Ripley Items.

Miss Clara Tooker is counted among the sick at present.
R. C. Boardman attended the extension school in Plymouth last week.
Mr. and Mrs. U. W. Rank were guests of relatives in Cleveland last week.
B. L. Blackmore was under the care of Dr. Saunders of Shiloh, a few days last week.
This week Friday night closes a series of very profitable meetings, both socially and intellectually.
Florence Dewitt, who has been seening a few weeks with her sister, in Crestline, arrived home last week.
Domestic Science became a part of the course of study in the Ripley schools, by order of the board at its last meeting.
Miss Helen Simmons in writing to her friends here from Florida reports her trip through the south as very enjoyable and pleasant.
Chas. Alberts, who has been living back in the woods on his farm making plenty of money, has extended his domain by purchasing the W. H. McLaughlin farm, where he will reside in the future.
Mrs. Minnie McMullen, who underwent an operation at St. Luke's hospital in Cleveland recently, found the operation was not successful and went back to the hospital last Sunday for another trial.
E. E. Leathard sold his farm to D. J. Studkey and moved on a farm near New Washington last Tuesday. E. E. and his esteemed wife made many friends in Ripley, and we all regret his moving from our midst.
Albert Reiber, the blind broom manufacturer, would be glad to supply all the wants of broom users at very reasonable prices, and would appreciate the patronage very much. He is at home on the W. B. Ross farm.
David Truxell, aged 96, is very sick at the home of his son-in-law in Ripley. The physicians and those at his bedside have no hopes of his recovery. His daughter, Mrs. Delarver, is assisting in the care of her father.
E. C. King and wife, Mr. and Mrs. Bartow, Mrs. L. B. Truxell, Mrs. Melvin Howard, Emma Harling, Mrs. Lewis Luteman, Henry Luteman and wife, were at the Ripleyans in attendance at the Carson funeral in Plymouth last Saturday.

NEW BILL

May Force You to Act As Juror Every Two Years.
Every Ohio citizen, not especially exempted, must do jury duty if needed two weeks every two years, according to the provisions of a bill drawn by a committee of the Cleveland bar association.
The bill provides that:
The period of service shall be reduced to not more than two weeks during any period of two years for any one juror at the end of his period of service is still engaged in trial of a case.
Notice to jurors shall be sent by registered mail instead of notifying them through the sheriff's office as at present, thereby reducing the cost.
The jury list be obtained from the general voting list, taking the fifth name on each precinct voting list and every tenth name thereafter, and the municipal jury list be obtained by taking the third name and every tenth name following.
The names be placed in the appropriate jury wheel, securely locked with two keys in the presence of two jury commissioners not of the same political party, and the key given to each commissioner. The keys must be so constructed that the wheel cannot be opened except by the use of two keys.
The commissioners shall make copies of the jury lists for each court of record in the county. They shall certify these to be true copies with the names as placed in the respective wheels.
Jurors must be sober, judicious and discreet persons, qualified electors having full possession of all faculties, not over sixty years of age and able to read and write intelligently the English language.
The following persons are entitled to exemption from service:
A clergyman or minister, practicing physician, surgeon, or surgeon-dentist, registered veterinary surgeon, licensed pharmacist or pharmacist, professor or teacher, editor, editorial writer, reporter of newspaper or press association, holder of an office under United States, city, state, county, or municipality within the county, consul or foreign nation, captain, engineer, or other officer employed on vessel making regular trips, superintendent, conductor or engineer an employe of railroad company, telegraph operator, grand juror, actual member of national guard faithfully attending duties, soldiers who served on either side of civil war, firemen for five successive years, any person physically disabled, fireman and policemen, licensed engineer of steam boilers.
All persons exempted must actually be engaged in their occupation and no others.

Obituary.

Margaret E. Wolfe was born Dec. 27, 1847, in Homer City, Pa., and died at Baltimore, Md., Feb. 24, 1915, at the age of sixty-seven years, one month and twenty-four days. Most of her life was spent at Delphi where she has a host of friends and acquaintances.
On the ninth day of July, 1867, she was married to William Carson at Homer City, Pa. To this union were born six children, two sons and four daughters. On July 9, 1907 her husband died leaving her a widow, and five years ago she was called upon to part with a daughter, Mrs. Augusta Black.
For a number of years Mrs. Carson has been a partial invalid having been crippled, which trouble ultimately led to her death which occurred at Baltimore where she had gone to visit a daughter.
She was once a member of the Friends Church, she was a faithful and true mother and at the end of a long and useful life she departed this life.
Five children and three grand-children remain to mourn her loss: Newton and Ira Carson of Plymouth, O.; Mrs. Chas. Bemer and Miss Lizzy Carson of Mansfield, O.; and Mrs. Agnes Eganall of Baltimore, Md.
The funeral was held at the home of Mr. Ira Carson, conducted by the Rev. Chas. F. Mott, pastor of the Methodist Episcopal church, and the burial was in beautiful Greenlawn cemetery.

Health Promotes Happiness.

Without health, genuine joy is impossible, without good digestion and regular bowel movement you cannot have health. Why neglect keeping bowels open and risk being sick and ailing? You don't have to take one small Dr. King's New Life Pill at night, in the morning you will have a full, free bowel movement and feel much better. Helps your appetite and digestion. Try one tonight.
"The Ohio farm offers the greatest opportunities of today—if not in rich, well-irrigated lands that makes for a program of what you wish the future to hold for you, and then strive to reach these ideals." This was the parting advice given by D. Homer C. Frier, of the College of Agriculture at the Ohio State University, to the students of the eight-week winter course in agriculture who completed their course Wednesday.

COLDS AFFECT THE KIDNEYS.

Many Plymouth People Have Found This to Be True.
Are you wretched in bad weather. Does every cold settle on your kidneys? Does your back ache and become weak? Are urinary passages irregular and distending? These symptoms are cause to suspect kidney weakness. Weakened kidneys need quick help. Doan's Kidney Pills are especially prepared for weak kidneys. Plymouth people recommend them. Harry Poebel, Mulberry St., Plymouth, says: "I took cold on my kidneys and my back got very lame. I couldn't stoop or lift without sharp, shooting pains. Two boxes of Doan's Kidney Pills gave me relief. I recommend them to any one who has kidney trouble or a lame and aching back."
Price 50c. at all dealers. Don't simply ask for a kidney remedy—Get Doan's Kidney Pills—the same that Mr. Poebel had. Foster-McLurg Co., Props., Buffalo, N. Y.

Legal Notice of Bond Sale.

Sealed proposals will be received at the office of the Clerk of the Village of Plymouth, Ohio, until 12:00 o'clock noon, on the 6th day of April, 1915, for the purchase of bonds of said Village in the aggregate sum of \$11,900.00, dated March 1, 1915.
Said bonds are numbered from one to twenty, consecutively, bonds No. 1 to 19 inclusive are in the amount of \$600.00 each, and bond No. 20 in the amount of \$500.00. Bond No. 1 and bond No. 2 are due March 1st, 1916 and thereafter on the 1st day of March, of each year, two of said bonds, in consecutive order shall become due and payable until all of said bonds are paid. Said bonds bear interest at the rate of five per centum per annum, payable semi-annually, on the first day of September, and the first day of March, of each year, and are issued for the purpose of paying the assessed portion for improving Sandusky Street from the South line of Dix Street to the North line of the Jacob C. Sherman house lot, in said Village, under Section 3812 et. seq. of the General Code of Ohio, and under and in accordance with a Resolution declaring the necessity of said improvement, dated March 11, 1913, Ordinance determining to proceed with said improvement, dated May 6, 1913, and a Resolution of Ordinance, dated February 2, 1915, passed by the council of said Village.
Said bonds will be sold to the highest and best bidder, or bidders, for not less than par and accrued interest.
All bids must state the number of bonds bid, and the gross amount of the bid, and accrued interest to date of delivery. All bids shall be accompanied with cash or certified check, (or some bank, other than the one bidding), payable to the Treasurer of the Village, for not less than five per cent. of the amount bid, for upon condition that if the bid is accepted, the bidder will receive and pay for such bonds as may be issued, as above set forth, within ten days from the time of an award, said deposit so made to be retained by the Village, if said condition is not fulfilled. The Village reserves the right to reject any and all bids.
Bids shall be sealed and endorsed "Bids for bonds for the improvement of Sandusky Street, assessed portion of W. A. JEFFREY."
Clerk of the Village of Plymouth, Ohio.

Tax Item.

The plan to put a special tax on mail order houses, is the right step in the right direction and should receive the earnest support not only of the business men of the country, but of the consumers as well. The heads of the great Chicago mail order houses are among the nation's richest men; money made by getting the cash for their goods in hand before they sell them. That's the secret it is. If the average consumer would go to the corner grocer and in sufficient numbers, hand him orders for sugar with the cash in hand, the grocer could go out and buy just what was wanted, break the price, save money and have absolutely no loss. You never heard of a mail order house "waiting till the next pay day" for its money. No; it gets it before it starts a move of any kind. Then, since these mail order houses are doing business in every county, in every state of the union, they should be compelled to pay a special Federal tax; one that would be levied on the Richland and Elletts counties, Ohio, as well as Cook county, Illinois.

PROGRAM.

Organ Voluntary.....Mr Root
Processional Hymn, 543
Invocation and Response.
Anthem—Softly, Now the Light of Day (Parks)

DACIA IS CAPTURED

AMERICAN STEAMER, ARRESTED BY FRENCH CRUISER, IS TAKEN TO BREST.

NEW ISSUES ARE INVOLVED

Shifting of Responsibility by Britain Adds to Complications—Washington Interested in Vessel Held by Allies—Craft Owned by E. N. Breitung.

Paris, March 2.—A French cruiser has arrested the American steamer Dacia in the channel and taken her to Brest. This announcement is officially made.

Washington, March 2.—Officials here were tremendously interested to learn that the American cotton steamer Dacia, formerly of the Hamburg-American line, flying the German flag, had been seized by a French cruiser and taken to Brest. The capture of the Dacia causes no surprise in Washington, and even the fact that a French instead of an English warship would take her into custody had been foreseen. But this transfer of the question of the ship's status combined with the already intricate points in the Dacia transfer from German to American registry bids fair to make an international case of unusual interest.

Edward N. Breitung, an American, bought the Dacia from the Hamburg-American company, secured American registry, replaced the German crew and undertook to lay down a cargo of cotton in the German port of Bremen.

The German destination of the Dacia on her first voyage under American registry aroused British fears lest American registry be used simply as a shield to permit the ship to reach a German port, where she would resume her discarded nationality. To meet this objection Mr. Breitung changed his routing to the Dutch port of Rotterdam.

GERMANS ADVANCE 4 MILES

Capture Position in Vosges and Near Verdun—Paris Claims 1,000 Surrendered.

Berlin (wireless via Sayville), March 1.—The following official report was received from first headquarters of the army:

"In the western theater the enemy's attacks in Champagne continued, but all were repulsed. To the south of Maunout and north of Verdun the Germans stormed several of the enemy's positions, driving him out. The Germans made six officers and 250 men prisoners.

"On the northern slopes of the Vosges the Germans, after considerable fighting, succeeded in dislodging the French from their positions. The Germans attacked the entrenched line from Verdun to Breuille, to the east of Baronville, thus pushing the enemy back.

Paris, March 2.—The afternoon statement issued on Saturday said: "In the Champagne district important progress was made. We carried two German works, one north of Perthes, the other north of Beauejour. We made 200 prisoners.

