

LONG ILLNESS ENDS IN DEATH

GROVER PAYNE A WELL KNOWN AUCTIONEER PASSES AWAY.

Funeral services for Grover Earl Payne were conducted Sunday afternoon from the Miller-McQuate Funeral Home on North Street with the Rev. H. T. Wintermute, pastor of the Methodist Church, officiating. Burial was made in the Bodley cemetery south of here.

The deceased was born May 6, 1885 in Richland County and had resided in this community his entire life. Mr. Payne was a retired blacksmith and auctioneer and his services as an auctioneer were constantly sought especially in the spring of the year when public sales are held. He was well known and liked by all who knew him. Death came Friday evening at 8:45 p. m. at the Huron County Home where he had been ill for some time.

He was preceded in death by his wife Lettie May three years ago and is survived by four daughters: Mrs. Vicent Schoonover, Ashland; Mrs. Ruth Bell Clantz of North Fairfield; Mrs. Keith Ross of Mansfield; and Mrs. Howard Frederick of Plymouth; two sons Robert of Ashland and Charles in the U. Aliens who do not comply with the law requiring a Certificate of Identification are subject to severe penalties.

HIT BY AUTO IN CLEVELAND

Struck by an auto in Cleveland last Friday afternoon, Charles Dick was removed to the University Hospital for treatment, and released on Saturday afternoon. Dick and Clifford Gebert had left their apartment to go to their work at the Pneumatic Tool Co., and were crossing Euclid near Cornell, to a safety zone where they were to board a street car.

Evidently not seeing the oncoming car, Dick was hit just as he was stepping to the safety zone. The driver of the car and Gebert immediately took him to the University Hospital where his injuries were found to be lacerations, bruises, and a severe bump on the back of the head where he struck the street car.

Mrs. Harry Dick, Dick's wife, and Helen Dick drove to Cleveland on Saturday. Mrs. Dick remained until Monday. Charles is confined to his apartment yet, but is able to be up, for which his friends are very thankful.

Former Plymouth Girl Has Portrait Display

Miss Agnes Armbruster, formerly of Plymouth, has four water-color portraits on display at the Korner and Wood Studio in Cleveland.

The following article is from the "Our Town" column in Thursday's Cleveland News:

"There are four portraits in the display—all watercolors by Miss Agnes Armbruster, young East Side artist, who seems to have developed a new technique.

"I had thought watercolors had to be splashed with water," she explained, because the color is applied in as many as thirty washes."

WAYNE LEASES RESTAURANT

MR. AND MRS. C. W. WILLS TO TAKE OVER WELL-KNOWN EATING PLACE FRIDAY.

After eleven years in the restaurant business in Plymouth Wayne Somerlott has terminated his business association by leasing his restaurant to Mr. and Mrs. C. W. Wills, who will take over the restaurant Friday morning.

Mr. and Mrs. Wills will be assisted by their daughter, Helen Handley. Both of the women have had previous restaurant experience while residing in Missouri and Iowa. Mr. and Mrs. Wills resided near Sandusky on a farm, and for four years Mr. Wills was a foreman at the old Holland-Rieger Washing Machine Co., which was later acquired by the Apex Washing Machine Co. For the past year Mr. and Mrs. Wills have resided on the Park Lane road farm on the County Line road. Mr. Wills will continue to operate the farm, while Mrs. Wills and Helen Handley will take charge of the restaurant.

Wayne's Restaurant enjoys a wide patronage by traveling men from over the country who stop in Plymouth, and it is regretted by his many acquaintances and friends here that Wayne and Hilda (Mr. and Mrs. Somerlott) will not be on hand to greet the morning members of the breakfast club after this week. Wayne's horse race has been won and lost; baseball games have been re-nacted, and the lowly checker game has been well received in this eating place for the past several years. Politics and war have been the main topics for the past six months and now that Wayne is turning the place over to new operators, it is very likely that a reorganization of the breakfast club members will be held and a new book of rules and regulations and by-laws will have to be drawn up.

However, we extend to Mr. and Mrs. Wills our best wishes in their new venture, and we are certain that they will operate the place in a manner that will be attractive to the public, and their home-cooking will score successfully with those who enter in search of a good meal.

