## Byron McFadden Dies Wednesday In Ashland

Byron McFadden, 63, died Wednesday morning at 4:30 o'clock following a lingering illness at the Ashland hospital. Mr. McFadden submitted to an operation on last Thursday but failed to rally.

He is a brother of the late W. C. McFadden of Plymouth.

Besides his wife he is survived by two sons and five daughters; two brothers, Ralph McFadden of Canton, Wayne of Sullivan; three sisters, Mrs. Nellie Woodman of Wellington, Mrs. Myrtle Wagner of Lorain and Mrs. Grace Baum of Lakewood.

Funeral arrangements were incomplete at noon Wednesday.

## Father Dies

### M. F. HASSLER PASSES AWAY AT NEW WASHINGTON

Millard Fillmore Hassler, 90, passed away at the home of his son Leon in New Washington, Tuesday noon, after a three weeks' lingering illness of flu. Although in failing health for some time, the direct cause of his death was attributed to the flu.

He had been a resident of New Washington for the past forty years, where he farmed and previous to that time had taught in the Bloomville schools. He is survived by four children, his wife having passed away five years ago; two daughters, Mrs. Willard Ross of Plymouth, and Miss Mildred of New Washington; two sons, Donald, of Shelby and Leon of New Washington, also six grandchildren.

Funeral services will be conducted Friday afternoon at two o'clock from the Methodist church in New Washington with Rev. Hager, officiating. Burial will be made in Woodlawn cemetery, Bloomville, Ohio.

# Model of Proposed New Plymouth School

Will Plymouth Village School District have a new, modern elementary school building and a vocational training shop? This is a question that only the electors will answer on Tuesday, March 25, 1941, by means of the ballot in a special election authorized by the County Election Board.

After many days of study on the question and the recommendations of state inspectors, the Board of Education feels that all should have a part in the problems facing it. Careful consideration has been given the feasibility of repairing the present building; but due to the excessive costs of this, it was deemed best not to expend the great amount on an old structure as each change would require more alterations, and many are needed, would of necessity come under the State Building Code and under the control of the State Inspection department.

In the new two-story elementary fireproof building there will be six class rooms, and a music room with a basement under the complete structure. It will be built to care for more than 250 elementary children. The present site will be the location of the new plant.

The high school building is modern and up-to-date. Due to the increased demands, many of the departments had to be expanded. The Manual Arts room was sufficiently large before demands were made. Many of the requests have been stated asking that more training be given in shop and vocational work. Since most of the boys upon graduation turn their attention toward securing trade and shop jobs, their employment is hampered considerably because of having not completed the apprenticeship necessary. In order that more and better trained boys may be had, the possibility of a Vocational Training Shop and class room in the program is being contemplated.

Plymouth Village School District has a valuation of better than two million dollars. This is comparable to many districts of the state. The general operating levy is among the lowest. After estimates given by experts were considered, the bond issue of \$47,500 was decided upon. The National Government through its N. Y. A. department, has offered at least \$30,000 in labor on this project. The tax levy as figured by the county auditor is set at 1.32 mills, one dollar and thirty-two cents on the thousand dollar taxable property. This will become less as the bonds are retired.

There may be a question as to the disposal of the old building. Every part of it will be used in the new structure wherever possible in order that the cost will be minimized.

Each person should visit the elementary building and see the needs. Should there be any question which is not completely understood, the Board of Education will courteously endeavor to explain and answer your questions.

## Plymouth Hi Has New Band

After a full semester of class instruction, approximately forty students attended the first Plymouth high school band rehearsal Wednesday afternoon, Feb. 5. A second rehearsal was held on Friday with excellent results.

Some of the personnel were more advanced players, who helped the inexperienced ones beyond measure. Although nothing very beautiful could be expected from the first rehearsals of beginning students, the results were very commendable. The group as a whole was to be commended on the fine spirit of cooperation shown toward their new organization.

Although it is not a well balanced organization as far as instrumentation is concerned, it will prove to be a good sounding organization if progress is made as expected, according to Mr. Griest, music supervisor.

The personnel of the band includes:

First clarinets—Vance Hoffman, Adeline Pump, Florence McDougall.

Second Clarinets—Arlene Ford, Margaret Ellison, Margaret Briggs.

Third Clarinets—Marilyn Earnest, Genevieve Jacobs.

C. Clarinet—Helen McDougall.

E Saxophones—Dick Rule, Junior Marvin, Clarence Mills; B. Soprano Saxophones—Douglas Willett; C Saxophone, Wayne McDougall.

First Cornets—Edward Beeching, Harold Biller, Billy Miller, Byron Ream, Bobby Fox, Eldon Burkett.

Horns—Mary Alice Weller, Evelyn Moore, Thomas Cunningham, Baritone, Jim Moore, Willard Ross.

Trombones—Pearl Heubarger, Bob Ross, Paul Scott, Tuba—Sid Thomas, Drums—Jim Rhine, Pete Ruckman, Quentin Ream, James Peters, Bill Derr, George Sheaffer, Xylophone—Jane Lippus.

## Juniors To Present Play February 20

The Junior Class of P. H. S. will present the mystery-comedy, "One Mad Night," by Jas. Reach, on next Thursday night, February 20, at 8:30.

The play concerns the visit of Don Cutter, a young playwright, (Ray Ford) to the Cutter place, a deserted mansion in the Catskill. Accompanying him is the ticket-quoting Chinese valet, Wing (Edward Crox). Imagine Don's surprise when he finds out that the house is inhabited by Dr. Bunn (Willard Ross) and his insane charges: Lady MacBeth (Dorothy Sourwine), John Alden (Joe Moore), Priscilla (Edna Hackett), and Mr. Hyde (Dick Rule). Another inmate is lovely Lucille Mary (Jane Lippus), who is held in this asylum by Dr. Bunn, her keeper, Mrs. Glick (Luella Vandervort), and the wiley lawyer, Artemus Burke (Jim Cunningham).

Imagine, too, Don's consternation when his fiancée, Gertrude Finch (Jean Derr) and her mother (Helen Gowitzka) along with their superstitious colored maid, Depression (Marilyn Earnest) put in their appearance.

After events get themselves into quite a tangle, the appearance of an escaped murderer, Danny Siletto (Vance Hoffman) puts the household into an uproar. Does Don succeed in freeing Lucille? What do Gertrude and Mrs. Finch think of Don's activities? How does Don choose between Lucille and Gertrude? What does Danny Siletto have to do with the whole affair. Come Thursday night, Feb. 20, and all will be revealed.