"The total number of German soldiers who have surrendered the last ten days amounts to more than one thousand."

15,000 RUSSIANS ARE TAKEN

Germans Capture Przasnysk and 10,000 of the Czar's Troops—Russ Reinforce Bukovina.

Berlin, Feb. 27.—The capture of 10,000 Russians, twenty cannon, machine guns and a great quantity of war materials from Przasnysk, as well as an army itself, was announced by the German war office Thursday.

The capture of 5,000 Russians in battles north of the Weichsel (Vistula river) is also reported.

London, England, Feb. 27.—Russian troops have reinvaded Bukovina and reoccupied Sadoron on the railroad four miles north of Czernowitz, according to a dispatch received on Thursday by the Evening News.

AMERICANS CAUSE OF STRIKE

Men From U. S. Worked Too Fast for Scotch Machinists in Clyde—Shipyards.

Glasgow, March 2.—The direct cause of the strike in the Clyde shipyards, which was ended by a government order, was the importation of three thousand American workmen. Learning that these men had been promised bonuses for rapid work, the native employees ordered the Americans to work slowly. This order was spurned by the Americans and the strike followed. Most of the disgruntled men are now back at work. The Americans still hold their jobs.

Thought It Was a Zeppelin. Italo, N. Y., March 2.—Believing that a "Zeppelin" was about to bombard the town, many residents fled into the cellars of their homes when Henry Oates, a school boy, sent his kite aloft with a lantern attached to the tail.

Went Wire Gutters and Shovel. Chicago, March 2.—Agents of the allied governments at war have asked prices here on 1,000,000 wire gutters and 1,000,000 shovels to be ordered from two sections on the west coast of the United States.

LOREE GOT \$450,000

GETS DUAL PAY AND BONUS—"FIRE" AND GIVEN CASH.

Purchaser of R. I. Upholds Big Salaries, but Would Not Own Road Now.

Washington, March 1.—An annual salary of \$37,500 as chairman of the executive committee of the Chicago, Rock Island & Pacific railroad, the same amount for serving simultaneously as chairman of the executive committee of the Frisco system and a guarantee of \$500,000 additional constituted the compensation pledged to L. F. Loree when he left the presidency of the Baltimore & Ohio road to join the Rock Island forces. He held the new places ten months in 1904 and then was asked by Daniel G. Reid to resign.

Complying, he received in settlement of his agreement with Mr. Leeds \$450,000 in Rock Island railway bonds. Mr. Loree testified to this effect on Friday at the interstate commerce commission's investigation of the Rock Island's financial affairs during the Reid-Leeds-Moore control from 1901 to 1914.

Another witness was Mr. Reid himself, who defended the "big salaries" paid to Rock Island officials, declared that he would not now accept as a gift the control of any western or southwestern railroad and that when he and his associates took over the Rock Island had a surplus of \$8,000,000, "no railroad" being more than a "streak of rust." He said also a man capable of operating an 8,000-mile railway was worth \$1,000,000 a year.

MAKES NEW TARIFF RATES

Important Rulings of the Interstate Commerce Commission Are Made Public.

Washington, March 1.—The interstate commerce commission suspended from March 1 until June 29 new tariffs of railroads east of the Mississippi and north of the Ohio and Potomac rivers, increasing rates on glucose and corn sirup in carloads from Chicago to the interior eastern seaboard and interior eastern points. The proposed increase amounts to four cents per hundred pounds on domestic traffic and one and one-tenth cents per hundred pounds on export traffic.

REV. DARNELL IS INDICTED

Former Kenosha Pastor Held Under Mann Act—Action Based on Minister's Relations With Ruth Soper.

Chicago, March 2.—Rev. James Morrison Darnell, "marrying parson," charged with violating the Mann act, was indicted in Milwaukee on Saturday on a series of eight counts. The indictment is for alleged transportation of Ruth Soper from Owatonna, Minn., to Kenosha, Wis., where Darnell introduced her as his wife. The name of Doris Vaughn, whom the minister married in Chicago, was not mentioned in the indictment.

IDAHO TO BE 'DRY' NEXT YEAR

Bill for State-Wide Prohibition Is Passed by Senate—Now Goes to Governor.

Boise, Idaho, Feb. 27.—The senate of the Boise legislature on Thursday passed the state-wide prohibition bill, which makes the manufacture, sale and transportation for sale of intoxicating liquors unlawful after January 1, 1916. The vote in the senate was 23 to 6, in favor of the bill. The bill now goes to the governor, who has announced that he will sign it.

THIRTY PERSONS ARE KILLED

Mexican Gunboat Blown Up, Supposedly by a Bomb Sent Aboard in Package Supposed to Contain Ice.

Galveston, Tex., March 2.—Thirty persons, including five women, were killed by a bomb, in the harbor at Progresso, Mex. This information reached Galveston in a cablegram to the Mexican consulate. The cablegram stated that the bomb was evidently sent aboard in a package supposed to contain ice.

SOUGHT LIFE OF DIPLOMAT

Man Who Attempted to Murder Turkish Minister of the Interior Is Executed.

Constantinople, via Berlin and Amsterdam, March 1.—An unsuccessful attempt was made to assassinate Talat Bey, minister of the interior, in Stamboul. Three shots were fired by the assassin, without effect. The would-be assassin was executed.

Von Pohl Will Lead Fleet

Berlin, March 2.—Admiral von Pohl, chief of the admiralty staff, has been selected as the successor to Admiral von Ingenohl, whose removal from command of the German battle fleet was made known last week.

Opera Singer Drops Dead

New York, March 2.—Rudolph Berger, aged thirty-six, the Austrian baritone who has been singing at the Metropolitan opera house since 1904, died at his home in New York City.

Slaughter 125 Snooks

Midway, O.—James Hookwater, while plowing on his farm in Amanda township, saw a snake crawl into a small opening in the ground. He investigated, picked up a shovel, and with a little digging discovered a small cave occupied by scores of snakes. He called for help and when the small army of men were through with the snakes 125 were killed.

All were of the blue rattle variety. Several of the larger ones showed signs of being very old, but they were killed without much trouble.

RODNEY S. DURKEE

Mr. Durkee is controller of the Panama-Pacific exposition and in that capacity has supervision over the financial details of the fair.

PLOT TO SLAY RICH AMERICANS FOILED

Anarchist Plan to Kill Two Rockefellers and Carnegie Is Nipped in Bud.

New York City.—An attempt to blow up St. Patrick's cathedral with a bomb and the arrest of two men by detectives who had been informed for months of their activities was followed by an announcement made at police headquarters that the arrests had balked an anarchist plot to kill with bombs Andrew Carnegie, John D. Rockefeller, John D. Rockefeller, Jr. and other wealthy men. Thereafter the anarchists, according to the police, were to inaugurate in New York city a reign of terror comparable only to the days of the French revolution. It was part of the plot, the police assert, for gangs of men armed with rifles and revolvers to appear simultaneously in various parts of the city to shoot and pillage; the biggest banks of New York city were to be blown up and many wealthy men were to be slain.

BOMB IS THROWN AT CATHEDRAL ALTAR

Lighted Fuse Is Immediately Extinguished and Man Who Hurled the Infernal Machine Is Arrested by Detective.

The wrecking of the cathedral was to be the signal for the opening of the elaborate campaign of murder and looting. The next move, according to the police, was to place bombs in the homes of Andrew Carnegie, the Rockefellers and Cornelius Vanderbilt. So far had the plot progressed toward this end that the manufacture of the bombs, the police say, had already been started.

When these and other capitalists discovered of the anarchists planned, composed of the police, to invade the financial district and lay their bombs in the city's biggest banks. General looting was to follow.

For months a central office detective had worked in the inner circle of the anarchists, according to the police, and had kept the detective bureau advised of all their plans.

This detective, Frank Baldo, assisted in the manufacture of the bomb with which the attempt was made to blow up the cathedral. The detective was taken to the police station by the edifice and sat with him while he lighted the bomb and buried it at the altar.

Immediately the cathedral, in which 800 persons sat at worship, became alive with detectives, whose presence had been suspected by the bomb carrier. Baldo sitting beside him, placed him under arrest; detectives sitting in the pew behind dashed into the aisle and stamped out the sputtering fuse. The congregation hardly realized what had happened until it was all over and there was no panic.

At police headquarters the alleged bomb thrower said was Frank Abarno, a lithographer, 34 years old. Soon after he was taken to headquarters detectives, acting upon information given them by Baldo, arrested Charles Carbone, an 18-year-old boy, and charged him with complicity in the plot and with helping to make the bomb.

It was announced at police headquarters that Abarno had made a confession, in which he admitted the existence of a plan to begin a reign of terror in this city, which would include the assassination of Andrew Carnegie, John D. Rockefeller, Cornelius Vanderbilt and other wealthy men.

Convicts Man as Slay

Bowling Green, O.—After five hours and a half deliberation the jury in the Charles Neiswander trial reported Tuesday and found the prisoner guilty of the murder of a woman. Irregularities, counsel for defense made a motion for a new trial and Judge Platt of Tiffin set March 15 for the hearing.

The grand jury indicted Neiswander for murder in the second degree of his father-in-law, William A. Dundorf, Dec. 12, 1912. Neiswander was released on \$5,000 bond.

WILL END SEA RAIDS UNDER CONDITIONS

Germany Replies to United States Note Concerning Teuton Naval War Zone.

Offers to Respect Vessels of Peaceful Nations if the Hostile Ships Fly Own Emblems of Countries They Represent.

OPPOSED TO USE OF NEUTRAL FLAGS

Berlin, via London.—In its reply to the American note concerning the German naval war zone, the German government agrees that, under certain conditions, its submarines will halt and investigate merchantmen and will proceed against only such vessels as are found to be carrying contraband or are owned in nations hostile to Germany.

The reply declares Germany's readiness to accept virtually all of the American proposals except the one which would restrict the use of anchored mines to purely defensive purposes.

The German government expresses the belief that belligerents cannot afford to abandon entirely the use of anchored mines for offensive operations. It is willing to consider the abandonment of floating mines.

In case German submarines take action, after investigation, against merchantmen carrying contraband or owned in hostile countries, it is agreed that such action will be in accordance with the general rules of international law.

Stands Against Neutral Flags' Use. This presupposes, however, the abandonment of the use of neutral flags by merchantmen of hostile nations or the arming of such merchantmen. If such tactics were employed, Germany contends, it would be impossible to restrict the operations of submarines in this manner.

The reply suggests that there be constituted in the countries concerned American commissions to which supplies of foodstuffs for the use of civilian populations could be consigned. The plan, it is said, is contemplated in the American proposals.

The reply also suggests that these commissions should be allowed to import and control the distribution of other articles, especially fodder, which are on the conditional contraband list in the declaration of London.

Germany states that interference with articles on the absolute free list in the declaration of London should be abandoned.

Endavors to Be Fair. "What most impressed us of the American note was the evident spirit of absolute fairness in which the American government approaches the problem and its desire to propose a solution which could be accepted by both sides," said a high official of the German government.

"We endeavored in the reply to follow the same rule. The modifications we suggested are inspired by the desire to round out and complete the American proposals. We are sure, for instance, that the American government will have inserted the clause covering armed merchantment if this subject had occurred to them. The reservation regarding the offensive use of anchored mines is justified by the Hague conventions, which expressly authorize such procedure, and even therein it will be noticed that our note says only that we cannot renounce 'completely' the use of such mines. The government is convinced that the American proposals furnish an acceptable basis for a practical solution of the present difficulties and problems of the maritime situation."

