

HURON COUNTY FARMERS MEET

Farm Bureau Members Discuss Taxation, Elect Officers, At Meeting Tuesday.

The Huron County Farm Bureau held its annual meeting at Norwalk on Tuesday, about 175 members and friends attending the session. Mr. E. J. Bath, legislative agent of the Ohio Farm Bureau Federation, gave the main address of the day.

The farmer's state problems were brought up in the address and it was suggested that additional legislation was needed at the convening legislature.

Major consideration was given to taxation, and additional sources of revenue were suggested. Among the suggestions were listed—an income tax without exceptions; tax on amusements, luxuries, cosmetics, resorts, and a higher tax on the car. A mortgage tax falling on the loaner in place of the borrower was suggested, as was the requiring of exact statements in the giving of values in deeds, etc.

Through the efforts of the Grange and the Farm Bureau last year over three and one half million dollars were saved to the farmers through getting the valuation in 42 counties reduced in accordance with the slump in other values.

The bill making possible credit unions in the state was endorsed, and the bill for rural protection was also endorsed. The required driver's license was advocated.

The reports given at the meeting in county extension work, by C. A. Hummon and Miss Mabel Fernald showed that much has been accomplished during the past year, both along junior and adult lines.

Service manager D. J. Coburn reported 640 tons of flour handled during the year, 800 tons of coal, 370 tons of feed, 800 bushels of potatoes, 2635 gallons of oil handled. There were 112 farmers shipping \$7,000 lbs. wool, \$45,954.95 worth live stock. Prices paid by the Farm Bureau at the elevator on Tuesday were 71 cents for wheat and 31 for oats.

Officers elected by those present were: C. Frank Hopkins, president; Robert Finley, vice president; Finley Hester and F. Liles, as delegates to the state meeting. E. M. Miller and A. C. Cawwre were chosen delegates. Resolutions were adopted asking equitable reduction in taxes, corresponding reduction in cost of offices, the opening of court house on Saturday afternoon. The elimination of the levy on abutting property was suggested for discussion at a separate session of the legislature.

Women's work in the county was discussed by Katherine McCargue. Fred Liles gave a short discussion of needed changes in the dog tax law.

AUBURN TOWNSHIP BOARD ORGANIZES

Trustees of Auburn township organized for the new year on Saturday. Walter D. Ervin succeeded J. F. Farrell as chairman of the board. W. W. Davis is the clerk of the township, and the other member of the board is August Hrydzinger.

The place of meeting will continue to be in the office of the Fire Ward. The same scale for labor as in past years will be continued, despite the fact that in many places wages have been reduced. The annual inventory of township property totaled \$2100. The road districts in the township will remain the same, with Hrydzinger having charge of the north end, Ervin over the central portion and Farrell in the south end.

NEW HAVEN TOWNSHIP MEET ALUMNI JAN. 16

New Haven high basketball team will play the high school Alumni team at Willard high school on Friday evening, Jan. 16.

As added features of the game the reserves will play Willard Junior high team and the New Haven girls will play a volleyball game with the Willard high school girls. Games begin at 7:30.

ILL AT HOME

Mrs. A. E. Jones is again confined to her home with illness. Dr. Stevens of Mansfield, is the attending physician and is endeavoring to prevent the spread of pneumonia to the family.

Ohio Employment On Improvement

Increase Due To Gains In Manufacturing Industry.

Columbus, Jan. 15.—Improvement in industrial employment conditions in Ohio in December over those of November is reported by the bureau of business research, Ohio State University. As compared with a five-year average decline of 1 per cent for the month of November, total industrial employment in the state gained 1 per cent last month, the report says.

Manufacturing employment in Ohio also increased 1 per cent in December from November in contrast with a five year average decrease of one per cent. The one per cent gain in manufacturing employment in December was caused by "the one per cent increase in the chemicals, the machinery, the metal products, and the vehicles industries, the 2 per cent increase in the rubber industries, and 5 per cent increase in the paper and product industries."

Non-manufacturing industries also showed a gain in employment. "In all of the cities of the state," the report adds, "except Cleveland, Cincinnati and Youngstown, there was an increase in total industrial employment, the increase amounting to 2 per cent in Toledo, 4 per cent in Akron and Dayton, and 5 per cent in Columbus. The increase was more than seasonal in all the cities."

Century Old Quilts At Unique Exhibit

Quilts Made In Scotland On Exhibit At Church.

Fifty years from today our great grandchildren will be curiously inspecting the quilts that are made today, and smiling at the queer style of hats that are worn in 1931—just as the visitors at the exhibition of old quilts and quilts smiled last Wednesday night at the Lutheran church parlors.

The Ladies Aid of the church had gathered together a remarkable collection of unique and beautiful quilts, two made in Scotland, being over a century old. There were designs and colors of every description—silk quilts, pieces so closely quilted that they were almost solid quilts of a modern pattern that rivaled their elders in intricacy and beauty. Two lovely paisley shawls were on exhibit.

It was impossible to imagine Mrs. Eva Smith, Mrs. George Searle, and daughter Eleanor, Mrs. H. Chappelle, and Mrs. Mabel Stewie in the dresses that they were when they were babies. Yards and yards of white organdy had been used in Mrs. Wilda Dronberger's party dress, while a vest, 132 years old, exhibited, was worn by her grandfather, Samuel Harley. There were, too, many other pieces of old quilts, of the type that merely sits on the top of the head. One bathing suit was exhibited—of the style when no elbows or ankles were exposed. And countless other interesting pieces, too numerous to describe.

INSTITUTE HELD THIS WEEK AND NEXT

Among the farmers' institutes that are demanding the attention of Plymouth and the surrounding communities is the institute being held in Shelby today. Private who has made quite a name for himself in Home Talent program are S. B. Stowe, of Marion county, Ohio, and G. Gertrude Aktin, of Lorain county, first woman justice of peace elected in Ohio.

