At the farmers' corn borer meeting in Tiffin Monday evening more than two thousand people tried to get into the hall which had a seating capacity of one thousand.

The meeting was addressed by Fred Holmes, editor of the Nevada Tribune and C. E. Wharton of Kenton, late democratic candidate for United States Senator at primary with Miss Allen At-Tee Pomeroy.

A resolution was passed requesting Gov. Donahy to send a special message to the Legislature asking it to repeal all sections of corn borer law that carried a penalty or compelled the farmer to act.

Stating that as free Americans they should not be driven with a black snake whip like a galley slave or a peon.

Mr. Wharton spoke at Ripley Center Tuesday evening and organized a farmers' club to affiliate with what is known as The Federated Clubs of Ohio, who are co-operating with the Ohio Farmers Defense League for political action. They are also part of the corn and cotton belt farms of the west.

Their object is to send only such people to the state legislatures and congress as will vote at all times for lower taxes.

They are gradually weeding all useless officials and have been the means of dismissing the Farm Agent in many counties of Ohio.

A resolution was carried at Farm Agent in Seneca County. C. E. WHARTON

A rousing mass meeting was held Tuesday night at Ripley Center with a goodly number of citizens present and tentative plans were drawn for the organization of the Huron County Tax Defense League. The resolution was passed endorsing the Tiffin meeting and at an early date a called meeting will be held at which time the organization of the League will be perfected.

Mrs. Emma Leak of Boughtonville was chosen temporary chairman. Mrs. Leak is also secretary of the Women's Club of Ripley township. The Tax League is now one of the federated clubs of Ohio who are co-operating with the Ohio Farmer Defense League of lower taxes. C. E. Wharton, state organizer for the Ohio Farmer Defense League was present at the meeting. Last year Mr. Wharton was democratic candidate for U. S. Senator, while E. H. Brown, president of the Seneca county tax league, which composes one of the federated clubs, was candidate for the legislature. The farmers' clubs are strictly non-partisan.

It is said that the farmers in this vicinity are somewhat opposed to the fight on the corn borer and the meetings held over the state are showing about 95 per cent of them are in favor of doing away with the corn borer restrictions.

In many instances in this section, farmers are co-operating in the movement against the borer, but are opposed to the matter as a whole. Just what the outcome of the county organization will be is awaited with much interest.

"BE AN OPTIMIST" RESULTS IN PROOF OF VALUE IN ITS TITLE

Though, it one might judge by several, the majority concerned in "Be an Optimist," were pessimistic, there was no need of any such attitude after the production had been given. The results proved the wisdom of the name and were beneficial besides.

The crowd was one of the best ever housed being almost full. A few seats in the back row were empty, but the bleachers were filled.

The cast was one of the best that has ever presented a play here and when the play was weak, it was covered over with unusual acting.

Dorothy Strach, as the mother-in-law held her place well with Willard Caldwell as the ill-favored son-in-law-to-be. Raymond Hatch as the boy friend, Ruth Baldin in the role of "heroine" were both more than satisfactory.

The Irish and Italian personalities were ably represented by Murray Stork and Weldon Cornell, even if the latter only represented it in E. V. D. James Rhine with accent and whiskers carried the character of the old Jewish antique dealer to success, assisted by Betty Bachrach, as his daughter.

Corinne Scott, Helen Becker, Grace Dickson, John Rott and Helen Donahy came well forward in dramatic ability and deserve esteem.

BROTHER AND SISTER MEET AFTER LONG SEPARATION

After being separated for a period of thirty-two years C. B. Rowalt had the pleasant and unusual experience of greeting his sister, Mrs. M. Provencer, of Boston, Mass., whom he had not seen or heard from during that time.

Mrs. Provencer, who has been making her home in Boston, and who from time to time, was prevented from making a visit to Plymouth, decided to come down last week for a brief period of two days to visit Mr. Rowalt, and other relatives at Belleville.