Cabinet Discusses Allies' Note. Washington, D. C.—President Wilson's reply indicates that the reply of the United States to the notification by Great Britain and France of their blockade of German ports will uphold the rights of American ships on the high seas. The president said that no nation has the right to change the rules of warfare because the methods of war have changed. He plainly indicated that the United States will not change its previously announced policy, but will continue to make efforts to have the belligerents respect American shipping of a non-contraband character. The president said it was not clear in the British and French new action of the British and French government established a blockade of Germany, although that would be the general effect of the order. He indicated that even though a real blockade were established, no questions affecting the neutrality of the United States would be precipitated by the continued voyages of American ships to Germany. The president added he has not had opportunity thoroughly to digest the contents of the communication from Great Britain and France, but that the question was under serious consideration.

In Style, Except for the Shina.

"I read in the fashion notes that short-waisted coats would be in style this season," commented Mrs. Pozoske to her sister, "so your last year's suit will be right in vogue."

"Yes," rejoined her sister, "but it did not say anything about the new serges having a very noticeable and brilliant gloss on them, did it? I'm afraid I can't qualify with that shine on my skirt."

IF HAIR IS TURNING GRAY, USE SAGE TEA

Don't Look Old! Try Grandmother's Recipe to Darken and Beautify Gray, Faded, Lifeless Hair.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy" you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant. Adv.

What interested him. Sir Arthur Pinero, the dramatist, tells an amusing story of a conversation he once heard while watching one of his own plays in the stalls of a West end theater.

A lady and her little boy were sitting near him, and as the curtain went down on the second act the fond mother turned to her son and said: "Well, dear, are you enjoying it?"

"Oh, yes, mamma," replied the youngster, gleefully; "do you know, there are sixty-nine men in this theater who have bald spots on the tops of their heads! I counted them five times!"

After that the lady enjoyed the rest of the play without asking her young hopeful any more questions.—Pearson's Weekly.

CUTICURA SHAVING

Is Up-to-Date Shaving for Sensitive Skins. Trial Free.

Prepare razor. Dip brush in hot water and rub it on Cuticura Soap held in palm of hand. Then make lather on face and rub in for a moment with fingers. Make second lathering and shave. Rub bit of Cuticura Ointment over shaven parts (and on scalp if any dandruff or itching) and wash all off with Cuticura Soap and hot water, shampooing same time. One soap for all—shaving, shampooing, bathing and toilet. It's velvet for sensitive skins. No-stinging. No germs. No waste of time or money. Free sample each if you wish. Address postcard, "Cuticura, Dept. XY, Boston." Sold everywhere.—Adv.

Sells on Sight. Peddler—Have you any daughters, mum? Housekeeper—Sir! "Please, mum, I don't ask out of vulgar curiosity. I'm selling resounders."

Uric Acid in Your Food

Even dogs can eat too much meat. Certainly, many people "dig their graves with their teeth." Few get enough exercise to justify a meat diet, for meat brings uric acid. The kidneys try hard to get rid of that poison, but often a backache, or some other slight symptom will show that the kidneys need help. The time-tried remedy, then, is Doan's Kidney Pills.

An Ohio Case

James H. Keith, 37 years old, of Columbus, Ohio, writes: "My kidneys were in terrible shape and I had awful rheumatism attacks. For a year I had to walk with crutches. My limbs were swollen and I was all bent over. Doctors didn't help me and I had almost given up hope when I heard of Doan's Kidney Pills. They cured me and I gained thirty pounds in weight."

Get Doan's at Any Store, 50c a Box. DOAN'S KIDNEY PILLS. FOSTER-LIBURN CO., BUFFALO, N. Y.

Sprains, Bruises Stiff Muscles

Sloan's Liniment will save hours of suffering. For bruise or sprain it gives instant relief. It arrests inflammation and thus prevents more serious troubles developing. No need to rub it in—simply apply it once, instantly relieving the pain, however severe it may be.

Here's Proof: Charles Johnson, P. O. Box 108, Zanesville, Ohio, writes: "I suffered my ankle and dislocated my left hip by falling out of a third story window six months ago. I went on crutches for four months. I started to use some of Sloan's Liniment, according to the directions, and I was very glad that it helped me wonderfully. I drew my crutches away. Only used two bottles of your liniment and now I am walking as well with one cane. I never will be without Sloan's Liniment."

"CASCARETS" ACT ON LIVER; BOWELS

No sick headache, biliousness, bad taste or constipation by morning.

Get a 10-cent box. Also you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the congested waste matter and poisons in the bowels.

A Cascaret at night will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your store. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Coated Tongue, Indigestion, Sour Stomach or Constipation. Adv.

His Own Medicine. A medical practitioner on board an ocean liner appeared, rather freely, sea-water among the patients who were ill. No matter what their ailments were, a dose of the briny fluid was quickly handed to them, and they were told to drink it up.

One morning the physician fell overboard, which was a quiet consternation among the passengers. The captain came to the scene and inquired the cause.

"Oh, it's nothing, sir," answered one of the sailors, "only the doctor has fallen into his own medicine chest."

IF BACK HURTS CLEAN KIDNEYS WITH SALTS

Drink Lots of Water and Stop Eating Meat for a While if the Bladder Suffers You.

Meat forms uric acid which excites and overworks the kidneys in its efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. You must be cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

BAR SEAS TO RAISER

COMPLETE BLOCKADE OF GERMAN Y IS DECREED BY THE ALLIES.

ENVOYS GIVE NOTES TO U. S.

Britain and France Forced to Retaliate. Notices Assent—Declare Emperor Substitutes Indiscriminate Destruction for Regulated Capture.

London, March 2.—Premier Asquith announced in the house of commons on Monday that the government had decided to prevent commodities of any kind from reaching Germany or leaving that country.

This means that no foodstuffs of any kind will be allowed to reach Germany. The embargo will also be extended to raw materials.

This action was taken by the British government in retaliation for Germany's submarine warfare against English merchant ships.

England will now try to starve Germany into submission. It is believed that the embargo of the British government upon foodstuffs and raw materials will increase the activities of the German submarines in the "bread war" against England. In making the momentous announcement, Premier Asquith said:

"There is no form of economic pressure which we do not consider ourselves entitled to assert under existing conditions."

Premier Asquith, in speaking of Germany's submarine war, declared: "Germany has taken a step without precedence in organizing a campaign of piracy and pillage."

"This is not the time to talk peace. Those who do so are the victims of self-delusion. The allies will never sheath the sword till all objects wherefore they have gone to war have been achieved."

Washington, March 2.—The substance of the British and French notes is contained in the following statement given out by the state department on Monday:

"Germany has declared that the English channel, the north and west coasts of France and waters around the British Isles are a war area and has officially notified the all enemy ships found in that area will be destroyed and that neutral ships may be exposed to danger. This is, in effect, a claim to the right to torpedo at sight, without regard to the safety of the crew or passengers, any merchant vessels under any flag. As it is not in the power of the German admiralty to maintain any surface craft in these waters, this attack can only be delivered by a submarine agency."

"The law and custom of nations regard to attacks on commerce have always presumed that the first duty of the captor of a merchant vessel is to bring it before a prize court, where it may be tried, where the regularity of the capture may be challenged and where neutrals may recover their cargoes. The sinking of prizes is in itself an inadequate act to be resorted to only in extraordinary circumstances and after provision has been made for the safety of all the crew or passengers."

"If there are passengers on board the responsibility for discriminating between neutral and enemy vessels and between neutral and enemy cargo, obviously rests with the attacking ship, whose duty it is to verify the status and character of the vessel and cargo and to preserve all papers before sinking or even capturing it."

"It is upon this basis that all previous discussions of the law for regulating warfare at sea have proceeded. A German submarine, however, fulfills none of the obligations; she enjoys no local command of the waters in which she operates; she does not take her captures within the jurisdiction of a prize court; she carries no prize crew which she can put on board a prize."

"The German declaration substitutes indiscriminate destruction for regulated capture. Germany is adopting the tactics of humanity. The British and French governments will therefore hold themselves free to detain and to take into port ships carrying goods of presumed enemy destination, ownership or origin."

Negroes Replace Foreigners. New York, March 2.—One thousand negroes are being imported from the South to work in the new subways that are being constructed here. They are taking the place of foreigners who have left the country.

Chilean Steamer Is Seized. Berlin, March 2.—(By wireless).—The Chilean steamer Rancagua, bound for Venice, Italy, with a cargo of saltpeater, has been seized by French warships. The official German news agency announced here.

Engineer Is Killed. Cedar Rapids, Ia., March 2.—H. M. Tittel, a Rock Island engineer, was killed and ten people were slightly injured when a runaway switch engine crashed into a N. W. Western mail here.

TURK FORTS RUINED

DARDANELLES FORTRESSES FALL BEFORE HUGE GUNS.

Transports With a Large Army Sent to Take Sultan's Capital From the Land Side.

London, Feb. 27.—The forts at the entrance of the Dardanelles have been reduced after an all-day bombardment by the Franco-British fleet, according to an announcement made on Thursday by the admiralty.

The announcement states: "The weather moderating, the bombardment of the outer forts of the Dardanelles was renewed on Thursday morning. After a period of long range firing, close range firing was adopted."

"All the forts at the entrance to the straits were successfully reduced."

The operations are continuing. "This means that the bombardment and possible capture of Constantinople by the allied fleet, which has been reported to include 40 warships, is imminent, and that the fleet is present smashing its way through the straits."

The Dardanelles forts, for years considered among the strongest military barriers in the world, have been subjected to almost incessant battering by the shells of the battleships' guns since last Friday, when the supreme effort to force the straits was commenced. Before that there had been several attacks on the fortifications. The bombardment was continued all day Saturday and Sunday, and more than two thousand shells were dropped on the forts in that time. Bad weather for the time compelled the cessation of the efforts of the fleet to reduce the forts, but the bombardment was resumed Monday afternoon, again to be ended by bad weather until Thursday.

Constantinople reported that the bombardment had been almost without effect, but the official announcement of the British admiralty said that the forts were unable to reply because the ships were out of range, and that five of them were reduced by Saturday night.

"The attack on Constantinople will be simultaneous, it is believed here, with an effort on the part of the Russian army to take the Turkish capital from the land side. It was announced last week that Russian transports had been sent with a large army to the Turkish port of Mudi, 60 miles northwest of Constantinople, for an overland march against the gates of the capital."

Vienna, March 2.—Priceless paintings were stolen from a famous castle of Lychenstein Sunday. Seven pictures, among them a Madonna by Lucas Van Leyden, which was purchased for \$35,000, were taken. The authorities have no clues.

NEWS FROM FAR AND NEAR

New York, March 1.—The trial of Harry K. Thayer on conspiracy charges growing out of his escape from Matetan was postponed until March 8.

New York, March 1.—Supreme Court Justice Weeks on Friday denied the application for a new trial for former Lieutenant of Police Charles Becker, who is under sentence of death for the murder of Herman Rosenthal. The application was based on an alleged affidavit by James Marshall, a negro.

3 SLAYERS ARE EXECUTED

Murderers of Women Die in the Electric Chair at Ossining, N. Y.

Ossining, N. Y., March 1.—In a triple execution in Sing Sing prison three slayers of women were put to death in the electric chair on Friday. The three men who paid the penalty for murder were Robert Kane, Oscar Woged and Vincenza Campanelli. Only 25 minutes and 10 seconds were consumed in putting the three men to death. All marched in to the death chamber with heads erect and without faltering.

