

GREENWICH LADY DIED LAST FRIDAY

Mrs. Ann Sutton, 83, lifelong resident of that community Passes Away.

Mrs. Anna Sutton, 83, one of the oldest residents of the community of Greenwich, died last Friday morning at the home of Cleo Pugh after an extended illness.

Mrs. Sutton was born in Huron county, and had spent her entire life in this community. With her husband who preceded her in death 12 years ago, she first lived on the Charles Sutton farm, south of Greenwich, and 15 years ago, the top deck of which because of ill health. She is survived by one son, Edwin Sutton, of St. Louis, Mo., one brother, H. Ellis of Akron and one sister, Mrs. Lillie Moecker of New London. Besides her husband, two sons have preceded her in death.

Funeral services were conducted from the M. E. church in Greenwich on Sunday afternoon at 2:30 o'clock. The Rev. Mr. Peterson officiated. Burial was made in Edward Grove Cemetery at Vickery.

BAD LUCK STICKS TO TIRO SHEEP

J. O. H. Griffith, Tiro, sustained the loss of 21 sheep last Monday week in a peculiar accident. While transporting the sheep to Tiro in a double-decked truck, the sheep on the top deck fell onto those on the lower deck. All were killed.

Tuesday two men from a Columbus soap factory who came after the carcasses had a blowout and were held up for some time in Tiro. According to Tiro residents the officer of the car was most unpleasant but they had to stand it until the tire was repaired.

LAST RITES HELD FOR SHELBY MAN

The last rites were held Thursday afternoon for Mrs. B. C. Taber, one of Norwalk's pioneer citizens, who died at her home there. Mrs. Taber was a woman highly respected and loved by her community, and the funeral services were attended by hundreds who knew and respected her. The Montgomery store, which was operated for years by her husband, closed during the services.

Cup Thrower Gets \$10

Jerry Trott, Monroeville youth who throws a wicked coffee cup, was arrested and fined \$10 and costs by Justice F. A. Powers at Norwalk. Trott was accused of throwing the cup at some one in the Wood Restaurant, the misadventure breaking a soft Mr. Kahn's head Wednesday August 22, 1928, at Osgood's Grove. Dr. Monte of Shiloh will give an address. Everybody invited.

PICNIC

The New Haven M. E. Sunday school and Community picnic will be held Wednesday August 22, 1928, at Osgood's Grove. Dr. Monte of Shiloh will give an address. Everybody invited.

Burt Kuhn Expresses His Appreciation to Voters

Burt Kuhn, Democratic candidate for the nomination of Richland county commissioner, wishes to express his appreciation to the voters of Richland county for their support, and especially those of Plymouth township. Just before election day Mr. Kuhn made the statement to the editor that he would rather have the support of his home district and lost the nomination than win without the home people behind him.

Mr. Kuhn made an exceptional race and he has the confidence of the majority of the people of Richland county, and Plymouth Township can be well proud of the nomination of Mr. Kuhn.

40 VIOLATORS

Marshall Barrett reported that over forty motorists were instructed to get proper lights for their machines before driving or suffer the consequence in most of the cases the privilege of getting the lights repaired immediately and thus saving the trouble of appearing before the mayor for instructions. Marshall Barrett stated that he will continue to see that all motorists have both lights as well as a year one and that the traffic laws in Plymouth will be enforced.

Criminals

One reason why America is overrun with criminals is cited by Magistrate Brandon as a reason of his experience in the morals court of Pittsburgh, said to have included the handling of 40,000 cases. Criminal laws favor the lawbreaker, he finds, the statutes of almost all states giving the defense advantages over the prosecution. One of the commonest forms of legal kindness to criminals is the customary long delay in putting a defendant on trial thus affording him every opportunity to arrange some sort of defense, no matter how certain his guilt. The law's delays have been unfavorably famous for centuries. It seems we have built a Chinese wall of protection around our criminals.

DEATH REMOVES AGED RESIDENT

Mrs. Frances Hatch dies Early Monday morning at Daughter's Home.

Mrs. Frances Hatch died early Monday morning at the home of her daughter, Mrs. John Caldwell, on the county line road after a brief illness. Mrs. Hatch was almost 90 years at the time of her passing.

The deceased was a life-long resident of the community and during her life won for herself a host of friends. She was a member of the Presbyterian church and was true to her faith.

Mrs. Hatch leaves to mourn her death four children, one daughter, Fannie G. Caldwell, and three sons, Walter O. John A. and Roy B. Hatch all of Plymouth, and several grand-children.

Funeral services were held in the Methodist church Wednesday afternoon on account of repairs being made in the Presbyterian church by Rev. J. W. Miller in charge.

ICE CREAM SOCIAL

It is announced that an ice cream social will be held next Tuesday evening, August 21, at the Delphi church. Besides ice cream home made cake and sandwiches will also be served. Plymouth people should keep this in mind as well as those in the vicinity of Delphi. Don't fail to come.

MANY ON BOARD NORTHERN OHIO SPECIAL LAST FRIDAY

Seven Pullman cars with approximately 250 business men aboard passed through Plymouth last Friday on a "good-will" tour of the road. The train was made up at Akron and several prominent men boarded the train at this point. Coming through the various cities and towns, those who had received an invitation to join the group were on hand and were given a warm welcome by the officials.

Messrs. P. W. Root and Stacy C. Brown represented Plymouth on the train. The party left the train at Carey where they were welcome by the different civic clubs. Lunch was served at noon after which the party visited the famous shrine at Carey.

Shelby Man Recalls Speeches by Lincoln

Funeral services were held Saturday afternoon for Hiram E. Kingsboro of Shelby who died last Thursday afternoon. Mr. Kingsboro was widely known throughout this vicinity and his passing takes from Shelby one of its pioneer citizens.

