L. Z. Davis, newspaper distributor, is looking forward to his first real vacation in twenty-two years. And while he is planning on doing a number of things he would like to do and never had time for, this vacation is tinged with a sense of regret for he announces this week that his agency has been sold to James Cunningham, effective November 1st.

Mr. Davis, his wife and son Maurice came to Plymouth from Delaware, Ohio, and after purchasing the Plain Dealer route has sold it from time to time to the Cleveland News, the Cleveland Star, Sandusky Star Register and Star News, Columbus Citizen and the Akron Beacon Journal.

For a period of several years, Mr. Davis was sole carrier for the entire town over a route of eight miles per day, but at other times was assisted by young boys and girls who were interested in carrying papers for extra money. At present Larry Hampton is assisting on the route and the carriers are Janet Robertson and Mary Wolford.

During these twenty-two years, Mr. Davis has only been out of duty on Sunday routes and has been one of the oldest distributors in this area. Mr. Davis has often said that if you really "want to know people, and get into the newspaper business." However, he has thoroughly enjoyed the many contacts he has made thru the business and has retained a number of subscribers that were on his list twenty-two years ago. He arises each morning at five o'clock, and says that the papers are folded and delivered the time, if at all possible. Of course, he has faced many hardships in the weather, good and bad, rain and snow, icy roads when the trucks or busses fail to make it on time but even with these difficulties about 98% of his customers take them reasonably and sensibly and he is failed to deliver them at the same house at the same time, day after day, they knew the fault was not his. One of the things he can never get over is the "how-to-deliver-the-paper" before they arrived, and how to see that every customer got it at the same time.

There is a lot more to it than just delivering papers, for instance with the exception of Thursday, some supplement to the Cleveland Plain Dealer is delivered every day for the Sunday edition and it requires about two and a half hours to assemble them before delivery on Sunday. The Sunday papers for the Plain Dealer has also grown to such proportion that it is impossible for a carrier to carry and deliver the foot or bicyclist requires a car and driver each Sunday. Last week's Sunday paper contained two hundred and sixty-two pages and will contain three hundred individual papers to deliver, one can readily see it is impossible to deliver in the old fashioned way. The cost of the Sunday paper has increased from 5c to 15c and daily from 2c to 5c and corresponding expenses in delivery.

Years ago Mr. Davis knew the cost of every house, but times have changed and with the influx of out-of-town and out-of-state folks, his knowledge is confined to his routes of "who's who." Besides his regular customers, Mr. Davis has had several "special" friends on his routes, sometimes they are stray dogs who meet him each morning at the same spot and accompany him on his route and again it may have been a pet of someone who delighted to go a little way up or down the street with him. Then,

ATTENTION ALL HOUSEWIVES!!!
How many of you would like to have a new light place setting of silverware? You would? Then say yes to the Lambda Chi Omega when they come to your house, buy chances on a 32-piece set of Tudor plate. Who knows, you may be the lucky one when the tick is drawn Saturday night, October 20, at 8:30 in front of Fetter - De Witt Radio Electric.

NO SCHOOL FRIDAY:
TEACHERS ATTEND ANNUAL MEETING
Plymouth public schools will join those of the rest of Ohio in closing Friday so that teachers may attend the annual convention of the Ohio Educational Association. Most of the local teachers plan to attend either Toledo or Cleveland meetings.

The local schools were also closed Monday of this week because of repairs to the heating system.

Closing campaign speeches of both presidential candidates have been full of predictions as to who will be the next occupant of the White House, but not until the polls close next Tuesday will the citizens of the United States know who their next leader will be. While several polls have been conducted, giving Dewey the edge on winning, President Truman declared himself this week that the polls have been misleading. It is predicted that about sixty percent of the voters in the country will vote next Tuesday.

For the benefit of our readers, the entire national, state and county ticket is being published so that you can peruse and select your candidate. Residents of Huron county side will have a different ticket than those on the Richmond county side, and much care and consideration should be given to our local aspirants of office.

The main issue coming before Plymouth voters is the \$48,000 school bond issue, which will be needed to erect a six-room grade school building. Plymouth citizens shouldn't feel too badly about having to float an additional bond issue for the school, as several communities the size of Plymouth are having to do so for bond issues as high as \$150,000 just for repairs. The school board has on hand some \$75,000, but to complete a final six-room structure an additional \$48,000 is needed. The bond issue is being favored by the Parent-Teachers group and several prominent

Sammy Mathews Passes Away
Funeral services for Sampson Mathews, 72, of Shelby Rt., were held Saturday at 2 p. m. from the McQuate funeral home in Plymouth. Mr. Mathews was a farmer, pastor of the Lutheran church officiating. Burial was made in Greenlawn cemetery.

Mr. Mathews, who was born Nov. 26, 1876 at Woodfield, died Thursday at Memorial hospital where he had been confined for several days. He was a farmer by profession and had made his home in this vicinity for the past thirty years and at the time resided in the Hazel Grove area.

He was never married and is survived by four brothers, Alex of Ellensburg, Wash.; William of Plymouth, Charles of Pinegrove, W. Va., Shannon of Woodfield, and one sister, Mrs. Lidge Dean of Mannington, W. Va.

COMMUNITY CLUB CHANGES MEETING DATE
Rev. M. P. Paetznick announces that the November meeting of the Community Club will be held on Tuesday, November 9th at the Congreg. Restaurant. This is a change in the meeting date owing to election day falling on the regular date.

TRAFFIC VIOLATIONS
Violations reported by Marshal Meiser this week are as follows: William Droneberger, Crestline, speeding, \$1.00; Paul Scott, Plymouth, parking in bus stop, \$1.00; Ed Goins, Shelby, speeding, \$1.00; Gerald Hoffman, Greenwich, speeding, \$1.00; David L. Covert, Willard, speeding, \$1.00; Richard Hoover, Willard, speeding thru red light, \$1.00; Elmer Markley, Plymouth, thru stop sign, \$1.00.

Plymouth Needs Your Vote For School Bond Issue November 2nd

In the nineteenth century, Ohio was justly proud of its thousands of little, one room, red brick school houses. Changing conditions and increasing cost of construction have resulted in the little red school house in most areas of the state. It was replaced with the consolidated school of three schools, which still retained its three hundred pupils. The grade schools in rural Ohio had grown up to an efficient, easily administered unit which still retained its three schools. In order to operate with efficiency, give a varied program which can serve the needs of today's youth, high schools must have a minimum of ten teachers and at least two hundred students. Such is the aim of the state department of education. Many of the smaller high schools will want to consolidate in the years to come to achieve this minimum of standards.

What is more reasonable to assume than that Plymouth will come to become one of these larger, modernized, better schools? In order for us to have such a school we shall need an adequate building space for our grade school and leave the present high school building for the upper four grades. This building is large enough to hold two hundred and fifty pupils in the upper four grades with ease.

Plymouth now, must construct a grade building to hold its lower six grades. Its building plan is flexible in that more rooms may be added when circumstances permit. To follow, a grade building to hold all eight grades of the conventional grade school. The start of this building as a six room structure will be made possible by your vote for the \$48,000 bond issue on November 2nd. Passage of this bond issue will increase your taxes \$1.34 for each \$1,000 of valuation. Such a price is small enough to pay for the welfare of tomorrow's citizens of Plymouth.