FEDERAL GRAND JURY INDICTS

Several New Yorkers Charged With Conspiring to Demand the U. S. Government.

New York, March 2.—The federal grand jury indicted Richard P. Stegler, Richard Madden, Gustave Cook and "persons unknown" for conspiring to defraud the United States government in procuring a passport on the application alleged to have been fraudulently signed by Stegler and Madden.

KILLED ON RAILROAD VIADUCT.

Waverly, O.—Brough H. Moore was struck by a Norfolk & Western mail train on the Scioto river viaduct. He had served two terms as recorder of Pike county, and was tax assessor of Seal township.

A PROTEST AGAINST METHODS.

Lima, O.—At the annual meeting of the Ohio Dutch-Swiss Breeders' association, held here, the following officers were elected: President, Walter Harrod, New Hampshire; vice president, Robert Ewing, New Hampshire; secretary, Howard Gerlaugh, New Carlisle; treasurer, Lewis Slack, Delaware. The next annual meeting will be held in Columbus in February, 1915. Resolutions were adopted protesting against the serum simultaneous treatment by the federal government.

BEST COWS IN WHOLE WORLD

OHIO HAS 16 OF THE FINEST COWS IN THE UNITED STATES.—TESTS JUST COMPLETED.

GUERNSEY IS THE CHAMPION

In Year's Time Famous Murne Cowan, of Barberton, Yielded 24,000 Pounds of Milk.

Western Newspaper Union News Service. Columbus.—"Eight of the sixteen highest producing cows of the world are to be found in the state of Ohio. This is more than any other four states put together. Ohio has good reason to be proud of her queens of the dairy world," declares Prof. Oscar Erf, head of the dairy department at Ohio State university. "Each of these eight cows produce over 360 pounds of butter a year."

Tests which were recently completed by the dairy department have given to the Buckeye state the distinction of having the highest producing cow in the world. The new queen of the dairy world is Murne Cowan, a five-year-old Guernsey cow, Ohio bred, which has just completed a year's test during which time she produced 24,000 pounds of milk or over 12 tons.

Murne Cowan is owned by the Anna Dean farms of Barberton. No estimate is placed on her cash value, but recently it is claimed that one of her calves sold for \$20,000. This cow has been milked for the past year four times a day. During the year this cow's milk averaged five per cent in butter fat. The total fat content was 1,906 pounds, which churned out over 1,406 pounds of butter.

Some of the other famous cows of the state which have attracted world-wide notice of late are Daisy Grace De Kol, who recently produced 21,718.3 pounds of milk and 923.2 pounds of butter fat; Banostine Belle De Kol, who produced nearly as much as Murne Cowan; and Hildene Hartog De Kol, who follows close to Banostine Belle De Kol.

OHIO CIVIC CONGRESS TO MEET.

Columbus, O.—Twenty speakers will be in the program of Ohio State Civic Congress to be held in the Chamber of Commerce Auditorium here March 1 and 2, in the interest of stronger laws against vice and better city government. Among the more striking subjects are: "Dangers of the 'Man Drunkenness,'" Hon. J. Lenz, of Columbus; "White Slavery," Hon. Clifford G. Roe, of Chillicothe, attorney and vice investigator; "Fun and Fury of Governing a City," Chief of Police Carter, Columbus; "Crime Breeders and How to Destroy Them," Warden Thomas, of the Ohio Penitentiary; "The Unwed Mother," Miss Evangeline Reams, of Columbus.

BIG ANNUAL SAVING IS MADE.

Columbus, O.—Harry T. Hall, state superintendent of banks, appeared before the Howard salary-cutting committee and said he is working on a plan of reorganization for his department which will result in an annual saving of about \$20,000 to the state. The bank superintendent said this could be done without impairing the efficiency of the department. He reported several salaries that are too high and also too much help in some instances. He did not give details of his plan, telling the committee he has not completed his proposed system.

HIT THAT DELICATE SPOT.

Columbus, O.—Jesse Hann, patient at the Gallipolis State Hospital for Epileptics, fell off a 56-foot cliff, went through a tree, struck on his head, rolled down a hill for 100 feet, and within 15 minutes was taken away to the hospital complaining of having skinned his shin, according to an official report made to the state board of administration by G. C. Kineon, of the Gallipolis hospital. Hann was a privileged patient from Morgan county.

LIMA PASTOR GOES TO SIDNEY.

Lima, O.—Rev. D. F. Schultz for the past eight years pastor of Zion Lutheran Church here, will leave May 1 to accept a call to the Evangelical Lutheran Church in Sidney, Ohio. Rev. Mr. Schultz goes with the consent of his congregation, given at a congregational meeting.

KILLED ON RAILROAD VIADUCT.

Waverly, O.—Brough H. Moore was struck by a Norfolk & Western mail train on the Scioto river viaduct. He had served two terms as recorder of Pike county, and was tax assessor of Seal township.

A PROTEST AGAINST METHODS.

Lima, O.—At the annual meeting of the Ohio Dutch-Swiss Breeders' association, held here, the following officers were elected: President, Walter Harrod, New Hampshire; vice president, Robert Ewing, New Hampshire; secretary, Howard Gerlaugh, New Carlisle; treasurer, Lewis Slack, Delaware. The next annual meeting will be held in Columbus in February, 1915. Resolutions were adopted protesting against the serum simultaneous treatment by the federal government.

MRS. ATLEE POMERENE

Mrs. Atlee Pomerene, wife of the United States senator from Ohio, is the newly elected president of the Congressional club in Washington. The club is important as the social center of official life in Washington.

THE SITUATION IS SERIOUS

Warning Issued by Inspector in Ohio Live Stock Situation.

Columbus, O.—Seriousness of the situation in the Ohio live stock industry, because of foot and mouth disease, is called to the attention of the state in a statement issued by L. P. Beechy, United States Inspector in charge of the quarantine work. Dr. Beechy makes an appeal for a quick clean-up that the Ohio live stock men may again resume the trade that they have been deprived of since the disease broke out. He says: "The foot and mouth disease situation in Ohio is more serious than any time since the extensive outbreak of last fall was got under control."

"A new center of infection developed in a county which heretofore had been free from the disease, and, consequently, had not been under quarantine. Three car loads of cows were shipped into the county from another state; whether these cows were exposed prior to shipment or while in transit, has not yet been determined. After arrival at destination the cows were examined by a neighbor, with a view of buying. Some were taken to neighbors and others to farmers in other parts of the state."

"Many of Ohio's natural markets are closing against the state. Ohio can not afford to be indifferent in the matter. The great live stock industry of Ohio is troubled enough with tuberculosis and hog cholera; it can not afford to permit a still worse scourge to become a permanent inhabitant, as it were, causing it to be barred from the markets that rightfully belong to it."

BUCKEYE BREVITIES

Greenville, O.—Frank Kelly, charged with second degree murder, was acquitted by a jury. Kelly was charged with having slain George Niebarger.

Warren, O.—Three hundred thousand Ohio suffragists are to protest against the repeal of the indeterminate sentence law, said Mrs. Harriet Taylor Upton, president of the state's suffrage party.

Akron, O.—Four Summit county dairies are under quarantine by order of Dairy and Food Inspector B. F. Ford, as a precautionary measure to prevent the spread of the foot and mouth disease through this section.

Toledo, O.—"If the hotel and saloon keepers of Toledo want prohibition they give it to them. We can get \$100,000, and with Wayne B. Wheeler, we'll make this town as dry as a Sunday-school picnic." This was the threat of Business Agent Harry Overmyer, of the Bartenders' union.

Manassah, O.—Six car loads of furniture for the new state hospital at Lima were shipped from the reformatory at Manassah. The shipment consisted of beds, chairs, washstands, desks and other furniture which will be used in the new institution. The prisoners at Manassah will be busy for several weeks completing the furniture order for the Lima hospital.

Washington, C. H., O.—Burglars entered the country home of Thomas Harper, near Elginfield, ten miles north of here, and, after securing \$60 in cash and shooting Mrs. Harper in the hip and her son, Charles Harper, in the temple, escaped.

Dehance, O.—H. A. Spangler will be the new postmaster of Dehance. Senator Pomerene sent him the name of the postmaster general, thus ending the long-drawn-out fight over this office. Mr. Spangler is now a clerk in the county assessor's office.

WHAT \$100 DO FOR THIS WOMAN

The Price She Paid for Lydia E. Pinkham's Vegetable Compound Which Brought Good Health.

Danville, Va.—"I have only spent ten dollars on your medicine and I feel so much better than I did when the doctor was treating me. I don't suffer any bearing down pains at all now and sleep well. I cannot say enough for Lydia E. Pinkham's Vegetable Compound and Liver Pills as they have done so much for me. I am enjoying your medicine. I take pleasure in telling my friends and neighbors about them."—Mrs. MATTIE HALBY, 501 Colquhoun Street, Danville, Va.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere are giving testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

Methodist Notes.

District Superintendent Gallimore conducted our second quarterly conference last Monday evening and reported a general increase of membership in the churches of Norwalk district.

The first Sunday in April will be Easter Sunday. We hope to observe the day appropriately. Meetings will be held at the McKendree church the week preceding in the observance of Passion Week. Next Sunday will be Missionary Sunday in the Sunday School.

The west division of the Ladies' Aid Society will hold an exchange in the church parlors next Saturday, March 6. All kinds of baked articles will be on sale. This is the first of a series of exchanges that the ladies expect to hold. Patronize them.

Remember the Methodist Men's convention at Columbus, March 17, 18 and 19.

SCHOOL NEWS.

(Conducted by Superintendent)

On last Wednesday evening, Prof. S. L. Eby of the Kent State Normal School met sixteen teachers and four Plymouth High School seniors at the school building in the interest of teachers' normal training work. Although we had no lessons ready, we listened to a good training work. Prof. Eby. We shall meet at the same time next Wednesday evening and recite on the first chapter of King's "Social Aspects of Education." On the completion of this book each person who has attended at least 30 per cent of the meetings will receive a certificate of credit for three weeks' normal training work. Had we been able to enter this work at the beginning of the school year, we could have completed enough work to have entitled us to six weeks' normal training work. This is certainly bringing it to our doors.

The High School band and others from Plymouth enjoyed the basketball games at Chicago Junction last Friday night. It was a good experience for the band, and we enjoyed ourselves to say the least. The Chicago people treated us royally. They certainly have some basketball teams there.

As soon as the weather will permit the High School band will give a Saturday evening street concert which will be soon we hope.

Funeral Notice.

The following death notice received from Los Angeles, Calif., Tuesday evening, says:

CODY - At 833 Boston St., Feb. 23, Mary C. Cody, wife of George Cody, the late Mrs. Ross R. Cody, grand daughter of Mrs. Mary E. Bennett, niece of Mrs. Edith R. Armstrong, a native of Illinois, aged 20 years. Funeral services at Broadway Christian church, 223 North Broadway, Thursday at 10 o'clock. Interment Evergreen cemetery. John R. Paul Co., funeral directors. The deceased was quite well known here, having visited here with her mother less than three years ago, then being enroute to Paris to take up the studies of music and painting with her mother, who spent her early girlhood in Plymouth, and was a student and teacher in our public schools, having preceded her to the life beyond some several weeks ago.

Are You Rheumatic? Try Sloan's

If you want quick and real relief from rheumatism, do what so many thousand other people are doing whenever an attack comes on, bathe the sore muscle or joint with Sloan's Liniment. No need to rub it in—just apply the Liniment to the surface. It is wonderful in its action. It goes right to the seat of trouble and draws the pain almost immediately. Get a bottle of Sloan's Liniment for 25c. of any druggist and have it in the house, near the bed, sore and swollen joints, rheumatism, sciatica, and like ailments. You get money back if not satisfied, but it does give almost instant relief.