On January 19 and 20 the annual Peru township Farmers' Institute will be held in the Peru High school. State speakers will be William McStone, of Atwater, and Mrs. Neal Kyle, of Somerset. A feature will be a poetry contest for school pupils.

PLYMOUTH BOY IS CAST AGAIN IN COLLEGE PLAY

Raymond, Private who has made quite a name for himself in Home Talent plays has again scored and this time is honored by being chosen to take part in the college play at Ashland College, where he is enrolled as a freshman.

Today he has his fourth appearance on the stage, having taken part in the college Christmas play and also carried a major part in other plays. He is also a member of the Dramatic Club. Raymond is the son of Mr. and Mrs. Walter Hatch of West road.

HEALTHIEST TWP. AUBURN'S TITLE

Auburn township, in Crawford county, has been given the title of "the healthiest township." Only two deaths occurred in the county, both in Tiro, and both victims over 80 years of age.

The two deaths occurred before February 1, thus giving the entire township a record of not a single death during eleven months. The population of the township is 1,000.

NETTIE W. STEVENS DIES IN CLEVELAND

The death of a former Plymouth citizen is noted in the Cleveland papers. Mrs. Nettie Weis Stevens, near 70 years of age, passed away on Tuesday, January 5, at her home on Colt road.

Funeral services were held on Friday, January 9, at the Charles Melbourne Sons funeral home, at two o'clock. Surviving children are Mrs. J. C. Goodrich, Jeannette, and Fred. Mrs. Stevens will be remembered by the older residents of this community. The old homestead was on the side of the present Elder residence. The deceased left Plymouth a number of years ago.

CATTLE REVERT WILD GIVE OWNERS CHASE

Four head of cattle that had reverted to the wild state were chased over the greater part of eastern Huron county by owners and their assistants before capture the fore part of the week. The animals jumped one 12 foot embankment, and when pressed would rip up a section of fence to escape. The return of the rodeo of the west was quite exciting before the capture.

CHattel MORTGAGES DECLINE 14 PERCENT

Chattel mortgages at the office of County Recorder, Will H. Darling, Norwalk show a reduction of slightly more than 14 per cent in 1930, as compared to the previous year.

The decline appears to be an indication that lack of future buying power has induced many to cease buying on the part payment plan.

LAST RITES FOR SHELBY WOMAN

On Monday afternoon at two o'clock, last rites for Rose Clowes, daughter of Dr. J. Clowes, of Shelby, were held from the Barkdull funeral home. Burial was made in the Oakland cemetery.

Death followed illness of several days. Surviving are her father, two sisters, Estella, and Mrs. Long, of Shelby.

The deceased was well known in Plymouth, and had visited here numerous times. She was born at Rome, Ohio, but had spent the greater part of her life in Shelby, where she was employed as a milliner until a few years ago.

The Public :: Forum

Opinions expressed under this heading are those of the contributors, not of The Advertiser.

War prices are still on and we are asking for more—that is what is expressed by the Gas Co. of our council. In a new franchise planned to serve us. Although we were promised, when the permit franchise was given at a higher rate, that we would be refunded any excess pay if these other towns were not charged at a rate equal to ours.

Is it a fact that their old franchise had two years to go, and that they were permitted to scrap their agreement and charge an exorbitant rate? A reduction is in line with conditions, and the Gas Co. can well afford to serve at a much lower rate.

Just think—that coal can be mined, transported and loaded to you with a big saving in gas. We should be paying not over 25c per thousand feet for gas. They can reduce rates if they would. A franchise does not mean much if it can be scrapped as the old one. Question—Shall we give them a franchise?

Richland County to Have August Fair

Fair Board Emphasizes 4-H Club Work in County Fair.

The Richland county fair will be held during the last of August, recent reports from the committee state. The number of days the fair will be in session has not been decided.

It is probable that Richland and Knox county will cooperate, both celebrating the fair season the same week, Richland having the first three days, and Knox county the last three. The Little Theatre of Mansfield may be asked to present plays on the fair grounds. The 4-H clubs are to be stressed as usual. It is realized that the boys and girls in the present clubs are the farmers of tomorrow, and members of the board expressed the conviction that the fair would be continued, if for them alone.

Waldo Hale, winner of the B. and O. scholarship, spoke before the board, stating how the county exhibitions had aided him in his work. Other noted county and district leaders spoke at the meeting.

A vote was taken to get an expression of the people in general on the problem of charging at the main gate.

Out of 25, 15 voted for a 25c admission, five for 50c, and five for a free fair. Exhibits will be made this year again by the Shelby and other community garden clubs.

I. SHARICK DIES IN JUNEAU, ALASKA

R. P. Sharick, of Willard, has received the report of the death of his brother, I. J. Sharick. The deceased passed away at his home in Juneau, Alaska, on Sunday.

Mr. Sharick, who was 84 years of age, had conducted a jewelry store in Alaska for over 40 years. He was the eldest of five brothers, all of whom were watch makers and have owned jewelry stores.

HELD ON CHARGE OF CONCEALED WEAPONS

Ira Brown, 21, who gives his residence as Plymouth, was arrested along with Jeff Sexton, 18, of Shiloh, and are held in the Willard jail, following a charge placed against them of intoxication and of carrying concealed weapons.

The men were arrested in Willard Sunday night upon the complaint of residents who found them on the porch. Brown's bond was placed at \$500. Sexton was fined \$25 and costs.

VICTORY DAY PROGRAM WILL BE GIVEN HERE

On Sunday evening at the Methodist church, Victory Day will be celebrated as the anniversary of the Eighteenth Amendment. The program will begin at 7:30 o'clock.

The speaker of the evening is the Rev. Miss Leibel, of Monroeville. The program is being chosen to arrange the details of the meet included Mrs. O. M. Peoples, Mrs. Ed Phillips, and Mrs. S. Perry. There will be special music.

This is a meeting that the townfolk cannot afford to miss.

