Edison, on the eighth anniversary of his birth, February 11th, submitted to an interview and in the course of it expressed the following opinions: Absolute prohibition in the United States will eventually be enforced, and the manufacture of light wines and beer in the home through modification of the Volstead act would not aid temperance; the age of automatic machinery will find the laboring man with a home and many new things, provided alcohol does not interfere.

CELERYVILLE FARMER SUFFERS \$10,000 LOSS

Jack C. Holt suffered an estimated loss of about \$10,000, when an onion storage barn burned Tuesday afternoon, west of New Haven.

A supply of 4,000 bushels of onions was ruined by the fire, the loss of this alone reaching between \$4,000 and \$5,000. Three tractors, a separator and all farming implements were lost. A mule and a cow were also reported destroyed.

The fire apparently started in the onion storage house. The Willard fire fighting apparatus could not reach the building because of the extremely bad condition of the roads leading to the premises. Volunteers kept the flames from spreading to nearby buildings for the most part until the fire was extinguished by the fire department.

W. H. Fettes Hurt In Fall

Mr. W. Fettes escaped permanent injury, and perhaps death, Thursday noon of last week when he fell a distance of twenty feet in the forging department of the Fate-Roth-Heath Company.

He struck his head suffering concussion of brain, fractures of the middle and ring fingers of right hand, injuries to the right side, and to the left arm and leg.

Mr. Fettes was completing some repair work on a belt located about twenty-feet above the floor of the room. Fay Ruckman, working in the same department, saw the man lose his balance and attempted to catch him. Though unable to do so, the fall was broken and more serious injury averted. Ruckman himself, was badly shaken from the accident.

Fettes was taken to his home on Bell street and was given medical attention by Dr. O. Garbo, Jr. At the present time he is improving slowly, and suffers little. However, some time will be required for complete recovery.

Mrs. Fettes has been assisted in the care of her husband by her daughter, Miss Marie Fettes, of Heidelberg College, Tiffin, and Mrs. Luther Fettes, of Bell street. Madison Wins County Tilt

Shiloh Girls Awarded Cup—David Bachrach Placed On County Team.

Madison defeated Weller by the score of 22-9 Saturday night at the Mansfield High School, to win the Richmond County basketball championship for the 1929-30 season.

The county game journey was a hectic affair from beginning to end, the success of the Madison boys' team being the only correctly prophesied result. The Shiloh girls' sextette won a hard-earned title from the Lucas six after being forced to battle from the first game of the tournament on.

The Madison team won their first tournament tilt from Adair, 24-18, in the semifinals. The Shiloh five gave the players of the green and white a run for the score of 31-27. The Shiloh-Madison game was reported the most exciting game of the tourney, Bob Ruckman was the Shiloh menace who worried the opponents.

In the final game on Saturday night, the Weller players were more than outclassed by Coach Fredrick's men, a surprise for all among the favored teams. During the third and fourth quarters Madison gained a sure lead and ended 23 points ahead of the rival.

(Foul Shooting)

W. Firestone, of Shiloh, made 22 of the possible shots in the foul shooting contest, Snyder, of Plymouth, Weller, of Ontario, and R. Ruckman, of Shiloh, tied from second place with 19 shots made out of the 30.

No. 55, according to John C. Friday, chairman of the county commission.

"One of the best exhibitions of girls' basketball was displayed" in the Shiloh-Lucas game. The splendid guarding shown by both teams was the feature of the evening. Lucas judges were by too frantic guarding and some rough play. Noble, Shiloh center, made the foul shot that settled the 8-7 score.

(All-County Team)

David Bachrach, Plymouth's "right there" guard won a well earned seat on the mythical all-county team. The judges were well acquainted in the field of basketball, and selections made accepted by all connoisseurs of the sport. Muneas, a guard who has acquired a position among the stars during the latter part of the season, won a berth on the second all-county team. Penner, from the Pligwin women, was placed on the second girls' county team, winning her position by persistent guarding.

THORNTON HOAK, LEROY MILLER FINED IN WILLARD

Leroy Miller, 23, of Shelby, while helping a friend in need, put himself in an embarrassing position and was charged by Willard authorities with reckless driving.

Thornton Hoak, of Shelby, was arrested in Willard on Sunday night and charged with reckless driving. He pleaded guilty, was fined \$25, and costs, which he paid, and was released.