Mr. Somerlott has not as yet decided his plans for the future but will not doubt enter the employ of a nearby industrial plant.

WARN AGAINST FRAUD IN STAMP CHAIN PLAN

Participants in "chain letter" schemes soliciting defense savings stamps are liable to charges of fraud, the post office department warned.

The department said such letters were flooding the mails and that steps were being taken to "prevent the victimizing of postal patrons" in a scheme which is defrauding participants in many sections of the country.

REVISES SUIT

PLAINTIFF IN ACCIDENT CASE FILES AMENDED PETITION.

Daniel Ferguson, plaintiff in a \$10,000 personal damage suit against Wilbur J. Pettit, filed an amended petition in common pleas court, Mansfield, for a judgment covering injuries he received in a traffic accident last Aug. 17 near Upper Sandusky.

Ferguson claims that his vision has been impaired as a result of his injuries and he is unable to work. "He was riding as a driver in the defendant's car when he was injured."

He accuses Pettit of negligence in allegedly permitting the brakes on his car to become defective. The car overturned and rolled down an embankment when the brakes were applied suddenly, the petition states.

IMPROVING

Sister Angelus (Anna Week) is recuperating from injuries suffered in a fall resulting in a broken collar bone and hip injuries about four weeks ago. Sister Angelus is a teacher in the Lourdes Academy in Cleveland but is now convalescing at Villa Maria, Pa.

SCHOOLS GIVEN RATIONING JOB

WILL REGISTER CONSUMERS ISSUE SUGAR BOOKLETS, OBTAIN STAMPS.

While details are lacking locally, it is understood that various school systems over the country are being charged with the impending rationing of sugar. They will come at under the general supervision of the rationing boards. Theirs will be the task of registering consumers and of obtaining signed statements on the amount of sugar they have at home.

Any family with more than two pounds on hand for each member of the family will have stamps equivalent to the excess amount removed from their books, it has been announced.

As soon as more local information can be obtained, it will be released.

Stiff Penalties Provided
Failure to correctly report stock on hand involves penalties up to \$10,000 fine and 10 years in prison.

Each book will contain 25 stamps, all numbered, and sugar may be used to purchase sugar during a designated week. New books will be issued at the end of the 26-week period.

To get sugar to a book, the purchaser will go to a store and hand the clerk a stamp together with the necessary money. The storekeeper after selling the sugar will stick the stamp on a card which he will turn over to the wholesaler so that he can get another supply for the following week.

A "War Ration Book No. 1" is being printed for every person in the country regardless of age. One person will register for each family unit and at the time of registration he will be given a card of stamps for each member of his family.

The Laymen will preside and have charge of the entire service. Recently plans have been made by the churches at each church for the details of the service. Those on the committee from Shiloh were George England, Lay Leader, Earl Huston, H. W. Huddleston and Rev. Wintermute. At Plymouth the committee was composed of Elmer Markley as Lay Leader, Ralph Ream, George Hershiser, Donald Dunham and Rev. Wintermute. Watch the paper next week for further announcement.

WORLD DAY OF PRAYER

When in this day, as never before, the entire western hemisphere is united in an 'all out' war against intolerance what could be more fitting than a world day of prayer?

We have not hesitated to plunge our very best into the whirlpool of bloodshed and hate. Our youth, our finest, is being sacrificed upon the altar of Mars. His high priests, hunger, pestilence and violent death, are busily overworked. Countless homes are being wrecked merely to give him to drink of life's purest blood. What noble sacrifices we are being called upon to make in his name?

Yes, "War is hell." We are too far advanced to order, "cease firing." We must go through with it. We have had to throw discretion to the winds. The power to do as we think best has been brutalized. No longer may our policy be 'laissez faire.' We must give our all.

It is in times like these that we most easily forget the most important things in life. Somehow or other, like poor soldiers, we leave behind us our best equipment. Incompletely armed we go forward to fight against a foe who easily demands our best.

