

GAS COMPANY ASKS REQUEST
Gas Company Asks Repeal Of Ordinance In Letter To Plymouth Public.

At the regular monthly meeting of the village council a communication from the gas company was read, the whole of which is repeated below. The letter is in regard to an ordinance passed a few weeks ago, and which the gas company wishes the village to rescind. The letter, in full, follows:

28 South Park St., Mansfield, Ohio, Feb. 25, 1931
The Honorable Council, Village of Plymouth, Plymouth, Ohio.

Gentlemen:
The Ohio Gas Company regrets the hasty action of the Council in passing an ordinance February 4th, 1931, reducing rates for gas service. Such rates are so much below the cost of service as to be confiscatory in effect. The Company is compelled to decline compliance with the terms of this ordinance.

Appeal will be taken to the Ohio Public Utilities Commission. The Council recognizes the advantages of friendly negotiations by repeal of this ordinance within the time allowed by law for filing such appeal. The company, as the law provides, will offer to continue to supply gas at the rate pending determination of the issue. It will be the duty of your municipality to employ counsel and defend its ordinance before the Commission, which, as you know, is a complex and expensive task because of the very nature of the proceedings.

We are at a loss to understand why the Village of Plymouth would want to involve itself in a rate case long drawn-out and costly both to itself and to this company, when it is and has been getting a splendid gas service for less than half what it could get any substitute service. Do you realize the full effect of taking this action? It leaves no choice but costly controversy unless the Company may withdraw its property and service from Plymouth.

Many times action of this kind is motivated by uninformed opinion rather than calm deliberation and full knowledge of facts. The Gas Company is a domestic enterprise, and it is a public utility and utilities seek to offer a ready issue for those seeking public favor and are easily deceived by those who are not their customers. It is always more pleasant and agreeable to reduce prices if it possibly could be done.

The Gas Company would like to continue selling gas at the present rate, and would prefer to reduce even these rates. Economic facts of its operation

BIDS ASKED

Separate bids for a topographical survey of the land and for the work of clearing the site for the Norwalk post office will be called for by the United States district attorney.

"FATHER'S SON" IS EVERYBODY'S PICTURE

When First National took Booth Tarkington's novel, "Old Father and Young Son" for the screen, the picture they had one idea in mind, that idea was to produce a picture that would appeal to and please the entire family. And they have been successful. The story brings out all those things that could happen in any home, situations that are human.

At a brief outline: The father, a successful business man, adhering to form strictly, is impatient with his son and frequently injures his feelings. The mother is entirely in sympathy with the boy, whom she understands and although she loves her husband, too, she takes her stand with him rather than allow the natural growth of the boy to be hampered, by too many restrictions. The boy becomes attached to their family doctor, who understands and sympathizes with him, they become inseparable friends. The father, left alone, misses the amonance of his son and calls on them to tell them of his loneliness.

This situation gives the producers a plot that is powerfully human and all in all a picture that the entire family will enjoy.

The father is played by Lewis Stone, the mother by Irene Rich, the son by Louis Lomax and the doctor by John Halliday.

In addition to this outstanding feature, the Castilian production company has produced a "Dangerous Females," a laugh-producing, side splitting comedy, shown for the first time in this territory. It features Marie and Polly taking a few "kisses" too many and the trouble they would have bringing "straight."

A Paramount Song Cartoon and Fox Movietone News round out this program offered by the Grand Theatre Sunday and Monday, with a matinee Sunday at 2:30.

SEDAN BACKS INTO HATCH SHOE STORE

A Chrysler sedan owned by Mr. Sam Spensellor, of near Plymouth, caused much excitement on the Square Saturday night around nine o'clock, when it backed into the display window of the Hatch Shoe Store.

The car had been parked on the north side near the Chapel cream station. Mr. Spensellor had unintentionally left the car in gear, and when he cranked it, it began action at once, backing across the street.

He ran after it, and attempted to use the brakes with his hand, but was unable to stop the car until it had crashed over the curb and into the window, completely shattering the plate glass, and doing other damage. He suffered minor injuries to his hand. The auto suffered little damage.

No insurance was carried either by the owner of the car or the building. The new window was finished Tuesday morning.

HAROLD MAURER TO GIVE ADDRESS

Harold H. Maurer, former Plymouth resident, will speak on Saturday morning, before one of the general sessions of the National Junior High School conference which is held this week in New York City. The conference is sponsored by the staff of New York University.