GARAGE OPENED

M. C. Colyer has opened a garage in the brick building on Plymouth street, near the A. C. & Y. tracks, where he will do auto and tractor repairing. Mr. Colyer has an announcement in this paper which he invited you to read.

CONDITION IMPROVED

The condition of Reginald Ervin, who has been seriously ill at the Mansfield General Hospital, is greatly improved. He has been removed from isolation to the ward and is able to see friends occasionally.

Miss Ruth Baldus, who is confined to the Shelby Hospital, was told that she is much better, but is as yet not permitted to have callers.

VITAL STATISTICS

According to records in Willard there were 15 births and 12 deaths in that community, and four townships during the month of December. Willard there were 12 births and 10 deaths, in New Haven township three births and two deaths.

In Richmond, Norwalk and Greenfield townships there were no births or deaths reported.

STOLEN CAR FOUND PARKED ON NORWALK MANSFIELD HIGHWAY

The Buick coupe, belonging to John Root, which was stolen Friday night, was found Sunday afternoon on the Mansfield-Norwalk road, near Greenwich center.

Residents of Mansfield, Mr. and Mrs. Arthur Thornton, who were driving on the Norwalk road, noticed a parked coupe. Mrs. Thornton, having read the article and advertisement in the Mansfield News, recognized the number, and immediately drove to Plymouth to inform the owners. It was a coincidence that the number of the stolen car was 77-180 while Thornton's license read 77-187.

The car had also been noticed by a farmer about eight o'clock Sunday morning, but no notice had been given. The Buick was taken from the school during a basketball game. Neighbors near the school house noticed three men near the car, and thought the direction taken was south. The car had apparently run out of gas and had been parked by the thieves.

DOUBLE-HEADER AT P. H. S. ON FRIDAY

Friday night of this week the P. H. S. teams will be hosts to the Butler teams. This is Butler's first season in the county league. Our boys are out for their ninth victory while the girls hope to square themselves as far as county games are concerned as they have won one and lost two of the games played thus far.

Friday night the P. H. S. teams go to Ontario, another county school. Both of the Ontario teams have been playing great basketball this season so you can expect two close contests. Of course, you're looking forward to the Shiloh game here and this is to remind you that it is to be played at the P. H. S. auditorium, Thursday night, of next week, Jan. 22.

Premier End Men for Shiloh Minstrels

Harley Nesbit, Paul Weaver Are End Men For Minstrel.

Readers of minstrelsy items will no doubt be wondering just how the end named will take their places in the annual minstrel event to be given under the auspices of the Community Institute, the evening of Wednesday and Thursday, Feb. 11 and 12, 1931.

Mr. Nesbit has been a character part in a great number in many of the local talent plays given at Shiloh and elsewhere, and for a number of years played professional parts. His part in this show will be featured especially by his razzor song and dance.

Supt. Weaver, although for a number of years doing only work in directing plays, in his high school days, as well as in his college experience, and will no doubt to his taking the serious end of this team.

The names of the other ends will appear from time to time, paired as they will appear in the teams on the stage for this coming event.

RUN-AWAY LAD, 15, LOSES RIGHT LEG

A run-away trip from school work resulted in tragedy for Christy Candi, 15 year old Cleveland lad whose leg was amputated by a train at Greenwich Thursday afternoon.

Christy and a pal, Miss Benedetto, also 15, were riding on a car after running away from their homes and school in Cleveland, when a sudden jerk of the train threw the boy under the wheels.

A Greenwich doctor immediately took the boy to the Willard Municipal hospital, where treatment was given. The victim suffered much from the loss of blood.

The parents of the boys are reported to be well-to-do citizens of Cleveland.

ATTENDS FAIR MEET AT OHIO CAPITAL

Max M. Phillips, of Norwalk, spoke yesterday on "How To Combat the Growing Cost of Fairs" at the annual meetings of the Ohio Fair Manager's Association. The meeting was held at Columbus.

Attending from Huron county were I. F. Henninger, Day Heyman, Roy Gathergood, John Schied, of Monroeville, Harry Sillman, F. Babcock, of Plymouth, Herman E. of Bellevue, J. W. of Weekman, Frank Bohn, of New London.

WHITE IS NOW OHIO GOVERNOR

Inaugural Ceremony Impressive As Marietta Man Takes Oath On Family Bible.

The fifty-second governor of Ohio took oath of office Monday morning, representing the political party of Jackson and Jefferson. George W. White placed his hand on his family Bible given by his father on his 15th birthday, while the oath was administered by Chief Justice Carrington T. Marshall, who for three consecutive inaugurations has officiated.

The inaugural address was brief, lasting but 20 minutes, and expressed the new governor's policies and planned program. A warning against the passage of laws leading to centralized government was expressed, and every citizen was urged to participate in the affairs of government.

In referring to taxation, Gov. White stated "By mandate of the people those in public authority are charged with the duty of completely remodeling the taxation system of our state. This is a task colossal in its magnitude, but one which must not be shirked." In closing he used the statement asking all to move "forward toward the sunrise of a brighter and better day."

The ceremony was performed and the address given in front of the state house, despite the threat of unfavorable weather. The parade honoring the new governor was colorful. The delegation from Marietta, White's home, was accompanied by a 60 piece band, banners and pennants. A hand-engraved parchment scroll bearing the names of those who came from Marietta was presented. It was estimated that the governor shook hands with over a thousand friends at the reception held in the evening.

Charles T. Warner, of Columbus was honorary chairman for the inauguration.

WILLARD-CALDWELL GETS ANOTHER PROMOTION

Stories of success are always of interest—and especially so when they concern former residents of Plymouth. Friends of Willard Caldwell, son of Mr. and Mrs. W. Caldwell, of West Broadway, are congratulating him on the recent promotion to the office of the National Supply Company, of Toledo.

The young man now holds the position of secretary to Mr. Kirk, one of the head officials of the company, and is working in one of the best departments in the firm. Caldwell will have worked for the company three years in June, and this promotion is his third. He has enrolled in a night school and will take up studies pertaining to his new work.