Every indication is that the quarantine will be reduced to the 3 mile limit in Huron county by Saturday or maybe before that date, says the Norwalk Reflector. Nothing has been announced in the last month that will give as much joy to all Huron county as this news. It came Wednesday morning when Dr. Phil Fulwold and Fros. Atty. Carpenter held a conference over the telephone with Dr. Broerman, f-d-r-d doctor in charge of this district, and who is now located at Westington. The condition of Huron county was again put up squarely to Dr. Broerman and it was pointed out that the quarantine was not to be reduced to the 3 mile limit until the 3rd of March.

Shoes Given Away Free.

To the readers of the Advertiser and citizens:

If you read this article carefully you may be able to select a pair that will fit your feet, as there is most any size. If any fit put them on. Remember you make your tracks in the sands of time and the public is keeping its eyes on your tracks. You make this trip once only. Get busy and see that if some of the conditions that are holding our town back from progress cannot be removed. Wake up! Help unload the burden that holds us down. We may boast of our age, but here are a few things we cannot. We are favored with a good rich farming community all around us. With good roads and enterprising factories the town does not feel the depressed times as some do. Every person seems to keep busy. With good schools, churches and business places, railroad conveniences and other advantages we should prosper. We are greatly in need of more houses. Quite a few people would move here if they could get a house to move into. People will soon have to move out of town to start house-keeping. How can a town grow when no one builds?

It is for these accommodations people get that draws them to a certain place. Your business grows according to your accommodations. Let us stop and see what we are doing. Why not improve on some of the following:

During the summer months we have our hand concerts on Saturday evenings to help draw the crowds here. The people come and this is how we care for them. Plymouth made a sad mistake when they paved the center of the public square. A part of this space should have been used for more valuable purpose. We need a public toilet and wish to say it is a disgrace to overlook this important matter. We have no public accommodations except hotels. Take our S. N. & M. waiting room. The law requires every public waiting room to be provided with such necessary accommodations. Have you seen such? I have seen people looking very anxiously was failed to find this. If you have ever been in a strange place you no doubt know the importance of this. Besides the many mothers and children that come to our town to trade and visit. Have you often noticed mothers with children who were at a loss to find a place to give the necessary attention. It is a shame for a town one hundred years old and no further ahead than a People drive their horses eight and ten miles to trade, and stay several hours, and then go home to water their poor horses. Some men can hardly wait until they get to town to get their drinks. A few years ago cars were used to bring the water to the right place, purchased a public drinking fountain. It was properly installed. But the new council held a "local option" election and voted the town dry for four legged beasts. Another shame. If horses could talk I am sure they would never come to Plymouth. I have heard people say if the town went dry they would never come here. Yet they speed their horses here to get their drinks, but not even water for their poor horses. How some people look at things. The little water we give away is worth to us.

On Saturday evenings the people do their trading. After the stores have their money they can go outside and walk the streets for the balance of the evening, and perhaps carry several small children, and they never become tired after working hard all week. What few sits there is are taken up while they are not doing their shopping. I have noted some talk to old men (so called) holding their seats all evening. I have often thought if our merchants would invest in better accommodations for their patrons it would be money well spent. It is a fact that many people have come home before they had paid, all on account of the poor accommodations. And why not? A park should have been provided in the center of the public square with a band or speaking stand, a public toilet, drinking fountain and plenty of comfortable places as well as places to park automobiles. It would have cost but little more, as it would have saved paying and made us an up-to-date town.

We have the fountain stored away with the fire bell purchased a year ago. We may need this some day in case the tin can now in use rusts out or breaks. The fire boys need no alarm as they are always awake looking for some easy money. This tin can is only used to wake up the occupants and horses. The council should see that it is kept well greased so it will last during their term. Perhaps some other fellow will have to care for it after this.

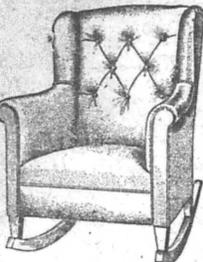

Perhaps they are all too busy trying to get us a drink of water. This tin is another very important question and should be carefully looked into, as a bad move would close the gates to our towns for years to come. Why take expensive chances for our savings? A test well near the plant would settle the question, I am sure. The council could pump this just outside the plant at a little extra expense. When the large well was made I had charge of the pumping of the water so men could work. The one drilled of which came to the edge of this large well was filled so full of little stones it was impossible to run a rod in it. This was the only well we had. The pump ran day and night. The three in a street had

Plymouth's Exclusive FURNITURE STORE

We wish to announce that we have placed upon our floors some of the prettiest patterns in

Furniture

ever shown here, and you will find our stock larger than ever before. Our prices you will find are right and we ask you to come in and look them over.

See Our Line of Brass Beds.

May we have the pleasure of showing you.

Miller's Furniture Store

South Side of Square PLYMOUTH, OHIO

filled. If this one well was cleaned out or enlarged, and a reservoir could be made to hold it, I am sure the council could leave the troublesome water question and take a good drink.

Another mistake was made by our grocermen when they quit buying butter from our country folks. This is what country folks depend upon to buy their groceries. I am sure we townpeople were glad to see it come in. The farmers are not going to peddle their butter and take the money to the grocery. There are good roads to other towns where they are glad to see them come, buy their trade and sell to them. A few miles in distance makes no difference with an automobile and good roads. Besides they set up a howl if the farmer buys from a catalog house. I know of several people who don't all their trading in Plymouth until this ban was put on butter and now they buy nothing or sell nothing, not even their grain. You can drive trade away, but you can't drive money to the grocery. Remember the country people support we need to make a good town. We must buy from them if we expect them to buy from us.

A little stroll down the streets reveals to our sight rubbish in driveways and alleys which should be removed at once before warm weather comes. Even some of the halls and stairway entrances resemble the entrance to some machine room or factory, rather than some office or cleaner business. A few dollars would do wonders in improvements. I am not a member of the health board, and have not met in session for some time; I have tried to but our president, (the city mayor) could not. Suppose he was on the water wagon and no steps to get him off. However our officer has his eyes open. I do not boast of these facts but as a citizen feel ashamed of them. Until these barriers are removed we should not ask our friends to come to our centennial. When they have been away from Plymouth for many years, in other towns where people realize the importance of these improvements, to come home and find we are so far back but in years. I do not believe in kicking, but dead men never kick. Are you alive to the interest of your town? Paving streets is necessary, but good sewerage is more necessary and should be done first.

As this article was only intended to touch the high spots, I hope I have not missed too many. Not meant for any offense but for the betterment of our town. I will touch where people realize the importance of these improvements, to come home and find we are so far back but in years. I do not believe in kicking, but dead men never kick. Are you alive to the interest of your town? Paving streets is necessary, but good sewerage is more necessary and should be done first.

Personal Mention

John Schringer of Mansfield, was a visitor in Plymouth this week.

A. C. Miller of Rome, was a guest of his sister, Mrs. Lons Luxon, Tuesday.

Henry Clements left for Sandusky Friday morning where he will spend a month at the Soldiers' Home.

Miss Harriet Rogers is spending a few days in Mansfield, the guest of Mr. and Mrs. Ralph Ackerman.

The Misses Hanck are in Cleveland this week and next, attending the first summer openings of advanced styles in millinery.

Mesdames George and Elmer Tinkney of Mt. Vernon, have been spending a few days this week among their Plymouth relatives.

Lawrence Murphy left the first of the week for Long Beach, Long Island, where he resumed his position with the U. S. Drainage and Irrigation Co.

Mrs. Mary Rabold, left Tuesday for Plymouth to visit her daughter, Mrs. Frank Criswell, before Mr. and Mrs. Criswell leave for Montana. Shelby Globe.

Mrs. Chas. McDonough and son, of Cleveland, who had been spending a few days with Plymouth relatives, returned home Thursday accompanied by Mr. and Mrs. Robert McDonough.

Mrs. F. M. Cross attended the funeral of her little nephew, Byron Milburn, at Chicago Junction, Thursday afternoon. The baby died of some meningitis, being sick only a few days.

No Use to Try to Wear Out Y ur Cold - It Will Wear You Out Instead.

Thousands will keep on suffering coughs and colds through neglect and delay. Why make yourself an easy prey to serious ailments and epidemics as the result of a neglect of cold? Coughs and colds sap your strength and vitality unless checked in the early stages. Dr. King's New Discovery is what you need, the first dose helps. Your head clears up, you breathe freely and you feel so much better. Buy a bottle today and start taking at once.

RHEUMATIC SUFFERERS GIVEN QUICK RELIEF

Pain leaves almost as if by magic when you begin using "5-Drops" the famous old remedy for Rheumatism, Lumbago, Gout, Sciatica, Neuralgia and kindred troubles. It goes right to the spot, stops the aches and pains and makes life worth living. Get a bottle of "5-Drops" today. A 50-cent bottle with each bottle gives full directions for use. Don't delay. Demand "5-Drops." Don't accept anything else in place of it. Any druggist can supply you. If you live too far from a drug store send One Dollar to Swanson Rheumatic Cure Co., Newark, Ohio, and a bottle of "5-Drops" will be sent prepaid.

