donated to the government from July 21 to 29 enough aluminum to make more than 1,900 fighter planes or 350 four-motored bombers. With returns from the Nation nearly all in, the estimate gross collection total of "pots and pans" amounted to 11,833,139 pounds, or about one-third of a pound per occupied dwelling. The highest gross collection of any State was recorded by New York where housewives contributed 1,050,000 pounds of pots and pans. Second highest State was Pennsylvania with a recorded total of 900,000 pounds and Massachusetts was third with 609,150 pounds.

A LITTLE "LIGHT" ON THE

light bulb question this week states that the 5 percent excise tax levied on light bulbs will be absorbed by the manufacturer and all that hurrying and scurrying for buying up extra bulbs went for naught. People are funny, aren't they? Breaking their necks to buy up articles with a 5 percent excise levy while other articles with as high as 50 percent went unnoticed.

BEEN DOWN TO THE PARK

lately to see the completed job of grass seeding? The grading was finished last week and Bill Harris had a man job his hands seeding the north side or bottoms and also the driveway. It took approximately 50 pounds of Redtop, 75 pounds Bluegrass, 70 pounds of timothy and 36 pounds of rye, to do the job but it looks like a "million dollars."

The tables and benches have all been stored for the winter months and the debris left by the windstorm taken care of. The park is now in splendid condition to withstand the winter months.

THE SPLENDID WEATHER WE

Following the afternoon hour, all present are invited to attend the tea at the Paragon and meet old friends and new.

SUNDAY MORNING WORSHIP

Dr. Karl P. Meister, superintendent of the Norwalk District, will be present Sunday morning to fill the pulpit, taking for his subject "Let the Church be the Church." Another special feature of the morning worship service is the Junior Choir who will make their first appearance at this time.

TONIGHT'S PROGRAM

This evening, Thursday, in the church parlors, a banquet supper will be held commencing at 6:30. This will be a covered dish affair and each member attending is to bring a well filled basket and their family. An especially interesting program has been arranged with Rev. Corwin of Mansfield as the guest speaker. Mr. J. B. Derr will be the toastmaster and the program consists of musical numbers, a scene from the pageant, group singing and recognition of the neighboring churches.

Attend Benefit Cake Walk, Friday evening at Shiloh School Auditorium.

OHIO'S LARGEST

BOULDER MAY BE

SEEN NEAR LODI

A rock of unusual geological interest stands on the Verne Vandemark farm a mile and a half northwest of Lodi.

Of granite composition, it is thought to have been deposited by one of the huge glaciers which moved from the north over this part of the country during the ice age.

The boulder is said to be the largest glacial rock in Ohio and has been viewed by dozens of geologists over the years.

It is 14 feet long and 10 feet wide above ground and how much is underground has never been determined. Its height above ground is 13 feet and it has been estimated to weigh 195 tons. Those wishing to view the rock will find it on Medina-co road 31.

Want Firemen at

Erie Proving Ground

Here's a chance to be a fire-fighter for Uncle Sam. The war department announces that it has openings for civilian firemen at \$1200 a year at the Erie Proving Grounds near Port Clinton. Applicants should apply at the Employment Office, Erie Proving Ground, LaCrosse, Ohio. John W. Tettau, chief of the civilian personnel section, said.

The department wants men between 21 and 50 who have had experience as firefighters and know how to operate and care for modern firefighting equipment.

Interpreter Needed

PLYMOUTH SWAMPS

NORTH FAIRFIELD 37-6

On Friday, October 17th, the Plymouth High School Six-Man Football team journeyed to North Fairfield Six to play the first of a home and home series. After the end of the first quarter the outcome was never in doubt. Plymouth first team rolled up 31 points in the first half and then retired to the bench for the remainder of the game. The second team held the slower, heavier Fairfield men to one touchdown while scoring one themselves. Scoring honors for the day were divided between Rule and Laach, each getting two. Joe Moore and Lester Wilford each went over once. The same line-up as started the Castalia game started the Fairfield game, with the exception of Cunningham, who was injured in the Castalia game. This week the boys take a rest while the teachers attend the convention next Friday. Then the following week Plymouth engages Shiloh in the second home game of the season.

Same Condition

There is no very great difference between severe head catarrh, sinusitis, closed eustachian tubes, or catarrhal deafness. In essence, all of these are merely labels for one in one or the other of the facial and head structures, according to Paul M. Lovell, M. D.

Crumbs From Toaster

Brush all crumbs from the toaster after each using. This saves the toaster and assures a good flavor in the toast. A small paint brush will be handy.

