Chautauqua Notes.

Of special interest to all the people
of our community will be the ap-
pearance here of Bishop Robert Mc-
Intyre, one of the greatest orators
America has produced. Delight was
expressed on all sides when an-
nouncement was made that he would
appear. Young people who hear him
will boast of the fact to their chil-
dren and even to their grandchil-
dren, if they should have any.

On Women's Day three prominent
speakers will appear: Mrs. Robert
M. LaFollette, Miss Lucy J. Price
and Mrs. Elizabeth Glendower Evans.
Great interest is manifested in this
day, and the large daily newspapers
of the central west have published
pages about the appearance of these
three gifted speakers on Coit-Alber
Chautauqua. They will indulge in a
joint debate in the afternoon on
the subject of Woman Suffrage; all
three speak every day. Splendid
music will also be furnished by the
Chautauqua Festival Artists.

The local Chautauqua committee
is making arrangements to park not
less than 500 automobiles on the oc-
casion of Senator LaFollette's lec-
ture, which indicates the size of the
crowd that is expected on the
grounds that day.

Have you written your friends to
come to Plymouth for Chautauqua
week? A special post card should
be sent to all of them and informa-
tion concerning the Chautauqua pro-
gram sent to all friends who are like-
ly to come here during that week.
See that all of your friends get these
cards.

New York City Marion Band will
attract big crowds from the sur-
rounding territory. It is the great-
est musical attraction of the kind
ever brought here.

Already many town people have
made arrangements to have friends
visit them over Chautauqua week.
Citizens generally should cooperate
in making that week a Home Coming
week for all former residents.

No flat circus seats, uncomfortable
and poorly arranged, will com-
front visitors to the Chautauqua,
but comfortable folding chairs,
bought new for the purpose, with a
well arranged platform, good light-
ing, and every facility for the enjoy-

ment of the entertainments. The
tent will be open at the sides, with a
slide wall setting back twenty feet,
giving a fine circulation of air.

Obituary.

Albert Taylor Knight was born in
New Haven township, Huron county,
Aug. 16, 1850, but the most of his
life was spent in Ripley township.
On April 23, 1878, he married Miss
Sarah Bodley of Delphi. Of this
union three children were born, a
daughter who died in infancy, Mrs.
J. C. Williams of Cleveland, and
Harry Knight, who is at home. The
deceased is also survived by one
brother, Edwin A. Knight of Bouch-
tonville, O., and by one sister, Mrs.
W. G. Scroggie of Norwalk, O. He
was the youngest son and one of a
family of ten children of Albert Taylor
and Sarah Cordelia Knight.

He was for many years a member
of the M. E. church at Delphi, hav-
ing been converted under the minis-
try of Rev. J. H. Johnson, in 1888.
He remained a faithful member of
his church and was greatly interest-
ed in its welfare and that of his fel-
lowmen until his death. He was a lo-
ving husband and father, and one
whose first thought was of home and
its surroundings.

Funeral services were held from
his late residence near Boughonville,
Thursday, at 10:30 a. m., being con-
ducted by the Rev. H. P. Richards
of Bellevue, assisted by Rev. Tomp-
kins, of North Fairfield. Interment
being made in Greenlawn cemetery
at Plymouth.

CARD OF THANKS.

We wish to express our heartfelt
thanks to our friends and neighbors
for the many deeds of kindness and
loving words of sympathy in our late
bereavement. We also wish to ex-
press our thanks for the beautiful
floral offerings and to the singers
who rendered such sweet music at
the service.

**Explains Pension For Ohio Moth-
ers.**

Eight big questions that have arisen
in efforts to apply the mothers'

pension law are answered in an opin-
ion from Attorney General T. S. Ho-
gan made public a few days ago, says
the Cleveland Plain Dealer. The
questions were submitted by Probate
Judge Charles Erichbaum of Stark
county, but they have arisen in other
counties.

The questions are answered in this
manner:
The word "poor," as used in the
act, does not mean that a mother,
seeking a pension, must be a pauper.
A mother owning entirely or in part
a home, but with no income, would
not be compelled to sell her home,
the purpose of the law being to
maintain the home. The woman, to
get a pension, must be without in-
come to maintain herself and chil-
dren.

A mother living with her parents,
who supports her and her children,
is not within the law in asking for a
pension, since the situation would
not require her to be away from her
children and home.

If a husband has deserted a moth-
er and children for more than three
years she is eligible for a pension,
even though she has obtained a di-
vorce.

