

CONG. LEMKE AND GREGOR TO ADDRESS FARM GATHERING HERE

An estimated attendance of four thousand is predicted for the fourth annual Farmers' Picnic, sponsored by the Ohio Marketing Quota Protest Association, which will be held here Sunday at the Mary Faye Park. The association has sent out two thousand bills over the state, and plans are being made by H. H. Fackler and his committee to take care of the biggest crowd since the inception of the farm group.

Congressman Wm. Lemke, the spokesman for the group in the national legislature, will be the main speaker of the day. Lemke has appeared at each gathering and will have an interesting talk for the farmers. Lemke is a congressman from North Dakota and has been active in many pieces of favorable legislation for the farmers. He has had a long record of service in congress and will come prepared to give some facts and figures concerning our national agricultural status.

Mr. Harry McGregor, Congressman from the 17th Ohio District, is also scheduled to appear on the program. McGregor appeared before the farmers two years ago. The Ganges Band will supply music for the occasion, and dinner will be served at noon. The speaking program will get under way around 2:30 o'clock, and an amplifying system will enable all present to hear the speakers plainly.

The protest group, sponsoring the picnic, is the same organization that launched a midwest farm produce withholding strike last June against continuation of OPA and other federal controls.

LABOR DAY TO BE OBSERVED

Housewives should bear in mind this week-end to do shopping for the two-day holiday—Sunday and Monday. Stores will be open in Plymouth Saturday night as usual, but they will be closed Sunday and Monday, including the bank and post office.

Lake Erie resorts report full reservations for the week-end and heavy travel is expected throughout the lake region. Labor Day is generally observed as the "finale" of lake resorts, with but few exceptions, and it brings to a close the vacation season along Lake Erie.

Many local people have planned week-end visits to various spots on the lake, while others will take trips through southern and southeastern Ohio.

Employees at The Fate-Root-Heath Co., will have a real vacation time to attend and hear him. The plant shuts down Friday afternoon at 3:30 and will not re-open until Tuesday morning.

If you happen to want some ice cream, it will be well to remember that Beckwith's Confectionery and Lofland's Dairy will be open Sunday. On Monday, the dairy will remain open until noon while Beckwith's will observe hours that will please you. These are the only two establishments who have made known their intentions of keeping open. The patrons may purchase ice cream and other items.

Just one thing more, if you're planning a motor trip, drive very carefully. Watch the other fellow, and give more of the highway than you take... accidents are on the upward trend, many of them fatal. Take it easy!

MAGICIANS ON CLUB PROGRAM

When members of the Community Club assemble at the Presbyterian Church at 6:30 o'clock on Tuesday evening, Sept. 3rd, they will appreciate a very appetizing dinner, which will be followed by an hour's entertainment.

Mr. and Mrs. Wm. Hatcher of Wellington, who ply the "black magic" trade, will be on hand to entertain for a full hour. They'll have tricks that will mystify everyone. They're both professionals and know how to put on a show that will keep you "wondering how it's done."

The magicians will start their performance promptly at 7:30, and wives and friends of Community Club members are invited to join the club at the auditorium at this time to enjoy the performance.

It is hoped that all members of the Club will make a special effort to be present, as the Fall program will be discussed at that time. Let's make it a date.

TERMINAL LEAVE PAY APPLICATION FORMS AVAILABLE

Veterans may now obtain their application forms at the local postoffice for claims under the recently-enacted measure that grants them terminal leave pay. Claude Surwince, postmaster, advised.

The form is for use only of enlisted members of the armed forces of the United States separated from active duty under honorable conditions prior to September 1, 1946.

LABOR DAY HOMECOMING WILL BE A GALA AFFAIR AT NEW LONDON

New London is hoping for a good day next Monday at its Labor Day celebration and Homecoming. It is estimated that between 6,000 and 10,000 people will attend providing the weather is good.

The celebration is open to all who wish to attend, and whether you know anyone living there or not, you are more than welcome, says Ray Johnson, president of the Park Board who is sponsoring the event.

Folks attending should plan to get there early and stay all day. The gates will be open at 8 a. m. and the program will last until midnight. Many will take their picnic dinners, while others will purchase food at white stands on the grounds.

Plans have been made to have rides for the kiddies, including a merry-go-round, ferris wheel, and the like. Also there will be the usual midway.

