

Lack of Cooperation Cited At Business Men's Meeting

Saturday Night Entertainment Will Continue for Present; More Cash is Needed.

A fair representation of business men was present at the meeting held Monday night in the council rooms, but still there was a lack of interest by many of the men who are in business around the Square and in the town.

However, the Saturday night entertainment was thoroughly discussed, and it was agreed that Mr. Robertson continue on under the present set-up for furnishing the entertainment for another three or four weeks.

Failure of complete cooperation among the business men of the community was also pointed out, and a resolution was brought up to publish the names of those contributing to the free entertainments in Plymouth, the amount

REV. J. THOMAS INSTALLED FRI.

At a service held in the Presbyterian Church on Friday evening, June 14th the Rev. James A. Thomas was installed as full time pastor of that church and the Rome Community Presbyterian Church. Pastors from Wooster Presbytery were present to carry out the order of service. The Rev. Joseph H. Vanden Moderator presided at the service; The Rev. Curtis R. Douglass pastor of the College of Wooster gave the sermon; the Rev. A. B. Allison of the Presbyterian Church of Shelby gave the charge to the pastor; the Rev. D. M. Sayre of the Millersburg Church gave the charge to the Congregation and the Rev. Glenn McKinley Sauder of the Lexington Presbyterian Church read Scripture and lead in prayer.

Following the service a reception was held for those who had attended.

RITES SATURDAY

SISTER OF FRED P. AND LLOYD FRANKLIN DIES IN COLUMBUS.

Mrs. Gertrude Franklin Brown, died at the home of her sister, Mrs. Zola Davis in Columbus on Thursday.

She is survived by two sisters, Mrs. Davis of Columbus and Mrs. Arabelle Britton of Los Angeles, Calif. and four brothers, Burton and Daniel Franklin of New London, and Fred, P. and Lloyd Franklin of Plymouth.

The body was removed to the Fink Funeral home in Willard where funeral services were held at 2 p. m. Saturday with the Rev. Paul W. Sharp of the United Brethren Church officiating. Burial was made in the New Haven cemetery.

Brotherhood to Picnic Friday, June 28th

The June meeting of the Brotherhood will be held at Conger's Grove next Friday night, June 28th.

The men are asked to go to the meeting place as soon after five o'clock as is possible. Equipment for horseshoes, baseball and other sports will be taken along.

The supper will be served at 6:30 in the form of a potluck dinner. Those men who were to the Grove last year will remember what a nice place it was and what a fine meeting we had out there. If you need details how to get to the Grove ask Glen Dick, Don Ford or Rev. Wolf.

Bake Sale Saturday

The Boy Scouts of Plymouth are planning a Bake Sale for Saturday, June 22nd at the Library room. Sale is scheduled to begin at 10 a. m. until all goods are sold. The boys will appreciate your patronage.

MAKE DRIVE FOR PROGRAM ENDS \$300 PARK FUND BIBLE SCHOOL

THIS AMOUNT NEEDED BEFORE NYA STARTS WORK ON IMPROVEMENT OF SITE.

In a last minute drive for approximately \$300 which will insure the beginning of actual improvements at the Plymouth Park with NYA labor, will be made this week-end and next. Volunteer solicitors composed of Plymouth business men, will make the drive for the necessary fund. Before any guarantee can be given by NYA officials, it was pointed out that \$1,000 would be necessary, with which to purchase materials and equipment.

The park fund now totals about \$700. There are several outstanding pledges for money, and those who made the pledge last fall, should make arrangements to pay by the close of the coming week. There are a number of residents who have not been asked to contribute to the park fund, but they will be approached when the drive starts this week-end.

Beginning Friday, the following business men have agreed to take the following streets and make a house to house canvas. They are as follows:

A. D. Peck—Porter, North and Maple and Woodlawn Streets. P. W. Thomas—Plymouth, Birtfield and Mulberry Streets. Bert Rule—Sandusky Street. Robert Eckelberry—High, Bell, Railroad Street and Mill Ave. Donald Fetters and Robert Lewis—West Broadway and Franklin Streets.

Robert Cornell and Earl McQuate—Tous and Mill Streets. Joe Leach—Park Avenue and Walnut Street.

J. E. Nimmons—Public Square. It will take several days to complete the drive, and as a civic-minded citizen, won't you talk it over and be ready for a contribution when the solicitors come to the door. They have given their time and effort to make the community a better place in which to live, and it will be unfair to ask them to come back a second time.

The money raised will be used to buy material and equipment which will include a shelter house, benches, swings, slides, stoves, shuffle board, outdoor checker board, outdoor gymnasium, sand pile for the kiddies and horseshoe court. If there is enough money left, a wading pool and roller skating rink will also be included.

The three NYA officials who were here a short time ago to look over the park site, expressed themselves as being surprised at the "natural spot" on which the park is located. They stated that they had supervised the construction of parks in Tiffin, Sandusky and Fremont, but none of them equalled Plymouth's site for natural beauty and play-out. They expressed themselves that Plymouth should have a park of which it could be justly proud if the improvements were completed.

The affairs of the park commission are being conducted on a business-like basis and is under supervision of the village authorities. Therefore, you know that your money is going to be spent where it belongs, and that every dollar it goes for a good cause.

FUN AND FROLIC WILL FEATURE SATURDAY NIGHT STREET DANCE

Round and Square Dances to be Held on Public Square This Saturday Night, June 22nd.

Everybody in fifteen miles of Plymouth is invited to come to town Saturday night and join in the fun and frolic for the evening. What is going to be? Well—just an old-fashioned street dance. Round and square—to the best music you ever heard. It's all free—right on the Public Square—so make a date for Saturday night.

The street dance is one of the entertainment features which is being staged by Plymouth. It's a chant, an exceptional orchestra has been secured and all details

HANDWORK DISPLAYS AT LUTHERAN CHURCH TOMORROW NIGHT.

Tomorrow evening the Daily Vacation Bible School sponsored by the Methodist, Presbyterian and Lutheran Churches will hold its program to demonstrate its work for this summer.

The School has been in session for three weeks and the children have been taught both Bible and Mission stories together with handwork and directed play. In the assembly periods much time has been spent on the learning of songs and rounds which the children will sing for the program.

The handwork display will be held in the Annex of the Lutheran Church at 6:30 on Friday evening and the Program will follow at 7:30 in the Church proper.

At this program certificates of award will be given to each student who has maintained an acceptable attendance record with special awards being given for perfect attendance and the bringing of offerings.

The fine group of teachers has done fine work with the children and they are anxious to have all who are interested in the school come and observe the work which has been done. Whether you have children in attendance or not, if you like children's work and want to come you are welcome.

Ice Cream Social Saturday Night on Presbyterian Lawn

The United Workers, an organization of the Presbyterian Church of Plymouth, will have charge of an Ice Cream Social to be held on the Lawn of the Presbyterian Church Saturday evening, June 22. You are welcome to attend to enjoy the ice cream, the home made cake and the fellowship which this will expert provides. Plan to be there.