The invitation to speak at such a conference is a high honor, and Mr. Maurer is to be congratulated on the opportunity. The subject on which he will speak will be "Methods and Techniques for the Exploitation of the Enthusiasms and Activities of Boy Gangs and Girl Gangs."

At the present time, Mr. Maurer is the principal of the Benjamin Franklin Junior High School at Uniontown, Pennsylvania. He attended and graduated from the Plymouth high school, and later taught here. In spite of the intervening miles between his work and Plymouth, this Plymouth boy who is making good, still considers this community his home, and he has been here much success, and as we say "more power."

County Teams Lose to Calvert, Sulphur

Calvert Wins Tourney With Sulphur Runner-Up.

In meeting a basketball team Friday night that was seven points better, the Plymouth high school boys lost their first game in the sectional tournament at Cross Plains, Sulphur Springs won the title 31-24.

The game was a hard one, and the local boys, although working hard and fast, were handicapped by a slow start. They could not find the basket, and found the way to stop their opponent scoring too late.

Calvert downed Shiloh, in the latter's second game on Friday, 25-15. Although the Shiloh team was outclassed, the Tiffin team were forced to continue their aggressive playing until the last minutes. Kraus, center, scored high. The neighbor team, and runner up from the county tourney.

son from Mr. Zies in the first game 21-15. Calvert won the tournament and goes to Findlay Saturday.

"The Cross-Roads" Given By Queen Esthers Sunday

The play "The Cross-Roads" was presented Sunday evening at the Methodist church at 7:30 o'clock by the Queen Esther society. There was no charge at the door but an offering was taken and used in the work of the organization.

It was not a recent, but a three act play, suitable for production in a church. The plot concerns a young woman making her decision at the cross-roads of life. The scenes are laid in her home, in a convention hall and in the home of a friend. Characters were portrayed by Leola Hackett, Paul Everett, Paul Shepherd, Glenna Baltzell, Walter Munnis, George Hersheiser, Doris Lutz, Maud Dawson, Marguerite Boardman, Jason Murfin, Mrs. J. Murfin.

The church was filled and the play considered a fine success.

71ST CONGRESS IS NOW HISTORY

Unemployment Bills And Death of Compromise are of Much Importance.

Doubtless more than a majority of citizens will remember this last session of the 71st congress in terms of drought relief appropriations and veterans' bonus legislation.

It is an entirely erroneous impression. The drought relief controversy involved a sum that was once dropped in the treasury bucket. More important attaches to the bonus act, upon which there is so much diversion of opinion that no final verdict is possible. But the real significance of the session lay in these things:

The Wagner Unemployment Bill, which are generally regarded as marking the birth of a new and saner area in our economic life and constituting a possible remedy for the business cycles which bring with them a current depression.

The Muscle Shoals fiasco in which President Hoover outgined on his good intentions expressed in the 1923 campaign and threw the government operation bill back into the Senate which could not rally a two-thirds vote to help effect its passage over the executive veto.

The last minute death of a compromise agreement on the Norris Loan Duck Constitutional Amendment, smothered by conferees of the House and Senate.

The revelation that the House could actually back the president, as he did over the bogus; that Andrew Mellon has lost prestige, that the new Secretary of Labor is sufficiently short sighted or political minded to attempt to substitute an inferior measure for a better employment bill simply because the latter was tagged with a Democratic legislator's name.

Plymouth Girls Are Elected To Office

Miss Doris Fenner, daughter of Mr. and Mrs. F. Fenner, of near Plymouth, and Miss Corinne Scott, daughter of Mr. and Mrs. R. Scott, have been honored by their class in nursing at Ohio State University by election of class officer.

Miss Fenner, who completes her course in nursing this spring, is re-elected president, while Miss Scott, who is enrolled in a five-year course, was elected secretary and treasurer. Both girls, who graduated from Plymouth high school, are congratulated on the result of the election.

AUCTION HELD

An auction for the farmers of the Norwalk district will probably be held soon under the direction of the Kiwanis club and the Norwalk Business Men's Association.

A committee has been appointed to take up the question. Under this plan, any articles to be sold, can be offered at the auction. In the past, and in other districts this plan has been successful, and will no doubt be a success in Norwalk.

A definite announcement will be made later.

