

WORD RECEIVED FROM CAPT. E. L. PARSEL IN JAVA

Living under a nerve-tension anxiety since the Pearl Harbor incident, Mrs. Elmer Parsel relaxed and breathed a sigh of relief Tuesday of last week when she picked up a telephone and heard the voice of her husband speaking some 9,000 miles distant in Java. Since the outbreak of the war with Japan, Mrs. Parsel or members of the immediate family have had a line from Capt. Elmer Parsel, who left the States just a few weeks before the conflict service in the Philippines. After war was declared and action broke out on all sides grave anxiety was felt for at least two Plymouth men. . . . Brothers and Capt. Parsel. Word was received last week from Brothers indicating that he was getting along nicely.

In the meantime each day grew harder and harder for members of Capt. Parsel's family. . . . Word passed and still no word. It seemed inevitable that such a long period could pass without hearing something from the boys in and around the Philippines. And then on Tuesday word came through.

Mrs. Parsel, who is making her home in Macon, Georgia, was called to the phone, and she could not get over the shock. . . . Being written before the Pearl Harbor incident, which occurred on Dec. 7th, the letter gave no encouragement as to what might have happened since that time.

In relating the conversation to the family here, Mrs. Parsel said: "Elmer is fine and feeling good, and he told me that he was having a lot of fun in bombing hell out of the Japs. . . . Parsel had written his wife on Nov. 10th from the Philippines, but the letter had not delivered. . . . Being written before the Pearl Harbor incident, which occurred on Dec. 7th, the letter gave no encouragement as to what might have happened since that time.

In a communication dated January 7th to the P. H. Root family, Mrs. Parsel writes "Felix (Elmer) called me on the phone from Java yesterday morning and I still can hardly believe it. We talked 15 minutes and he told me he had gotten some Japs for me. Do you recall seeing in the paper yesterday where those Jap Ships were sunk the day before near Davao by American Bombers? Well, Felix got one of them and he told me it was for me. I am proud of him but still worry about his safety."

Further in the letter Mrs. Parsel stated that the phone call had received considerable publicity, in the Macon, Georgia, papers.

RETURNS TO WORK

Howard Hale resumed his work Monday morning at the Fats-Bee Health Company, after a five week absence owing to a broken bone in his foot.

DOUBLE HOLIDAYS, 3 JINX FRIDAYS TO COME IN 1942

1942 is rich with double holidays, a study of the calendar reveals.

Washington's birthday falls on a Sunday, Memorial Day on Saturday, Flag Day on Sunday, July 4 on Saturday, Labor Day on Monday, and Columbus Day on Monday.

Of unusual interest to all skeptics is the fact that there are three Friday the thirteenth this year. They come right in a row—February, March, and April.

Lent and Easter will come earlier in 1942. Ash Wednesday is Feb. 18 and Easter Sunday, April 5th.

BROTHERDIES

WILLIAM A. REGULA DIES IN SHELBY, BROTHER OF MRS. ELIZABETH SOURWINE.

Funeral services for William A. Regula, 70, were conducted from the Dye Funeral home in Shelby Saturday afternoon at 2 o'clock with Rev. Carl A. Grimm, pastor of the First Evangelical and Reformed Church officiating. Burial was made in the Oakland cemetery, Shelby.

Mr. Regula passed away Thursday morning at the Shelby Memorial Hospital of injuries received in a traffic accident near Tiffin last October. He was the second victim of the accident, his brother Jacob of Carrothers being killed. The two men and two other Shelby residents, Rola Cross and W. J. Gilne, who were injured, were riding in a car which skidded on the wet pavement on U. S. Route 224, east of Tiffin and side swiped another machine. William Regula, who was driving the car, had both legs broken and other injuries. He had been confined to the Tiffin hospital following the accident and later brought "to the Shelby hospital where he passed away."

Survivors include his son, Merrell, and a daughter, Mrs. W. M. Hassler, both of Shelby; two sisters, Mrs. Elizabeth Sourwine of Plymouth and Mrs. Ida Buckman of Toledo; three brothers Frank and Fred of Toledo and Ed of Clyde; also three grandchildren.

BINGO PARTY

Congressman McGregor Introduces Bill For Payment of Income Tax

Congressman J. Harry McGregor, of the Seventeenth Ohio District, today introduced in the House of Representatives a bill to provide for the payment of income taxes in ten equal installments, where the tax is ten dollars or more.

In commenting on the measure the Congressman stated that he felt it would relieve the taxpayer's burden considerably and at the same time the payment of the tax in ten installments would not in any way delay or block the Defense situation greatly, as the President in presenting these programs to the Congress has pointed out that the budget estimates for the twelve months' period are to include tanks, planes, ordnance and other war and defense materials as completed and delivered.

Mr. McGregor remarked that he personally appreciated the hardship which will accompany the payment of the tax under the present setup. He feels that the plan carried in his bill would relieve the situation greatly and make it easier for those paying a relatively small tax as well as those paying income taxes in larger sums.

He emphasized the necessity for increased taxes to carry forward the defense and war programs and said he believes the American people are ready and willing to do so, but his purpose is to make it a little easier for them to do so.

OFFICERS NAMED

J. W. Hanna was named as president of the Tiro board of education at a recent meeting. William Beaver, vice president, and Mrs. Ruth Butler, clerk, were other officers elected.

Miss Fernald will discuss ways of caring for present household supplies to help make them last through the period of the emergency.

OFFICERS NAMED

J. W. Hanna was named as president of the Tiro board of education at a recent meeting. William Beaver, vice president, and Mrs. Ruth Butler, clerk, were other officers elected.

MACHINERY AND EQUIPMENT REPAIR MEET

A planning meeting to arrange a program of checking and ordering farm machinery and equipment repairs has been set up in Huron County for Friday evening, January 16, at the Court House, Norwalk.

This program is being planned through the cooperation of the County Defense Board, machinery dealers, Vocational Agricultural instructor, agricultural planning committees, farm organizations and cooperatives, County Agricultural Agent, and representative farmers. R. D. Barden, Extension Agricultural Engineer of Ohio State University, will lead the discussion. At this meeting an appraisal will be made of the present labor and machinery situation and a program developed that fills the requirements needed by the county.

In this period of national emergency farm farmers are asked to give their situation and help. Machinery has played an important role in making farm labor more efficient. With the increasing scarcity of labor it is doubly important that equipment be in good condition and available to prevent breakdown during the coming harvest season. Repairing and servicing farm machinery has always been good farm management. In 1942, it is doubly important to make machinery last until more supplies are available. Replacement equipment may not be available during the next few years.

WINNER IN CONTEST

Mrs. E. E. Markley is announced as the winner of a \$250 cash prize in the Gift Guild contest, sponsored by the News-Journal in its classified advertising pages from Nov. 28 to Dec. 24. Robert S. Hanes of Mansfield was winner of the first prize \$25.00.

Paul Root, son of Mr. and Mrs. H. Root and Ben Smith, son of Mr. and Mrs. J. Howard Smith left Monday for Fort Hayes, Columbus for examination for admission to the U. S. Army Air Corps.

New army orders give seven days time between the physical examination and entrance into the corps, previously the period was for 30 days.

Paul has been attending school at Miami, Florida and Ben has been employed in the office of the Fats-Roach Company.

AMBULANCE TRIPS
Grover Payne who has been seriously ill at the Willard Hospital was removed Sunday morning to the home of his daughter, Mrs. Fredericks of the North Street Road.

