

MUCH GRAIN IS HANDLED AT THE PLYMOUTH ELEVATOR THIS YEAR

Judging from the patronage given The Plymouth Elevator by the farmers in this community during the current season, it is very evident that they appreciate the services offered by T. J. Ratcliffe, manager of the elevator.

The movement of wheat in this vicinity this year was the largest in the history of the elevator. More than a million pounds of wheat was shipped during the season. To be exact, one million, forty-two thousand and thirty pounds were received by the local elevator, or its equivalent in bushels totaled 17,367, or fourteen carloads.

The highest price paid during the season was 77c per bushel, while the lowest was 67c. The average price for the season figures 72c per bushel. The largest amount of wheat purchased from any one customer was Henry Fackler. The average yield per acre totaled 30 bushels.

The elevator here offers storage service, and so far more than 4700 bushels have been placed in the bins. All storage is covered by insurance, and this service alone is worth very much to the convenience of local farmers, being turned in to the elevator. The highest price paid was 40c per bushel, and the lowest 35c. In order to handle corn more efficiently the elevator has purchased a portable corn sheller which takes the corn out of the crib and shells it at the rate of 175 bushels per hour.

So it can be readily seen that the elevator here is proving a big factor in keeping the farmers satisfied at home, and in return the farmers have accorded the new management splendid cooperation.

I will appreciate your support. Shad for Sheriff Richland county.

DEATH CLAIMS MRS. THORNHILL

MOTHER OF PLYMOUTH RESIDENT PASSES AWAY IN WOOSTER

Mrs. Mary Elizabeth Thornhill, 71, mother of C. R. Thornhill of Plymouth, passed away last Wednesday morning at 2 a. m. at the home of her son, W. Harley Thornhill in Wooster.

She was the wife of the late James Monroe Thornhill of Shelby, who was employed for a number of years as engineer at the City Water Works, Shelby.

She was born in Clinton county on March 20, 1869.

The deceased had resided in Shelby until four years ago when her health failed and she went to Wooster to make her home with her son. She was preceded in death by her husband and four children. Surviving children are W. H. of Wooster, C. R. Thornhill of Plymouth, and a daughter, Mrs. Bernard Blackledge, Mansfield, and twelve grandchildren and one great-grandchild.

SPLENDID PROGRAM ARRANGED FOR LUTHERANS' ANNIVERSARY

The Lutheran church is looking forward to the week of Oct. 20-27th, when it will celebrate the 100th Anniversary of its founding in 1840.

In the fall of 1840 a young Lutheran minister, the Rev. Peter F. Lane, came to Plymouth. He found several staunch Lutheran families in the town and surrounding country-side and proceeded to organize the church.

In 1841 the original building was built upon the site of the present church. However, it was not until several years later that the building was completed inside because the church lacked the funds to do the work. The completion of the church building was the result of the effort and generosity of two members, Felix Fenner, Sr., and Samuel H. Trauger. This original building is still standing on the County Line road which fact attests to the care lavished in its construction almost a hundred years ago.

In 1850 the Rev. Joshua Cronk sponsored the first Sunday school in the town which for some years was a union school which met in the Lutheran church on Sunday evenings.

During the pastorate of the Rev. John A. Hall, the present building was erected at a cost of about nine thousand dollars and the dedication service was held on February 20, 1887. The first section of the annex was added in the pastorate of Rev. F. B. Helbert and the later portion in the pastorate of Rev. M. Himes and Rev. M. A. Stull. In 1938 the interior of the church was completely remodelled, a new

organ installed, new lights, carpets and drapes given, and the church reconstructed to conform with traditional Lutheran usage.

The little church which began in 1840 with seven families now is made up of almost two hundred families numbering over four hundred members. The story of the church has been one of steady growth through this hundred years and the foundation for the future is well laid.