HOME-COMING FOR CHURCH PLANNED

Annual congregational meeting and home-coming of the local Presbyterian church will be held on Thursday evening, March 26. This is a time to which the members of the church and their friends look forward with interest. Besides the reports of the various organizations of the church, there will be a short program and a pot-luck dinner will be served at 6:30 p. m.

LIPPUS STORE TO CONTINUE SALE

By popular request the Lippus Dry Goods Store is extending their anniversary sale up to and including Saturday. Many people attended the sale and were well pleased with the offerings this store made in celebration of their fourth year here. The many items listed in last week's paper still remain at the same price, and the management states that the 20 per cent reduction in bill paper is effective.

The Lippus Store has gained a wide reputation in this vicinity of selling standard and nationally known goods at a very reasonable price, and the sale this week, which is the longest sale this town ever had, promises to be a real opportunity.

EXAMINATION FOR RURAL CARRIER

The United States Civil Service Commission has announced an examination to fill the position of rural carrier at Boughstown, Ohio. The examination will be held at Willard, Ohio. Receipt of applications will close on March 27, 1931.

The date of examination will be stated on admission cards mailed to applicants after the close of receipt of applications, and will be about 12 days after that date. The salary of a rural carrier on a standard route of 24 miles served daily except Sunday is \$1,800 per annum, with an additional \$30 per mile per annum for each mile or major fraction thereof in excess of 24 miles. Certain allowances are also made for the maintenance of equipment.

Examination will be open only to citizens who are actually domiciled in the territory of the post office where the vacancy exists, who have been actually domiciled there for six months next preceding the closing date for receipt of applications, and who meet the other requirements set forth in 1927. Both men and women, if qualified, may enter this examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles. Form 1977 and application blanks can be obtained from the vacant office mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications must be on file with the Commission at Washington, D. C. prior to the close of business on the date specified above. At the examination, applicants must furnish unmounted photographs of themselves taken within two years.

Anna Sheely attended the funeral services for Mrs. Valentine of New London, Sunday afternoon.

P. T. A. MEETING PLANS FOR MONTH

The P. T. A. meeting will be held on Thursday evening, March 19th, at 7:30, at the H. S. auditorium.

A very special program has been planned, and the Grade Ryman Band, under the leadership of Miss Lucille Fenner, will be presented for their first appearance. This should be very interesting and all parents and others interested in the school should plan by all means, to attend. President Tule has important business matters to present, and the program plan seems to be very clever. So remember the date, Thursday, March 19th, at 7:30.

The P. T. A. work committee, under the chairmanship of Mrs. C. O. Craver, and consisting of Mrs. Roy Scott, Mrs. Vane Hackett, Mrs. Ray Dingler and Mrs. Dr. Gaskill, are arranging a P. T. A. variety evening.

It consists of a play, musical numbers, a minstrel act, and a varied program, followed by a social evening and refreshments. This is the one and only call that the P. T. A. will make on the people this year, so plan to save this one evening, and come and enjoy yourself and help the P. T. A. The date! Friday, March 27th, 1931. A complete program will be printed next week. So let's hurry for the P. T. A. night.

YOUNG LAD DIES IN LAKESIDE HOSPITAL

Word has been received in Plymouth of the death of James Thomas, eleven year old son of Mr. and Mrs. James Thomas of Cleveland.

The lad had undergone an operation for appendicitis during the holiday vacation and at first seemed to improve, but peritonitis set in and he was removed again to the Lakeside hospital, where he passed away Sunday morning.

The mother, the former Alice Stevens, is well known in Plymouth, having resided here some twelve years ago. Besides his parents he is survived by one brother.

The mother and young brother are quarantined with a severe case of scarlet fever.

YPDO Conference is Held Saturday

Local Delegates To Attend Sessions March 14.

The Richland county YPDO conference will be held at Mansfield on Saturday, March 14. The registration and banquet included is only seventy-five cents. Sessions in the morning and afternoon will be scheduled and the banquet is served in the evening.

District number one is planning to send a number of delegates, all churches being represented. It is the seventh annual conference, and will be held at the Central M. E. church.

The conference theme is "The Real of God." Discussion topics are to be "To the Modern Youth," by Rev. Adam, "To the Adult," by Rev. Archibald, "To the Non-Christian," by Rev. Noll and "In Christian Union," by Rev. Cox.