Well, kids, tell Mom and Pop to be sure and come down to the Halloween party to be held on the Square Friday night, starting at 7:30. There's going to be a grand parade, and prizes and it's really going to be an honest-to-goodness party. Most of the boys and girls, and they've furnished the money to put on the party just for you. Fetter's and the boys are donating their loud speaker system with a microphone, and you might even get a chance to talk over the air.

Street Commissioner Robert Meiser is going to have the band stand fixed up so you can walk across it, and too, so that the judges can make a decision as to the prize winning. Prizes will be announced now, but you should dress up so you can compete for the prize.

The best bride and groom, 1st and 2nd prize.

The best Tom Mix, 1st and 2nd prize.

The best Roy Rogers, 1st and 2nd prize.

The Funniest Costume.

The best "Uncle Tom."

The best "Little Eva."

The best Indian girl.

The best Indian Squaw.

The best French girl.

The best Gentleman.

The best Dutch Girl.

The best Dutch Boy.

The best Ghosted Mammy.

The best Ghost.

The best Southern Belle and Her Gentleman Friend.

Now kids, there are enough prizes for everyone, and they're going to be prizes you'll like. Now, from ages of one year to sixteen, you'll be counted as a contestant. This is a party for the kids, but the older people can participate too, if they wish. But the main thing is to try for the prizes. See you Friday night at 7:30 on the Square... and watch out for the Goblins... and bats... and ghosts... they'll be too.

PILGRIMS TOPPLE SHELBY RESERVES
Last Saturday afternoon Coach Dick McAllen's Pilgrim gridders annexed their second victory of the 1948 football season as they downed the Shelby Reserves 25-0 on a muddy gridiron at Park field.

The Pilgrims struck pay dirt first in the second quarter when Desmond Donnemwirth capped a 60-yard drive as he booted a ball around end on carrying play. Tackle Harvey Wilson split the uprights for the extra point. The Pilgrims scored again a few minutes later when they had driven to the Shelby 10-yard line, Don Cunningham cracked off-tackle down to the two-yard line where he and fumbled. The ball rolled into the end zone and guard David Sams fell on the ball to get credit for the score. This time the Pilgrims' attempt to penetrate was wide of the mark. As the first half ended the Plymouth boys were out in front 13-0.

The Pilgrims came back after the intermission to add two more touchdowns to insure the victory. Des Donnemwirth scored on a 40-yard romp on the same boot as he played as before in the third quarter. The final score came in the last quarter as Larry Schreck toted the leather over on a 40-yard pass off-tackle. Both of Harvey Wilson's last two attempted conversions were blocked.

During the entire game, the opposition was not able to penetrate the Plymouth 20-yard marker.

The local gridlers will wind up the current season as they journey to Cardington on November 12th.

MOTOR TO LOUDONVILLE
Mr. and Mrs. Arthur Teal of Tipton, Indiana, who are visiting the former's father, William Teal, enjoyed a motor trip to Loudonville Sunday, guests of Mr. and Mrs. Harold Teal and daughter, Mrs. and Mrs. Raymond Teal of Republic were the other guests.

A mobile X-Ray unit will be in Plymouth for two days, Wednesday, Nov. 3, and Thursday, Nov. 4, at which time everyone in Plymouth is urged to have an X-Ray made FREE of charge. The unit comes under the supervision of the state, county and local governments and is playing a great part in locating those persons who may be suffering from tuberculosis and do not know it.

On Wednesday, Nov. 3, the unit will be stationed at the Fate-Roth Health plant from noon until 5 p. m. All employees are urged to cooperate by having an X-Ray taken.

On Thursday, the unit will be at the Plymouth high school from 1:00 to 4:00 in the afternoon and all school children are urged to have an X-Ray made at that time. In the evening the hours are from 8:00 to 9:00 for those adults of Plymouth who wish to have their chest photographed.

You may ask: "Why should I have an X-Ray?" There is nothing wrong in my chest.

Well, the chances are that this is true. A great majority of all persons X-Rayed will get a report of a normal healthy chest condition. But there are some chest disorders which do not give any warning signals in early stages. For instance, in early tuberculosis there are no signs or symptoms.

No one is too old, and none too young to escape tuberculosis. It is much easier to detect and overcome this disease in its early stages rather than delay or take a chance, and have it come on full blast when treatment is a threat to life. In 1946 more than 50,000 persons died from it. It is caused by a germ, which may be active in your chest and lungs. You can catch tuberculosis from someone who has it. It is not inherited, nor is one born with it. These facts from the National Tuberculosis Association.

It is better now to have an X-Ray of your chest and do something about it if you're afflicted, rather than wait and have hard and longer battle later on.

It requires but a few seconds to have a picture made of the chest, and it takes from four to four weeks before the films are developed and read by the doctor. At the end of this period you will be notified as to the condition of your chest and lungs—whether infected or normal.

The unit is making a complete coverage of Huron county, and the commission and personnel work is being done through the local Jaycees and James Root, personal manager of the Fate-Roth Health Co.

WHILE SHE WON'T BE able to go to the Polls on Tuesday, Mrs. Hattie Perry of West Broadway, will cast her vote in the presidential election for the man of her choice, just one day after she observes her nineteenth birthday. Her mind is unusually keen and she continues to live active, going part of her own house work.

Mrs. Perry has made Plymouth her home for twenty years and during this time has taken an active part in the affairs of the Presbyterian Church, the Garden Club and neighborhood affairs. No doubt many of her friends will be glad to remember her birthday with a shower of cards.

WHILE THE air waves and daily newspapers have been giving the greater part of the enthusiasm of the presidential campaign, Bill Jack and I were discussing the lack of enthusiasm of the campaign in and around Plymouth. Bill says: "I haven't seen a label button, banner or picture of any of the presidential candidates." Which recalls that a few years ago pictures of candidates were to be seen in homes and store windows. Well, anyway, we miss the "Golden Voice or Ruler" during the present fight, and any Democrat or Republican will have to admit that Franklin Roosevelt was the world's greatest politician.

WE HAVE never endorsed any candidate, especially the home boys, without knowing they're going to win. So I'm going to tell you how I feel about some of the office seekers whom we know have kept their promises, and are interested in your town.

Take Theodore Lutz, prosecuting attorney for Richland Co. Mr. Lutz so happens to "sit in" on the budget commission, and the commission appropriates your tax money. Mr. Lutz and the commission are doing a fine job, and it is needless to say more. There's Guy Stewart, a Deacon, but Stewart has a good record. He has a good knowledge of county affairs, and give him your consideration. The Richard Co. is a former Willard resident, on both parties, but we won't attempt to make a personal selection for each office.

Bound Over To Grand Jury By Local Mayor

Arrested on six charges, Eugene Martin, who resides on Rural Route 1, Plymouth, was bound over to the Huron county grand jury last night in Mayor Robinson's court and is being held until a \$1,000 bond. Martin will be transferred to the Huron county jail this morning.