Mr. Kingsboro was 85 years and spent the most of them in Shelby. He was a public spirited citizen and was active in public life. For years he conducted the shoe store established by his father, and followed this line of business for many years.

He was a member of the Masonic lodge, the Knights of Pythias and a Civil war vet.

A new sheet metal storage plant 54 by 300 feet in size is now under construction by the Oakland Motor Car company. When completed in September, it will serve to stabilize manufacturing operations in the modern Oakland and Pontiac facilities.

BIG SHIPMENT OF PHEASANTS

Game Department Makes Initial Shipment of 9000; Season Opens Nov. 15.

The first of three shipments of ring-necked pheasants which is made each summer by the Division, of Fish and Game of the Ohio Department of Agriculture, was made this week. Approximately 9,000 pheasants were in this first shipment. Other shipments are being made.

The birds, which are hatched and kept on the two game farms of the state, one at Wellington and the other at Piquette, are about seven to nine weeks old. In the spring of the year, starting the middle of April and continuing every two weeks for six weeks the pheasant eggs are set. Then when the birds are about the size of a seven-week-old spring chick they are no longer kept on the farms, so are distributed throughout the state at that time.

The distribution committee is made up of Game Protectors of the county, members of the Fish and Game Association, one member of the Farm Bureau of the county and one member of the Game Association.

The birds are crated, carried by truck, and then let loose out in the country. Each year approximately 12,000 to 18,000 birds are distributed thus making up for the number that are killed during the hunting season of the year.

The open season for pheasants begins November 15 and continues far into the year. The law states that no person shall kill more than two birds in one day nor more than four in his possession at the same time. Persons found guilty of violating this law are subject to fine.

A. W. FERREL IS TAKEN BY DEATH

Funeral services for Arthur W. Ferrell, 70, who died at his home near Shenandoah, Tuesday, were held at the home Thursday afternoon at 2:30 o'clock. Mr. Ferrell was born July 24, 1854, and resided in Richland county during the greater part of his life.

He is survived by his wife, two sons, Cloyd of West Palm Beach, Fla., and Dwight of Cleveland. One daughter, Mrs. J. Zeigler, of Shenandoah. One brother, A. S. Ferrell of Mansfield. Two sisters, Mrs. Irene Zeigler of Richwood, Ohio, and Mrs. George Lautermilch of Ganges, Burial was made in the home cemetery.

The male may suffer certain diseases, but he can take off something as the weather gets warmer.

LIVELY TILTS IN THE PRIMARIES

Governorship Doubtful Up to Late Hour Last Night, Other Close Races.

Up until a late hour Wednesday night Jas. T. Begg and Myers Y. Cooper were running neck and neck for the Republican nomination of governor. These two candidates probably drew more attention and anxiety of Ohio voters than of any on the list.

The primary election held yesterday was a very quiet one in Plymouth. Out of the 16 voters who participated in making their choice for various aspirants of office. There were 70 Republicans voted in the Richland precinct and 33 Democrats came out to vote. Precinct A in Plymouth (Richland Co.) voted as follows: Begg, 21; Cooper, 16; Turner, 11; Auditor of State, Joseph Tracy, 25; Cherrington, 5; Treasurer of State, Bert Buckley, 46; Theodore Burton, U. S. senator, unopposed; 34; Robt. H. Day, Jr., Judge of Supreme court, 35; Frank G. Gekker, representative for the same office, 24; State Senator, W. Anderson, 14; Representative, H. E. Higgins, 36; Clerk of Common Pleas Court, Chas. A. Arnett, 34; Ralph Schadt, republican candidate for sheriff, 49 votes.

Out of the 16 voters of Republicans for county commissioner G. W. McFarland led the list with 26 votes, Karl F. Webber received 43 votes for member of county central committee. The Democratic votes were very light, only 33 being polled in this precinct and the outstanding among those is Burt Kuhn, who received 21 votes in this precinct. Geo. Salder received 20 votes as member of county central committee.

Cornstalks

It has long been obvious that the modern chemist is the man who aways the destinies of nations. But the fact has never been presented so forcibly as in a recent address by Prof. O. R. Sweeney of Iowa State College before the American Chemist Society institute in Chicago.

The lowly cornstalk, said Prof. Sweeney, can replace both coal and oil in our industrial system. Gasoline can be made from it; paper, rayon, wall board, fireproof tile, synthetic lumber and insulating materials are a few of the other by-products. Corn stalks are full of cellulose, from which 3000 commercial products can be made. Practically all the synthetic products now made from coal tar and other distillates of coal can be made from corn waste. The manufacturing center of the future will evidently be in the corn belt.

C. L. BEAMER IS TAKEN BY DEATH

Well-known Reformatory Guard and Bandmaster Dies After Operation

Many Plymouth friends of C. L. Beamer were shocked to learn of his sudden death which occurred Monday night at the Mansfield General Hospital.

Mr. Beamer was a guard at the Ohio State Reformatory. He was first employed there in 1912 and served until 1916 when he left the reformatory to return in 1924 where he was employed until a short time ago. He was bandmaster and director of the institution's musical units, and he appeared here with his band for one season where he scored a tremendous hit with his organization.

He is survived by his wife and three daughters, Mrs. Mabel Margins, Mrs. Jessie Doolittle, both of Mansfield and Miss Vada Beamer his father and mother, Mr. and Mrs. H. J. Beamer and one brother, Bert Beamer, also of Mansfield. Mrs. Emma Myers of Plymouth is a sister-in-law.

A short funeral service will be held at the home this afternoon at 1 o'clock and the remains will then be taken to Willard for services to be held at the United Brethren church at 3 o'clock. Rev. L. A. Sittler, chaplain of the reformatory will conduct the services. Interment will be made at the Green lawn cemetery at Willard.

Richland County Governor—Begg 2522; Cooper 1167; Turner 526; Davis, Democratic aspirant for the nomination for governor polled 217 votes in Richland county.