In honor of this anniversary the Centennial Committee under the leadership of Mr. J. A. Root has planned an outstanding Centennial Celebration which will begin Sunday, Oct. 20th and continue until Sunday, Oct. 27th. The program committee, composed of Mr. C. R. Beaver, Mrs. J. E. Nimmons, and Mrs. E. L. Earnest, have worked out four fine programs for the nights of Oct. 22, 23, 24, and 25th. Tuesday night, Oct. 22 will be Organization Night and (Continued on Page Eight)

KILLED IN AUTO TRAIN MISHAP

PARENTS OF JAMES SMITH OF WEST HIGH STREET INSTANTLY KILLED

Double funeral services for Mr. and Mrs. D. B. Smith were held Wednesday afternoon at 2 p. m. at the Clarksfield Methodist church. Charles M. Willman officiated and burial was made in the Clarksfield cemetery.

Male of Species More Dangerous Than Female

Women have the reputation of being worse drivers than men but where accidents are concerned, statistics can find no figures to substantiate this popular belief.

These facts are revealed in a new booklet, "Smash Hits of the Year," just issued by The Travelers Insurance Company as the tenth in its annual series of bulletins dedicated to street and highway safety.

Despite the fact that a Gallup Poll showed a large majority of persons feel safer riding with a man at the steering wheel, the company's statisticians found that more than 90 per cent of all fatal and non-fatal accidents in 1939 involved male drivers. Where fatal accidents alone are considered, the female of the species has an even better record, being charged with the responsibility for less than seven per cent.

The answer undoubtedly rests in the fact that a greater number of men drive more miles each year and under more hazardous conditions, the article concludes. No method has yet been found to determine the relative risks faced by males and females and until such data are available no one can say with accuracy which is safer at the wheel.

DEMOCRATIC NOMINEES GATHER AT THE MARTHA JEFFERSON CLUB

Seventeen members of the Martha Jefferson club met at the home of Otis Zeigler in Shiloh on Tuesday last. This was the regular meeting of the club. Mrs. Downend presided and routine business was transacted. Miss Elizabeth Weber conducted the question-box. One new member, Mrs. Jeannette Brown of Shiloh, was added to the roll.

At this meeting was welcomed some extra special guests—the likes of which you've never seen at one "gathering" in these years. With the exception of three candidates, the entire Democratic ticket came down from Mansfield to make a personal appearance. Mrs. Clarke Brown, president of the Dolly Madison Club, and who also is in charge of women's activities during the present campaign, very pleasingly presented each candidate, who responded with a short talk. The roster included Howard Wenning, present court recorder, who seeks the office of clerk of courts, and John Oreweller, a newcomer, who seeks the office of Recorder; Howard Seward, county engineer, who wishes to be returned to that post; Charles Payne, present deputy in the treasurer's office, looks forward to being treasurer. Frank Brown, deputy sheriff, seeks the sheriff's post. Glenn Marriott, prosecuting attorney, casts eyes at the seat of probate judge, while Harold Lutz, his assistant, hopes to occupy the prosecutor's seat. Last but not least, our two

democratic county commissioners, Ray Houpt and Guy Stewart, who seek re-election and they deserve it. Do you know our county is out of debt?

After the candidates had their dinner, Mrs. Brooke introduced Marshall Moore, chairman of the campaign committee in Richland county. Mr. Moore is the present incumbent of the newly created appointive office of assistant prosecutor. This, he says, is the most unpopular office of all, that of the tax collector. If you have at any time felt disgruntled at the added expense of this office, just stack up this expense against the \$300,000 or more delinquent taxes that have been, or are in the process of being paid. We might add that this delinquency at the time he took office was \$600,000.

This could easily be called a meet-the-candidate party and the Jeffersonians were glad to meet their nominees. Miss Zeigler served lovely refreshments to which all, candidates and all, did ample justice.

Owing to the fact that the next regular meeting day falls on election date, Nov. 5, the meeting has been advanced one week and will be held at the home of Mrs. Hensley Faeber on Plymouth Street, Plymouth, Ohio, with Mrs. L. E. Brown as assistant. We look forward to a good attendance, and hope it may be our good fortune to meet the candidates who were unable to attend in Shiloh.

TAKES HANDS OFF POLICY IN RURAL SCHOOL PROTESTS

The Richland county board of education Friday assumed a "hands off" attitude toward protests from property owners in the Ganges school district against the transfer of their district to Shelby.