He graduated from Plymouth high school in the class of 1927, and during his high school career was outstanding in athletic and literary work.

PAUL FORD NAMED HEAD OF BUREAU

Paul Ford, of Nankin, has been named chairman of the Ashland County Farm Bureau following the election by mail in that county. He succeeds C. D. Curry, also of Nankin.

The annual meeting was held at the Church of Christ on last Friday afternoon, with Atty. J. F. Kramer, of Mansfield, the featured speaker. In the afternoon the new board of directors was held at the meeting.

Mr. Ford is a brother of Mrs. Carl Paine, of West Broadway, and Mr. Donald J. Ford, of near Plymouth.

OFFICIALS PUBLISH COST OF REBUILDING

As a number of reports have been made on the rebuilding work on the Huron county court house, officials have considered it wise to publish the exact cost of the project.

The total sum of the bids on the project amount to \$118,831, and are divided as follows: \$11,290 to Contractor Burton Wheeler for rebuilding work. \$4,755 to Houghton company for automatic elevator. \$2,817 to Bary for plumbing. \$1,765 to Bary Electric Co. for electrical work.

It is stated that approximately \$1500 a year in rentals will be saved by the additional space provided. The work is progressing rapidly and the stairway at the front of the building is nearly complete.

Ohio Crops Yield 79 Per Cent Av.

Wheat and Oats Above Last
Year's Average.

The outstanding feature of the 1930 crop year in Ohio was the drought and its effect upon crop yields, the yield per acre of all crops being 79 per cent of the ten-year average.

Maryland, Virginia, West Virginia, Tennessee, Arkansas, and Montana, reported lower relative yields. Corn yielded 25.5 bushels per acre, wheat 17.3 bushels, oats 26 bushels, hay 28 suffered most. Tobacco and sugar beets gave unusually good yields. Hay was the only field crop with the acreage materially lower than in 1929.

The figures come from the Ohio Experiment Station. For the country as a whole, the corn crop of this year was 20 percent below the last year crop, the wheat crop 15 percent below, the oat crop 6 percent above, the hay crop 16 percent below, and

BOY KILLED WHEN AUTO TOWS SLED

Frederick McNight, 16 year old Norwalk boy, was killed Thursday afternoon while riding a sled towed by an automobile, on the Olona road. The sled was hit by a truck driven by H. P. Becker, of Norwalk. Death was due to head injuries. The boy, with two companions were riding on sleds attached to a car driven by John Bell, also of Norwalk. A bare spot in the road caused the sled to lurch to the left of the road into the path of the oncoming truck. Neither car was being driven over 20 miles an hour. Riding on sleds attached to cars is a dangerous past time, and one that should be discouraged. In this case a death resulted.

the potato crop the same.

The general level of farm prices of crops on December 1 was the same as the level for the five pre-war years. Not since 1915 have prices been so low. On December 1, 1930, wheat prices were at the lowest level of any corresponding date during the 20th century. A year ago the level of crop prices was 31 per cent above pre-war.

P. H. S. NOTES

ZEBRA

This is the name given to the striped species of the of the horse family, however the real true zebra is extinct. The true zebra was an inhabitant of South Africa and especially of mountain districts where it roved in small bands. It was the smallest of the group, standing a trifle over four feet high at the withers, and had relatively long ears, and a short mane. Its ground color was white, with a brownish face and the stripes black.

The zebra now most often seen in South Africa, and common in menageries, is Burchell's which the Boers call "quagga." It is from two to four inches higher than the true zebra, has shorter ears and longer mane and a more hairy tail. Its ground color is yellowish and its stripes are differently arranged. It is an inhabitant of the plains where it gathers in small herds. The zebra has been semi-domesticated but has never been very useful.

The third species of zebra, called "Grevy's" inhabits the hilly regions from the Victoria Manya north and east to Central Somaliland. It is taller and slimmer than the true zebra and like it is striped down to the hoofs, but in other respects it resembles the Burchell's. It is distinguished from both however, by the greater number of stripes and they are narrower. The habits of all zebras and wild horses are about the same.

WHERE WE GOT THE NAMES

OF THE MONTHS OF THE YEAR January was named after Janus, the two faced door keeper of the doorway to heaven.

February was named in honor of a feast in that month.

March after the Roman god, Mars, April, uncertain.

May, after a mythical character Maia, daughter of Atlas.

June, probably after Juno.

July, after Julius Caesar, who was born in that month.

August, after his nephew, Emperor Augustus.

September, October, November, and December were formed by adding "ber" to the Roman numerals, Septem, Octo, Novem, Decem, meaning "seventh," "eighth," "ninth," and "tenth," respectively, because all those held places in the old Roman year, which began in March. The present calendar was introduced by Pope Gregory XIII in 1582 and adopted in England and America in 1752, from "Our modern world."

We are now studying about the Danube and Balkan countries. It is very interesting to know what other countries have been doing and what they are doing now. We find that about 2000 years ago Greece was the leading country in the world. Athens, Greece's capital, was noted then for its sculpture, architecture and poetry. Greece and the neighboring countries to the north were later conquered by the Romans and still later by the Turks.

We also find that they are backward in agriculture. The surface is not suitable for most of it is mountainous. The temperature of the land close to the Mediterranean is moderated by the sea; but around in Hungary and Roumania the principal crops that can be raised are oats, rye, barley, corn and wheat. We also find that roses, mulberries, grapes, olives, oranges and lemons are raised in Greece. Out at the roses they make perfume.

SITE OF NORWALK POSTOFFICE HAS A LONG HISTORY

The recent announcement that Norwalk will, at some time in the near future, have a new postoffice, has aroused considerable interest in the history of the postoffice site.

C. E. Tucker, of that city, has compiled an abstract which concerns the history of the land in question from the year 1662, when Charles the Second granted land to the Connecticut settlers.