If a mother is divorced by a hus-
band for her aggressions and three
years have elapsed it would not be
considered desertion within the
meaning of the law and she would
not be eligible for pension. The un-
married mother does not come with-
in the law.

A foster mother is not entitled to a
pension, nor is a grandmother who
has custody of grandchildren.

A mother and children who have
resided for two years in one county
in the state are eligible to apply for
pension in any county where they
live.

This decision is considered of great
importance as the mothers' pension
law has not clear at that point and
there are no court decisions to settle
it.

OHIO'S ANNUAL G. A. R. CAMPFIRE

SOCIALISM BITTERLY DENOUNCED BY CINCINNATI PREACHER DURING MEETING.

PARADE UNDER BLAZING SUN

Heroes of the Civil War End Forty-Eighth Annual Encampment at East Liverpool.

Western Newspaper Union News Service. East Liverpool, O.—While the mercury stood just at one degree below the hundred mark old heroes of the civil war, members of the Grand Army of the Republic, Department of Ohio, along with their allied military organizations, paraded the streets of the city here in the big pageant which featured the closing of the 48th state camp of the G. A. R. There were eight heat prostrations. Five of these were veterans. One fell while marching. The encampment came to a close with a reception tendered by the city.

Mrs. Minnie Stone, daughter of a prominent Washington real estate man, it was announced not long ago, was to be married to Arthur Foraker, of Cincinnati, son of the former senator from Ohio. No definite time was set for the wedding, but society folk understood it would be in the early fall. One morning recently their friends were up to find Miss Stone and Mr. Foraker had been married in Baltimore the previous evening.

FIGHT OF THE TEACHERS

The Names of Eighteen Union Instructors Are Omitted.

Cleveland, O.—The fight of teachers of the public schools against the board of education which started when the teachers attempted to form a labor union to get their salaries increased, has been renewed when Superintendent J. H. M. Frederic submitted a list of teachers for appointment for the coming year with the names of 18 instructors long prominent in the schools missing from the list. Of the 18 teachers dropped 13 are members of the Grade Teachers club, seven were on the organization executive committee and two companions, John Deason and Gates Dawes, the latter a son of former Congressman Dawes, nearly lost their lives trying to save him.

MINERS OBJECT TO AID

Disatisfied With Small Benefits Which Have Been Received.

Nelsonville, O.—The unsettled mining conditions are causing dissatisfaction among the miners here. Discontent is spreading among them regarding the small amount of relief furnished. The miners claim they have been paying into the treasury of the United Mine Workers heavy monthly assessments for years, and this is the first time they have received financial aid from the organization. The miners have been idle almost three months they have received benefits amounting to \$6 per man. It was rumored that the miners working near the Sandusky valley will refuse to pay any more assessments for the general fund, but will insist that the money be held in this district for their own use.

ALL RECORDS WERE BROKEN

Keat, O.—Records for an educational institution starting its second year were broken when President McGilvery and his assistants personally received and enrolled 1,200 students during the second summer term of the Keat State Normal school.

EIGHT MILLIONS TO BE INVESTED

Canton, O.—Capitalists of this city, headed by H. M. Geiger, formed an \$8,000,000 corporation for the purpose of building a power plant at Mansfield. The concern to be known as the Central Steel Co., and factories will be built in connection with the Mansfield rolling mill now owned by Geiger. The rolling mill has been coming out for several years for a site on the river between Gallipolis and Painesburg is appraised on account of the water rights. The site has been

THE DISTRICTS REPRESENTED

NEW SUBCOMMITTEE DISCUSSES WAGE SCALE FOR THE OHIO MINERS.

THE PROPOSAL OF OPERATORS

Is Again Rejected—Conciliatory Spirit Said to Be in Evidence—Will Try to Reconcile Settlement.

(By Drancy Donovan.)

Columbus, O.—The mine scale question has been placed in the hands of a subcommittee of representatives of the five Ohio coal districts which have decided to continue negotiations with the Miner's Union. For the miners there are the subcommittee National Secretary William Green and three state officials, President John Moore, Secretary George W. Savage and Vice President Lee Hall. For the operators John S. Jones, representing the Crooksville district, Edwin Jones, representing Jackson; E. A. Cole, for Hocking; Fred Ebersbach, for Pomroy; and Paul Proger, for Bergholz. W. L. Timmons is secretary. The miners' officials say they are pledged to the previous proposal of 49.64 cents a ton for mine-run, machine coal, but intimated they will be able to recommend another rate to a state delegate convention if the miners' representatives and operators will agree. They made no new suggestions. They rejected the operators' proposal of 43 cents a ton. Much time has been spent in discussing the proposal. It is said that a conciliatory spirit was in evidence. Although it was reported that 43 cents may be the basis, there was nothing to bring confirmation of this report.

