

COUNTY FREE OF DEBT IN 1940

\$2,000,000 DEBT IN 1928 TO BE PAID OFF THIS YEAR, AUDITOR ANNOUNCES.

When the present year of 1940 closes, Richland county will be no bonded indebtedness, for the first time in twenty-five years. The county debt, gradually reduced from more than \$2,000,000 in 1928, will be paid off at the end of this year, County Auditor Norman Wolfe states.

The county budget which was tentatively drafted Saturday calls for \$427,086, for the operation of the county government in 1941, approximately \$3,600 more than was set for this year.

The additional levy which has been necessary for debt retirement and interest, will be dropped from the tax books, so the payment of all the indebtedness will not release any funds for operating purposes, Wolfe pointed out.

Wolfe said the slight operating increase was requested by a number of county departments and not by any one office. It was set up with the expectation that the county's income from property taxes will increase about \$10,000 in 1941.

Wolfe predicted that there would be few, if any, cuts in the county budget requests which they go before the budget commission for final approval. He said department heads had cooperated with the commission in keeping their requests within the anticipated income for the year.

A request for \$256,000 for road and bridge construction and repair was submitted by the county engineer's department. That amount is the same as this year's figure, but the final budget figure may vary slightly depending upon the state motor vehicle and gasoline tax money that is available.

BUTLER MAN IS HIRED AT N.H.

VAUGHN J. ULLMAN SELECTED AS NEW SUPERINTENDENT; TEACHER RESIGNS.

Out of a list of fifteen candidates the New Haven Board of Education at its meeting held last week, selected Vaughn J. Ullman as the new superintendent of the New Haven schools to succeed E. R. Brown. Mr. Ullman has been connected with the schools at Butler, Richland county, and he comes into his new position with splendid recommendations. He is married and has two small children. Mr. Ullman has received his AB degree from Muskingum college, and a Master's degree from Ohio State university. He is spending this summer at Ohio State university where he is taking advanced work.

Teacher Resigns
Miss Alice Kirkwood, English teacher at the New Haven school for the past 12 years, has tendered her resignation to the board of education, in order that she might take a similar position at the Painesville Junior High school. Miss Kirkwood, during the year she has taught at New Haven, has won for herself a warm place in the community, and the patrons regret very much that she will be no longer with the staff.

The summer communion of the Lutheran church passed all previous summer communion in attendance on this past Sunday.

More than one hundred thirty members received the Holy Communion and when Pastor Wolf has completed his private communions to the sick and shut-in, the list will reach the one hundred fifty mark.

This attendance is another indication of the rising interest of the membership of the Lutheran church in their church and points to a great celebration of the 100th anniversary of the Lutheran church in Plymouth this fall.

GRAND OPENING NEWS WED., JULY 3RD BREVITIES

ELEVATOR TO BE READY FOR BUSINESS; WILL MEET THE DEMAND OF FARMERS.

The best news that Plymouth has had for a long time is that of the "grand opening" of the Plymouth Elevator, which will be held next Wednesday, July 3rd. Mr. T. J. Ratcliffe, new manager of the elevator, states that there will be door prizes and refreshments for the opening. Everyone in the community is invited to attend this event.

That the merchants in town are elated over the opening of the elevator is evidenced by the fact that they are using "congratulatory" ads in the paper this week. This shows a fine spirit of cooperation, and makes Mr. Ratcliffe feel "right at home."

There is also an announcement advertisement in this issue which will prove interesting. Refer to this and become familiar with the service which Mr. Ratcliffe expects to offer.

Remember the date, next Wednesday, July 3rd, and attend the grand opening. This will be a good time to go through a room elevator and see the improved facilities that will enable Mr. Ratcliffe to serve the community.

GRADUATION EXERCISES

Completing three weeks of Bible study, training and fun, 59 awards were made last Friday night when the graduation exercises for the Bible school were held at the Lutheran church.

The youngsters have been very much interested in the school this summer, and they gave the training a real display of what they had acquired during their training period.

Those cooperating in any way in conducting the school are to be commended for their effort, as it is an institution which deserves the support of the entire community.

IT JUST ISN'T SAFE THESE

days to let the family car outside for more than ten consecutive minutes with the windows down. You might leave it standing in a flood of sunshine and upon your return in ten minutes it would be standing in a flood. These unpredictable, spasmodic showers have played havoc with things in general, but really, what can you do about it?

THE WATER PIPES IN FRONT

of Tracy's restaurant went haywire Wednesday morning and it was necessary to hunt the trouble and shut off the water. Advised that he would have no water available during the noon hour, Mr. Tracy nonchalantly remarked he "guessed he would have to draw some in advance." That's a disposition for you.

THE SATURDAY EVENING

street dance drew a record crowd to Plymouth and those who did not participate in the good time, enjoyed watching those who did. The round dance wasn't nearly so popular as the Square, and none enjoyed it any more than Billy McKeel, who is one of Plymouth's octogenarians, and who was called in to "fiddle" for the occasion.