Mrs. Fred Mills was released Sunday afternoon from the Shelby Memorial Hospital and taken to the home of her parents, Mr. and Mrs. Verbeck of Willard. Both trips were made in the Miller-McQuate ambulance.

ILL WITH THE FLU
Mr. Klekkota, proprietor of the restaurant known as Eddie's Place, was off duty the first of the week with illness. Mr. and Mrs. Klekkota make their home in the McFadden residence.

MOVE TO NEW WASHINGTON
Mr. and Mrs. Paul Haynes who have been residing in the Ellis property on West Broadway moved Thursday to New Washington.

OFF DUTY
Robert Lewis was off duty the first of the week owing to a sprained tendon in his foot. He operates Bob's Barber Shop.

FAIRLY TO GO ON
Acting at the request of county and State AAA officials, Richland County Common Pleas Judge C. J. Houston Monday ordered a suit involving the legality of the federal wheat transferred from the county court to the U. S. district court in northern Ohio.

The action was filed early in December by a group of Richland county farmers who contend that the tax collected on excess wheat is unconstitutional. Judge Houston recently granted a temporary injunction halting collection of the penalty from plaintiffs in the case.

Defendants in the action included Guy L. Taylor, county AAA chairman; Elmer Kruse, state chairman of the federal farm setup, and members of the county and state committees. The request for transfer of the case to the higher court was filed in their behalf by Francis B. Kavanagh, attorney in U. S. district court.

H. H. Fackler of Plymouth is president of the Richland County group.

BIRTH RECORDS ARE REQUIRED

All employees of the Fats-Roach Company have been requested by the Federal Bureau of Investigation to obtain copies of their birth record or birth certificate so that they may be placed on file with the Company.

In order to obtain a record of birth an employee born prior to December 20, 1908, must write to the Probate Court in the county where he was born. An employee born after December 20, 1908 must write to the County Health Department in the state where he was born, as all birth certificates are on file in this department. Many of the employees are having difficulty in obtaining their birth records because in a good many cases the doctors did not make the records or as in other cases the records were erroneously made and even in some cases the records have been destroyed by fire.

In addition to obtaining their birth records each employee is to be fingerprinted and a record of his prints are also to be kept on file at the Company. As can be readily seen the Federal Bureau of Investigation has taken every precaution to know the life history, so to speak, of every individual in the Nation so that sabotage can be prevented in plants and communities throughout the United States.

NEW TENANTS

Mr. and Mrs. G. L. Bruce and family of Crestline are the new tenants of the G. O. Thousand property on Plymouth Street. Mr. Bruce is employed on the night shift at the Fats-Roach Company.

FAIRS TO GO ON

FARM DIRECTOR CITES NEED OF MAINTAINING MORALE.
Ohio State Fair and the 92 county and independent fairs will be held as usual this year, despite the war, Agricultural Director John H. Brown asserted.

"To accomplish the important work that lies before us it is necessary to maintain the morale and interest of agriculture," he remarked.

Applying for dates for the annual expositions, fair managers from all parts of the state indicated the stress on farm production in wartime would contribute to the success of this year's fairs.

Fair dates are to be assigned at the annual convention of the Ohio Fair Managers association Jan. 14-15.

SUSPENDS MANSFIELD LIQUOR LICENSE

Columbus, O.—The Ohio board of liquor control recently suspended 10 liquor and beer permits on charges of non-compliance permitted the display of slot machines and gambling devices on the premises included:

Fraternities Order of Eagles, Mansfield, for unexpired term; Sons of Herman Lodge No. 14, Mansfield, for unexpired term; Loyal Order of Moose, Mansfield, also for the unexpired term.

MRS. GEORGE HERSHISER TO HEAD WOMEN'S CHURCH GROUP

THURSDAY SEES NEW OFFICERS INSTALLED AT THE METHODIST CHURCH IN CANDLELIGHT SERVICE.

Officers of the local Methodist Women's Society of Christian Service were duly installed on Thursday at the Church, at the meeting following the monthly noon luncheon. A candlelight service was used, with Mrs. Harry Shutt, as leader, Mrs. Annabel Knight as Church Officer, Mrs. Otis Downend as organist with Mrs. Florence Brokaw giving the prayer. Mrs. P. W. Thomas assisted in the installation preparation.

The following officers were installed: President—Miriam Hershiser; Secretary—Anna Markley; Corres. Sec.—Marguerite Pitzer; Treasurer—Mabel McFadden; Sec. of Missions—Alice Ford; Sec. of Local Activities—Sadie Ford; Sec. of Supplies—Mrs. Downend; Sec. of Spiritual Life—Annabel Knight.

In a prayer by Mrs. W. H. McCullum of the Central Jurisdiction of the Methodist Church, Committee on Literature and Publications, in Chicago, Ill., she used the phrase "grant us wisdom, grant us courage for the facing of this hour" in a world of chaos. It is last line of a courageous song by the world known preacher of New York, Harry Emerson Fosdick. The prayer and the song were so inspiring that the Committee took the line for the theme of 1942, a year in which the nerves, strength and love of every human will be tested to the limit. The Installation and Pledge Service were taken from this 1942 Yearbook.

The Affirmation of Faith of the Church was given by all present. A Pledge service of responsive readings was given by Leader Mrs. Harry Shutt, and the audience and officers-elect.

As the hymn "Oh, Master Let Me Walk With Thee" was played softly, three candles on an improvised altar holding the Holy Bible, were lighted by Mrs. Annabel Knight, representing the officials of the church.

The Leader then gave a call to prayer and the entire group bowed for silent prayer as Mrs. Otis Downend played the hymn "Sweet Hour of Prayer."

Using the song "For The Facing of This Hour," a litany was conducted by the Leader and audience.

As the hymn "Oh Jesus I Have Promised" was softly played the

new officers with white candles stood before the altar and made their pledge and prayer. Then each officers individually repeated a Bible verse as she lighted her candle at the Trinity of candles around the Bible.

At the conclusion of the Installation Ceremony Mrs. Shutt gave the words of an old Quaker benediction—"The Lord Bless Thee and Keep Thee—GOING!"

After Installation, a devotional period with the theme "I Am With Thee Always" was conducted by Mrs. Frank Pitzer.

President Mrs. G. Hershiser conducted the business meeting following. A rising vote of thanks was given the hostesses for the noon luncheon; Mesdames McFadden, Motley, Thrush, and I. Ross.

During the business meeting it was decided to accept the Missionary pledge of \$55.00 suggested by the District officers; to place a subscription of "The Christian Home" with all newly married couples of the church; to use pledge cards for the year; and to have a Student Secretary program to keep in contact with men from our church who are in Service with the armed forces of the government.

A letter on the need of financial help for Christian workers in China and other Oriental countries, was read.

The hostess for February are Mesdames Pitzer, Postle, Downend and Knight. Program leader and devotional leader will be announced later.

Officers who were necessarily absent will be installed at a short service in February.

KIDNEY DISTURBANCE GAVE OHIO MAN MANY HOURS OF PAIN

"Getting up 6 or 7 times a night for the purpose of relieving my kidneys was a common occurrence prior to taking TON JON," declared Mr. John H. Berry, of Mt. Vernon, Ohio, E. R. 2, and a member of the Eagles Lodge.

"This disturbance of my sleep and rest night after night was wearing down my vitality and energy. I was so nervous that I was never at ease no matter whether I was sleeping, sitting, working or anything else I was doing. I had to endure very severe pains in my back, arms and legs and my joints and muscles were so sore and stiff that any motions of my body were painful. My legs, feet and ankles would become dreadfully swollen."