A prosecuting officer Meiser stated that Martin passed through the school zone Wednesday afternoon at a rapid rate of speed, and when he gave chase to Martin, he had been in the school zone for an hour on the New Haven road.

Arriving at the intersection of S. Route 224 at New Haven, Martin was quickly arrested by the left officer Route 208. After trying to force Meiser's car from the highway Martin gave up the chase and was taken into custody. Officer Meiser was proceeding with speed through a school zone, disregarding an officer's warning, speeding on the highway, going through private property, trying to force an officer off a road, and drunkenness.

Witnesses on the speeding violation were Harold Farrar and A. D. Pointe. Herman Meiser, a passenger in Martin's car, also admitted that the car was being driven at a high rate of speed.

Martin was apprehended Tuesday for passing a check at Don's Grill without sufficient funds. He appeared in Mayor Robinson's court Tuesday on charges and was fined \$13.25, and agreed to make the check good.

IN HURON COUNTY the voters will or should support Robert Vetter of Willard for Probate Judge. Since taking office a short time ago, Mr. Vetter has made an enviable record. He knows law from every angle, and is very capable of the probate judgeship. Then there's Harold Collier, also a former Willard resident, who has gone into the Huron county court house as treasurer, and Mr. Collier has conducted the office in a very satisfactory manner. Wilbur Terry for county engineer has done and is doing a splendid job. Huron county voters should return Frank Pearce as representative. Mr. Pearce is a member of three very important committees, and he has worked not only for the interest of Huron County but for the entire state. The General Assembly, he has supported only that legislation designed for the best interests of Ohio. There are good men on both parties, and we wish we could vote for all of them.

Kayrol Ann McGinty and Leonard J. Fenner Exchange Nuptial Vows on Friday

Because St. Joseph's congregation has no parish rectory, a private wedding ceremony was held Friday at 7:30 p. m. with Kayrol Ann McGinty and Leonard Joseph Fenner exchanging nuptial vows, at St. Joseph's church. Father Anthony Wortmann, M. S. C. officiated at the ceremony in the presence of immediate families and a few friends.

The young couple were attended by the bride's sister, Mrs. Laura Predieri and James Predieri, brother-in-law of the groom served as best man.

The bride wore a two-piece grey Faille suit with red accessories and a shoulder corsage of American Beauty roses. Mrs. Predieri was attired in a blue frock with black accessories and her corsage was pink Talisman roses.

Following the ceremony a reception was held at the McGinty home where guests were served from a prettily decorated and candle lighted table. A three-tiered wedding cake centered the table which was topped with a mini-

ature bride and groom on the top tier, and miniature bridal party cleverly arranged on the second tier. Pink roses were also used as cake decorations, and after cutting the cake by the bride and groom took place, Mrs. Ellen Grimmer, eldest sister of the bride assisted by Miss Carmela Fenner and Mrs. Kenneth Echelberry served the forty guests, buffet style. Mixed bouquets of Pampas were placed throughout the house and added to the attractiveness of the setting.

Following a wedding trip to Niagara Falls, Mr. and Mrs. Fenner will make their home with the bride's parents, Mr. and Mrs. D. K. McGinty on Mills Avenue.

The new Mrs. Fenner is a graduate of 1946 class from Plymouth High School and is employed at the Shelby Mutual Casualty Co. Mr. Fenner is the son of Mr. and Mrs. Carl Fenner, a graduate of the 1947 class and is employed by Paul Kozintz in the contracting business.

The best wishes of their many friends are extended to the newlyweds.

Chas. Hoffman Entertains Group With Dinner and Tour of Farm

A new venture in farming for Richland countians was revealed Tuesday morning of last week when C. M. Long, one of the country's leading authorities on farming spoke before a group of men interested in farming. The meeting was held at the Mansfield-Leland hotel, Mansfield.

Chas. Hoffman of Mansfield, who owns the 1200-acre Hoffman Farm, located west of Plymouth, and supervised by Burr Knaus, was host to forty men at the lunch. A morning session was held at which Mr. Long, nationally-known farm expert of West Lafayette, Ind., spoke on "Grass, and What It Means to the Farm." In his visit to Ohio a few years ago, Mr. Long was highly enthusiastic about this section of Ohio for its "grass possibilities." At that time he made a map of the Hoffman Farm, and worked out a program which included one hundred acres to be set aside for grass cultivation. Mr. Long strongly favors cultivation of grass on land that is adaptable to it, but even under normal conditions he studies the soil from every angle, making analysis of what may be needed to produce the best crop of grass. He has done this with the one hundred acres on the Hoffman Farm, and results have been gratifying.

At the present time the grass acres are pasturing 500 hogs, 240 cattle and 250 sheep. Mr. Knaus, under whose supervision the farm operates, states that the grass experiment is producing 400 pounds of beef per acre. Because of the high yield of grass on this tract, it has been a subject of much interest among those who feed livestock.

Following the meeting and luncheon in Mansfield, Mr. Hoffman was host to the group at the farm in the afternoon, where a general tour was made. In the evening, Mr. and Mrs. Knaus entertained the group, serving dinner to the entire party.

Those attending the affair included Messrs. Roger Black of Raemont Farms, Mansfield; Jerry Hanley and "Chuck" Bean of the Homager-Hanley Mills, Mansfield; Posey Sutton of the Richland Trust Co., C. W. Hand of the Mansfield Savings & Trust, Mansfield; Messrs. Stover and Hiles of the Central National Bank, of Cleveland; Ralph Walcher of Walcher Bros., Fairfield, O.; W. F. Porter of New London, and Chas. and Will Hoffman of Mansfield. Those from Plymouth attending were Sam Cashman, Mahlon Nimmons, J. E. Nimmons of the Peoples National Bank, Stamford, Conn.; North Fairfield, G. I. instructor at Willard, and Stacy C. Brown.

BEAN LOAN RATES ARE SET

What the government will pay farmers on loans and purchases, for soybeans is announced by the Agricultural Adjustment Administration.

Farm-stored soybeans, to be eligible for a loan, must have been stored in the granary or bin at least thirty days prior to inspection by the county committee.

Class one and two, containing 14 per cent moisture will be \$2.18 per bushel. The basic rate of class three, four and five will be \$1.98 per bushel.

Loans and purchase agreements will be available through Dec. 31, 1949, but notes and chattel mortgages, note and loan agreements and purchase agreements must be signed by the producer prior to January 1, 1949. Loans will mature on demand not later than April 30, 1949.

Further information can be obtained at the Richland county Triple-A office, 51 North Diamond Street, Mansfield.

Artificial Breeding Course At. O. S. U.

The next training course for Dairy Cattle Testing Supervisors and Artificial Breeding Technicians will be held at Ohio State University, beginning October 18. This training course is open to farm boys who have a high school education, 21 years of age or older, is vitally interested in the welfare of dairy farmers and the improvement of dairy herds, has a pleasing personality, is honest, accurate, and willing to work. The fee for enrolling in the dairy cattle testing course will be \$8.00. The fee for the artificial breeding technicians course will be \$5.00. Any young man interested in taking either of these two courses to qualify themselves as a dairy cattle herd tester or an artificial breeding technician should apply in the Huron County Agricultural Extension office.

