Selts by a jury in the common pleas court here.

Given a Year's Reprieve.
Gov. Cox granted a year's reprieve to Leslie Humphreys, under sentence to be electrocuted for the murder of a friend and his partner, who was a convict and had his earnings at convict labor will be paid if his wife for her support and that of her two children.

County's Premium Elig.
Cuyahoga county will pay a premium of \$71,839.37 to the state for protection for its employees under the workmen's compensation act. The total amount is more than double the amount paid by the state for its employees.

Mutual Companies Example.
The state public utility commission announced it will not participate in any friendly suit to determine whether mutual telephone companies are under the public utility commission Commercial telephone companies had urged the commission to take this action. Mutual companies are under the public utility commission law because their earnings are not for profit. The claim had been made by representatives of other companies that they would have a larger amount into the state treasury.

TRIPLET'S PASS THREE SCORE MARK.

Brookville, O.—Triplets who have passed the three-score mark in life held a reunion in Brookville last night. The triplets are J. H. Bryant, Charles Bryant, and Mrs. E. H. Showalter, of Dayton. They met at the home of Mr. Bryant. The three were born in Frank, Conn., about a week in Dayton and Brookville for a number of years, where they are well known. The reunion afforded much pleasure to friends and relatives in Brookville and Dayton.

Columbus, O.—Scenes bordering on riot were witnessed at a local Presbyterian church during a meeting held under the auspices of the Board of Home Missions of the Southern States of the Church of the Latter Day Saints, interrupted and questioned former Senator Frank J. Cannon, who had been addressing an audience which filled the church.

Bonds for Light Plant.
Lebanon, O.—Encouraged by the very pleasing success that Lebanon has had with his municipal light plant, the village of Lebanon is now planning to hold an election on the 20th of April for the purpose of issuing bonds for the construction of a plant of 15000 incandescent lamps. It is going to build an up-to-date light plant of their own. The proposed bond issue is receiving much support from the residents of the village and there seems to be little doubt of its passing.

Strikers Hurl Bricks.
Strike at Portmouth is Getting Beyond Control of Authorities.
Portsmouth, O.—Bricks and other missiles flew thick and fast and clubs and fists were used freely when a party of nonunion shoe workers were being broken up by the police at the most recent strike. Peaceful tactics apparently have been cast aside, and Portsmouth is a scene of what future may bring forth. It is said that the police are beyond control of the city authorities. One man was knocked unconscious with a brick and three others were badly beaten during the battle. The scene of the attack was near the Selby shoe factory, where the men were employed. A squad of police officers was sent in to clear the streets of the riotous mob from more serious injury at the hands of an infuriated mob. There were no arrests, the leaders making good their escape when the police arrived.

Will Reduce Cost of Living.
Cincinnati, O.—As the result of the address of James R. Marker, state highway commissioner, at a dinner conference of the members of the Chamber of Commerce of the city organizations of Cincinnati probably will name a committee shortly to designate which of the proposed main market areas will be selected to be constructed first. In concluding his address, Mr. Marker said: "Hamilton county may feel that it is paying more into the road fund than it will get back again, but this is not true. With the improvements of the roads the farmers' will come into the city counties as they will come and they will bring more produce. As the result of this, the cost of living will be reduced."

Made Vow During Flood.
Tiffin, O.—In fulfillment of a vow made one year ago, Miss Regina Motry returned to Tiffin, where she contracted Mersey hospital to begin her novitiate as a Sister of Mercy. During the 1913 flood Miss Motry and six sisters were marooned in a large building which was the crumbling walls and from which there appeared to be no escape. It was then that she made a vow to consecrate her life to religion if she could be rescued. A few minutes before the building collapsed she and her companions were rescued in a car manipulated on a telephone cable for a distance of more than 1,000 feet.

ASQUITH IN CHIEF

CABINET HEAD ASSUMES OFFICE AFTER SEELY REFUSED TO WITHDRAW RESIGNATION.