The play, which has been in rehearsal for two weeks, is being directed by Mr. Sherman Most. Special sound and lighting effects are being worked up by members of the stage crew.

Plan to come and see one of the best plays given in Plymouth in many years. Tickets which are 25c for adults and 15c for students, are on sale by members of the Junior Class. Be sure and come Thursday night, Feb. 20 for "One Mad Night," beginning at 8:30.

## P. H. S. Plays Shiloh, Wed.

The Plymouth High basketball team will meet the Drummer Boys of Shiloh in a postponed game to be held next Wednesday evening, Feb. 19, in the local gym beginning at 7:30. Earlier in the season PHS defeated Shiloh 35 to 18. In spite of Shiloh's record this year a good game can always be expected when these two rivals meet.

The cost of admission is twenty-five cents for adults and fifteen cents for students.

## Father And Son Banquet Planned

The men of the Methodist church at their meeting last Thursday night planned for a Father and Son banquet to be held at the church on Tuesday evening, Feb. 25. The committee to make arrangements is Phillips Moore, George Hershiser, E. E. Markley, Roy Scott and H. T. Wintermute. Men are asked to put this date down on their calendars and thus avoid conflicts.

Ralph Ream is chairman of the ticket committee.

## Tigers Win Championship

The Plymouth High cagers won the championship of the Twin Valley League Tuesday night by defeating New Haven 38-15 for the Pilgrim's sixth victory of the season.

Although a large crowd was present to cheer, both losers and victors, the playing proved to be very erratic at times with many fouls being called. Plymouth jumped into an early lead and was never headed. The Pilgrims at the end of the first period, 12-5, half time found the locals on the long end of a 18-8 count. During the first stanza Plymouth commenced to pour it on and increased their lead to 28-12. The Pilgrims kept their pace during the last eight minutes and proved to be the champions.

Kitchin and Rule paced the winners with 11 and 8 points respectively. Reed was high for the losers with eight points.

## Dance And Game Tomorrow Night

The PHS High play will host to the third-place Union cagers in a double header beginning tomorrow night at 7:30. The visitors will bring a powerful aggregation to Plymouth, but the local lads hope to upset the dope bucket.

After the game a Valentine dance will be sponsored by the Student Council. Music will be furnished by a nickelodeon and dancing will continue until 11:30. The admission to the dance is only ten cents to all comers.

Saturday, the Plymouth team will journey to Butler for a return game with the Richmond County League leaders.

## Junior-Senior Plan Trip To Washington

The Junior and Senior classes of P. H. S. are planning to take a trip to Washington, D. C. this year instead of holding their annual banquet as in former years. In order to take this trip a number of money-making activities are being sponsored by the two classes. The public cooperation is earnestly solicited in these enterprises.

Starting this past Monday the classes are trying on a magazine subscription campaign. The Crowell Publishing Company's magazines, namely Colliers, American and Woman's Home Companion, are being sold. However, another group of twenty-three magazines is included on the sales list. On the Crowell publications the classes get half of the subscription price and forty per cent on the other magazines. If you want any magazine or want your subscription renewed, will you please get in touch with a member of the Junior or Senior class? A fine offer of the Colliers, American and Companion for only \$4 for fourteen months is being made.

On February 20 the annual Junior class play will be staged. All money taken will go toward the trip. The price of admission will be 25c for adults and 15c for students.

Tuesday and Wednesday, March 4th and 5th, the two classes will sponsor the movie, "Come Back My Love," starring Olivia DeHavilland.

From time to time other activities will be announced. The people of Plymouth are asked to get back of this project and help to send the Juniors and Seniors on a never-to-be-forgotten trip to the Nation's Capital. Already the classes have been at work several months on this project and considerable money has been raised toward this end, particularly by the Junior Class in the sale of concessions at school athletic contests.

## Beelman Rites Thursday P.M.

### MRS. EMMA BEELMAN DIES IN HOME OF SISTER

Mrs. Emma Kotz Beelman, widow of the late Fred Beelman, passed away Monday evening at the home of her sister, Mrs. Ida Wentz on Maple street, following a lingering illness.

The deceased was the daughter of Mary Ann Bitz Kotz and Jacob Kotz and was born March 16, 1866 in Monroe county, Pa. She made her home in Plymouth with her sister for the past three years coming here from Shelby.

She is survived, in addition to Mrs. Wentz, by another sister, Mrs. C. J. Bender, one brother, Frank Kotz of Shelby; two grand children, Mrs. C. W. Graham of Mansfield, Chester Beelman, Jr., of Chicago; three great grandchildren, Parker Lee Graham and Patty Lynn Graham of Mansfield and Patricia Beelman of Chicago.

She was preceded in death by her husband who died March 16, 1925 and a son, Chester, on Nov. 12, 1918.

Funeral services will be conducted Thursday afternoon at 2 p. m. from the Bardskuld funeral home in Shelby and burial made in the Shelby cemetery. Rev. R. C. Wolf, pastor of the Plymouth Lutheran church, will officiate. She is a member of the Christian church in Shelby.

## Cafeteria Supper

The Ladies' Aid of the Lutheran church will sponsor a Cafeteria supper on Wednesday, Feb. 19 commencing at 5 p. m. There will be an unusually good variety to choose from in addition to chicken and Swiss steak. The supper is open to the public.

"Who Killed Aunt Maggie?" You'll find out—next week!

# BEHIND THE SCENES OF AMERICAN INDUSTRY

New York, Feb. 6.—BUSINESS—There seems to be no let-up, or even prospect of one, in the steady expansion of industrial activity. Biggest step-ups, naturally, are in defense and aircraft, but the fact that these call upon a wide range of industries furnishing the raw materials, has considerable effect in spreading out the work of producing and moving goods. Backlogs of unfilled orders in aircraft, ship-building and the machine-tool industries, as well as in steel and textiles are increasing—which means there won't be any slackening of the pace for a long time to come. Private building contracts are at the highest level in years, reflecting the large volume of industrial construction as the feverish drive for additional plant capacity goes on. Housing projects are booming too.