NEXT LAMB POOL SET FOR OCT. 28

The next lamb pool held at Greenwich, sponsored by the Richland and Huron Co. Sheep and Lamb Improvement Association, will be held October 29th, it was announced by officials of the organization.

At the pool held last Thursday, more than two hundred head of lambs and sheep were classified with top lambs selling as high as \$27 while feeders sold from \$23 to \$25. A small number of ewes were sold from \$8.50 to \$10 per hundred.

The annual lamb pool open house has been set for Dec. 9th with a program of interest to all sheep men in the county planned.

At Federation Meeting in Lima

Mrs. Lucy Downend of Shiloh, was installed as president of the State Federation of Farm Women's Club when the group convened last Wednesday in Lima, Ohio. She will be assisted in her duties by Mrs. M. C. Thomas as vice president and Miss Gladys Moyer of Attica as Secretary, and succeeds Mrs. Herbert Marshall of Lima. This is the second time within two weeks that Shiloh women have been singled out for honorees in Farm Women's Clubs. Mrs. Mary Brooks having just been installed as County Federation president.

The Allen County Federation with Miss Weimer, Allen County Agent, as chairman, were hosts and the sessions were held in the Social Side Church of Christ.

Guest speaker was Rev. Floyd Faust, Pastor of the Broad Street Christian Church, Columbus. He discussed the subject "Here Lies Heaven." He stressed the importance of consistent child care and behavior between the ages of three and five years and emphasized the fact that the home life was at stake on how a wife reacted to home duties, clothes and actions. Divorce and their causes and the part intoxicating liquors played in home life were also brought up for discussion. Many illustrations were given on these subjects.

Attending from the Maids of the Mist Club were Mesdames Mary Hutchinson, Minnie Peikes, Esther Willet, Edna Frazer, Marie Cheesman, Allen Hates, Clara Sponseller, Pat Sponseller and Margaret Wentz. Others from the area included Mrs. Ray Kirkcristall, Miss Ransburg, Mrs. Martha Hershiser, Mrs. John Eckstein, Mrs. William Strout, Mrs. Alvin Holtz, Mrs. Ed Trauger, Mrs. Floyd Steele and Mrs. C. C. Hammett, all of Shelby.

What Other People Think

Conference of American small business Organizations

8037 D OF TRADE BUILDING - CHICAGO 4, ILLINOIS - HARRISON 3780
April 29, 1948

The Honorable C. Harry McGreggor, Member of Congress, West Lafayette, Ohio

Dear Congressman McGreggor:

During the session of the 80th Congress we have been watching very closely the work of the small business men of the United States House of Representatives with respect to their interest in legislation which might affect the welfare of small business, no less than the national economy as a whole.

We are happy to state that you, more than most of the other members of the Congress, have shown your active interest in the problems confronting small business, and we are mindful of your efforts to bring us in solving some of the problems small business is facing, especially that long, unending and unwholesome trade, small manufacturing, wholesaling, printing, etc., which has been so long and harassed by bureaucracy beyond any emergency necessary.

Therefore, we wish to express to you our deep appreciation for your constructive work in promoting the passage of good legislation to save our free enterprise system and private initiative in America, as typified by small business.

Particularly, and of exceptional importance to small business, was your vote to pass Senate Concurrent Resolution 14, by which, for the first time, the Congress recognized small business in America as an economic entity on a par with Labor and Agriculture, on appointive boards, agencies, commissions and committees. This, as you know, has already resulted in the appointment of active small business advisory committees for the Commerce, Treasury, Agriculture, Justice and Post Office Departments.

We wish especially to commend you for your statesman-like stand on what are regarded as controversial issues, which certain other Congressmen have straddled or evaded entirely. Your public statement to the effect that what is best for the country as a whole is also best for business as a whole, best for labor as a whole, and best for the farmer as a whole, is to be commended as a forthright statement of fact, but it is the kind of statement which takes courage to back up the conviction.

We also appreciate the unfailing courtesy and friendliness of yourself and your office staff whenever we have had occasion to call upon you at your Washington office.

It is my conviction, and I wish it were possible for me personally to tell every small business man throughout the 17th Congressional District of Ohio, that he should feel under obligation to you.

Cordially,
J. Harry McGreggor, Chairman

APPLY FOR LICENSE

Robert F. Metcalf, Plymouth, and Alberta W. Seidel of Shelby have applied for a marriage license at the Richland County courthouse.

THIS WEEK IN SPORTS

Well, the Plymouth Pilgrims have but one game remaining in their schedule and that one is with Cardington on November 12. But the Pilgrims will from now on be working on the order to "shoot the works" against Cardington on the 12th. Thus far this season the Pilgrims have won two games while dropping four and the opposition has scored 141 points against the local eleven while the Pilgrims have been able to manage 71 points against the same teams. So the local boys will be out to try and even up the season's record, come November 12.

The top All-American league game to be played in the near future will be the Cleveland Browns - San Francisco football tilt. This game will without a doubt decide the western half of the All-American conference title winner. Both teams are undefeated this season and the game should be a thriller from start to finish.

Now to try my hand at forecasting the week-end college football games. The top game of the week will be the newsworthy Ohio State game. This game should be an action packed affair from start to finish and I look for Northwestern to come out on top. Another game which will draw top billing in the southwest will be the Southern Methodist-Texas fracas. S. M. U.'s hope will ride on the shoulders of Doc Walker. Another interesting game in the southlands is the Georgia-Alabama affair with Georgia on top by a touchdown at least. Michigan should power over Illinois and Notre should roll past Navy. Georgia Tech over Duke, California over Southern Cal. Minnesota over Indiana. Penn. State over Colgate. Texas Christian over Baylor, Missouri over Kansas State, North Carolina over Tennessee, Miss. State over Tulane, Wisconsin over Iowa, Oklahoma over Cornell, Yale, over Dartmouth, Rice over Texas Tech., Oregon over St. Mary's, and Harvard over Holy Cross.

And about winds things up for another week in sports.

SOHIO OFFERS

Jud Morrison, who operates the Sohio Station on Sandusky St., makes the announcement this week that motorists in this section can now get Sohio's Guaranteed Starting in Plymouth. Morrison states that the auto owner doesn't have to buy anything extra, but the only requirement is to bring your car in and have it "wintered" and the battery checked at regular intervals.

"When real winter weather comes the motorist with Sohio's Guaranteed Starting doesn't have a thing to worry about... you start or we pay," says Morrison.

AT ANNUAL GUEST NIGHT IN SHELBY

Monday evening Mrs. John Armstrong attended Guest Night of the Shelby Women's Club held at the home of Mrs. Francis Gump. Guest speaker was Miss Florence M. Fitch, a former teacher of philosophy, biblical literature and comparative religion at Oberlin College. Her topic was "Religion of the Orient."

Miss Fitch is the author of two books, "One God," "Their Search for God," a new book on India will be published soon.