Since the board contends it legally made the transfer early in September, members discussed the protests briefly and dismissed the matter.

A few parents who opposed the transfer complained to the board that a note was attached to the petition after it was circulated and before it was submitted to the county board.

The note excluded eight property owners from the transfer although they had already signed the petition, requesting it.

Transfer of the Ganges district from the Union rural district to Shelby shifted 16 pupils to the Shelby schools.

Boyd Robinson, clerk of the county board and county super-

intendent, said the transfer was satisfactory to most of the residents of the district, and the county board planned no action to rescind its resolution approving the transfer.

NO FOOLING BUSINESS MEN MEET AT HIGH SCHOOL ON MONDAY EVE.

Yes, the dates got mixed last week when a business men's meeting was called. However, it is really safe for you to plan to attend the meeting next Monday night at 8:30 at the High school, where the Home Ec class will serve a splendid dinner.

Coming as it does, just a few days before the fall festival, it is very important that you be present in order to hear the final plans and arrangements for the fall festival.

In order to let the Home Ec girls know how many will be present, tickets will be sold this week end, or if you want to co-operate, stop in at Curpen's, The

Advertiser, J. E. Nimmons at the Bank or see Bert Rule. It will aid materially if you will.

Not only is this meeting open to business men, but professional men as well as civic-minded citizens. Much interest is being created locally in our organization, and the more we have, the more we'll do. Won't you please come out—don't wait to be asked!

CARD OF THANKS

My sincere appreciation is extended to all who remembered me with flowers, cards, fruit and the many acts of kindness while I was a patient at the Willard hospital.

F-R-H Shop News

ASTROLOGY
F-R-H Shop News of last week devoted considerable space to Astrology.

Early in the year, I slipped a clipping on Astrology under my desk pad. It was a prediction by Marguerite Carter, who charts and sells horoscopes, that will bring tobogganning around Feb. 11, and that Russia and Germany will break relations.

Some years ago, I sent to the late Evangeline Adams for my horoscope. I was born under the sign of the goat, and have felt closely related, many times, in my business life.

She stated, "Your choice of a profession favors pursuits like plumbing, undertaking, mining, dealing in coal or lead; in fact, anything where success is won by the sweat of the brow and the strength of the good right arm."

I often wished for "the good right arm" especially in the pre-prohibition days when the Monday morning hang-overs would show up at the foundry, where I was foreman.

Evangeline said, "Do not go in for speculation." Boy, I found that out in 1929.

How the planets, millions of miles away, can have any influence on the gullible human race, is beyond me. It has no relation to science, whatever, science being founded on facts.

Stop in at the Library and ask for the May, 1938 issue of Reader's Digest. Read Fred C. Keeley's article on "That Gigantic Fraud, Astrology."

P. H. Root.

Dear Mr. Root:

I've read about "bucking broncos" on Astrology, and am almost prone to agree with you. However, some one has told us that the moon and the sun govern the ocean tides; farmers (some of them) believe that crops should be planted on the "right moon" for an abundant harvest. Well, I haven't time this week to give you an argument, but look out for it.

P. S. Conscientiously, don't you think a good many of our present day politicians believe in the stars?

I've read about "bucking bronchos" in the western serials and I've seen rodeos in the movies, but I never saw or heard of anything like the "rough riding" which was performed Monday by Harry Curran on a Silver King tractor. Curran was going thru the paces of "brake-testing," and after seeing the demonstration am convinced that the brakes on the Silver King are perfect.

It might be added that the present day tractors were designed for field work, but since most of them have a "highway speed" many farmers are using them for road travel. Naturally, the average braking system was a little weak. But not so with the Silver King. Our esteemed tractor engineer, Richard Hautzenroeder designed the brakes, and he has done a splendid job.

Congratulations this week go to Mr. and Mrs. John A. Root, who celebrated their 41st wedding anniversary Sunday.

The boys in the drafting room will miss Donald Markley, who left Tuesday for Dayton, where he will be employed in the DR at Wright Field. Donald is a studious and energetic young man who has a real future ahead of him. We all wish him the best of luck.

