

By dad, that spirit of accomplishment in the Chamber of Commerce is as fine as anything we ever saw.

For instance, when the council in its session with the board of Chamber directors, decided to vacate the town building on Sandusky street, and convert same immediately into a comfort station, the question of cost to roof came up.

Brick for partition walls were under discussion. Somebody said we could get them at Willard. Then the transportation was mentioned.

What did D. W. Ellis do but right off the reel say that his team would draw a load to Plymouth without a charge.

Then across the table sat E. L. Davis, and it didn't take him the stretch part of a second to say that his team would draw another load.

Then Ellis chimed in, said he'd furnish the sand at cost, and if that isn't team work then we have lost our power of discernment.

The council showed its disposition to knit close to the Chamber, and decided then and there, by a gentleman's agreement to purchase the point on Plymouth street that beautification might be had at once and without delay. That was a fine spirit of cooperation.

Verily things do move along.

Lift your hat, if you please, to the three agricultural directors, There's Ehret, Davis, and Ervin, all dressed up but working. They even suggested that they'd help financially if such aid was needed in the conversion of the city building into a comfort station.

What we like about the whole working body is the speed it shows. There isn't any of that drag along stuff.

When they reach a phase of a question that might precipitate delay, then everybody takes a tug at the traces, and over the top she goes.

When everything had been accomplished that the joint session had convened to do, then F. B. Callahan and John A. Root came out with hot coffee, two plates of sandwiches, rich cream and domino sugar. Robert Hugh Nimmons loaned a box of cigars, and all went along as merry as a marriage.

Good roads came up and a committee of Elmer Ervin, E. L. Davis and Clarence Ervin was named to go at once and get data on a proposed improvement and report.

Yes, there is no touch like a shoulder to shoulder touch.

### The Sin of Ingratitude.

Superintendent Kaylor sends his commencement printing out of Plymouth. He didn't get enough work, but just the ordinary printing, not quite so good as we could have done. He didn't save money, either, by shunting the business away from Plymouth. Then he sent it out of town without even asking us for price. Sent it out, also, after we had published the high school notes and his honor rolls, all winter without charge. Ervin was coming out of town right when we were boosting for a piano and making no charge for the publicity.

If Mr. Kaylor isn't ashamed of the trick then we are sorry. If he isn't sorry then we are ashamed of his sense of appreciation.

But we'll keep right on boosting. It is one of the principles in our catalog of effort not to allow any slack to accumulate in any space. Little things are mentioned, only to impress their size, and to emphasize that there is no sin that of ingratitude.

## Here Are The High Stats

Quota for Fourth District	\$450,000,000
Quota for Plymouth	\$57,000
Maturity Interest	—maximum—Four Years
(Rate)	taxable—4 Per Cent
(Rate)	tax free—3 Per Cent

No oversubscription will be taken. This will be the last Liberty Loan.

### Say.

That piano for the primary grades is coming along like a horse a-fire.

What did John A. Root do but put a clean hundred dollars as a gift into the hands of Mrs. R. L. Hoffman. Can you beat that sort of community spirit? It is the sort we admire and we have to put a rub lock on our pencil to keep it from growing super-exultant.

Then Mrs. Christine Parker gives two dollars, which brings the funds from all sources above \$175 within \$15 of the goal.

There's another entertainment scheduled by Miss Hoffman which will surely realize the remainder needed and then it's all over.

### Moved To Cleveland.

F. H. Long and family, of New Haven have moved to Cleveland where they will reside in the future. Their reason for the change is to be near their six sons who already are located in the Sixth City.

In evidencing the regard in which Mr. and Mrs. Long and family were held in New Haven, 50 of their friends gathered unannounced before their departure and not only made a delightful social evening, but presented them with a rocker. The Busy Bee Sewing Circle, of which Mrs. Long was a member presented her with handsome table linen. The Advertiser wishes these good people, good health and prosperity in their new home.

### Eye Injured.

Karl Webber has been confined to his home for a week, suffering from an injury to his left eye, sustained when Mrs. Webber accidentally struck him with her elbow.

For a time the pain was terrific, and the right eye was sympathetically affected. Dr. Walker was summoned, and it was feared that the sight might not be restored, but now he can be borne, and the vision is slowly assuming normal.

It is pretty tough for Karl to be confined to his room when not only trade but civic activities are enlisting his interest.

### What Did He Lose?

A man bought a farm for \$11,000. Sold it for \$10,000. Re-bought it for \$12,000. What was his loss or gain.

A minister put this problem up to us and we're passing it along to you. We have solved it our way. What is yours?

### Editor Davis Married

William W. Davis of Tiro, who has for some years been editor of the Plymouth News and was formerly editor of Blairsville, Pa., was married by Rev. O. F. Laughbaum at the Ring Brethren parsonage, on Monday, April 14, 1919. The bride was Miss M. French, daughter of Blairsville, Pa., who was married by Rev. O. F. Laughbaum at the Ring Brethren parsonage.

There were no attendants. They left for a trip to Marion and Tiro on their return to reside in Tiro.

Besides his editorial work, Mr. Davis holds office position in East Auburn township, and has a wide acquaintance. Friends extend best wishes to both parties to the marriage.—Bucyrus Journal.