Miller, upon arriving at the city hall with Hoak on Tuesday night was placed under arrest. He was fined \$5, which he paid. He was immediately re-arrested on a similar charge, the outgrowth of a complaint filed by Albert Mullen who charged the defendant of recklessly driving, causing a Tiffitt's, barely missing Mullen's car.

A man may be a big fish in his home town, but his chances are, that New York or Chicago would not even use him for bait.

PLYMOUTH TO HAVE WHITEWAY

Twenty-Eight Lights to Be Installed Around Square In April

Plymouth is to have a whiteman. No longer will the village be obscure, but will be a bright example in proving what a progressive and live town can do.

The Board of Public Affairs, and the Village Council met at a joint meeting on Tuesday night and discussed the subject of a whiteman for Plymouth. Plans were presented, and it was decided to proceed with the suggested action. An appropriation of \$5,000 was made for the same, to be installed around the Public Square.

Solicitor W. D. Hood, of Mansfield, was present at the meeting and agreed to start legal proceedings immediately.

The white way will be composed of 28 lights, 14 of which will burn all night. The remaining 14 will be put out at midnight. The lights will extend as far south as the Presbyterian church, as far west as the Lutheran church, north to the Methodist church, and east to the Plymouth Garage.

One matter yet to be determined concerns the poles. Action will be taken with the Northern Ohio Telephone company, so that the entire Square will be in line with the improvement.

Bids will be made. Preliminary surveys and figures have already been made and recorded. A complete blueprint has been submitted. The whiteman will probably be completed in April.

Light Fund

It is not a bonding proposition. The money will be taken from the light fund of the village, in which there is at present a sum of \$10,000.

At the meeting it was also decided to purchase 200 feet of aw fire hose from the Stuphen Company, of Columbus.

MARSH-BUN DITCH HEARING IS HELD

A large number of property owners in the vicinity of Marsh-run in Plymouth-town, were assembled at the court house Friday morning for the first hearing on the Marsh-run ditch.

The ditch starts at the Blackrock creek and runs west to county road No. 55, according to John C. Friday, chairman of the county commission.

Owing to the large representation of property holders, the hearing was conducted in the Probate courtroom.

STATISTICS FOR JANUARY INDUSTRIAL ACCIDENTS

The January statistics of the Division of Safety and Hygiene show there were 111 fatal industrial accidents in the month, an increase of 12 over December; but the non-fatal accidents decreased, 18,986 in January being compared with 19,641 in December.

The time loss for the month was \$67,185 days, an increase of \$5,174 over the record of the preceding month.

Huron county had 49 accidents; some of which were fatal, none caused permanent partial disability, eighteen occasioned over seven days lost time, 10 seven days or less and 21 medical cases causing no loss of time. The time loss for the county as the result of accidents was 524 days. In December, this county had 82 accidents with no fatalities and the time loss was 421 days.

It should be patent to employers and workers of Ohio, that the ratio of decrease in both fatal and non-fatal claims will have to be greater for the remaining months of the year if the goal of a 25 per cent reduction in accidents is attained. In this connection, it might be stated that a number of community campaigns launched on the first of March are expected to bring results that will contribute materially to the record of the state as a whole and division offices are advised of many plant and inter-plant safety programs either under way or contemplated which should aid materially in reducing last year's totals.

Statistics show that 5,000,000 persons are injured annually in their homes, 2,500,000 of them, our guests, by falling over something while on their way to answer the telephone in the dark.—Macon (Ga.) Telegraph.

MADISON DEFEATS

PILGRIM GIRLS
Playing their first game of the tournament Friday night the Madison girls completely "overturned the dope bucket." As a result, the floor was so sticky or anyway it was something that caused the P. H. S. girls to stick to the floor. They let Madison control the tip, etc., so our girls were sadly defeated 9-7. As a result they were eliminated from the tourney. The team as a whole seemed very direct and listless, so they couldn't stop the fast breaking offensive Madison used. Root with four points led the Plymouth scorers, while White and Long led Madison's scoring.

CHAPEL

Dr. G. J. Searle, Sr., spoke at our chapel service on Wednesday, February 26th. Part of his talk consisted of the explanation of the difference between the bacteria which is the cause of so-called "colds" in the head. He says this is a mistaken name for the condition.
In the latter part of his lecture, he told us that too few people really think, and asked us to improve.