**STIMULATION**—More work, larger payrolls, juicy overtime paychecks mean gains in momentum in buying power. The month of January figures to at least match the performance of December in reflecting this situation, by producing the highest national total of department store sales, for the month, in 10 years. Auto owners, fearing eventual curtailment in production of new models, are rushing to get their "jobs tucked away" in new cars. Auto deliveries are running nearly 20 per cent above the near record pace of a year ago, and well beyond the previous high-water mark, set in the same month of 1937, and by manufacturers, feeling the same way, are turning out cars at just about the fastest rate ever. During the middle two weeks of January the output reached a new high, in the early January period, and the outlook is for continued manufacturing volume at just about the present speed.

**NEW FARM MARKET**—The war has been costly for American farmers. Wheat shipments, for example, dropped from 8,145,000 bushels in the 10 months ending November 1, 1939, to 13,500,000 bushels in the same period last year. At the same time, however, some farmers specialize in a relatively "old world" crops like limes, figs and lemons are enjoying expanded markets. Whereas 176,000 boxes of lemons were imported in 1932, practically none are now purchased abroad, and domestic production rose from 7,600,000 boxes in 1931 to more than 12,000,000 boxes last year. Grape growers, who benefited from a 60 per cent increase in American wine consumption between 1935 and 1939, look for an even more promising future with the entry into the field of firms with nation-wide distribution facilities. For example, Schaefer Killers, formerly large importers of European wines, have just purchased the famous Cresta Bianca winery at Livermore, Calif. According to Henry Casser, secretary-manager of the Wine Institute, this trend will be of "immediate and lasting benefit to grape growers," and will make the public "even more appreciative of the fine quality of our American wines."

**MORE ON A-B-C'S**—Housewives the country over heard good news this week. They learn that the A-B-C system of grade labelling of canned fruits and vegetables is going to be more broadly applied than ever. Hereafter they'll be able to buy canned foods with labels fully and clearly telling them what they are getting in the way of quality, quantity and so on. The step was announced by the Great Atlantic and Pacific Tea company planners in the field. Working with the National Consumer-Retailer Council and using standards established by the Agricultural Marketing Service of the Department of Agriculture, the A & P is extending the system to Grade C, which, the council points out, brings within reach of the most modest family budget virtually all the nutritive food values necessary to health. The company at the same time worked out with the council a new type label, long sought by consumers—an informative label designed to aid buyers what they are getting in the way of quality and quantity. The council includes such groups as the General Federation of Women's clubs, the American Association of University Women, and the American Home Economics Association.

**THINGS TO WATCH FOR**—Chocolate chewing gum — for years the chewing gum manufacturers have been trying to capture this "good flavor" in chewing confection—now a new process is reported that does just that. . . A new incinerator for home use which does not require fuel, but also combining with waste paper has a down draft that dries other refuse and burns either wet or dry waste. . . A coin-holder for motorists to simplify the paying of tolls and making purchases at roadside kiosks—its attached by a suction cup to windshield or dashboard, and holds half dollars, quarters, dimes nickels and pennies. . . Rugs made entirely of rayon which are said to be fire and moth-resistant as well as durable and lustrous. . . A new baking ingredient which is said to give white bread the nutritional value of whole wheat—there's a suggestion for diet fans to look into.

**BITS O' BUSINESS**—In sizzling summer weather some foundries or steel mills give workers salt tablets to keep up salinity loss through perspiration, and cold weather counterpart of this idea is being employed by a Minneapolis machine company which piles workers daily with cold-resisting winter pills. . . President Roosevelt expects that Congress that the government has now spent \$13 billion, 466 million of the \$13 billion, 987 million emergency relief funds authorized by Congress since April 8, 1935.

# CAVALCADE OF AMERICA

Thomas Cooper

By Dr. Frank Monaghan  
Historical Consultant for  
Cavalcade of America

**FREEDOM** of the press and freedom of speech are rights vitally necessary to guarantee the orderly operation of democratic institutions. They are justly and deeply cherished by Americans for they have long been foundation stones of the American way of life. They were won and maintained by the exertion (even the sufferings) of many good and brave men. By and large, we have enjoyed those rights ever since they were written into the Federal Constitution. Several times, in the midst of grave emergencies, it has been proposed to modify them temporarily for the common safety. But once, in 1798, they were not only curbed, but also abridged without justification. It is in connection with this episode of the Alien and Sedition laws enacted by the Federalist Party under John Adams, that we encounter one of the most interesting and the longest struggle for a free press in America: Thomas Cooper.

In 1798 the United States felt that war with France was imminent, and the dominant political party, the Federalists, took this hysteria as their opportunity to silence their political opponents by muzzling the press. The Sedition Act made it illegal for anyone to speak or spread "false, scandalous or malicious" writing against the government, the Congress or the President. Federalist judges interpreted this to mean that one could not poke even a little fun at governmental officials. It was one of the most hasty and unreasonable measures ever enacted into law.

Cooper published a perfectly valid criticism of President Adams, and was prosecuted under a long trial in 1800 he was found guilty and sentenced to six months in jail and a fine of four hundred dollars. The fine was paid and the six months were served. There was grave doubt about the constitutionality of the law under which he had been convicted. It expired by limitation and Cooper began the long fight to get Congress to admit that the legislation had been unwise and void. Year after year friends petitioned Congress to repay the fine with interest. Finally in 1856, fifty years after the trial, Congress acted after Cooper's death. Cooper, as repaid his heirs. Cooper was dead, but he had won his fight for the freedom of the press.

# Senior School News

**TESTS GIVEN**  
On January 21 the teachers gave the Clapp-Armstrong self-administering and Self-Scoring Intelligence test to the Junior and Senior High school. On Feb. 4, the Detroit Mechanical Aptitude Test was given to the same group. The Detroit Mechanical Aptitude test has three distinguished parts. These parts test the following abilities of the student: Test No. 1 and 8 were on the motor; Test No. 3, 5, and 7 were the visual imaginary; test 1 and 6 were the mechanical information tests. The purpose of these tests are to aid the student consular in directing their course of study and future occupation. The teachers spent Saturday forenoon in checking and recording the grades.

**MRS. ALLEN TALKS TO THE 8th, 6th, and 7th GRADES**  
Mrs. Charles Allen, mother of Gene and Bob Allen of this school, repeated the talk she gave to the 8th, 6th and 7th grades during the second period last Tuesday. It was more in detail than the talk she gave at P. T. A. After she completed the talk, the children were permitted to ask questions. They had the opportunity of seeing the little Bible and pictures of Mrs. Allen's grandfather before and after joining the war, and a part of the flag which represented the regiment which he was in, also a Confederate flag.