Contests, such as pulling contests, chariot races, ball games, pony races and many other contests will be featured throughout the day and evening.

One of the special attractions are the acrobatics of Fisher & Grauman of Cincinnati who put on the new tented show. This event will provide comedy, laughs and thrills.

Three hardball games have been scheduled: 10 a. m. Grafton vs. Homerville; 2 p. m. Greenwich vs. New London; and at 3 p. m. winners will play in the finals. At 5 p. m. a softball game will be played between Grafton and Greenwich.

Don't fail to go to New London on Labor Day for a good time!

SCHOOL BEGINS PLYMOUTH COUPLE OBSERVED GOLDEN WEDDING ANNIVERSARY

Vacation days are over and Plymouth school children will return to the class room next Tuesday, Sept. 3rd. Superintendent Van Brunt announces that a half day session commencing at 9 o'clock will be held on Tuesday with assignment of classes and books.

Wednesday, school will begin in earnest with the usual schedule, 9 to 12 a. m. and 1 to 3:15 p. m. Work books will be available and prices announced in class.

One new first grader has been registered since the publication of the names of beginners, Thomas Myers of Plymouth rural. This makes a total of thirty-two pupils.

With the acceptance of a contract for home economics by Mrs. Robert Lindsey, the teaching staff is complete. Mr. and Mrs. Van Brunt were in Columbus Monday where Mr. Van Brunt obtained a certificate from the State Department to continue the Vocational Home Ed Department in the local school with state aid.

27 RECEIVE CERTIFICATES

Twenty-seven Totem poles were completed by the 1946 Library Reading Club members, denoting each member's completion of ten books in ten weeks and reporting on each one to Librarian Miss Jessie Trauger. It took hard work both on the part of the club members and the librarian but as each book was read, a character on the totem pole was placed, so that at the completion of the tenth week, the pole was also complete.

Certificates were awarded the members last Wednesday at the Mary Faye Park when the group gathered for a picnic. The certificates were presented by the board. Mrs. Ellen Mine, Mansfield County Librarian was a guest who presented the awards and also books to the group.

Other members in the group were: Mrs. Wm. Hatcher, Mrs. P. H. Pitzer, Janet Robertson, Rita Keith, Marie Muma. SECOND YEAR—Georganna Pitzer, Penelope Christian, Beverly Williams, Constance Hannum, Emily Rose Ford.

FIRST YEAR—Rosemary Barnes, Marilyn Chesman, Lanny Gooding, Roger Gove, Nelson Roberts, Robert Wirth, James Brown, Thomas Marvin, Alice Muma, Alice Mathews, Wilma Haie, Ruth Keith.

CLUBS GO ON SALE

It's almost time to purchase your driver's license again. The present one will expire Sept. 30 at midnight and if you are going to drive after that, it will be necessary to purchase new ones.

George H. Beckwith will again be appointed deputy registrar and will sell them at his home at 24 Trux Street. Bring your present license with you when you apply for the new one.

IT'S A HABIT

And it's an awfully good one when you drive into Judy's Sohio Station and say: "Fill 'er up." You get a lot of friendly service that you haven't been used to for years. Get the habit of letting Judy's Sohio Station take care of your car needs. (Adv.)

GARD OF THANKS

We wish to thank friends and neighbors for the many acts of kindness extended us, the floral tributes and all who aided us in any way during the illness and death of our loved one.

Demond Brown and family, Mr. and Mrs. C. W. Wills and daughter Helen, Mr. and Mrs. Raymond Green and family.

29-chg

I wish to thank all my friends for the beautiful cards, flowers and gifts that were sent to me during my illness, both at the Mansfield General Hospital and at my home. They are all very much appreciated and a cheerful help to me.

LEGION PLANS FUND DRIVE

Ehret-Parsel Post No. 447 will put on a campaign beginning on Sept. 1st and ending Sept. 30, 1946 to raise \$5,000, the funds to be used for paying and equipping the new home recently purchased. This comprises the entire upper rooms immediately over the Hatch & West store and the Tracy restaurant.

Not bearing 2 per cent interest per annum, payable on or before five years from date will be issued to each person participating in the loan. All members and ex-servicemen will be contacted and anyone else interested may subscribe if they so desire. Minimum subscriptions to be \$25.00.