### Eastert Cantata.

The public will appreciate the opportunity of again hearing the Lutheran choir in song. On Easter Sunday, at 4 o'clock, it will present Calvary, by Wesell. Much time has been given in preparation and the rendition will be most enjoyable.

### All Riding.

A. E. Devore will direct his spring plowing on the Heath-Root farm from the seat of a Fordson tractor.

Ralph Domer, Ernest White and A. Connolly are sporting new Ford touring cars. The youngsters, included, sold out of the Plymouth-Shiloh agencies of N. J. McBride.

## Stepping Along

Has there been action? We guess yes. Score one for the beautification of the triangle on South Plymouth street.

Score another for the purchase and equipment of a comfort station for Plymouth.

These two proposals have had such direct and immediate attention that they have already sprung into realities.

It was last Friday evening when the directors of the Chamber of Commerce sat in joint session with the city fathers. The meeting convened around the long table in directors room, of Chamber quarters, and they knit so closely in their deliberations that the council then and there made a gentleman's agreement to buy the point that it might be immediately converted into a park. The council also agreed to immediately provide a comfort station.

On Monday evening the council held a special session to officially confirm. It passed a resolution to purchase the triangle of J. H. Atyeo, paying \$300 for same. Mr. Atyeo immediately returned \$100 of the purchase price as his contribution toward the occasion of the tract into a beauty spot.

In doing this he made a worthwhile sacrifice, for he could have sold the tract for more money than the town paid.

The deed has been signed and the ground is now open for work. On the part of the town Fred Grafmiller and D. W. Ellis will serve as committee working in harmony with a committee of the Chamber of Commerce, consisting of W. D. Outerbridge and James A. C. Heath, president of the chamber, will act as chairman of the committee. This committee of five met last evening to place an order for shrubs and plan for immediate action. W. D. Outerbridge has had much experience in landscaping and his suggestions to the committee will greatly assist in selection and planting.

### At the meeting of the Chamber

held Tuesday evening about seventy members participated, and heard reports as above. The night was very inclement, but under the bright lights there were no drooping spirits. Think of seventeen men coming out in a rain storm.

Hamburger sandwiches, hot coffee and cigars were served, while Harold Maurer at the piano, F. B. Carter with the cello, and Lawrence Gaskell with the violin furnished music. Mr. Gaskell sang The Rose of No Man's Land, and The End of Perfect Day, and he was roundly applauded. Mr. Gaskell sings unusually well, and he will be scheduled for appearance at the monthly meeting, May 2.

Rev. Smith made a brief address, but it was freighted with most excellent thought. He has a convincing earnestness that compels attention, and everyone prizes his effort. As an enthusiastic nature, he is an inspiring example, and as a counselor, safe and impelling.

A Mr. Strauss, of Hanover, Pa., who was a guest of E. K. Trauger, spoke briefly, glorifying his own town, and gave us a pattern of how to stand up for Plymouth when we are abroad.

Rev. Smith was glad to be present and at the close of the session passed his membership to the secretary, A. C. Weiser. J. E. Ginnup came all the way over, and we were glad to mingle that each enrolled and are now a working and social part of us.

Maurice Spear, who is here from Pittsburg for a few days, was a guest of the Chamber, and in a happy vein congratulated his old home town on the organization it had effected and risked the prediction that it would be found so beneficial and enjoyable that there would come no thought of abandonment.

Lawrence Buzard, just back from over seas, was present and found much to enjoy.

The next meeting will be on Friday evening May 2. This is the regular monthly session and a good time and a good speaker will be provided.

### Odd Fellows To Celebrate.

A monster parade, with a program of addresses, music, and tableaux in the evening, will feature the celebration in Cincinnati April 26, by Odd Fellows' lodges in Ohio, Indiana and Kentucky of the founding of the Independent Order of Odd Fellows at Baltimore, Md.

Responses from more than Seventy-five lodges in the three states indicate that at least 10,000 members of the order will attend the festivities. There are twenty-six lodges in Hamilton county.

### Royal Neighbors of America.

The Royal Neighbors of America met in regular session last Friday night. Four applications were balloted upon. A short business session will be held before the social on Friday night, and beginning promptly at 7:30, at which time a class will be organized. The Camp presented a silver trophy to Charles J. the youngest son of Mr. and Mrs. Chas. Woodruff, he being the first baby born to a member of the Camp.

### George Hultz Dies Suddenly.

George Hultz, aged about 69 years, and living on Sandusky street died suddenly about 10:30 Wednesday evening.

Mr. and Mrs. Hultz had retired and about the hour named above Mrs. Hultz was awakened by the deep breathing of her husband and she immediately attempted to awaken him, but without avail. He breathed but a few times after his condition had not improved.

Mr. Hultz was around town as usual Wednesday, and paid several bills that he had recently contracted. He went home about 8:30 and, as nature conspired, was noted nor did he complain of feeling ill.

Mr. Hultz came to Plymouth about two years ago, having formerly lived in Richmond township, where he owned a good farm, and which until his death engaged much of his attention. Arrangements for the funeral have not been announced.

### Loses Eye By Accident.

Clarence Dunlap, employed in the Root-Heath plant was struck in the eye Wednesday morning while operating a lathe.

The injury was of such a nature that it is presumed that an employer to the General Hospital, Mansfield, where examination revealed that restoration of sight was impossible and the injury of such a nature that compelled the removal of the eye. He is yet in the hospital under the care of the surgeon.