"Every night I had to take two pills to force bowel action and this became such a bad habit that I knew I must resort to something else to promote this necessary elimination because already I had lost about 13 pounds. I decided to take TON JON to see if it could aid my upset system and relieve my kidneys, soothe my nerves and correct my constitution. It immediately started action and after 3 months' treatment, I feel absolutely fine. I very seldom have to get up for

kidney relief, my nerves have calmed down wonderfully and I have regained the weight that I had lost. I want to give thanks for what TON JON has done for me and will gladly recommend it to anyone with similar distress."

Come to Eddy's Pharmacy, 800 Broadway, Lorain, Ohio, and let the TON JON Health Representative explain how these remarkable medicines will benefit you.

The stockholders have passed the \$5000 from the undivided profit account to the surplus fund leaving the surplus fund \$40,000.

The usual dividend for stockholders was handed out.

The total deposits now are \$373,000 which is about \$60,000 higher than ever has been.

A special condensed statement of the bank in a neat folder, commemorating the fortieth anniversary was presented the stockholders.

The folder contained the pictures of the four presidents since the organization. Jerry Wolf elected the first president in May 1901, and continued in office un-

til he moved to Ashland, Nov. 1903. F. J. Prange was elected in Nov. 1903 and served until his death in May 1916. C. G. Wolfersberger was elected May 1916 and served until his death in Oct. 1938. George Wolever the present president, was elected to that office in Nov. 1938.

Officers were re-elected and are: Mr. Wolever, president; T. A. Barnes, vice president; A. W. Firestone, sec.-treas.; Miss E. Floy Rose, bookkeeper.

The directors include George Wolever, L. D. Wolfersberger, T. A. Barnes, H. H. Wolf, A. W. Firestone, G. W. Shafer and C. R. Wolford.

Miss Ina Brumback presided for the business session.

LOCAL RED CROSS SEWING PRAISED BY COUNTY OFFICIALS

Some folks may be glad to know that a little band of women numbering from three to eleven have been meeting every Friday afternoon to sew for the Red Cross.

The report of the work from the third week in June to the first of January is outstanding in the county contribution. The workman-ship is also above the average.

The report follows: 35 women's dresses; 12 girls' dresses; 49 women's skirts; 49 boys' shorts; 38 boys' dresses; 18 children's sleepers; 10 children's snow suits; 20 children's rompers; 20 children's shirts and 172 diapers hemmed.

Several ladies have crocheted shawls and knitted sweaters. This group is proud of their accomplishment, but twice the number of workers could turn

out twice the number of garments.

At present they are making slacks, shorts and mittens. Friday, January 16th, they have planned for an all day sewing. Each woman will bring her own lunch and every woman in the community who can possibly do so, will be asked to come on next Friday, but every Friday afternoon hereafter. Some new work will also be ready at the meeting this week.

In his Sunday night broadcast W. J. Cameron made a broad but true statement when he said that the Red Cross was the greatest organization in the world. Millions of people had retained their membership since the last war, and now they were joined by many millions more. It is an organization worth studying, and worth cultivating.

Winifred Black Weds Lt. Reichert

Mr. and Mrs. F. Leroy Black, and, are announcing the marriage of their daughter, Winifred, to Lieut. Earl T. Reichert, of Brooks Field, Tex., son of Mr. and Mrs. R. D. Reichert. Not Always Termities

When a flooring begins to rot it is not always a sign of termities, although it is possible that they are causing the damage. If the condition exists near a wall that is close to a cement porch, it is probably dry rot caused by lack of ventilation.

"Disregarded STOP sign" was given as the contributing cause of 420 accidents on state highways outside municipalities for the first ten months of 1941, as recorded in the Division of Traffic & Safety, Ohio Department of Highways.

Obey STOP signs when driving and aid in the emergency safety program to halt the rising accident rate, which is causing a corresponding rise in man hours lost in war production.

BEHIND THE SCENES OF AMERICAN INDUSTRY

— by John Craddock

NEW YORK, Jan. 15.—"OVER-DRIVE"—No startling change, but a shift into a super-high gear in the conversion of all America's industrial resources to war needs is indicated by President Roosevelt's laying down the two-year requirements in planes, tanks, guns, shipping—and the \$5 billion cost. The process has been going on for months, but now it's absolutely "all-out," and the response of industry is: "We'll do the job." The auto industry, veritable keystone of America's industrial structure, comes to a complete stop in making passenger cars and even light trucks, come January 31—but is fast shifting into "overdrive" gear on armaments. C. E. Wilson of General Motors says his company hopes to produce two billions' worth of war materials in 1942, and reach a yearly rate of nearly three and three-quarters billions in 1943. And K. T. Keller of Chrysler said its production of tanks is going to be tripled, on top of 1941 output, which was "double what anyone had hoped it would be."

BUT there'll be plenty of changes in shopping habits, delivery facilities, personal transportation and other phases of American life. Already proposed is "every-other-day" instead of daily delivery of milk, and consolidation of delivery routes to avoid duplication of truck miles. Larger containers for food, especially those using tin, are coming. Two-trouser suits are on the way out; so are vests of double-breasted suits. Nylon, which has been counted on to take up much of the slack in hosiery, yarns when silk imports were stopped last August, itself is now in such need for parachutes that the use of that hosiery, underwear and other uses has been cut by 20 per cent. Maybe cotton stockings soon will be a badge of honor—a small-enough token of American ability to "take" at least that minor shock to vanity.

ANTI-WASTE WEAPON—Necessity is going to be the mother of much invention as this war goes on. Already the suddenly-acute rubber situation has spawned a new machine capable of saving 34,000,000 pounds of rubber a year. That's 17,000 tons, more than a year's yield of 9,000,000 Far East rubber trees. With the nation now having to depend more on reclaimed rubber, John L. Colby, president of the E. F. Goodrich company whose engineers developed the new invention, is making the device available to the nation's rubber-reclaiming industry. What the machine does is save for re-use the rubber surrounding the wire "bead" used in all tire rims. These wires are imbedded so firmly that heretofore reclaimers have found it practical to just cut off the whole edge section and throw it away—and the loss aggregated about 17,000 tons a year. The new machine splits the rubber and puts out the wire with a shearing action that leaves the rubber in good shape for re-

claiming.

FEELING "SCRAPPY"?—You can do a real good turn toward helping kill the Axis by joining—or starting—a scrap-metal collection drive. Uncle Sam needs that leaky old washbowl, that rusty old bedspring. The steel mills are really getting desperate—short on scrap. The flow of such "junk" is naturally much slower in cold weather months, and all during the milder months the steel production pace was such that the mills couldn't build up their scrap stockpiles as they ordinarily do. Automobile wrecks, yards offer a tremendous source of scrap steel. It's true that usable parts that can be recovered from these auto graveyards are, logically, being taken off and stored up against the expected demand for them as new-part manufacture dwindles... but there's still a great lot of useful scrap in the frames, motors and bodies of those "highway has-beens."