Bert E. Kuhn and L. P. Koehbeier, present Richland county commissioners, were nominated for re-election on the Democratic ticket at Tuesday's primary. The two veterans defeated Joe F. Beveridge and John D. Dawson, who sought the party honors and be candidates in November.

Kuhn's total vote was 2,615 and Koehbeier's 2,359 as compared with 1,277 for Beveridge and 744 for Dawson.

Ralph McCord and Clifford Williams ran a close race in Plymouth, McCord 21, Williams 20. Rex F. Brady, prosecutor, got 30 votes here and Edgar Martin polled 32. O. S. Hoffmann received 54, and A. E. Willett, d. received 13 votes as members of the county committee.

Many at Opening of the Willard Airport

Several hundred visitors were present yesterday at the Willard airport when about 20 planes participated in the official opening of the airfield. Sergeant Dewis, a professional parachute jumper thrilled the crowd with a spectacular feat, and with the many famous pilots from Cleveland, and Cincinnati as well as other cities, the day was one of thrill and excitement. Eddie Stinson, America's noted flyer, was on hand, and he drew quite a bit of attention. Messrs. Blake and Hook expect to continue their short sightseeing trips for some time, and it is predicted that the community will become well acquainted with air travel in a short period.

PREPARING FOR SCHOOL OPENING

Supt. R. R. Miller Gives Some Timely Information; Change in Staff.

The Plymouth Village schools will open on Monday morning, September 10. It is important that all pupils be present on the opening day.

The school will continue to furnish back texts books to most subjects. Grade pupils will be required to furnish their own spelling books. Last year, most of the rooms had no spelling texts at all. By the use of the new McCall Speller, it is hoped by the school authorities that this important subject will get the attention to which it is entitled. The pupils will be required to get their own tablets, pencils, writing books, drawing materials, and seat work blanks. Full instructions in regard to these materials will be given on the opening day of school.

Beginning pupils may enter school if they have reached their sixth birthday, or will be six by November 1 of this year.

Besides some needed repairing, the school buildings are being given a general cleaning, so the old buildings will be as comfortable and cleanly as possible.

Owing to some resignations, and also some confusion in names, the list of teachers printed in a former issue of the Advertiser should be revised as follows:

First Grade—Miss Stella Nye.
Second Grade—Miss Maxine Hart.
Third Grade—Miss Ruth McCall.
Fourth Grade—Miss Florence Danner.

Fifth Grade—Miss Harriett Gill.
Sixth Grade—Miss Grace Trimmer.
Seventh Grade—Miss Lucile Fenner.
Eighth Grade taught by high school teachers.

High School—Miss Christine Le.
English and French—Miss Christine Le.
Latin and Mathematics—Mr. Paul Fisher.

Science—Mr. John Reed.
Commercial—Mr. James Derr.
Home Economics—Mrs. Mildred Walters.
History and Social Science—T. Jenkins.

Supt.—R. R. Miller.

WILLARD RESIDENT CLAIMED BY DEATH

WILLARD, O.—Mrs. Lydia Pink, 75, was found dead in bed Saturday at her home on Main street, her death following a heart attack which she suffered during the night.

Mrs. Pink had been left in care of her niece, Margaret Hogeney, 14, of Atica, while Mr. and Mrs. Henry Gill, with whom she made her home, were on a visit in Pennsylvania. The child discovered that Mrs. Pink was dead upon awakening Saturday morning. She is survived by two sisters, Mrs. Fred Allgry of Willard and Mrs. Henrietta Gryn of Clyde; three half-brothers, Chester Philhower of Willard, Oakley Philhower of Shelby and Leonard Philhower of Long Island City, N. Y.

Funeral services were conducted from the United Brethren church Tuesday afternoon at 2 o'clock. The Rev. P. M. Redd officiating. Burial was made in Greenlawn cemetery here.

July was Banner Month for Producers' Commission

F. G. Ketter, of Columbus, Ohio, who is secretary-treasurer of the Cleveland Producers reports that the month of July was one of the most satisfactory ever experienced by the Cleveland Producers from the standpoint of handling trucking in live stock.

For many years that 800 more cattle were handled July of this year than for the same month last year, this represented a gain of 10.93%. Gain was made in the Cold Department of 176 head, hogs 140 head, sheep 282 head. The total gain in number of head handled for the month approximately 5%.

He further states that the number of new shippers using the Cleveland organization was one of the largest ever experienced in any single month.

OBITUARY

IN MEMORIAM

Frances Gertrude Conklin, youngest daughter of Charles Conklin and Rachel Bevier Conklin, was born February 15, 1843 at Plymouth, Ohio, and departed this life at the home of her daughter Mrs. John Caldwell at the age of 79 years, five months and 25 days.

Her father, a pioneer, was one of the founders of the Presbyterian Church in Paris, Ohio, later changed to Plymouth. He served his church faithfully as elder and trustee and raised his children in the faith. Very early in life Frances appeared to be a pious child and was a faithful worker until health prevented active duty.

On November 5, 1873 at Plymouth, Ohio, she was united in marriage to Luman Orlando Hatch. To Luman Hatch and Frances Conklin Hatch four children were born: Fannie G., Walter O., John A. and Roy B. All of whom survive to mourn the loss of Mother. Father Luman was called to his eternal home April 13, 1887, while still in the noontime of life and Mother was left alone to meet the struggles and vicissitudes of reality in her children's homes while awaiting her summons. She retained her kind mind to the last. Her reminiscences so interestingly told and enjoyed will long be treasured by grand children, nieces and nephews. She was in the same state of health until Friday, August 10, when she was taken suddenly ill and surrounded by children and other close relatives she answered the summons and left on Monday morning to be with Mother, Father, Husband, three sisters and one brother who had preceded her to the rest. While we shall miss her so much we are glad the end came so happily and peacefully.