Mr. Dunlap's parents live in Greenwich, having recently moved from Plymouth, occupying the Derringer hotel property.

### Liberty Bonds Will Go Now.

The sale of bonds for the approaching Victory Loan will go now since the government has made them bear the highest interest rate yet granted.

The fact that they are to fall due in four years, or in three years if the necessary make a call for them insures a stability in price, and should make them go at a premium. At 4 1/2 per cent they are partially exempt from taxes, and at 2 1/2 per cent interest they are wholly exempt.

The government is calling for less than was anticipated. Many feel the volume of the loan would be six billion. Only four and a half billion is asked.

### Try This on Your Piano.

The boys up at the Chamber of Commerce sang this Tuesday evening. The wind and lilt are the same as America:

We love our Plymouth town, And all the country round, That's where we shine, Town with matches rep, Town with abundant pep, Where every man's in step, Your town and mine.

### Pearl White Coming to Deisler.

On Saturday evening of this week, April 19, Pearl White in Lightning Raiders will begin a serial with matches rep, and covering 15 episodes. Don't miss this exciting event. Get the first episode and trail the serial to the end.

Of course there will be other reels, three of them covering comedy and news.

The Deisler has planned a big Saturday night event for several weeks, and next Saturday evening is the time to start in to enjoy.

Under the auspices of the Farm Bureau, Miss Edna White, Dean of the Home Economics Department, Miss Lena Bumpas, State leader of Home agents and Clark S. Wheeler, director of the Extension service, will be at a meeting to be held in Norwalk on April 30, to explain to the men and women of the county the plans of the Extension department of Ohio State University for the coming year.

### 'Spirited.

The Smith hotel catered to a happy crowd Sunday when it entertained Mr. and Mrs. J. W. McBride, of Shiloh, Mrs. A. C. McGaskey, daughter Venetta and John, of Shelby, W. H. Bridgeman and Mrs. Anna Jackson, of Tiro, A. W. Lash and wife, and son Mendel, of New Washington, Mr. and Mrs. Harry Silliman and Mrs. Mrs. Thurman Ford, of Plymouth.

It all came about because Mrs. McBride had on that day reached another anniversary of her birth, and being a good help-meet, the lord of the house of McBride concluded that a little surprise would not be amiss. Therefore, in an innocent way, on Sunday morning, Norris told the pride of his courtship days that he had to go to Plymouth and invited her comradeship. This was granted, and some thought or other Mrs. McBride just couldn't get through with his work in time to return to Shiloh for dinner, and the only way out of it was to dine at the Smith. When they were comfortably seated what should happen. All the folks named above came out of their hiding and trekked into dining room and insisted on sharing the delights of the meal.

They tell us that the spread was about the most elaborate the Smith has ever served in many a day, and since Norris paid all the bills it is fair to presume that everything turned out just as he had planned.

Engine Purchased by Council Arrived Damaged. The gas engine purchased by the council for use in the water and light plant arrived so badly damaged that it was necessary under the necessity of retaining the shipment, and the parties in New Brunswick, N. J., were so advised by wire Monday.

One half the purchase price, \$1375, had been remitted in advance of shipment, the remainder to have been paid on arrival here. On Monday preparations for unloading, were damaged, and on careful examination the main shaft was found to be bent, and the bearings broken, thus rendering the engine useless, if not beyond repair.

There was no transfer of the engine enroute, which fact indicates that the damage was done at the engine works, and was loaded at point of shipment. The weight is 11 tons, and from marks and abrasions on the ends of the shaft it is presumed that the weight in loading was swung from these points of suspension, thus bending the shaft and tearing the bearings from the bed.

The council will demand to blame unless it be the party who had the contract of loading the engine at New Brunswick. With this the council had nothing to do. The damage is a matter for the owner to adjust with the parties who accepted the contract to place on cars.

The council will demand the return of the money advanced, and immediately look elsewhere for the installation of an engine is imperative to meet the demands for water, light and power.

### Lawrence Buzard Arrives.

Lawrence Buzard, a fit and trim fellow, made their arrival Friday evening from over seas.

Lawrence landed at Newport News on March 24, marched in parades in Youngstown, Columbus and Cincinnati, and reached Camp Sherman April 6. He was mustered out with an honorable discharge April 10, and home as fast as the wheels would turn.

He contemplates resuming active employment with the Jeffrey Mfg Co., Columbus, with whom he was employed before enlistment.

### Reminiscence.

We were rummaging the other day. Run our nose along the shelves and we noted:

27 Expirations in January.

37 Expirations in March.

73 Expirations in April.

As Lloyd George said to President Wilson, "How does your label read?"

My label, says he, is slightly arrear.

And the date on my old receipt Shows I haven't been in for over 3 years.

To settle for the old town sheet.

### Seriously Ill.

Marion Watts, 13c member of the family of O. M. Watts, is seriously ill with pneumonia and appendicitis at the home of his guardian. About the third month of the boy's pastern he contemplates resuming employment with the Jeffrey Mfg Co., Columbus, with whom he was employed before enlistment.

SHELBY, OHIO

#### Delphi.

I. M. Smith who is working in Shelby tube works spent Sunday with his family.

Ford Truxell and Jay McCullough, Delphians who are putting in full time with the Shelby Tube plant spent Sunday in Delphi going back to Shelby in the evening.