OPERETTA TO BE GIVEN

The operetta "College Days" has been selected to be presented by the High School Glee Clubs some time during the first week in April. It is full of fun, pep and great entertainment. As yet the characters have not been selected but work has been started on the chorus part, under the direction of Miss Penner, director of the Glee Clubs.

THE LABORATORY

The new Science Laboratory is now well equipped and ready for use. The tables and chemistry desks, made by the Ohio State Reformatory are of the most up-to-date design and fitted with one-piece acid-proof sinks made by the Morris A. Knight Co. of Akron, Ohio. The hardware used in the installation of gas, water, and drains with which each table is equipped are of an approved design for use in Chemical Laboratories.

Differing from the plans of many High Schools which contain a "Lab" for each science thus allowing the room to be used but once or twice a day, our laboratory is in use every period of the day, by classes in Geog-

raphy, General Science, Biology, and Chemistry, (Physics on alternate years), thus doing away with waste of space and material, for much of the apparatus used in Biology or General Science may be used in Chemistry. Although the room is equipped with all necessities there are many injuries which the Board of Education did not afford. One of these is an aquarium for the use of the students of Biology. This and other things would make wonderful donations to the perfection of the school and its equipment.

A FRIEND

I know some one whose just as smart
As smart can ever be,
He's never been outside of town:
He's quite a friend to me.

He never tells my secrets
Tho he knows most everyone.
He's just a clown in some respects
And full of laughs and fun.

Often times when I get stuck
I go to him and say:
"I've got to get this NOW
So help me right away."

He opens up his giant mouth.
His answers, never vary
From the plain and honest truth—

Hands and Feet
Poems that please by J. D. Alexander
IF WE ONLY KNEW?
If we only knew the heartaches
That we're causing on our way
By the hasty words and actions
That escape us every day,
Would the trusting hearts of loved ones
Catch the frown upon our brow
And the cruel words we utter
Vex their souls as they do now?

If we knew that on the morrow
Death our dearest friends should claim
Would we pierce their souls with sorrow
Would we rend their heart with pain?
Would our hasty words and actions
Cause the bitter tears to flow?
Cause the anguish that they suffer
If our hearts could only know?

Strange we never prize the music
Till the melody is gone;
Strange we never see the beauty
Of the roses for the thorn.
Strange the summer skies and sun
shine
Of each pleading heart so true,
Should be hidden from our vision
By the clouds that dim our view.

Let us gather up the sunbeams
Of affliction on our way;
Let us strew each path with roses
And the fragrance of the may;
Let us find our sweetest comfort
In dispelling grief and woe
With the sunshine and the gladness
And the love we should bestow.

He stepped out boldly into the street
No rubbers had he upon his feet:
No umbrellas he had—nor a coat;
Far be it from him to start complaining.
His new straw—well just note
He didn't get wet—it wasn't raining.

ONE THIMBLEFUL-A DAY'S FEED FOR ONE CHICK!

THINK OF IT! One tiny thimbleful... all the feed a chick can put in its little crop in one day. On this tiny bit it must live... grow... build bones... build muscles... start feathers. Think of the job feed has to do!

They must depend on feed for so many things! They get them all in Purina Chick Startena (mash) or Purina All-Mash Startena Chow... 12 different ingredients in every thimbleful. Cod-liver oil... dried buttermilk... alfalfa flour... granulated meat... these and eight others are there!

These 12 ingredients... think how carefully they must be mixed to make every thimbleful alike. Purina Startena and All-Mash Startena Chow are mixed over and over again... 960 times just to be thorough! You will find the same care taken with Baby Chick Chow (scrub)... to be fed with Startena until your chick is six weeks old... and with Purina Growena (mash) and Purina Intermediate Hen Chow (scrub)... to be fed from then on until the pullets start at 16 weeks.

How little feed a chick eats... just one thimbleful a day... yet how important it is... how much depends on it... the chick's very life... its growth... what the pullets will do for you next fall and winter when eggs are sure to be worth good money. You can afford to feed only the best... Purina Poultry Chow.

THE JEAN L. MILLER AID

HOLDS INTERESTING MEETING
On last Friday evening, the Jean L. Miller Aid (formerly Junior Aid) of the Presbyterian Church, met at the home of R. L. Steele. Besides the regular routine of business and the election of officers for the ensuing year, some interesting reminiscences were brought before the organization. The Society was organized by the late Jean L. Miller, on May 31, 1922. Miss Florence Danner was the first President. From eight charter members the organization has averaged an enrollment of thirty-five. There are thirty-one on the roll at present. The constitution says, Young people of High School age are eligible; the object of the organization is to develop the social and spiritual interests of the young people. Cooperation with similar organizations shall be encouraged.