Besides the children there survive to bless her memory: seven grand children: Raymond, Mable, Ralph, Norma and Doris Hatch; Clyde and Charles Caldwell; one aged sister, Mrs. Lavina Taylor of Salina, Kansas; three daughters-in-law; one son-in-law, besides very many close relatives and scores of friends.

"As the glory of the Autumn
With the ripening of the leaves,
Marks the ending of the harvest,
And the binding of the sheaves;
So there seemed a binding beauty
In the glory of the day.

That marked the peaceful ending
Of the life that's passed away,
And the waning of the season.
"With its fruits bravely won,
Blended with the finished life

As though the two were one
Sometimes, when all life's lessons
Have been learned
And the sun and stars forevermore
Have set.

The things which our weak judgment
Here have spurned.
The things over which we grieve
With ashes.

Will flash before us out of deeper
Tints of blue;
And we shall see how all God's
Plans were right,
And how what seemed reproof was
Love most true.

Due to the repairing of her Church
funeral services were held in the
Methodist Church, Wednesday afternoon
at 2:30 o'clock conducted by
Rev. J. W. Miller and interment made
in the Hatch burial plot in beautiful
Greenlawn.

Sousa and His Band in Golden Jubilee Tour to Appear at Fair in Concerts Twice Daily

The strains of "Stars and Stripes Forever," "Semper Paratus" and other stirring marches, played under the direction of their famous composer, will float over the Ohio State Fair grounds during the week of August 27.

American's beloved "March King," John Philip Sousa, and his band will appear twice daily at this year's Fair according to an announcement from Director of Agriculture, Charles V. Truax.

An incident illustrative of their world popular appeal occurred some years ago, when Sousa and his band were touring in Germany.

John Philip Sousa

They encountered an American traveler who asked who all these uniformed compatriots of his might be.

"We are members of Sousa's Band," he was told.

"Sousa's Band?" said the puzzled traveler, "I never heard of it."

"You have never heard of Sousa's Band?" shouted one of the musicians.

"Stranger, I don't know what part of America you come from, but I'll bet ten dollars to one that your town isn't on the map."

No man in public life in the United States for the last fifty years is more familiar or more popular

character. His life story is the romance of a patriot through the years from the Civil War to the present time, of a staunch American and of a citizen of the world. At fifteen he was a teacher of violin; at seventeen a conductor of operetta; at twenty-six years a musical figure as a director of the United States Marine Corps Band. For thirty-six years he has been the dominating spirit of Sousa's Band, favorite entertainer of the American people, on tours at home, in Europe and around the world.

Sousa is the only man to hold commissions in the three branches of the armed forces of the United States. He was a Lieutenant of Marines from 1880 to 1892, a Lieutenant in the United States Army during the Spanish American War, and a Lieutenant commander in the Navy during the World War. It is by the latter title, as of the Naval Reserve Force, that he is now known.

The high esteem in which this genial conductor and his band are held throughout the country may be shown in a unique and emphatic way. It is the only musical organization of the armed forces of the United States. It has never been subsidized, and has never depended on gifts. The sale of tickets is its only source of revenue, yet it has always been a financially sound organization, even in these later years when its expenses have approached \$2,000,000 a season.

This year, Lieutenant Commander Sousa is heading his band in a Golden Jubilee Tour of the country, celebrating the 50th year of his career as bandmaster, and the thirty-fifth year as leader of his own organization. It is in the nature of a triumphant tour renewing old acquaintance and making new friends. The citizens of Ohio are fortunate in having the opportunity of enjoying one of the few extended visits of this famous musician.

For the engagement at the Ohio State Fair, Sousa's organization will consist of almost a hundred bandmen, many of whom will appear as soloists. Miss Winifred Banachick as harpist, and Miss Marjorie Moody as soprano.

ing events this year, May 1st, there were fifty competitors for the \$2000 purse.

Being the inestimable value of the Ohio press to the success of the Ohio State Fair, Friday is designated as "Press Day." Newspaper men from the entire state are accommodated at a luncheon at the Club House, and a program given this year being arranged by the newspaper men themselves.

Members of the Press Day Committee are H. C. Ramsdell, chairman; Ray B. Howard, vice chairman; Homer Stiles, secretary; L. L. Leach, assistant secretary; H. E. C. Rowe, assistant secretary; Karl Bull, W. N. Curtis, C. W. Griswold, E. K. Jenkins, H. C. Williams and S. A. Smith.

At the termination of the week's Fair, awards to the prize winners are made, and Saturday, the last day of the Fair proper, is known as "Award and Auto Race Day." The latter part of the special name has been added this year since a two-day auto race program opens Saturday at the Fair Grounds.

With Sunday as an intermission in the important series of events, Monday will again see the Fair Grounds opened and the scene of one of the world's largest Labor Day celebrations. Cooperation of the Fair management and the various labor units throughout the state make possible the gathering together of these groups.

No gate admission will be charged inasmuch as the livestock and agricultural exhibits are not by the rules required to be held over Sunday. However, the auto race program will more than make up for the other exhibits and will be the means of attracting large crowds of entertainment seekers.

All-Ohio Art Show Planned for Fair

An All-Ohio Art exhibit has been planned for the Ohio State Fair, August 27 to September 3, for the first time since the establishment of 78 years ago of the annual state-wide exhibit.

Only paintings of native Ohio artists will be hung at the show this year. Collections are at the present time being made from Cincinnati, Dayton, Columbus, Toledo, and Cleveland by Hoyt L. Sherman, who is in charge of the exhibit. Arrangements permit any Ohio artist to submit his work, and if it merits attention and is deemed worthy of recognition, it will be placed with the collections made from the various cities.