Sympathy of the entire organization is extended to Lester and Webb Shields, who lost their mother last week.

Charlie Lookbaugh says he has another clay machine about ready to be photographed.

The Silver King Tractor will be on display at the North Fairfield Community Fair for two days this week—Friday and Saturday. It will also be shown at the Tiro School fair.

Barber's Shoe Shine Stand at Leach's Barber Shop has had a slump in business. Gentlemen, keep your shoes neat! This is only a "hint."

The Indians didn't wind up on top. But they'll win another chance next year. It's in the Stars — if the club plays enough.

He who says it can't be done, should be taught to say "It has been done."

For the best political joke or story submitted to us, and one which CAN be published, we will give \$1 in cash. Drop it in the box at the time clocks. Sign your name, but it is not necessary that your name be printed.

Not only orchids to the Silver King, but now—a Blue Ribbon. Last week we received a beautiful blue ribbon from our representative, William Negus, which had been won in connection with our tractor by J. M. Snyder of E. M. Snyder and Son, at the Allentown Fair in Pennsylvania.

The Silver King won the blue ribbon as a two-pow tractor and inasmuch as nearly all tractor

manufacturers were represented, we are extremely proud of the Silver King.

The fair ran for five days and nights, with an average attendance of from fifteen to twenty thousand a day.

This seems to be more or less of a congratulatory column this week. Our felicitations go to Dick Fackler, who has taken the position in the cost department which was left vacant when Stanley Shaver left Saturday to enroll at Ohio State University.

For a week, now, our newly appointed Office Manager, Jim Root, has had a great insight into the needs and desires of many employees. He cannot walk down the hall without being stopped by someone who needs new venetian blinds, a new stapler, or a new this-and-that. Anyhow, congratulations, Jim. Be fore the year is through, most of us probably will have to run to you with something or other.

Speaking of congratulations—what do you think of our Silver King Bowling team? If we said last week that they are going to town, this week we can say they have arrived. Yes, sir! They're in first place now, having played the 3 C's Truck team on September 23, and won all three games. On Oct. 1, they play Page Dairy. At the rate they are bowling, we should show them a little encouragement by going along to cheer them on to even greater victories.

Since this column must be written on Mondays, many events occur before the paper goes to press and must therefore wait until the following week before being published. At the present, for instance, Marie Guthrie is planning to entertain the stenographers at a hamburger fry Wednesday evening. If the weather is propitious, those who read this column Thursday may substitute "entertainers" for "is planning to entertain."

The other day we heard Walter (Electrician) Crum extol the virtues of one of his goats for which he said he would not accept \$200. It seemed a lot of money for a goat, but Walter said she won first prize in her class at the Ohio State Fair. Walter, in case you didn't know, is quite a goat enthusiast.

It seems to be the perverseness of the human race to unknowingly worship errors, faults and mistakes. It seems to be so much easier to blame than to praise. It seems so much easier to discard our own mistakes in order to call attention to the mistakes of others.

To uncover "Death Valley Scotty's" secret hoard at last? No. 1 mystery man of the desert castle has been spending for 40 years without even tax collectors finding where he gets his "millions"—now he's called to court to tell. Read all about this mysterious character in *The American Weekly*, the magazine distributed with next week's Chicago Herald-American.

WENDELL L. WILLKIE for PRESIDENT

A great Ohio newspaper, which has hitherto supported only Democratic candidates for President, said of the Republican nominee, Wendell L. Willkie: "His nomination came as the unexpected surprise of the year. It was a man particularly trained to meet the problems which will face the administration at Washington in the first four years." Defend America! Defend America! Defend the third term. Elect a President fitted for the job. Vote for Wendell L. Willkie.

JOHN W. BRICKER for GOVERNOR

OHIO knows the costs in scandal, shame and money, of the political machine which had it by the throat from 1935 through 1938. Since that time, Governor John W. Bricker has restored both self-respect and solvency to state affairs by insisting on competence and common honesty throughout his administration. Voters now have the choice of either retaining Governor Bricker in office, or turning Ohio back to the same brain-crow from which he rescued it two years ago.