ATTENDS NORMAL SCHOOL

Miss Ida Ruth of New Haven left Sunday for Kent State Normal College where she will attend summer school for six weeks.

HURON COUNTY COURT SLOWS DOWN FOR SUMMER

The summer period of inactivity has settled down on the common pleas court. No jury cases are assigned and routine business will be in order except for an occasional jury case. In agricultural business activity among farmers at this time of the year makes it difficult to try jury cases.

SUPERVISE PLAYGROUNDS

Arlo Willett, a member of the Shady public school's faculty, has been named general supervisor of the Shelby summer playgrounds.

He will be assisted by Miss Anna Johnston, and Miss Bette Weber at Central School and Miss Polly Haun at Hayes School.

REMOVED HOME

Mrs. A. E. Frush who has been seriously ill in the Willard Municipal Hospital was removed Friday to her home in that city.

Local Elevator To Open Under New Management

T. J. Ratcliffe of Evanston, Ill., Will Operate Elevator Here; Plans Complete Farm Service.

The elevator, formerly operated by Don W. Einsel, and which has been closed the past year, will reopen at an early date under the management of Mr. T. J. Ratcliffe.

This news will not only be welcomed by local citizens, but by the many farmers in the immediate vicinity.

Mr. Ratcliffe states that in all probability the elevator will be open for business next week-end, but that the grand opening will be held the following week. The entire plant is being over-hauled and reconditioned and the offices are being repainted and decorated. The grinding mill and the motor are being reconditioned and custom grinding will be done also.

With the opening of the elevator it will afford the farmer in this community a convenient place to buy their feed and supplies as well as affording them a market for their grain. Mr. Ratcliffe states that he expects to pay the highest cash prices prevailing for wheat, oats, corn and other grain. Popular lines of

WINS RACE

BOB ROOT LEADS IN SAIL BOAT RACES AT VERMILION.

There might not be any sail in Lake Erie, but it didn't prevent Robert Root from "acting like an old salt" and winning the first race of the championship series for sail boats held every summer at Vermilion. The race between the sail boats was staged last Sunday and attracted much attention throughout the lake region.

This is Bob's second year at sailing. Last summer he won second place, and it is presumed that the name of the boat "The Anyhow" had something to do with the success of Bob's skill at Sunday's races, as he came in first.

Robert is the son of Mr. and Mrs. H. F. Root, who are making their home for the summer at Vermilion. His many friends with the family in the skill and determination which Bob displayed in taking the lead.

APPLY FOR LICENSE

A marriage license has been applied for by Fred M. Ramey, Shish and Nola Helen Johnson, Shelby.

REMOVED TO HOSPITAL

BUILDING SOLD

The Barkdull building on West Main Street, Shelby, formerly occupied by the Barkdull Furniture Company, has been sold to the Laubie Motor Sales and they have already taken possession.

Recruiting Officer

At Willard, June 25

A U. S. Navy Recruiting Officer will be at the Willard Post Office on June 25 from 1:00 p. m. until 3:30 p. m., to accept applications and interview applicants who may be interested in enlistment.

The expansion of the Navy now in progress has brought with it many advantages which includes more rapid advancement, and greater opportunities for special training in trades. Over 18 modern trades are available to ambitious young men who enter the Navy for a worthwhile career.

Any ambitious young man between the ages of 18 to 31 is invited to call at the Post Office on the date mentioned or write that day at the Post Office Building, Sandusky.

feed will be stocked, as well as many other items well known to the farm trade.

Mr. Ratcliffe comes from Evanston, Ill., where he was connected with the dairy industry there, and he has had much experience in the farming line. He is a young man with much personality and will be welcome to the community. Mr. and Mrs. Ratcliffe are now staying at the Einsel home until they can find a suitable place to take up as their residence.

TOWN ADMIRES PEONY DISPLAY

The Peony display which was sponsored by the Garden Club was a decided success. Saturday night practically every business place in Plymouth was brightened by a display of Peonies. Thirty bouquets or baskets were contributed by members of the Garden Club, the chief contributor being Mr. E. K. Trauger.

Mr. Trauger has an outstanding collection of these gorgeous flowers and over a period of many years has brought together the highest rated and most beautiful of the many varieties offered to the public.

The peony is a hardy plant, is almost free from plant enemies, and will grow and thrive undisturbed for many years.

Mrs. B. R. Scott also has a fine collection. Other contributors were Mrs. Scott, Mr. and Mrs. Wechter, Mr. and Mrs. Robinson, Mrs. Alice Ford, Mrs. Grace Dick, Mrs. Hattie Perry, Mrs. Ida Fleming, Misses Katherine and Elizabeth Weber, Mrs. Bertha Seale and Mrs. Chatfield. Mrs. Alice Ford was chairman of the affair and was assisted by Mrs. Bartholomew, Mr. and Mrs. Wechter, Mrs. Chatfield, Mrs. Scott, Mrs. Robinson and Mrs. Grace Dick. The Garden Club wishes to thank the Library Board for the use of the Library in which to arrange the flowers and the Merchants who cooperated with them in every way.

DIES IN WILLARD

GEORGE H. TRIMMER PASSES AWAY IN WILLARD HOSPITAL.

Funeral services for George H. Trimmer, 83, were held Wednesday at 2:30 p. m. at the home of his sister, Mrs. W. W. Christian of Willard.

Rev. P. W. Sharp officiated and burial was made in Greenlawn Cemetery, Plymouth.

The deceased was born in New Haven township, the son of Mr. and Mrs. Henry Trimmer and spent his entire life in that vicinity.

For many years he operated the general store at Peru and later was associated with a brother in the Trimmer Hardware Store in Willard.

He has been in failing health for several years and since the death of his wife had made his home with his sister. Other survivors include a brother Charles Trimmer of Willard and a number of nieces and nephews.

ON PROGRAM

Mrs. Doris Gooding is featured on the piano at WMAN Saturday evening at 8 p. m. She is accompanied by Keith Gooding and a string instrument group.

CHEATED

Uncle Ed, on relief and employed on a highway project, complained to the foreman that he wanted a shovel. The foreman told him not to worry about having a shovel, that he'd get paid anyway. "But I want a shovel," insisted Uncle Ed. "Everybody but me's got sunthin' to lean on."

Complications and Intrigue In The U. S. A.

— By Gemini —

The lunation of New Moon of June 5th falls in the 6th House of the figure calculated for Washington. This gives a strong impetus to 6th House affairs — the army and navy, rearmament, labor issues, manufacturing. As aggressive Mars conjoints peace-loving Venus in the 7th (other nations) House, there will be an apprehensive outlook throughout the month in regard to the events transpiring abroad. Mars here may bring us a war scare of an acute nature, but we trust that Venus will do her share in keeping the peace. Continued active help will be extended to the Allies.

Some sensational development may crop up in connection with subversive activities in this nation — possibly the Communist party will come in for a decision. It may be actually outlawed. Air and water traffic are distinctly threatened, and a disaster at sea may take place.