The Ripley Sunday School convention held a week ago exceeded all our expectations in enthusiasm and power, and was well attended.

Chas. Keiser, son of Thos. Keiser, of East Ripley, was home on a ten day furlough, left for New York last Sunday for an operation on a wounded knee, secured while in over sea's service of Uncle Sam.

The numerous pleasing comments on the able address by O. A. White, on the "New Day", at the Sunday School convention makes the heart of the president of the convention glad. We want him again.

Helen Simmons, trained nurse, of Bowling Green, spent last week with her parents, W. M. Simmons and wife.

Mrs. Hettie Howard of Windsor, Ohio, who was in Ripley for several weeks assisting in the care of her sister-in-law, Anna Howard Reeves, now deceased, left for home last Friday.

Well, the farmer and all others who are paying taxes on personal property, have their pencils in hand, and values in mind and are fighting the battle of determining between honor and shame. Honor for honest valuation of their personal and shame for a wilful undervaluation for the sake of saving a small sum at tax paying time—we are all human beings. There is a difference made by us all in the household furniture value given the County Auditor and the fire insurance agent. None of us will want the auditor and insurance adjuster to print our reports of values to them printed in the Plymouth Advertiser. Sure, not.

Say Friends! You who attend church in Delphi—Stop!—Listen! The program is changed for the balance of the summer. Beginning next Sunday April 20, preaching will be at ten o'clock, Sunday school at eleven—not the day

light saving time—but the old January Eastern time—the Suning is one hour ahead of it.

Mrs. Elizabeth Kurtz who had a serious fall last week fracturing the femur bone, is yet confined to her bed and as in all such cases is an intense sufferer. She is being tenderly cared for at the home of her daughter Mrs. C. H. Silliman.

Tom H. Sibbett, the Knight of the Shear, during sheep shearing time and his brother H. H. attended a funeral in New London last Saturday.

Miss Oleta Young, prominent in teaching circles of New Haven was the guest of her brother Clyde and family Saturday and Sunday.

Karl Davis, oldest son of E. L. Davis, is busy in the factory in Akron and enjoys it so well that he will give up farm work for the present. These hunting boys from the rural districts are made of the right stuff to be attractive to the large manufacturers where the salary can be made tempting to the boys.

The money spent by the parents want of our Ripley young people for a

musical education is returning in a many fold ratio—we can have just anything we want in the line of music for our entertainments just for the asking. Piano solos or duets, vocal solo, duets, trios, quartets, or full chorus, violin, cornet, trombone, clarinet, cello, or drum, or full orchestra. Our young people are here with the goods. Thanks to their parents. There are five musical organizations in Ripley. The Delphinian Male quartet; the Congregational mixed quartet; the Philometrian quartet, composed of our Junior vocalists, Edith Albert, Lucile Lewis, Hugh Lewis, and John Albert. The well known and popular Blackmore family quartet, who chose a specialty in music that has been very beneficial and comforting to their many friends in performing the last sad rites of deceased relatives. It has been very fortunate for us all that this splendid group of singers has been able to do this meritorious work for a good many years. Besides all of the above we have a splendid five piece orchestra. When people want to hear music come to any

of the Ripley gatherings. T. H. Sibbett and Hugh Robinson have never known defeat in speed and prompt service in sheep shearing. They are the men that get the wool and the jobs. They cut an close that "ticks" are divided. They will begin to let the flocks of 300 at Kenestricks and Honks run this week. If you will let them book your orders they will tell you when to pen your sheep.

S. O. Noble and wife had their daughter and Thelma and husband T. P. and their brother-in-law, Elmer Andrews and wife, all of North Fairfield, for their dinner guests last Sunday.

F. P. Boardman has taken full possession and control of a new Overland auto, and, because of not having joined the list of "seorchers" gives absolute safety to all that ride with him.

The vocal duet at the convention, sung by Mauries and Helen Hoffman, accompaniment by Miss Kurtz Silliman, is worthy of very special mention and if we can have our way about it they will appear occasionally in regular church services in Delphi.

### Debs' Now In Prison.

Eugene V. Debs has gone to prison.

The former Socialist candidate for president, who was found guilty of violating the espionage act in a speech made at Canton last June, reached Cleveland from his home at Terre Haute, Ind., Sunday morning at 7:50.

At 10:50 a. m., in company with United States Marshal Charles W. Lapp and Deputy Marshal E. Walsh, Debs was on his way to the federal prison at Moundsville, W. Va., to commence service of a ten-year sentence upheld by the United States supreme court.

"I may be wrong. But I followed my conscience and I have no regrets. I have no apologies to make. I did what I thought was right," he said, as he left with a smile.

Many of the Cleveland followers were attending meetings Sunday afternoon to protest against his incarceration, when Debs waved goodbye to J. Louis Engdahl, head of the national Socialist office in Chicago, who also is facing a prison sentence as the result of conviction with Victor J. Berger for violation of the espionage act; Alfred Wagerknecht, of Cleveland, now connected with the publication of Socialist papers in Chicago, and Debs' brother-in-law,

First Federal Road Aid in Huron.

The \$17,000 supplied by the state on the improvement of the Main Market road No. 1, east of Norwalk, is the first appropriation of the federal appropriation for roads to come to this county. This establishes the road name as being further entitled to aid from federal money, and an effort has been made to get a further not yet successful.