LIQUID ASSETS—All beverage distilleries in the land have been ordered by OMP to produce all the 100-proof ethyl alcohol they are capable of making from corn, or other grain, because this type of alcohol is important in making smokeless powder, plastics, other war materials. A few days earlier, OPM had prohibited use of molasses in making such beverages, starting Jan. 15. According to the agency, war time uses have resulted in a 300 per cent increase in demand for industrial alcohol. Beverage-makers, like the auto men, were quick to pledge co-operation. Lewis S. Roenstiel, board chairman of Schenley, summed it up by saying "there is one purpose today beside which all else is secondary—cooperation to the fullest extent in the war effort... whether it be in the further use of facilities for the production of alcohol or in other ways helpful to the winning of the war." No vintage shortage is anticipated by OPM, since there is more than a five-year's supply on hand in the country.

THINGS TO WATCH FOR—A Donald Duck stock (in the making) in which Donald Duck—as only he can!—upon getting his war-time tax bill, then sees swarms of planes and tanks, and is placed, ending up by concluding he oughta pay even more!... a barber chair with an extra seat in which the hair cutter himself rides around sitting while he snips... lots of black-out items featuring phosphorescent (glows in the dark) cloth—among them a doll whose glow is designed to give reassurance "company" to its child owner caught in the dark... less whiteness in the paper in books and magazines; no chlorite for paper-bleaching after February 1.

Chinese Tugs—Certain Chinese societies are called tugs because it refers to the living room of a Chinese house and was probably applied to the societies because they originally met in the house of the members.

HURON COUNTY COURT NOTES

NORWALK.—The total of divorce actions in Huron co. comes to 161 such cases having been filed during the past year as compared to 157 in 1940 and 115 in 1939. Records at the court house show that from the days of the Civil War up until 1900, the number of divorce cases filed annually in this county averaged approximately 12 per year.

Granted License—A marriage license has been issued here to LeRoy William Clayton, 20, North Fairfield, farmer, and Clara Rose Sparks, 23, Willard. Rev. William Power of North Fairfield named to officiate.

Faces Two Suits—Harry N. Bedell, scheduled to be paroled from the London prison farm Jan. 15, is expected to be in two civil actions filed in common pleas court here by Harry Stoll and Kenneth R. Derby, both of Norwalk. Stoll and Derby charge Bedell obtained funds wrongfully in motor transactions by violating section 6290-18 of the state code. Bedell, a former garage and automobile dealer here, was sentenced about two years ago on a motor transaction charge.

PROCEEDINGS IN HURON COUNTY PROBATE COURT—Thyrle Frances E. Eberick, wife of claims approved and ordered of record. Alice L. Bishop Estate: Final accounting filed. Mattie Arthur Estate: Final account approved. Estate closed. Carrie M. Wyandt Estate: Will filed for probate and record. Alna Elaine Osborn (Gdnshp.): Final accounting filed.

Native of Attica Suggested Move To Stabilize Holiday

Applause is due Senator Joseph A. Danaher of Connecticut, for his foresight in inserting into the Thanksgiving Day stabilization bill, signed by President Roosevelt, the amendment that made the bill read "fourth" instead of "last" Thursday in November. Far from being a "minor" amendment, this change eliminated what might have been a "joker" in the conclusion, defeating its true purpose. The World Calendar Association, world headquarters for calendar data and research, points out that in four of the 14 different calendars with which we have to reckon under the present Gregorian system, the "last" Thursday in November is a fifth Thursday, putting the holiday far later in the month than normal and making for further instability. In other words, the holiday would have continued to vacillate unless the amendment to "fourth" were made.

It was representative Earl C. Michener of Michigan who inaugurated in the House the move to stabilize Thanksgiving as a national holiday. The Senate Committee on the Judiciary amended the bill to "fourth," reported it favorably, and it was adopted without dissent. The House accepted the amendment and the bill was passed with the joker removed.

Michener was born in Attica, Ohio, and has many relatives and friends throughout Seneca-co.

County Hybrid Test Plots Yield Well

Huron County corn performance test plots in 1941 produced several very high yields, in bushels of shelled corn per acre, standardized to 15.5 moisture. A few of the best yields, and the farmers who grew them, are: Heyman Bros., Lyme Twp., who had 121.1 from Iowa 939; 119.8 bushels from Ohio 54, 114 bushels from Ohio 48, and 112.7 bushels from Ohio 78. Fred Brown, Sherman Twp., with 101.7 bushels from Ohio 48.

Karl Koch, Ridgefield Twp., with 102 bushels from Ohio 45; Frank Linder, Norwalk Twp., with 101.1 bushels from Ohio 62; Glen Calhoun of Clear Creek Twp., Ashland County, got 114.5 bushels from Ohio 46, and 107.5 bushels from Ohio 24. Don Jameson of Pritchett Twp. with 115.4 bushels from Ohio K-23, 115 bushels from Ohio 24, and 109.4 bushels each from Iowa 938, and Ohio K-33. Malcolm Smith, Greenfield Twp., with 118.4 bushels from Ohio 24, 111.9 bushels from Iowa 939, and 106.4 bushels from Ohio 62. Glen W. Beecher, Wakarusa Twp., with 112.3 bushels from Iowa 939 and 105.5 bushels from Ohio 42.

WIN SIXTH STRAIGHT GAME

DEFEAT ONTARIO IN THE LEAGUE GAME, 38-27 TO GO FOR FIRST PLACE IN COUNTY LEAGUE.

By Ray Ford—The Plymouth High football team easily won over the Ontario High Warriors, 38-27 on the local hardwood Friday night. It was a Richard County League game which left Plymouth undefeated in league play. The win was also their sixth straight since dropping the first two games of the season to New Haven and North Fairfield, each of whom now has been beaten by the Pilgrims. "Cider" Reed was high point man for the game, getting 17 points. Gage was high for Ontario, garnering 8 points and also getting running honors. The game was closer than the score implies, Ontario staging a last quarter rally while the Varsity Reserves were playing. The victory gave the Pilgrims a 3-0 record and the Warriors a 1-2 record.

RESERVES WIN EIGHTH STRAIGHT

Playing an unusually good brand of ball, the Pilgrim Reserves swept to their eighth straight win, defeating the Junior Varsity of Ontario, by the score of 27-17. Twelve Reserve players saw service in this game, with Quentin Ream and Tom Moore trying for high scoring honors in the game with nine points each. Hellinger and Henry were high for the Warriors with 4 points each. The Reserves have been playing a brand of ball seldom seen in local league circles and have been going full blast ever since the season opened with their 18 to 5 win over New Haven.

HE FORGOT

He brushed his teeth twice a day with a nationally advertised tooth brush.

The doctor examined him twice a year.

He wore rubbers when it rained.

He slept with the windows open.

He stuck to a diet with plenty of fresh vegetables.

He relinquished his tonsils and traded in several wornout glands.

He golfed, but never more than 18 holes.

He never smoked, drank, or lost his temper.

He did his daily dozen.

He got at least eight hours sleep each night.

The funeral will be held next Wednesday. He is survived by 18 specialists, four health institutions, six gymnasiums, and numerous manufacturers of health and antiseptics.

HE HAD FORGOTTEN ABOUT TRAINS AT GRADE CROSSINGS.

Fatalities resulting from highway railroad grade crossing accidents in the first 10 months of 1941 totaled 1,520, an increase of 108 fatalities compared with the corresponding period of 1940, according to the Bureau of Statistics of the Interstate Commerce Commission.

Back Bricker

The Huron County Republican Executive Committee has endorsed Gov. John W. Bricker as a candidate for the nomination to the same office. The action was taken at a meeting of the group on last Tuesday night. It was a unanimous endorsement.

At a meeting of the Huron Co. McKinley Club held Thursday, it was voted to have a McKinley banquet this year. Harry Hawkins of Greenwich was named president; Clyde May of Norwalk, executive vice president, and Carl Rohrbacher, secretary-treasurer.