No entry fee will be charged. Gallery tours will be conducted by Karl S. Bolander, Director of the Columbus Gallery of Fine Arts. Concurrent with the exhibition of Ohio paintings will be held the first annual print show where etchings, lithographs, and block prints, all collected from Ohio artists, will be on display. Daily demonstrations of the processes will also be made.

RICHARD BARTHELMUSS HITS DRAMATIC BULL'S EYE AGAIN IN A STRONG DUAL ROLE

Put down another dramatic bull's eye for Richard Barthelmuss.

The "First National" star has added another historic classic to his recent "The Patent Leather Kid" and "The Noose," in "The Wheel of Chance," the film version of Fannie Hurst's short story, "Roulette." Don't fail to see "The Wheel of Chance" at the Temple Theatre, Monday and Tuesday.

In "The Wheel of Chance" Barthelmuss enacts a dual role, each one a clear-cut character delineation worthy of being placed alongside his finest portrayals. The contrasting study of the two roles, that of twin brothers, presents a startling new phase of the acting ability of Barthelmuss, who has proved in a series of rare portraits his right to the top place on the ladder of Theatrics.

The story of "The Wheel of Chance" relates the dramatic adventures of twin brothers, separated in childhood by a trick of fate, and meeting again twenty years later in one of the most dramatically conceived scenes in the history of the motion picture. To tell more than this would be to take away the thrills and enjoyment in witnessing "The Wheel of Chance."

"GOOD MORNING, JUDGE" DENNY'S BEST FARCE ATTRACTS AT CASTAMBA

Reginald Denny's latest Universal success, "Good Morning, Judge," will be shown at the Castamba, Shelby, Sunday. This picture is regarded as the best the popular star has made.

Denny's clever comedy interpretation would make him a hit in any part but in "Good Morning, Judge," he has a role that matches his good looks, his breezy manner, and his flare for farce to perfection. He has again gained the honor of having appeared in one of the season's greatest comedy hits.

William A. Selzer, who has directed most of Denny's outstanding productions, wielded the megaphone on this one. The Denny-Selzer combination is a famed one in Hollywood, as the two men have been responsible for a long list of box-office successes. They made "Slippery Dimes," "Rolling Home," "Take It From Me," and other attractions.

FARE INCREASED

After many, many years of handling the five-cent piece to our conductors, Sanduskians have to get familiar with the handling of tickets of a measly thin dime for the Lake Shore Electric has won out on an increase in car fare. The new price is ten cents cash or seven tickets for 50c.

Heat Causes Explosion

The intense heat of the past week end caused a large area of brick near Olens to explode Friday, causing damage to the road.

An automobile approaching the place was only a short distance away when the bricks let go. It was necessary to remove some of them before travel could be resumed.

FEES RAISED FOR O.S.U. STUDENTS

COLUMBUS, O.—Increase of \$1 per student per quarter in fees has just been approved by the board of trustees, Ohio State University. But the increase, which is effective with the fall quarter, will be used for the benefit of the students themselves.

Receipts from the additional fee will be used to put student self-government on a firm financial footing and to operate the re-organized student health service which safeguards the health of the student. A maximum of \$3000 annually will be available for student government activities and the balance for the health service.

The increase is in part in response to a petition from the students themselves last spring to President Rightmire urging an additional fee for student government purposes. These activities heretofore have been supported by uncertain receipts from score-board parties, candy sales and the like.

Reorganization of the student health service has been completed with the appointment of a staff of six physicians, three of whom will give full time to the work. Col. James S. Wilson, U. S. Army, retired, will be director of the health service, with Drs. Morse Osborn and Harry LeFever as associate directors. Drs. Shirley Armstrong and Margaret Robertson, of the women's division of physical education, will also be associate directors, with Dr. Walter E. Deffe, of the men's physical education division, as consultant.

Col. Wilson has been a member of the medical faculty here since 1923. Dr. Osborn comes to the university from the U. S. Veterans Bureau at Cincinnati. Dr. LeFever has been on the college of medicine staff. Scope of the work of the health service will be expanded to safeguard the health of the campus community of more than 10,000 persons still more than in the past. Fees for the average student exclusive of laboratory charges, will now be \$68 per year instead of \$63 as before.

FAIR GROUNDS BEING REPAIRED

The 155 acres that comprise the Ohio State Fair Grounds at Columbus are now being subjected to a thorough renovation in preparation for the great annual exposition which opens August 27. A force of over 100

men, which will be increased as the opening day draws near, is kept constantly at work cleaning, repairing and painting. The work is being carried on under the superintendency of J. R. Hicham and H. J. Swain.

The visitor to the Fair will notice first of all how sleek and span everything seems. Lawns have been re-sodded, formal flower beds laid out and trees and shrubbery trimmed. Roads are being re-surfaced and fences repaired and painted. A very complete job of painting is being done all over the Grounds. Every building is receiving a new coat of paint, yellow trimmed with green, and by Fair time will present a cheerful and uniform front to the world.

Concrete has played a heavy part in this summer's reconstruction. Many tons of it went into the making of a new sidewalk along the Eleventh Avenue frontage of the Grounds. Other shorter stretches of walk and driveway have been laid or repaired. There is a new macadam floor in the Poultry Building.

The two artificial lakes in the Southeastern corner of the Grounds have been drained and cleaned. The larger of them is being still further enlarged for the benefit of the National Fly Casting Tournament, which is to be held there during Fair Week. Its new dimensions will be 250 by 90 feet and a new concrete bridge for the casters is being erected.

The Race Track Oval is being improved by the planting of a box hedge and a new fence, as well as by landscaping the infield. Roofers are busy on top of Columbus Building and Manufacturers' Building, which is being re-roofed. Several others are being patched and made water tight. The interior of the Administration is being remodelled for greater convenience to the executive staff.

