Interesting Notes About Our Service Men On Duty

Receives Air Medal
AN EIGHTH AIR FORCE Bomber Station, England—Two northwestern Ohio men now flying with the Eighth Air Force have been decorated with the air medal or with an oak leaf cluster to the air medal previously won, at this B-17 flying fortress station, commanded by Lt. Colonel Chester C. Cox, son of Superior, Wis.

The awards were for "meritorious achievement" during bombing attacks on Nazi war industries and military targets in support of Allied ground forces. They are First Lt. John E. Marshall, 23, bombardier, and First Lt. Robert E. H. Mayer of Route 1, Plymouth. Before entering the AAF in May 1942.

Staff Sergeant Carl R. Mayer, 20, radio operator and gunner of Plymouth, who has won the air medal. He is the son of Mr. and Mrs. H. Mayer of Route 1, Plymouth. Before entering the AAF in January he was a student at Penn College of Cleveland.

Both men are members of the 388th Bomb Group, a unit of the third bombardment division, cited by the president for its historic England-Africa shuttle bombing of Messerschmitt aircraft factories at Regensburg, Germany.

At Great Lakes
Louis R. Windacker, 17, son of Mr. and Mrs. P. W. Martin, Rt. 1, Plymouth is receiving his initial Naval indoctrination at the U. S. Naval Training Center, Great Lakes, Illinois.

His recruit training consists of instruction in seamanship, military drill and general Naval procedure. During this period a series of aptitude tests will be taken by the recruit to determine whether he will be assigned to a Naval service school, or to immediate duty at sea.

When his recruit training is completed, the recruit will receive a period of leave.

Meets Friends
Mr. and Mrs. R. E. Bardege have received a letter from their son, Richard, stationed somewhere in the Pacific saying that he had talked to Gaylord McCullough and expected to see him the next day. It would be the first time the boys had met for two years.

Leave For Overseas
Mr. and Mrs. H. F. Barber of Willard received word last week that their son, W. Ray Barber, of the navy, and son-in-law, Sgt. Robert G. Murray and John Andrews of Plymouth, who are with an infantry division, are leaving from coast ports for overseas.

A son, Lt. Harold Barber is with the army in Germany and another son, Lt. Fred Barber, is attending training for advanced field artillery at an army camp in Texas.

Mrs. John Andrews of Plymouth is a sister of the Barber boys.

Pvt. Richard A. Hout, son of Mrs. Claude Hout of Shelby, has been awarded the Purple Heart for wounds received in the fighting on Peleliu Island in the Pacific group, where army engineers helped wrest that area from the

Japs. After receiving aid aboard a hospital ship, where he was presented with the medal, Pvt. Hout was given further treatment in a hospital in New Caledonia, where he is recovering.

In East Indies
Pfc. George Roberts, son of Mr. and Mrs. Bradley Roberts, is now in the Netherlands East Indies. A recent letter states the Japs surely keep them busy, especially must be spent in appalling conditions to make a beautiful bracelet from cat eye shells, which his mother received the past week.

More Souvenirs
Mrs. Mildred Woodworth MacMichael is proudly displaying a bracelet won by her husband, Staff Sgt. Robert MacMichael, made from Australian coins. Seven coins of different denominations and sizes are linked together with silver shanks, evidently from a coin, and each coin cupped to make the bracelet a good fit. The middle coin has been polished and engraved, "New Guinea 1944". A nice piece of work.

Mrs. Charles Rhine has been receiving some nice souvenirs from her husband, Lt. Charles Rhine, now in France. Several swastikas, arm bands and articles taken from German soldiers are in the collection.

A Jap Pin-up Girl
When you're a long way from home, way over in India, wouldn't it give you a jolt to see a picture of your own cousin looking up at you from a magazine that had been handed you by a buddy? That's what happened to Pvt. Bill Brown of Cleveland, son of Mr. and Mrs. E. A. Brown.

