Special Dyspepsia Cure  
Digest what you eat.

**Methodist Notes.**  
The protracted meetings continue with interest. The largest congregation for months crowded the church last Sunday evening. In the morning the attendance in the Sunday School was also the largest known for many months. Opportunity will be given on Sunday morning for any to unite with the church either by letter or on profession of faith.  
A pleasant surprise awaited all who attended Sunday School last Sunday morning. As they entered an orchestra of seven instruments made vibrant the air with enticing music. The pipe-organ and the orchestra leading the singing made inspiring music. Welcome to our Sunday School orchestra.  
The Layman's Creed: I believe I should be doing some definite work in the Church, and will set myself to it.  
The regular meeting of the L. A. L. will be held at the home of Mrs. Wm. Brown next week, Tuesday afternoon.

**SCHOOL NEWS.**  
(Conducted by Superintendent)  
"The Deacon" will not begin until shortly after 8 p. m., this (Friday) night on account of the meetings at the M. E. church. We have not given out any complimentary tickets, because we want to realize all we can for our school from the proceeds of the drama. The superintendent has purchased tickets for his family; even we teachers have to buy tickets. The cause is just, and we expect a large audience. Don't criticize us too severely, as this will be the first appearance of some on the stage. Come out and hear the high school band at 8 p. m., on the street.  
Next Friday evening, Jan. 22 our school year will be half over. Parents and pupils should consider this carefully.  
It might be well if some parents would investigate and ascertain whether or not their boys do not put in too much time at their club room. Some prominent citizens of the town have suggested this to me. We think there have been some cases where boys have put in several half days at the club room instead of coming to school. Parents, investigate your children's standing in school and learn if in some cases there is not too much night work put in at the club room.

**Two Injured In Dueling Match at Greenwich.**  
Two men were wounded, one seriously, as the result of a revolver duel at Greenwich late Monday, between Dr. Ray Loughbaum, 40, of that place, and Owen Obetz, 38, of Hayesville. The doctor was slightly injured by a bullet passing through his right forearm. Obetz sustained a shattered cheekbone and broken right arm. His injuries may result seriously.  
Mystery shrouds the cause of the exchange of shots between the two men. Some time ago both were residents of Hayesville. About eight months ago Dr. Loughbaum left Hayesville and located at Greenwich, where he has enjoyed a good practice.  
Monday, Obetz and his wife left their home in Hayesville and went to Greenwich. Arriving, they went to the doctor's office.  
Following some sort of a disagreement, the exact nature of which can not be understood for the reason that both men refuse to talk. Dr. Loughbaum started to leave his office. As he did Obetz drew a revolver and followed. Loughbaum walked rapidly to the rear of the Beatle grocery store, some distance away, and pulled his own pistol.  
As Obetz drew nearer shots were exchanged. It is not known who fired the first shot. A sharp retort and Loughbaum grasped his right arm. A second later, Obetz fell fainting from a shattered cheekbone. The bullet lodging near the base of the ear.

Following the shooting Dr. Loughbaum ran to his office. After dressing his wounded arm, he denied inquiring admittance.  
Obetz also refused to talk concerning the shooting and the reason of the dueling match is still unknown.

**Try This For Neuralgia.**  
Thousands of people keep on suffering with neuralgia because they do not know what to do for it. Neuralgia is a pain in the nerves. What you want to do is to soothe the nerves. Apply Sloan's Liniment to the surface over the painful part, do not rub it in. Sloan's Liniment penetrates very quickly to the sore, irritated nerve and allays the inflammation. Get a bottle of Sloan's Liniment for 25 cents of any drugist and have it in the house, against colds, sore and swollen joints, lumbago, sciatica, and like ailments. Your money back if not satisfied but it does give instant relief.

**Obituary.**  
William L. Lofland was born at Shelby, Ohio, April 1, 1836, and died at his home in Plymouth, January 10, 1915, having reached the age of 78 years, 9 months and 9 days.  
He was united in marriage to Sarah Waite of this city, July 3, 1862, since which himself and wife have been honored and respected residents of this community.  
He leaves his widow, four brothers and two sisters, and a host of relatives and friends to mourn his death. He had been ailing for some time and for the past few weeks suffered greatly, but through it all bore his suffering without complaint, and was patiently cared for by his devoted wife with whom he was permitted to journey through life until he was garnered to his home at a ripe age.  
Funeral services were held from his home Tuesday afternoon at 1:30 o'clock, conducted by Rev. Chas. Mott, pastor of the Methodist Episcopal church, and which was largely attended by relatives and friends of the deceased, the body being interred in Greenlawn cemetery.