The first session opens at 9:15 a. m. Delegates from Plymouth include: William Wechter, James Cox, Harold Miller, Freddie Keeler, Lois Miller, Helen Dick, Alphonse Dority, Dorothy Fetters, Edith Mae Hackett, Rev. and Mrs. W. Miller from the Presbyterian, Glenna Baltzell, Stanley Johnson, Ruth St. Clair, Leola Hackett, Louise Ross, from the Methodist church.

FIRE IN THEATRE

Damage estimated at \$1,000 was caused by fire in the Opera House at Attica, located in the Odd Fellows building.

The projecting machine and the booth were destroyed. The fire was discovered by the manager, Roy Cook, upon entering the theatre before the evening show. He summoned the fire department, and after a 30 minute battle, the flames were put under control.

Mr. and Mrs. Frank Weaver, Mr. and Mrs. Long, Mr. and Mrs. Fred Weaver, of Shelby, were callers Saturday evening in the home of Mr. and Mrs. Adam Weaver.

CARD OF THANKS

I wish to thank my friends and neighbors for the many kind remembrances shown me during my stay in the Mansfield Hospital.

RECORD IS SET IN CIRCULATION

Local Library Checks 881 Books, 142 On Monday, Tuesday, Asks Aid.

A circulation record has been set at the local Plymouth library during the last three months, and indications are that the high number will be passed during the present month of March.

In December a total of 688 books were taken out. The number increased in January to 860, and was surpassed in February by the total of 881. By an estimate, 881 will be left far behind by the March circulation. On Monday night 142 books were checked out by the library and on Tuesday the number increased to 75, 142 for two nights!

The service of a public library is increased greatly in times of depression. The reading of books is made a substitute for other recreation by saving the cost of going out and to like things. There is more time at hand. It is estimated that the local service has increased over 30 per cent above normal times.

In larger cities, the increase is as noticeable.

A new collection of books has been received from Mansfield, and may be very interesting. They cover all fields of reading. With the exception of a small rental collection, the books are free to residents of Plymouth, and the immediate vicinity. The library is open Monday, Tuesday, Wednesday, Thursday and Friday, except each week from 7 until 9 o'clock. Since January 1, when a new system of cards was begun, 200 cards have been taken out.

The library board will gladly receive any contributions in books and money, and on Monday, when an institution are continually being depleted. As the library offers a service given by no other organization the public of Plymouth should rally to its support.

PERSONALS

Mr. and Mrs. W. Smith and daughter Geraldine, were guests at the home of Mr. and Mrs. F. W. Blackford, on Tuesday.

Mr. C. E. Evans and Mr. L. F. Pannosen have accepted positions as salesmen for the Willard Metallic Crypt Co., and began their new work this week.

The callers of Mrs. Emma Mente, and Lottie Derfinger of Shiloh, on the afternoon of Monday last, were Mrs. Seward Perry, and Mrs. Paul Shepherd of Plymouth.

Mr. and Mrs. Thor Woodworth and Mildred Irene, enjoyed the week end at the home of Mr. and Mrs. I. M. Koken of Fitchville. Mr. and Mrs. LeRoy Lofland and daughter spent Sunday in the same home.

Due to the illness of their mother, Mrs. George Rutan, her daughters, Mrs. Charles Yukum, Mrs. Ed Lavette, Mrs. John Webber and son, Willard, of Columbus, spent the week end at her home in Plymouth. Mrs. Lavette will remain for a week.

Mr. and Mrs. Mike Dick visited with friends in Toledo over the week end.

Miss Mary Sheeley, Mrs. Harriett Farrar, Mrs. E. L. Earnest, Miss Lawrence Sommerlot, and Mr. Floyd Sherry, were at Monday, those attending the picture "Climmarron" at the Temple theatre, Willard, Tuesday evening.

Mrs. J. T. Gaskill spent from Friday until Sunday evening with her aunt, Mrs. H. Slaybaugh, in Toledo. Mrs. Gladys VanVlerah, of Willard accompanied her.

See the new Tiffin Model Magic Chef Gas Range on display at Brown & Miller's.

Mr. and Mrs. E. L. Earnest and daughter were Sunday guests of Mr. and Mrs. Arthur Owens, of Shelby.

Master Keith VanVlerah, of Willard, grandson of Dr. and Mrs. J. T. Gaskill, has improved greatly following his operation at the Willard hospital, and is back at school.

On Friday evening, Mr. and Mrs. Arthur Owens, and daughter, of Shelby, were callers at the residence of Mr. and Mrs. E. L. Earnest.