It is interesting to note that the June 5th New Moon, which falls in the 15th degree of Gemini, fell right on Mussolini's birth Mars — the planet of aggression and strife. Mussolini declared war on the Allies about 5 days later. His status is not so promising. He gains over the Allies will come at a dear price. In fact, disaster and defeat await Italy — should she, at brilliant Mussolini's behest, continue to fight on Germany's side. Mussolini's act will drag in other nations that will give him a run for his money. Rumania, for instance. After a glance at King Carol's star-map, we don't believe he'll be able to keep his country out of the conflict till the end of this year. The "malice" of archaic astrology — Mars, Saturn, Uranus — in the 3rd House (nearby relationships) of his horoscope well indicate a pack of snarling neighbors surrounding his strong little kingdom. The middle of July is a threatening period for him — as is the month of August. Rumania is strong. Whoever invades her will meet with manifold and effective resistance. And so long as Carol lives and guides his ship-of-state forward, victory to Rumania is assured.

The Grand Horoscope of the U. S. A. denotes that this nation is functioning under exceedingly deceptive astro influences. The U. S.-progressed Sun occupies the 7th (other nations) House, in square (violent, "obstacle") aspect to the U. S.-natal Neptune. Neptune is a mysterious, illusive, elusive planetary force. Under affliction, he entangles, misleads, camouflages, deceives. His position in the 5th (speculation) House suggests that a "boom" or possibly an "inflation" are on their

way. Neptune rules aeroplanes. Any "inflation" will arise from our sale of aircraft — and other war material — to the Allies. Complications and involvements are also likely; we must not think for a minute that Germany or Italy regard the U. S. A. benevolently or indifferently. Our expression of pro-Allies sentiment must be disconcerting to every nation in the world. The masses of America, while desiring to see the Allies aided all possible within reason, do not wish to see America embroiled in the European tragedy. America can stay out. To enter — outright — will mean eventual disaster — to this nation.

QUESTIONS AND ANSWERS

W. J. Haynes — Financial and vocational prospects . . . You have been going through fairly favorable influences. Your progressed Venus, which planet is fruitful and "hot" well, is applying a conjunction ("power") aspect of your natal Neptune (ruler of your 10th—vocational—House). You won't feel the effects of this aspect till late in the year; and throughout 1941 it will be in effect. Great gains should be made during the period. In the meantime, keep building up for better things to come. Your map shows a 10th-house Saturn. This position gives heavy responsibilities and setbacks, but definitely favors a "career." And often—a breath-taking career! Napoleon, Woodrow Wilson and Hitler were born with a 10th-house Saturn. Such an influence elevates, yet always portends the danger of eventual downfall; that is, if the native doesn't know where to stop at — stifle his ambitions — or, better well, enough. Balanced use of power should be your watchword. Deal with the public, but act cooperatively. The partner can aid you along, but depend more on your own efforts; your destiny is in your own hands. Aug., Sept., and Oct. are vocationally and financially important. Also, added pleasures, travels, and friends will be realized during this period.

Bell D.—1940 should bring some opportunities to you, and initiate a definitely new cycle of activity in your life. As to real estate transactions, the year is conservatively favorable. July is a fairly good month in which to deal with others. In your business transactions, always be practical and on the safe side—your map indicates the danger of losing through unwise optimism, misrepresentation and downright fraud. Place your confidence only in those you know to be reliable. Your health should be fairly good, also. Uranus transiting in opposition to your natal Saturn in Scorpio indicates, possibly, trou-

ble with your throat and in the eliminative tracts. It appears that you may make the change of location during 1940; at least, there should be an opportunity or two.

"Leba"—The anticipated position may come soon. July up to about the 20th of August is a very favorable period for vocational matters; during those days, push your interests. It seems that your vocational fortunes are, throughout life, strongly affected by others—either a business partnership, or a marital one—or, possibly, your work invariably takes you before the public or large bodies of people. Learn the lesson of co-operation. If your present mode of living is halfway satisfactory, it might be to your advantage to continue it. Can gain through a parent. Difficulties, however, through relatives. Loss through speculation. Follow up opportunities that might land you into a political job, or one connected with local or central government. December will bring changes and new friends.

M. B. Haynes — March 4, 1911; 12:00 midnight). Your progressed horoscope shows several important aspects in operation which last in force until about the middle of 1941. These favor financial increase; gain and pleasure through social and artistic factors; possibly a long journey or two; if expectant, a new addition to the family (an astrological possibility). The partner is indicated as experiencing opportunities to better himself. A good period to get out and join—and organize—welfare, social, religious, etc., groups. Your Mercury square to Uranus warns against loss through speculation, unwise chance-taking, hasty written or oral statements, etc., and possibly some upset due to relatives. For the most, your aspects up to summer, 1941, are promising.

S. D.—6-25th-62). You query about your domestic future. . . and we observe from the chart-data at hand, that you enter a most favorable period! This period, dominated by a trine ("luck") angle of your progressed Sun to your birth Jupiter, lasts till the middle of 1941. As Jupiter is a very fortunate planet, and, ruling as it does your 4th house (the home), domestic conditions should greatly improve. A favorable period for a change in location—if such is desirable or anticipated. A good time to sell real estate or property, to deal with elevated people—especially men—such as lawyers, bankers, clergymen, etc. This partner should make some substantial gains in business. Other aspects warn you against extravagance, to exercise tact and prudence in connection with any possible superiors, and in relation to your health. Be careful in

making written, or oral statements, or promises. As to your son's romance, it should turn out satisfactorily in a short while. As the ruler of your 6th house (children, romance) is positioned in your 1st (personal) house, it is easy to understand your personal interest in his "heart" affairs. Possibly, being that Saturn is the "ruler" mentioned, you take a too-monopolistic interest in your offspring's affairs. However, all should turn out O. K. Saturn, though relaxing discipline and order, favors patience—so wait and watch. You may receive a legacy under the sun-Jupiter trine—between now and June, 1941. A good time in which to take out insurance.

"Anxious"—It seems, astrologically speaking, that you have made a change or two in location during the last 12 months. An additional change or so is possible during the coming months. Your future changes will probably be toward rural districts — that is, any within the ensuing 12 months. Your circle of friends is rather limited, yet you do possess some real friends. Continued care should be given your partner's health: it is possible that his diet is faulty. Possibly his condition will improve through travel, change, out-door contacts with nature. August should bring an opportunity to contact new friends, and to benefit your husband's condition in some manner. Your many Virgo planets should endow you with excellent analytical and nursing ability. Use care in connection with legal affairs and the signing of papers. Continue to exercise prudence, patience, and Optimism!

WAR REFUGEES GRATEFUL TO RED CROSS

So many Volunteers in Richland County have been sewing and knitting for the American Red Cross we believe our subscription list should be an excerpt from a letter received at National Headquarters of the American Red Cross, Washington, D. C., from Mr. James T. Nicholson, American Red Cross Delegate.

Never again do I want to experience having old broken-down, half-starved, filthy clothed women drop to their knees and kiss my hands—not one, but scores. And in that refuge of the Society of St. Vincent de Paul, we saw those old women get knitted sweaters from the Brooklyn Chapter.