**Applications Are Numerous.**  
Applications for aid under the mothers' pension law, which will become operative in Huron county about the middle of February are being made daily to Probate Judge Rowley, in whose jurisdiction the matter lies.  
Already there are over thirty applicants for investigation and many have been dismissed because of ineligibility of the applicant. The claim of all applicants will be thoroughly investigated before allowances are made under the new law.  
The applicants will be given a rigid examination by Judge Rowley and an officer will visit the home and neighborhood of those considered for the pension roll. One of the strongest considerations will be good home conditions and moral character.  
While some of the applications are from rural communities by far the greatest are from Norwalk, Elyria and Cuyahoga county. Judge Rowley will begin the examination of applicants in about a week.

**"THE DEACON"**  
Friday Night, January 15, 1915—8 p. m.  
**HAMILTON'S HALL**  
**Program.....**

Kern, LaRue Beelman; cornets, Lila Clark, Laurence Gaskil; clarinet, Laurence Buzard; trombones, Earl Heath, Fred Thrush; bass, Karl Kaylor; traps, Paul Smith; piano, Pearl Arnold.

**Stop the Child's Colds—They Often Result Seriously.**  
Colds, croup and whooping cough are children's ailments which need immediate attention. The after effects are often most serious. Don't take the risk, you don't have to. Dr. King's New Discovery checks the colds, soothes the cough, allays the inflammation, kills the germs and allows Nature to do her healing work. 50c at your druggist. Buy a bottle today.

**Commissioners R fuse Jailer.**  
County Commissioners Dawson and Lemon refused to appropriate \$720 to pay the yearly salary of the county jailer, says the Mansfield News Sheriff Hartenfels then took the matter up with Judge Mansfield, who decided that the county jail should have a jailer and that money should be appropriated out of the county funds to pay for the jailer.  
Dawson and Lemon then decided that it was unnecessary to employ a jailer. Commissioner Bolus voted for the appropriation. Sheriff Carroll had William Knapp of Shelby, for jailer during the latter part of his term and when Charles Hartenfels took the office, he also retained Knapp as jailer. It is claimed that a jailer is necessary and will be so eventually during the next term of court, as it is the county jail, having two judges and run two courts, one in the common pleas court and one in the court of appeals. This is necessary in order to get the docket cleaned up.

**Red Barns in Ohio.**  
Many new barns are being built in the rural districts of Ohio.  
Building material dealers in all sections of the State report an unprecedented demand for barn lumber and red paint. Next to the home, the barn is the most important building on the farm, and wherever red barns exist there frugality and prosperity abide supreme.  
The rapid construction of new barns in Ohio is lifting the farming industry of this State into a higher zone of utility and is establishing a new era in our industrial progress. No community can proceed far into its agricultural economy until its stock is well sheltered and its crops are properly housed.

**Grip Left Me With a Cough**  
If during the winter you had the grip and are still suffering from the after effects, now is the time to get rid of it. Peruna is your remedy.  
A Very Bad Cough.  
Mrs. S. J. Kountz, 1615 Scofield St., Nashville, Tenn., writes: "I had a very bad cough nearly all my life. I have taken almost every kind of cough medicine, but none did me much good. I would have spoken of coughing that I thought I could cough myself to death. I took Peruna, and last winter and this winter I have had no cough and I know that Peruna cured me."  
A Severe Case of Grip.  
Mr. W. S. Brown, R. F. D. 4, Box 32, Deaneville, Tenn., writes: "I recommend Peruna to all sufferers of catarrh or cough. In the year of 1909 I took a severe case of the la grippe. I then took a bad cough. Everybody thought I was dying. I had taken all kinds of cough remedies, but got no relief. I then decided to try Peruna. After taking five bottles my cough stopped and my catarrh was cured. Any one suffering with catarrh in any form I will advise them to take Peruna."

License the bartender. Charge him a license fee of from \$2 to \$5, and keep a record of him, the same as the state does the saloon keepers. This is the plan of Charles L. Allen, of Marion, Chairman of the state license commission, to do away with the greatest troubles of the county and state commissions who have to look out after the saloon interests of the state of Ohio.