The story is traced through the revolutionary war to the Firelands history, and down to the present land owners, The Huron County Banking Company, the Taber estate and H. A. Pohl.

When the land is sold to the government for a post office site, it will be the first case in which ground has been acquired by the government without a patent.

MUSK-OXEN FIND HOME IN ALASKA

New York, Jan. 15.—Musk-oxen, the strange creatures which make their home in the northernmost part of Greenland, are soon to try the life of Alaskan pioneers in one of the most ambitious of all game stocking experiments.

Thirty-four of these bison-like animals, valued both as noble game animals and as a food source, were captured last summer in Greenland, and after a 5,000 mile journey in crates have been landed at Fairbanks, Alaska, the U. S. Biological Survey reports to the American Game Protective Association.

These 34 animals will form the nucleus of a herd with which it is hoped to stock the Alaska barrens, for it is believed that the animals will thrive in their new surroundings. For the present they are confined for study in

FARM BUREAU OF RICHLAND COUNTY ANNUAL MEETING

The annual meeting of the Richland County Farm Bureau was held in the St. John's Evangelical church, Mansfield, on Saturday evening.

The attendance at the annual meetings has given the county organization a high rating in Ohio, and plans for the future year promise that the high rating will be continued. Principal speakers at the Saturday meeting were L. O. Foster, of Columbus, and Mrs. N. L. Steva of St. Marys, and assisted in making this gathering the best ever.

H. H. Wolfe, president of the county group, was in charge of the session, with G. K. Welmer at the head of the community singing. Dinner was served at noon by the ladies of the St. John's church.

MONROEVILLE DROPS GIRLS 30-35
After playing a brand of basketball all through the game, the P. H. S. girls lost a hard-fought, heart-breaking tilt 30 to 35 points. It certainly was the best game of the season played so far.

After the starting signal those Monroeville lassies were old roll in the baskets. The visitors were ahead 13 to 3 at the end of the first quarter. After that upset the Plymouth girls got down to work and scored 11 points to their opponents 6 points during the second 8 minutes period. That 3rd quarter was really thrilling! The score then stood 27-25 in favor of Monroeville, when that exciting last quarter began, the P. H. S. girls scored another 2 points, the score stood 27 all. Oh boy! Was that exciting! In the opposing team got the best of our team during that peach of a last quarter.

Captain Pugh must certainly deserve the honor of high score. She tallied 23 points during the game.

PILGRIMS SWAMPED BY MONROEVILLE FIVE

As Seen From The Floor by T. Webber
Friday 9. Our home team tasted defeat and it tasted quite bitter. Why wouldn't it? They met their Waterloo to the tune of being behind just 15 large points, when the final bell rang. The part that hurts worst is that the Pilgrims were defeated by a team that was superior only in the ability to keep their heads and to make good their shots.

During the entire first half the Jenkinsmen played "damned" good basketball. After fighting for every point the boys led 43 at the quarter but were behind at the end of the second period 44. At the beginning of the second half the boys came out to do or die for Plymouth (quite poetic) and they died with a dull thud. Capt. Bachrach stood under the basket and missed sucker shot after sucker shot while the always reliable Briggs utterly failed on follow up shots. Ross shot enough long ones to sink a battleship but he evidently left his shooting eye in the dressing room. The team as a whole was unable to put the ball in the bucket which is essential in any game. Plymouth had four men who featured in the race for scoring honors as Ross, Briggs, Webber, and Bachrach each accounted for the grand total of two points. Scott sparkeled with a meanly one point, the first of his variety career.

In conclusion (a word to the wise is sufficient) the Pilgrims had better begin to sink a few of the fouls presented to them each game, every foul

POETRY

NEW YEARS DAY

When the children arose
Upon New Years Day
They hurried on their clothes
To go out and play.

Children that are bright
Keep out of mother's way.
They start the New Year right
By making it a happy day.

The New Year has been
It always will be
Happy to the end
Just you see.

If we start it out right
Like some of us do,
All the days will be bright
The whole year through.

—Mae Ruckman.

THE GROWING OF COTTON

It is nearly time to plant cotton again so I will tell you how it is grown. It is planted with either a dropper or a cotton planter. The dropper puts seven or eight seeds in a bunch every few inches, and then puts out a solid row, no space between. As soon as it comes up it is barred and sided up and chopped. It has two leaves when chopped. We chop out but three stalks, then it is sided up again. It is planted in rows three and a half or four feet apart and chopped out to eighteen or twenty four inches apart.

Cotton needs lots of plowing, once to twice a week. When it is three or four weeks old we bunch it (hoe out the grass). In July it is laid by (quit plowing). It blooms as soon as the square is as large as a marble. In the morning the bloom is white, and in the afternoon it turns dark red. It resembles the single hollyhock bloom.

In a rainy summer the boll weevil is extra bad, but we can dust or mop with arsenic and control them some. The weevil punctures the boll and lays an egg. It hatches out a grub that eats the square and inside of the boll and causes it to drop off. After falling off it lies there and the grub turns into a boll weevil. Plowing often helps to destroy the weevil by covering with the hot soil. If we have a late cold spring, hoe attack the young cotton and kill it by sucking the juice. A cold and wet spring causes black rot which kills cotton.

Cotton starts opening the last of July and picking starts in August. It takes 1500 pounds of cotton to make a 500 pound bale of lint cotton. A good picker can pick 300 pounds or more a day. Seed makes good cow

feed, cotton seed oil, cotton seed meal, and the fuzz of the seed makes cotton linter.
You can make a bale to the acre if the soil is fertile and it is a good 2 year. Before the boll weevil came a bale and a half or two bales was made to the acre and less was considered. Now a bale per acre is extra good cotton.
If cotton is plowed too late and not laid by early enough, the plowing will cause it to throw off the cotton (cause the bolls to drop off).
We made six bales this year on six acres. A bale not weighing 500 pounds is called a pocket and extra charges are made for one weighing over 600 pounds. The standard weight is 500 pounds. The charge for ginning is \$4.50. The gin will carry your bolls to the cotton warehouse if you want them to. They buy the seed or you can take it home. Seed is sold by the ton.
The leading varieties are: Wilson Big Boll (the kind we plant), Toole Improved, Bank Account, Wamamaker, and several kinds that are planted in places that are infested with wilt. I saw a piece about cotton in the school news in the Plymouth paper which you sent me, and I thought perhaps it might be interesting to know how it is grown.