On the road question our attention has been called to the fact that the permanent road improvements of the county have been more in line with a continuous system than in many other counties of the state. In building the 100 miles of concrete and 16 miles of brick pavement the idea, which has been all too prevalent elsewhere, of having an improved road begin and end in a mudhole has been avoided.

The only contract for road improvement let this week is for bridge X-52-91 in Ripley township, which is to have a wood block floor. The estimated cost was \$728.20, but it was sold to McDonald & Woods of Norwalk for \$620. The other bids were: Modern Construction Co. of Fremont \$660, W. A. Yeagle of Clyde \$687. Coun-

ty Engineer H. P. Starbird was in Columbus Wednesday in the interest of county road construction.

**The Shelby Globe Says:**

The new city team which was purchased from Fred Bevier, is the finest team the city ever owned. The horses are not afraid of anything and stand anywhere they are left until the driver urges them to go. Al Gates who was almost a nervous wreck from driving the other team, says that the present team moves slower and gives him an opportunity to put in more time. The other horses were right up on the bit all the time and he finished up a job so quick that it nearly worked him to death.

To insure uniformity of fixing the values of automobiles, Seneca county assessors arranged a schedule which will be followed in that county. Under the schedule 1919 model cars purchased since Jan. 1 are to be valued at 95 per cent of the list price 1919 models previously purchased 85 per cent, and older models at 10 per cent less for each year.

A lot of beer was emptied into the Black river at Lorain, Saturday when 150,000 gallons were ordered to be destroyed by federal inspectors. It was found that the beer had fermented. Brewery men say that the 2 1/2 per cent of alcohol (which is the government rule) is to blame. They say this is not sufficient to preserve the beer for any length of time.

**Freedom of London Granted President Wilson.**

A gold casket to contain the certificate of the freedom of the city of London for presentation by the corporation to President Wilson has been put on exhibition at Guild hall, London.

It is of eighteen-carat gold throughout and bears the portraits of the king and the president. On each side are figures representing Liberty and Britannia. The arms of the allied countries and of the city of London appear in enamel below the portraits.

The casket itself stands on a water gilt plinth which is borne upon feet fashioned according to the arms of the city.

**Taft Startles Capital.**

Former President Taft started Washington last week by anticipating the summer months, and appearing in the very first straw hat that has been seen in the capital during 1919.

Marvelous Story of Woman's Change from Weakness to Strength by Taking Druggist's Advice.

Fern, Ind.—"I suffered from a displacement with backache and dragging down pains so bad that I could not be on my feet and it did me no good. I tried different medicines without any benefit and several doctors told me nothing but an operation would do me any good. My druggist told me to take Lydia E. Pinkham's Vegetable Compound. I took it with the result that I am now well and strong. I get up in the morning at four o'clock, do my housework, then go to a factory and work all day. I don't know how many of my friends I have told about Lydia E. Pinkham's Vegetable Compound. It has done for me."—Mrs. ANNA METZELINA, 36 West 10th St., Fern, Ind.

Its Effect.—"How does your cure law work?" asked a guest. "Do your people pay much attention to it?" "Yes, betcha," replied the landlady of the tavern at Grudge. "It used to be that there wasn't much of anybody on the streets at nine o'clock, which is the fatal hour, and they call it the story. But now when the cannery factory whistle blows 'most everybody that can possibly get away from home comes hurrying downtown to see if everybody else is obeying the ordinance and going home according to law."—Kansas City Star.

For Colds, Catarrh or Influenza

Do you feel weak and unequal to the work ahead of you? Do you catch a little, or does your nose, throat or eyes get itchy? Do you have a cold, or a headache, or a sore throat? Do you feel that your body is out of shape, build strong!

An old, reliable blood-maker and tonic made from wild roots and herbs, is Dr. Pierce's Golden Medical Discovery. This "nature remedy" comes in tablet or liquid form. It will build up your body, cure your colds, protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance tonic is wild cherry bark with stillingia, which is good for the lungs and for coughs; also Oregon grape root, blood root, stone root, Queen's root, all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbs' extracts in the "Blood-making" are the best for scrofula. By improving the blood they aid in throwing off an attack of influenza.

Catarrh should be treated, first, as a blood disease, with this alternative. Then, in addition, the nose should be washed daily with Dr. Sage's Catarrh Remedy. Send free trial pkg. of Medical Discovery Tablets or Catarrh Remedy to: Pierce, Invalids' Hotel, Buffalo, N. Y.

America's Immortals

The blood of every loyal American will be stirred by the little story of conspicuous bravery on the part of American soldiers in France that are printed below. There are only a few of thousands of cases of unusual gallantry that won for Pershing's fighters the Distinguished Service Cross. These cases have been picked out by General Pershing's staff as among the most notable of the thousands that are now a part of the official record of the American expeditionary forces.

GEORGE S. ROBB, First Lieutenant, 399th Infantry. For conspicuous gallantry, beyond the call of duty, near Sedault, France, September 22, and 30, Lieut. Robb was awarded the Distinguished Service Cross. While leading his platoon in the assault on Sedault, Lieut. Robb was severely wounded by machine gun fire, but rather than go to the rear for proper treatment, he remained with his platoon, until ordered to the dressing station by his commanding officer. He again displayed conspicuous gallantry, but rather than go to the rear for proper treatment, he remained with his platoon, until ordered to the dressing station by his commanding officer. He again displayed conspicuous gallantry, but rather than go to the rear for proper treatment, he remained with his platoon, until ordered to the dressing station by his commanding officer.

