

THINGS YOU SHOULD KNOW ABOUT PLYMOUTH'S PROPOSED SCHOOL

It is generally agreed that there is a need of a new building to replace the old one which has served so well and long.

The Board of Education, after much consultation with contractors and architects, has decided that it would cost at least \$25,000 to partially repair the old building.

Should a property be evaluated at \$2500, the taxes assessed for the new plans would cost \$3.30 for the year or \$1.65 each six months, the first year.

All who have had building done claim that labor is the largest single item to be thought of. To offset this great expense by the citizenry of the school district, the National Government, thru its agency, the National Youth Administration has guaranteed at least \$300.00 in labor.

CHURCHES TO PARTICIPATE IN WAR RELIEF

The Methodist churches of Plymouth and Shiloh will participate in the Special Emergency Mission crusade in a nationwide attempt to raise one million dollars to meet three war-caused appeals.

The offering plates of the 42,194 congregations in the United States will be simultaneously passed on what has been named "Methodism's Day of Compassion," Sunday, March 2.

Since war conditions made added demands on all regular missionary and philanthropic funds both the national and local leaders of this campaign emphasize that this is an emergency offering and must not be allowed to block the flow of giving to the regular world service activities of the church or the result will be the creation of new and equally serious problems.

The national movement being led by Bishop Edwin Hughes, retired, of Washington, D. C., who is supported by the Methodist Emergency Commission, composed of all the bishops and a representative number of prominent Methodist laymen and ministers from all the six jurisdictions of the church. Dr. Orin W. Pifer is executive secretary and Dr. Elmer T. Clark, formerly of Nashville, Tenn., is handling the promotion.

Rev. Mr. Wintermute has announced the following committee to promote observance of "Methodism's Day of Compassion" in Plymouth: Willard Root, Mrs. Geo. Hershey, E. E. Markley, Willard Ross, Jr. The Shiloh committee is E. L. Clevenger, Mrs. A. W. Firestone, George E. Bond and E. E. Markley. These committees represent the church school, the W.S.C., the men's work and the youth of the church.

8th, "Grow!"; March 16, "Followers of God"; March 20, "The Lord's Hides"; March 30, "When Jesus Hides Himself"; April 6th, "Blessed is He that Cometh in the Name of the Lord."

In addition there will be the Lenten Evening services each Sunday vesper at 7:30 p. m. For these services Rev. Wolf has prepared a series of character studies entitled: "Men of Faith," which will deal with men of the Old Testament March 2nd, Noah; March 9th, Abraham; March 16, Joshua; March 23, Gideon; March 30, Elijah; and April 6, Daniel.

On Sunday, April 6th, will bring the beautiful Confirmation Service, at which time the young people who have completed their two year course of instruction in Lent will receive their faith and be received as full-fledged members of the church. There will also be numerous adult members added to the church at this service.

The Palm Sunday baptismal service for infants and young children will be held Palm Sunday afternoon at 3:30 P. M.

There will be services on Wednesday, Thursday and Friday nights of Holy Week, with the Holy Communion being celebrated on Thursday evening. These services will all be at 7:30 P. M.

The joyous festival of the Resurrection will begin with the Dawn Service at 6:30 a. m. on Easter Sunday morning and will continue with the Easter Communion at the regular hour of worship, 10:30 A. M.

The Lutheran church offers these unusual privileges of worship not only to its own members, but to all who care to come and worship at these services. The doors of the church are open to welcome all who will come.

Guernsey Breeder Association Name Earl Huston Sec'y-Treas.

Earl Huston, one of our young up-to-date farmers, was honored with an important office at the county meeting of the Guernsey Breeders' Association on Feb. 14 at the First Methodist church in Mansfield.

The county meeting was interesting and helpful to all Guernsey breeders. There was a good representation.

This is the only county organization in this county among the breeders of various kinds of cattle.

Guernsey cows with official records and records on their dams averaged \$139.00 per head more than cows with no official record.

H. E. Denlinger, the newly appointed field secretary of the Ohio Guernsey Breeder's Association and speaker for the occasion, cautioned the breeders and friends against over expansion of their herd and to produce quality milk as well as cattle in anticipation of the national defense program expenditures.

He stated that an immediate, as well as a long time effect in the sale of dairy cattle and dairy products will be felt by the dairy industry. With an estimated expenditure of from 20 to 30 billions for national defense, an increase of dairy products may be expected, particularly in those Ohio industrial centers where emergency defense plants are now being constructed. ready investigating the sources of quality milk in these areas. Producers should be ready to meet any increased demand for quality milk by carefully re-inspecting the sanitation of their equipment, bank shacks, milk houses, water supply and the health of all producing and breeding animals, warned Denlinger.

Economists guess that this defense program will probably be felt for the next two years, regardless of the outcome of the war.