Daisy DeVoe Pennington, Melga, Georgia.
The people, their language and religion. Descendants of a race of heroes and conquerors, the Vikings of history and literature, the Danes are a Teutonic people, with light hair and blue eyes. They are intelligent, industrious and hospitable. Danes make bold and hardy seamen. Their language is like Swedish and Norwegian, but more soft and rather monotonous in places that are infested with wilt. I saw a piece about cotton in the school news in the Plymouth paper which you sent me, and I thought perhaps it might be interesting to know how it is grown.

DENMARK

Besides the territories covering an area of about 86,575 square miles, about one-third the area of Texas, with a population of nearly 1,250,000, an average of not even two to each square mile.
The land of the sturdy Danes is one of frequent heavy rain and mist and it has a climate much like that of eastern Scotland. The average temperature in summer is 60 degrees and in winter 32 degrees. The annual rainfall ranges between twenty-one and twenty-seven inches. In Jutland and storms are often experienced, and the climate there is never as mild as on the island.

A journey through Denmark shows it to be an agricultural country. Almost everywhere may be seen fields of wheat, barley, rye, wheat, potatoes and beets and pastures and meadow land dotted with grazing cattle. The farmer and the dairymen industry has grown to wonderful proportion. Fishing is an important industry, herring, turbot, salmon, oysters and seal being the most profitable. The yearly value of Denmark's fisheries is about \$5,000,000.

Denmark is a constitutional monarchy, government until June 5, 1915, under the constitution of June 5, 1849, with its revision of 1866 agitation for constitutional reform commenced in 1913, and the adoption of the new powers of landholders and extended full suffrage to women.
Provisions for public elementary education were made in the beginning of the nineteenth century. And in 1914 school attendance for children between the ages of seven and fourteen was made compulsory. For higher education beside the university of Copenhagen, which is for both men and women, there are high schools, veterinary, agricultural and other schools.

MISCELLANEOUS

CHAPEL

The first chapel services of the New Year were held Wednesday, Jan. 7, opening with the song "Come All Ye Faithful." We were very pleased to have with us Rev. Miller of the Nazareth church of Shelby. His subject was "Why the Bible is a True Book." He then gave the reasons why we should believe it is a true book which are as follows:

1. Christ testified to it.
2. The only book that transforms human life.
3. Influence of the Bible.
4. Wonderful Structure of the Bible.
5. It cannot be destroyed.
6. Fulfillment of prophecy.
7. It is inexhaustible.

8. It is true to world history.
9. The only book to satisfy human heart.

10. It has been accepted and believed by the greatest men.

After the singing of "Love's Old Sweet Song" Mr. Miller had announcements and we were dismissed.

JUNIOR CLASS PLAY

Junior class play "His Uncle's Niece" will be given Jan. 23, Thursday night, at the High School auditorium. The class has worked hard on this play and would appreciate the support of the people very much. This play contains many laughs which should not be missed.

The cast is as follows:
Richard Tate—Arising young lawyer, Whitney Briggs.

Francis Felton, the cause of all the trouble—Mildred Hale.

Dora Hale, very much attached to the "cause"—Mary Jane Powers.

Alice Malcolm, a close friend of Richard—Madeira.

Mrs. Sarah Ann Mullen, a woman of few words, from Happy Valley—Ruth Lebold.

Simon F. Felton, Frank's uncle, who never makes a mistake—Walter Moore.

Philander Filmore, humble but wise—Harry Briggs.

Timothy Haye, gardener at Happy Valley—James Coe.

Silas Sackelmere, the constable at Happy Valley—John Dick.

Looks like a good cast doesn't it, folks? So let's come, see the play.

COMMERCIAL CLUB

The Commercial Club met Jan. 7, for the election of second semester officers. The officers were elected as follows:

President—Lucille Moore.
Vice Pres.—Huldah Davis.

Sec. Treas.—William Moore.
Reporter—Donald Anderson.

SENIOR NEWS

OUR FUTURE CLASS OF '31.
We are still finding some most interesting careers among our large class of Seniors.

Kenneth Myers is going to be a baseball player and who can imagine a more exciting career. It won't be many years until Kenneth's name will take the place of the well known Babe Ruth in all the paper write-ups and everybody will have his name on the tip of their tongues. Kenneth, we all sincerely hope that you reach this height and more in your baseball career.

In our commercial department we find that Alla McFarland is planning on being a stenographer. As she can type at the rate of 50 words per minute now and take shorthand at the rate of 75 words per minute, we are well able to see that she is already far advanced on her future career. Alla we all wish you the best of success as a stenographer.

Sore Throat and Coughs

Quickly Relieved by this Safe Prescription

Here's a doctor's prescription called Thoxine that is really throat insurance. Its success is due to its quick double action. With the very first swallow it soothes the sore throat and stops the coughing. It goes direct to the internal cause.

The remarkable thing about Thoxine is that while it relieves almost instantly it contains no sting, no harm, and is pleasant tasting and safe for the whole family. Singers and speakers find Thoxine very valuable. Put up ready for use in 15c, 50c, and \$1.00 bottles. Your money back if not satisfied. Sold by Webber's Drug Store and all other good drug stores.

Miss Feiner, Miss Young and Edith Preston attended a show at the Castamba last week.

Dick Majors' friends are wishing for him a quick recovery from a recent operation.