Since the talk was given, some old Confederate money and currency has made its appearance in the school. The talk was very interesting and was enjoyed by all the students.

**SENIOR NEWS**  
Last Monday morning the seniors were very excited about something. The source of the excitement was that their proofs for their pictures were out that day.

We were rather disappointed when they did not come in the morning. As we came back from lunch at noon we were very happy to learn that our proofs had come.

We intend to order our pictures as soon as possible so that we can have our pictures without delay.

**CHAPEL NEWS**  
On Friday, Feb. 7th, we had our regular weekly chapel in the auditorium. The band played as we entered the auditorium. Rev. Williams addressed the assembly on the topic, "More power to the boys." This week the eighth grade will be in charge of the program.

**AWAY AGAIN**  
The seniors have been taking many interesting trips this year which are very educational. We went through the reformatory, the News-Journal offices and we went to a play at Ashland and which was entitled, "Abraham Lincoln." We enjoy these trips immensely.

**MEETING OF STUDENT COUNCIL CHANGED**  
The Student Council, an organization in the school made up of all the presidents of the school organizations, convened on Monday morning the first period to Friday morning, the first period.

**TRY-OUTS FOR PLAY**  
Try-outs for the Dramatic Club play were made on Tuesday. This is a very good play and we hope to see much talent in action.

**STUDENT RECOVERS**  
The students of, Shiloh High school are very happy to learn that Doris Reynolds is rapidly recovering from her injury received during a sleigh ride. We hope for a speedy recovery for Doris and that she will soon be back with us.

**SELLING MAGAZINES AGAIN**  
The members of the Senior Class are selling magazines again this year. The money received from this sale is used for the Senior trip and the Senior memorial for the school.

This year we have a large variety of magazines which we are certain will meet your approval. Don't be surprised if a senior calls at your home sometime in the near future. We hope that you will be able to give us your subscription for a magazine again this year.

**FRESHMAN NEWS**  
The Freshman Class is continuing its Treasurer's Club. Last Friday the Freshmen elected their officers as follows:  
President—Beverly Neely.  
Vice President—Carl Snair  
Secretary—Jimmy Sheely

For our speech topic we had the choice of "Abraham Lincoln," or "The March of Dimes."

**MODEL AIRPLANE CLUB NEWS**

At our last meeting on February 7th, at noon, we elected Frank Cline as our president with six votes, and Jimmy Sheely as vice president with five votes. Other nominees had less.

**THIRD AND FOURTH GRADE NEWS**

Several of us are acquainted with the whooping cough. Richard Baird is back but Charles Wolfensberger and James and Avery Brown are still absent.

Charles Waterbeck won the 4th grade spell-down last week. He has won several times this year. No girl has every won. Better hurry up girls!

**PEST HUNT**  
The F. F. A. of Shiloh High school is competing with the F. F. A. of the Union school in a pest hunt.

The boys go out at night and hunt all kind of pests which are a menace to the farmers. Each pest makes so many points for the side. The side with the most points at the end of the contest wins. As evidence of their points the boys must keep the head and tail of every pest they kill.

**JUNIOR NEWS**  
On Tuesday night, February 4, the Junior class raffled four cakes at the basketball game. We made \$5.20 on it besides providing a lot of fun for all who participated. The tickets were sold for five cents each and I am sure that those who were lucky enough to win one of those splendid cakes (which were made by

some of the girls in the Junior Class) were well paid for buying one or two tickets.

When our very able class president, Doris Reynolds, was hurt about two weeks ago, we Juniors decided it was a good time to show how much we appreciate her leadership of our class and how much we miss her while she is gone. Over last week-end a committee from our class brought her a potted primrose. We certainly hope she enjoys it as much as we did giving it to her and we are looking forward to seeing her back again very soon.

## PLYMOUTH TOPPLED BY MADISON FIVE

The Tiger quintet was unable to tally points at the pace set by the Madison Rams Friday night. The game started on ice only to find them take the lead and keep ahead the rest of the way. First quarter score was 9-3 and at half time three baskets separated 20-14 score. When play was resumed after the rest period zip was put in the game by the local players and they added eleven points to PHS's score this quarter, but the Rams also opened up. Plymouth's last chance came in the last quarter but fouls slowed Plymouth's pace and as the final sound of the gong lighted the scoreboard up at 45-33. This was our second defeat at the hands of Madison this season.

Weimer and Kitchin, Madison and Plymouth, respectively, were tied for high point honors with 14 each.

Unable to score in the second period gave Plymouth's Junior Varsity a set back with a count of 19-7. Hoffman was high with five markers.

## SPECIAL CHAPEL TO BE HELD ON FRIDAY

A Valentine Day Chapel will be held in the high school auditorium Friday afternoon, Feb. 14, at 2:30. The Sophomore Class is in charge and they have chosen the Rev. Mr. R. C. Wolf of the Lutheran church as their speaker. A special feature of the program will be the presentation of two pictures to the school. The first grade will be present because one of these pictures is to hang in the first grade room. Group singing will be led by Mr. R. Byron Griest, music instructor. The public is invited to attend this chapel.

## JUNIORS WORK ON PLAY

The Junior Class of PHS is busy at work on a mystery comedy, "One Mad Night," their class play, under the direction of Mr. Molet, which is to be presented Thursday night, February 20. The cast is made up of the following Juniors: Dick Rule, Marilyn Earnest, Jean Derr, Joe Moore, Jane Lippus, Vance Hoffman, Ray Ford, Willard Ross, Edna Hackett, Dorothy Sourwine, Helen Gowitzka, Edward Croy, Luella Vandervort, and Jim Cunningham.

## Faculty Makes New Curtain For Stage

A much needed improvement was added to the PHS auditorium this week when the old stage curtain, much worn and eaten by moths, was replaced by a new

one. When it was discovered that a new curtain would cost \$300, the high school faculty decided to try their hand at making the curtain. Nearly fifty yards of velvet was purchased for this purpose and many a long hour was spent in sewing the material together and now, lovely to behold, the new curtain has been completed and at but a fraction of the cost of a ready-made one.

Much credit goes to Mrs. Bailey and Miss Wiscup, Home Economics Instructor, who planned and executed the work. Assisting them were Miss Faulkner and Miss Passel. The old curtain will be made to fit the auditorium windows and will be used to shut out the light during school movies. Heretofore heavy paper has been made to serve. This improvement will greatly enhance the looks of the auditorium.