This morning in the Jewish Community Center and a couple of days ago at the Jewish Hospital, I saw our American Red Cross clothing and medication being used. This morning we visited the refuge for unmarried mothers and saw in the nurseries six American Red Cross Layettes—beautiful ones—but so few in comparison to the great need. Princess Sapienta and her sister-in-law were in charge, and were so grateful.

Nothing goes where it should not. The distribution and accounting of it is meticulously done. Moreover, as far as I have seen, the distribution is without regard to race or religion. Every detail of the plan has been carried out to the very last item."

FAIRFIELD NEWS

DELEGATE AT BUCKEYE STATE

Edward West of the Class of '41 is attending the Buckeye State fair boys at the Columbus Fairgrounds, which the American Legion has sponsored the past three years. The project lasts from June 15-25. The boys study different forms of government such as village, city and state. They will spend two days in city sight-seeing. Each boy selected must be a student in good standing, be interested in civic affairs and have worthy qualities. The Legion is aided by local organizations which help with part of the expenses. The local organizations helping send our representative are: The Masonic Lodge, The W. C. T. U. and The P. T. A.

AT CONVENTION

Supt. J. C. Murlin attended the O. E. A. Convention at Cedar Point last Friday and Saturday. The theme of the Saturday morning General Session was the Public Looks at the Schools. This was conducted in the form of a symposium. The speakers on this program represented a good cross-section of our society: parents, labor, industry, the Amer-

ican Legion, Farm Bureau and the Voters League. They challenged the Educators of the state to teach the children, to keep their interest in America, How to Live, to have a self-pride in their work and to practice "rubbing gloves" with the other fellow to get his viewpoint.

BIBLE SCHOOL BEGINS

The Daily Vacation Bible School opened at the school building with an enrollment of eighty pupils. This school is being sponsored by the churches of the community. O. Rev. Frank Rieder is the Superintendent.

ELM BEETLES KILLED

NORWALK—Tree doctors say that nature, during the spring just past, curbed the elm leaf beetles by producing low temperatures and rain. No infection of elms is reported here this year. In 1938 and 1939, many of the trees were killed by the insects. Most of the trees attacked have recovered, but a number will probably die as the result of loss of leaves.

Griffeth-Barnes Wedding Vows Exchanged Monday Evening

Miss Berniece Ilene Barnes, daughter of Mr. and Mrs. George W. Barnes, Shelby R. D. 4, and Mr. Edwin H. Griffith, son of Mr. and Mrs. H. A. Griffith, Shelby R. D. 3, were married in an open church wedding at the First Lutheran church Monday evening at 6:30.

The single ring ceremony was read by Rev. D. B. Young, pastor.

A program of organ and vocal music was presented by the church organist with Miss Sue McFadden as soloist. Miss McFadden sang "Ave Maria" and "I Love You Truly." "Oh Promise Me" was played during the ceremony.

The altar was attractive with unique arrangements of summer flowers and seven branch candelabra.

The bride who was given in marriage by her father had chosen for her wedding a gown of white marquisette made over white satin, fashioned in shirt waist style. The sleeves were made full with lace insertion trim, on the skirt, sleeves and waist. She wore a veil of white net fashioned with orange blossoms. Her flowers were bridal roses and white larkspur tied with white ribbon.

Miss Mary Frances Barnes, sister of the bride was maid of honor.

Her dress was made floor length of pink embroidered chiffon. Her flowers were pink roses and sweet peas. She wore pink carnations in her hair.

Mrs. Eugene Boor and Mrs. Carl Neikirk were bridesmaids. They were dressed in soft shades of yellow and blue chiffon. They carried bouquets of roses, and sweet peas and wore white carnations in their hair.

Mr. Carl Neikirk of Shelby was best man. Ushers were Eugene Boor and Gordon Imhoff.

Immediately following the ceremony a reception was held in the church basement. Summer flowers and lighted tapers were used as decorations. The table was centered with a three tiered wedding cake.

Miss Berniece Ilene Barnes attended Shelby High School and Mr. Griffith was a graduate of Tiro High School.

Later in the evening the young couple left on a short motor trip. The new Mrs. Griffith had chosen for traveling a navy blue dotted dress and wore white accessories.

Upon their return they will reside with the bride's parents until their new home under construction is completed.

Rev. and Mrs. H. T. Wintermute and daughters, Dorothy Downend, Wanda Davis and Charles Rowe joined the caravan to the Berea Children's Home Sunday afternoon and evening.

This was the first pilgrimage which is to become an annual event and was attended by between seven and eight hundred young folks. The local young people joined in the vesper services at BALL GAME

AT BALL GAME

Friday morning, Mesdames Ray Dinninger, Ed Phillips, Lee Bixby of Plymouth, Mrs. Clyde Moore of Mansfield and Miss Dorothy Dinninger of near Shiloh motored to Cleveland and enjoyed the baseball game in the afternoon. Miss Audrey Dinninger accompanied them home and remained over the week-end with her parents, Mr. and Mrs. Ray Dinninger.

LUTHERAN CHURCH TO HOLD SUMMER COMMUNION

The Lutheran Church will celebrate its summer communion this Sunday morning at the regular hour of worship.

In accord with the consistent growth in the communing membership which has been experi-

enced over the past few years it is anticipated that this year's Summer Communion will be the largest of its kind that the Church has yet had.

Each member a ndall those friends who have been accustomed to worship with the congregation are welcome at this service.

RELATED WISHES

Congratulations are being extended Fred Schneider and his bride who are now at home on East High Street. Rather late, we suppose, but then we never did get the particulars but the "best wishes" are none-the-less sincere.

Mrs. Schneider is the former Mrs. Thelma Miller of Shiloh and operated the Art Shop in that city prior to her marriage. Mr. Schneider is proprietor of the Schneider Lumber Company of Plymouth.

GARDEN CLUB MEETING

The Plymouth Garden Club will meet with Mrs. Hattie Perry Friday evening, June 21st. Mrs. Eva Smith will be the leader, the topic is "Flowers from Weeds." The roll call is "Weeds You Admire."

FAMILY AND FRIENDS

GATHER FOR ANNIVERSARY
Mr. and Mrs. Ed Phillips were expecting members of their immediate family, Sunday to quietly observe their fortieth wedding anniversary but when seventy friends and relatives arrived that "was a surprise." It had been previously arranged by their daughter-in-law Mrs. Ernest Phillips of Bucyrus and sisters of Mrs. Phillips.

Well filled baskets were soon brought out, and with the assistance of Mrs. Phillips who has coped with a good many surprise gatherings, tables and chairs were arranged and an "old fashioned" reunion was held.

One of the attractions of the dinner was an enormous cake, beautifully decorated in pink and white with "Fortieth Wedding Anniversary" and the date inscribed. Several other cakes were also presented the honored guests as well as remembering them with gifts, cards and flowers.

Relatives and friends were present from Cleveland, Bucyrus, Akron, Mansfield, Butler, Fredericktown, Mt. Vernon, Loudonville, Perryville, Shelby and Galion.