THE PEACOCK

The peacock is the male peafowl, and the handsome of the pheasants. It has an iridescent, greenish-blue neck and breast, and very long tail coverts, in which the feathers are brilliantly marked with bold, eyeline spots. This train it is able to raise and spread into a gorgeous fan of which the bird itself greatly admires.

The hen is smaller than the cock, which is about as large as the male turkey, and is not as exultingly colored as the cock, nor has it a train.

The best known species are found in India where their vivid coloration is protected. These birds eat snails, frogs, and insects, including grain, juicy grasses and bulbs, and are often destructive to growing crops.

Domesticated peacocks are found in all parts of the world. The young are called peahens.

cannot stand the change of temperature weather well and so are difficult to rear although the peacocks are hardy enough in cold climate.

The peacock is generally kept for ornament rather than for profit, although both the flesh and the eggs are very good.

B. No. 1; Mrs. Caro Ellery, C. B. No. 2; Mrs. Maggie Sweet, C. B. No. 3; Mrs. Jennie Straub, C. B.

Daughters had as their guests members of the Sons of Veterans organization. At the close of the meeting light refreshments were served. The new president presented the tent with a new Bible at the close of the installation.

Shower of \$5 At Ladies

Aid Meeting

The Ladies Aid of the M. E. church met with Mrs. Keffer on Sandusky street Sunday afternoon, January 11. Mrs. O. M. Peoples was in charge of the devotionals. The plans were discussed for a Lincoln Day banquet, the proceeds for the work in Henderson home, Kentucky.

Then the shower of dollars commenced as each lady gave her \$1 and told how she had earned it. The amount taken in was \$24. As many of our ladies could not be present at the meeting the shower is not over. The money is used for taxes and work in the parsonage and the treasurer is hoping for a general downpour until all dollars are in. The February meeting will be at the home of Mrs. Elizabeth Patterson, and Mrs. Mabel McFadden, on Plymouth street.

Farewell Party Given

On Tuesday, at the home of Mrs. C. Van Vliet, at Willard, Mrs. Josephine Rogers, who will leave soon for California, was honor guest at an afternoon affair.

Guests from Plymouth were Mrs. J. T. Gaskill, Mrs. Charles Miller, Mrs. John Root, Mrs. Howard Smith, Mrs. Glenn Dick, Mrs. Eliza Dick, and the honor guest, and Mrs. Weltha McNamara, of Steuben.

NEW HAVEN

Mr. and Mrs. Kenneth Pastmoro of Cleveland, spent the week end with her parents, Mr. and Mrs. John Moon. Born to Mr. and Mrs. Roy Trisler on Jan. 12th, at Mansfield Hospital, a son named William Austin. Mrs. Trisler was formerly Miss Rachel Snyder of this place.

Mrs. Gertrude Meyer and son of Clyde, Mr. and Mrs. F. C. Van Wagner and family of Plymouth, Mrs. Tillie Van Wagner and Mr. and Mrs. R. Van Wagner and daughters were callers Sunday afternoon in the home of Mr. and Mrs. E. J. Stahl.

Miss Dora Guinther, of Wellington, is spending a few days with Mrs. Emmet Barr. Mrs. Jay Stignale, of Willard, and Mr. and Mrs. Walter Salts, of Marion, spent Sunday with their sister, Mrs. Alton Snyder and family.

DeWitts Observe Silver Anniversary

The twenty-fifth anniversary of the marriage of Mr. and Mrs. Wilbur DeWitt was celebrated at their residence on Sunday, January 11. Friends from many of the surrounding communities enjoyed a lovely social hour in the afternoon after which the three course anniversary dinner was served. Covers were laid for thirty-two guests.

In the center of each table were pink roses in silver vases, placed on a pink tinted oval of paper lace. The tables themselves were covered with silver-toned paper. Four young waitresses, Misses Jane and Marjory DeWitt, Huldah Davis, and Mary Jane Powers, served the delicious dinner. In place of the conventional wedding cake, individual cup cakes coated with silver candies were served, the entire dinner following the color scheme closely.

The wedding was solemnized on January 12, twenty-five years ago, but to the bride and bridegroom that day does not seem so far away. They were married in Shelby at the bride's home. Mrs. DeWitt formerly being Miss Irah Stahl. She was gown in a creation of blue and lace, while Mr. DeWitt

was in the conventional black. Mr. and Mrs. DeWitt are the parents of seven children, Marjory, Jane, Raymond, James, Beal, Thomas, and Florida. As a gift on the silver anniversary a 25 piece set of Community silverware, of Governor design and a number of silver dishes were presented by the guests.

The 13th of January was also the 35th wedding anniversary of Mr. and Mrs. C. J. Richards, Sr. of Willard, Ohio. Just as the guests entered the dining room the Lohengrin wedding march was broadcast over the radio, from WLW. For the greater part of their lives they have been residents of or near this community and have become well known in the surrounding towns through their fine management of the DeWitt bakery here.

Honored At Luncheon-Bridge

In honor of Mrs. Josephine Rogers, Mrs. Glen Dick, Mrs. Mike Dick, on Friday, were hostesses at a three-course one o'clock luncheon at the latter's home on West Broadway. The color scheme at the lovely affair was yellow and green. The afternoon hours were spent with sewing and with cards prizes being given for proficiency in each. Mrs. Charles Miller was awarded first prize for bridge score, and Mrs. William Ellis second, while Mrs. C. Van Vliet, of Willard was presented with a gift for her work with the needle.

Guests were Mrs. Maude McCormick, of North Fairfield, Mrs. C. Van Vliet, of Willard, Mrs. Weltha McNamara, Mrs. A. Stringham, Miss Orrie McNally, of Stoupen, Mrs. Carl Ellis, of Newburgh, Mrs. George Eastman, Mrs. F. B. Carter, Mrs. J. Gaskill, Mrs. Charles Miller, Mrs. John Root, Mrs. Mary Fate, and the honor guest, Mrs. Rogers, who leaves for her home in California within a short time.