After the lecture tea was served at beautifully appointed tables. Mrs. Roy Johnson was a guest at the affair.

HAVE LOVELY TRIP TO NIAGARA FALLS

Mrs. Estel Watts and Mrs. O. M. Lamoreaux returned home on Thursday evening from a motor trip to Niagara Falls and other points in Canada. Both ladies were delighted with the scenic beauty and took the trip around both the Canadian and American side of the Falls as well as visiting the Locks. The locks connect Lake Erie with the St. Lawrence River and it takes a boat eight hours to go through.

They encountered rain, snow and sleet on the trip, but feel amply repaid for the beauty and wonders of the Falls.

W. S. C. S. MEETING

Miss Jessie Cole, Minerva Colbert, Mrs. Anna Markley and Mrs. Jessie Holt are the hostesses for the November 4th meeting of the W. S. C. S., which meets in the Methodist Church Annex. Devotions will be in charge of Mrs. Myrtle Downend and program by Mrs. Alice Ford. An invitation is extended to all women of the church or those interested in the work to attend.

BETHANY CLASS TO HAVE DINNER

Officers of the Bethany Class of the Methodist Church will entertain the members at a 6:30 o'clock dinner next Tuesday evening, November 2nd, in the church parlors. Members attending are asked to bring their own table service, 25c and canned goods and clothing for a needy family.

LOCAL GROUP ENTERTAINED AT SHELBY

Members of the Birthday Club were invited to Shelby Thursday to be the dinner guests of Mrs. Logsdon. A tempting meal was served to the eight members with decorations in keeping with the Halloween season.

Bingo followed with Mrs. L. E. Brown and Mrs. Leo Barnes as winners. Other guests were Mrs. Marie Marvin, Mrs. Clay Hubert, Mrs. Ed Frome, Miss Florence Mittenbuhler and Mrs. McBride of Shiloh.

HALLOWEEN PARTY

Bill Robertson entertained a group of friends and classmates with a Halloween party at his home on West Broadway on Saturday. Guests present were Michael DeWitt, Judith and Stanley Ramsey, Patsy Pagel, Judy Broderick, Roger McQuown, Douglas McQuate, Lynn Cashman, Darlene Kusnie, Peggy Dawson, Marcia Ann MacMichael, Nancy Lewis, Bill Taylor, Max Smith and Linda Robertson.

CLEVELAND VISITORS

Miss Alma Montgomery and Miss Merle Moshe of South Euclid, Mrs. Bernard Clark and Miss Iva Buid of Cleveland Heights and Miss Mary Cool of East Cleveland spent Saturday with Mrs. L. E. Major and Miss Ethel Major.

BETA NU HALLOWEEN PARTY

On Tuesday evening, October 19th, Mrs. Cynthia Room was hostess for a Lambda Chi Omega Halloween party. Nine members and one guest came dressed as hoboes as requested.

There were pumpkin faces, stocks of corn and black cats placed around the rooms. The only light came from the candles in the pumpkin faces and it eerily was an eye sight with all those "bums" sitting there telling ghost stories.

Several games were played during the course of the evening with the hoboes and tramps dividing the honors. Penny Davis walked away with the prize for making the best witch.

A luncheon was served later in the evening and each hobo ate from his own tin pan. Those present were the Mrs. Anna Mae Miller, Marilyn Davis, Zanette Fackler, the Misses Patricia and Delores Betts, Wilma Jean Ford, Jean Smith, the guest, Mrs. Edna Dick, and the hostess.

Here is What Huron County Lawyers Say:

"We, the undersigned lawyers of Huron County, Ohio, well knowing the qualifications of Robert J. Vetter to serve the county in the capacity of Probate Judge, hereby sincerely and earnestly endorse Judge Vetter's candidacy for that office."

After many years of successful practice of his profession in Willard, Judge Vetter has occupied the position of Probate Judge for a period of approximately two years. Experienced both as a lawyer and as a judge, the litigants and the public will receive conscientious, impartial treatment in the office of Probate Judge if Judge Vetter is retained.

We urge his election by the voters of Huron County.

Water Fowl Season Opens At Noon on Friday, October 29th

The Ohio waterfowl hunting season will open Friday, Oct. 29 at 12 o'clock noon Eastern Standard time and remain open through November 27. This shooting season affects the entire state except the Pymatungui Reservoir and a quarter mile therefrom all around in northeastern Ohio where the season opened October 15 and remains open through November 13.

On all other days after opening day shooting will be from sunrise to one hour before sunset. Bag and possession limits for ducks will be the same as last year, four a day and eight in possession. Bag or possession limits may include one wood duck only. For geese, both the daily bag and possession will be four. In addition, in such limit either two Canada geese or two white-fronted geese or one of each. For foot the bag limit has been reduced from 25 to 15 birds a day and not more than that number in possession.

SAFETY TIPS FOR HUNTERS

Hunting, according to the Sports Arms and Ammunition Manufacturers Institute, is one of our safest sports—exceeded only by the sport of fishing; even so, there will be again this season in Ohio hundreds of hunting accidents, many of which, will bring loss of life.

Each year the Ohio Division of Conservation, through its law enforcement officers and other field personnel, maintains a campaign for hunting safety through the printed warnings appearing in numerous publications, radio programs and direct mail, supplemented with periodic safety demonstrations before school audiences, camps and clubs and public displays such as those held in connection with state and county fairs.

Safety tips might primarily be considered as "good stuff" for the beginner but surprising as it may seem most of the hunting accidents can be attributed to hunters over 21 years of age which simply means that the hunters tend to get careless after years of hunting without an accident.

According to M. C. Tway, game protector for Madison county, who is in charge of the Division's safe-handling-of-firearms exhibits and demonstrations, many gun accidents are caused by defective equipment, but surprising as it may seem most of the hunting accidents can be attributed to hunters over 21 years of age which simply means that the hunters tend to get careless after years of hunting without an accident.

"Ex-service men," Tway said, "were trained to tear down their rifles every day or so whether they had been used or not just to make sure they were ready and safe when needed. Many hunters," he added, "who have owned and used the same guns for years have never once torn down their guns or even so much as tightened a loose screw. They will help to keep hunting one of our safest sports by a little extra care and a little common sense in the use of their firearms."

The regulation which prohibits the use of automatic-loading or repeating shotguns capable of holding more than three shells continues in effect, however a new amendment this year provides that the plug in such a shot gun must be incapable of being removed without disassembling the gun.

Regulations do not authorize the taking of waterfowl by means of bait, or with the aid of live-duck or goose decoys.

State Acquires Punderson Lake

The purchase of Punderson Lake in Geauga county by the Ohio Division of Conservation has been completed after many months in litigation.

The total area of land and water of approximately 500 acres includes about 97 acres of water, 180 acres of land which is capable of being farmed subject to reforestation and kindred development, and the remaining 225 acres in wooded area adaptable for picnicking and camping facilities.

The 97 acre body of water is located between Akron and Cleveland, classified by the Division as a headwater lake, is a natural lake reaching a maximum depth of about 10 feet.