Mr. Merwin Hilly spent Sunday in Mansfield, guest of Miss Lucille Briggs.

Mr. and Mrs. W. J. Long and family of Alliance, Ohio, were last week end visitors of their parents, Mr. and Mrs. F. C. Long.

Plymouth Loses at Crestline

Friday 6—When the Jenkinmen click they generally manage to conquer their foes, and even when they aren't hitting they can make it mighty tough for any team in their class. They proved that beyond all doubt at the Crestline tourney when they played Sulphur Springs and lost a tough game 31-25. Sulphur was reputed to be the stronger team and the Pilgrims heard it so often that they began to believe it. Consequently they got off with a bad start. The only time in the entire game they were ahead was in the first 50 seconds when Ross sank the first bucket of the game. Sulphur came back and dumped in ten points before Plymouth found out how to stop them. The score at the start of the second period was 10-3 Sulphur. As the second quarter got under way the Pilgrims seemed to find themselves and made a spurt that netted them 11 points to put them only 2 points behind, the closest they ever came to the lead. The half ended 13-15 Sulphur.

The Sulphur team again rushed off 3 baskets to put them in the lead 21-13 before the second half was well under way.

The same style of defense which they used in the first one Plymouth had met up with this year and was next to impossible for them to penetrate, and the rushing, bullying type of offense employed by Sulphur were out of the Pilgrims' long before the game was over, even so as the last quarter got under way the Skippers made a rather belated drive and drew up to give Sulphur a scare and made the game one of the best of the whole tourney, but as the final gun barked P. H. S. trailed by 6 points 31-25.

Girls' Sports

Since the close of the B. B. games, the girls play basketball in Physical Ed. class. They are divided into four

Senior Class News

Our Future Class of '31.

HAROLD ROSS

This person after much inquiring and nosing around has at last wormed a statement out of our modest basketball player (Harold) that he has at last found a career to his liking, he isn't going to be an athlete even though he is a mighty good one. No sir! He tells me there is only one thing that he is suited for and that is to be one of the country's best traveling salesmen. Well personally I rather agree with him, the great business of selling things to a feeble-minded public is a field that has many possibilities. And our dear "Harold" with his engaging personality and a winning smile, should rise like a meteor over night, but we hope not fall like one. As that would be sad indeed.

MIRIAM DONNEWIRTH

Well, well, presenting that belle, Miss Donnewirth, who declares she is going to be a big, big nurse. She isn't the only one of the P. H. S. girls who have intentions of becoming a nurse, but she may prove to be the best of the lot. Any poor sucker who comes out of the ether and sees her bending over him will think he is in Heaven, and why wouldn't he.

Anyway this humble writer fully believes that with the proper training (and she will need plenty of it) our beautiful Miriam can be molded into a top notch nurse.

The asylum attendant rubbed breathlessly into the superintendent's office. "Sir," he reported, "Hymson has just hanged himself."

"And did you cut him down?" demanded the superintendent.

"Oh, no, sir. He wasn't dead yet."

Team one plays team two and team three plays team four.

Thursday, the first game was 12-13 in favor of the fourth team and the second game, 9-20 was in favor of the second team.

7th and 8th Grade

B. B. Tourney

The 7th and 8th grade tournament was won by the Lucky Strike crew. They won over the Panthers 14-5 in the preliminaries and the Redmen in the finals.

The Redmen worked their way to the finals by beating the Scholians 14-13 in a scrappy game.

At the end of the team's schedule the Scholians and Redmen were tied for first place and in an exciting game the Scholians took first honors with the Redmen a close second. The Lucky Strikes puffing in at third place and the Panthers fourth place.

The consolation tourney will be held the 9th.

SIXTH GRADE

We are learning the forty-eight states and the capitals by heart.

Charlie Fazio has been absent from school two weeks with typhoid fever.

The sixth grade sent him a box of oranges, cards and notes that expressed his very much. We are glad that he is better.

The following have not been absent or tardy this month: Bonnie Curpiss, Lucille Echelbarger, Clea Lasch, Maxine Myers, Mary Turson, Edward Biscoe, Charles Dick, Donald Fazio, Francis Gebert, Jim Jacobs, Clyde Lasch, Robert Minnows, Willie Vansdale, and Ivan Bevier.

Don S. I'm in love and nothing else matters.

Bob B. All right, gimme your car and I'll be in a flash to come to my girl and take that way too.