Dr. King's New Discovery

Will's Kidney and Bladder pills FOR BACKACHE

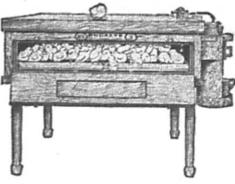

Rather chilly, at that.
How are you and the gripe?
Easter four weeks from Sunday.
March came in as gentle as a lamb.
Nearly one week of March has already passed.
A week from Wednesday will be St. Patrick's day.
Hoboes in number strike the town nightly for a flop.
St. Patrick's day is the first green spot on the horizon.
Very little maple syrup has found its way into market so far.
Wednesday with a cool air and snow flurries was a real March day.
Many farmers who will exchange locations, are already on the move.
A masquerade ball will be given in Hamilton's hall this (Friday) evening.
Born—To Mr. and Mrs. Harry Holmes, of Canton, Ohio, a son, Feb. 27, 1915.
The Ladies' Aid Society of the M. church will meet with Mrs. Beelman, Tuesday, March 9.
Clark Brothers have just installed a large and handsome refrigerator in their grocery store.
Petitions are now being circulated throughout Ohio calling for another wet and dry election in 1915.
The Huron county board of visitors has again pronounced Plymouth's lockup clean and in excellent shape.
For Rent—Five rooms for housekeeping, centrally located. Enquire of Mrs. Ed. Sherman, or phone R 128.
Farmers have your feed ground fine on the old-fashioned French burrs, at Cuykendall's mill. Ground while you wait.
Alton Becker, who has been confined to his home for several days past with pneumonia, is reported as somewhat improved.
Remember the Kinyon Concert Co at the Lutheran church March 9, 25c for adults, 15c for children under high school age. 7:30 p. m.
The west division of the Ladies' Aid Society of the M. E. church will hold an exchange at the church parlors, Saturday afternoon, March 6.
The Peoples National Bank puts the kibosh on Canadian money the first of March and will only accept it at the regular discount of 20 per cent.
Lost—On road between Boughtonville and Chicago Junction, a brown fur muff. Finder notify M. I. Maynard, Boughtonville, O., and receive reward.
The Kinyon Concert Company that will appear at the Lutheran church March 9, comes with the best of recommendations. Do not miss the opportunity of hearing them.
The old-fashioned old maid who used to wear corkscrew curls now has a bachelor girl's niece who sends her hair out every now and then and has a permanent wave put in it.
Chris Sheely and family moved into their new home, recently purchased of Chas. Hanville, in the Cuykendall addition, Tuesday, and will be here to help celebrate our centennial anniversary.
F. B. Lofland, the grocer, has just added three floor show cases to his place of business, which together with the extension of the shelving, gives much more room to display goods and enhances the appearance of the room.
The little babe, daughter born to Mr. and Mrs. Emory Fidler, last week Saturday, like a flower in the spring time soon withered and passed away, having died shortly after birth. It's body was buried in Mt. Hope cemetery near Shiloh Monday afternoon.
Marquerite, little daughter of Mrs. Georgia Boardman, who underwent an operation at Cleveland last week for the removal of her tonsils and adenoids, has been making very satisfactory progress, and is expected to be returned to her home here by the end of the week.
Wednesday being the nineteenth wedding anniversary of Mr. and Mrs. Chas. Russell, about forty of their friends assembled at their home on Plymouth street in the evening and were very pleasantly entertained with music, games, etc., and where, too, an elaborate luncheon awaited the guests.
The Vesper Service of the Lutheran church advertised for last Sunday afternoon was obliged to be postponed on account of the pulpit supply failing to arrive. However, the service will be given this following Sunday afternoon, March 7, at four o'clock. The same program will be given as appeared in last week's paper.
About a dozen hoboes were entertained by Marshal Hills Tuesday evening at the aluminum palace, but owing to a council meeting that evening, the hoboes were late in retiring and had to seek shelter in the hallways until the council closed their session, after which the knights of the road made a hasty toilet and then hit the hay.
W. F. Reed has had one of the large maple trees removed from in front of his home on Plymouth St., thus letting in more light and sunshine to his home. Ordinarily the trees that line the streets are entirely too close together, and if half were removed they would furnish more shade than they do at present, as their growth is all upward.

The village council has purchased an Underwood type-writer for Clerk Jeffrey.
W. I. Keeler, breeder of R. C. Rhode Island Reds. Eggs for sale, Plymouth, Ohio.
Mrs. Jno. A. Root entertained a large number of friends at dinner on Friday of last week.
Ask your grocer for Cuykendall flour and patronize home industries. Non Bleached and every sack fully guaranteed.
Considerable sickness, mostly the gripe, prevails in this locality and many of the more aged are threatened with pneumonia.
For Sale—Reed baby carriage and a refrigerator, both in excellent condition and will be sold at a bargain. For particulars call at this office.
For Sale—A few Barred Rock cockerels at \$1.00 each. Also eggs for hatching at 50c per setting. MRS. MACK ROGERS.
The Unity Bible class of the Lutheran church enjoyed a social in the church annex Wednesday evening. An elaborate menu was served.
A telegram was received here Thursday by friends, from Hallendale, Fla., announcing the death of Harold Sjostrom, son-in-law of C. F. Youngs.
H. L. Derby, Huron county home agent, was in Plymouth on Wednesday looking after Harry Stauffer, who has been neglecting his family.
Have you your ticket for the entertainment at the Lutheran church, Tuesday evening, March 9th? Only 25c for adults and 15c for children under high school age. 7:30 p. m.
The Plymouth Gun Club will give a St. Patrick's Day shoot at their grounds in Plymouth Wednesday, March 17. There will be ten fifteen blue rock events and sportsmen from all over the country have been invited.
"Have you an engagement for Tuesday evening?" "Of course, haven't you? I am going to attend the entertainment given by the Kinyon Concert Company at the Lutheran church. It begins at 7:30, you know."
Plymouth now has a golden opportunity to secure another new enterprise that will employ twenty or more men on the start, with every indication of growing bigger and bigger as the months advance, more about which we hope to be able to give our readers in our coming issue.
After the close of business Saturday evening, H. L. May and Dr. Chas. Walker exchanged their locations in business. Mr. May is moving his barber shop to the rooms formerly occupied by Dr. Walker as an office, while the Doctor took the rooms that Mr. May occupied as a barber shop, both places being in the same block.
The Blackfork Oil & Gas Co., who are drilling a well south of town are now down about 1500 feet and are supposed to be in Clinton rock formation. The company feel very hopeful in striking gas or oil, and even if this well should be drier will put down three others, as they intend to make a thorough test for oil or gas in this territory.
Last Saturday evening Mrs. I. S. Hosler was happily surprised by a host of friends and neighbors who reminded her that she had reached another milestone in life. The evening was spent in playing games and in neighborly chat. At a late hour lunch was served, after which all returned to their homes wishing the hostess many more happy birthdays.
On account of his removal to Butler, O. just, who has been a member of the council for nearly a year and a half tendered his resignation at the regular meeting of that body Tuesday evening, and the same was accepted. No action was taken to appoint his successor at this meeting, but possibly will come up at the next regular meeting to be held the first Tuesday evening in March.
The Plymouth township trustees together with Engineer Glasgow finished the survey of the Kuhn-Ehret ditch Tuesday. The improvement starts on the old Kinsol farm and extends through same to the B & O railroad, thence through lands of J. J. Downend, Mrs. Sarah Franzer and Jesse Kuhn to the Hazel Run road, and will be tiled for nearly half its length, the total length being over one mile.
The council at their meeting Tuesday evening reported the figures on the Brown road improvement, which is \$389 per foot. These figures are based on a stone curbing, five inch concrete base and the very best of paving brick. No further action was taken at the meeting Tuesday evening, but whether or not the improvement will be done this coming season will no doubt be settled at the next regular meeting.
Our spring line of samples is now ready for your inspection and a finer lot of woolens we never saw. Come in and look them over, we are proud of them. You take no chances in ordering a suit from us. We guarantee absolute satisfaction and back of our guarantee stands the old reliable tailoring house of J. L. Taylor, Chicago and New York. We need your patronage and believe we shall eventually get it. Come in and see us anyway, you are always welcome. HATCH & HATCH.

For Sale—Silver Campine eggs from prize-winning birds, at \$1.00 per 15. Orders filled in rotation as received and paid for.
DR S S HOLTZ.
The members of Paris Lodge I. O. O. F. who wish to attend the meeting with Sharon Lodge at Shelby on Tuesday evening next, please take the 6:41 car. Mansfield lodge and Beamer's orchestra will attend. A class of ten for first. Good time assured. Invitation to all. Mansfield degree team will put on work.
S. Bottenfield, Sec'y.
The first of April will soon be here and as a large number will be delinquent on this date for their subscription we will greatly appreciate it if they will call in or remit what is due us up until this time, thus saving us the trouble of mailing out statements and the unnecessary expense of postage. Publishing a paper at \$1.00 a year and then to let it at the expense of sending out statements leaves the printer holding the bag at the short end.
Owing to the bank refusing to take Canadian money, except at 20 per cent discount, the business houses about town have also adopted the same rule, therefore it stands all in hand taking change to scrutinize it closely to see that they get no Canadian money. Banks and business houses in other towns have adopted the same policy, brought about largely by the excessive charges by the Canadian government in exchange through the clearance houses.
How would you like to pay \$112 an inch for advertising? That is what it costs in the Saturday Evening Post under the lowest contract price, is \$3,500 a page and \$6,000 a double page. To obtain this rate however, \$50,000 worth of advertising must be contracted. And yet when a newspaper asks 10 cents an inch for a page advertisement, which requires the same work and time to set up as it does in the metropolitan papers, merchants and advertisers think it is highway robbery.
Everyone interested in the coming centennial celebration, and the committees especially, should be on hand promptly at the Masonic club rooms at 7 o'clock this (Friday) evening, when all matters pertaining to the coming event, date, etc., will be determined. There will be a lot of work connected in arranging for the centennial, therefore everyone should be interested and do his or her share as the success of the centennial rests with the interest taken by our citizens. Are you ready to do your share?
Probate Judge Rowley expects to announce the names of the women who are to be beneficiaries under the mothers' pension law, which will become operative this month. The individual accounts to be paid out under this law at the outset will necessarily be small as the amount available for the entire year is only about \$2,000. The judge has been investigating all cases very carefully with a view to helping the greatest number of worthy applicants. The beneficiaries will represent all sections of Huron county.
When arraigned before Justice of the Peace J. M. Bechtol Tuesday morning at Norwalk on the charge of violating state game laws, Leonard Kookon, of Ripley township, plead guilty and was fined \$25.00 and costs. He made arrangements to pay his fine and was released by Justice Bechtol. W. F. Holcomb, deputy game warden, who has been very active prosecuting violators of hunting laws filed complaint with Justice Bechtol that Kookon had pursued muskrats with intent to kill on Sunday, Feb. 14. This a clear violation of the state law and his prosecution followed.
Two residence properties in Plymouth changed owners Wednesday, the first being the Mita Fackler property on Sandusky street, which was purchased by Mrs. Jennie Ernest of Atica, for a consideration of \$4,000, and who will make Plymouth her future home. Mrs. Fackler in turn has purchased the Kirkpatrick property on High street, the purchase price of which was \$2,000. Mr. Kirkpatrick and sister are undecided as to the future, and will take their time in looking about before they purchase, and possibly may conclude to take up their residence in Cleveland.

For Sale.
The M. Billstein property on North street, in Plymouth, Ohio. For particulars write to Wm Billstein, care Columbia Clothing Co., Duluth, Minn., or to Mrs. Rena B. Froehlich, 5511 Cornell Avenue, Chicago, Ill.

SMOKE THE Katy-did Cigar

NEW APPELLATE COURT DISTRICT

ELEVEN COUNTIES ARE NOW UNDER ONE COURT—RELIEVE BURDEN ON COURTS.

THE PRESSURE IS TOO GREAT

Assistance Must Be Asked From Other Judges in Order to Get All the Work Done.

(By Benny Donovan.)
Columbus—Senator Lloyd's bill, creating a new appellate court district, is hailed as one of the few really constructive and worthy bills that have been introduced so far this session. Lawyers and bar associations throughout the state endorse the bill and declare it a step in the right direction. Enactment of the Lloyd bill will relieve in great measure the burden that at present rests upon the appellate judges of the second district, in which Franklin county is included.

To Improve Practice
Rifle practice orders for the Ohio National Guard for the present year have been issued by Governor Willis, as commander-in-chief of the guard.

For the indoor practice fifty-foot ranges will be offered for field contests. Team matches will be shot at home stations between the first and twentieth days of April. Teams will be composed of six from each company, one member of which shall be a commissioned officer. For each regiment a prize of \$50 will be given, \$20 to the team winning first place, \$15 to the one winning second, \$10 to the third and \$5 to the fourth. A prize of \$100 will be divided among the four regiments doing the best shooting. The outdoor shooting will begin when the weather is suitable.

Commission Will Get \$25,000.

According to Representative Black of Wraydon court, secretary of the new prison site commission, the legislature will only make an appropriation of \$25,000 for the commission for the next year. This amount has been requested by the commission, and has not with the approval of the finance committee of the house and senate. It will be sufficient to keep the commission alive, and that is about all. None of the new buildings can even be started on the amount, nor can an architect be appointed. It will enable the commission, however, to inspect other state prisons and reach some definite plans as to what it will recommend for the site near London.

Charges Increased.