Recall the newspaper headlines during the previous administration—the "kick-out" men, "trunk-and-trunk" men, "shakedown" and "chilling" on state purchases, Senate graft probe, politics in old age pensions and countless other evidences of corrupt handling. Compare this with the decent economical administration of John W. Bricker. Then decide!

P. H. S. TIGERS CRUSH

NORTH FAIRFIELD 38-0
The first charging Tiger squad defeated North Fairfield six in last Friday's contest. Coach Dunham's first string boys played the first three quarters then the reserves took over and finished in fine shape.

With blocking from fellow grid members, Cunningham, crack half back, was able to carry the pigskin across four times. Moore and Miller each made a point a piece also.

Running plays proved very effective for the red and white, gaining ground on most of them. The passing attack showed improvement over the first game.

Almost all the Plymouth squad saw service sometime in the game.

The scoring started in the first quarter and continued until the last few minutes of play. Points after the touchdown were made by Laach and Martin, each making one.

The Tigers and Indians will clash again tomorrow night on the N. Fairfield field. The Indians will be tougher on their home field, so maybe the boys

won't be touchdown free tomorrow night. The entire gang is ready for service in this tilt as no one is injured.

PLYMOUTH FAIRFIELD TANGLE TOMORROW

The Plymouth Hi Tigers will be after their second victory of the season when they journey to Fairfield Friday evening. The Tigers and Indians clashed before this season with the Plymouth six coming out way ahead, 38-0, on their home field. Fairfield will be tougher on their gridiron Friday and the boys will have more of a test of their actual strength. The Indians are still after their first victory this season. They are going through stiff practice this week expecting to reverse the score in the Friday tilt. Practice is being held every night for the Tigers. The boys have a slight edge over their Friday opponents as they have tripped them once. With a little practice they believe they could beat them worse than before.

The two teams are closely matched for weight, although the Tigers have a faster charging line and speedier backfield.

The game is scheduled to get under way at 8:30 o'clock. Let's hope a big reputation from Plymouth there to back our boys. They need our support to win!

Come on. Let's go to Fairfield Friday afternoon.

MRS. WILKIE'S LIFE STORY FOR WOMEN VOTERS

Wife of Candidate Gets Share of Limelight and Smiles Back at Her Public

SHE'S 23 YEARS MARRIED

As Edith Wilk She Met Husband at a Wedding, and Danced With Him

Mrs. Edith Wilk Wilkie, wife of the Republican candidate, is quite a contrast to her 210-pound husband. She is only five feet two and probably weighs about 110. She is trim and active, and has short fluffy brown hair frosted with silver.

Born forty-one years ago in Nashville, her family moved back to its native Indiana, where she and her sister (now Mrs. Miller Hamilton of Indianapolis) were brought up in the town of Rushville. Her father, who died a few years ago, was a small-town building contractor. "I grew up," says Mrs. Wilkie, "in a home where I never heard a cross word spoken."

After graduating from high school, she went to the University of Indiana for two years. Then she worked at a librarian in Rushville and Elwood. It was at a wedding that she met Wendell Wilkie. She was maid of honor and he was a usher.

He asked her to dance with him. "His dancing was so bad that I've never tried dancing with him since," she confesses. But she liked him, even if he was only a young, glowing young lawyer without very glowing prospects.

They were married January 14, 1918, and soon thereafter Wendell went overseas with the Field Artillery. It was on his return that they moved to Akron, where he had secured a job in the Firestone offices. His salary wasn't big and she had a pretty tough time making it stretch over the housekeeping expenses.

Mrs. Wilkie doesn't play bridge and she belongs to no clubs. She spends no more time on her clothes than the average woman, but the results are always simple and becoming. Her main interests have always been her husband and her son Philip.

It isn't in her line to deliver speeches, and she has politely but consistently refused to speak on the radio, although she has great admiration for those to whom it comes naturally. Her ambition, she says, is to be a "charming hostess" and a "devoted and intelligent wife and mother."