OTT KINSELL, PLYMOUTH'S

outstanding carpenter, has always worked two arms and hands very sufficient in the past, but Sunday's ball game in Cleveland which he attended, a third hand wouldn't have come amiss. With one hand guarding his wallet, and another his watch, "blamed if they didn't get away with the cigars in his clat pocket."

THE SAYING THAT "THERE IS

more than one way to skin a cat," still holds good. Tom Henry refused to be quarantined because of a nephew, Billy Trauger, had the scarletina and for the past three weeks Tom has "bathed" in a tent in the back yard. The quarantine will be lifted Sunday and he will be permitted to go back home.

THE WEBBER-REXALL DRUG

store has fallen in line with other merchants around the old Square and this week the front of the store was given a new coat of white paint.

HAVING ATTENDED BIBLE

school for three weeks without any fuss at all, Susan, the pet dog of the Wintemute children, couldn't understand why she was so suddenly excited from the Lutheran church Friday evening when she showed up for commencement exercises. After all, she was a staid attendance pupil.

'STEWE' FACKLER AND KEITH

Kitchin found a 3-4 lb. "puff" ball Monday while at target practice in Bachrach's pasture. The only way we could use it would be to send it to a politician we know.

Mr. and Mrs. Willard Ross and sons motored to New Washington Sunday evening and called on Mr. M. F. Hassler.

Tuesday guests of Mr. and Mrs. D. J. Fox and family were Mrs. Ida Kinsel, Mrs. Carl Finley of Ashland and Mrs. Clair Pifer of Paradise Hill.

Mrs. W. E. Richardson and her nephew, Richard Donnnewirth of Columbus and niece, Miss Joyce Bowman of Shelby, spent last week with Mrs. Richardson's parents, Mr. and Mrs. A. F. Donnnewirth.

F-R-H Shop News

Betty (Colyer) Deats wondered what it was all about Friday afternoon when Roy Johnson would not let her take her letters downstairs to the mailing desk and that she had to stay at her desk until closing time. She was even more confused when she went across the hall to send a wire and found Thelma Fox busily cleaning off the top of the huge table. She was more puzzled when Thelma told her the table top had to be waxed, when the top of it was always littered with things anyhow. But—you really should have seen her face when she was led into the same room to the table at 4:30. Thelma had spread it with a linen tablecloth and it was replete with cakes, candies, and ice cream. Yep, you guessed it. All the stenographers were there to wish her a happy birthday.

Madeleine Smith returned Monday morning after spending a few days vacation in Cleveland.

It's been a bad week since so many people have had colds, but Phil Moore—who, by-the-way, can dictate more letters in one day than most men can dictate in a week—had a prize cold. He said it made him feel like "the tail end of a mispent life."

The office is divided into two factions. Those who believe all the recent wet weather is an indirect result of the war in Europe and those who scoff at such an idea. Neither side can prove a thing, but there's plenty of argument and scoffing.

Right through the mail this morning came two dozen of the nicest fresh eggs addressed to P. W. (Tommy) Thomas. It's a result of the "honorable mention" he won in Hoard's Dairyman cow judging contest. The eggs were shipped all the way from Wisconsin.

Nip tells us that when he leaves on a vacation he is going to hang copies of his picture all around the shop. It seems that Dick Haut-

zenroeder caught Nip in an unguarded moment. We haven't as yet seen the photograph, but we are told that Nip bears a faint resemblance to the French wrestler who fights under the name of "The Angel."

Isn't It Funny

That it takes just a little bad luck to make you realize how lucky you are?

That it takes a little unhappiness to make you value happiness?

That it takes the idleness of Saturday afternoons and Sundays to make you glad when Monday rolls around?

That it takes a European War to make you properly appreciate of the liberty we have in the United States?

That you can live next door to a person with a German name for years and think nothing of it, and now even the ones who eat sauerkraut are subject to your suspicions that they are fifth columnists?

Mr. Carter can design a mean locomotive, but according to him, it takes Jim Gardner to discover the new whistles! Or—is it second childhood?

Our idea of a bore is a person, who, when you ask him how he is, goes into a long and detailed discussion of his health. Don't ask!

EVICT COUPLE FROM BUILDING

TENANTS REFUSE TO VACATE PROPERTY RECENTLY SOLD.

An unusual commotion was caused in town on Monday forenoon when county officers were called here to evict Theodore Allison and Frank Steele from the building in which Mr. Allison has been proprietor of a pool room and restaurant.

He was associated with Steele in a financial way. Steele was formerly from West Salem.

The owner of the building, M. C. Guthrie, sold the property to George Heath of Shelby, who wished to take possession, but was unable to do so on account of the unwillingness of Allison and Steele to leave peacefully.

When county authorities arrived the eviction was done quietly and in order.

The two men and Mrs. Steele moved across the street to the Noble building.

George V. Heath, the new proprietor and Mrs. Edna Julian, both of Shelby, were united in marriage Friday morning at 11 o'clock in Covington, Ky. William J. Ranshaw, justice of the peace, officiated. They expect to make their residence here this week.