Mr. and Mrs. Phillips were married at Butler, Ohio, and came to Plymouth twenty-two years ago from Newark, Ohio. They are the parents of three sons. Wendell (deceased), Ernest of Bucyrus, and Herbert of Cleveland.

Two members of the original party, Mrs. J. D. McArdle of Butler, and Mrs. Ethel McFarland of Mansfield both sisters of Mrs. Phillips were also present for this year's celebration.

The day is one which will be long remembered not only by Mr. and Mrs. Phillips but all their guests.

FRIENDSHIP CLASS MEETING

Tuesday evening, June 18th a group of thirty-five persons made the trip to the beautiful country home of Mr. and Mrs. Walter Thrush for their regular class meeting. The storm of the afternoon had cleared away and while it was still daylight the various groups explored the artistically landscaped grounds. To many of the class it was their first visit at this place.

This home is one of the two remaining homes whose members formerly belong to the McKendree Church which was located north of the home. Mrs. and Mr. Thrush spared no pains to make an ideal evening of enjoyment for their guests.

Mrs. Mary Fleck, class president, conducted the business session. Various projects for the good of the church were taken care of and Miss Jessie Cole conducted the Devotional service.

A social hour with various contests entertained the guests and very nice refreshments were served by the committee of Mrs. Thrush, Mrs. Johnston and Mrs. Fred Ross.

In July there will be no business meeting and the annual picnic will be held in August. Date and place will be decided upon later.

The time collection for all holidays in the year was handed in by many members. Others may give in their contribution to Mrs. Mary Fleck at the regular church service at their earliest convenience in order to meet financial obligations of the class now due.

NON PAREIL CLASS MEETING

The last meeting of the Non Pareil Class of the Methodist Church before summer vacation was held Monday at the home of Mr. and Mrs. Willard Ross.

Plans were discussed for the annual picnic which will be in the nature of a "Sunday" dinner, to be held following church services on Sunday, July 21st. The Roadside Park on Route 96 was chosen by the class as the meeting place and committees appointed to look after transportation, table and recreation.

Mrs. Willard Ross, Mrs. J. B. Derr and Mrs. P. W. Thomas are the committee to make out the year's program with the first meeting of the new church year scheduled at the home of Mr. and Mrs. Ralph Ream in September. Mr. Ream, teacher of the class for the past five years handed in his resignation but will continue to teach until a new teacher can be found.

A "White Elephant" auction

sale was conducted by Mr. Derr during the social hour and a number of interesting quizzes, impersonations and guessing contests were enjoyed by the committee. Mrs. Derr and Mrs. Pitzer had prepared.

Concluding the evening, the guests were seated at small tables with a very nice lunch served by Mrs. Ross and her assistant, Mrs. Cheeseman.

ATTEND CAMP

Dick Ross Jim Moore and Gordon Seaholtz are attending the Junior-Hi Camp for boys and girls of the Methodist Churches of the Norwalk District being held at Camp Crag, a Y. M. C. A. Camp near Medina, this week.

DISTRICT CONVENTION OF METHODIST YOUNG PEOPLE

The Young People of the Methodist Churches of the Norwalk District are to hold their annual Convention Monday p. m. and evening at the H. S. Gym in Sandusky. This will be in the nature of a picnic, recreation event and business meeting with election of officers for the coming year.

CLUB TO MEET

Mrs. A. C. Brumbach will be hostess this afternoon to members of the Chatawa Club of Shelby.

TEMPTING MENUS

by
PAULINE SCHOFIELD

Kitchen Kitchall

- Sprig Veal Stew
- 2 1/2 lb. veal (inexpensive cut)
- 2 Tbsp. butter
- 2 C. hot water
- 1/2 lb. finely chopped onion
- 2 C. raw diced potatoes
- 1 1/2 tsp. salt
- 1/4 tsp. pepper
- 1/4 tsp. paprika
- 4 Tbsp. flour
- 1 lb. cream of mushroom soup

Cut the meat into one-inch pieces. Cook it for 5 minutes, stirring often. Add butter, onion, potatoes, salt, pepper, and paprika. Cover and cook over low flame or bake in a moderate oven, 375 degrees, for 1 hour, or until meat is quite tender. Blend flour and mushroom soup together and add to meat. Continue cooking, stirring constantly, 4 to 5 minutes. Serve over toast or biscuits in deep platter. Serves 6.

Sliced Tomatoes and Cucumber in Vinegar Dressing

- 3 large tomatoes
- 1 cucumber
- 1 Bermuda onion
- 1/4 C. cider vinegar
- 1/2 tsp. sugar
- 1/2 tsp. salt
- Dash of pepper

Skin the tomatoes and chill thoroughly. Peel and slice the cucumbers and onions thinly. Combine the vinegar, sugar, salt, and pepper and mix well. Cut tomatoes into thick slices, then arrange in salad bowl with cucumber and onion. Pour the vinegar dressing over top. Cover and chill 30 minutes or so. Serve from bowl at the table. Serves 6.

Plum Whip

- 1 Tbsp. gelatine
- 1/4 C. cold water
- 1 No. 2 1/2 can red plums
- 1/4 C. sugar
- 1/2 tsp. salt
- 2 Tbsp. lemon juice
- 2 egg whites

Soften gelatine in cold water. Drain plums. Heat 1/4 C. of juice to boiling. Pour over gelatine. Stir until dissolved. Add sugar and salt. Pit plums. Rub through sieve. Add plums and lemon juice to gelatine mixture. Chill until partly set. Beat until fluffy. Fold in stiffly beaten egg whites. Mold. Chill.

Floating Island

- 2 C. scalded milk
- 3 egg yolks
- 1/4 C. sugar
- 1/2 tsp. salt
- 1 tsp. vanilla
- 3 egg whites

Beat egg yolks slightly, add sugar and salt. Gradually add the scalded milk to the eggs, stirring constantly. Cook on low flame and combine stirring until mixture coats a spoon. Cool and add vanilla. Beat egg white until stiff, adding remaining sugar during last part of beating. Arrange this meringue in "islands" on the custard. A little jelly may be placed in center of each island. Floating Island should be served very cold.

Never throw out fruit juices. Consider several kinds and use as a base for a cool drink or to thin salad dressing. Another idea is to beat and thicken them with a little cornstarch, dissolve in small amount of cold water. Serve this pretty-colored sauce over cake, ice cream, etc.

ENTERTAINS-AT CHICKEN SUPPER

On the evening of Tuesday last, Miss Ida Ruth and William Ruth, of New Haven, honored their cousin, Mrs. Ed Eriksen and four children of Maumee with a chicken supper. Those present besides the hosts were Mr. and Mrs. Jesse Ruth of New Haven, Mr. and Mrs. Frank Pitzen and daughters of Plymouth, and Misses Ina and Patsy Brown of New Haven.

While the adults were served in the dining room of the Ruth home, the children enjoyed a Noah's Ark table on the porch. A large ark with graham cracker animals parading about it was the centerpiece, and a cookie animal was hanging on a keel cookie at each table, much to the youngsters' amusement.