When he was in France, he had his home with Mrs. Mabel McFadden. Pvt. Brown enclosed the picture and clipping to his mother in a recent letter telling her his buddy had taken the magazine from a Jap. The cousin was Miss Helen Louise Wright of Cleveland, an employee of the Eaton Mfg. Co., and a Southerner. There is an issue of the company's house organ. Just how or why the Jap was the possessor of the magazine is a "military secret" of the Jap, and he's not telling.

The Navy Remembers
A check for \$25 was received the past week by Congressman D. W. Einsel towards the Scout Hut fund. The donor, who doesn't wish his name published, is a former Scoutmaster and now in the Navy.

Returns To California

Transferred
Mr. and Mrs. Fred Miller of Willard have been notified that their son, Lt. (j.g.) Edward Miller has been transferred from Miami, Fla., to the Amphibious Training Center, Camp Pendleton, Norfolk, Va. He is a brother of Mrs. Woodrow Utis of Plymouth.

Heavy Voting At Local Polls

Whatever hopes the Republican Party held in smashing the toe-hold of the Democrats, who have held power for the past 12 years, were utterly smashed in the final count of Tuesday's election when the voters of the nation once more expressed their confidence in their Commander-in-chief, Franklin Delano Roosevelt.

While the early returns of the evening came in from rural sections and the smaller towns of the country gave Dewey an encouraging lead, it was soon revealed that the industrial sections still favored Roosevelt for he soon gained a tremendous lead and held it to the finish, coming in with 407 electoral votes compared with Dewey's 124, which was a greater defeat for the Republicans than in 1940 when Dewey held the banner for the party.

While our own state of Ohio was in a "nip-and-tuck" race all through Tuesday night, our own village of Plymouth went decisively Republican.

During the few short weeks prior to election the village had many visits from candidates of both major parties, from both Richland and Huron counties. A complete tabulation of county offices is impossible for this issue, but here is how our town voted:

Precinct A. Richland
For President
Dewey, R. 246
Roosevelt, D. 158

For Governor
Lausche, D. 260
Stewart, R. 139

Harry McGregor, R., candidate for Congress, again goes in office, and in Plymouth he polled 247 votes. Ralph Winter of Lodi, a Republican, won out for State Senator, and Plymouth gave him 229 votes.

In the Richland county Prosecutor's race in which two candidates by the name of Lutz ran in opposition for the same office, Theodore Lutz, Shelby attorney, won out over Harold Lutz, present incumbent. Theodore Lutz received 254 votes in Plymouth, while Harold Lutz took 140 votes.

Richland's Commissioner's Race
In Richland county the race for commissioners proved one of lively interest. Republicans Day and Selby polled respectively 217 votes each. Guy Stewart, democratic candidate, who has served for a number of years, piled up 165 votes here, while John Swish was counted for 145.

The total number of votes in this precinct was 404, the heaviest recorded in years.

Precinct B. — Huron
For President
Dewey, R. 205
Roosevelt, D. 191

For Governor
Lausche, D. 192
Stewart, R. 150

Huron Co. Commissioners
O. K. Austin, R. 175
Harry Van Buskirk, R. 191
C. P. Gieger, D. 131
Ray Klingensmith, D. 141

County Treasurer
H. B. Collier, R. 182
E. O. Schman, D. 141

Around the Square

(By Phineas Whittleseed)

PLYMOUTH was well represented at Columbus last Saturday at the Ohio-Indiana football tilt. Among those going down for the game were Ben Smith, Weldon Cornell, Tony Fenner, and Harry Ward Smith. Others included Mr. and Mrs. J. O. Schreck and grandsons, Larry and Bobby; Mr. and Mrs. James Root, Mr. and Mrs. Dave Bachrach, and Mr. & Mrs. Donald Shaver, and Mr. & Mrs. Robert Bachrach. They all reported seeing an excellent game.

THERE'S a certain little Democratic young lady that was all SMILES Wednesday morning following Tuesday's election. And she said she didn't give me a dirty look!

NOW that election is over we'll no doubt have more time to devote to winning the war — let's hope so!

THANKS, Betty Brown of the Cleveland Plain Dealer, for the little note of kind words. Some day we hope to have a real newspaper without a certain weekly column.