WILLIE SANDLIN, Sergeant, Company A, 132nd Infantry. Sergeant Sandlin was decorated for conspicuous gallantry in action at Bois de Forges, France, September 26, 1918. Sergeant Sandlin showed conspicuous gallantry in action at Bois de Forges on September 26, by advancing alone directly on a machine gun nest which was holding up the advance of his platoon. He killed the crew with his fire. He enabled the line to advance and was killed in the process.

ANDREW B. LYNCH, Second Lieutenant, 110th Infantry. Lieutenant Lynch was awarded the Distinguished Service Cross for unusual bravery in action near Apremont, France, September 29, 1918. Lieutenant Lynch while a sergeant on duty with a 37 mm. gun section of his company was moving the guns to a more advanced position. He was killed in the process.

FRANK GAFFNEY, Private, First Class, Company G, 108th Infantry. Private Gaffney earned his Distinguished Service Cross by conspicuous gallantry in action near Ronsoy, France, September 29, 1918. Lieutenant Gaffney, an automatic rifleman, pushed forward alone with his gun, after all the other members of his squad had been killed and were unable to return. He killed the crew of the machine gun in position. He killed the crew, captured the gun, bombed several dugouts and, after killing four more of the enemy with his rifle, held the position until reinforcements came up. When eight prisoners were captured, His home is in Lockport, N. Y., and his father is Wilber Gaffney, Chapel street.

JOHN J. FARRELL, Private, Company B, 354th Infantry. Private Farrell (deceased) was decorated for conspicuous gallantry in action near Remonville, France, November 1, 1918. When the combat group of which he was a member was held up by machine gun fire of the enemy, Private Farrell left the group, crawling around to the flank of the enemy, and fired his machine gun. He was killed in the process.

JAMES I. MESTROVITCH, Sergeant, Company C, 11th Infantry. Sergt. Mestrovitch (deceased) decorated for exceptional bravery in saving the life of his company commander at Fismette, France, August 10, 1918. Seeing his captain lying wounded thirty yards in front of the line, after his company had withdrawn to a sheltered position behind a stone wall, Sergt. Mestrovitch voluntarily left cover and crawled through heavy machine gun and shell fire to where the officer lay. Sergt. Mestrovitch took the officer upon his back and crawled back to a place of safety, where he administered first aid treatment, his exceptional heroism saving the officer's life. Sergt. Mestrovitch's home was in Fresno, Cal.

Mestrovitch's home was in Fresno, Cal.

REIDER WAALER, Sergeant, Company A, 105th Machine Gun Battalion. Sergeant Waaler was decorated for conspicuous gallantry in action near Ronsoy, France, September 27, 1918. Sergeant Waaler, in the face of heavy artillery and machine gun fire, advanced forward to a burning British tank, in which some of the crew were imprisoned, and succeeded in rescuing two of the crew. He was killed in the process.

ARCHIE A. PECK, Private, Company A, 307th Infantry. Private Peck was decorated for conspicuous gallantry in action at Bois de Forges, France, September 26, 1918. Private Peck was decorated for conspicuous gallantry in action at Bois de Forges on September 26, by advancing alone directly on a machine gun nest which was holding up the advance of his platoon. CHARLES D. BARGER, Private, First Class, Company B, 354th Infantry. Private Barger was awarded the Distinguished Service Cross for conspicuous gallantry in action at Bois de Bantheville, France, October 31, 1918. Learning that two daylight patrols had been caught out in No. 1's tank and were unable to return, Private Barger and another stretcher bearer, upon their own initiative, made two trips 500 yards beyond our lines, under constant machine gun fire, and rescued two officers. His uncle, Henry B. McFeron, lives in Stott City, Mo.

WALTER S. SEVALLA, Corporal, Co. E, 7th Engineers. Corporal Sevalla was decorated for extraordinary heroism in action near Breuille, France, November 3, 1918. Corporal Sevalla swam the Messer river with a cable for a pontoon bridge, under direct machine gun fire. Later he carried a cable for another bridge over the river. He was killed in the process.

ALPHEUS E. STEWART, Private, Company G, 107th Infantry. Private Stewart received the Distinguished Service Cross in recognition of unusual gallantry in action near Ronsoy, France, September 29, 1918. Regarding a severe wound in the head, Private Stewart fearlessly advanced toward an enemy machine gun nest and put it out of action with a grenade. He was killed in the process.

JAMES I. MESTROVITCH, Sergeant, Company C, 11th Infantry. Sergt. Mestrovitch (deceased) decorated for exceptional bravery in saving the life of his company commander at Fismette, France, August 10, 1918. CALL FOR SOLDIER LEADERS

Recognizing in the program of the Boy Scouts of America one of the greatest movements toward the making of good citizens, and training soldiers for their fundamental requirements, the war department has issued an official circular designed to assist in the present nationwide campaign to secure a large number of new scout leaders. The circular is signed by Gen. Peyton C. March, chief of staff, by order of Secretary of War Baker, and carries the official stamp of Adjt. Gen. J. C. Harris.