Mr. Rowalt left Cincinnati, his old home where his sister was only a few years old, and since then many changes came into their lives.

Mrs. Joseph Spraul of Cincinnati, came up last Friday to visit at the Rowalt home. She is also a sister of Mr. Rowalt and Mrs. Provencer. It is needless to say that there was much rejoicing in this home when brother and sisters were once more united.

Mrs. Provencer left Sunday for her home while Mrs. Spraul will remain a few days more.

The party visited relatives at Belleville Saturday, where Mr. Rowalt resided a few years before coming to Plymouth.

Paragraphs

Well, all we know this week is what George Snyder tells us. George says in Plymouth Tuesday buying a pair of shoes, which he says he's going to wear Saturday nights on his trips to Plymouth. Mr. Snyder finished planting corn Tuesday and if the tornadoes, cyclones and floods don't interfere the crop should be profitable.

The clean-up squad was very active this week hauling away rubbish. Plymouth citizens certainly did cooperate in this Plymouth Tuesday buying a pair of shoes, which he says he's going to wear Saturday nights on his trips to Plymouth. Mr. Snyder finished planting corn Tuesday and if the tornadoes, cyclones and floods don't interfere the crop should be profitable.

Plymouth experienced a little storm Monday night composed of wind, rain, lightning, thunder and hail. It all came quickly and disappeared in the same manner. No doubt most of us thought of the several severe cyclones and tornadoes that have been striking in the west the past few days.

Latest reports say that automobile production has greatly fallen off during the past twelve months. Perhaps within a few years America will adjust itself to the situation. Almost each month new developments arrive in this industry which tends to lessen the number of manufacturers in this country.

ATTEMPTED HOLD-UP

Mr. and Mrs. A. W. McGregor and family were at Belleville on Sunday night when they were returning home Monday night and when near the Alva Myers farm north of Spring Mills a large touring car was parked at the side of the road. As they approached it three men attempted to jump on the touring car and board of their car but Mr. McGregor speeded up his machine and they were unable to get on. It is presumed that they intended to hold up the Shelby man but they failed in their purpose.—Shelby Times.

Benjamin Howard Dies At Delphi

(Delphi Correspondent)

Benjamin Howard, a former Ripleyan, passed to his eternal reward after a journey of 66 years on earth. He made the commendable record of an unbroken married life of 62 years and his loyal wife stood beside the grave and wept when his body was lowered into the earth. He was a continuous member of Rome Lodge No. 158 I. O. O. F. was 1965 in good standing at his death with the order. He was the father of four sons and one daughter and was loved and respected by them all. He was an artisan and his entire life was spent in working for others. Stone masonry and plastering were his specialties.

The massive walls and abutments that have been standing for the past fifty or sixty years are a mute testimony to his fidelity to his chosen labors. He was quick and active on foot and was hands that made difficult labors seem easy to perform. He was always genial and pleasant with his friends.

The writer has always called him a good neighbor and a useful man to his community. He believed in God and the Lord Jesus Christ and during his last hours asked those by his bedside to pray with him. That was true fellowship.

Sheep Killed

George Capitt, south of Delphi, turned 28 sheep in his back pasture and wood lot on Wednesday. On Sunday while out to see them he found 15 dead; 5 just alive and will die and the rest were bitten save three. That is enough to make a man want to settle the dog question forever. G. R. Stillman and Kent McFarlan will examine the dogs. No trace has been found of the dogs, so far.

OBITUARY

ANNA MARIA HANKAMMER

Anna Maria, daughter of Elias and Eliza Smith, was born January 16, 1847, at Bellevue, Ohio, died April 13, 1927, aged 80 years, 2 months and 28 days.

At an early age she united with the M. E. church and was a faithful and loyal member of the North Fairfield M. E. church at the time of her death.

On July 30, 1871, she was united in marriage to Chas. P. Hankammer, of Monroeville, Ohio. Their home was blessed by the birth of eight children, seven of whom are living, one daughter Emma Eliza having died November 13, 1881 at the age of four years.