BIRTHDAY SUPPER FOR FATHER

On Sunday afternoon all the children and grandchildren of Mr. and Mrs. John Waterbeck of Willard, gathered at their home to celebrate the birthday anniversary of Mr. Waterbeck. Plates were laid at the table for the birthday supper for twenty-six. The honoree received many fine gifts from his family. Attending from Plymouth were Mr. and Mrs. Wm. Moore and daughter Betty Lou.

CHILDREN REMEMBER FATHER

"Father's Day" was very fittingly observed at the home of D. W. Danner on North St. A family dinner was served at noon to the children, grandchildren, and great grandchildren.

Motion pictures of the group were made during the afternoon. Mr. Danner was remembered by gifts from his three daughters.

All of the family was present excepting J. Whitney Briggs, who was prevented by illness in his home.

Those present to honor their beloved parent were the following: Mr. and Mrs. Harry Briggs, Sr., Mr. and Mrs. Clarence Cramer, Miss Florence Danner, Mr. and Mrs. George Lentz and daughters, Yvonne and Sandra of Denver, Colo., Miss Lucille Briggs, Mr. and Mrs. H. REBUILDING HISTORIC NATCHEZ TRACE WILL OPEN BEAUTY OF DEEP SOUTH

An undeveloped section of the Natchez Trace, overhung with Spanish moss, and not much changed from Andy Jackson's day.

Mixing and spreading soil materials for surfacing the new Natchez Trace.

A typical section of smooth, dustless, calcium chloride stabilized roadway.

ORIGINATING as an Indian trail many years before the first white man set foot on this continent, the route of the Natchez Trace from Nashville, Tennessee to Natchez, Mississippi, is one of the oldest and most historic roads in the United States. Over it, through the wilderness, came the early pioneers who settled the Southwest Territory back in 1788.

By treaty with the Choctaw and Chickasaw Indians, the United States acquired the right to develop the Natchez Trace into a wagon road and mail route, in the early 1800's. But for many years the journey over the Trace remained a hard and perilous one—due not so much to the Red Man as to the bloodthirsty bandits who found easy picking on the wilderness trail. Lafayette, Meriwether Lewis, Andrew Jackson, Henry Clay and many another well-known figure of history.

Reconstruction of this ancient road into a Parkway—extending the approximate 500 miles from

Nashville to Natchez—was perceived as a permanent project of the National Park Service in 1938. Under supervision of the Public Roads Administration, several sections of the road were placed under construction last year in the three states traversed by the route, and the 1940 program is now underway.

Since the Parkway is particularly designed for pleasure and sightseeing use, there will be no roadside advertising signs, hot-dog stands or any of the other ugly structures that mar so many of our present-day roadsides. To keep the highway, itself, in tune with the unspoiled country through which it passes, the authorities are adopting, as far as possible, types of road surfacing that are substantial and at the same time harmonize with the natural surroundings.

The first part of the new Parkway to be completed during 1939 was a section just outside the southern terminus at Natchez. For surfacing on this section, local soil materials—gravel, sand and clay—were scientifically

combined to produce what highway engineers call a "stabilized" mixture. After the natural materials were properly mixed, spread over the roadway and packed down by rolling, an application of calcium chloride was spread over the surface. The function of this material, which dissolves and penetrates into the soil mixture, is to provide long-lasting films of moisture that hold the soils tightly together and prevent dust. Once or twice a year, depending upon the amount of dry weather experienced, additional treatments with calcium chloride will be made to restore the needed moisture.

Some authorities believe that the route of the Natchez Trace was used by DeSoto who discovered the Mississippi River in 1542. Four centuries later—in 1942—modern tourist-explorers will be able to traverse the same route for at least much of its length, if the reconstruction work progresses at the scheduled pace.

Plymouth Scouts Attend Camporall

Eighteen members of the Plymouth Boy Scouts went to the Annual Camporall of the Johnny Appleseed Area held at Liberty Park, Mansfield, last Thursday, Friday and Saturday.

At the Camporall the boy entered into the competition for awards and acquitted themselves well considering that there were more than seven-hundred boys in the camp.

Among the interesting activities of the Scouts was the massing of the colors for the oath of allegiance on Flag Day. The future of America rests in the hands of these boys who so earnestly saluted their flag and all for which it stands.

The boys of the local troop who were in attendance were: Ray Ford, Willard Ross, Tom Moore, Lester Willford, Bill Ramsey, Paul Scott, Sid Thomas, Dan Kirkpatrick, George Shaffer, James Fettes, Eldon Grafmiller, Dan Shepherd, James Crockett, Quentin Ream, Bill Derr, Wayne Ross, Warren Wirth and Junior Marvin.

James Root and Rev. R. C. Wolf were in attendance Thursday and Friday nights respectively.

Miss Lucille Briggs of Mansfield General Hospital, spent the week-end in Plymouth at the home of D. W. Danner.

BEHIND THE SCENES OF AMERICAN INDUSTRY

—By John Craddock—
NEW YORK, June 17.—BUSINESS—For many weeks now practically all the boosting effect of war and export industrial activity has been concentrated on steel, aircraft, munitions and similar lines. But now the quickened pace in these fields has begun to be felt in retail and other "non-heavy" businesses. For the first time since the long downward slide that followed last September's high levels things are definitely perking up in the nation's shops and stores. After all, orders are the best confidence-builders, and orders are beginning to flow with Uncle Sam's definite embarkation on his giant defense program. The step-ups in employment and payrolls of the industries supplying these goods will create new spending power for the employee. This can't help but be reflected in the cash registers of the butcher, baker, clothier, furniture man, theater operator, and so forth. Dealers in department store sales last week were 10 to 20 per cent ahead of the same week in 1939.

WASHINGTON—Just where to find—or how to train—the large numbers of workers needed for the re-armament program continues to be one of the biggest problems of those who must get this program under way speedily. There have been demands that a gigantic vocational education setup be established—perhaps using the government social agencies—to handle this training. Part of the idea is to transform idle labor into defense production. But civilian labor leaders are objecting strongly to this suggestion. They say speed is so necessary that we shouldn't depend on training a new crop, but should call upon skilled workers to matter what their age, and put them to work at full-time, immediately. They say there are plenty of skilled workers, but that a lot of them are in the upper age brackets, from which industry has not been hiring—and they ask that all age bars be lowered.

SEMI-FORMAL AUTOS—Folks don't go to the opera in sweaters-and-slacks outfits, nor do they lounge into the limousine in polo shirts; yet that's what auto designers seem to expect American motorists to do, in effect, by turning out nothing but super-sporty, rakish-lined "jobs." So says Dean A. Fales of Massachusetts Institute of Technology, in suggesting to manufacturers that they should provide more suitably "all-purpose" models for older families. The safety factor is even more important than those of style and good taste, Fales said, emphasizing the need for greater road clearance, better ventilation, better vision. He attributed much of the eye fatigue in driving and tiring to the distortion waves found in imperfect safety glass, a conclusion seconded by Dr. Andrew H. Ryan, Chicago psychologist, who found that use of polished the glass in car windows solved this problem. Dean Fales made it clear he's no foe of automotive informality, as such, but contended cars have sacrificed some good old virtues to streamlining and sportiness.