There are now one hundred and four members in the post and it is hoped that all other ex-servicemen in the vicinity will join up for the coming year. It is also possible that social members may be included, this however will be determined by the Legion at their next regular meeting.

SCHOOLS GET STATE FUNDS

\$69,217 ALLOCATED TO RURAL DISTRICTS UNDER OHIO FOUNDATION PROGRAM.

Ten Richland county schools shared recently in the distribution of \$69,217.98 received by the county superintendent from the third quarterly settlement of the state school foundation program.

Based on the average daily attendance in the schools, Madison township received the largest share of the money, \$15,453.39, and Milford, the smallest, \$1,487.10.

Other schools sharing the fund included: Plymouth, \$6,996.45; Butler, \$7,168.75; Lexington, \$8,290.92; Lucas, \$3,684.57; Plymouth, \$4,547.47; Shiloh, \$6,211.26; Springfield, \$6,743.79; and Union, \$6,625.28.

HORSE SHOW AT NEW LONDON'S FESTIVAL SUN.

When the New London Riding and Driving Club puts on their annual Horse Show at New London next Sunday, Sept. 1, they expect a crowd fully as large as the one which attended last year, about 2,000 in all.

The following events will be featured next Sunday with prizes for the various events to be given.

—Plain Color Western: Plantation Walking Horses; Spotted Western; English 3-Gaited (clipper mane and tail) Musical Chair; Jumping; Pair Class (Western); Special Event; Fine Harness (full mane and tail); Stock Horses; Pony Class (54" and under) Palomino Class; Pleasure Class; Special Event; Five Gaited Class.

According to Glen Mynard, who operates the local riding and driving club, there will be the finest horses in this section on Sunday's show, and predicts that the show will be one of the best in this section of Ohio for the year.

The first event begins at 1 p. m. next Sunday.

RETURNING SOUTH

Mrs. Catherine Redden expects to leave today for Atlanta, Georgia, for a ten day visit to her going on to Miami, Florida, her home.

FORMER PLYMOUTH RESIDENT LEAVES FUD TO CHURCH

First Christian Church and its societies were bequeathed \$1,600 and Hiram college was left \$500 by the estate of the late Mrs. Clara D. Nelson of Mansfield, a former Plymouth resident, as will be in probate court showed.

Expressing a desire that the funds be used in furthering the objects and purposes of the institutions, Mrs. Nelson, who died July 23, provided for:

The sum of \$1,600 to be invested in securities, the income from which is for the Women's Missionary Society of the First Christian church; \$100 to be handed

Around the Square

THREE PLYMOUTH boys are taking a much needed vacation this week at Mitti-vaugh. Pete Cornell, Ben Smith, and Tony Fenner left last Saturday for the lake resort, where they hope to get a real sun-tan. Pete left word that they are located at Moats' Camp No. 1, Cottage No. 22, and if any local people happen to have any food and wish to drop in, they will be given a cordial welcome. Ben says he expects to sleep 20 out of 24 hours, while Tony is going for the sunshine. The boys will no doubt be glad to get back home for a rest before going back to work.

THIS IS ONE THAT SHOULD BE IN THE "Believe it or not Column."

The upholstery in a new Chevrolet Sedan belonging to Bob Moser was considerably damaged Sunday morning while parked in the rear of the Sohio Filling Station on Valley street. Investigation proved that a small mirror lying on the shelf in the rear of the car caught the sun's rays and after about three hours burst into flame. The door was opened after noticing smoke in the car. The car was insured, thank goodness, says Bob.

CLARENCE VOGEL will sever his position with the Fate-Root-Heath Co., this week, where he has been employed for the past few years.

ROBBY ROBERTSON has been smiling all week. Last Thursday he was a member of a fishing party, composed of Ed Curpeneo, P. J. Nier and the two Wyandt boys, who went up on the reefs in Lake Erie for a day of trolling. Robby was peacefully sitting at the rear of the boat along with Curpeneo, when suddenly his line became taut. At first Robby thought his line had become entangled in one of the biggest rocks in the area. The lake boat pulled for a few pulls, he knew that he really had a fish. It was, too, a pickered weighing 8 1/2 lbs., measuring 29 1/2 inches long. Robby was so excited that he was several hours before he was able to resume his position in the boat.