The Ohio Conservation and Natural Resources Commission about a year and a half ago approved an additional \$3450 for 600 from fishing license funds for the purchase delayed until a short time ago by title clearance. The Commission recently appropriated an additional \$3450 for 600 from fishing license funds for the purchase delayed until a short time ago by title clearance. The Commission recently appropriated an additional \$3450 for 600 from fishing license funds for the purchase delayed until a short time ago by title clearance.

The purchase includes two residential structures, one large uncompleted mansion-type building and about a dozen other buildings of various sizes.

The lake and surrounding land has been under private management with an admission charge prior to the Division's possession. Conservation Commissioner H. A. Rider stated today that the lake and area surrounding it are now open to the public without charge and that the Commission will determine in the near future just what improvements and facilities will be provided for the public.

W. R. Wheelock, in charge of recreational development on the Division's headwater lakes indicates that that tentative plans call for the construction of a public bathing beach on the east side of the lake where a gravel bottom and already existing driveway makes this portion of the lake most logical for such development. He also indicated that the usual headwater lake facilities such as boating, bathing, fishing, camping, picnicking and skating will be available to the public, but added that there would be no rental of cottages or cottage

sites and that the regulation prohibiting the use of motor on headlakes will prevail.

Homemakers Want Yellow Margarine

The homemaker's voice has not been heard in the past by our State Senators and Representatives to the General Assembly. Letters of protest written by aroused housewives have been ignored.

Mr. Forrest W. Keyser, Huron County business man, who was reared on a Huron County farm and understands both sides of the issue, is a candidate for the General Assembly. He has vowed to fight to the finish for the right to Yellow Margarine.

WILLARD AIRPORT NEWS

The Willard Flying Club Meetings have been postponed until November 4th.

Charles Frazee, Tiro, passed his flight test for a private pilot's license at the Airport last week.

Return From Hunting Trip to South Dakota

Paul Root, Plymouth, Gaylord McCullough, New Haven, Coy Hillis New Haven and Wynne Lyndy of Willard returned home Sunday evening from Gettysburg, South Dakota where they flew to enjoy pheasant hunting. They left Thursday morning and made the round trip in twelve hours flying time and brought home twenty-seven birds. Reported pheasants

so plentiful you could shoot them from an automobile. They flew in the Twin-Engine Cessna and Paul Root, Plymouth was the pilot.

Flights during the last week included the following trips: Dean Funk and Paul Wilkinson flew to Athens, Ohio; James Predieri and John Tetrick flew to Novato, O.; Glenn Wendell and Robert Alfrey flew to Magnolia and Dean Funk and John Tetrick flew to Ashland, Ohio.

Pastors Endorse "Crop" Program

The Huron County Pastors Association meeting in the Grace Methodist Church at Willard on Tuesday afternoon heard James D. Wyker, State Director for the Christian Rural Overseas Program. Through this organization food trains are gathering food for distribution to needy families overseas. This "CROP" Program is sponsored by Catholic Rural Life, Church World Service, and Lutheran World Relief.

Plans are under way to collect one or more carloads of food during November in Huron county for this relief program. Representative leaders from the county met at the court house on Norwalk, Tuesday, October 26th, at 8:00 p. m. to complete plans for the solicitation for the Food Train.

Agent Attends Conference

Mr. Thor Woodworth, local insurance man of Fortner Street and his wife have just returned from Cleveland, Ohio where he

participated in the President's Conference of Motorists Mutual Insurance Company. As one of the leading agents of Motorists Mutual, Mr. Woodworth was invited by Carl N. Crispin, President, to take part in this two-day conference to discuss the problems and future plans of the Company's operation.

In the keynote address, Mr. Crispin related the story of the founding of the Company in the fall of 1928 by former Governor and United States Senator Victor Donahue, who was first president of Motorists Mutual together with other prominent Ohio men. He told how in twenty years \$6,000,437 had been paid to policy holders and for policy holders which represents the saving of thousands of homes which might have been lost if this protection had not been in effect. He also revealed that assets had increased from \$15,000 to \$4,028,304.60 and policyholders' surplus and surplus reserves had been brought up to \$1,144,289.58 as of September 30, 1948.

"A Little Education Is A Dangerous Thing"

How much truth do you find in "Life is what you make it?" You answer that one and here is another—How about the life of Your Child? Is it what he makes it? Or what you make it? Most of our answers will be the same—"What we make it." Or if you choose to debate the question, you will eliminate any room for argument and say—the advantages, the privileges we give our children does much in making their lives.

Probably the best advantage we can give our children is Education. Are we doing this in our community? Do we have the necessary facilities, the proper methods, equipment, etc.? Your answer must be NO. We need a new school building. Our crowded conditions are intolerable. Are we willing to help relieve this condition, to build a new school? Or do we continue with the same crowded, inconvenient system we have? The condition of our schools today is the results of the efforts and management of the past years. Are the present conditions to continue? Are we going to jeopardize the rights of our children by tolerating the present day conditions? A proper Education is a debt we owe the children of the present and the future.

Our failure to pay this debt will result in delinquent children, inaptible, irresponsible adults, poor schools, and an illiterate community. Yes, we as parents, as taxpayers, as citizens, must meet our obligation to society: "Make this a better world in which to live. One way to do this is to help make our school a better place for our children to live."

For a number of years the citizens of our community have been waiting to see a new elementary building erected on the old school grounds. The war, all its restrictions, priorities, etc., caused all thoughts and efforts to be discontinued. Then came high prices. Building materials then reached the highest peak known in history.

Our Local Board of Education has made numerous attempts to start this building. The answer to all efforts has been—Insufficient funds.

Plans have been drawn, estimates cut to the minimum dollar and still the funds are not sufficient to build. The only answer is to ask the taxpayers of this school district to vote for a bond issue of \$48,000.00 and a levy of

taxes be made outside of the ten mill limitation, estimated by the County Auditor, to average 1.3 mills for each one dollar of valuation, which amounts to 13c for each one hundred dollars of valuation of \$130 per one thousand dollars valuation. The maximum valuation of property in Plymouth is approximately \$5,000.00. This would amount to \$6.50.

Is this a ridiculous price to pay for your child's education? Can you think of a better investment? What, when can be greater than education—what loss so bad as illiteracy?

Your choice, your answer is your child's gain or his loss.

New London Will Have Festival on Halloween

NEW LONDON — Plans for a Halloween festival, complete with costume parade, band concert, street dance, etc., has been arranged by the local Jaycees for Saturday, October 30th.

Arrangements are being made to have the center section of Main St. roped off for the evening.

Miss Jane Weltmer, director of the New London High School band, will lead the parade, scheduled to begin at the corner of Williams and James Sts., down Main St. to the Square, then back again. Three judges will review the parade.

There will be awards for the prettiest and most comic costumes and six age groups will participate.

Clay Stackhouse Honored in Tree Farm Dedication

Mr. Clay Stackhouse, Manager of the Humphrey Farm Company, Townsend Township, Huron Co., was honored Saturday by Mr. Oliver D. Diller, Associate Forester at the Ohio Agricultural Experiment Station. The Humphrey Farms have set aside seventy-five acres of woodland of a similar nature are being ded-

icated to the Ohio Forestry Association, made the presentation of Tree Farm Certificate and Road Sign. He stated that any farmers in Huron County wishing to have their farm in this program should contact the Ohio Forestry Association to determine their eligibility.