# Poet's Corner

Every week for some time the students of the English classes of the tenth and eleventh year under the direction of Mr. Moist will print original poems written by members of the class. Those by the eleventh grade class were written last year, while the poems of the tenth year group were composed recently when they studied a unit on poetry. The first poem is "Twilight Hour" by Luella Vandervort, a junior.

## TWILIGHT HOUR

The shadowy dusk steals the light of the day;  
The creaking old mill is still.  
The light-hearted clouds have ceased their play;  
The stars peep over the hill.

The huts are deserted; the doorsteps abound  
With talk of the fields to till,  
Of a cow that's gone lame or a troublesome hound,  
And the stars look down from the hill.

Knitting and darning are used in their way,  
Baking discussed with a will;  
While someone mentions the new-born babe,  
The stars watch the scene from the hill.

The dusk surrenders the day to the night,  
The people abandon their sills  
To sit inside by the candle light  
While the stars keep guard from the hill.

### Some Blessing

Mayor Wm. Johns received a blessing Tuesday afternoon that he won't forget or forgive in a hurry. Walking out West in his overalls, he was wearing a blue sedan by a man driving a blue sedan from the west, who inquired direction for reaching the Plymouth high school. The man was approximately 40 years of age and was accompanied by his wife and two small children.

The woman explained that they planned to hold a religious meeting at the High school Wednesday evening and after receiving explicit instructions, were very grateful—in fact, so grateful that she shook hands with Mayor Johns and gave him her "blessing," which was more or less of a powder.

Mr. Johns proceeded on his way thinking what a strange outfit that was and suddenly reached for his hip pocket containing his wallet. You guessed the rest of the story. The man to midair. It contained \$87 in cash, an insurance policy, and all his lodge and other identifications.

Word was immediately sent out to all surrounding towns and patrolmen put on the look out for the car. At Willard the police reported a similar affair about an hour previous.

**A SEQUEL.**  
While Mayor Johns lost his wallet, a salesman from Dayton making a call at the Advertiser had his wallet returned although he was unaware that he had lost it. A small amount of bills and various identifications were in the billfold which was found beside his car parked in front of the Kroger store. Mr. Donald Dunham was the finder of the wallet who left it at the Kroger store for identification.

The man, a resident of Plymouth, as a whole, are so honest that we would like to look for the dishonest ones.

DuCommun of San Francisco, Calif. wish to express their grateful thanks and appreciation to one who so kindly assisted in our bereavement. Mrs. Lillian Voisard

### FARM PROGRAM READY FOR ANY EMERGENCY

#### PREDICTS HIGHER FARM INCOME FOR 1941; WARNS AGAINST EXPANSION

Columbus, Feb. 13—Two-thirds of Ohio's farmland, improved and protected under the conservation features of the Triple-A Farm program, today is ready for any emergency as Ohio farmers' contribution to the National Defense Program. This was the comment made today by Elmer F. Kruse, Auglaize county farmer and the State's AAA Chairman, in reviewing accomplishments of Ohio farmers who participated in the Government's Farm Program in 1940.

Kruse, who farms 80 acres near St. Mary's, Ohio, said that seven years of conservation under the Farm Program will play a vital part in the Nation's Defense Program. With war raging abroad, he continued, the job of the AAA is doubly important. Providing an abundance of food and fiber, conserving the Nation's soil resources, and raising farm income are a first line of defense.

More than 167,000 farmers pledged co-operation in the program in 1940 to build up the fertility of Ohio's depleting cropland, to improve farm income, to protect consumers through fair prices by stabilizing supplies of farm products at levels adequate for domestic export and land reserve requirements.

The most surprising accomplishment of the farm program last year, Kruse indicated, was the huge increase in the application of lime and triple-super-phosphate. Approximately 250,000 tons were applied in 1940.

Participation in all phases of the farm program surpassed all previous records, the Auglaize farmer declared. Wheat loans jumped from 5,455 in 1939 to almost 12,500 during the past year with farmers borrowing about 3 1/4 million dollars for storing 4 million bushels of wheat. Wheat growers also established a second record when 34,008 farmers in-

**Wolferberger's Collection On The Life and Work of Abraham Lincoln Exhibited Today In Akron**

A collection of 250 Valentines and Valentine covers have been put on display in the special exhibit room of the Western Reserve Historical society where they will remain for three weeks. The collection dates are from 1845 to 1885.

Every conceivable type of Valentine can be found in this exhibit. Valentine stationery of that day is also exhibited. The messages on these highly ornamental cards contained expressions of undying affection right where the mail man might read them.

Mr. Wolferberger will show his collection of contemporary material embracing the life and work of Abraham Lincoln and the Civil War, at the Rubber City Stamp club in Akron, Thursday, Feb. 13.

The collection consists of quotations of prices of slaves in Richmond, Va., in 1856, bill of sale for slaves, anti-slavery propaganda letters, dating back as far as 1819 and a copy of the Fugitive Slave Bill having its origin in Deut., 23:15-16.

There are Lincoln campaign letterheads and envelopes, as well as many Civil War patriotic envelopes. A campaign envelope bearing a picture of Stephen A. Douglas presents a quotation from one of his speeches: "Tell them to obey the laws and support the Constitution. There are no longer any parties save these two—patriots and traitors. The slavery question is a mere excuse. The election of Mr. Lincoln is a mere pretext! The present session movement is the result of an enormous conspiracy formed more than a year since."

It is recalled in history that Mr. Douglas was a great admirer of Mr. Lincoln. There is also an envelope dated 1899 showing a Confederate and a Union veteran, each with an empty sleeve shaking hands at the national reunion of the Blue and Gray held that year at Evansville, Ind. Quoting Mr. Wolferberger, "the great struggle to preserve the Union took a terrible toll on both sides, but those who actually did

the fighting were the first to forget their differences and join hearts and hands in the hope for a strong Union and rebuilding of our great nation. The letters written home by these brave soldiers from the thickest of the battle always carried a note of respectful consideration from the enemy, who was also fighting and dying for what he thought was right.

The courage with which the men and women of the past carried on and the union of purpose behind their efforts, minimizes all of the differences that may arise today, because after all man's span of life occupies but a fleeting moment in history and the great plan of God."