THE ARMY does things to a fellow which he can't help. It has made Vance Snyder, an interesting-looking man. Vance is in town on a furlough and with almost ten pounds additional weight which makes him look tall and handsome. He's been greeting old friends, and we're mighty glad to see him again.

ANOTHER business change is to take place in Plymouth soon. Read about it in The Advertiser, perhaps next week!

FOR OVER thirty years Tommy Fage has operated a cleaning and pressing shop in his present location. Last Monday Tommy suffered a severe heart attack and he was taken to the Willard hospital where he'll be for several weeks. His condition remains favorable and we hope for him an early recovery.

THE new booths recently installed at the Hitching Post have added much to the appearance of this popular spot for the young people. The kids still have a grand old time here, and we still get a kick out of watching them "jitterbug." Ask 'em to do some work around the house and it makes them tired!

HARRY HILLS is going around with his head bandaged up. He is suffering from a carbunkle on the base of his head and has proved very painful to him.

FRANK ROGERS is either on a night shift or sticking close to the farm. We haven't seen him making milk purchases lately!

WILLIS TUTTLE is going to have a public sale Nov. 16. Mr. Tuttle recalls that just 25 years ago he had a sale which proved to be one of the best in this section for that season.

WELL, anyway, it's a great country, even if it does get snow under the Republicans. That's what we like about the place — you don't get shot for thinking, but maybe I would if my thoughts were exposed!

I SAID "So Long" to Bob Bachman Tuesday evening. He left for the army early Wednesday, along with Jim Crockett. Well, good luck, fellows, and a certain brand of liniment is good for sore muscles and aches.

DIES AT FAIRFIELD
Funeral services for Mrs. Edna Brown, 47, of North Fairfield were held Saturday afternoon at the North Fairfield United church in charge of the Harvey funeral home.

She is survived by the following children: Lester LeRoy Brown and Sgt. Kenneth Brown, both in service; Mrs. Wm. Ward of Norfolk, Va.; Mrs. Kenneth Earl and Miss Emma Jane Brown of North Fairfield; the mother, Mrs. R. J. Hartman of near Cleva and the following brothers: Sam Hartman at home, Scott of Cambridge, Walter of Fitchville, George of Alabama, and Leo of Mansfield.

I Ride the Cab of Engine 410 As It Takes Seven Mile Spencer Hill; Scenery Is Gorgeous!

Continued From Last Week
When we stopped at the New London station he rushed over to Agent J. W. "Dusty" Rhoades and asked that a message be put into Akron. By the time we had taken on the mail and express Mr. Walker came up and handed me a slip of yellow paper, which was the "pass" for me to ride the engine. I hot-footed it up the length of forty freight cars (almost), and smiled up at Messrs. Deffenbaugh and Jones. They hollered down: "Are you ready for that ride?" And you bet I was. I climbed into the cab, and right off hand I was surprised. There was no greasy, dingy throttle or bell cord, the floor was immaculate, and things in general looked like a Pullman. Bill had been busy switching a few cars, and he was waiting for his signal from Conductor Fox. With all the business being completed at New London we were all set to go as soon as we got the "high sign", and it wasn't but a few seconds before Deffenbaugh turned around to advise his fireman, Tom Jones, that we were taking off. Bill pulled the throttle open a few notches, and while the train was getting into motion, he pulled out his package of Mail Pouch and got set for the long drag ahead.

And it was a long drag. Seated right behind Fireman Jones, I found that we could carry on conversation without difficulty, and it was Jones who pointed out many landmarks along the road, and told me many things of interest. We had a heavy train on this run. Our capacity was rated at 3800 tons and I believe our tonnage for that day totalled 3400 tons. So you see we had a very heavy load. Fireman Jones revealed that I could get a chance to see what one of the A. C. & Y.'s new locomotives could really do within a few miles, for we were nearing Spencer hill, a drag seven miles long. We had gone over a few curves and small grades, but in the distance I could see a long stretch of road-bed, and it seemed to climb steadily toward the sky. I knew then that we were hitting that seven mile grade. The engineer let his train roll down the incline to get speed before starting the climb, and before we reached the top I felt that I was helping "Ole 410" do her stuff. About