It won't be long now until thoughts of Easter grain production because of the earliness of that anniversary this year. And all this despite the fact that it is only three weeks since the holiday season was upon us. This great feast, which falls on April 4, has only been observed on five earlier dates in the present century and only once before on an earlier date in April. That was in 1904.

Judge Cummins of the Richland county probate court, has received about fifty applications, so far, for mothers' pensions, which are being investigated. The pensions will be paid out the first of March, \$3,800 being available in this fund at present. This will be apportioned among the applicants after their cases have been investigated. It is proposed to call in the applicants and pro rate the amount of funds.

The new 1915 automobile tags are being sent out, and the owners and drivers will have to display them very shortly on their machines or else they may get into trouble. As is customary, the time is extended before any arrests are made for not displaying a new license. The usual general design of the Ohio license number is carried out in the new tags. This year, however, black numbers have been placed in a white background.

In the year just drawn to a close American manufacturers turned out 515,000 motor vehicles valued at \$485,000,000. This information came from Alfred Hoover, general manager of the Automobile Chamber of Commerce, who added that this output came from 450 concerns. He said there were 1,500,000 cars registered in the various states, that there were 15,000 automobile dealers in the country, 13,500 garages and 680 supply houses.

F. M. Snyder, an oil well driller, has completed a well at Levee which will produce 150,000 cubic feet of gas per day. He is arranging to put down a well at Tiro. Cleveland parties who have leased a great deal of land in this locality are getting out timber for a rig at Forest siding and will commence operations in that vicinity. Leases are being taken all around Shelby and it begins to look as if there would be something doing in the gas and oil business in this part of Ohio.

"Beef will sell at 50 cents a pound and shoes at \$10 a pair perhaps within two years." This startling prediction was made by Henry J. Williamson, statistician in the department of agriculture at Washington, who is on his way back to the capitol from a five weeks tour of the cattle range country. Unless the slaughter of calves is stopped and scientific breeding for increase becomes general among stockmen, the United States will soon have to import beef," said Williamson.

There is no prospect of having the three-mile limit raised on the cattle quarantine, till the original 90 days' time expires, about February 1. Dr. H. Fulstow, of Norwalk, wrote the state department the other day urging that the quarantine be lifted from all the immediate premises where the affected cattle were found, but the state veterinary has declined, and at the same time calls attention to the fact that Ohio is the only state that gets as close as the three mile limit, all other states making their maximum five miles except Maryland, which is seven miles. Horses are being shipped out of this country by the thousands for use in the European war. Agents representing the allied nations have been scouring every state in this country and every province in Canada. One agent expects to assemble 10,000 horses in Baltimore soon, to be transported to England. The demand for horses in the British army alone is 1,000 a week. The average life of a horse in war is thirty days, but in the titanic struggle in which the European forces find themselves engaged, it is likely that the death rate of horses is so great that they will not last more than a week.

**Dissolution Notice.**

The partnership heretofore existing between B. G. Ford and D. E. Blosser, and known as the Plymouth Garage, was dissolved by mutual consent, January 1, 1915, D. E. Blosser retiring from the firm. All accounts due the firm are payable to B. G. Ford. B. G. FORD, D. E. BLOSSER, Plymouth, O., Jan. 12, 1915.

**Personal Mention**

Otto Carpen and sister, Minnie, were in Toledo Monday. Mr. and Mrs. Clay Hulbert were over Sunday guests of Mr. and Mrs. Barrett of New London. Mr. and Mrs. Chas. Hashman of Kansas City, Kans., are the guests of her aunt, Mrs. Augusta Ringie. Mr. and Mrs. W. W. Trimmer were guests Wednesday evening of Mr. and Mrs. B. R. Wheeler of Chicago Junction.

Mrs. C. A. Fox of Hagerstown, Md., will spend some time with her father, G. W. Dickinson and other relatives here.

John French of Columbus, was an over night guest of his sister and husband, Mr. and Mrs. Bert Shepherd, Wednesday. Dr. Geo. J. Searle left last week for Philadelphia where he will take a post graduate course, and will be absent indefinitely.

Mrs. W. S. Kimball and son Harold of Delphos, O., have been the guests for a week of relatives in Plymouth, returning home Friday.