AND SPEAKING OF fishing, a couple of weeks ago Don Hamman and his family of Shiloh, came back from a fishing trip in Northern Michigan. Don really had a lot of luck while there. He caught bass weighing six and eight pounds, and quite a few trout. He and his family went up again with his brother, Lyle Hamman, for a week's fishing. Lyle hadn't handled a rod for some time. He got a strike, and what he got was a big fish. The hook in the excitement of working the fish to the boat, Lyle unthoughtfully swallowed a big chunk of tobacco. He didn't realize it until he got home. The fish was landed, and then he began to wonder what had become of his "chew." Strange what a "fish can make" a fellow do!

RAY McCARTY was down at Vagabond lake for the trap shoot and he was making a good daily average of 94 up to Thursday, when he had the misfortune of breaking his glasses. This put Ray out of the sport, and he dropped his shooting score quite a bit on Friday. Ray reports large daily attendance at the shoot throughout the week, and that there was much interest in the trap shoot this year. Raymond Vogel of Willard won second place in the sub-junior camp with a score of 92, while Fred Waldo of Sandusky won the junior championship with a score of 97. One of the best exhibitions was that of Don Engleberry of Vermilion, who had a high target champion, with a score of 199 out of 200. He came in third on the shoot-off. There were 1350 participants in the shoot this year.

FOR THE FIRST time in many years, J. A. Root, president of the Fate-Root-Heath Co., is taking a vacation. He and his family went up to Northern Michigan a week or so ago, and expect to arrive home Friday. As head of the local manufacturing firm, John Root had a very difficult time to solve, especially during the four war years, and now more than a year after the close of hos-

BOLES-EDWARDS NUPTIALS PERFORMED IN WARREN

Of interest to many relatives and friends in Shiloh and Mansfield is the announcement of the marriage of Miss Jane Boles. The simple but charming wedding service was read on Wednesday at the Parish House, St. Mary's Church, in Warren, Penn.

Miss Boles, daughter of Mr. and Mrs. Rex Boles of Bonnie Brae, Warren, became the bride of David White Edward, son of Mr. and Mrs. Robert Edward of Millcreek Ave. in Youngstown. Miss Boles is a graduate of nurses training in Youngstown and did graduate work in Chicago. She spent two and one-half years as a 1st Lieutenant in the Army Nurses Corps in England.

Mr. Edward recently returned from three and one-half years as an officer in the Army Air Corps in the Pacific. He is now associated with his father in Commercial Sound Business. He is a graduate of Ohio State University and a member of Phi Kappa Alpha fraternity.

The lovely bride, a tall and slender blonde, wore a powder blue dress, white hat and white accessories and carried a colonial bouquet for her wedding. Helen Grace Turner of Youngstown was her attendant. Walter Stoll of Youngstown served as the groom's attendant.

Mr. and Mrs. Edward motored to Hershey, Penn. to spend several weeks at the Hotel Hershey and they will spend a week visiting relatives in Canada.

For traveling the bride chose a beige gabardine suit with brown accessories and she wore the

THE POWER OF A FOUNTAIN PEN AND A PIECE OF PAPER

Consider the financial magic of pen and paper when you have a Checking Account. Whenever you want to pay a bill, secure cash, or make any kind of payment, you simply write out a check. The bank takes care of all the behind-the-scenes details to back up what you've written.

And consider the convenience. You avoid the risks of carrying too much cash; you save time and trips in making payments; check stubs give you a record of all expenditures; and cancelled checks provide a bonafide receipt.

If you haven't a checking account now, plan to open one at this bank with your next income check. We'll welcome you as a customer.

GRACE ABOUNDING

We cannot receive the grace of God and use it to its full value unless we are humble enough to let its value overflow our hearts. In the western desert, there was a plot of rich ground which might have been used for great fruitfulness. A great dam was built, and the owner of the plot of ground besought the engineers to bring some of the water to his field. "I can make your field into a garden of Eden," the engineer replied, "if only you let me have it." Let us be humble enough to receive and use the abundant blessings of the Lord.

Miss Barbara Ann Mitchell Becomes Bride of Charles N. Hartwell

Sunday, Aug. 25, Miss Barbara Ann Mitchell, daughter of Mr. and Mrs. Boyd A. Mitchell of New Haven, became the bride of Mr. Charles Nielsen Hartwell, who is the son of Dr. and Mrs. C. S. Hartwell of Canton.