half way up, Bill just opened the throttle, chewed his tobacco, and let her roll... and roll she did... as nice as you ever saw... right over the top of the hill. It was on a work-out like this that I realized the value of stokers in the modern engine. Instead of shoveling coal out of a tender and throwing it into the firepot, Fireman Jones would simply turn a valve which controlled the stoker feeding coal into the fire. When his steam pressure would start down... he open the valve, and you could instantly see the pressure go up. Going over cross-ings I heard the engine's whistle, and couldn't figure out who was operating it. After investigating a little, and keeping an eye on Bill Deffenbaugh, I discovered a neatly-carved, conveniently placed brass button, which required very little effort to manipulate... this was the whistle. And the knob was so placed that Bill didn't even have to move his arm from the window rest. Yep, railroadin' ain't what it used to be... even the old timers will tell you that.

Just this side of Medina, Fireman Jones told me to watch out for a very attractive little home on the right side of the tracks. This was the home of the railroaders lived there, and that every train that passed during the day, the ex-engineer would be on hand to give the crew a send-off. Sure enough, as we passed by, I saw him give us a wave. He used to run out of Cleveland, but retired and moved down near Medina to spend the rest of his days... close to a railroad. Jones related a wreck which occurred a few years ago by the ex-railroader's home. The "old gentleman", Jones stated, came down and spent the day with us, and in the early hours of the night, when we were getting about ready to go, he came down and invited the entire crew to the house for ham and eggs and coffee. We always have had a warm spot for him since then, Jones said.

Entering Medina, we pass a new aluminum castings plant, and next door to it is the world famous A. E. Root Co., bee specialists. The Root Bros. company must have foreseen the shortage of lumber, for they had much of it stored in their warehouses. I am told that the firm owns several acres of wooded land and op-

erate their own mills. Certainly this firm is outstanding in its line, judging from the quantities of lumber and the many buildings required for their business. The hills and valleys increase in size and number as we get nearer Akron, and just outside the city limits, Fireman Jones pointed out to me a large tract of land that had been planted in popcorn. He told me of how the owner, in previous years, had grown tomatoes, sweet corn, cabbage, beans and other garden vegetables, but that the war had cut his source of labor, and the owner had put the entire plot in to popcorn. And from the price of popcorn, he is bound to make a "cleaning".

We also passed the great plant of the Minnesota Mining & Smelting Co. I saw great piles of colored sand—green, blue, red, yellow, purple—and many other colors. This firm manufactures a special roofing material, and in the roofing the many colors are used. You've seen them in shingles, etc., and this gives you some idea of the deep tones of the colors.

At 7:30 we arrive at Akron, and here we are met at the station by Mrs. Walker. We go to the Walker home, where we appreciate the opportunity of cleaning up, changing clothes, and down town for dinner. After dinner we visited the A. C. & Y. building, and here Mr. Walker pointed out and explained to me the operations necessary to carry on the nation's biggest business railroad.

We visited the chief dispatcher's office, and here I was introduced to Mr. M. A. Kilgore, whose father was at one time employed by the Big Four at New London. It was my pleasure to glance over the "daily chart", and here I found plenty of details. This chart recorded all operations of trains: engine numbers, engine crews, train crews, number of loaded cars, empties, etc., and the absolute minute schedule made by each crew. And at this point the weather is again an important subject, for it is a big factor in railroad. The weather in every detail is also recorded, and this information is very valuable in all seasons of the year.

Next week we'll give you a complete history of the railroad, from its origin to its present operating status. Colorful, inspiring and interesting, we believe you will appreciate in knowing just how the A. C. & Y. operated in its early years.—PWT.

Senior News
The Senior magazine sale closed Monday. We wish to thank all of our subscribers. We are sorry to say that Bob Yount has not been able to come to school the past two weeks because of an injury sustained while working at the depot. Don't forget the seniors will be around for your scrap November 11. If you have any please let a senior know.