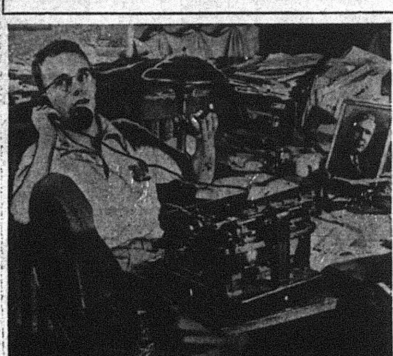

The nominating convention, she admits, caught her unprepared. But she loved the excitement of it. The convention loved her, too, and she had the spontaneous admiration of delegates, spectators and reporters.

The story has been told a thousand times of how Wilkie proposed to her. "Edith," he said, "how would you like to change Wilk to Wilkie?"

Wendell Wilkie Says:
Never before has the country seen so extraordinary a concentration of power in the hands of a few men as in the government to date. All the safeguards erected to protect the American people against the autocratic government have been invaded.

Liberalism and Reform
We welcome the fact that Mr. Wilkie stands pledged to conserve rather than destroy what is best in Mr. Roosevelt's reforms. We believe these reforms would be safe in Mr. Wilkie's hands, not only because Mr. Wilkie is a man of good will, but because his approach to the problems now before us shows him to be a realist.

Home Town Editor Boosts Wilkie

Amen. Early Wilkie supporters were Don Carlson of the Elwood Call-Leader. Wilkie, when 9 years old, used to deliver this paper.

For Wilkie, Declares N. Y. Times, Which Twice Supported Roosevelt

The New York Times supported Franklin D. Roosevelt for the Presidency in 1932 and again in 1936. In 1940 it will support Wendell Wilkie. In all its history, the New York Times has listed itself as "an independent Democratic newspaper." Only once before has this famous newspaper supported a Republican nominee for President. Its declaration of reasons for deserting Roosevelt is a campaign document of high importance.—In fact, according to leading editors, the most important declaration of its kind in newspaper history. It says in part:

We give our support to Mr. Wilkie primarily for these reasons: Because we believe that he is better equipped than Mr. Roosevelt to provide this country with an adequate national defense; because we believe he is a practical liberal who understands the need of increased production; because we believe that the fiscal policies of Mr. Roosevelt have failed disastrously; because we believe that at a time when the traditional safeguards of democracy are falling everywhere it is particularly important to honor and preserve the American tradition against vesting the enormous powers of the Presidency in the hands of any man for three consecutive terms of office.

Roosevelt the Amateur

Adequate national defense means much more than airplanes, tanks and cannon, even when all of these are actually on hand and not just "on order." It means a nation strong in its economic health and power, with a thriving industry, full employment, both of man and money, new capital flowing vigorously into new channels of production. It means, in short, a nation with gigantic industrial force behind its army and its navy.

The record shows that Mr. Roosevelt has achieved least success in the solution of this very problem. He has failed to create the conditions for a confident and expanding business. It is a reasonable assumption that this same problem can be managed better by a man who understands business, who has the confidence of business, who has himself been a part of business, whose interest in business problems has been first-hand and continuous rather than casual and intermittent, and whose experience includes a successful personal record in stimulating business and expanding industrial production.

In this field Mr. Wilkie is the professional and Mr. Roosevelt is the amateur.

The third term issue has been discussed for more than 100 years, of

Maar, of the Safety Research Council, writing in The American Week — with the October 6 issue of the Detroit Sunday Times — points out that an average of 4,000 children are burned to death every year, largely through carelessness of grown-ups, and that Ten Commandments to safeguard the little one. LOCAL WOMAN WILL COMPETE FOR TITLE NATIONAL CROCHET HAMP

Mrs. Nell Slesman, of near Plymouth, will match her needlework ability with the country's outstanding crocheters this Fall. It was revealed today in the announcement that she has become eligible to compete in the finals of the Fourth National-Wide Crochet Contest. The contest annually names the National Crochet Champion and 43 "Ranking Crocheters" with only the most important examples of current American crochet considered in the final judging.

More than three thousand prize winning crochet pieces, representing the best talent in the country, will compete with the local needlewoman's entry.