Electricity

(It's History and Progress)

Centuries passed after the discovery of frictional and animal electricity before any advancement was made in the production of it. Toward the end of the sixteenth century, Dr. William Gilbert found that this could be generated with such substances as glass, wax, tur and other things. He also noticed that these substances would attract all other substances while a magnet will only attract iron or steel. Later Dr. Wall, during one of his experiments, found that on approaching his fingers to an electrified rod, noticed a spark and a crackling sound like lightning and thunder. It is thought that this was the first spark to occur, before this time the origin of the electric spark was unknown.

Chapel

Chapel was opened last Wednesday with the song "Loch Lamond." Mr. Miller then read and explained a verse of the Bible. This was followed by the Lord's Prayer. The announcements were presented and we closed with the "Marching Song."

Jokes

Broccoli: They say your divorced wife has made up her mind to marry a struggling young lawyer.

Spinach: Well, if she has made up her mind, he might as well cease struggling.

Carl G.: "Say, pop, remember the story you told me about the time you were expelled from school?"

Father: "Yes."

Carl G.: "Well, isn't it funny how history repeats itself?"

Stanley G.: I bet you didn't have a good time at your birthday party yesterday.

Paul S.: Oh, yes, I did.

Stanley G.: Then why aren't you sick?

"Don't cry, Sonnie, Grandpa will play Indian with you."

"But y-you won't do any good. Y-you're scalped already."

Judge—You say your wife attacked you with a death-dealing weapon. What was it?

Whit B.: A fly-swatter.

Shiloh Equity to Have Baby Chick Feeders

Here and there, from various corners, from numerous businesses comes news that the cloud of depression is clearing. Now and then, oftener than for many months, flashes of returning prosperity are heard. Fresh news, heartening news, came recently when the Jack-Byrns Company, St. Louis, Mo., announced a single order of over a quarter of a million baby chick feeders, sold to Purina Mills. This order, officials of the company declare, will keep their plant running until late next spring, will keep many men employed.

When asked the purpose of this mammoth contract, C. S. Johnson, head of the Poultry Department of Purina Mills, said, "We ordered these feeders for our dealers as our part of a program to give every baby chick it needs to eat. It means a square hatch, a square deal for every chick hatched."

"Many poultry failures can be traced to this one cause—lack of feeding and watering space for chicks," he continued. "When chicks have to crowd and fight to eat, it stands to reason they won't grow as fast. And some hungry chicks develop toe-picking and feather-pulling habits."

"Sufficient feeding space means about one inch of trough room for each chick, until they are four weeks old, or 50 chicks to the average 24-inch feeder, allowing feeding from both sides. When the all-mash system of feeding is used, slightly more hopper space must be provided."

"The quantity of production and consequent low price secured on these chick feeders," Mr. Johnson concluded, "is being passed on to poultrymen through a nation-wide dealer system."

The Shiloh Equity Exchange Company, local Purina dealer, has ordered a supply of these feeders and will make a special offer to baby chick raisers in a future issue of Plymouth Advertiser.

Sunday, March 15

By storms of fire and flood, and geologic ages the soil was made rich. By thick clouds and heavy thunder bolts is not the summer air sweetened for ripening grain? By acid baths, gold mooves toward purity. Is it not true that turns clay to vase? Is it not repeating firing that turns rude colors to blue, gold and crimson fixed forever? Is not the history of all heroism the history of patriots who have climbed to influence by way of misfortune? Is not civilization a rich texture spun out of trouble, conflict and turmoil? More than 73,000 miles in a New Ford

THE substantial worth of the new Ford is reflected in its good performance, economy and reliability. Its stamina and endurance are particularly apparent in sections where bad roads and severe weather put a heavy extra burden on the automobile.

In less than a year a new Ford Tudor Sedan was driven more than seventy-three thousand miles over a difficult route. The operating cost per mile was very low and practically the only expense for repairs was for new piston rings and a new bearing for the generator.

The car carried an average load of 1200 pounds of mail and was driven 250 miles daily. "The Ford has never failed to go when I was ready," writes one of the three mail carriers operating the car. "The starter did the trick last winter even at 34 degrees below zero. The gas runs about 20 miles per gallon. At times I pull a trailer whenever I have a bulky load."

Many other Ford owners report the same satisfactory performance. Every part has been made to endure—to serve you faithfully and well for many thousands of miles.