The circular reads as follows: "SCOUTMASTERS FOR THE BOY SCOUTS OF AMERICA: A request has been received by the war department from the chief of the Boy Scouts of America for assistance in the matter of obtaining the services of officers and enlisted men returning from overseas as scoutmasters. The attention of returning army officers and enlisted men who have the necessary qualifications is directed to the opportunity which the boy scout movement offers them to further serve their country after discharge. The war department is in full accord with the purpose of this movement and desires to encourage the cooperation of a large number of officers and enlisted men who have seen service in France will inspire the boys with patriotism and a spirit of devotion to their country as nothing else can do.

BOY SCOUTS SAVE CRACOW. The thrilling story of how the boy scouts of Cracow saved their city, Poland's most ancient and noblest center, was made public in Washington by Polish agents. Although the famous boy scout movement is not so well known in the United States, it is felt that the cooperation of a large number of officers and enlisted men who have seen service in France will inspire the boys with patriotism and a spirit of devotion to their country as nothing else can do.

THE SCOUT IS TRUSTWORTHY. The quality of trustworthiness is the one that all business men are looking for in their help. If you tell a fellow to do something he wants to know that when the times comes the job will be done. It is the fellow who is easy with his promises, but short on his performance, that causes more delay and disappointment and trouble generally than any other.

DOINGS OF THE BOY SCOUTS. Wilson McNair, a boy scout of Lewisburg, Va., rescued an eighty-year-old boy from in front of a passenger train. During a recent hike on Staten island the scouts of Bayonne, N. J., dispersed a mob of about 100 persons a mile from the road. The whistle sounded for action and every scout was in a few minutes busy fighting the fire, which they soon extinguished.

SCOUTS' PUBLIC INVESTIGATIVE. A public investiture ceremony took place in Knoxville, Tenn. Twelve candles represent the twelve scout laws. Each scout in turn lights his candle and repeats a law. Three candles in the center represent the scout motto. These are lighted by a deputy commissioner while all repeat the oath. This service was held before the crowd on Sunday afternoon in a Knoxville theater, with increasing public interest.

Many School Children are Sickly. MOTHER GRAY'S SWEET POWDERS FOR CHILDREN. Pleasant to take and gives satisfaction. A certain Relief for Feverishness, Constipation, Headache, Teething and Stomach Disorders and remove Worms.

WORMS "Wormy" that's what's the matter of 'em. Stomach and intestinal worms. Nearly as bad as dysentery. Coat your little ones with EATON'S Worms. It is EATON'S. Made in the form of tablets—they are good to eat—just like a bit of candy. They literally absorb the injurious excess of acid of the stomach. There is a quick remedy quickly removes the excess acid without the slightest discomfort.

Starving in the Midst of Plenty Acid-Stomach Steals Strength and God Feelings From Millions. One of the worst features of acid-stomach is that very often it literally starves its victims in the midst of plenty. And the strange thing about it is that the people with acid-stomach seldom know what their trouble really is.

Starving in the Midst of Plenty Acid-Stomach Steals Strength and God Feelings From Millions. One of the worst features of acid-stomach is that very often it literally starves its victims in the midst of plenty. And the strange thing about it is that the people with acid-stomach seldom know what their trouble really is. No matter how good or wholesome the food may be, or how much they eat, they do not gain in strength. This is clearly explained by the fact that an acid-stomach cannot properly digest food. Instead of healthy, normal digestion, the excess acid causes the food to sour and ferment. Then when this mass of sour, fermented food, charged with excess acid, passes into the intestines, it becomes the breeding place for all kinds of germs and toxic poisons, which in turn are absorbed into the blood and in this way distributed throughout the entire body. And that is exactly why it is that so many thousands of people eat and eat and keep on eating and yet are literally starving in the midst of plenty. Their acid-stomachs make it absolutely impossible for them to get the full measure of nourishment out of their food. And it doesn't take long for this poor nourishment to show its effects in a weakened, emaciated body.

**Tax Payers Kicking.**  
March 5, 1919, Shelby county farmers and taxpayers met at Court House, Sidney. In resolutions they said:  
"Whereas, The road situation in Shelby county has become intolerable from lack of proper attention; therefore  
"Be It Resolved, That the taxpayers of Shelby county protest against building a few miles of high priced roads and neglecting the balance of the roads until they become almost impassable.  
In all parts of Ohio sentiment is getting stronger against roads costing from \$50,000 to \$500,000 a mile for the sake of big fat profits to a few men who deliver in politics."

**Want Smaller Jail.**

This is due to prohibition, according to George B. Ward, former president of Birmingham's city commission.  
**Steel Railway Car Weights.**  
"How much more weight does the average passenger locomotive have to haul than in the days before the advent of the steel car?" I asked an expert Philadelphia locomotive builder.  
"The old wooden passenger car weighed 40,000 to 60,000 pounds," he answered.  
"The steel suburban car weighs 90,000 pounds."  
"The larger steel car weighs 110,000 pounds."  
"A parlor car weighs 115,000 pounds and the sleeping car 140,000."  
"As for the locomotive itself, the heavy Pacific type, for passenger traffic, weighs 280,000 to 300,000 pounds. The freight locomotives, of course, go far beyond this figure to more than 500,000 pounds."—Philadelphia Ledger.