STUDENTS ATTEND

O. S. U. GAME

Sixty PHS students attended the Purdue-Ohio State football game at Columbus last Saturday. The students were transported on the two school buses with the regular drivers, Wilson Day and Raymond Steele, doing the driving.

Although rain spoiled most of the morning's trip, the weather cleared somewhat for the game. Plymouth students had excellent seats this year, in fact box seats. The game proved exciting with Ohio State getting off to a 15-point lead in the first half and Purdue attempting a comeback in the second half which fell two points short.

Supt. Bailey, Messrs. Moist, Fiekes and Dunham, Messrs. Randolph and Passell, and Mrs. Wilson Day acted as chaperones on the trip.

VOTE FOR THE MILL LEVY

Since 1922 until 1939 the Cass Village Board of Education was operating the school district on an additional 2.5 mill. In 1939 this 2.5 mills failed to carry by the voters. The Board has been trying to continue to keep the same standard in the school on less money. It has come to the place where they can not continue if this additional tax is not started.

The Board is asking you, to support the (2) Mill Levy so the same high standard of your school can be maintained.

The school has been advancing and in the past have been trying to educate the pupil to meet the present day competition. At the present the following course are being offered to pupils: College Preparatory, Home Economics, Nursing Preparatory, Secretarial, Commercial, Vocational Agriculture, Shop, Musical Preparatory, and General.

A community is judged by the progressiveness of its public institutions especially its schools. We must either go forward or backward. There is no standing still. Prices have risen, are now rising and will continue to rise. In order to get the same quality material you must pay nearly double the prices you paid in 1939. In order to give your children the same type of education maintained in the past or a better one, the cost of maintaining your schools must keep up with the times. The money now available from the state and county is not sufficient to keep up the high standard of education. We must pay the price if we desire quality. Can you afford to lower the quality of your boys and girls? The only way to keep from it is to vote for the additional two (2) mill levy.

In order to go to a picture show or buy a new automobile you pay a ten per cent tax to make guns and ammunition. Can you deny a two per cent of your boys and girls happy and progressive?

JUNIOR CLASS NEWS

Oh! yes, you want to know the name of our class play. It is a three act comedy called "Henpecked Hero" by John Stafford. We have had our tryouts and are all ready to go to work. Oh, no we're not going to let you know all the cast at once because you may not be able to take it. But so that you won't wonder too much we will tell you about one

or two characters each week.

One of the characters that you will first see on the stage will be Helen Hallmark, a college senior about twenty years old. She is rather serious but as all girls, is rather fond of a young man. Her thrilling part of Helen is portrayed by Dolores Zeigler.

Watch this column next week for more character sketches and the date of the Presentation of "Henpecked Hero."

Amusing Incidents in Junior Play Tryouts

Watch this column next week for a part in the Junior play run out to the middle of the stage and stood stock still facing the back of the stage to read his part. I wonder if he is bashful?

Blaine Haverfield sat down on a chair and started to lean back only to find that there wasn't any back on the chair. Happy landing Blaine.

SEVENTH GRADE NEWS

On Friday of last week we finished our class in First Aid taught by Mrs. Bishop of Mansfield. Every one in our First Aid class passed the examination and got their certificates. We are very sorry our class for this year is over and we are sure we will miss Mrs. Bishop. On Monday we will go back to our usual Health Class.

EIGHTH GRADE NEWS

The Seventh grade will soon be taking their regular physical education with us, when they do we will have several football games together.

We wonder what happened to Mr. Pittenger Thursday morning when he got a violent sneezing spell. Could it be he got his nose too far into the amonia.

In our English club a rule was passed that any one missing an English class or club would get a spanking to be given in public. Last week Nadine Reed and John Almond were spanked. Paul Hefner and Marilyn VanWagner are prosecutors. The program for our last meeting was a game called "The Super Sleuth." Doro-missing a question asked by the program committee had to take the consequences. At our next meeting we will have a play called "The Super Sleuth." Dorothy Guthrie will be the director.

HALLOWEEN

We are now rapidly approaching Halloween. Already the pranksters have started their campaign. Some of it has been destructive. This isn't the way to celebrate Halloween. If you want to have fun, don't have it destroying property. There are any number of ways of celebrating Halloween without that. Part is one way. Get a group of people together and have a party with refreshments and games, etc. Let's try to make this a sane Halloween and still have fun in a sensible way.

FRESHMEN NEWS

The Freshmen Class has four football players, which is three more than the number of players in the Junior class and the Senior class, and one less than the number of players in the Sophomore class. The players are as follows: Dick Pittenger, quarterback (a good one, we hear); Bill Forquer, half back (he's plenty tough); Wade Kinsel, an end (you know him); and Clarence Prater, another end (he isn't half bad). They all have room for improvement. Who doesn't?