\$1350 in cash prizes will be awarded by the Contest. The national winner, in addition to her cash awards, will receive a free trip to New York City or Bermuda. Last year's winner, Mrs. E. N. Noble, of Minneapolis, was widely entertained while in the city at many receptions and parties in her honor.

It is estimated that more than 350,000 women have competed in the contest preliminaries through their respective fairs this year. The three thousand pieces which will compete in the final judging were selected from these thousands of entries as the finest in quality, workmanship, and design.

FATHER AND SON JOIN TO HELP IN SUCCESS OF PLYMOUTH SHOW

A familiar figure on the Plymouth Square for the last fourteen years is L. Z. Davis, local agent for several metropolitan newspapers, who has one of the biggest jobs in the arrangements for the Plymouth Fall Festival. To him has been allotted the task of filling the Square with booths during the festival. Due to his

being accompanied by a bond in the sum of \$500.00 to the satisfaction of the Board, or a certified check on some solvent bank, as a guaranty that if said bid is accepted, a contract will be entered into and its performance properly secured. Should any bid be rejected said check will be forthwith returned to the bidder, and should any bid be accepted such check will be returned upon the proper execution and securing of the said contract.

The right is reserved to reject any and all bids.

Splendid Program

(Continued from Page 1)

each of the major organizations of the church will share in the program. Wednesday night, Oct. 23 is the Homecoming Night at which time the four living former pastors of the church are expected back together with a host of former members who have dear memories centered in the church.

Thursday night, Oct. 24 is Community Night, with fellowship with the ministers and people of the other churches of town, the Lutheran churches of the neighborhood, the town officials and it is hoped, county officials, as well. Friday night, Oct. 25th will be the Congregation Night with a huge pot-luck dinner for all the present members of the church and an excellent program around the tables.

The Sunday services are being arranged by Rev. Wolf. On Sunday, Oct. 20, the sermon will be preached by the Rev. Herbert V. Veler, president of the Central Conference of the Synod of Ohio. On Sunday, Oct. 27th, the Rev. Joseph Stittler, D.D., president of the Synod of Ohio, will be the guest preacher. This service on the 27th will be the high point of the whole celebration with the Holy Communion fittingly bringing the anniversary to a close.

A fine anniversary booklet has been prepared by Mr. E. K. Trauger, with the assistance of Rev. Wolf. This book, which will sell at 50 cents, will contain a full history of the old church, pictures of its twenty-one pastors, pictures of the old church building and the present building, views of the interior of the church before it was remodelled in 1898 and at the present, and portraits of Felix Fenner, Sr., Samuel H. Trauger, and E. K. Trauger.

The complete program for the dedication of the new church building for each day of the celebration will also be printed in this book, which will be a lasting and permanent record, not only of the history of the church, but also of the centennial.

The Lutheran church opens its doors and its hearts to all its friends in the community and neighborhood in this celebration and will welcome their presence at these services and meetings. Arrangements are being made to care for overflow crowds by the use of the public address system of the Factory Radio Shop in the annex, so that no one will be kept outside or prevented from sharing in the joy of this great

untiring efforts, few spaces remain to be filled.

Involved in yet another phase of the festival program is another Davis who will direct the activities of the 85-piece marching band from Crestline High school, which will provide a part of the program on Saturday evening. Mr. Maurice Davis is the music director for Crestline High school and is incidentally, the son of our own L. Z. Davis.

L. Z. Davis had been heard to speak with no little pride of his son and his work in music, but until this fall has Plymouth had the opportunity to see for itself. The Crestline High school band will march onto the Square at 8:45 Saturday night and play a suitable prelude to the show of individual entertainers which will take the stage for the remainder of the time. The whole evening's entertainment will be planned and produced by Maurice Davis. L. Z. is quick to say that his son comes by his musical talents honestly since music has been in the family for generations. Plymouth's Mr. Davis is assistant director of the Methodist church here, and although he has never been dependant upon music for a living, he has had an active interest in that art all of his life.

So in all, it appears that a great part of the success of the Plymouth Fall Festival depends upon the Davises—father and son—and we wish them luck and success.

CHILD IS HURT