Five more weeks, and then three happy months of vacation. School will be dismissed on Thursday, May 22.  
The grades have sent for their piano. The amount cleared from the "Tom Thumb Wedding" was about \$43. Added to this was the \$25 made by the moving picture show a few weeks past. On last Saturday morning Mr. J. A. Root donated \$100 toward the cause. We all thank Mr. Root very much for his donation, for it has surely aided a great deal, in getting the instrument.  
On Friday evening, April 25, the Seventh and Eighth grades will play "Finer Shades of Honor" at the M. E. church. This deals with the problems of school life. Mrs. Hoffman is directing the play. The funds received from this will finish paying for the piano.  
**First Grade.**  
High Honor—Owen Clark, Jane Sykes.  
Honor—Kles Anderson, Alexander Bachrach, Harold Carrick, Ellic Douds, Thomas Garret, Harm Kruger, Elizabeth Miller, Helen Payne, Irene Pettit, Alice Ritter, Clarence Smith, Johnnie Pogl.

Honor—Mary Anderson, Marjorie Becker, Ethel Oswald, Virginia Smith, Geraldine Smith, Mabel Watson.  
**Plymouth Boy Weds.**  
The many friends of Lawrence T. Murphy, youngest son of Mr. and Mrs. James S. Murphy, will be pleased to know that following the news of his discharge from the army comes the announcement of his marriage to Miss Hetty Timberlake, of New Kent, Virginia.  
Mr. Murphy is to be congratulated that after performing the service required of him he has been spared to return to civil life and enjoy the happiness of companionship and fireside.  
Born and reared in Plymouth his chosen occupation was that of machinist, and when the country call came for volunteers he enlisted at Columbus August 1917, and was sent to Kelly Field, Texas, and after a short stay there was sent to Richmond, Va., as Sergeant in the 633d Aero Squadron.  
Hoping to be sent overseas where his two older brothers had been sent, Charles in Italy and Harry in France, he qualified for Central Machine Gun Officer's training school at Camp Hancock, Ga.  
Following the signing of the armistice he received his honorable discharge and returned to Richmond, Va., where he qualified as foreman mechanic in Aviation, and has a lucrative position with the government at his old camp in Richmond.  
After April 22, they will be at home to their friends at 622 North 8th street, Richmond, Va.

**Lutheran Church.**  
On Easter morning the Holy Communion will be administered and new members received. The time is eleven o'clock.  
The second benevolent offering for the year will be made. We are expecting a generous response to this great need.  
In the afternoon at four o'clock the choir will render the beautiful Easter Cantata, Calvary, by Wessell. This is a cantata worth while. It is the seven words of Christ spoken while he was upon the cross.  
In the evening at seven thirty, the Sunday School will render an Easter service consisting of recitations and music.  
The public is invited to all these services.  
Sunday school at ten o'clock.

**Methodist Episcopal Church.**  
Special Easter services at the church both morning and evening.  
Next Sunday morning a rally for Sunday School attendance at Plymouth, McKendree, and New Haven M. E. Sunday Schools.  
If you are a member of any of these churches or Sunday Schools or so situated that you can attend let us have your presence Sunday morning at your own school. Let us have three 100 per cent schools. Easter morning, April 20, 1919.  
Everybody invited. Special music, a large attendance and an enthusiastic service.  
Rev. Hollett's subject at the morning service will be "The Fact of the Empty Tomb." The evening subject, "The Two Highest Mountains."  
**Presbyterian Church.**  
Easter services next Sabbath morning. Special music suitable for the occasion. Sermon on the Resurrection. Preaching in the evening. Time 11:00 a. m. and 7:30 p. m.  
Come and worship with us.

Famous For Vivid and Novel Productions.

The average fire scene in the majority of productions may have been made years before the making of the production itself, it is customary among producers to gather scenes of spectacular fires and other thrilling events to be used or sold to fellow producers when such a scene is required, in fact, many productions are built up from incidents of this kind forming a foundation for an exceptional story.

When the fire scenes in "THE STILL ALARM" were to be filmed, the entire outskirts of Chicago were scoured by the staff, real estate brokers were called for consultation, after a period of two weeks a building several stories high, which was to be razed by a real and cooperating event, was finally secured at no little expense and the scene shifted from the fire house to this location.

Mr. Selig's ambition to give the public realistic thrills stands out very prominently in this particular incident, as the seething mass of that goes to construct a present day apartment slowly crumbles and falls to earth's equilibrium, a victim of fires devastation, and the energetic efforts of one who desires to afford realism to the talk of the photography world "THE STILL ALARM."

At the Temple Theatre Willard, Ohio, Wednesday, Thursday, April 23-24, Matinee both days, 3:30 p. m. Willard time. Nights 7:30 and 9:00 p. m. See AD this issue.

**Chevrons For Discharge.**

As a recognition of duties performed in the service of the country, the Secretary of War directed that each soldier, on being honorably discharged, be furnished with two scarlet chevrons to be worn on the left sleeve, point up, midway between the elbow and the shoulder, one on the coat and one on the overcoat. These chevrons indicate that the wearer responded to the demands of his country, performing a creditable service in the Army until honorably discharged. Men discharged previous to this ruling should immediately make application for these chevrons. The wearing of service chevrons is not obligatory.