The utilities commission has authorized the Ohio carriers, effective April 1, to assess increased demurrage charges on refrigerator cars. The increased charges are \$3 for three days after the car has been held free for two days; at \$1.00 per day for the next three days, and \$5 per day for all days held over one week. The carriers have argued that these charges will result in a cheapening of the perishable goods hauled in such equipment because it will tend to a quicker release of any such cars and make it too expensive for a commission man to hold a car of produce for expected rises.

Would Save Rent.

The removal of the state binery, which is located in rented quarters at Chestnut and Third streets to state property, is recommended by State Printer J. E. Cross, who says that such a change would save the state \$7,000 in rent annually. The binery was moved from the grounds of the state school for the deaf to its present location when E. A. Cross was printer some two or three years ago. Soon after taking office, Mr. Cross, who is a Portsmouth newspaper man, decided that it was costing too much to house the binery in its present location and he decided to recommend a change.

The Price of Drugs.

The European war is playing havoc with the price of drugs and advances ranging from 10 to 200 per cent have been made in many of them. This fact was brought to the attention of the state board of administration when E. A. Cross was printer for thousands of dollars' worth of drugs to be used at the various state hospitals and institutions under the management of the board, for the coming year.

Bolin Quits \$3,000 Job.

The resignation of the state library board, now controlled by Republicans, Stuart H. Bolin, of Columbus, has offered his resignation as director of the legislative reference bureau to which he was appointed by Gov. Cox. The salary was \$3,000.

Opening State Fight.

Anti-suffrage are the aggressors in the first equal suffrage skirmish in the general assembly. Although the suffrage advocates having made no demands upon the assembly and have not even indicated whether they will make any demands, the "anti" are snatching the initiative and writing letters asking the voters not to grant presidential suffrage. Evidently the suffrage opponents fear the suffrage assembly will vote for limited suffrage, which it is within the power of the assembly to grant.

Talk of Early Adjournment.

Hamilton county representatives told Speaker Conover they are tired of what they said is a tendency on the part of the administration to disregard the wishes of Cincinnati interests. Members of the delegation characterized their conversation with the speaker as "discussing an ultimatum." They said a number of reform measures have been aimed particularly at Cincinnati, and that if their wishes were not considered more in the future than in the past they "would bolt the entire Republican legislative program." They had come here in full sympathy with the administration, Speaker Conover was told, but this sympathy had been strained seriously, almost to the breaking point.

Talk of early adjournment was general among legislators here as the result of the proposal contained in the Hamilton county delegation's joint resolution to adjourn by March 19, introduced in the senate by Senator Pink, and to be presented to the house by Representative Yeatman. Members of the Hamilton county delegation declared they will compel the legislature to take their adjournment proposal seriously despite reference of the Pink resolution to the senate finance committee, which is expected to smother it. They promised to enlist the support of a large proportion of the Democrats, many Republicans and opponents of the Garver-Quinlan conspiracy amendment in the fight for early adjournment. Representatives Shank, of Medina and Deaton, of Miami, were active in talking adjournment among members of the house.

Heavy Daily Expense.

The resolution contained many sharp and stinging criticisms, the preamble reciting that since the convening, January 4, nothing of importance had been done, although the daily expense was several thousand dollars. Noting that few measures of value had been offered, it was stated that the most pressing business was to provide for the appropriations and redeem a few campaign pledges. As the people were generally demanding that the general assembly adjourn and relieve them from prolonged and needless expense therefore the early date was recommended, it was stated. This was, on its face, a studied innuendo that there was no ability to proceed with intelligence. It was the intention to have the resolution offered in the house as well as in the senate, but Representative Willis Yeatman could not secure recognition before adjournment.

Hold Big Convention.

"Let the church of Columbus come to the front. This is recognized to be the leading Methodist city of the state and anything less than 2,000 men would not be worthy of Columbus Methodism." In an announcement issued, H. B. Dickson, secretary of the Ohio convention of Methodist men, which is to open its sessions in Columbus March 17, makes the above statement. A great parade is being arranged as one of the features of the convention. Columbus is expected to provide at least 2,000 marchers of a total of 4,000 who, it is expected, will be in the line-up.

No Insurance Merger.

In an opinion rendered, Atty. Gen. Turner holds that the proposed merger of a number of Ohio and West Virginia life insurance companies is unlawful and that the superintendent of insurance has authority to pass upon the question under the blue sky law, instead of the superintendent of banks. The head of the blue sky law, in the department of banks already has issued a certificate of compliance to the trustees of the proposed merger.

Would Protect Quail.

The house committee on fish and game culture voted to report out House Bill No. 24, fixing a five years' closed season on quail. Representatives W. W. Yeatman, of Cincinnati, read several communications from the Western Ohio Game Protective association and fought against reporting out the bill and, finally, with Mr. Sprague, of Scioto county, refused to sign the committee report.

Discusses the O. N. G.

The solution of the problem of efficiency as it relates to the Ohio National Guard is found in the Chamberlain bill now pending in congress, according to Adj. Gen. Benson Hough. With a view to stimulating interest in military service the pending measure provides that the United States government shall pay officers and enlisted men for service in the state militia.

May Repeal Two-Cent Law.

A bill which would repeal the two-cent passenger fare law, was introduced in the Ohio legislature. The measure would fix the maximum fare at two and a half cents a mile. Railroads in the state are conducting an active campaign for the repeal of the two-cent law.

Physicians Want Job.

Large numbers of Ohio physicians have become interested in a movement to have a physician named as one of the members of the Ohio industrial commission on the ground that the very character of the work of the commission, and particularly of its work in connection with the awarding of compensation to injured workmen, argues for the need of a trained physician on the board itself. Thus far several medical societies throughout the state have adopted resolutions favoring the plan.

Canadian Wheat to Feed the World

160 ACRES IN WESTERN CANADA FREE

The war's fearful devastation of European crops has caused an unusual demand for grain from the American Continent. The people of the world must be fed and there is an unusual demand for Canadian wheat. Canada's invitation to every industrious American is therefore especially attractive. She wants farmers to make money and happy, prosperous homes for themselves while helping her to raise immense wheat crops.

You can get a Homestead of 160 acres FREE and other lands can be bought at remarkably low prices. Think of the money you can make with wheat at its present high prices, where for some time it is liable to continue. During many years Canadian wheat fields have averaged 20 bushels to the acre—many yields as high as 45 bushels to the acre. Wonderful crops also of Oats, Barley and Flax.

Mixed farming is fully as profitable an industry as grain raising. The excellent farms, full of fruit, are the only food required either for beef or dairy purposes. Good schools, markets convenient, climate excellent.

Military service is not compulsory in Canada, but there is an extra 6c. per farm labor to replace the many young men who have volunteered for the war. The Government this year is using farmers to put extra acreage into grain.

Public Sale.

Having decided to quit farming, I will offer at public sale one and one-half miles west and one-half north of south of Plymouth, on the H. L. Fenner farm, at 10 o'clock a. m. on Wednesday, March 10, the following property, to-wit:

3 head of horses, consisting of one pair of bay geldings, 8 and 9 years old, weighing 2700 lbs.; 1 bay road horse, 12 years old, weighing 1100 pounds. 13 cattle, consisting of one black Jersey cow 7 years old, was fresh Feb. 24; brindle cow, 9 years old, to be fresh June 12; fullblood Jersey cow, 12 years old, to be fresh May 8; halfblood Jersey cow, 8 years old, was fresh Dec 1; halfblood Jersey cow 7 years old, was fresh Jan. 22; Durham cow five years old, was fresh Nov 8; halfblood Jersey heifer to be fresh in March; halfblood Jersey heifer to be fresh May 30; halfblood Jersey heifer to be fresh July 2nd; halfblood Jersey heifer to be fresh July 12; Durham heifer to be fresh July 22. Jersey heifer one year old; Jersey heifer 10 months old.

17 head of hogs, as follows: 15 sows weighing about 300 lbs. each, one Chester White brood sow, due to farrow April 2nd, and one Chester White brood sow, weighing about 350 lbs.

49 head of sheep, consisting of 48 Delaine ewes and one fullblood Delaine buck.

Farm Tools—1 McCormick binder, in good shape; Osborne mower; Dane hay loader; hay tedder; Buckeye 10-horse fertilizer grain drill; Superior 2-horse fertilizer corn planter; Krause pivot axle corn plow; 8-ft steel land roller; Flying Dutchman rotary plow; 12-horse walking plow; Fairfield plow No. 20; disc harrow; steel harrow; 2-section wood beam harrow; 7-tooth cultivator; double shovel plow; single show plow; New Idea No. 3 manure spreader; 4-inch tire wagon; narrow tire wagon with box complete; light spring wagon; road cart, sleigh, single buggy, 2 sets farm harness, set light double-driving harness, set single harness, blankets, corn sheller, grindstone, section knife grinder, 2 hay ladders, set manure boards, hog rack, extension ladder, fanning mill, field sower, grain cradle, 1000 lb. feed separator, 3-horse Otto gasoline engine, line shaft, belts and pulleys, pump jack, 20 one bushel crates, 2 scalding barrels, 3 cider barrels, wheelbarrow, hand garden blow, wool tier, Belle City incubator, steel ladder, and a lot of other goods.

Hay by the ton, corn and oats. 40 chickens. Nine acres of what in the ground. Term made known on day of sale. Lunch stand on the ground. Geo. Cole, Auct. R. H. FENNER, E. H. Ewin, Clerks. W. A. Fenner, Jr.

June 21 Summer School Aug. 13 OF THE COLLEGE OF WOOSTER WOOSTER, OHIO 1915.

A School of Inspiration, Preparation and Inspiration. Never so well equipped for efficient service as for the coming year.

Fully accredited in all the departments by the State Superintendents of Public Instruction, County Educational and Professional Training, State Life Certificate, both Elementary and High School. On exactly same basis as State Normal.

Model School of observation and practice classes in elementary and high school subjects.

Nearly one hundred men and women on the teaching staff, some of them specialists, all of them strong.

Work for everybody, no matter who and no matter what.

All secondary work, music, college work, and some graduate courses in Education and other lines.

Courses for county normal directors, for district and county superintendents, and in domestic science, Manual Training, Music of all kinds, Oratory, Physical Training, Public School Drawing, Dress Making and Millinery, and Advanced Agriculture.

A great lecture course with Booker T. Washington, ex-Governor Mendenhall, E. Patterson, of Tennessee, Mile J. Duffy, DuFour, B. Brown, Synop, by Sextette, and ten other fine attractions.

Remarkable list of daily chapel speakers with messages.

Graduate school for Ministers and Christian Workers. August 4-13.

Tuition, \$12; Board and Room, \$35-425. Eight weeks, six days in the week, and credit for nine weeks.

Work for teachers the year through. Spring term begins April 7, but students can enter later, and find what they wish.

Free Teachers' Agency place \$150, 000 worth of positions every year. This is but one of the many lines of helpfulness.

If interested, send for your catalog. If not interested, send for a copy of your name and a postal will bring information.

J. H. DICKASON, Principal Wooster Academy and Summer School.

WOOSTER, OHIO. Order No. 20, effective February 24, superseding order No. 19, from the Agricultural Commission of Ohio, still continues Huron county and a quarantine for the hoof and mouth disease.

THE EXTENSION SCHOOL

Light in Attendance But Highly Instructive.

Thursday Morning Session.

Commercial Fertilizers

Fertilizers were discussed at length at the opening of the Extension School Thursday morning. It was shown how the use of fertilizers rests on a firm basis today, since the growth of plants and their food requirements are pretty well understood. At one time it was believed that plants lived on rain water; this erroneous belief and in turn one that air and water combined could support plant life and in turn this was supplanted by the belief that if the particles of soil could be made fine, the plant in some way could take them thru the roots and digest them very much as a piece of meat is digested. Not knowing how the plant actually obtained its food the use of fertilizer naturally had no sound basis. These ideas have all been replaced.