Conventions Will Be Held.

Three political state conventions which will be held between the 11th day of August and the 26th day of the same month, will be asked to come to Columbus. The time and place for these conventions will be determined by the successful candidates and the members of the state central committee. While one of these conventions will be anything like the old-fashioned political state gatherings, where buttermilk flowed freely and dogies were handed out to the rural delegates, they are expected to bring good crowds. Under the new primary law a state convention made up of the successful candidates and the members of the state central committee, must be held within 15 days from the date of the primaries. Outsiders may attend, and the event may be made into a state rally by one or possibly all of the three political parties.

Children Wards of Ohio.

Children, wards of the state, hereafter will not be sent out of Ohio in order to find homes for them. V. Williams, head of the new child welfare department of the Board of State Charities, has announced. The decision was made following the refusal of a family living near Maggie, Va., to return to the Ohio Board of Charities a twenty-one-year-old girl who has had for the last five years without sending her to school at any time. Originally she was sent from Meigs county, Ohio.

Will Wage Fight.

The fight of Jackson county residents to prevent the Hocking Valley Railway Co. from abandoning the traction line from Jackson to Hamden was started before the Utilities Commission. Because there are few miners operating in the county, the traction line has fallen off, and the Hocking Valley now plans to cease operation as a trolley and equip the line with all steam power, and operating 11 trains per day on the trolley, and plans three each way in the steam schedule.

One Vote To Spare.

With one vote to spare, council passed the \$10,000 bond ordinance for Franklin park improvements. The money will be added for a total of \$15,500 now in the hands of the park commission and will be used for the construction of a combination shelter house and recreation center and the completion of extensive landscape plans.

Candy, Cake and Cheating Cops.

For candy and cheating cops, Lemond, Ohio, is the place. That is part of the Fourth of July bill of the 21,000 roads of the state at Ohio conducted in the 13 institutions. The bill requires 1,000 gallons, but Purchasing Agent Lyons, who looks after all the buying for all these institutions, says about 200 gallons of candy were produced by the state while 500 gallons will be purchased. At several of these institutions, the state had

Claim Is Denied.

Denying the claims of City Solicitor Walter Schoelen, that it was falling to supply adequate transportation facilities for the section of the city it serves, the Interurban Railway and Terminal Co. of Cincinnati, filed its reply with the city council. The case will be heard on June 30. The reply points out that the Interurban Railway and Terminal Co. of Cincinnati, filed its reply with the city council. The case will be heard on June 30. Want Headquarters.

Plans are being laid by Columbus branches of the Independent Order of Odd Fellows to try to bring headquarters of the Sovereign Grand Lodge to Columbus. It is now located in Baltimore and at the last meeting of the Sovereign Grand Lodge resolution was adopted to sell the property of the order there and move the headquarters to the middle west. If Columbus gets them it will agree to the erection of a \$100,000 building to house the officers of the order. This matter has been taken up with the chamber of commerce and several sites on East Broad street have been under consideration. The Columbus lodges are endeavoring to have the chamber donate the building and the order agrees to come to Columbus and put up the building.

New York City—After an interrupted service which had its origin seven years before the beginning of the Civil war, the United States Express Co. at midnight June 30 took down its shingle as a common carrier.

Short-Weight Sacks.

A campaign against southern manufacturers of cottonseed meal who ship their goods to Ohio in sacks of short weight was started by the state agricultural commission. The commission requested the attorney general to take legal action against a manufacturer who shipped two carloads of cottonseed meal feeder to a Massillon customer. The sacks are stamped "100 pounds."

"Big Sister" Movement.

The way of the first-year co-ed will be smooth next year. The junior and senior classes at Ohio State university will see that no stumbling blocks are placed in her way. This service will be a part of the "Big Sister" movement of the university. The purpose of this movement is to make the freshman girls feel more at home and to help them get acquainted early in the year.

Demurrer Sustained.

By sustaining a demurrer filed by the new board of civil service commissioners of Dayton to the petition of the old board of commissioners, the supreme court upheld the new charter commission, which recently superseded the old form of government in Dayton.

New York City—After an interrupted service which had its origin seven years before the beginning of the Civil war, the United States Express Co. at midnight June 30 took down its shingle as a common carrier.