After presentation of awards a tour of the seventy-five acres of woodland was conducted by Mr. Stackhouse. Virgin timber, size of trees in relation to years of growth, and the damage Wolf trees had done to small growing timber was pointed out by Mr. Diller.

And the Bride Wore

After reading all the weddings playing up the brides, this reporter wonders: "Why not write up the groom?"

Mr. Leger James Morgan, son of Mr. and Mrs. James T. Morgan of Toronto, O., became the bridegroom of Miss Laura Patti Kincaid, Saturday morning, October 2nd at ten o'clock. The ceremony took place at the home of the bride and was largely attended.

As the groom approached the altar, he was the cynosure of all eyes. Blushing prettily, he replied to the questions of the clergyman in low, but firm tones. He was charmingly clad in a three-piece suit consisting of coat, vest and pants. The coat of some dark wool material was draped prettily about the shoulder and tastefully gathered under the arms.

A pretty story was current among the guests that the coat was the same one worn by his father and grandfather on their wedding days. Mr. Morgan would neither affirm or deny this sentimental touch. Vest was sleeveless and met in front. It was gracefully fashioned with pockets, and at the back was held together by a strap and buckle of self material. The groom's pants were of the same dark wool material and were suspended from the waist, falling in a straight line almost

to the floor. The severe simplicity of the garment was relieved by his right pantleg which was caught up about four inches from the floor by a Boston Brighton, worn underneath, revealing just an artistic glimpse of brown hose worn right above genuine leather laced, with lacings of the same color. The effect was very chic.

Beneath the vest the groom wore blue galluses attached to the pants fore and aft and presented a very graceful curve over each shoulder and under which was encircled with a collar over which was a delicate sawdge, and around the collar cravat was loosely knotted, so that it rode up under his left ear, with a studied effect of carelessness, which marked supreme artistry in dress.

The groom's man costume was essentially like the groom's, and as the two stood at the altar, a hush of awed admiration enveloped the audience. Neither Mr. Morgan, nor the groom's man wore a hat.

As the bride led the groom from the nuptials it was noted that she wore orange blossoms. (From the Crusader).

1948 Corn Loan

Mr. Robert E. Finlay, Chairman of Huron County A. C. P. stated today that the loan rate for 1943 corn will be \$1.50 per bushel for Huron County. This is 7 cents per bushel above the 1947 Loan Rate and represents 90% of present parity price for corn.

Mr. Finlay pointed out that no Huron County farmer need take less than the support price for his corn provided he gets it in satisfactory storage to qualify for a loan or a purchase agreement. However, if a lot of corn is dumped on the market after harvest, then "dollar corn" is a possibility.

Under the Loan Program eligible crops will need to have a good floor and a good roof and a width not greater than that recommended for the safe storage of corn for the coming year.

Mr. Finlay pointed out that the important thing for the farmer to

remember is that in the event the corn under loan is turned over to Commodity Credit, the grain when delivered must be in a good marketable condition.

Detailed information regarding selling requirements and the loan program are available at the Huron County AAA Office.

A Dummy Debate

Charlie McCarthy exchanges a few harsh words with Mortimer Snerd as Edgar Bergen cautions his two wooden-heads to restore peaceful relations, in preparation for their return to WLW-NBC Sunday, Oct. 3, at 8 p.m., EST, after their vacation in Europe.

Behind The Scenes of American Business

By Reynolds Knight
NEW YORK, Oct. 25 — In a scholarly appraisal of the nation's economy, THE NEW YORK TIMES concludes that the threat of war is the only streak on an otherwise flawless picture, and observes that "words like 'depression' and 'recession' are attaining the status of blasphemy."

Conceding that the high general price structure is a "grim fact" to many, THE TIMES points out that this is being partly offset by full employment, high wages and increasing productivity. Moreover, the paper states, adjustments at wholesale in farm products eventually will result in cheaper food for the consumer.

THE TIMES quotes Department of Agriculture economists as authority for the statement that there will be "no significant decline in economic activity in 1949." Four major forces are cited: (1) High consumer expenditures, made possible by nearly full employment, advancing wage rates, and the largest individual holdings of liquid assets in history; (2) Increasing private domestic investments, including housing and outlays by business for plants and equipment; (3) Excess of exports over imports; (4) Government spending for defense and the ECA.

GROWING AIR LINE—In this atmosphere the possibilities for new businesses are sometimes sensational. For instance, Peruvian International Airways, completing its first year of scheduled flights between New York and the west coast of South America, reported that it had flown 24,800,000 revenue passenger miles and 1,480,000 ton-miles of mail, freight and express during the period.

Furthermore, since the start of service between New York, Washington and Havana, Panama, Lima and Santiago a year ago, PIA has expanded its schedule from one to four flights weekly in each direction. And now it plans to extend its route to Buenos Aires, at the southern end, and northward to Montreal as soon as international agreements permitting entry can be negotiated, the company revealed.

The volume of air freight, express and mail has shown a steady increase during the first year's operations. Principal products shipped included fluorescent tubing, women's clothing, rayon hosiery, machine parts, motion picture film and textiles. THINGS TO COME—Portable battery-powered lantern can be adjusted to work as a blinder signal to warn off other motorists in case of trouble on the road.

Odorless compound is said to make mattresses vermin-proof. . . . Power snow remover scoops sidewalks, then blows snow out of the way with a fan. . . . Pipe joint compound available in tubes makes a tight, permanent joint that, nevertheless, can be taken apart easily. . . . Engine-driven chain saw has blade 20 inches long, yet is light enough to be carried around. . . . Plastic paint is suitable for fabrics or canvas-covered equipment. . . . A new type paint remover is said to be faster and more efficient yet safe on all metals, including aluminum, tin, iron and magnesium. . . . Foods ready for retailers' shelves now include a canned tomato as well as a tomato paste. . . . A vacuum-packed waffle and muffle mix. . . . Bottle brush has a nylon head that can be manipulated to any angle by means of a trigger on the handle.

ACCENT ON UTILITY—Only a few years ago the term "station wagon set" referred to high society. Rich commuters were about the only ones who drove those useful but very "smart" vehicles. Today the station-wagon is far less snooty, far more popular. In fact, Powell Crosley, Jr., whose company makes more station-wagons than any other company, revealed the other day that

about 72,000 cars of this type were produced by the industry as a whole in the first nine months of this year. That's nearly three times as many as in the full year of 1940, which was a pretty good all-around automotive year. The Crosley company is accounting for more than 27 per cent of the total output of these general-utility vehicles this year, although this pioneer in lightweight cars entered the station-wagon field less than a year ago, with an all-steel job factory priced at under \$1,000. "Nowadays this type of car, mass-produced and priced for all rungs of the economic ladder, instead of being a custom-built showpiece for rich folks, is performing a great range of family and personal transportation chores," Crosley said, "and is proving especially useful in delivering service for many retail and service businesses."