POCKET BOOKS—Those pocket-size books you see on news-stands and in drug stores, as well as in regular book stores, selling for a quarter, are meeting good demand, or digests, but full-length books printed in standard-size type on good paper, and bound with a material called permagloss. These pocket books, as they are called, are meeting good demand, or digests, but full-length books printed in standard-size type on good paper, and bound with a material called permagloss. These pocket books, as they are called, are meeting good demand, or digests, but full-length books printed in standard-size type on good paper, and bound with a material called permagloss.

"BACKBONE" STIFFENS—Most any economist will tell you that the cities of 30,000 to 100,000 population are the "backbone" of America's trade—in spite of the importance commonly attributed to our very big metropolitan centers. So there's good news in the

report of Mark Levy, former chairman of the brokers division of the National Association of Real Estate Boards, that these trade newspapers are showing signs of thriving again. He says that business properties classed as "100 per cent locations" in these cities are in greater demand than ever, by chain stores. The present trend in chains' requirements, he says, is "for increased space to provide for larger stocks and their more attractive display," with variety stores needing minimum frontages of 50 to 100 feet. Another outstanding trend is the insistence of these retail outlets upon adequate parking facilities in conjunction with their locations.

THINGS TO WATCH FOR—Razor blades with days of week stamped on edges so you can keep track and "wear 'em down even." A new date favoring a syrup extracted from imported dates with no sugar added, recommended for topping ice cream, pan-cakes, and so forth. Plastic clothes pins in a new shape and easy on the clothes. A teapot with two opposite spouts and two compartments, one for strong tea, the other for hot water for diluting.

F-R-H Shop News

ISN'T IT FUNNY—That it's easier to do things you shouldn't do than to do the things you should? That it's easier to lay a job aside until tomorrow rather than to dive into it today? That it's easier to forget a promise than it is to keep one? That it's easier to lose a friend through negligence than it is to make a friend through thoughtfulness?

We have all heard the old story of how one bad apple in a barrel of good ones can make all of them rotten, and yet one good apple in a barrel of bad ones can't do anything at all about the situation!

In line with this, it may be a grand product, but on a poor site, it will never make the entire unit and create a bad reputation for a company.

Perhaps you feel we've done you "dirty" in mentioning names, and your feelings are hurt. But let this make you feel at ease. We always like the ones we tease.

Personally, we prefer a good joke on some one.

We are told that I've went "back to nature" Thursday evening. She had made arrangements to play tennis, and at the last minute found that a none too friendly mouse—well, it COULD have been more than ONE mouse—had made a meal of her tennis shoes. There was no other place to go. She played tennis in her bare feet!

RICHLAND BUDGET FOR '41 TO SHOW SLIGHT INCREASE

Richland county's 1941 budget which will be ready for public inspection, July 3, probably will call for a slight increase in council expenditures, but it is not expected to show much change from this year's figures. County Auditor Norman L. Wolfe stated. The county will be out of debt by the end of this year and a one-tenth mill tax levy for debt purposes will be removed at the beginning of 1941. The county operating rate will remain at 2.5 mills, Wolfe said.

The total appropriation for the county this year was \$682,000 and it may vary somewhat in 1941 since it includes the general fund, road and bridge fund, bond retirement fund, and relief appropriations, it was pointed out.

It seems strange that it takes a war in Europe to promote interest in our country's flag. It is such a beautiful flag, and yet for so long people have been passing Old Glory with but a cursory glance. When we consider what it symbolizes—freedom in every sense of the word—it should make us stop with a quickening of the pulse and at least a quick offering of thanks that we are lucky enough to have been born in America and that we are privileged to live here.

Friday, June 14, as we all know, was Flag Day, and all of us were proud and pleased to see the erection of a flag pole in the yard outside the office building.

We are told that the men in the shop donated their time to the re-conditioning of the pole, and that the exact spot for its erection, the putting and the method for curing it in place all required the supervision of a great number of the men. We salute these men for their interest, for it is OUR country and OUR government, and OUR flag.

Webb Shields is to be congratulated on his effort of making a "real American home." Webb and the Mrs. are doing some real work around the house, which is located on Maple Street. The yard is being graded and shrubbery and flowers are being planted. Before the summer ends, we'll venture to say you won't know the place.

Considering his "limp" Tony Fenne covers the miles through the shop better and easier than any man with two good legs. No matter when or where you see Tony he always has a smile.

I've never been up in one of those huge cranes which swing 65 ton locomotive around like a cat would a mouse, but one of these days I'm going to dig up nerve enough to get that sensation of "lifting something heavy." It doesn't seem to make Berberic tired.

It's safe to say that about 90 per cent of the machine operators in the plant would make exceptional housewives. How do I know? Well, I walked through the plant Saturday afternoon when everything was down and so QUIET. I couldn't help but observe the spotless every machine appeared, and even to the corners there was no rubbish pile. There are no set rules for cleanliness, but the way you fellows keep everything spic and span should make any (executive) proud.

Why the daughter of the world's richest woman is wrecking the old homestead. Just as her thrifty mother would have done, she orders her fabulous family's ancestral home demolished to save a few hundred dollars a year in taxes. Read about this unusual "World's Richest Woman" in "The American Weekly," the magazine distributed with next week's Chicago Herald-American.

CHILDREN'S DAY PLEASES CROWD

In a Church beautifully decorated with peonies and roses the Lutheran Church enjoyed the finest Children's Day Service that it has had in some years.

Under the guidance of Miss Grace Earnest, superintendent of the Primary Department, Mrs. Lewis Gebert, Miss Mary Miller, Miss Clela Leach and others who gave of their time the children prepared a fine program and gave it in excellent fashion.

The service opened with the singing of the processional hymn, "With Happy Voices Singing" by the Junior Choir which is under the leadership of Mr. R. Byron Griest. Then followed the Invocation and Scripture Lesson by Rev. Wolf.

The program was opened by the fitting and beautiful use of the Twenty-third Psalm and the Prayer for Children's Day by Dorothy Sourwine and Norma McGinty respectively. The recitation and group exercises of the Beginners Department were followed by a vocal solo by Shirley Scott entitled, "I Would Be Like Jesus" accompanied by Mrs. Robert Schreck. The Primary Department then presented its work which was speeded by a duet by Norma and Velma McGinty, accompanied by Mrs. Schreck and the anthem "All the Happy Children" written by Haverall and sung by the Junior Choir. The Bright Star Class of the Junior Department presented an excellent appreciation of the Bible as "My Favorite Book." Miss Clela Leach is the teacher of this class. The program was closed by the playing of McDowell's American Classic "To a Wild Rose" by Janice Hoffman and the singing of the song, "Happy Little Children" by the massed group.

During the service the offering for the Oesterlein Orphan's Home was received and this contribution will be sent to help care for the children in the Home at Springfield. The Service closed with the Benediction by Pastor Wolf, followed by the Recessional of the Junior Choir and the Postlude by the organist Mrs. D. W. Einsel, Sr.