The American Express has taken over the contracts with the Jersey Central, Philadelphia & Reading and Rock Island, including the Adams with their subsidiaries. Contracts with the Delaware, Lackawanna & Western and the Pere Marquette, together with their subsidiaries, have been taken over by the Adams Express Co. About 90 per cent of the 15,000 employees of the company have secured positions with the other express companies and the remainder will continue with the United States company pending its liquidation.

MELLEN FACES CHARGES

FORMER HEAD OF NEW HAVEN ROAD AND OTHERS ARE INDICTED BY GRAND JURY.

Boston, Mass.—Former President Mellen of the New Haven is charged with conspiracy, with being an accessory before the fact to larceny and a gun fight with postoffice robbers by the Middlesex county grand jury.

Frederick S. Moseley, note broker of Boston, is indicted on charges of larceny, conspiracy to steal and conspiracy. Ralph D. Gillett of Westfield is indicted for conspiracy to steal and for larceny. The indictment returned by the Middlesex county grand jury is for the larceny of \$100,000 from the New Haven.

Repairs Old War Bill.

Washington, D. C.—Will an unusual incident, the house unanimously passed a bill to repeal the portion of the revised statutes which prohibits the payment of accounts, claims or other obligations against the United States in favor of anyone who encouraged or sustained or in any way favored the "Yankees."

Platte Fougere Lighthouse Only Unattended One Built.

Possesses a Powerful Fog Signal and Marked Entrance to Russell Channel Leading to Guernsey Capital of St. Peter's Port.

London.—What is declared to be the only unattended lighthouse built on a washed rock, owing to its powerful fog signal, is the recently-completed Platte Fougere Lighthouse, marking the entrance to the Russell channel leading to the Guernsey capital of St. Peter's Port, a spot which figures in Victor Hugo's great romance, "The Toilers of the Sea." This lighthouse is built on a washed rock, which rises on a wave-washed rock, is of irregular octagonal shape, measuring 14 1/2 feet and 17 feet across the faces and 30 feet in height. The head of the rock on which it stands is visible only at low tide, while it is difficult to approach even in the smoothest weather owing to the tides and currents. Much of the foundation work had to be carried out under water. The tower is solid for a height of 46 feet above the rock, and the base is formed of Portland cement placed in iron molds with iron bars driven into the solid rock to anchor the concrete firmly. On the side of the building is exposed to the heaviest sea massive beams of rolled steel are driven into the rock so as to impart additional strength to the part of the tower where the greatest strains are likely to be set up.

On the entrance level is a compartment containing an electric motor and light-compressor, while on the floor immediately above is a duplicate installation. The siren projects through the top of the tower the trumpet being so turned as to throw the sound in a horizontal direction over the water. On the top of the tower is a small automatic acetylene gas plant which the building is exposed to the which are the invention of the engineer-in-chief, Mr. E. O. Catford, are controlled from the shore station one at a time by means of a submarine cable made specially for the work. It is 11 inches in diameter and weighs 45 tons to the nautical mile.

The foghorn has been heard 39 miles away on the French coast, while

Unattended Lighthouse Off Guernsey.

The light is brought into effect by sunset and automatically extinguished at dawn. The tower and its installation cost \$25,500. An ordinary stone structure would have demanded five or six times this amount and would have been far more expensive to maintain. Thus Guernsey's unattended lighthouse has solved a vexed problem.

Four-Year-Old Milk Cow.

Dover, N. H.—Milk cows regularly sold by a leopard owner, has brought fame to Master George Beard of Dover. A year ago the father, at the urgent request of the boy, permitted him to try his hand at milking one of the cows on the farm. Placing his stool he sat down to his first milking stunt with the air of a veteran and in a short time obtained three quart milk. After that he milked the cow regularly every night and has gradually acquired the strength to do a complete job.

Leopard Tears Trainer.

St. Louis—Emil Schwyer, an animal trainer in a circus, was attacked and torn by a leopard when he was trying to get it to walk a routine gait in a steel cage. The leopard tore the flesh from the trainer's left arm and leg. The trainer, then tried to make the leopard do the trick, when the animal leaped on him, bearing him to the floor. Cited attacks have been made on animal before Hilton was hurt seriously.

Abraham Lincoln never said, "Hello Central," never dodged an automobile, never held a strap in a trolley car, never pushed a button for a light, never heard a phonograph and never posed for a motion picture, and yet Abraham Lincoln died only fifty years ago.