LOW PRICES OF FORD CARS

\$430 to \$630

F. O. R. Delivery, plus freight and delivery. Bumpers and spare tire, cost of mail cost. Tax on purchase of Ford in commercial areas through the Authorized Ford Finance Plan of the Universal Credit Company.

FEATURES OF THE NEW FORD

Attractive lines and colors, rich, long-wearing upholstery, sturdy steel body construction, Triplex shock-proof glass windshield, silent, fully enclosed four-wheel brakes, four Hotchkiss double-acting hydraulic shock absorbers, aluminum pistons, chrome silicon alloy valves, torque-shaft drive, three-quarter floating rear axle, more than twenty ball and roller bearings, and bright, enduring Rustless Steel for many exterior metal parts. In addition, you save many dollars because of the low first cost of the Ford, low cost of operation and up-keep and low yearly depreciation.

Missionary Meeting is Held Wednesday

Mrs. G. W. Shaffer was hostess to the Women's Missionary Society of Mt. Hope Lutheran church at her home Wednesday afternoon.

The meeting was opened by the devotions conducted by Mrs. W. R. Glasgow. Mrs. Lina Rose led the topic for study and several responded with fine talks on the work of missionary teachers and the schools of India.

Miss Anna Benton gave the review from "The Cloud of Witnesses." The president, Miss Ina Brumback, presided during the business session. There was a large attendance and an exceptionally interesting meeting. The hostess served refreshments with color decorations suggestive of St. Patrick's day.

YOUNG PEOPLE FORM CHOIR

A large choir of young people of the M. E. church, directed by Miss Elizabeth Phillips, provided the music for the Sunday evening service. These young folks will be prepared to furnish special numbers for the meetings to be held by the pastor, Rev. O. M. Peoples.

DR. NELSON CONSIDERING NEW LOCATION

Dr. J. E. Moore of Granville was the guest at dinner on Wednesday evening of Dr. and Mrs. Fred Lettner. Dr. Nelson of Mansfield and Dr. Nelson of Youngstown, were business callers of Dr. Moore during his stay here.

Shiloh Defeats Mt. Zion at Crestline

Citizens of this community are proud of the sportsmanship displayed by the members of their basketball teams. During this season, and especially were they pleased when Shiloh defeated Mt. Zion, a champion team, at the tournament at Crestline on Friday. The score being 21 to 18.

Everyone of the boys deserve the encomiums received since that play. Although defeated in the second eliminating game, it was not considered bad, as the Tiffin team was fresh and difficult to meet and our boys were physically handicapped. Chester Trovatt was an outstanding figure in Friday's game, playing the first time since breaking his arm.

Another victory for Shiloh Hi, was Wallace Firestone carrying off the honors for two consecutive years in foul shooting in his own category.

The final proof of victory are found in the totalling of the season's scores. Shiloh making 487 points, and their opponents 432 points. Shiloh won 13 out of 21 games.

HOME SAVED

The home of Melvin Lutz three miles north of town was discovered on fire early Saturday morning by Mr. and Mrs. Lutz who were doing the chores. Prompt response by the neighbors and the fire department of Greenwich saved the building. It was thought the fire started from sparks falling on the dry shingles.

RETURNED TO WORK

Miss Lela Barnard returned to her position at the telephone exchange after an absence of several days on account of illness.

Three Kinds of Gas and Not the Right

G. A. Watt, representative from the gas company of North East, Pa., was in town Thursday. There has been so much dissatisfaction from the use of the sulphur gas, that many complaints have been carried to Mr. Watt, and many residents have discontinued its use.

Promises have been made assuring a supply of ethyl gas, but the outlook is very discouraging, considering our distance from a main line, and the expense of piping so great a distance, as well as relaying in town which would be a necessity.

By of Columbus visited Mrs. Doyle's parents, Mr. and Mrs. George Page, Sunday.

Mr. and Mrs. Ira Backenst and daughters were dinner guests on Saturday at the home of Mr. and Mrs. Emery Anderson of Pavaonia spent a few days at his home on West Main street.

Miss Jessie Hagar and Raymond McGreavy of Columbus spent the week end with Mr. and Mrs. Frank Hagar.

Mr. and Mrs. Frank Seaman and children of Shelby were dinner guests of Mr. and Mrs. Lyle Hamman, Sunday.

Mr. and Mrs. Robert Garrett and family of Shelby were callers on Sunday afternoon at the home of Mr. and Mrs. H. A. Garrett.