Among the interesting religious plays and cantatas given, was one that deserves special mention—A Sacred Drama, JOSEPH that was rendered on two Sunday evenings to an audience that packed the church. A friend of the Jewish persuasion kindly asked to have the Drama repeated, "as it gave a sympathetic and true account of some of the suffering of the ancestors of his people, and he would urge more of his own people to come and hear the Drama rendered." The Drama was given a second time, and this friend and a number more of his people came and gave a very reverent attention.

The following have been the presidents of the organization: Miss Florence Danner, Ray Keller, Harold Ramas, Raymond Steele, Mrs. Ruth Nimmans Twiss. Mrs. Twiss was elected president for the ensuing year and Harry Long was elected secretary. A committee was appointed to arrange an anniversary and home-coming in June of this present year.

The following from the organization are attending college: Ruth Baldut, at Heidelberg, Tiffin, Ohio; Ray Keller, at T. B. U., Tiffin, Ohio; Mervin Hilly, at Bluffton, Ohio; Francis Miller, O. S. U., Columbus, Ohio; Miss Lucille Briggs at Mansfield in the Nurse's Training School. A number of others are teaching school. Among this number is Agnes Carson Harbaugh, at Loyal Oak, near Akron, O.; Miss Florence Danner, at Plymouth, and Deryl Cramer, who is teaching in a rural district, near Plymouth. He is planning to enter college some time, and further equip himself along the line of music.

Babcock and Mr. and Mrs. C. J. Berberick and family.

MAID OF THE MIST CLUB ENTERTAINED

Mrs. Whitney Blackford was hostess to the Maids of the Mist club on Thursday, February 27th. Twenty-six being present, eight new members were added. Three guests were present.

Fancywork and beautiful quilting were of great interest, vocal and instrumental music were the diversion. At noon a wonderful pot luck dinner was served to which all did ample justice. A very elaborate program was then presented which everyone enjoyed.

The club adjourned to meet in one month with Mrs. Clyde Foraker.

TWENTIETH CENTURY CIRCLE

The Twentieth Century Circle met with Miss Nye on Monday evening, March third, with twenty members present. It was Book Review night. "Happy is he who has laid up in his youth and held fast. In all fortune, a genuine and passionate love for reading."

Mrs. Beck chose "A Wild Bird" by Maud River. Miss Grace Earnest read the review of "Victim and Victor" by John R. Oliver, for Mrs. Lois Earnest who was ill.

The books were entirely different, but extremely interesting, and the reviews were well prepared.

Response to Roll Call were topics of the day. Second Vice Pres. Lena Derringer presided.

The hostess served delicious refreshments, after which the members journeyed to meet in two weeks with Mrs. Lottis Brown.

NO, NO, NANETTE SPARKLING COMEDY

In bringing the delightful musical comedy, "No, No, Nanette," to the talking screen First National has set a brilliant pace for other Hollywood Studios to follow. This lavishly produced, made partly in simply gorgeous Technicolor, coming to the Majestic Theatre Saturday.

The story—the comedy fable of a very unsophisticated millionaire who imagined he could buy clothes for pretty girls just out of pure good nature and get away with it—is very funny. The special scenic musical scenes, including dazzling trips to Holland, Japan, New York and Mars, are very, very beautiful. "Nanette" is mirthful, melodious, and produced with an artistry never equalled and rarely equalled in the annals of the screen.

It is impossible not to rave about the music. "King of the Air," the big song number, has a swinging, virile tune that will live for a long time. It is sung by Alexander Gray, the youthful leading man, in a way that will make it stick to your memory.

Other song numbers are "The Japanese Ballet," "The Dance of the Wooden Shoes," "Dancing on Mars," and "Pretending."

Did You Ever

Stop to think of the risk you are taking when you drive your car without the necessary protection?

The cost of insurance is little when compared with the cost of a liability or property case if you haven't this protection. My Supreme Policy is within reach of every car owner and only costs \$16.00 for four cylinder and small sizes and \$19.50 for all other larger cars. This policy carries with it an accidental death endorsement which will pay the assured beneficiary \$1000.00 for death which in any way involves an automobile. Let me explain this policy to you.