**FAMILY DINNER**

A family dinner was enjoyed Sunday at the home of Mr. and Mrs. Charles Seaman. Thirteen members were present. Mr. Seaman's mother, Mrs. Mary Lutz, who is 83, was with the family.

**FARM GROUP PLAN FOR YEAR'S WORK**

Mrs. Reed Noble was hostess to the Rome Country club, Wednesday. A covered dish dinner was served, twenty members and two guests. The name of one new member was added to the roll.

Plans were formulated for the year's work for the club.

**INHERITED TALENTS**

In a recent article in the Cleveland Plain Dealer, a picture was shown of Sherman Howard at his organ.

The Howards are quite well known throughout the communities surrounding their family home near Delphi. There were nine in the family, seven boys and two girls, and they were all endowed with musical gifts. They played various instruments and furnished entertainment for years in churches and social gatherings.

They also specialized in singing—several of the group having rare voices, which were cultivated.

One of the family is our own Marvin Howard, who has been an invalid many years, but who possesses the finest of his young manhood singing in his heart, and no one ever hears a complaint from him because of physical suffering.

The gift of voice has been inherited by children and grandchildren of the members of this family.

R. R. Howard, a son of Marvin, has a talent that has long been recognized in this community, and his son and daughter carry on the talent. Richard at the Ohio State University and Beatrice in church and community music circles in the Adario community.

## Boy Scouts Have A Big Week

The celebration of the Annual Boy Scout Week, Feb. 7-13, which closes today, has been one of great value. Not only have the Scouts had a full program, but it has also demonstrated to the boys that the community is behind them.

Last Saturday evening twenty-two boys met in the Scout Room to hear the address of President Roosevelt which was broadcast over a national radio hook-up. The Scouts had hot dogs, rolls, hot chocolate, cup cakes and ice cream. The cup cakes were the gift of Mrs. Charles Davis, while Mr. Stacy Brown provided the funds for the purchase of ice cream which was sold to the Scouts at cost by the Hitching Post, which also contributed a quart of milk for the chocolate. The DeWitt Bakery sold the Scouts part of the rolls and asked only wholesale price for them.

On Monday the Scouts received two gifts which were very badly needed. Mr. Fred Schneider gave the troop a half ton of coal and Mr. Earl McQuate of the Miller-McQuate Store gave a dozen folding chairs. When asked about the coal, Mr. Schneider remarked: "I'm glad to give it. There's one organization I think deserves all the support it can be given."

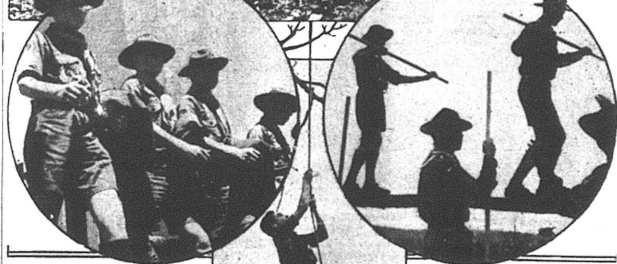

Last night the Troop played host to the parents of its boys. A regular troop meeting was put on so that the parents could see how the organization works. In

addition to the meeting an impressive Tenderfoot Induction Service was used to induct several new Scouts into the Troop. The Troop is limited to three full patrols, or twenty-four boys and when that limit is reached, which will be soon, further admittance will be permitted only when one of the older Scouts drop out or is elevated to a higher rank. The requirements have been stiffened so as to assure that those who are in the Troop are there because they want to be Scouts and for no other reason. After a boy has applied for admittance he is given one month in which to pass his Tenderfoot tests. He is then admitted to the Troop and has two months in which to pass his Second Class requirements. Failure to comply with this schedule, or failure to attend meetings without a valid excuse constitute an automatic withdrawal from the Troop.

Tonight Mr. Ed Ramsey is playing host to the Scouts and is admitting them to the Plymouth Theatre free of charge. This is a kindness appreciated by the boys very much. The Scouts will form at the Scout Room at 8:30 and will go to the theatre in a body at 8:40.

An excellent Troop committee has been secured, composed of Dr. D. B. Faust, Mr. D. J. Ford, Mr. E. B. Miller, Mr. J. E. Nimmons and Mr. H. J. Root. The work of the Troop is in the hands of Rev. Wolf and Mr. Don W. Eisel, Jr.

## Scouts Prepared for Emergency Service

Boy Scouts here and throughout the country are now training in Scoutcraft and outdoor lore with new vigor to be better prepared for any sort of emergency and disaster service. Scout troops are forming units of Emergency Service Corps (see emblem, upper right above) and being trained in firefighting, first aid, rescue work and other service connected with emergencies caused by storms, floods, hurricanes, earthquakes and any type of catastrophe.

At camp and on hikes, through games and other attractive activities of the regular Scout program, they are learning what to do in case of crisis and how to fulfill their promise to help other people at all times. Through demonstrations, displays and exhibits, in cooperation with established disaster relief agencies, they are doing their part to teach the American people to be prepared.

# SENT QUOTAS TO 3311 FARMERS IN RICHLAND

AAA Office Announces That 1,860 Will Get Checks Within Two Weeks

With hundreds of Richland county farmers due to receive government AAA checks within the next two weeks, the county soil conservation office is mailing out acreage allotment quotas for 1941 farms in the county. The allotment figures, covering corn, wheat, oats, rye, barley and soy bean acreage, show the farmer how many acres he can plant this year to stay within the government's farm quota. If he exceeds the allotment he is disqualified for AAA checks. Figures compiled at the county AAA office show that nearly 600 of the 2,000 farmers who participated in the federal farm program last year failed to comply with the government requirements and will receive no federal money for 1941. The other 1,400 qualified, how-

ever, and their applications for payments have been sent to the state soil conservation office at Columbus for approval. When the requests have been approved they will be sent to the district farm office in Cleveland which will mail the checks. Checks are expected to arrive at the county AAA office within two weeks. Farmers will then receive notices from the office to call for their money. The payments will be for compliance with the 1940 program. Participating farmers had to keep their cash crop quotas within government limits and adopt the necessary soil building practices, including the use of lime and fertilizer on their land and planting of soil-building crops. Payments for last year are expected to total more than \$100,000 in Richland county. G. L. Taylor, county AAA chairman, said some of the checks will be later than usual this year but most of the eligible farmers will receive them at the same time. Last year the checks began arriving in December and continued until early spring. Farmers who are dissatisfied with the quotas set up for them this year may appeal to the county AAA committee before Feb. 15. The committee will hear the appeals and decide whether the disputed quotas are too rigid.