McFadden Family Enjoy Gathering

It is seldom that in a family of four brothers and four sisters, it is possible for all to be present at a family dinner. However, with the exception of one brother, Wayne McFadden of Sullivan, the entire McFadden family gathered Sunday at the W. C. McFadden home on Plymouth street.

At the noon hour twenty-four members were seated at a sumptuous dinner and the affair was one long to be remembered as an ideal family reunion.

Members present for the affair included Mr. and Mrs. R. H. McFadden and son Bill of Lakewood, and Mrs. Wade Baum, son Robert of South Euclid, Mrs. Wade Past of Cleveland, Mr. and Mrs. P. D. Wagner and daughter Kathleen and Mrs. James Fast of Lorain, Dr. and Mrs. Chas. WHEN BABIES FRET

THERE are times when a baby is too fretful or feverish to be sung to sleep. There are some pains a mother cannot put away. But there's quick comfort in Castoria!

For diarrhea, and other infantile ills, give this pure vegetable preparation. Whenever coated tongues tell of constipation; whenever there's any sign of sluggishness, Castoria has a good taste; children love to take it. Buy the genuine—with Chas. T. Fletcher's signature on wrapper.

Fletcher's CASTORIA

Receives Birthday Cake

A very fine fruit cake from the Greenlaid Bakeries of the western coast was enjoyed by friends and relatives of Mrs. W. H. Boardman, of San Francisco. Mr. Boardman, who is connected with the company in the personnel department sent the cake to Mrs. G. Boardman, a cousin, who made it possible for a number of others to enjoy the delicacy.

Will, as Mr. Boardman is known in Plymouth, spent his childhood and youth here, and learned the baker's trade with Bert Porter, who conducted the bakery where the present DeWitt business is located.

Thos. E. Berry, Hillsboro, Highland County, Ohio.

Mr. Berry was born and raised on a farm, taught in a Smith-Hughes agricultural school for six years, has had much experience with 4-H Clubs, and for the past 10 years has been agricultural editor of a county paper of wide circulation. He owns and manages his own farm. He is a graduate of our Ohio agricultural college, and has taught school in Texas.

Mrs. C. R. Milnor, Pickerington, Fairfield County, Ohio.

Mrs. Milnor is a farm woman who has won recognition because of outstanding work in several fields. She assists in operating a successful poultry farm and one of Ohio's accredited hatcheries, and assists in the brooding of thousands of chicks each season. She counts no sacrifice too great that her children may be well equipped in every way to meet the responsibilities of life. Her service to the community, freely given and appreciated, equips her for the work of institute lecturer. She gives her all to the work, and wins a hearty response from her audience.

Be sure—Eat with P. T. A. See Poultry, Poster Farm, and Merchant Exhibits.

An expression of the past has been: "A country is no better than its people, its business, its education, and religion."

The business of this community is that of agriculture and its subsidiaries. It is far reaching today more than at any other time in the history of the world, for now, with radio and advanced methods of transportation, we are made business partners with the rest of the world, not just with other states of our continent.

Our institute gives the community a chance to study together items of mutual interest and value, and will succeed only in so far as each member of the community will lend his or her attendance as the least contribution, and his or her sympathy and support to its success.

This program provides items of educational value and entertainment to create the smallest member of the community, and to the student, in that he or she may lend strength by attendance and pleasant discussion.

Sunday, January 18th

Is modern society out on a march toward its own execution? Is there not "a Divinity that shapes our ends"? The pilgrim host is journeying under Divine guidance out of the wilderness into the promised land. Storms may hide the face of the sun, but the clouds are born from the earth, the sun is ever unclouded. Each chastisement is a test and each victory is a testimony. Good gold is chosen to intense heat, and fine quality of soul to many forms of suffering. This life is a warfare from which there is no discharge, and every one must earn his own medal of honor. Goodness is not a bale of cloth from which righteousness can be cut off like garments. The bird of paradise secretes for itself its own plumage of brilliant hue, each soul must make use of the beautiful Spirit the Master so freely offers as he would develop his own truth, purity, beauty, patience, courage, faith, hope and love. Providence in the midst of human disasters will be the subject for next Sunday, 11 a. m.

VILMA BANKY AND ROD LA ROQUE IN "CHERRIES ARE RIPE," AT HIO CLEVE.

With a real play at their command, Vilma Banky and Rod La Roque, the eminent screen and stage stars, come to the Ohio Theatre on Monday night, January 19, for a week's engagement in a new comedy by John Emerson and Anita Loos entitled "Cherries Are Ripe."

The story of the play, with the scenes laid in Hungary—the country that Miss Banky calls home—is woven about the life of a beautiful young wife whose husband, a man, many years her senior, is afraid he is not making her happy, and in order to test her love for him he conceals a scheme whereby a former sweetheart of hers, a Hungarian count, whose specialty is women, is to attempt to win her from him.

The wife, really hungry for love, does not fall into the pit dug for her. Instead she makes fun of her ardent suitor, molds him over to suit her taste and then casts him aside.

As a philanthropist of hearts, Rod La Roque has a difficult role, but with his first entrance in a smart military uniform the playgoer soon realizes, we are told, that he will be more than equal to the exacting character he is to portray.

Richie Ling, Gavin Muir, Zolya Talma, Julie Chandler, Bert Witty and Juan Varro, together with a quartet of singing and strumming Hungarian zypses, will be found in the supporting cast.

"Cherries Are Ripe" was directed by Constance Collier, who has had a long connection on the London stage. She first came to America with Sir Herbert Beerbohm Tree in Shakespearean repertoire. It was she who brought to America the script of du Maurier's "Peter Ibbotson." A player of high standing, Miss Collier has appeared in many Broadway successes, including Oscar Wilde's "An Ideal Husband," Somerset Maugham's "Our Business," "Serena Blandish" and "The Matrician."

Matinee performances are announced for Wednesday and Saturday.