The little old gray slate, on which you used to do your sums at school, is coming back into use in our educational institutions, after having been sidetracked for years by the paper tablet. The number of school slates sold last year, the geological survey reports, was 6,174,526.

June of 1914 was not so good for marriage licenses as June, 1913 in Richland county. Last year 64 marriage licenses were issued. This year only 53 were issued. The falling off is explained by the May rush, as an unusually large number of licenses were granted during May.

Organized liberals of the state have opened a campaign for submission to the Ohio voters at the November election an initiated amendment to the constitution prohibiting state-wide prohibition and abolishing local option and wiping from the statute books all county option laws.

On July 1st Ohio got \$10,000 from the federal government for agricultural extension. Next year Ohio will receive \$40,000. Each year the amount will increase. At the end of seven years the state will get \$120,000. The money will be used largely in counties which establish county experiment farms.

The total valuation of Natural Gas companies in the state as fixed by the state tax commission for the purpose of taxation for 1914, is \$14,567,730, according to an announcement made by the commission. Last year the valuation of natural gas companies for the same purpose was \$108,200,570 or \$9,069,109 less than this year's valuation.

The State Industrial Commission Monday granted an award to M. E. The award of the commission was granted under the provisions of the Ohio Workmen's Compensation Law.

Huron county is for suffrage, it seems. In the initiative petition being prepared for a vote this fall, it was necessary to have about 1,200 names from Huron county. The good news was published last week, that more than 1,500 names had been secured in this county and that the advocates of a referendum for women found men anxious as well as willing to sign.

There are no perfect newspapers as yet, just as there are no perfect people; newspapers are made by imperfect men and therefore they must necessarily be imperfect. They make mistakes, as all men make mistakes and their mistakes are visible to the whole world. Every newspaper man gets full credit for all the mistakes which he makes, but seldom gets full credit for that which he does that is good and right and commendable.

A student comes forward with the information that the little bugs which are so abundant in such large numbers about the ear lights and other places where there is a bright light are known as leaf hoppers. It is something like the grasshopper, and this name is given them because of their similarity. It is estimated that there are a million to the acre, and that they eat as much grass as a cow does. The bugs are due to remain during the entire summer.

Ohio stepped into the van of progressive land title legislation Wednesday when the Torrens system of title registration, now in operation only in Illinois and two or three Eastern states went into effect. This system of title insurance, which had its origin in Australia, will effect a simplification of transfers of real estate and afford protection to property holders. Registration began July 1, 1914. Any owner of land who has his title registered and a certificate of title issued by the state which will make his title absolutely incontestable and which certificate will show every lien or incumbrance against the property, if any.

Beginning Monday, July 6th, the Universal Carnival and Festival will show for one solid week. This Carnival is one of the cleanest on the road in the state. High class shows, amusements and concessions are carried. It is the highest aim of the management to give the best there is in the carnival line, to merit the patronage of the public.
 Herman King, 67, a farmer living in Sandusky county, near Helena, was found guilty of killing horses by a jury at Sandusky Tuesday afternoon. According to the prosecutors, King, who was connected with a concern manufacturing fertilizer near Fremont, caused the death of twenty-seven horses by piercing their lungs with a long steel needle, later buying the carcasses for from 50 cents to \$1 each.
 The Wells Fargo Express Company, which recently took over the United States Express Co., went into effect on the 20th of July system at mid night Tuesday. Plymouth in this respect is much better off than many other towns, as it leaves many with only one express company, while Plymouth has two, the Wells Fargo and the American, the latter being operated over the Northern Ohio. The S. N. & M. will continue to handle the Wells Fargo express.

Another Georgia town has voted in favor of saloons, and here is the reason given by a citizen: "If we are going to stand for our women folks wearing shadow skirts and silk skirts and transparent skirts, and our younger women learning to dance the boll weevil wiggles, the Texas Tommy tango, the bunny bug, the bear dance, the half center, the buzzard flop, and the puppy huddle, and so on down the line, then the men folks might just as well have their saloons and the whole push go to hell together." — Pineville (Ga.) Herald.
 Mrs. Christina Champion died at her home southwest of this place in Plymouth township Sunday morning. The cause of her death was the infirmities of age. She has been in ill health for the past several weeks, and death came very peacefully and quietly. Mrs. Champion was well known in this community, and she will be greatly missed in the vicinity where she resided. Funeral services were held Monday at 10 o'clock, a. m. from her late residence, interment taking place at Oaklan cemetery, Shelby. She was in the 71st year of her age. She is survived by two sons and one daughter.