The war in which we find ourselves will not be won by that force which fires the last bullet. Neither will it be won by that force which receives the flag of surrender. The war we fight today shall be won only in so far as the final settlement brings about a just peace. No matter how badly beaten, how weakened or how submissively the enemy may be — the war shall never be won until all mankind is able to sleep with an unburdened soul.

It is our responsibility to make sure that the peace which shall follow this war shall be a peace in every sense of the word. It must be a pledge to all mankind that the individual rights of each and every man, woman and child are the charges of the world at large. To guarantee such an outcome we must be sure that one of the delegates to the peace conference is Jesus Christ. He must have a place there. This is only possible in so far as the representatives of the nations take Him with them.

One man against the world seems mighty small but a united force composed of souls knit together through prayer is a power to be reckoned with. It cannot be ignored. It will not be. It is the only way to God and His way. Through prayer alone are we able to learn His will. Let us go 'all out' in our prayer lives. Let us take with us that most vital part of the equipment necessary to campaign successfully for Jesus Christ. We must not neglect our prayer life. This is the only way to insure a peaceful solution and to bring healing to a war torn world.

On Friday, February 20, the entire world shall be bowed in prayer to God. Will you join us at the Presbyterian church? There all Plymouth shall meet to petition God for strength and wisdom with which to meet the problems of these trying times. Meet with us at 7:30 p. m.

Yours for peace,
Henry George Springer

ALMOST OUT OF DEBT

After thirty-five years Plymouth township next year will once more become free. We say free for the township will have wiped off an indebtedness on road bonds which has kept the township comparatively "broke" for this long period.

In the old days when there were no state rules and regulations, Plymouth township floated a road bond issue in 1908. This was the first road bond issue for the township, and the principal was \$15,000. The bonds for this issue were finally paid off in 1931. The interest on the \$15,000 came to \$13,725.

In 1909 another road bond issue for \$15,000 was approved. The bonds were retired in 1939, but not until after \$19,325 had been paid out in interest. The principle was \$15,000; interest \$19,325.

The third bond issue for road improvements was made in 1911 for \$16,000. The issue also was paid out in 1939, and the interest totaled \$14,410.

The folks certainly liked the road bonds for in 1914 another issue was approved for \$15,500. This is the bond that has been sticking for sometime, for the last payment will not be made until 1943. And the interest on this particular issue totals \$15,475.

In a few instances it will be seen that the interest overran the principle. Why, we can't say. But we do say that the past eight or ten years our Plymouth Township Trustees have been

very diligent in seeing that payments were made on time, and have avoided additional interest rates by being prompt.

It hasn't been an easy task for the trustees, especially through those lean years of 1930, 31 and 32. The present Plymouth Township trustees, George Cheesman, Sam Cashman and Virgil Baird, are looking forward to the payment of the last \$3,000 due on the road improvement bonds.

Plymouth township should have good roads; there's no argument against them. They mean the farmers in Plymouth township should have good roads because they issued bonds, which we have just mentioned above, to the tune of \$61,500. And they have paid back not only the principle, but an additional item called interest, which totals \$62,845.

Plymouth and Plymouth township should join in a real celebration when the last of these road bonds are paid. And, too, the trustees in office will feel a relief when they know that they can have a little more money with which to operate.

There are many "ins and outs" to local government, and even today the urge to spend all you can get is sanctioned by the state. For those who have served in office know that it is unwise to build up a reserve in any fund; and it is but good policy to expend the taxpayers money, by hook or crook, for if the local officials don't spend it, the local budget will surely be trimmed to be used elsewhere.

SHILOH SCHOOL NEWS

The Student Council met on Wednesday instead of Thursday this week because of the Zoology exhibit to be held in Student Council period on Thursday. Many things were discussed concerning the Play Day to be held in the spring. We hope this will be a successful day with everyone having a good time.

The Athletic Association were supposed to have charge of the Chapel Program for Monday, but nothing was prepared so moving pictures were shown.

ZOOLOGY EXHIBIT

A unit of the Zoology Institute came to our school Thursday. There was an interesting talk given us by an expert on birds. She explained and displayed birds, giving their native habits and customs. Among others there were Cockatiels, a parrot, rock doves, love birds, pigeons and many others. She also had with her a Rhesus monkey which entertained us with its tricks. Everyone enjoyed the show very much.