Student Council
The Student Council planned the school hallowe'en party which was a very good success. We also decided that the upper six grades would vote on cheer leaders this year. Ted and Betty Ernst were chosen as the cheerleaders with Naomi Wolford and Marilyn Brunn as substitutes. Good luck, kids.

Hallowe'en Party
The annual Hallowe'en party at the school was held Monday night, Oct. 30. The work of the senior class and the student council helped make it a big success. The seniors had the pleasure of initiating the freshmen, new students and the new teachers. The refreshment committee did a good job of feeding us by having pumpkin pie, doughnuts and cider. I'm sure everyone had a grand time. Even the freshmen.

Snooper!
Why did Lorna's face get so red last Wednesday the 7th period? Would Dick Clark know? We wonder why Joan was so much about Howdy? Could it be she wants him herself? Don't forget the senior scrap paper drive Nov. 11. Did you know Bernard brings a guy down to see Jeanette when he comes down to see Jean? Does anyone or everyone know "who is Albert that rail"? Who is Hebert, Lorna or should we just call him Al? We wonder why Ruth Bell got so excited the 7th period last Tuesday. What or who keeps Lawrence out of school so much? Didn't the freshmen look cute Tuesday? A certain freshman said she would never speak to another senior after initiation Monday

night. But she's wild over a senior boy.

I know what it means

I know what it means for a war plant to plead for a vital repair part... for a wounded boy to phone his mother from a military hospital... for an expectant mother to search frantically for her doctor... for a whole town to cry out in distress when flood waters bring disaster.

These appeals are a pattern of the telephone service flowing through my finger tips. Now, when wartime brings the largest telephone traffic in history, your cooperation and understanding will help us give you better service.

Huron County Welfare Board Ends Its Activities

The Huron County Board of Public Assistance held its final meeting in its offices in the court house on October 27. The membership of this board terminates at this time because of the organization of the Huron County Welfare Department and a new board will be appointed to be known as the Huron County Board of Public Welfare. The Welfare Department was to be organized on November 4th.

The Board of Public Assistance was organized in Huron county on December 15, 1936 for the primary purpose of handling the programs of aid to dependent children and aid to the needy

blind under the federal social security act.

The first board consisted of Judge Frank Hiltz as administrator; Mr. C. H. McMann representing the county commissioners; Mr. Clark Blackman of New London as president; Mr. D. W. Gilbert of Bellevue as secretary. Mr. Gilbert has been a member of the board during the entire period of its existence, and has served as chairman since January 1, 1939. Mr. Gilbert is the only original member of the board who remained with the board until its final meeting.

The board has held meetings each month during almost the entire period of its existence. Later because of the war situation bi-monthly meetings have

been held. The members served without compensation and did not receive any expense allowance for coming to the meetings. The entire board has been faithful in its attendance at these meetings and conscientious about its work.

Judge Luther Van Horn succeeded Judge Hiltz as administrator in February of 1937 and Mr. O. K. Austin became representative of the county commissioners. Both have continued in their respective capacity throughout the

life of the board. Mrs. James Wood became a member of the board on December 15, 1938 and has been the secretary since January 1, 1939.

Other members who have served on the board include Roy Dove of Greenwich; O. W. Leech and Mrs. O. M. Griesinger of New London; Robert Vetter and Earl Wilson of Willard; Carl Biele of Monroeville; Vaughn Ullman of New Haven; Father M. T. Lambillotte of Peru; Clay Stockhouse

of Wakeman; Mrs. E. J. Mayle and Mrs. William Turner of Norwalk.

Mr. J. T. Hogsett of New London served as executive secretary of the board from December 16, 1938 until March 15, 1939, at which time George W. Lawrence was appointed executive secretary and was acting in the same capacity at the time of the final meeting. Mr. Lawrence now assumes the duties of county welfare director.

ATTEND FUNERAL

Mr. and Mrs. C. M. Lofland, Mrs. Carl Carnahan and Charles Lookabaugh attended the funeral services Monday afternoon for Vic Kinsell of Mansfield.