RESIGNED FROM PARLIAMENT

English Statesmen, in Accordance With Law, Stand for Re-election—Officers Ably Decline to Retain Rank in Army.

London, April 1.—Following all the many solutions of the government crisis which had been proposed and discussed Premier Asquith announced a decision to the house of commons on Monday which none of the prophets had expected or even suggested.

The young minister himself will assume the burden of the war office, in addition to his other and almost crushing duties. He will resign from the house at this crisis of state, when the second reading of the home rule bill is to be taken up, and will appeal to his constituents in East Fife, Scotland, within a few days for re-election.

Field Marshal Sir John French, chief of the Imperial general staff, and Gen. Sir John Ewart, adjutant general, declined to withdraw their resignations. In spite of the army order, which Vicecount Haldane cleverly framed as a platform on which the general might stand with confidence in the future.

It thus became impossible for Col. J. E. B. Seely, who is co-signer with them of the assurance to Brigadier General Gough that the general staff will not be used to suppress the Ulster opposition to home rule, to retain the secretaryship for war. His resignation, therefore, was inevitable, and had been for some days under fire from the newspapers of his own party, which insisted that he must go.

Asquith Morley, the Liberal lord president of the council, who was partner with Colonel Seely in drafting the offending paragraphs of the document, stands in a plot to restrict his withdrawal from office is expected.

The only practical loss to the party meantime will be the withdrawal of Mr. Asquith's votes from the debates. "Oh, I'll be handy if I'm wanted," Mr. Asquith remarked to Andrew Bonar Law, the opposition leader, who thought that the Liberal vote should not be proceeded with in the absence of the premier.

Mr. Asquith apparently consulted no one except the king before his bold decision. His colleagues in the cabinet seemed to be as surprised as the other members of the house when he revealed his plans. Asquith, however, is already first lord of the treasury.

The political seas gather that Mr. Asquith is in fighting mood. They are now saying rumors that he had shown the effects in his physical appearance of the heavy strain of his long labor in office and would gladly give the government a respite. But it looks at the present moment as though he had taken a new lease of life and proposes to make the reorganization of the army a fighting matter.

"The whole army system may have to be recast," Colonel Seely remarked significantly. Both houses debated the situation at great length, but the debate slurred down into mere assertions, on the one side, of a plot to seize the army, and on the other side, of a plot to restrict the Ulster covenanters with denials and counterdenials and heated personal titles.

HILL, U. S. EXPERT, DEAD

Man Who Organized the Editorial Branch of Duponts Expires at Franklin, Va.

Washington, April 1.—George W. Hill, for many years a prominent official of the agricultural department, died on Monday after a protracted illness at Franklin, Va. When the secretary of agriculture first became a member of the cabinet Mr. Hill organized the editorial branch and developed the plan of widespread circulation of agricultural literature to farmers, agricultural journals and the press generally. His knowledge of departmental affairs led Mr. Roosevelt, when civil service commissioner, to urge Mr. Hill's selection for that board. Mr. Hill was born in England, educated at Paris and Montreal and formerly was on the editorial staff of the Montreal Herald. His son, George Griswold Hill, is Washington correspondent of the New York Tribune.

Martell and four other "boozers" were having a booze party in the shanty when it caught fire and the four who escaped were too intoxicated to rescue their more helpless comrade. A glamour of romance enshrouds the death of James Martell. He did not have to beg food and work from one end of the country to the other, as his parents are living and they own one of the largest dry goods stores in Marion, Ohio. For fifteen years Martell had not been at his own home and it is doubtful if his relatives knew where he was until news of his death came. Martell was infected with the war fever early in life and for years he has wandered the roads, known as "Jack Ryan" among the itinerant bands with which he cast his lot.

"I was under a great strain nursing a relative through three months' sickness," writes Mrs. J. C. Van De Sande, of Kirkland, Ill., and "Electric Bitters helped me breaking down. I will never be without it. Do you feel tired and worn out? No appetite and food won't digest? It isn't the spring weather. You need Electric Bitters. Start a month's treatment today; nothing better for stomach, liver and kidneys. The great spring tonic. Relief or money back. Get one and try it on your druggist."