The single ring ceremony took place in the New Haven Methodist Church with Rev. George Cronshaw officiating.

A half hour of nuptial music was furnished by Patricia MacDonald of Youngtown, Janice Hensler of Willard and Karol Wolcott of Canton.

Soft light fell from tall white tapers in seven branched candelabra at either side of the altar while palms and baskets of white gladioli formed a background.

Mr. Mitchell gave his daughter in marriage. She was gowned in white lace, designed with a fitted bodice and a full skirt ending in a long train. Her fingertip veil of white net was bordered with a band of Chantilly lace and fell from a band ornamented with crystal beads. Her flowers were an arm bouquet of white roses.

Mrs. Gene Henry was matron of honor. She wore a white marquisette gown with gold orchids in the skirt, a headband of gold and matching mits and carried a colonial nosegay of yellow mums. Mrs. Robert Jacobs and Mrs. Warren Foss were bridesmaids. They wore identical gowns of blue and pink net respectively styled with tight bodice, full skirt and matching headpiece and mits and carried nosegays of blue and pink flowers.

Mrs. Mitchell attended her daughter's wedding in a gray suit with black accessories and a corsage of white roses. The bridegroom's mother, Mrs. C. S. Hartwell wore dusty wine crepe with matching accessories and a

corsage of white roses. Best man for Mr. Hartwell was Mr. Robert Lane of Canton. Keith Lindsey, cousin of the bride, Robert Jacob of Willard, Robert Shanower of Canton and Robert Wehnmayer of Philadelphia, Pa. seated the guests.

The wedding reception was held at the New Haven High School Auditorium. The refreshment table was beautifully centered with a five tiered wedding cake topped with a miniature bride and groom. At either side were five branch candelabra holding tall white tapers and an arrangement of white carnations.

The newly married couple left on a two-week wedding trip to Cleveland and Michigan. They will both attend Heidelberg College at Tiffin this fall.

RECEPTION FOR LUTHERAN PASTOR

About eighty members of the Lutheran Church held a picnic and reception for their new pastor Rev. Paetznick and family at the Mary Fete Park on Thursday evening.

After partaking of a well planned supper with ice cream and coffee served by the Ladies Aid, all had the pleasure of hearing a program for the reception which followed. Elden Kimmons in a few well chosen words gave the welcome address, which was followed by Rev. Haines of the Methodist Church, who spoke of the pleasant friendship and cooperation that has existed between the churches since Rev. Paetznick has been installed. Rev. Richard Wolf of Gettysburg, Pa., also paid high tribute to Rev. Paetznick and his work. Rev. Paetznick responded thanking all for the reception ex-

tended him and his family and asking their cooperation in his work for the church.

DINNER MARKS EIGHTY-FIRST BIRTHDAY

Mrs. Bertha Berberick who will be eighty-one years of age on August 29th, was guest of honor Sunday when a dinner was held at her home.

Facts About Plymouth

PLYMOUTH is located on State Route 61, a main highway from the Ohio River to Lake Erie, and State Route 98; to the north two miles U. S. Highway 424. Plymouth is served by two railroads, the Akron, Canton & Youngstown and the Baltimore & Ohio. The community is rich in farmlands; a few miles west is found the John Stambaugh farms, which raise onions, carrots, sweet corn and other produce. The Hoffman Farm is a big producer of eggs and livestock. Nearby are the beautiful gardens of Celeryville, which feature celery, lettuce, radishes and other garden produce.

PLYMOUTH is proud of its name for its only industrial plant, The Fate-Roy-Heath Co., manufacturers of locomotives, silver working machinery, Silver King tractors and lawnmower sharpeners, are found in every part of the world.

The community is served by modern stores which make up its Public Square. The National Bank, and the Plymouth Grain Elevator. It has a trading area of ten square miles.

Doings In Congress

By CONGRESSMAN WILLIAM LEMKE

Let us clear the atmosphere. We live in an age of character assassination. The communists and the internationalists—the foreign colony within our midst—have been stooped to blackening the character of men and women, who believe in their own, rather than in a foreign government.

These, in order to betray America, are financing reprehensible campaigns against Members of Congress who refuse to do their bidding. In some cases, they employ judgment proof fakery, and in others ex-convicts, to libel and besmirch men, whose shoes they are not fit to shine.