Eber Jenkins of Weston, Wood county, visited Mr. and Mrs. Jacob Hemminger a few days last week, returning home Monday morning.

Mrs. Lea Paekler of Portage Co., returned home last Saturday having been here to visit and help to care for Mrs. B. S. Ruckman, in her last illness.

Mrs. Marten Salemsen of Syracuse, N. Y., who for the past few weeks has been the guest of her sister, Mrs. Geo. Bodley, has returned home, her oldest daughter remaining for a more extended visit.

Miss Maggie Wise, Mr. Jesse Wise of Greenfield, Mr. and Mrs. John West of North Fairfield, Mr. and Mrs. Kirk I. Wilson and Mrs. E. E. Rogers, city, were guests of Mr. and Mrs. W. W. Trimmer Saturday.

**Notice.**

All persons knowing themselves indebted to me are requested to call my office and pay the same by Monday or note before Feb. 1st, 1915. GEORGE J. SEARLE.

**Real Estate Transfers.**

Ross and Emeline Cuykendall to L. J. and S. L. Abbott, lot Plymouth, \$1. Clarence E. and Mabel Stotts to Harold L. Stotts, 80 acres, Ripley, \$1.

**Gambling Devices.**

Notices have been served by Prosecuting Attorney T. B. Jarvis on proprietors of cigar stores and pool rooms and others in Richland county who have punch boards and slot machines, asking them to remove these devices by Feb. 1. County Detective J. L. Hilton is serving these notices on the different merchants in Mansfield and other towns in the county.

**Wants Divorce.**

Laura C. Van Asdal has asked the court of common pleas to divorce her from Ira C. Van Asdal, to whom she was married on the day before Christmas, 1903. They have no children.

Mrs. Van Asdal charges that her husband has become so indifferent to his marriage vows that he has refused to support her or to furnish her with a home; also that when he was drunk he would abuse her and call her vile names. The wife says that, owing to this conduct, she left her husband on Aug. 1, 1911, and has supported herself since that time.

Mrs. Van Asdal says she has paid the premiums on her husband's life insurance policy for six years and now asks the court to refund this amount to her as her alimony. She says she has always done her duties as a wife. E. K. Trauger and T. B. Jarvis are attorneys for the plaintiff.

**GETTING BETTER AFTER SICKNESS**

Nothing has ever equaled or compared with the medicinal fate in Scott's Emulsion to arrest the decline, invigorate the blood, strengthen the nervous system, aid the appetite and restore the courage of better health. **K. I. WILSON.**  
PLYMOUTH, OHIO