Taxes.
 I am prepared to receive taxes for Plymouth Village and Township. Taxes are due June 20th.

 The Sabbath morning services will be held as usual by the Pastor.
 The congregation will unite with the union services in the English Lutheran church in the evening.
 The Epworth League services are postponed through the hot mid-summer weeks.
 The Thursday evening prayer meeting will be held on Saturday evening from 7 to 8 p. m. during July.
 The Epworth League held a banquet at the home of Miss Ruth Lamoreaux, Thursday evening, and enjoyed a good time.
 Perhaps and Perhaps Not.
 Whether the drainage canals in the New Haven swamp, in Huron county, will damage Seneca county property or whether the greater part of the water will drain into the Huron river, are questions which have arisen since the visit to the marsh last week, by the county commissioners. The commissioners do not feel alarmed at present conditions and at least part of the board believe the water will drain into the Huron river and not effect Honey creek to any marked extent. — Atlas Club.

Moxie, the cool and refreshing drink, to be had at Seabots.
 The Peoples National Bank will be closed all day Saturday, July 4.
 Plymouth will celebrate the Fourth with soda crackers. Any way it will be sane.
 Closing out Ladies' \$2.50, \$3.00 and \$3.50 Oxfords at \$1.00, at M. Rogers.

The members of the Alpha class picnic at Chicago Junction Tuesday afternoon.
 The postoffice will close at 10:50 Saturday and remain closed for the balance of the day.
 Dr. R. C. Price will be at his father's place of business Monday, July 6, to examine eyes.
 The frame work for J. L. Price's new residence is up and in a few days more will be enclosed.
 Calvin Starbird, a former treasurer of Huron county, died at his home in Norwalk last week Thursday.

A postal card from Prof. C. M. Carrick, former superintendent of Plymouth public schools, says to change his address from Port Clinton to New York City.
 The state inspector of child labor was in Plymouth the first of the week, and as a result many kids who are under the age limit, employed in various places about town, are now without jobs.
 Other towns herabouts will celebrate the Fourth, but Plymouth will content herself by holding a carnival the coming week, to be followed by the Chautauqua at the end of the month, so only will be a rest for a month for Plymouth and the surrounding territory.

James Quinn, brakeman on the Northern Ohio railway, and who has run out of this place, met with an accident at New London about 4 o'clock Wednesday afternoon, which will undoubtedly result in his death. While the news to most local freight was doing some work at the above place he was knocked down by the train and seventeen cars passed over him, cutting off both legs and one arm, as well as receiving a number of body bruises. He was rushed to a Cleveland hospital, and for lack of further information we are unable to state how the unfortunate young man is coming along. Later—The unfortunate young man passed away Thursday.

Slain's Liniment gives instant relief from neuralgia or sciatica. It goes straight to the painful part—soothes the nerves and stops the pain. It is also good for rheumatism, sore throat, chest pains and sprains. You don't need to rub, it penetrates. Mr. T. R. Swinger, Louisville, Ky., writes: "I suffered with quite a severe neuralgic headache for four months without any relief. I used Sloan's Liniment for two or three nights and I have never suffered with my head since." Get a bottle today. Keep in the house all the time for pains and all hurts. 5c, 10c, 25c, 50c, at your druggist. Bucklen's Arnica Salve for all Sores.

Lost—Somewhere on the streets Thursday an antique containing two lace collars. Finder will report a favor by leaving same at this office.
 A Twilight Concert will be given at the Delphi M. E. church Wednesday evening, July 8th, at 7:30 o'clock at standard time. Admission 15c and 20 cents.
 A heavy rain storm, accompanied by a slight fall of hail, prevailed in this section Saturday. The rain was greatly needed and the hail did no damage to speak of.

The Mayor's office and city jail have been undergoing some interior repairs since the first of the week. The lower part of the side walls have been wainscoted, while the upper part of the walls and ceiling have been re-plastered and grained. The work is more cheerful appearance and is more inviting to the "tourists."
 Irving Carpenter, prosecuting attorney for Huron county, was rushed to Cleveland Saturday afternoon at 4:30 o'clock for an operation for appendicitis; it was performed at 9 o'clock that evening in St. Luke's hospital. Word from the hospital is to the effect that the operation was a complete success and the patient is doing nicely.