SNOOPER!!!!

The Juniors were happy Monday morning to discover that a new girl had just joined their ranks. Her name is Lavina Frantz. We hope you enjoy it here with us, Lavina.

G. R. NEWS

The Girls Reserve are sponsoring a dance to be held here at the High School Saturday night, February 14th. Gail Diefenbaugh and his band from Willard will furnish the music. Everyone is invited to be sure and come. The admission is only 20c.

Twin Valley League game at Shiloh 41-34.

High point man for Shiloh was H. Russell with 15 points.

THE SNOOPER!!!!

Don't forget the big dance the G. R. is sponsoring this Saturday night. We want it to be a huge success. Come and bring all your friends to this Valentine dance and dance away your blues. The price is only 20c. We've even got an orchestra.

There were a lot of sleepy kids straggled into school late Monday morning. Strange how much difference one little hour makes, isn't it?

It seems that we have a lot of bashful girls here at school. The G. R. was planning on having a Sweetheart Dance so that all the girls could ask their best beaux, but the girls were so bashful so they decided to have the dance open to everyone.

It seems to The Snooper that

an act of sabotage is going on at school. For two weeks now every time we get right in the middle of a movie the machine blows up. Here's a clue for all you amateur sleuths to follow up. Miss West doesn't like to excuse her Latin Class for shows so you'd better watch her. The easiest way for her to get out of excusing her class would be to break the machine. How about it?

Don't forget the bus is going to go to Bellville this Friday nite. Let's have a full load. Come along and boost the team to victory.

SENIOR CLASS NEWS

EARL JONES
AGRONOMIST
TO SPEAK

Earl Jones, Agricultural Extension Agronomist of Ohio State University, will speak at a meeting to be held Tuesday afternoon, February 17, at the Court House, Norwalk. Mr. Jones will discuss the problem of "How Far Should Farm Cropping Stages Go to Meet Food for Defense Needs."

Mr. Jones states that there are two facts that stand out clearly in the present confusion. 1. There will be an increased need for food in 1943, 1944 and many more years to come. 2. There is a greater than usual necessity for careful planning of farm operations in 1942, 1943 and 1944. Timeliness and good farming are essential. The essential practices should be given priority. Mr. Jones further states that the problem of maintaining and increasing soil productivity should be given as much attention now as in the past. Soil productivity will be needed not only for good production now but for the years ahead.

Mr. Jones will point out many of the practices that should be followed on every farm in Huron County. In view of the fact that there is a possibility of curtailment of commercial fertilizers efficient production will be more dependent upon good farm management.

Farmers throughout the county are invited to attend this meeting.

Charles Hyland driver of the Fate-Roth-Heath Company truck is off duty owing to illness.

PLANT AND ANIMAL LIFE ON THE DESERT

DISCUSSED BY CLUB

Mrs. Eliza Scarfield entertained the Garden Club Friday evening Feb. 6, at her home on West Broadway. Sixteen members and one guest, Mrs. Mary Hull, were present.

Mrs. Bartholomew, the President, conducted the short business meeting. It was decided to hold the potluck supper on Thursday, Feb. 19, instead of Friday, the 20th. This is an annual affair at the home of Mr. and Mrs. Carroll Robinson and the change was made necessary because the 20th of Feb. is the World Day of Prayer, a community affair in which all the churches join.

Mrs. Harry Dick had charge of the program which was "Plant and Animal Life on the Desert." She illustrated her subject with pictures from the "National Geographic" Magazine. The roll call was items of interest pertaining to the Desert. Perhaps the most interesting of these were the description of the Bats of Carlsbad Cave which was told by Mrs. Wechter and the description of a Rabbit Drive by Rev. Bethel in which he described the way the inhabitants of a small desert city used to reduce the numbers of Jack Rabbits which were so very destructive to their vegetation.

The next meeting will be Feb. 19 at the home of Mr. and Mrs. Carroll Robinson and the program will be in charge of Mrs. Neil Shepherd.