101 WILD WEST RANCH ENLARGED HEADS THIS WAY

Indians and Cossacks; cowboys and Bengalese; vaqueros and foreign cavalry; bronchos and elephants—these are some of the 1,100 people and 600 animals coming to Mansfield, Thursday, August 23, with the 101 Ranch Real Wild West, which boasts the

only circus-parade of magnitude in America. This famous show, the largest of its kind, past or present, has added a new spectacle, "Julius Caesar," this year.

The 101 Ranch carries spread of canvas that will crowd the acreage of the regular circus lots in the great cities, as the big top is 540 by 300 feet—30 feet longer than any other tent ever built.

Unusually large wild west and rodeo displays alternate with Fair Eastern novelties, and Miller Brothers, owners of both the famous 126,000 acre 101 Ranch in Oklahoma and the show, have spared nothing to make this year's performance an epochal one. Performances are given at 2 and 5 p.m. The parade, all new, leaves the lot at 10:30 A. M., daily.

Some politicians are bowlegged from straddling the fence.—Florida Time-Union.

Wheat vs. Fertilizer

All other things being equal the farmers who fertilize wheat liberally will produce the most profitable crop. Liberality in this case is not reckoned in terms of pounds of fertilizer per acre but in pounds of plant food per acre. There is a variation of more than 3c per pound in the cost of plant food contained in the various analyses, and you want to buy the analyses which furnishes the most pounds of plant food for a dollar. We find that many buyers fail to do this simply because the dealer does not offer the service to which the buyer is entitled. We are always glad to take up this phase of fertilizer buying in detail with those who are interested in getting the most for the dollars spent.

SEVEN CHANGES MADE IN PONTIAC

PONTIAC, MICH.—Oakland Motor Car Company announces seven improvements, designed to make the new series Pontiac Six more powerful, faster and more flexible of operation.

Major changes include a new carburetor, new intake manifold, new air deflector, higher gear ratio, larger tires, smaller wheels, and smart new Duo colors on the sport landau sedan.

Outstanding among the new improvements is a one-inch carburetor of the approved type used on the Oakland All-American Six. Not only is it simpler of adjustment and more accurate than the old type, but increased speed, power, acceleration and fuel economy are achieved by its use in conjunction with the new manifold and gear ratio. Connected with the carburetor is a new mushroom type air deflector.

The intake manifold has been changed to accommodate changes in the carburetor and the rear axle gear ratio stepped up to 4.3 to 1. Marked improvement in every phase of performance is instantly noticeable, behind the wheel, with a higher top speed and an ample reserve power at all driving ranges.

With the increase in gear ratio, the rate of piston travel is still considerably less than that of any other car in the low priced six cylinder field. Thus Pontiac retains an advantage it has held since its introduction, minimum of wear of moving parts, which means longer life for the car.

Greater beauty and a big car appearance, in line with the current vogue, is achieved by the use of larger 29 by 5 inch balloon tires and smaller wheels with ten sturdy spokes, and a larger seven-and-a-quarter inch hub flange. The larger tires result in greater riding comfort and lessening of the wear.

Simultaneous with these mechanical changes is the announcement that the smart sport landau sedan will take on new dress. The body will be of a dark Standish green Duco, with fenders of lighter Virginian green—a combination similar to that now used on the Oakland All-American cabriolet. Wheels are in natural wood finish.

Special sport equipment, consisting of a trunk rack and six wire wheels with tires, also is available for the first time on a low priced six. Spokes are mounted in front fender wells on either side of the car, while an innovative chrome plated rim adds a bit

don't touch of color to the swanky model. New and distinctive bumpers also are available.

In view of the bettered performance and new beauty effected by

these changes, it was felt in automotive circles here that the Pontiac Six would take on an added spurt in the record setting pace it has consistently maintained since its introduction.

AUTO CLUB PROVES VERY BENEFICIAL

Just to show what the automobile club means to the average motorist is pointed out by Secretary Sprecht of the Huron county club. Mr. Sprecht received a check last week from the Chicago Motor club for \$14, a refund to a Willard member of the Norwalk club for an overcharge made him at Effingham, Ill. The Willard man had a break down near that town and summoned an AAA garage, but when he settled he charged him \$15. Instead of the usual \$1 charge made against all auto club members anywhere. He took a receipt and when he got home laid the matter before the local secretaries. The garage had tried to bilk a stranger and got caught in it which shows it pays real money to belong to the auto club.

MUCH STEEL PASSES THROUGH NORWALK

Few of us realize just how much steel passes through Norwalk on the Wheeling & Lake Erie main line. An enormous amount of steel is shipped from Pittsburgh and other steel centers to the Ford Motor Company. Steel that is loaded at Pittsburgh arrives in Toledo in less than 24 hours and is sent to Detroit from that point over Ford's railroad, the D. T. & I. This steel, it is said, is used for the Model A Fords. An average of 21 trains a day pass over the main line.

Arrangements For Huron County Fair Completed

Practically all detailed arrangements prior to the opening of the Great Huron County Fair, week after next, have been completed, reported Sec. Max M. Phillips today.

Entries in the livestock departments are just beginning to come in. A big entry of cattle, sheep and swine are expected.

Directors and Superintendents will meet Thursday evening, August 16th at the telephone building for final check-over of each department.

All space with the exception of two stalls in the Exposition Building is taken. Those exhibiting in the Exposition Building are Jefferson Hardware, Norwalk Grocery, C. S. Bateham, Patrick & Hiss, Montgomery Store, Hinzley Store, Fisher Music Store, Friends Shoe Store, D. C. Herman, H. C. Stenz, Smith Monumental, Lambert Radio Store, J. C. Penny Co., Lake Erie Power & Light, Harry Bennett and Ohio Power.

The Huron County Department of Health will be located in a large tent providing rest room and motion pictures.

The Little Theatre, conducted by the Farm Women's Clubs which was so popular last year will be a welcome attraction on the Midway.

Boys and Girls 4H Clubs are planning a big display of all kinds of Boys and Girls Club work.