Richland County To Send Mental Patients To Columbus Hospital. Made on Year's Activities. Richland county will send its mental patients to the Columbus state hospital instead of to Toledo under a re-districting plan set up by the state department of public welfare, Probate Judge C. J. Anderson has announced. The new plan became effective Feb. 1. In a letter to Judge Anderson announcing the change in districts, Dr. R. E. Buchong, Commissioner of the division of mental diseases, said the new plan was designed to "relieve overcrowding in state institutions and equalize the demands upon the hospitals." For more than half a century the county has sent its mental patients to Toledo, often contributing as many as 50 or 60 a year to the Toledo hospital's population. The shift to Columbus will save approximately 50 miles per round trip to Toledo as more than 200 miles while the trip to Columbus and return totals approximately 150 miles. The sheriff and his deputies take patients to the hospital on the order of the probate judge who conducts hearings for persons showing symptoms of a mental disorder.

**LETTERS to the Editor**  
6515 Waring Ave. Hollywood, Calif. Jan. 21, 1941  
Dear Editor:  
Another year has rolled around and I am reminded that another pay day for the Advertiser has rolled with it. It's not an unwelcome debt, for the Advertiser more than pays for itself to far away subscribers. I have for the past five years kept abreast with Plymouth views and the many changes transpiring thru its columns. This last issue distinctively dwelt on the flu epidemic. I believe California and Florida were the first recipients of the germ, brought from the flu infested Hawaiian Islands. For several weeks, the papers here registered on an average of 900 to 1,000 cases per day. Two of those cases were in our home. This particular type leaves a variety of trailers, the popular kind being the stubborn cough and sore throat, which adheres to the victim for an indefinite period. When the rainy season started, it eased the situation here considerably; the dust was settled and air purified and cases became fewer, so for once rain was a life-saver, in more ways than one to this section, at least, and again it caused great property damage. The past week our famous sunshine has returned, and given us some more glorious days, to be thankful for and also to still be thankful for Peace in our nation, which, let us all pray, may continue to be ours. The defense activity in this section is very pronounced. In San Fernando Valley, where Lockheed's and several other plane industries are located, a city has sprung up in the past year, in close by sections, it seems almost over-night; rows upon rows of three to five room dwellings. These are mostly F. H. A. homes. We have been in several and find them all modern and up-to-the-minute in furnishings. Where one owns their own furniture, the furnishings are removed, but if not the case, the furniture included, can be bought at a reduced price from the different firms who have placed the furniture there. It all goes to make the house more saleable and attractive. Just one year ago that was all valley, and sparsely settled, but today it looks like another Los Angeles. One wonders after the war, where it will all end? We live near a school, and as a result, are watching the children pass. So many are going along without wraps, none with head covering; makes me wonder if the Plymouth school children are not all bundled up in warm coats, caps, gloves and galoshes? I have only seen frost twice since leaving Ohio, and each time it has been over the mountains in San Fernando Valley. When I look Mr. Fenner to work in the early morning, the roofs of Warner Bros. Studio looked like mountains of snow as we came over the Pass, but during the rains it was another story. Lakes of water greeted us instead. The sewerage system is not adequate, to meet the rush of water from the mountains. When rain ceases the water soon disappears as it soaks into the sand very rapidly. We spent a very quiet Xmas this year, as I was nursing a couple of broken ribs, it was impossible to go about and see the festivities which are rampant in Hollywood. It was a beautiful day, so warm and nice. Company came from Bell. We sent the children to N. B. C. broadcast while we visited, so the day was a pleasant one with friends. I understand through correspondence that Ohio wouldn't allow California to have to have all the "no-weather" honors. So good old Ohio, had a warm and bright Xmas, too. I hope you and yours, are enjoying the best of good health and sharing prosperity, and that 1941 will bring you all the good things yet wish for, and the World the Peace it desires. Enclosed you will find 1941 remittance for the Advertiser, the paper most welcome in our home. With best wishes for the Thomas family, I am most sincerely yours, "Mrs. Mary Lerch Fenton"

**NOT SO IRISH**  
"IRISH" potatoes? Not much! This Indian woman can tell you that the potato is a native of Peru. Her ancestors were cooking and eating the tasty tubers hundreds of years before the Irish ever heard of them. The potato traveled widely and experienced many transplantations before it reached Ireland. The plants were carried from Peru to Spain, in the first place—early in the sixteenth century when the conquistadores returned from the New World. In 1560, when the Spaniards were colonizing Florida, the strange edible plant traveled along with them. After Sir Frances Drake and other British adventurers had taken their sting at the New World, the strange edible plant made its debut in the British Isles. It was almost two centuries before the lowly potato was received in the best society on the Isles and in Europe. After a bit of pre-

## MRS. KNIGHT ENTERTAINS TOURIST CLUB MONDAY

The Tourist Club met on Monday evening with Mrs. Harry Knight. Dinner was served to ten members, viz. Miss Grace Earnest, Miss Pearl Elder, Mesdames Ramsey, Nimmons, Hoffman, Hannum, Bachrach, Curpen, Webber and Root.

A study in cotton was supervised by Mrs. Elden Nimmons. In addition to the many uses for the cotton itself, from boxing gloves and diapers, to tires, dolls, hammocks, ear muffs, balloons, brassieres, lamp shades, piano pads, pajamas, water wings, curtains, typewriter ribbons, etc. Chemistry has found myriads of uses for cotton by-products. When you order French pastry, salad dressings potato chips, etc, you probably buy cottonseed oil. Meal and cake residue after oil extraction, helps feed cattle. Hulls of the seed go into baseballs, handles for hair brushes and horse collars.

Linters, a by-product, helps make shatter-proof glass and film. And so, cotton is a major industry and is grown in India, Russia, Brazil, China and Egypt, as

well as in the U. S. A. For many years two-thirds of all the cotton in the world was produced here. Recently, planting elsewhere, has increased until in 1939 the U. S. crops of nearly twelve million bales, was exceeded by the fourteen million bales of the next big five-growing countries.

The Club will meet in two weeks with Mrs. Elden Nimmons. Mrs. Ed Ramsey is in charge of the lesson study.