The Freshmen have eleven players in the marching band. They are as follows: Martha Lofland, clarinet; Mary Benedict, symbols; Joan Hoffman, major; Mabel Malone, cornet; Lorna Witchie, saxophone; Billy Noble, bass Bob Wagner, saxophone; Dean Wolford, drum; Bob Swartz, drum; Joe McQuate, baritone; and Junior McQuate, trombone. If, and I hope, you do see a Shiloh football game you will see over half of the Freshman class. There would be thirteen players in the band but Dick Pittenger and Wade Kinsel dropped the band and took football.

HERE'S ONE FOR YOU ! ! !

Did you ever think that the time would come when a man would run from a lady? Well, it has. You just ask Mr. Spirk. It happened Wednesday night at play practice. Mr. Joseph who was full of fun, decided to take Miss Southwick, our director, for a nice little spin in a cart, which is being used in the Dramatics Club Play. Miss Southwick wasn't very fond of this idea and started to run. Mr. Joseph ran after her but couldn't catch her. He decided to call on Mr. Spirk who was looking on. Trying to be of help, Mr. Spirk started after Miss Southwick, too, but lo and behold! things began to happen. She ran for Mr. Spirk, turned him around and ran him across the stage. When he got over to that side of the stage, there was the wall and also a pole. Well, he was so scared that up that pole he went, just as fast as he could go. There things ended and we certainly had a huge, laugh out of that. So, if sometime you go down the street and see Mr. Spirk going up a telephone pole at lightning speed, you can be sure Miss Southwick is somewhere in sight.

BAND MARCHING

Many comments have been made about how nice the band looked and sounded at Huron last Friday. I'm sure that everyone was proud of them. Our before-the-game formations consisted of a large clock on which the hands moved around to three o'clock,

which was the time the game started. Then we marched into band formation and off the field.

At the half, the band assembled back of their chairs and moved onto the field. They went into a H and from that into a large II which stood for Huron. During this time Project, a march by Bennett, was played and Janice Moser the drum major twirled out in front alone. The band again got into band formation and marched up the field, did a reverse counter march and halted in mid-field. While we played "Across the Field," our school song, we marched into a large S. From that we went into a large H and played "Activity" and the head drum major and two majorettes all twirled. We then went back into the S and Janice Moser led the band out of this into a series of twists and turns which tended to make everyone including the band dizzy. We then marched from the field to our seats.

SPORTSMANSHIP

For the past several years Shiloh has been outstanding in its good sportsmanship. We have won two trophies because of this. I know everyone of you is proud of this and want to keep up the good work. I am happy to say that everyone seems to be behind our team even if they are having a sudden streak of bad luck. Together with the band and the faculty we have had quite a few statistics following the games. We plan to have a grand pep meeting on Thursday—the last few minutes of school. Don't forget to go to the game at Monroeville Thursday.

SENIOR CLASS

Did you ever see a sales tax stamp lying around on the ground or floor looking pretty lonesome? Well, here is a way to cheer it up. We, the Seniors, are collecting sales tax stamps to provide money for our Senior trip. Don't you think that is a worthy cause? We have been gathering for quite some time and expect to continue. We have two boys, Merle Lutz and George Adams, who are going to come around on Monday, October 27th and gather them. If you have any stamps or see any lying around, would you please have

them ready for those boys? We hope you will make us (and the stamps) happy by giving all your stamps to such a worthy cause.

LATIN CLUB NEWS

At our Latin Club meeting on October 10th the following reports were given: Ulysses—Janice Black

Roman Girl—Betty Seaman Roman Marriage—Marcella Clark

These reports were given due to the fact that our Latin magazines had not arrived yet. To complete the program Miss West, our advisor, played a nice selection of records for us.

Heading South -

But work goes on to assure your gas supply next winter

Birds escape winter by going south, but we must meet it with an adequate supply of gas under the most extreme conditions. Besides our regular customers, defense industries must be served unfailingly.

Hundreds of new wells are being drilled. Other gas is being brought from West Virginia and forced back into the ground in our Ohio storage fields, closer to markets. Compressor stations, regulators and many thousands of miles transmission and distribution lines are being repaired, replaced or shifted.

We are investing over SIX AND ONE-HALF MILLION DOLLARS in this program to meet conditions which were not with us last winter. It is your assurance that gas service will be ready for winter's most critical demands.

Laying a new high pressure line from a storage field to permit taking gas out faster on peak days.