The Deacon tonight. And groundhog day comes next. Sixteen days of 1915 have already passed. This is the third Saturday of the new year. Boost the schools by attending the Deacon tonight. Cheer up! Strawberries are now retailing at only 40c per quart. Keep that centennial celebration for 1915 constantly to the front. Are you doing your share toward boosting for prosperity for 1915? Shiloh will hold an independent farmers' institute Jan. 14 and 15. The revival meetings at the M. E. church are still under way and interest is gaining daily. For Rent—Six room house, in excellent condition. For particulars call on Flora Logan. Wm. Parsel, who was threatened with pneumonia last week, is reported as much improved. Thursday evening, February 18th, is the date set for the annual K. of P. banquet of Huron Lodge 490. Geo. Tubbs, who was taken violently ill several days ago, is now able to be up and about the house. Elsewhere in this issue will be found Governor Willis' inaugural address and his message to the Legislature. New London will hold her poultry and corn show next week, beginning Tuesday and running through to Saturday, inclusive. Oftentimes, when you extend your hand to help some fellowmen in distress, he mistakes it for your foot and pulls your leg. No guess, no chase, no disappointments on baking day if you use SNOW FLAKE FLOUR, best for bread, pies and cake. It may be the cook or the stove, or just bad luck that causes poor bread, but use SNOW FLAKE FLOUR and see the difference. The Shelby Poultry Association will hold their show beginning Tuesday, January 26 and to continue throughout the remainder of the week. The high cost of living touches everything these days. We can even pay too much for the experience we get, even if experience is a dear teacher. Loudonville has upwards of forty cases of smallpox under quarantine, but most of them are of a very mild nature. Other towns hereabouts have one or more cases. Plymouth will be right along in line with San Francisco and San Diego this coming summer, in that she, too, will hold a celebration, in honor of her 100th anniversary. The Preston milk depot, which has heretofore been conducted at the electric depot, will be changed to the Kappenberg meat market, beginning Monday, Jan. 18, where milk can be had at all times. The work of drilling for oil or gas in this vicinity will start shortly at Forest siding, just west of the Kuhn school house. The drills and derricks are now being hauled to the above place, and operations will begin in a few days. Billy Sunday insists that before he will begin his evangelistic meetings in Chicago he must be assured that a \$250,000 stock company be organized and incorporated to finance his religious meetings. And yet, salvation is free. The Richland County Teachers' Institute will be held in Mansfield the latter part of August, according to a decision of the county board of education which met with Superintendent Bell at the court house Monday. Details will be arranged later. Support the band! A town without a band is like a forest without a bird; there seems something wanting in either case and a lot of people look at each in the same way. They have been taught that the Lord feeds the birds and they think he will do the same with the band. Lee Jennings, conductor of the S. N. & M. electric railway and Miss Grace Kime, all of North Fairfield, were united in marriage Tuesday afternoon at Norwalk. The bride was a former school teacher. The newlyweds left the same evening for Florida on their honeymoon. Marshal Hillis certainly doing a rushing business with the "tourists," nine having registered for lodging Tuesday night, which is only a fair average for each evening. Evidently the knights of the road are much pleased with "Rarum's" accommodations as he has a full house nearly every night. As an illustration of what a little "want ad." will do, The J. D. Fate Co., of this city, in the Sunday edition of the Cleveland Plain Dealer, and by Tuesday morning had over two hundred answers from the same, some in person, others by phone, telegraph and special delivery letters. Beginning the coming Wednesday evening Wonderland Theatre will have feature nights each Wednesday evening, showing the latest in moving pictures, films of which have only been released since the holidays and are now showing in the larger cities. Manager Deiser is doing his best to please the people and deserves the hearty support of our citizens.

Considerable sickness, especially among the more aged, prevails hereabouts at present. For Sale—A few very fine high bred Barred Plymouth Rock Cockerels. Enquire of Sol Spear. The McKinley club of Huron county will hold their banquet at Norwalk on the evening of February 5. Gallon sees hopes that the division point on the Big Four will be moved back from Bellefontaine to that city. For Sale—A few Imperial Ringlet barred Rock Cockerels. MRS. M. ROGERS. Nice, crisp, light brown loaves every baking day, if you use SNOW FLAKE FLOUR. Ask your grocer for it. Samuel Parker has been drawn as a member of the Richland county petit jury, which convenes in Mansfield February 1. Ohio once more has a republican at the head of its government, Frank B. Willis, who took the oath of office as governor, Monday. Sonsley & Britton, the road construction contractors, of this city, were this week awarded nine miles of road work at Gallon. David Glick has purchased a Maxwell car and will this coming summer help enrich the coffers of John D. by burning up his share of gasoline. C. N. Frazer, for 37 years engaged in the jewelry business in Norwalk, retired Saturday evening, having disposed of his business and stock. For Sale—Seven room house all in excellent repair, with good cellar and well and cistern, located on Bell street. For further particulars call at this office. Richland county has 12,648 children between the ages of 6 and 20 years, and 8,636 or 68.3 per cent of them attend school, according to a recent census bulletin. Sixteen days of 1915 have gone and it has led only seven couples to the marriage license bureau in Richland county. Last year at this time 13 licenses had been issued. The Plymouth township trustees will be early on the job this coming season with their pike work, and in this week's issue are asking for bids on about three and one-fourth miles new pike work. Tile for Sale—Any size or kind you want. If the stock will send, and get them for you. Also have plenty of coal on hand at all times, at my yards in New Haven. RALPH SNYDER. Mrs. J. M. O'Neil of Glendive, Mont., in remitting to the advertiser for the year 1915 says they are having some very snappy winter weather out her way, which, however, in common with others, she is enjoying very much. One year ago Isaac Hartman reported 36 vacant houses in New London. At the close of December, 1914, he reports 26 vacant houses.—New London Record. Move them over to Plymouth, Bro., we are shy more than this number. Word has been received here that Dr. A. C. Miller, former pastor of the Plymouth Evangelical Lutheran church in this city, was a victim of a fire at his home in Louisville, Ky., a few days since, in which he lost all his household goods. For Sale—My house and lot on Broadway, consisting of eight rooms, bath, sawed stone walk front and rear, also good well, all in excellent condition. Also barn and lot in rear of house. For price and particulars, call on O. A. Faust or at the residence. An exchange says that Henry Wade, a Canadian, has discovered the secret and solved the problem by which the people of the world may be warmed by fuel made from certain elements in water, at a cost so small as to seem trivial compared to the amounts now spent for wood, coal or gas. Henry will please take notice that there are a lot of Plymouthites who are ready to adopt his plan forthwith. We still have plenty of water. The Peoples National Bank held their annual stockholders' meeting Tuesday afternoon at their banking house and elected the old board of directors as follows: H. J. Willmet, President, R. H. Nimmons, Vice-President, Jno. I. Boelman, Cashier, J. E. Nimmons, Asst. Cashier and Carl Lofland Bookkeeper. The Peoples National have enjoyed a prosperous year in the one just closed, and have bright prospects for 1915. The feature photo play for Wonderland Theatre Wednesday evening will be G. M. Anderson in an Essany street scene featuring Branch, Billy in "The Good for Nothing" and consists of four parts. This photo play has just been released and has met with the proper approval in all the larger cities, and people here are fortunate in having an opportunity to see this latest production. The admission price will be 50c to 75c.