The rapid increase in the past of fertilizer industry is proof that the practice of using commercial forms of plant food is both practical and profitable. But it is as practical and profitable as it ought to be? Does the average person have as clear an idea as he ought of what his soil needs; of the best methods of adding the proper forms of plant food; and whether he is putting back enough or too much? These are problems and require not the work and experience of one man but of many men. Seasons vary and so the experience of one man for one particular year may be worthless but the work and accurate records obtained by our experiment stations thru a series of years cannot be considered too highly. The combined result of many years eliminates the uncertainties occasioned by seasonal differences.

Despite the use of fertilizers, many farms are annually becoming poorer. It is because the wrong kinds are used, because they are used in insufficient quantities or because some other factor of soil fertility has been neglected when faith has been put in commercial fertilizers.

The Silo and Silage

In his talk on "The Silo and Silage" at the Extension School, W. H. Palmer emphasized the great advantages obtained by the stock farmer who is using the silo. It not only enables the farmer to get the greatest amount of roughage from acre, enabling him to carry from 25 to 30 per cent more stock on a given acre, but if the corn crop has been properly put in the silo it furnishes succulency which is a very important factor in winter feeding. Where the silage is used as a part of the ration, especially with cattle, it not only produces larger gains but lessens the cost of producing the gain.

On almost every farm the corn crop is one of the most important crops. A great deal of time and hard work are devoted to getting a good stand cultivating and harvesting. Should not the farmer then do everything possible to utilize this crop? If he has a silo he can utilize all the corn crop. There was a time when land was cheap and the abundance of coarse feed at hand had little market value. Under these conditions it was not a serious matter if part of the corn crop was lost. At the present time with both farm lands and feeds high in price, conditions are quite different. When the ears of corn are husked are the ordinary way, and the fodder is left in the field only from 60 to 70 per cent of the food value of the corn crop is in the ears, while 30 to 40 per cent remains with the fodder. It is impossible to realize nearly all the value of the fodder, even if the best of care is taken to preserve it, Thursday Afternoon Session.

Some fundamental facts regarding the use of manure were emphasized in the soil fertility lecture at the Extension School Thursday afternoon. It is surprising to note the value of the elements of plant food in manure when they are figured up on the same basis as their cost in commercial fertilizer. Manure has a commercial and an agricultural value. The commercial value can be said to be determined by the amount of plant food which it contains. Inasmuch as the plant food in manure and in commercial fertilizers is the same, it is reasonable to apply the same valuation to each. In this way the value of manure on a commercial basis is found \$2.25 per ton. The agricultural value of manure is determined by what it will produce measured in terms of crops in the rotation. This value may be more or less than the commercial value.

A few of the things which help to increase the agricultural value of manure are:

- 1 The feeding of more nitrogenous feed stuffs, such as clover, alfalfa, soy beans, bran and cottonseed meal. 2 Hauling the manure to the field as soon as possible and spreading it at once or else keeping in a covered yard where it is tramped by the stock. 3 Keeping stock on a concrete or other water tight floor. 4 The use of a manure spreader. 5 Reinforcing with some carrier of phosphoric acid.

By actual test when these points have been observed in a way rational on every farm it has been found that, in the one case at least, a ton of manure was increased in value from \$2.25 to \$4.80. On a farm where the average number of stock is kept and the manure amounts to from 100 to 200 tons each ton is well worth considering.

Judging of Swine

In judging swine the butcher's preference must be the leading guide as it is judging all other classes of fat stock. The butcher's preferences are in turn largely controlled by the demands of the markets. In some markets, a bacon hog, so called because of its deep, long sides, is preferred by the butchers; in other markets, the preference is for fat hogs, because there is a demand for hams, shoulders, and broad, fat backs and butchers supplying such a market are looking for fat hogs. In forming an opinion as to the best type of swine it is necessary to keep the requirements of these two markets distinctly in view, for they have established two very distinct market classes of hogs, the fat hog and the bacon hog. While every consideration should be given to the butcher's preference, for the profit of hog feeding largely lies in successfully catering to them, yet there are some points relating to the feeding qualities of a hog which demand consideration in the joint interests of feeders and breeders. The evidence of constitution and vigor are things on which the butchers cannot realize profit, but the feeder and the breeder know they are prime essentials in the animals required for the breeding of hogs required by the butchers.

Friday Morning.

Liming The Soil

"In England," said W. J. Hendrix in his lecture on "Liming the Soil" Friday morning, "there are fields which were once covered with heavy applications of chalk. In some cases it is reported that as much as 100 tons were applied to the acre. Those fields are fertile today, where other fields fertilized and cultivated in the same manner, but which received no lime are rather infertile. Lime has made the difference between fertility and lack of fertility. In America liming of the soil is in many localities a new and infrequent practice. Still in those communities there are to be found fields of clover which are living testimonies to the efficacy of treating soil with lime."

"Just at present liming of soils is popular with many farmers. Many of these same farmers would not use commercial fertilizers but are willing to apply lime; on the other hand there are in some localities men who year by year buy large quantities of fertilizer but will not admit the value of lime. Why the difference? The truth is that no one treatment will suffice for all soils; some soils need fertilizers, other soils need lime and some require both. Lime differs from fertilizer in that its use is not profitable on all soils whereas the use of fertilizer is. "Lime is used to correct acidity or sourness. Manure and commercial fertilizers are going to be used on all soils. If the soil is sour the use of these materials is not going to be as profitable as it would be if the soil were first limed. Some of the best farm practice such as drainage, crop rotation and the turning under of much organic matter while desirable in themselves help to decrease the natural supply of lime in soils under cultivation. In time it will be necessary to lime the greater part of the land under cultivation. For a considerable part of Ohio that time is already here."

Friday Morning

Judging Horses

Friday morning at the Extension School the subject of the judging of horses was treated by W. H. Palmer. The instructor emphasized some points in regard to the horse and its use to the farmer. It has been appropriately said that market hoves are classified according to their jobs. Under this head, there are three distinct types of horses; draft, coach, and roadster. Draft horses are intended to pull heavy loads at a slow rate of speed; coach horses, good sized conveyances at a moderate speed; and roadsters, light loads at a rapid speed. The farmer, is of course especially concerned with the drafter. The points to be considered in selecting the draft horse are: weight, symmetry of form, low setness, width or breadth, compactness, feet and action. Weight is necessary because it adds to the resources of the horse when he starts to do his work. Breadth is necessary because it indicates a strong framework. This is desired because power depends on muscular development and muscular development depends on framework. Symmetry and low setness are essential because the seat of power is in the hind legs and to transfer this to the collar, there must be a good medium of transmission. Since the drafter is heavy and has heavy loads to pull, good sound feet are necessary to hold up the rest of the body and to withstand the strenuous work. Proper action means conservation of energy and the kind desired in the drafter is good, snappy, direct walk. There are many reasons why the farmer should produce draft horses. The average farmer has means at hand with which to produce drafters and can market them without turning much off the profits over to the middleman.

Catarrh of the Head

"Peruna Cured me In Six Weeks." 5,000,000 People In This Country Have Catarrh. Dr. Tom F. Dale, No. 3 Manhattan St., Rochester, N. Y., writes: "I was troubled with catarrh of the head for many years before I paid much attention to it, but a few months ago I was so annoyed by headaches and difficulty in breathing through my nose, and my eyes smarted and looked so inflamed that I felt I must do something to relieve this state of affairs. I noticed one of your ads. in the paper, and then and there decided to try Peruna. I am pleased to say that it came up to all my expectations, for in six weeks it had driven the catarrh out of my system and I have not been troubled since." Mrs. A. J. Wiseman, 1123 Wyoming St., San Antonio, Texas, writes: "I suffered over nine years with catarrh of the head, nose and ears. Five bottles of Peruna have restored me my health."

Administrator's Sale.

On account of the heirs wanting the money out of the farm, the undersigned will sell at public auction, Monday, March 8th, to William H. Faulkner farm, 3 1/2 miles northwest of Tiro, 5 miles southwest of Plymouth and three fourths mile east of Auburn Center Church and School House, three fourths mile from sewer brood pike.

Describes about 160 acres, walnut soil; 25 acres of timber and pasture and, balance all under cultivation. Is thoroughly tilled. Has never-failing spring and running water. No better fruit farm in the county. Has large sand and gravel bank. Buildings consist of 10 room house, summer kitchen and wood shed; furnace in house; well and cistern water on porch. Bank barn, 115x36, with straw bank, 30x40, and corn house and machinery house combined, 25x35, with cement floor, hog pen below. All buildings have slate roofs. Also stock scales under cover.

Also 5 head of cattle. Sale begins at 1:00 o'clock sharp. Terms made known on day of sale. JOHN W. & FRED FAULKNER, Administrators. Col. Geo. W. Cole, Auctioneer.

Glacial Wonders. The grandeur of nature's forces may be understood when one of the glaciers of Disco bay, Greenland, is studied. Helland estimated that it had a thickness of 920 feet, with a breadth of 18,400 feet, and was found to be moving at the rate of forty-seven feet per diem. And this Disco bay glacier was only one of the many. Eirik estimates that on the west coast of Greenland there are 120,000 square miles of territory, all contributing their supply of icebergs.

Vain Regrets. "That man Hiffin lacks courage and energy." "Yes, confound him!" "Why do you say that?" "Because he was counting my wife long before I met her. If he had had a little more courage and energy—But what's the use of talking about it now?"—Cleveland Plain Dealer.

Incidental. Brown—"It's curious about people's beliefs. They will give entire credence to the most absurd things and put no faith whatever in the most obvious truths. Black—Yes. I've noticed it. There's Greene now. He hasn't the least confidence in bank, but he'll eat all the croquettes, and since pie you can set before him.—Exchange.

HOW TO CURE A CHRONIC COUGH

Told in the Following Letter by a Jackson Man Who Knows from Experience. His Word is Good.

Jackson, Miss.—"I am a carpenter, and the gripe left me not only with a chronic cough, but run-down, worn out and weak. I took all kinds of cough syrups but they did me no good. I finally got so weak I was not able to do a day's work, and coughed so much I was alarmed about my condition. One evening I read about Vinol and decided to try it. Before I had taken a quarter of a bottle I felt better, and after taking two bottles my cough was entirely cured, all the bad symptoms have disappeared and I have gained new vim and energy."—JOHN L. DENSON, 711 Lynch Street, Jackson, Miss.

The reason Vinol is so successful in such cases is because the active medicinal principles of cod liver oil contained in Vinol rebuilds wasting tissues and supplies strength and vigor to the nerves and muscles while the tonic iron and wine assist the red corpuscles of the blood to absorb oxygen and distribute it through the system, thus restoring health and strength to the weakened, diseased organs of the body. If Vinol fails to help you, we return your money. Karl P. Webster, Druggist, Plymouth.

Lutheran Church.

THE FAMOUS KISERS

The famous little pills.

Indigestion

DO YOU KNOW that indigestion can be cured, permanently cured so that you can eat any kind of food that you crave? It has been done not only once, but in almost every case when Chamberlain's Tablets are used. An instance: Mr. J. Pominville, Stillwater, Minn., who had spent over \$2,000.00 for medicine and treatment was permanently cured by these tablets.

Chamberlain's Tablets

THE NEW