The man who keeps the weeds from growing in his garden, who keeps the grass on his lawn, and who keeps his premises generally in good condition, may find the work exacting at times, but he gets lots of satisfaction out of it. He knows it is good for his health, for his self-respect and the appearance of his home town.
 The new light erected on the square Saturday certainly has some glimmers about it, but it is not yet clear why not add about fifteen or twenty more, or at least one to each pole about the square, and we will have one of the best lighted towns to be found anywhere. We certainly need them and it is to be hoped the board will erect more and thus let the light shine.

At the union meeting to be held at the Lutheran church Sunday evening, the Hon. C. E. McBride of Mansfield, will give his great lecture, "Proofs of the Resurrection." This is a fine lecture, given in the logical and eloquent manner for which Mr. McBride is noted. This will be the only service held in Plymouth this evening Sunday evening, and all will have a cordial welcome.
 With the completion of laying the brick in the central portion of the Sandusky street improvement Thursday this section of Plymouth's street improvement work for the season has been brought to a close. The street, which has been closed to traffic since early spring, will be opened by cutting the asphalt of the cores coming into town from the north. It is certainly one of the finest pavements to be found anywhere in the state.

Clad Sourwine, employed as a constable on the Big Four all day, and son of Mr. and Mrs. Chas. Sourwine of this city, met with an accident at Carey Tuesday afternoon. While engaged in the amputation of a foot and hand. Details of the accident are not obtainable at this time but it is presumed he was caught in the machinery of a saw. Immediately upon receipt of word of the accident Mr. and Mrs. Sourwine were hastily driven in Mr. Deacon's motor car to the hospital where they boarded a train for Lima, and a phone message late at night said the young man was resting easy. A further report as could be expected.

Mrs. E. T. Heller of New Haven, and well known to those who died at the home of her daughter, Mrs. H. C. Skinner in Chicago Junction at 10:30 o'clock Monday morning, aged 69 years, 11 months and 2 days. Funeral services were held Wednesday afternoon at New Haven. Interment being made in the village cemetery.
 Mrs. Mary J. LaDow, widow of the late Amasa LaDow, died at the home of her daughter, Mrs. Grant Howe, 56 Raymond avenue, Shelby, Wednesday afternoon, July 1. The cause of her death is infirmities of age, she having been critically ill for the past week. Funeral was held Friday afternoon, interment being made in Greenwald cemetery.

Mr. A. C. Matthews, who will be remembered as Grace Donaldson's son of Ripley, and a sister of Miss Clara Donaldson, a former teacher in Plymouth public schools, died at her home in Napa, Calif., Wednesday night, June 24. Her remains are to be brought to Ripley for interment in the Edward's Grove cemetery, and to be accompanied by her husband, Dr. A. C. Matthews.
 To show his interest in Plymouth, E. Emery, has a complete Sion's library which he has offered to donate to the city to form a nucleus to a library. He has only prepared the library, but has carefully cared for it and that others will make donations of books or money to bring the library up to the standard of the city and the city has an opportunity now to start a library we trust our citizens will seize the work.

Notice.
 I have secured the help of L. H. May of Cleveland, a first class barber work. Mr. May is a first class workman, having had twenty-five years experience in city barber work. We invite you to call and we will give you clean, quick, up-to-date service. I have arranged my Chop-sword office, having private entrance in rear of the McKinley flat, so my patients will not have to go through the barber shop. Any one having foot trouble, and wishing any services, will have more time to look after them.
 U. B. FLAHERTY, Proprietor.

Every once in a while some despised fellow who has been supposed to be utterly bad shows a surprising streak of goodness. The case of the renegade English sparrow is proving a very effective enemy of the seventeen year locust.
 A big, home-grown, corn-fed girl will not be able to tango as gracefully as her slender, hot-house sister, but she is there with bells on when it comes to doing the Kitchen Scrob and the Dust Rag Dip and the Broom-dance and the Cook Stove Center.

NOTICE OF SALE OF BONDS.

The Township Trustees of Plymouth Township, Richland County, Ohio, invite sealed proposals at the office of said trustees in the Village of Plymouth, Richland County, Ohio, until 12 o'clock noon of July 14, 1914, for the purchase with annual interest at the delivery of 31 bonds to be known as "Road Improvement Bonds" of the denomination of Five Hundred Dollars (\$500) each in the aggregate sum of \$15,500.

Said bonds are issued in pursuance of an act of the General Assembly of the State of Ohio, entitled "An act to authorize the improvement of the roads of Townships and streets of Cities or Villages therein and to repeal Sections 1 to 25 inclusive, of an act passed April 18th, 1903, Ohio Laws Vol. 94, page 284; passed April 22, 1904," and of sections 6976 to 7015, inclusive, of the General Code of Ohio, and in pursuance of the resolution of the Trustees as passed by them on the 3rd day of June, 1914.