It is expected that Governor Bricker will be asked to deliver the principal address at the banquet.

YOUR INCOME TAX

With the new Income Tax Laws which take effect this year The Advertiser each week will publish informative articles on this subject.

Forms for filing returns of income for 1941 have been sent to persons who filed returns last year. Failure to receive a form, however, does not relieve a taxpayer of his obligation to file his return and pay the tax on time—on or before March 16 if the return is made on the calendar-year basis, as is the case with most individuals.

Forms may be obtained upon request, written or personal, from the offices of collectors and from deputy collectors of internal revenue in the larger cities and towns.

A person should file his return on Form 1040, unless his gross income for 1941 does not exceed \$3,000 and consists wholly of salary, wages, or other compensation for personal services, dividends, interest, rent, annuities, or royalties, in which event he may elect to file it on by reference to a table contained in the form.

Forms may also be filed with the collector of internal revenue for the district in which the taxpayer has his legal residence or principal place of business on or before the midnight of March 16, 1942. The tax may be paid in full at the time of filing the return or in four equal installments due on or before March 16, June 15, September 15, and December 15.

In making out your income tax return read carefully the instructions that accompany the form. If you need more information, it may be obtained at the office of the collector of internal revenue, deputy collector, or an internal revenue agent in charge.

Remember that single persons or married persons not living with husband or wife, who earn as much as \$14.63 a week in the 52 weeks of the year, and married persons living together who have aggregate earnings of as much as \$28.65 a week for the year, are required to file returns.

MRS. LEIHAI WILSON, 75, DIES AT NEW LONDON HOSPITAL

Mrs. Leihai Wilson, 75, died Monday in the New London hospital after being stricken ill three days ago.

Born in New Haven, she had lived in New London for forty years and leaves no survivors.

She was a member of LeRoy chapter No. 82 of the Order of Eastern Star and Runyon post 31 of the Women's Relief Corps, a civilian defense union recently organized.

Services will be held Thursday at 2 p. m. at the Fitch Funeral home in New London in charge of the Eastern Star order. Burial will be in New Haven.

TWP TRUSTEES HOLD MEETING

Plymouth township trustees held their reorganization meeting Saturday night at which time George Cheesman was appointed chairman. Among other changes in personnel was the appointment of Whitney Blackford as road superintendent.

Harry Chronister was sworn in as constable, and Virgil Baird took his oath of office. Baird succeeds George Harris on the board, having been elected last November.

On Tuesday night the trustees held their appropriation meeting, and the various funds were checked over. It was revealed that the township trustees enter the New Year in one of the best financial conditions they have experienced for the past several years. This is due mostly to the fact that the old road bonds will be retired in 1943. The bonds, in their three issues, totalled around \$65,000. With this obligation erased, the trustees will find it easier to do extra work, which heretofore had to be neglected because of its indebtedness.

Members of Plymouth township trustees board are: Geo. Cheesman, Sam Cashman and Virgil Baird.

Prevents Steel Becoming Brittle
 Manganese prevents steel from becoming brittle but it also increases the milk mother rats have available to nourish their babies. Lack of manganese in the tissues of children results in a bone disease commonly known as "rickets." These are only a few of the findings made by University of California investigators with the aid of radioactive "labeled" manganese atoms.

ANNUAL MEET OF STOCKHOLDERS

Stockholders of The Peoples National Bank held their annual meeting Tuesday afternoon at which time business was transacted which brought to a close one of the most successful years in the history of the institution.

The following members, who have served previously, were re-elected to the board of directors: John I. Beelman, John A. Root, N. B. Rule, J. W. McIntire, F. M. Nimmons, C. M. Lofland and J. E. Nimmons.

The directors re-elected the following officers: John I. Beelman, president; J. E. Nimmons, vice president; C. M. Lofland, cashier; Earl Cashman, bookkeeper.

Mr. Beelman, who is well-known in this vicinity, should at this time have a little extra special mention of the fact that he has been associated in the banking circles of Plymouth for forty-seven years. He started in the old First National Bank of Plymouth, and when it was dissolved, became associated with the present Peoples National.

An improvement program was started last fall on the bank building, and several factors have hindered somewhat its completion. However, new fixtures and furniture have been installed and many interior changes made which, when finished, will give Plymouth one of the nicest and most modern banks in this section.

Workmen are busy finishing up the installation of large plate glass windows, and other needed repairs on the outside of the building. Provided inclement weather and delay of material do not interfere the improvement program should be completed.

program should be completed

The entire personnel of the bank are to be congratulated on the continuous and healthy growth of the institution. For the first time in its history the bank deposits went over the million dollar mark for the last quarter of 1941, and indications are that the bank will show continued growth in 1942.

CONTRIBUTE \$650 TO RED CROSS

The Fate-Roth-Heath Company and its employees contributed nearly \$650.00 toward the Red Cross War Relief Fund. As a result of this fine showing it will be a great asset toward reaching the goal of \$20,000.00 as set by the Richmond County Red Cross. It is needless to say that if all companies and their employees cooperate so splendidly in contributing toward the War Relief Fund the amount raised throughout the Nation will go far beyond the expectations of the Red Cross Chairman and their fellow workers.

The rest of the community has not as yet been canvassed but it is believed that after it is canvassed the total amount contributed by the Village along with The Fate-Roth-Heath Company and employees will place Plymouth very near the top of the list of the leaders in Richmond County.

Mrs. Mabel McFadden, local chairman, also announces a number of individual contributions and one from the Northern Ohio Telephone Company. Should others wish to donate before the solicitation Mrs. McFadden will see that it is turned into the proper channel.

A Short Story: Lost and Found

Under the direction of Mr. Most, the Sophomore English class have been studying a unit on the short story. After reading a number of famous short stories, the class studied how short stories are written. Then the Sophomores tried their hand at writing short stories. One of these stories will be printed weekly as space permits. The first one, which appears below, is the work of Phyllis Miller:

LOST AND FOUND—A PUPPY

"Look Mommy!" called the small girl coming up the walk. "I got all A's on my grade card. Well—all but one and that doesn't count. Patty Barber got a C in conduct too and she said the teacher only said that was because I was a big baby and start to cry. Well, I didn't cry one little bit but I felt like it for a while."

Mrs. Mallory looked at the grade card and the walk. "You're right, honey," she said. "You certainly had a good day. You couldn't scold her, she was so sweet. She had a little soft and rosy face with two big blue eyes shining from it. But the most beautiful thing about this little six year old girl was her shining honey colored hair. It fell in soft little ringlets and made a glowing frame around her face. Folks had nick-named her "Honey" and that was the reason. No, you just couldn't bring yourself to scold her. She had started in the first grade just six weeks ago and she wasn't really used to being quiet and so on long."

"Well, maybe you can do better next time. You'll try anyway won't you?" Honey threw her small arms around her mother and squeezed as hard as she could. "Oh, Mommy, I was afraid you'd be real mad. I feel so much better now."

"We'll forget about it this time; you run out and play now. You're hurting Mommy's neck." Honey ran out to play and Mrs. Mallory started to busy herself with a coconut pie, Fred, her husband liked them like that.