Racing will start promptly at two o'clock on Wednesday and continue through the week.

Judging in all departments will begin Wednesday morning August 22nd. Advertising material has been distributed on all main roads within a radius of ten miles of Norwalk. Mr. Floyd Davis of Townsend township is in charge of advertising.

Work on the grounds will start Thursday August 16 and will be under the supervision of Mr. Fred Knell of Norwalk Township.

All principal concessions have been sold and a big automobile exhibit is assured as twelve auto dealers have already arranged to show.

A big exhibit of farm machinery is indicated by the number of dealers securing space is guaranteed.

From the standpoint of concessions and space sold for exhibitors, considerably more space has been sold than was taken at the same time last year.

UNCONTROLLED PARTY PAPERS STAND AGAINST SMITH

A survey of the sentiment of the nation, made through examining the press of the smaller towns and cities shows how deep-seated the spirit of revolt is against Al Smith. The so-called Democratic followers. It is the smaller community newspapers, rather than the big city dailies, that reflect the true untrammelled opinions, just as it is the votes of the suburban and rural dwellers that really elect the national administration. The survey given here was made by a well-known Washington publication:

"The Alamo, Texas, News pictures the anti-Smiths as the real Democrats, 'decent, honorable citizens' and the effort of the Smith crowd to throw such voters out of the party it characterizes as a 'damnable Tammany boycott,' against which every good citizen should revolt."

"We cannot believe that the South is willing to sell its soul to the alien element of New York and to permit Tammany with all its rottenness of history to dominate not only the South, but all America," says The Southeast Georgian, of Kingland, Ga. And this same paper tells of the organization of an anti-Smith club at Waycross, Ga., and editorially it challenges a certain "set Tammany gang street" to get an aggression from every weekly paper in the state of Georgia and publish the results.

"The Atlantic News-Telegraph, Atlantic, Iowa, in reference to Mr. Hoover and the farm problem, advises farmers not to take 'snap judgment'

against the Republican candidate nor to be misled by pseudo-friends of agriculture. 'There is nothing in Hoover's record to justify any of the various attacks which have been made upon him by any of the various agencies claiming to speak for the farmer. There is not a single peg on which to hang opposition to him, and absolutely nothing to the silly charges.' The editorial closes by stating that Mr. Hoover is one of the farmers' 'very best friends.'"

"The Wesleyan Christian Advocate declares that since 'The Democratic party has nominated a dripping wet Roman Catholic' and 'bartered its soul,' this means that Georgia must vote for Hoover this year, not in the interest of Hoover, but in the interest of the Kingdom of God, and Georgia WILL vote for Hoover unless church members and other high class citizens put party above principle. 'No man can put party above principle,' the old South will no longer be sold after the votes are cast in November."

"Speaking editorially The Washington, Georgia, News-Reporter says that 'It is difficult for good citizens to comprehend why a party whose principles are in line with those who defy the Constitution and laws seek to control the Government, and that's exactly what the so-called Democratic party is doing.' No matter how great a statesman Al Smith might be, in country, calling special attention to the general hate and fear of Tammany, the popularity of Hoover and the overwhelming majority of Protestant church and dry people supporting the Republican candidate."

"In Maryland, the Bel Air Times makes much of the provincialism of the New York Governor, commenting at length on his evident ignorance of anything that lies beyond the confines of the Tammany-ruled state, the Times thinks, adding that 'It is a far cry from the atmosphere of Tammanyhall to the pure air of the western prairies, and we believe that this propaganda of Gov. Smith will fall on deaf ears.' And the Atlantic, Iowa, Telegraph says that it is 'losing no sleep over possibility of any considerable percentage of the farm vote going to Smith.'"

"The Oskaloosa, Kansas, Independent gives much front page prominence to a statement by Mrs. Margaret Hill McCarter, noted Kansas author, who pays great tribute to Senator Carter, saying that the Smith stands for, and declares the New York governor to be 'a menace' to good government. Telling of a public address by Mrs. McCarter, at McLeath, Kansas, the Independent says she did not 'throw mud' at the Tammany candidate, but declared that the Smith stands for the things Al Smith stands for, and that America cannot stand for him."

"Quoting a prominent and life long Democrat, born and bred in the South, and son of a Confederate veteran, the Washington, Georgia, News-Reporter headlines that 'The Smith stands for the things Al Smith stands for, and that America cannot stand for him.'"

"The old line Democrat pledges not only his own vote, but every vote he can influence, against the wet Tammany ticket, and says there are 'millions of others who feel about this matter as I do.' The Tammany pulpiters have had no regard for the wishes and convictions of the people, therefore the people will have no regard for the wishes of the manipulators next November."

QUARTERLY TEA

The Fourth Quarterly Tea of the W H M S of the M E Church will be held Wednesday, August 22 at the home of Mrs. H. B. Postle of Bell Street at 2:30 o'clock.

our church, our bodies and our souls are too dear to us to vote the wet ticket."

"In Lanett, Alabama, The Times has been conducting a 'wet vote' poll for Presidential preferences. Of the first 135 votes cast in the poll, Hoover received 172 and Smith 23. A similar poll by the West Point News showed 62 for Hoover and 49 for Smith in the first 111 ballots cast."

"The Plano, Texas, Star-Courier does not regard the outcome of the Democratic convention at Houston as put over by Al Smith's supporters, as reflecting the sentiment of the Democrats of the nation, 'Smith has bolted the party and refuses to run on the platform adopted.'"

"Commenting on how Al Smith repudiated the dry plank in the party platform, The Review, Lovelock, Nevada, asks 'what assurance have Democrats as well as the people at large, that he would not, in event of his election to the presidency, turn his back on every other principle of the party?'"