NO FUELING
"Boy," exclaimed Joe Propp, "you ought to see my new machine! It's a honey—perfectly safe, cheap to run, and you can take corners on two wheels without any danger of skidding!"
"Yeah! What kind is it?"
"A bicycle!"

Hornpuiff — "When I marry I shall lead a pretty girl and a wonderful cook to the altar."
Miss Flatt — "Heavens! That would be bigamy!"

Wardle (adoringly)—"Darling, all the time you're kissing me, I'll be holding my breath. Is that dignified?"
Jackie—"Good Lord, No! That's suicide."

FRESH summer fruits, plus orange and lemon—that's what delicious "summer-lades" are made of. The luscious flavor of ripe berries, the tang of citrus—now we have the happiest diet ever to walk away with. Jelly shelf honors.

Perhaps you've been avoiding marmalades, scared off by the thought of long hard cooking on a hot day. Fear no more—the foolproof method has come to town. A mere five-minute boil—then extra glasses, really fresh-fruit flavor. Let's fill the shelf with "summer-lades" while the fruits are in season.

RIPE PEACH MARMALADE
To prepare fruit, peel off the yellow rind of 4 cups prepared fruit, 1 orange and 1 lemon with a sharp knife, leaving 1 bottle fruit peeling as much of the white part on the fruit as possible. Put yellow rinds through the food chopper twice; add 3 cup water and 1/4 teaspoon soda, bring to a boil, and simmer, covered, 10 minutes. Cut off the tight skin of the peeled fruit and slip the pulp out of each section. Add pulp and juice to the rind, and simmer, covered, 20 minutes longer. Peel about 1 1/2 pounds fully ripe peaches. Pit and grind or chop very fine. Combine fruits.

Measure sugar and prepared fruit into large kettle, filling up last cup with water if necessary. Mix well. Bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil gently 5 minutes.

Remove from fire and stir in bottled fruit peeling. Then stir and skim by turns for just 5 minutes to cool slightly, to prevent floating fruit. Pour quickly. Paraffin hot marmalade at once. Makes about 11 glasses (6 fluid ounces each).

RIPE RASPBERRY MARMALADE
To prepare fruit, peel off yellow rind of 3 cups sugar, oranges and 2 lemons with sharp knife, leaving 1 bottle fruit peeling as much of the white part on fruit as possible. Put yellow rinds through the food chopper; add 1 cup water and 1/4 teaspoon soda, bring to a boil, cover and simmer 10 minutes. Cut off tight skin of peeled fruit and slip pulp out of each section. Add pulp and juice to cooked rind. Crush or grind about 1 quart fully ripe raspberries; combine with orange mixture. Measure sugar and prepared fruit into large kettle, filling up last cup with water if necessary. Mix well. Bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil gently 5 minutes.

Remove from fire, stir in bottled fruit peeling. Then stir and skim by turns for just 5 minutes to cool slightly, to prevent floating fruit. Pour quickly. Paraffin hot marmalade at once. Makes about 11 medium glasses.

RESOLUTIONS

IN MEMORY OF

Brother Dr. S. S. Holtz, who died June 7th, 1930
"Leaves have their time to fall, and flowers to wither at the north wind's cold blast, but thou, oh Death! hast all seasons for thine own."

Once again a Brother Mason, having completed the designs written for him on life's trestle board, has passed through the portals of Eternity and entered the Grand Lodge of the New Jerusalem, and hath received, as his reward, the white stone with the new name written thereon.

And Whereas, the all-wise and merciful Master of the universe has called from labor to refreshment our beloved and respected brother, he having been a true and faithful member of our beloved Order, therefore be it Resolved, That A. Plymouth Lodge, No. 301, F. & A. M. of Plymouth, O., in testimony of its loss, drapes its Charter in mourning for thirty days, and that we tender to the family of our deceased brother our sincere condolence in their deep affliction, and that a copy of these resolutions be sent to the family.

Buy Phone Company

The Northern Ohio Telephone Company of Bellevue has been authorized by the State Public Utilities Commission to buy the property and business of the Western Home Telephone Company on the basis of a valuation of \$39,723.79 as of Dec. 31, 1939.

The Northern Ohio had applied for purchase and to capitalize with shares of \$100 par value six per cent preferred stock on a valuation of \$68,514 or whatever amount the commission might determine.

In setting its valuation, the commission authorized the transaction with the issue of 597 shares of stock.

NEWS BREVITIES

HEREAFTER A QUOTA OF one white rat per inmate will be enforced in Ohio penitentiary. Warden Frank Henderson made the ruling when the adoption of too many Albino rats created a potential health menace in the prison.

THE CONNECTICUT HEALTH department has devised this slogan for its annual anti-hay fever campaign:

"Ragweed is here — let's all pull together."

MARRIED MEN PAY THEIR bills more promptly than bachelors, according to Russell Baird, chairman of the educational committee of the Vancouver Retail Credit Grantors' association. According to Baird, spending habits of married men are more fixed than those of their single brothers.

GLANCING AROUND THE

Square, we note that instead of "painting the town red," it is gradually being painted white. For instance Paul Russell has given several coats of white to his filling station and with the new green roof, is easy on the eyes. The Allen Restaurant on the southeast corner and that business block are all white. Jake Myers recently has his building "done" in white while the Red Front Store had its face lifted with a coat of red. Backwaters have chosen black and new cream decorations were added the past week to the Hitching Post.

The front porch of the Plymouth Hotel has been completely razed with the exception of the supporting posts, which no doubt will also be removed. Changes and improvements are gradually making the rounds of the Square.

WHAT 100 YEARS HAVE DONE FOR YOUR FEET

Dr. Joseph Lelyvelt, director of the National Foot Health Council, tells of the torture caused by fallen arches, bunions and other foot ailments, but how one now can be foot-happy, if he follows the rules. • Are You This Man?

A composite picture of the typical traffic accident victim in 1935 is given in "Smash, Hits of the Year," tenth annual booklet published by The Travelers Insurance Company in the interests of street and highway safety.

He was a pedestrian over 40 years of age, with eyesight and hearing somewhat past their peak of efficiency. He was frequently preoccupied; occasionally downright absent-minded. In a large number of cases he had had a drink or two.

He had never learned to drive a car, and his walking habits had been formed when automobiles were both fewer and slower than they are now.

He did not know, or at any rate did not stop to realize, that while a man on foot takes one step and advances a scant yard, an automobile driven at a mere 30 miles an hour advances nine yards.

He was wearing dark clothing, and while the headlights of the oncoming car seemed blinding to him, his outline was scarcely discernible to the driver against the dark background of the pavement.

EAGLE IS TAKEN TO TOLEDO ZOO

The American bald eagle which was found with a broken leg at Whitmore near Vickery by Ralph Lieber some time ago, has been released to county game authorities who have removed him to the Toledo Zoo.

The bird which was treated by Dr. A. A. Mlake, it was felt was not capable of caring for itself in its native habitat near Lake Erie so plans were made to house it in the Walbridge Park Zoo where it will join five other eagles.