These, often under assumed names, somehow are able to spread their criminal, defamatory mail over nationwide radio hook-ups, through the theaters and the Metropolitan press. Financed with an unlimited slush fund, and assured of protection against libel suits, anonymous, and at times reliable, publishing companies have published libelous books and pamphlets for these assassins. Through this method, those who wish to destroy our government, have succeeded in fooling many innocent people.

The character assassins and convicts are played up as great patriots. They dwell in the dives and are wine and dined by the upper crust. One such former convict, while still on parole, was heard over nationwide broadcasts in the 1940 and 1942 campaigns.

Others have become authors

and pamphleteers under assumed names. They write such books as "Undercover" and other well known defamatory publications. These possess no literary merit, and are of no factual value because they are based upon deliberate falsehood. Yet they are advertised over the radio, in the theater and the press as best sellers. They are black sheep and certainly not entitled to be associated with best sellers.

Senator Wheeler was defeated for nomination because an unknown ex-convict from New York wrote a book besmirching his character and misrepresenting his work in Washington. Apparently the Montana people did not know the criminal origin of this defamatory book. Now, however, the cat has been let out of the bag, and the odor should rebuke the repetition of any such dishonorable campaign.

We regret that this international group, that used the ex-convict, apparently has again brought enough pressure upon the Senate Corrupt Practice Committee to suppress this unjust defamation. Senator Johnson resigned from that committee because the committee apparently surrendered.

He made a mistake. He should have stayed and given the whole dirty line to the public. That is the only way to end this kind of political corruption. This is not a partisan issue, it is an American issue. Any Republican or Democrat candidate for Congress who participates in, or aids or assists in covering up such outrageous assaults, should be defeated.

KNOTHOLE

By HILGOTT FINE

NEWS Sports Writer

Least-suspected knucklers can change the batting order, or even force a place in the lineup, says Leo Durecher. He admitted that rascals Brooklyn fans have pulled several plays out of the game by their juggling of the batting order.

Leo Durecher, who has been a knuckler for many years, said that he had seen a knuckler in Philadelphia. Jack Wallens, a Southern California and a knuckler, wanted him to work out of it on the field, but knucklers bled him out of the park. Even Ted Williams has heard the wrathful words when he failed to do the impossible.

Claude Pannone, Chicago Cubs pitcher, expects to retire after this season. He is 35. A back injury suffered years ago has been troubling him all through the year. Going in the other direction is Fred Apoll, middleweight fighter, who once held a disputed claim to the title. After a four-year layoff he is coming back up the trail. . . . He won over Pedro Valdez by a technical knockout in San Francisco.

Los Angeles has become the football capital of the world for the time being. . . . In addition to the great college teams at Southern California and University of California at Los Angeles, a number of pro teams are visiting the west coast city during the training season. These include the New York Yankees, Chicago Rockets, and Washington Redskins, with perhaps the Brooklyn Dodgers and the San Francisco Forty-Niners.

Two cripples who overcame their handicaps to become star acrobats are making a tour of the Pacific outposts on a USO camp show. They are Claude Dean and Harold Brown. . . . both victims of infantile paralysis, they have developed a superb performance. . . . The first actual club for horseshoe pitchers was organized in 1900. The Intercollegiate Wrestling Association was formed in 1903. . . . it was limited to eastern colleges.

SUNDAY SCHOOL LESSON
Jesus and the Right Use of Property.
Lesson for September 1: Exodus 20:15; Proverbs 10:7; Matthew 6:25-33.

Memory Selection: Matthew 6:20-21.
Our lesson begins with the law of honesty—a stable society cannot be without the safeguarding of a man's property.

"Give me neither poverty nor riches (Proverbs) is a wise petition. Its answer will give a man enough for his daily needs and aid him from the corroding influence of wealth.

Consider the Lord's attitude toward the use of property. Industry is right, but trust God, for success. To strengthen our trust, Jesus bids us think of the winged creatures of the air and the plants of the field. The birds neither sow nor reap, but God feeds them. The lilies are decked more richly than Solomon in all his purple and golden splendor. And God will much more clothe you, O ye of little faith.

The very hairs of your heads are all numbered and God will not give you a stone when you ask for bread. Trust him for your daily needs and receiving, so use the things given you that, when they fail, you may be received into "everlasting habitations."