That night at the Mallory family, consisting of Mrs. Mallory, Mr. Mallory, and Honey, were finishing their desert. Mr. Mallory spoke, "Honey, I was surprised to hear you got a C in conduct on your first grade card but if you will give me your word of honor that you will try as hard as you can to raise that grade, I have a surprise for you." "Oh Daddy! Cross my heart and hope to die if I don't try awful hard. What is the surprise?" Mr. Mallory's face was grave and he said, "No Honey, I don't want you to know the surprise. Your grades aren't that important. Now, you run out in the kitchen and look under the stove."

Honey ran as fast as she could. Under the stove there was a basket with a blanket in it and—"Oh, a puppy!" Honey shouted with joy, grabbed the puppy, and ran into the dining room. She was so excited, she couldn't talk. It wasn't any wonder though with a puppy as cute as this one. He was so fat he looked like a ball with black and white spots on it. He had big brown eyes that looked at you and made you forgive him for any mischief he might have gotten into. He was just like Honey in that respect.

"The man I got him from called him 'Spotty'. Mr. Mallory broke in. "So I imagine you'd better call him that too, because he's probably used to that name."

In the following weeks Spotty and Honey were together every night after school. She showed him to all her friends and even wanted to take him to Sunday School with her. Every morning before she went to school she kissed him good-bye. Yes, and she had kept her promise to be better in school. The teacher even remarked about it.

Then it happened. Just two weeks before grade change Honey had just gotten home from school. She ran into the house to find out where Spotty was. In the house she was surprised to see her father home so early. Mr. and Mrs. Mallory were standing there looking at Honey. Mrs. Mallory had tears in her eyes and Mr. Mallory's face was pale and sad.

"Mommy! Daddy! What's the matter?"

"Now Honey," Mr. Mallory said, "You're going to have to be the brave little girl you always have been. It's Spotty. He—" "Spotty?" Honey cried in a frightened voice. "Where is Spotty; what's happened to him?"

"He—He ate some poison somewhere this afternoon. He's in Heaven now, but he'll be happy there. They'll give him all the bones he wants with plenty of don't feel too bad. Mommy and

I will get you another puppy just as cute as Spotty."

meat on them too. Now, Honey, "I don't want any other puppy. I just want my Spotty back." She didn't eat any supper at all. She had a big lump in her throat and the food just wouldn't go through.

That night as she knelt by her bed she sobbed out a special prayer for her usual one. "And, Dear God, when I die and go to Heaven too, please, may I have Spotty for my very own puppy again, so we can play together all the time! But until I come, will you please take special care of me for me? Thank you, God. Amen." Then she got in bed and cried herself to sleep.

In the next few weeks a very sad little girl went to and from school every day. Her big blue eyes had lost their sparkle and were always sad now.

"She'll get over it soon now. It just takes time," Mrs. Mallory had said. "We'll get her another 'Spotty' then, and she'll be just as happy as she ever was."

"Yes, I guess you're right," answered Mr. Mallory, "but she certainly had become attached to that pup."

Then came grade card day. Honey looked at hers and a sparrow-like bird flew for the first time since Spotty had been gone. Yes, there were all A's, even in conduct. "Oh, won't Mommy and Daddy be glad to see this. And she started to run home but in her excitement she ran across the street, she failed to see the oncoming car. There was a screeching of brakes, a scream, and an excited crowd standing around the still form of a tiny six year old girl.

The birds were singing. The air was fresh and sweet. This was a beautiful land and everybody seemed so happy and content. Yes, and through the trees you could see a little girl with honey colored hair and big sparkling blue eyes with a little black and white puppy. They were happily running and jumping together down the winding path. A prayer had been answered.

Recorder Records \$1,345 Increase In Business for 1941

Business was good in 1941, at Richland Co. Recorder D. D. Orewiler's office, with receipts topping the 1940 figures by \$1,345. Orewiler said there was an increase of 25 per cent in chattel mortgages filed and 12 per cent in deeds and other mortgages.

The big gain in chattel mortgages reflected the increased buying of home furnishings, including furniture, ranges, and refrigerators, the recorder said.

Total revenue from fees at the office for the year was \$10,800 as compared with \$8,858 in 1940, Orewiler's report showed.

The number of deeds and real estate mortgages recorded increased to 6,535 from 5,801 in 1940. There were 10,974 chattel mortgages filed last year and 1,700 in 1940.

Explains Regulations On Fishing Licenses

With many people starting or making plans to fish through the ice of Sandusky Bay or Lake Erie, H. D. Hutter, state game protector, said that all must have 1942 fishing licenses. He added that the present licenses run from Jan. 1 this year until Feb. 28, 1943 and that after that all fishing licenses will be dated from March 1 until the following Feb. 28, a new ruling.

Hutter said that the hunting license dates will continue to be the same, namely from Sept. 1 until August 31 the next year.

The game protector said that there has been some confusion among fishermen about their licenses but there needs to be none as the licenses purchased now will be good until Feb. 28, 1943.

SITE APPROVED

WASHINGTON—Approval of a 42-acre site for construction of a defense housing unit in Sandusky Ohio, when funds are made available, was given by Congress recently by the federal works agency.

The rectangular property lies within the city limits on the west side of Grove street between Perkins and Buchanan streets. Houses for 200 families of industrial workers will be built on the site.

WHAT NEW BUDGET

MEANS TO JOHN DOE
Washington—During the fiscal year 1942, the federal government will spend at the rate of \$112,000 every minute of every day.

Or, to put it another way, should the administration elect to pay all its expenses out of current taxes, and levy a per capita tax with no regard for "ability to pay," every man, woman and child in the nation would have to pay \$447 into the treasury as his share of the war cost during the coming year.

ORDINANCE NO. 60

AN ORDINANCE FIXING THE SALARY OF THE SUPERINTENDENT OF THE WATER AND ELECTRIC PLANTS OF THE VILLAGE OF PLYMOUTH, OHIO.

Be it ordained by the Council of the Village of Plymouth, State of Ohio:

Section 1. That the salary of the Superintendent of the Water and Electric Plants of the Village of Plymouth, Ohio, shall be Twenty-One Hundred Dollars (\$21,000.00) per annum, payable quarterly, and in addition to this salary the said solicitor shall be allowed and ordered paid by the Council for extraordinary services, collections, litigation not connected with the Mayor's court, improvement proceedings and travelling expenses on Village business outside the corporation such sums therefor as are reasonable and just, such services and work having been duly authorized by the Council.

Section 2. That all ordinances, sections or parts of ordinances inconsistent herewith be and the same are hereby repealed insofar as the same may be inconsistent.

Section 3. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed January 2nd, 1942.

J. H. DERR,
President of the Council
J. H. RHINE,
Clerk of the Council 6-15-c

ORDINANCE NO. 58

AN ORDINANCE PROVIDING FOR THE EMPLOYMENT OF A VILLAGE SOLICITOR, AND DECLARING AN EMERGENCY. BE IT ORDAINED BY THE COUNCIL OF THE VILLAGE OF PLYMOUTH, STATE OF OHIO:

Section 1. That legal counsel shall be provided for this Village, and the person employed as such counsel shall be known as the Solicitor of the Village of Plymouth, Ohio. Such solicitor shall be employed by the Council for a period not exceeding two years and upon Council employing such solicitor the Mayor and Clerk of the Council shall be authorized to enter into a contract with said solicitor.

Section 2. That the salary of the Solicitor shall be Two Hundred Dollars (\$200.00) per annum, payable quarterly; and in addition to this salary the said solicitor shall be allowed and ordered paid by the Council for extraordinary services, collections, litigation not connected with the Mayor's court, improvement proceedings and travelling expenses on Village business outside the corporation such sums therefor as are reasonable and just, such services and work having been duly authorized by the Council.