Said bonds are to bear interest at the rate of 5 per cent per annum, interest payable semi-annually on the 1st day of September, and the 1st day of March of each year for which interest coupons will be attached.

Said bonds will be dated the 1st day of March, 1914, and be due and payable as follows:

- 1st bond of \$500 due and payable March 1st, 1919.
- 2nd bond of \$500 due and payable March 1st, 1921.
- 3rd bond of \$500 due and payable March 1st, 1922.
- 4th bond of \$500 due and payable March 1st, 1923.
- 5th bond of \$500 due and payable March 1st, 1924.
- 6th bond of \$500 due and payable March 1st, 1925.
- 7th bond of \$500 due and payable March 1st, 1926.
- 8th bond of \$500 due and payable March 1st, 1927.

Bidders will be required to state in writing and in figures the gross amount they will pay for the bonds as well as the date of delivery. All bids must be unconditional and no bid will be accepted for less than par and accrued interest at date of maturity.

Bidders will be required to deposit with each bid bond or certified check on some local bank at Plymouth, Ohio, in the sum of \$200 as a guarantee of good faith that the bid-so made if successful, will be fulfilled in accordance with the terms thereof and requirements of the law and resolution and orders of said Township Trustees. When awards are made all checks, drafts or money so deposited will be returned to bidders, except that of successful bidder, which will be held as part payment of bonds so sold. Should such successful bidder refuse or neglect to pay for bonds so sold or in any other way violate his contract, then such deposit shall be forfeited to said township as liquidated damages for repudiation of such bid. The successful bidder will be required at his own expense to furnish the necessary blank bonds subject to the approval of the Trustees.

The Trustees reserve the right to reject any and all bids and to accept any proposal within ten (10) days after opening the bids.

All proposals shall be addressed to the Township Clerk and endorsed "Bids for Purchase of Road Improvement Bonds."

ALBERT KRATZ, Mayor, Township Clerk, Richland Co., Ohio.

SCORES NOTABLE HIT IN "THE NEST EGG"

Mrs. Day to Present Charming Comedy at Chautauqua.

An entertainer of extended experience and exceptional ability will be seen at the local Chautauqua when Mrs. Oranne Truitt, the talented wife of Elias Day, the well known character artist and musical and dramatic coach, appears in a reading of "The Nest Egg," in which production she scored one of the notable hits of the recent Lyceum season.

Mrs. Day's special talents for her characterization, coupled with her

edge of stage technique and education along the lines of dramatic vocation give ample assurance that she not only knows her worth, but is able to invest it with power and feeling.

"The Nest Egg" is a charming comedy, and in the hands of Mrs. Day it fairly vibrates with good humor. Charming in manner—a rare woman as well as a rare artist—Mrs. Day has the happy faculty of warming the hearts of her hearers and making life sweeter and better by her platform work.

MORROW BROTHERS DELIGHT AUDIENCES

Local Music Lovers Assured of Treat at Chautauqua.

It is not often that four brothers are found with voices of sufficient range to enable them to do effective quart singing. There have been a few conspicuous exceptions to the general rule, and in the Morrow Brothers quart the exception has been emphasized. Their ensemble singing is marked by a strong family tonal quality.

Grace Donaldson Matthews, wife of Dr. Matthews of San Diego, Cal., whose very sudden death we all deplore, will be buried in Ripley as soon as the body arrives, having left California Monday.

Why Humorists Are in Demand.
Why Shippey, a western newspaper humorist who spent last week lecturing at the Chautauqua, says in a recent issue of Collier's Weekly: "Humorous entertainers are in demand for the reason that the average kind of pretenders who go to the circus entirely on the boys' account will let it thro in the country, buy a son of-a-gun and a cheap gun, encourage an institution which is their snapping and instructive turn, but secretly look forward to a retirement which will make it laugh."

WHEN YOU ARE NERVOUS

you have the first symptoms of a run-down system, and nervous people too often suffer their aches and pains and enter in silence, while if regarded this condition often forewarns more serious trouble.

If these so-called "nervous" symptoms containing alcohol or drugs which menace the foundation of health, and in the long run, attending a nourishment in Scott's Emulsion, it would create new blood to paliate through the organs, refresh their bodies and build up the whole nervous system. It is rich, sustaining nourishment, free from wine, alcohol or drugs. *Shun substitutes.*