Jesus would give us the right perspective of life. As in a good picture the chief things should stand out in the foreground. We are blessed to see first things first in our scheme of life. God does the same. He gives God what things we will be given.

Dale Carnegie

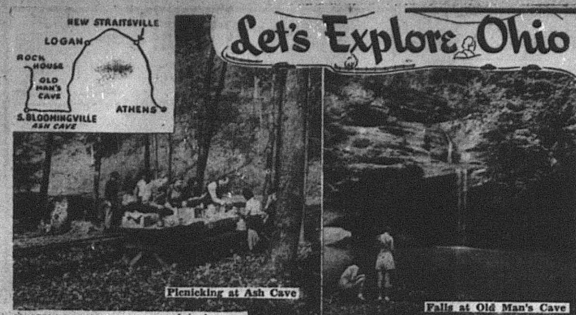

Author of "HOW TO WIN FRIENDS AND INFLUENCE PEOPLE"

How Britain's No. 1 Publisher Advanced
LORD Beaverbrook was born in the forests of Canada as Max Aitken, and later given a title in England. On the day of Dunbarton, Winston Churchill realized that England's output of planes had to be doubled in a few months or England might be lost. Now, doubling of national output of planes in 90 days calls for a miracle. So Churchill picked a miracle worker

for the job. Lord Beaverbrook, who jumped England's plane production from 800 to 1800 a month in three months.

Lord Beaverbrook had very little formal education. He attended school only a short period, and during that time he was far more interested in fighting the other boys than he was in studying. When he got out into the world, he at first failed at everything he undertook. He failed at selling life insurance and sewing machines, failed at running a bowling alley, failed at running a newspaper, failed to pass an examination to enter law school.

scandals the Meade investigating committee is bringing to light in war contract settlements. The law governing restraint of war contracts was supposed to eliminate the evils of the "cost-plus" system of letting war contracts. For every one knew that in the rush to get war materials there could be no such things as bidding on war contracts with its time consuming features. Then, too, manufacturers, many of them, could not anticipate costs in the construction and the production of new materials and new war equipment. Speed was the essence. COURTESY—THE STANDARD OIL CO. (OHIO) CO.

Famous far beyond the borders of Ohio is the Hocking County region. Here nature has exerted herself to make a wonderland for man's enjoyment.

Deep, mysterious forest-clad ravines, rushing streams, towering cliffs, and age-old caves combine to fascinate the visitor.

Owned and maintained by the state, shelter houses, camping places and picnic facilities have been developed for those who wish to enjoy a day or a vacation in this rugged, picturesque wilderness.

There are miles of scenic footpaths which lead the hiker into the innermost recesses of this wonderland.

There are many spectacular spots to be visited in the Hocking County parks. Rock House, for instance, is a huge natural cavern, high up on the side of a cliff. Through great cathedral-like win-

Let's Explore Ohio

Falls at Old Man's Cave

Logan is the central point from which visitors to Hocking County's wonders can conveniently radiate.

At nearby Athens is Ohio University—the state's first land grant college.

West of Athens on Route 278 is Lake Hope. Here are fishing, boating, camping and cabins. A limited number of cabins are available. Reservations should be made through the State Forest, Zaleski State Park, Zaleski, Ohio.

East of Logan is New Straitsville, long famous for the slowly burning coal mines deep underground. For years efforts were made to stop these smoldering fires.

This is one of Ohio's most interesting and scenic areas and well worth the detailed attention of Ohio travelers.

ilities, he is enjoying a well-served vacation.

IT'S JUST LIKE Dan Hoehler . . . in his ad this week he takes space and the thought to wish everyone a happy holiday . . . makes a little friendliness in a way you would least expect. And this kind of friendliness reminds me of the little item I read the other day in the paper of a taxicab driver, who gave his customer back the 50c fare after taking him down to Grand Central Station in New York. The customer, in approaching the cab, said: "Good morning . . ." The cabbie handed back the fare saying that it was the first time in 28 years since he'd been driving a hack, that anyone had said: "Good morning to him."

September Days

Are ideal for week-end trips. Before leaving, drive down to Jud's Sohio Station and have your car greased . . . fill up the tank with Sohio Supreme, and get an oil change . . . this will make your car last longer, and insure you of a real pleasant motor drive. Jud's Friendly Service will add smiles to your miles.