## SHELBY WEDDING OF INTEREST HERE

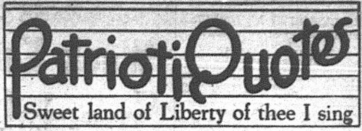

A wedding of interest in many in Plymouth is the announcement of the marriage of Miss Margaret E. Wagner and Mr. Roy A. Duff, Jr., which was solemnized Sunday afternoon in the ladies' parlor of the First Lutheran church in Shelby. Rev. D. Bruce Young officiated in the presence of the immediate families.

The bride is the daughter of Kerma Darr, Martha Eby, Shirley Scott, Dorothy Wilford and Betty Chronister were those present. Donna Curran was ill and could not be there. The little girls report a very enjoyable evening.

Mr. and Mrs. Duff will make their home in Willard where Mr. Duff will have charge of a branch shoe store.

## ALPHA GUILD MEETING

The Alpha Guild of the Lutheran church will meet on next Tuesday evening, Feb. 18 at the church, and has been employed in the DeVier Store, Shelby. Mr. Duff attended the University of Akron and has been affiliated with his father in the Duff Shoe Store.

## Kitchen Katchall

- Pickled Beets With Asparagus
- 2 C. granulated sugar
  - 2 C. hot water
  - 2 C. vinegar
  - 1 lemon, thinly sliced
  - 1 tsp. powdered aspic
  - 2 tsp. powdered cinnamon
  - 1 tsp. powdered cloves
  - 1 No. 2 cans small whole beets, drained or 22 to 24 cooked small beets
  - 2 No. 2 cans green asparagus

Make a syrup by boiling together all ingredients except beets and asparagus in an uncovered saucepan for 5 minutes. Add beets, and simmer, uncovered, for 10 minutes. Remove from heat, and chill. Remove beets from syrup. Arrange on a platter around a mound of cooked asparagus, over which a little French dressing has been poured. Serves 8.

## Lemon-Mincemeat Pinwheels

- 1 C. lemon juice
- 1 C. seeded raisins, scalded, drained, and chopped
- 1/4 C. finely chopped, peeled, tart apples
- 1/4 C. chopped walnuts
- 1/4 C. orange marmalade
- 1 C. granulated sugar
- 1/4 tsp. salt
- 1 tsp. powdered cinnamon
- 1/4 tsp. powdered cloves
- 1/4 tsp. powdered ginger
- 1/4 C. melted butter
- 1 recipe plain pastry

Combine all ingredients except pastry. Roll out pie crust to 1/4-inch thickness; then cut with a pastry cutter or sharp knife into 3-inch squares. Now, cut diagonally from each corner of each square toward center, making cuts about 1/4 inches long. Place a level teaspoon of mincemeat in the center of each square. Moisten the corners with cold water; then fold every other corner toward the center, pinwheel fashion, and press ends of corners together in the center. Bake on a baking sheet in hot oven, 450 degrees, for 12 minutes, or until brown. Makes about 88 pinwheels.

## Hearts and Diamonds Saled

- 2 C. tomato juice
- 1 pkg. lemon flavored gelatine
- 1/4 tsp. salt
- 1/4 C. carrots or celery
- 1/4 C. green pepper
- 1/4 C. Brazil nuts

Heat 1 C. of tomato juice; and pour over gelatine and stir until dissolved. Add 1/4 C. cold tomato juice. Add salt and chick mixture. When slightly thickened, fold in vegetables. Add Brazil nuts; turn into individual molds (bridge shapes) (and chill until firm. Serve with lettuce or chicons. Serves 6.

## Hearty Bran Waffles

- 2 eggs, separated
- 1/4 C. milk
- 1 Tbsp. honey
- 1/4 C. bran
- 1/2 C. flour
- 4 tsp. baking powder
- 1/4 tsp. salt
- 1/4 C. melted shortening

Beat egg yolks well; add milk and honey and mix thoroughly. Add all-bran and let soak until soft. Beat egg whites and add to mixture. Add flour and salt; add to first mixture and stir until flour disappears. Add cooled, melted shortening. Fold in stiffly beaten egg whites. Bake in hot waffle iron until no steam is visible. Makes 8 waffles (8 1/4 inches in diameter).

Before measuring corn syrup or molasses, dip the measuring cup or spoon in scalding water. The molasses will run out easily.

Letters to the Editor

Dear Mr. Editor: Since the politicians and the business men have had their say regarding the power plant, I believe a lesser light should be granted the same privilege. From my anti-light plant friends I hear the following statements:

- 1. A plant will never be a success. We would rather pay the Power Company \$13,000.00 in 10 years than own our own plant.
2. There is no one in Plymouth capable of operating a plant.
3. It would be a political football.
4. We are trying to find out why the investigator of this plant idea.
5. The engines will be worn out in 10 years.
6. We have a good rate and a large surplus of money on hand.
7. We should get together and stop this thing.
8. The village officials sold out for a free meal.
My pro-planter friends reply as follows:
1. We know of no plant that has not proved a complete success. Why pay out \$13,000.00 when it could be used for many things in Plymouth.
2. Many young men in Plymouth are well qualified to operate the plant the same as in other villages.
3. The investigator in this case is the Power Company who will accept nothing other than a ten-year contract.
4. Only politicians would make it a political football or would think of such a thing.
5. We can show you engines that have operated for 20 years and still giving good service.
6. Our rate has been, for a number of years, among the highest paid in the state. Why should we not have a large surplus of funds when our citizens have paid through the nose to create it?
7. Who should get together to stop it and why?
8. One village official states that on the inspection trip, they did not have a meal at the expense of the Engine Company and that it was cheaper to visit the plants rather than have the plants moved to Plymouth for inspection.
There you have it. Who is correct? Personally, I believe the pro-planter have the better of the argument. No doubt we all have read several articles, which have appeared in various publications, about what this or that village has been able to accomplish through operation of their own power plant. Recently, there was an article in the Cleveland Plain Dealer having to do with the plant at Newton Falls. O. The Mayor pointed out to the reporter that the plant had not only been paying for itself but giving a profit to the village of \$2,500 during the last two months of 1940 in addition to \$1,000 in the sinking fund.
Recently a new rate schedule went into effect in our village. From what I am able to deter-

mine this rate is increased to the small consumer and lowered to the large consumer. This is most unfair to the small consumer who after paying for a period of several years, one of the highest rates in the state, suddenly finds himself paying still a higher rate. I say, let's go into this proposition of a municipal plant, a little further and see if we can not help ourselves. Interested Citizen.