Something Wrong

By F. A. MITCHEL

"The country's going to the demagogic lowdown!"

"What's the matter now, old man?" "Why, this income tax is an outrage. They allow a married man a \$4,000 exemption and a single man only \$3,000. We poor bachelors are doomed to live alone. We have no home, no wife, no children. Our expenses are necessarily higher than those of a married man..."

"If you prefer the married man's place, why don't you take a wife?" "By Jove, I believe I'd do it! Just to get about the income tax!" This dialogue took place between Dick Ryerson and Arnold Thurston, bachelors in the Calumet club one morning after the first publication of the terms of the income tax.

HEARD IN PLYMOUTH.

How Bad Backs Have Been Made Strong—Kidney Pills Corrected.

All over Plymouth you hear it. Doan's Kidney Pills are keeping up good work. Plymouth people are talking about it, telling of bad backs made strong again. You can believe the testimony of your own townspeople. They tell it for the benefit of you who are suffering. If your back aches, if you feel lame and miserable, if the kidneys act too frequently, or passages are painful, scanty and of foul color, use Doan's Kidney Pills. The remedy that has helped so many of your friends and neighbors. Follow this Plymouth citizen's advice and give Doan's a chance to do the same for you.

W. H. Esters, Prop., machine shop, Bell St., Plymouth, Ohio, says: "I have used Doan's Kidney Pills for years for backache and other kidney troubles. I have always had benefit. Others of my family have had good results from Doan's Kidney Pills. You may continue to publish the endorsement I have given Doan's Kidney Pills before."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

No Cure For Cancer Yet. In his annual report Dr. E. F. Bashford, general superintendent of research in the laboratories of the Imperial cancer research fund, told the members of the society that during the past year there had been twelve claims on the discovery of a cure for cancer. All of these had been investigated and no justification for any one of these claims had been obtained.

FOR THE GRIP. Peruna is Sometimes Used With Good Results. A great many people use Peruna with the grip. Some use it as soon as the grip begins, and during the acute stage of the disease, and especially in shortening the disease, and in shortening the after stages.

Mrs. Jane Gift, the after stages, says: "Many people take it after they have had the grip. Their convalescence is slow. They are suffering along for a month or two, without any signs of complete recovery. Then they resort to Peruna as a tonic, with splendid results."

Mrs. Jane Gift, R. F. D. 1, Athens, Ohio, whose portrait appears above, writes: "I think I would have been dead long ago if it had not been for Peruna. Six years ago I had a grippe very bad. The doctor said to see me every day, but I gradually grew worse. I told my husband I thought I would surely die if I did not get relief soon."

"One day I picked up the newspaper and accidentally found a testimonial of a woman who had been cured. My husband and I went directly to the drug store and got a bottle of Peruna. I could see the improvement in a very short time and was soon able to do my work. Continued using it until I was entirely cured."

Dr. Victor Fatnagade, 215 Madison St., Topeka, Kas., writes: "Twelve years ago I had a severe attack of the grippe and I never really recovered my health and strength, but grew weaker every year, until I was unable to work."

"Two years ago I began using Peruna and it built up my strength so that in a couple of months I was able to go to work again. This winter I had another attack of the grippe, but Peruna soon gave it out of my system. My wife and I consider it a household remedy."

Peruna is a liquid medicine. It is a simple, liquid medicine. It is a simple, liquid medicine. It is a simple, liquid medicine.

What you want in paint is one that flows freely from the brush, that spreads evenly, but has enough body to stay spread.

You can shut your eyes and tell from the feel of the brush, as you paint, that

Hanna's Green Seal Paint

is full-bodied, smooth, elastic and tenacious. You can feel it cling to the wood, and in after years you can see it cling.

There is no secret about making good, durable paint. The formula is on every can of the Green Seal Paint.