Those left to mourn her loss are Mrs. Theo. Studer of Norwalk, Ohio; George Hankammer and Mrs. C. P. Barber of Sandusky, Ohio; Mrs. F. D. Parsel of Bucyrus, Ohio; Claude and John Hankammer of North Fairfield, Ohio and Mrs. C. J. Sealoths of Jacksonville, Florida. Seventeen grandchildren, five great-grandchildren, one brother, John A. Smith of Havana, O., two sisters, Mrs. Elizabeth Smith and Mrs. Moses Smith of Bellevue, Ohio, who while they mourn her loss, can truly arise up and call her blessed.

Following their marriage they lived in Monroeville, Norwalk and coming to Plymouth, living here 18 years, when the Father in 1914 was taken into rest, after 43 years of wedded happiness, beloved by their neighbors and friends, he having preceded her by 12 years, she still living here until 1918, then going to North Fairfield where she made home for the past nine years.

After ten days of intense but patient suffering her spirit took its flight and with a smile upon her countenance.

Keep Fit!

Good Health Requires Good Elimination

TO be well, you must keep the blood stream free from impurities. If the kidneys lag, allowing body poisons to accumulate, a toxic condition is created. One is apt to feel dull, languid, tired and aching. A nagging headache is sometimes a symptom, with drowsy headaches and dizzy spells. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. If you have reason to suspect improper kidney functioning, try Doan's Pills—a tested stimulant diuretic. Users praise them throughout the United States. Ask your neighbor!

Why Firestone GUM-DIPPED TIRES Wear Longer

WE recently were given the tremendous advantage of having the mammoth Firestone factories brought to us. In Tire Educational Meetings we were shown, by means of motion pictures, charts, tire samples and complete engineering data, the details of Firestone tire design and construction—and how Firestone and Oldfield tires and tubes are made in the world's most efficient and economical rubber factories.

Firestone pioneered the original low-pressure tire and made it practical by Gum-Dipping. The motion pictures showed us how the cords of the carcass are dipped in a rubber solution, thoroughly saturating and insulating every fiber of every cord with rubber. Simple demonstrations and tests illustrated the great advantage of this process, which supplies the extra strength to withstand the extra flexing strains of low-pressure construction—one of the reasons why

Firestone Gum-Dipped Tires are establishing such unheard-of mileage records.

We learned why the Firestone Balloon Tread gives extra safety, comfort and long wear. We were shown why Firestone, from the very beginning, designed and continue to use the round Balloon Tread, minimizing "shoulder breaks", so destructive to tires. Excess rubber at the edges of a Balloon Tread is wasted—actually detrimental to tire mileage. In the Firestone Tread the small units and sharp projections are scientifically placed to permit easy flexing, resulting in extraordinary riding comfort.

Come in and let us put a set of these Gum-Dipped Tires on your car—you can forget about tire trouble. Quality is higher than ever before—prices are lower in history. Buy now!

Celeryville Enters League

Celeryville will enter the Willard baseball league with full force. The first game will be played Thursday, May 19, with the B. & O. The following probable lineup for the first game is given by Manager Vogel:

R. Hockhouse, c.
L. Becker, ss.
C. Mayer, 2b.
J. Buurma, rf.
D. Becker, cf.
D. Gresham, lb.
E. Moore, 3b.
H. Kuhn, if.
H. Buurma, p.
Sub. B. Lewis, p.
C. Hough.

The above lineup gives Celeryville the strongest infield and outfield she has ever had. The Becker brothers of Plymouth and D. Gresham of Willard are an addition to the team that cannot be surpassed. Some speedy plays may now be looked for. H. Kuhn formerly of the Ideal Laundry is a bulwark in the outfield. There is still the reserve force which can be drawn from. Bill Lewis of Steubenville, a new pitcher, is proving successful in his workouts, according to Captain R. Hockhouse, and he expects to make a real pitcher out of him. Celeryville has no chances to lose and all chances to win.