The B. & O. railroad company, the industry that put Chicago Junction on the map through extensive shops and yards at that place, now wants to change the name of the town. Only a few years ago the railroad company was instrumental in prefixing the word Junction after Chicago, but now desires to change the name altogether and have now put the same up to the council, but according to the Telegraph that body does not take very kindly to the proposition. The most disastrous fire that has visited Norwalk since the destruction of the W. & L. E. shops occurred Tuesday afternoon about 5 o'clock when a roaring fire was discovered in the main machinery building of the W. C. Pressing Canning company, whose plant is located on North West street adjacent to the tracks of the W. & L. E. railroad in the northwest portion of the city. The property loss is estimated at \$75,000, with insurance consistent with good business judgment. Death, in its never ending search, has again invaded our midst and garnered one ripe in age, R. Emery, a long and much respected resident having passed away at the home of his daughter and husband, Mr. and Mrs. Chas. Southard, of Bell street, Wednesday morning at 7:30 o'clock. Had the deceased survived until March next he would have obtained the age of 90 years. He is survived by one daughter and three sons. Funeral services will be held at the home of his daughter Friday afternoon at 2 o'clock, in room to be made in the family lot in Greenlawn.

If the farmers of Richland county will abide patiently by the rulings of the state and federal authorities relative to the foot-and-mouth disease, and will not refuse to permit inspection of their herds, the quarantine will be removed from the county about March 1. Such was the understanding reached by Prosecutor Jarvis and Dr. Paul Fisher, head of the animal bureau of the state, at Columbus Monday. The officials were closeted in a lengthy session and in the end the understanding was reached. Prosecutor Jarvis pleaded to have the ban removed. The people of Bloominggrove, Butler, Franklin and Weller townships have been talking up a high school so located that it would be within walking distance of the pupils of each township. These four townships have 89 pupils who will finish the eighth grade this year. Last year a class equally as large finished the eighth grade and less than ten of this number are attending a high school. The people would like to have the high school located near some of the townships. They think that at least 60 per cent of the pupils would attend the high school. It is nearing the point in this day that too many are getting impatient with the idea that a man in business does not require cash to continue his credit with the wholesale firms from whom he makes his purchases. In fact, many take the advantage of failing to ever pay their debts. This is certainly dishonest; in fact, next to outright stealing, and should be stopped. To accomplish this end the merchant is compelled to give no credit and ask cash at all times, or suffer in the end. The credit system is a sad of pioneer days, when the debtor looked upon his word of honor or as being of some value. If we were not personally acquainted and can vouch for the truth and veracity of Postmaster Earnest, we would be led to believe he was losing his mind. He came down street a day or two ago and asked every one he saw along the way if they had heard any frogs? Offering the information that he had heard them croaking and that spring was on its way it since transpires that several took up their quarters last fall in a drain tile that leads into his cellar, and which heated by a furnace, furnishes them a warm and comfortable home, and every morning come forth to croak their thanks to Postmaster Earnest for furnishing such excellent quarters.