MAIDS OF MIST MEETING

Mrs. George Cheeseman will be hostess at the February meeting of the Maids of the Mist Club when they gather on Thursday, the 26th.

Mrs. Harold Ruckman is hostess today to members of the Stella Social Circle, of the O. E. S. Any member of the O. E. S. is welcome, and may bring sewing or knitting, or spend the afternoon with cards and games.

FEBRUARY MEETING OF W. S. C. S.

On Thursday, February 5th, members of the W. S. C. S. met at the Methodist Church for their monthly luncheon and meeting. Mrs. Mary Fleck was the leader of the Devotional period, and as her theme used "Worship Rightly is to Love Each Other." Mrs. Ross conducted the program of the afternoon and her subject was "Race Tolerance." Mrs. H. T. Wintermute assisted in the presentation of the program.

While the group was still seated at the luncheon table, Mrs. Laura Postle gave three interesting sketches of the interesting lives of Edison, Lincoln and Washington, great men who were born in February. Each one present also had one question to answer concerning the month and patriotic events connected with it. At the conclusion, Mrs. Markley then asked "What other person has a birthday in February besides these three famous men, Washington, Lincoln, and Edison?" The answer happened to be "Mrs. Thurman Ford" whose birthday was Thursday, so the group all sang "Happy Birthday To You."

The luncheon table was decorated with the patriotic spirit in mind, and red, white and blue candles were used. The bouquet in the center of the table was sent by Mrs. Fay Ruckman, who was unable to be present. The committee was Mesdames Knight, Postle, Downend and Pitzer.

For March, the committee will be Mesdames Bert Ford, Don Fox, J. B. Derr, and C. Johnston. Mrs. Harry Shutt will have the program with topic "Children of the Church" and Mrs. Roy Scott will have the devotions.

CHICKEN DINNER

A chicken dinner was held on Thursday evening at the home of Mr. and Mrs. Russell Heck of Willard, honoring the birthdays of the hosts and Miss Glenna Rowe. The guests included Mrs. Knight, Mrs. Snavely, Shelby, Mr. and Mrs. Charles Black of Crestline and Mrs. Wm. Rowe and family.

RETURNS FROM WESTERN TRIP

Barton Guthrie returned on Sunday afternoon, after spending nearly six weeks visiting his two sisters in Modesto, Calif.

Mr. Guthrie also visited in San Francisco and saw the large battleships loading and unloading along the two miles of wharf at that place.

He visited Los Angeles, and at Pasadena, was the guest of Roy Hafer over night at his beautiful home. The Hafers were former residents here and neighbors of the Guthrie family.

Mr. Guthrie informed us that Roy's brother Clyde passed away at his home, in January of this year.

An interesting coincidence happened while Mr. Guthrie was enroute home. He was traveling on the Southern Pacific and when the train reached Tucson, Ariz., it stopped for about twenty minutes and a number of passengers alighted and among them was Mr. Guthrie. When the "All Aboard" was sounded he noticed a man a short distance ahead of him, also boarding the train, and recognized him. As soon as Mr. Guthrie could reach him he took him by the shoulder, and the man with astonishment on his face swung around and stammered - "Why, why Bart Guthrie?" The shocked man was none other than George Wolever, president of the Shiloh Savings Bank.

The two men had a fine visit of about five hours, going as far as El Paso, Texas, together, and was sorry they could not be companions for the trip home. Mr. Guthrie returned home and Mr. Wolever went to Hot Springs, Ark. Mrs. Wolever remained in Arizona and will later join her husband at Little Rock.

RECRUITING OFFICER HERE TODAY AT P. O.

In the defense speech of Gov. John W. Bricker of January 20, he states that the Ohio state council for defense is made up of the state directors of agriculture, health, highways, industrial relations, welfare, unemployment, compensation, commerce, Adjutant General and six others appointed by the Governor.

Courtney Burton of Cleveland was chosen executive director. He said "Ohio is at war. Every state is at war. The nation is at war. Every community and every citizen must be at war. If we are fighting at home, the boys will fight better with the battle ships, planes and guns."