Mr. and Mrs. Edgar Whisman, Sr. visited with relatives at New Washington on Thursday.

Mr. and Mrs. V. C. Moser and daughter Janice, were guests of Mr. and Mrs. Russell Moser of Willard Friday evening.

14 FEEDS
IN EVERY THIMBLEFUL!

14 FEEDS... all in one tiny thimbleful. 14 good feeds which are there in just the right proportion. There's the story of a real chick starting feed... Purina Startena Chow. A real story because one thimbleful of feed is all one chick can put into its little crop in one day.

Out of this tiny thimbleful a chick must get so much. That's why the 14 different feeds are there. Cod-liver oil... dried buttermilk... alfalfa flour... granulated meat... wheat germ meal... flaked meal... these and eight other feeds are in every thimbleful of Purina Startena Chow... each one with a real job to do. Mixed over and over... 960 times... every thimbleful alike.

The 1930 national feed survey of 1,834,513 chicks tells you the kind of a job these thimblefuls do. At six weeks of age, 92 out of every 100 Purina-fed chicks are alive and growing. And they weigh an average of one-fourth of a pound more than other chicks. There's the story for you! The proof that the 14 feeds in Purina Startena Chow (mash or all-mash) actually give a chick the many, many things it must get from a thimbleful of feed. Purina Startena Chow is here... ready for you to feed. Call or drop in on us in your first spare moment.

COLLEGE FLAPPER AT NORWALK

The play "The College Flapper" so successfully staged in Plymouth recently, is being produced in Norwalk, at the high school auditorium, on March 17 and 18. It is sponsored by the Ladies Aid of the Methodist church. It is directed by Miss Maude Ray.

Ohio Fuel Gas

(Continued From Page One)

make either of these more desirable courses of action quite impossible. The Company is not arbitrary about this. It is not a matter of theory. Natural gas utilities are in a most unfortunate position, because while the cost of some other utility services and most other commodities are trending downward, natural gas costs are trending upward. In ten years the cost of producing any given quantity of gas in Ohio has advanced the equivalent of more than 400 per cent. The Gas Company must of necessity meet this increased cost to properly serve its customers.

Natural gas rates have been advancing for years. They are advancing even while they are being disputed. They will continue to advance as a result of causes outside the control of gas companies or public officials. In 1920 the average selling price of natural gas was 46¢ per m.c.f. as shown by the United States Bureau of Mines reports. In 1925 it was 52¢; in 1926, 58¢; in 1929, 64¢; and in 1930, 66¢. By projecting the trend indicated it is apparent the rate in 1931 would average 68¢; in 1932, 70¢; in 1933, 75¢; and in 1934, 80¢. This is a trend resulting from economic law. It is not the fault of the Gas Company. Doesn't it suggest the good judgment of making contracts with as little delay as possible for as long a time as possible?

People generally do not realize that natural gas is the cheapest article of common use they have to buy. It is almost universally cheaper than water. It always has sold for one-fourth to one-third the equivalent cost of manufactured gas. On an energy equivalent basis, it sells at about one-sixth the cost of electricity. Even at \$2.00 per m.c.f. it would be cheaper than any other fuel for the common domestic uses of cooking and water heating. These are common facts of ordinary, every-day confirmation.

That this question of a fair gas rate must be settled with intelligence and justice no one will deny. There are but two general methods of arriving at a conclusive adjustment; one is by negotiation and the other is by litigation. The latter involves expense to both parties, never creates good-will, and adds excessively to the future cost of gas.

The recent action which you have taken would seem to close the door on settlement by negotiation unless members of council after more deliberation and consideration are disposed to promptly repeal this action. Before we are compelled to initiate the process of litigation, it is hoped that you will consider seriously the expense to both parties involved and will realize that it is inconsistent with the amount involved and would entail a very much higher rate than might otherwise be agreed upon. Both the Council and this Company have a service obligation to the people of the Village of Plymouth and it is with a full sense of this obligation that the Company calls attention to the various alternatives involved in this rate matter and for the purpose of serving and conserving the best interests of all parties concerned.

Yours very truly,
Wm. C. Mead.

NORWALK MAY USE WATER FROM LAKE

Norwalk may eventually be supplied with water from Lake Erie if plans for the pumps fail. The recent test with the wells on the Barber farm was not successful.

Enough water is supplied by the feeder creeks in normal times and a second reservoir may be constructed.