Section 3. The solicitor shall be an attorney at law, admitted to practice in the courts of Ohio. It shall be the duty of the solicitor to act as attorney and counsel for the village and the officers thereof in their official capacity, and as such attorney, to prosecute and defend all actions by or against the village or any department or officer thereof during the term of his employment; and to render legal opinions to the council and to any department or officer of the village upon request in writing, and to prepare all ordi-

nances, resolutions, motions and contracts when requested so to do.

Section 4. Any ordinance, section or part of an ordinance in so far as said ordinance, section or part of an ordinance conflicts with the provisions of this ordinance, be and the same are hereby repealed.

Section 5. That this ordinance is hereby declared to be an emergency ordinance necessary for the immediate preservation of the public peace, health and safety and shall go into immediate effect. The reason for such necessity is that legal counsel should be immediately provided and his salary regulated and existing legislation is not deemed adequate.

Passed January 2, 1942.

President of the Council

ORDINANCE NO. 59

AN ORDINANCE ESTABLISHING THE POSITION OF DEPUTY MARSHAL, FIXING SALARY THEREFOR, AND DECLARING AN EMERGENCY. BE IT ORDAINED BY THE COUNCIL OF THE VILLAGE OF PLYMOUTH, STATE OF OHIO:

Section 1. That there is hereby established the position of Deputy Marshal, whose salary shall be Four Hundred Dollars (\$400.00) per annum payable monthly. Said appointment shall be made for the time and in the manner provided by law. Said Deputy Marshal shall give bond in the sum of \$1000.00.

Section 2. That this ordinance is hereby declared to be an emergency ordinance necessary for the immediate preservation of the public peace, health and safety and shall go into immediate effect. The reason for such necessity is that a deputy marshal is immediately needed for the safety of said Village.

Passed Jan. 2, 1942.

J. H. RHINE,
J. B. DERR,
President of the Council

Passed January 2, 1942.

PLYMOUTH HERE FRIDAY

The Plymouth Pilgrims will meet our own Drummer Boys on January 18 here on our own floor. Let's see all you loyal fans come out and boost our team to victory. Show the boys how much you appreciate them. Don't forget Friday night at 7:30.

BASKETBALL

Shiloh lost its third county league tilt Friday evening, when Union beat the Drummer Boys 43-20. This game was played on the Union floor.

James was high for Shiloh with 10 points.

The Reserve hit the win column with a 17-13 victory.

Shiloh Drummer Boys won their first Twin Valley League game Saturday night by defeating Greenwich 37 to 22. It was Shiloh's ball game all the way with a 15-3 lead at the end of the first quarter, 21-9 at half time, and 28-13 going into the last stanza.

High scorers for the evening were Russell and James with 12 points apiece.

The Reserves lost their game 12-15.

STUDENT COUNCIL

The Student Council had a regular meeting on Thursday, Jan. 15. They discussed ideas for a play day to be held in the Spring which will serve to unite the Class B County Schools with a stronger bond of friendship.

Twenty-three kits have been sent out by this organization to boys in the service of Uncle Sam so far. The many letters of thanks have amply rewarded us for all the work spent on them. We are planning on making more and sending them out as our boys from the surrounding community leave.

SERVE LUNCHES

The first year Home Ec. class has been serving cafeteria lunches every Wednesday and Friday. They will continue this for at least a month. It gives the girls good valuable experience as well as brings in money to the Home Economics Club. The menus are planned, cooked, and

served by the girls with the help of Miss Pettit, the Club's leader.

AIR-RAID PRACTICE

Plans are being made for an air-raid signal to be used at school. Even though we are miles from the coast where most of the danger is now, there may come a time when this danger may come closer and so every precaution is being taken so that we will not be taken unaware. Places have been assigned to students in case of the need for the signal. This is done to avoid confusion.

JUNIOR CLASS NEWS

We want to express our appreciation to the Junior, Harry Guthrie, for the nice candy stand he made for us. It is sure is swell, Harry.

We have been doing real well with our candy sales at the basketball games. We are selling hot dogs, pop and candy. As you know Plymouth plays here Friday night. We will have our headquarters in the Home Ec. Kitchen and also have our salesmen in the crowd. Pay us a visit.

EIGHTH GRADE NEWS

The Seventh and eighth grade girls Basketball teams had a game last Friday. Donna Garrett's team defeated Betty Rose's. A meeting of the Enthusiastic twenty-six was held Friday, Dec. 10. After we had discussed both new and old business and had decided to make a new constitution, we had a Spelling Bee.

The Seventh and Eighth Grade Girls Glee Club is planning to go to Tiffin on March 7 to sing two contest numbers. We hope to get a better rating than we did last year.

Wednesday evening we are planning a sledding party. We have not decided exactly what we are going to do, but we will probably have the party at Dick Clark's home.

MUSIC CLUB

The band started out this week by playing for the P. T. A. meeting last Monday night. We played four numbers. Men of Valor, Old Donald, Our Di-rector, and ended by playing the Star Spangled Banner.

The next few weeks the music club as a whole will be busy. Mr. Spirk has ordered our contest music. There will be several solos both vocal and instrumental. We will all work hard and try to get good ratings when contest time comes.

DEFENSE CLASS STARTED

The Defense Vocational Shop Course was started here a week ago Monday. There are 24 boys enrolled. Of these 12 are taking lathe work and 12 are taking welding. This course will last for eight weeks. Mr. Bartholomew and Mr. Young are acting as instructors. The course so far in lathe has been purely theoretical, while welding has been actual practice work.

THE SNOOPER!!!!

When someone asked Mary Jean Homerick what her favorite candy bar was, she answered "Clark." Would you know why, Paul?

The Snooper wants to report the fine attendance which followed the team to Union last Friday night. Keep it up, Gang!

An insignificant little pea caused a lot of trouble last Monday during the Latin Club Play in Chapel when Doris Reynolds couldn't say her speech because she had a pea caught in her throat. Were you frightened, Doris?

We wonder why Edwin Briner had all his fingers crossed during the play in Chapel the other day?

We wonder why Harold Zehner's face was so red when he was seen rushing from the Sewing Room. What did you see, Harold?

Remember the letter Blaine Haverfield wrote to Santa Claus? He wanted a new heater. Now I hear that he HAS a new car and heater. Maybe there is a Santa after all!

Sorry there was no school news in last week. Mr. Joseph apologizes for his forgetfulness.

AMBULANCE TRIP

Phillip Kauf, who resides north of Plymouth, was taken in the Miller-McQuate ambulance to the Mansfield General Hospital, on Tuesday for an X-Ray examination of a broken leg and returned home the same day.

RIDIN' TRAIL BACK TO THE OLD WILD WEST

Old Scout Murphy will give you the opportunity if you read his thrilling tales, starting in "The American Weekly" with this Sunday's (January 18) issue of The Detroit Sunday Times. True, rip-roaring tales... illustrated, in full color... told by one of the last survivors of America's trail-blazing era. Get The Detroit Sunday Times this week and every week.

MOVES TO PLYMOUTH

SEND CALL FOR VOLUNTEERS

MANSFIELD—A call for volunteers for enlistment in Ohio's Civil Air Patrol was issued recently by James R. Harrington of Mansfield, commander of the Fifth group which includes Plymouth.

Harrington said there was an urgent need for civilian assistants in the newly organized Fifth group which includes parts of ten north central Ohio counties, comprising the territory bounded roughly by Sandusky and Lorain south to Marion and Wooster.