We have learned the lesson of being caught unawares. It must not happen again. Submarines are with shooting range of our coast cities. Even though there is no bombing from the air there may be sabotage which will require the same vigilance and service.

In order that this work may be systematically carried out a widespread registration of civilians is necessary. I call upon every citizen available for service to register and give his qualifications for helping in this all out program."

A Marine recruiting officer will be at the Postoffice on Thursday of this week to interview applicants for enlistment.

YOUR INCOME TAX

Some of the items that are deductible from gross income to determine net income are listed in this article. Lack of space prevents a full explanation of the various deductions. If in doubt on any item consult the nearest collector of internal revenue, deputy collector or internal revenue agent.

Typical business expenses of a mercantile establishment are amounts paid for advertising, hire of clerks and other employees, rent, light, heat, water, stationery, stamps, telephone, property insurance and delivery expenses.

A professional man may deduct all necessary expenses incurred in the pursuit of his profession.

A loss arising from "fires, storms, shipwrecks, or other casualty" need not be connected with the taxpayer's trade or business. If his home or his automobile is destroyed by fire he may claim a deduction for the loss sustained unless compensated for by insurance or otherwise. Loss of property by theft is an allowable deduction.

In general, taxes are deductible only by the person upon whom they are imposed. Certain taxes are not deductible, such as those assessed against local benefits, and the Federal income tax. The Federal tax of 10 per cent on the retail sale of jewelry, furs, and toilet preparations is not imposed on employees by the Social Security Act. Federal estate and gift taxes on automobiles, gasoline, cigarettes, and liquor are imposed upon the manufacturer, producer, or importer, and are not deductible by the purchaser or consumer.

Charitable contributions and gifts made by an individual are

deductible from certain limitations, if actually paid within the year. The organization to which the gift is made, for example a corporation, trust, community chest, fund or foundation must be created in or organized under the law of the United States or any possession of the United States or under the law of any State or Territory, or of the District of Columbia and must be organized and operated exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals. Gifts to an individual are not deductible.

Amounts paid or accrued within the taxable year 1941 as interest on indebtedness are deductible with certain exceptions, from gross income.

The Internal Revenue Code provides for "a reasonable allowance for the exhaustion, wear and tear of property used in the trade or business, including a reasonable allowance for obsolescence." For convenience such allowance usually is referred to as depreciation.

CORNELIA OTIS SKINNER COMES TO HANNA THEATRE CLEVELAND

Cornelia Otis Skinner began her career by acting in regular plays with full companies but she has attained so much distinction with her sole performances that her appearance in a multiple characterized play now seems a novelty.

In a sense it is. Although she was seen two years ago in a notable revival of Shaw's "Candida" it remained for John Golden to present her for the first time in a new play, as a star in her own right, in New York. In Guy Bolton's and Somerset Maugham's comedy, "Theatre," which is coming to the Hanna Theatre, in Cleveland, for one week beginning Monday, February 16th, with matinees on Wednesday and Saturday, she forsakes her monodrama with which she earned the reputation of being "The greatest single attraction on the American stage."

When Miss Skinner first tried out her grease-paint, she appeared in such parts with many titles including her father, the late beloved Otis Skinner. But she soon drifted into the realm of the monologist by presenting a series of sketches and vignettes, humorous, pathetic, satiric. Soon she

developed those to the statue of full-length plays, with a woman cast. She was not only the performer, but also the writer, director, producer and designer and if she had so chosen could have continued them for years to come.

But the same restless urge to explore new possibilities which led her to devise her "non-drama" led her last year to portray Candida and prepare another play for this season. At this point Mr. Golden brought the Bolton-maugham script of "Theatre" to her. Miss Skinner was so interested in the possibilities of the play that she abandoned her own production plans in order to appear in it.

"Theatre" is the story of Julia Lambert, who is rated as the "greatest actress of the English theatre." Her fortitude under the shattering emotional stress of waning youth and a cooling domestic life gives Miss Skinner an opportunity for a characterization as varied and as protean as any of her solo dramas in the past.

A strong cast has been assembled to support Miss Skinner in this play.