"From New Mexico, comes an announcement in the Santa Fe New Mexican, that 'we agree most heartily with those political deponents who foresees for Al Smith, the greatest licking ever administered to a presidential candidate,' and to support this opinion the New Mexican cites editorial expressions and political happenings in every section of the country, calling special attention to the general hate and fear of Tammany, the popularity of Hoover and the overwhelming majority of Protestant church and dry people supporting the Republican candidate."

Is THIRTY the Love? Deadline!

Mabel Herbert Urner, creator of "The Married Life of Helen and Warren," has maintained an ever-increasing popularity throughout the country in over fifteen years. She was, in Chicago and elsewhere at home. In all her writing she has developed an individual technique of combination; schools of journalism are using these stories as models of the short-story. The realism and humor of her work have insured the undying enthusiasm of an ever-increasing public. Her private life Mabel Herbert Urner is Mrs. Lathrop Colgate Harper.

By MABEL HERBERT URNER
If a man can't love after thirty—he can certainly give an excellent imitation! Documentary evidence on request.

His amorous age-limit? Is there any?

Not so long as he can roll out of bed, stretch his rheumatic legs, dash his bridge-work from the bedside glass, camouflage his baldness with surviving hairs, adjust his bifocals and hobble out with a swagger of his sportive instincts!

And why not? Must the heart harden with the arteries?

Doctor Durand idealistically defines love as "unselfish devotion." Few men at any age are capable of that. But the masculine self-centeredness is less aggressive at forty than at thirty. The years tend to moderate his egotism. He is more considerate or rather, less inconsiderate. As his girl increases, his ego diminishes. And oh, how much more comfortable to live with!

At fifty he is even more amenable. It begins to dawn on him that his manly charms no longer register. A stout, self-complacent man, he strives to compensate with a little thoughtfulness and unselfish generosity—negligible in his before-thirty andor.

All this may not be love, but common usage passes it for that commodity.

The feminine falling-in-love limit? Now quite as elastic.

Certainly the middle-aged flapper who prolongs her youth by calico counting, floor rolling, and facial plaster, and who is never satisfied, is never emotionally vitalized by her physical rejuvenation.

I know a woman whose rear view remains in the teens, side-view twenty, full face, thirty. Actually she is forty-five. Doubtless if she persists in her spartan diet, exercise, and hairdressing, she will be able to look forty. And still be chronically in love!

Her grandmother at fifty, black and blue, face-bonneted, was relegated to the freddie chair and the exciting role of knitting the family socks. Her falling-in-love instinct died with her youth.

Now our bobbed and buoyant "mild" lady of fifty buys her gowns in the "misses" department—size 16! With her permanent wave and stable physique she can confidently cross her children's knees, conscious that her child's elbow is still in the risk of a slip, and that her hair is still enough to ename and be enamored.

Have not all age limits been abandoned? If a woman in her late forties can skip rope, stand on her head, chin the bar, work all day and dance all night—can anyone challenge her ability to thrill and flutter?

The continuous growth of the beauty parlor—with its preponderance of middle-aged patrons!

Real youth doesn't mean having been born less than thirty years ago. When you retain an agile body and a merry mind—why not emotional love life?

The boundaries of youth, middle and old age are no longer arbitrary. The age class has been definitely and triumphantly set back.

The capacity of love ends only with senility. And with the accompanying stimulus of the 'mystery' gland that peeps, past-phylandering period can be pushed forward to a cheering remoteness.

Set Time for Decision on Business Matters
"It often takes courage of a high order to sleep over an important decision," says George Matthew Adams, "but it is worth it."

Actually, many of the decisions that must be made immediately are better slept over—and the calm decision to sleep over them often does take courage.

On the other hand, many of the decisions of business that can be made at any time within a matter of weeks or even months, are usually slept over too long; they are slept to death.

A night's sleep is beneficial to nearly any important decision; a week of sleeping is often fatal—"In the Stream of Consciousness" by Robert R. Updgraff, in The Magazine of Business.

Honor Paid to Male.
Trustees of Berea college, Berea, Ky., have authorized the erection of a bronze statue on a spring house near by, in honor of Babe Baker, a stalwart mountaineer, and "Jenny," his mate. The memorial celebrates the thirtieth anniversary of the completion of a roadside drinking fountain which has proved a source of pleasure and help to thousands of travelers.—Popular Mechanics Magazine.

TRUCK SCALES BROKEN IS WHY ARRESTS ARE FEW

The truck question is being agitated in Norwalk and Huron county right now at almost fever heat. While the whole craft comes under a sweeping condemnation, yet the malfeasors are chiefly confined to the drivers of the overloaded heavy truck units three or four in line, that do the interstate shipping and most of which rumble through Huron county along about midnight. They are the fellows that rumble along regardless of the rights of the whole world.

When you hear a motor truck laboring hard, rest assured that the truck is overloaded. A few years ago, during the administration of Sheriff Gregory, there were almost daily arrests for trucks being overloaded.

It is stated that the scales owned by the county have been relegated to the scrap heap, and for the past two years have been broken and useless, so no checking up on weights has been done. An officer along the highway at night, checking up and weighing, and arresting and fining, would give these fellows a jolt that might arouse some consideration for the humble taxpayer along the line.

According to a local authority, the use of trucks brings to egg and poultry producers of Huron county about \$200,000 to \$400,000 annually, which he says is more than twice what they would get were it not for the trucks. Well, it is not the farm produce truck that is doing the damage; it is the heavy freight interstate fellow who grinds the roads with his hard-tire wheels, and arrogant fashion of keeping the center of the road, with his overland.

Within five years it is predicted, that the law will require all trucks to be on pneumatic tires, which will solve all the problems; air in the tires will mean smaller truck units, and impossibility of overloads, with consequent better treatment of the pavements.

But Huron county should be using its scales; check up on these midnight trucks and install a little "Fear of the Law" in the hearts of the drivers.—Norwalk Reflector Herald.