He warned the dairymen not to expand their herds during the coming two years. The total number of dairy cattle in the U. S. is on the increase with approximately 25,800,000 on Jan. 1, 1941. The production per cow is also on the increase. The future increased demand may temporarily take care of an increased production, but there seems to be no way of gearing production down, when consumption falls off, except the hard economic method of competition.

The dairymen who culls his herd carefully and builds up his production per cow will be in a stronger position to meet that situation of falling prices, if and when it comes several years later.

The group were urged to proceed cautiously.

CHAPEL
A varied program greeted the students of the grade and high school in chapel held last Friday afternoon at the high school auditorium. The newly formed high school band under the direction of H. Byron Griest played "Take-Off March," "Gloriana Waltz" and "All Stars" March by G. W. Holmes.

The devotionals were read by Mary A. BeVier, who read the first chapter of First Corinthians, the first of the eighth verse. Rev. Mr. R. C. Wolf of the First Lutheran church, was the main speaker of the program. He told the assembly of the origin of Valentine's Day, and then using the Scripture lesson as the basis for his talk, Rev. Mr. Wolf explained how the various types of love, those for the family, of friendship, between individuals and others, might be and are related to love for God.

In honor of Lincoln's Birthday, Herbert Beeching read the Gettysburg Address. Supt. E. L. Bailey then presented a picture of Lincoln given to the first grade by the Misses Grace and Daisy Hanick in memory of Nellie Randall. Miss Hamilton, first grade teacher, accepted the picture. Mrs. Randall was the first grade teacher here for over forty years. Another picture, a facsimile of the Gettysburg Address, was presented to Mr. Keinath for the 5th grade. Previously the Hanick sisters had presented a picture of Washington to the high school and they desired to give pictures to the grade school as well. The pictures will be welcome additions to the grade rooms.

Mr. Griest led the assembly in the singing of the "Star Spangled Banner" and "America". The Boy Scouts led in the pledge to the flag.

After the grade school was dismissed the high school students held a pep meeting for the Union game.

The entire program is in charge of the Sophomore class, whose sponsor is Mr. Fleagle.

PLYMOUTH LOSES TWO BASKET BALL GAMES

The PHS Puritans lost two games, Friday and Saturday nights. The Friday night encounter gave Union a victory with a count of 43-28. In the game, which did not appear rough from the spectator's angle, 38 personal fouls were called—23 on the home team, which resulted in the entire starting lineup being ejected from the game. J. Moore held scoring honors for the game with 11 points, while Gramly was high for the visitors with 10. Unable to break up the Union passing attack the boys failed to get points.

The reserve squad handed the second team from Union a 22-16 beating. Hoffman and Mawhor, Plymouth and Union, respectively, were high point getters with six apiece.

Saturday night's tangle put P. H. against the high scoring Bulldogs from Butler. Although not getting walloped nearly as badly as before, the scoreboard still showed a big advantage for the down-counts. The score by quarters showed 5-4; 13-9; and 14-26 and 41-19 final score. Unable to hit the hoop Plymouth couldn't make much headway even against the Butler subs in the first half. Lasch hit his stride for eight points and carried off individual scoring honors for a high 14. P. H. S. Grubb, lanky center, was high for the winners with 10.

The Junior varsity went down to defeat by a count of 25-12. The Plymouth boys started in good fashion but dropped behind as minutes went by. Hoffman and Rhine were high for the defeated team getting four each and Forbe's three field goals was high for the victor.

Only one more game remains on the schedule. Let's beat Bellville!

RELEASE 125 PHEASANTS

By Dan Atzenhoefer, Game Agent

In the near future there will be a shipment of 125 mature pheasants from the State Game Farm for Huron county. Most of these will be cock pheasants to be liberated in localities where there are many hens, but few cock birds.

Under the circumstances no attempt will be made to give each township in the county an equal number of birds because such a practice would defeat the purpose of these birds.

It should be remembered that pheasants are not monogamous (i. e. one cock bird mating with one hen during the reproductive season), but rather they are polygamous (i. e. one cock bird mating with a number of hens during the reproductive season).

Last year the farmers and sportsmen of the county were through the press, to assist in liberating the spring allotment of pheasants by informing the field men of the Ohio Division of Conservation and Natural Resources, who were working in the county, of unbalanced sex ratios. The cooperation was most encouraging. It is hoped that the same commendable spirit of cooperation will be had again this spring.

Anyone who is aware of a large number of hens and only a few cock birds, is urged to send a post card to one of the following: Joe Walker, county game protector, Greenwich, O.; the Conservation District Headquarters, 20 East Elm St., Norwalk, Ohio; or myself at 12 State St., Norwalk, O. The location and the approximate number of hens and cock birds present should be stated on the card.