Base of operations and general headquarters for the area will be at Mansfield municipal airport with various ground and flight personnel strategically located throughout the district.

"We're in need of upward of 1,000 trained civilians," the commander asserted, "especially me-

chanics, stenographers, auto drivers, radio operators, photographers, doctors and nurses."

Enlistment in the patrol is "for the duration, with the privilege of resigning at any time. Training will be based on military tactics and members will be outfitted with uniforms identical to those of army officers."

Designed to release army and navy fliers from non-combatant duties, the patrol will be given instruction in courier service, aerial targets, highway patrol duty, ground operations, including clerical work and mechanics and any other functions related to defense, Harrington said.

Applications for membership can be obtained at the municipal airport at Mansfield.

MALES, 20-40 WILL REGISTER FEB. 16

All male citizens of the nation between the ages of 20 and 44 who have not registered previously will do so on Feb. 16. It has been announced.

The date was fixed in a proclamation issued by President Roosevelt who failed to mention the group of men from 45 to 65 who are to be registered later and the group from 18 to 20 who also are subject to registration but for military duty.

The registration will apply to all male citizens and some non-citizens born on or after Feb. 17, 1897, and on or before Dec. 31, 1921. It will take place during the hours of 7 a. m. and 9 p. m. at places to be announced later.

New Visiting Hours At Willard Hospital

Due to the overcrowded condition at Willard Municipal Hospital management has found it necessary to make some changes in the

BOY SCOUT
NEWS

Richard Wharton has completed the Tenderfoot requirements and will be formally sworn in as a member of the Lumberjack Patrol.

Through their entire patrol being paid up in dues, The Lumberjacks took the lead in the Inter-Patrol contest by a score of 450 against the Pine Tree score of 420.

A skeleton program for the 1st Annual Scout Week Party was made at Troop Committee meeting last Thursday night. Date and time will be announced in next week's paper.

After the business session at Scout meeting Monday night magazines were sorted.

Members of the Pine Tree Patrol enjoyed a Chili supper at the home of Jim Keller Tuesday evening. This was held in conjunction with the regular weekly Patrol session.

Richard Wharton is high Scout for the week having passed three tests.

Local Scouts will journey to Mansfield tonight where seven will pass the first class requirement in swimming. The swim will be under the guidance of Glen Fore of Mansfield.

Pictures of Scouts were in the Mansfield News, Sunday showing some of the approximately ten tons of magazines and newspapers. The local troop at the present time enjoys the distinction of being high troop in the area in paper weights. Five regular monthly collections have been made thus far.

NEED CHEMISTS

The Mansfield office of the United States Employment Service is co-operating in an effort to fill a demand of an Ohio defense employer for 600 organic chemists, who will test and analyze materials such as oils and acids and who will act as control chemists, are urgently needed, according to C. W. Handley, manager of the local U. S. office, 54-56 N. Diamond St.

Applicants for the positions must have not less than two years of college chemistry or its equivalent. Commercial laboratory experience will be helpful. Applicants also must furnish proof of American Citizenship and must pass physical examination. The age range is from 21 to 45 years and the pay is from \$140 to \$180 per month during training and will be increased later.

Persons interested in these positions are asked to contact the local Employment Security Center immediately.

NEW RULING

The Mansfield Employment Security Center, designated by the Office of Production Management as the official defense recruitment agency in this area, has adopted a new rule in order to avoid loss of time in recruitment of labor.

"In cases where applicants who have registered with the employment service are not placed immediately, we are requesting them to report back within 30 days in order to keep their names on the active list," says C. W. Handley, Manager. "Here-to-for persons in non-defense occupations, when not placed at once, have been permitted longer time in which to contact the local office. Those persons who registered previous to January 1 are to report to the office again this month so that our active file will accurately reflect availability of workers."

LEAVE PLYMOUTH

Mr. and Mrs. C. R. Thornhill and family have moved to Cleveland where Mr. Thornhill is employed at the Cleveland Pneumatic Tool Company.

from our Church to the International Youth Convention at Lima, Peru, last winter will be another speaker. Prof. Miller of Heidelberg College is the banquet speaker.

A number from the local and Shiloh Churches are expected to attend.

GOES TO MANSFIELD

Miss Mildred Irene Woodworth who has been on duty at the Willard Municipal Hospital for the past seven weeks caring for Mr. and Mrs. Chauncey Woodworth, left Sunday evening for Mansfield where she reported for duty at the General Hospital.

Mr. and Mrs. Woodworth, victims of an auto accident, are expected to recover.

LEAVING PLYMOUTH

Mr. A. B. Loose expects to leave Plymouth the latter part of the week for Mt. Gilead to make her home. She now resides in the property next to the Municipal building.

LUTHERANS TO OBSERVE
HOLY COMMUNION

The annual winter Communion will be offered this Sunday, January 17, at the regular Morning Worship of the First Lutheran Church at 10:30 a. m. All members of the congregation are urged to attend. The service will be open to all who are members in good standing of any Christian Church. We shall be happy to have you commune with us.

We are beginning a new year. Old things are passing on. Let us dedicate our lives to the work of the Lord while supping with Him at His table. Forgiveness is His to give but He cannot give unless it is asked of Him. "Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you."

At the same time, prior to the Communion, the newly elected officers of the Church and Sunday School shall be formally installed.

This service also presents an opportunity to all lapsed members who have neglected to keep their envelopes up to date. Bring them with you together with all your pledge money for the past year and thus help your Church to begin the New Year right.

A NEW SON

Mr. and Mrs. J. C. Leasure of New London announce the birth of a ten pound son on New Years afternoon. The new arrival is to be called Philip Bruce. Mrs. Leasure will be remembered as the former Miss Elora Snider, the daughter of Mr. and Mrs. George Snider of Plymouth.

TIME TO RENEW
LICENSE FOR THE DOG

Huron-co. Auditor Kent H. Woodward issues the warning that it is time to get dog licenses and that Jan. 20 will be the last day to avoid the \$1 penalty. The tags are sold in Plymouth at the Peoples National Bank for the Huron County side of the village. Those residing in Richland County must obtain them in Shelby or Mansfield.

The licenses remain at the old price: \$1 for males and spayed females, \$3 for females and kennel licenses are \$10.

Dairymen to
Discuss Artificial
Insemination

Dairymen of Huron County are invited to attend a discussion meeting on artificial insemination of dairy cattle. This meeting will be held Friday evening, January 23, at the Court House, Norwalk, starting at 8 o'clock. C. L. Blackman, Extension Dairy Specialist of Ohio State University will present the several phases of this program thru the use of slides and motion pictures. These pictures will show the processes of germ development and the methods and techniques used in artificial insemination.

This meeting is being called to determine the interest in this program among dairy producers of the county. If there is sufficient interest Huron County can be organized and become a part of the program which is now being carried on in Seneca, Sandusky and Ottawa Counties. Dairymen with ten cows or less may find it more economical to breed by means of artificial insemination than to maintain the cost of a purebred registered bull. Dairymen who are interested in this program are invited to attend this meeting.

STATEMENT

Regarding the Insurance Agency of my late husband, H. A. Knight.

I have employed Fred A. Shafter to operate it under the name of "Knight Insurance Agency" with the office in the Bachrach Seed Office on the Public Square. He will be in Plymouth on Monday, Wednesday and Friday afternoons of each week to serve old and new policy holders.

Thanking you for past favors and may we continue with your patronage.