BITS O' BUSINESS—Personal income jumped from an annual rate of \$207.2 billion in May to an estimated \$215.1 billion in August. . . . Employment, for the third month in a row, has topped 60 million. . . . Dallas department stores currently are campaigning against merchandise returns and exchanges. . . . Steel production last week reached 99.1 per cent of capacity, a new peacetime high.

The output of farm machinery this year will exceed 1947's record by about 15 per cent. . . . Aluminum ingot is up another cent, to 17 cents a pound.

Weekly Sermon

Your Redemption Is at Hand
Fr. Joseph McSorley

"Redemption." The word reminds me that I am sin's captive. I am unable to escape; I am utterly helpless and hopeless, unless bought back from slavery by a friend ready to pay dearly for my release. My first thought is—Am I worth it? My second thought is—How good a friend I have in my Redeemer who comes to free me. With His own life, He purchases my release from the horrible prison, where I have been awaiting torture and death.

Not quickly does one forget goodness like this; and I tell myself that I shall never cease to be humbly grateful. But the very sound of my words reminds me that I have spoken them before! Not once, but often, I have uttered fervent acts of thanksgiving, acts of contrition, resolutions of amendment. And also, not once, but often, I have forgotten them all. Now I am again a prisoner, chained by the same old selfish desires, crippled by habits that I myself have recklessly cultivated. Here I am again, facing the prospect of inevitable doom.

My redemption is at hand—at hand indeed, but not yet effected. It still depends upon my acceptance of God's offer. This acceptance is really a simple matter. I

have but to confess my foolishness and wrongdoings; take my Saviour's outstretched hand; rise to my feet, follow Him along the path or daily duty, and resist all temptations to forsake Him. But if I do not make the most of this chance, it will pass away, and possibly—should I say, probably—I shall never have another. For good and all then, let me now make sure of my redemption. Let me not dare to keep God waiting. Let me promise Him that I will never again become a voluntary prisoner of evil.

Stuckey to Speak At Farm Safety Meeting Tonight

Rural leaders are requested to attend an organization meeting for a Rural Safety Campaign on Thursday evening, October 28, in the Common Pleas Court Room, Court House, Norwalk, at 8:00 o'clock. The United States Department of Agriculture Board of Huron County is sponsoring this organization meeting with W. E. Stuckey, Farm Safety Specialist in the Agricultural Extension Service and Division of Safety and Hygiene, as speaker.

Facts received from Mr. Stuckey indicate a vital need for this County-wide Safety Campaign. Nine farm people meet with fatal accidents each week, on the average, for the past two years. A study of farm accidents in Ohio showed that 941 accidents resulted in death in a two year period. These accidents occurred in three places. The first group, making up one-fourth of the total, occurred outside the home. One-half of these were during the summer months, in other words, on machinery operated during the crop season. The second group occurred in the home. Nearly 40% of the total farm accidents occurred in the home. Over 60% of the people who died from accidents in the home were 65 years of age or older. The third group of accidents occurred to farm people away from home, mainly motor vehicles.

Since our modern farm is mechanical, it is vitally important to be on guard for farm machinery hazards. Mr. John K. Wells, Associate County Agent, states that

a survey in Ohio showed that any farm boy under 12 years of age should not be allowed to operate the farm tractor to be on the safe side. These facts which have been focused to the cause are now starting us in the face more than ever with increased farm mechanization. Huron Co. is one of the leading grain producing counties in Ohio. Due to the mechanical equipment required to produce grain crops, it makes it doubly essential that we acquaint ourselves as farmers with machinery hazards, especially tractors, corn pickers and combines.

Rural leaders are urged to make every attempt to attend this farm safety organization meeting as a representative of their particular rural organization.

Margarine Vital To Industry

It is interesting to note that there is more Margarine produced in Huron County in one hour than there is creamery butter in one year.

Approximately five million pounds of freight revenue is provided in Huron County each month by the margarine industry. The bulk of this revenue goes to the Wheeling & Lake Erie, Nickel Plate, and New York Central Railroads, and to the W. L. Mead and Norwalk Truck Lines.

The margarine industry also plays an important part in the economic life of the Huron County farmer. The skim milk of approximately 9,000 cows is used daily while it is estimated that there are 7,800 cows in all Huron County.

Farmer To Use New System

A new system of selling pool lambs has been adopted by the Greenwich lamb pool committee and will be used for the first time today, Thursday.

Under the new system the price of the various grades is set before any lambs are graded on pool day, informing the farmer of what grade his lambs fall in and the price he will receive.

Previously prices were not set until the pool day, and lambs were not sold until late afternoon; consequently the consignor had no opportunity to take his lambs home for further feeding if he so desired. Hereafter anyone desiring to have their lambs sorted at their farms should call the county agricultural office by the Thursday preceding the pool. Phone 2417-6.

Rural Youths Visit Smoky Mountains

Here are twenty-nine members of the Huron County Rural Youth Study Club taken when they visited Clingman's Dome, in the great Smoky Mountains, North Carolina. The following young people made the trip which included three days in the Smoky Mountains and two days enroute to and from Knoxville, Tennessee: Margaret Avery, Betty Beiler, Irene Burke, Janice Chisholm (Mrs.), Mary Fenner, Elizabeth Fenner (Mrs.), Neva Kneisel (Mrs.), Susy Lienzen, Marjorie Phillips, Patricia Porter, Jane Schild, Marian Schwoebel, Margaret Ann Smith, Helen Smith (Mrs.), Marilyn Wagener, Charles Chisholm, Ed Gawron, Keith Hufman, William Kneisel, Roy Kneisel, Ed Melick, Bob Soisson, Frank Smith, Lyle Smith, Malcolm Smith, Norman Smith, Bob Weisenberger.

The trip was financed partially through the operation of the Rural Youth Dining Room at the Huron County Fair.

A full schedule of activities has been planned for the Rural Youth Study Club for the fall and winter 1948 and '49. Regular meetings are held on the first and third Monday evenings of each month. Anyone desiring further information about the Rural Youth Study Club should contact any of the above people or the Huron County Agricultural Extension Office, Court House, Norwalk.

Biographical Sketch of Thomas E. Dewey, Slated For Next President

Young Thomas Edmund Dewey grew up in a small town, in the pleasant, normal atmosphere of a family of modest means.

He was born at seven o'clock in the morning, March 24, 1902, over a general store in Owosso, Mich., a town of about 8,000. His mother, Ann Thomas Dewey, was also born in Owosso, where she lives today. His father was a native of Hastings, Mich., who worked in Owosso to edit the local newspaper, and later serve as town postmaster until his death in 1927.

When young Tom was 11, he sold the Saturday Evening Post and soon had boys working under him as his agents. He took on a newspaper route, making a 4:51 morning train, then splitting the papers up among his assistants. In high school he was a good student, but he also managed to play football, make the debating team, play in the minstrel shows and edit his high school yearbook. At one time or another he worked in a drug store, in his father's print shop, and on a nearby farm.

By the time he was ready for college, Tom Dewey had saved enough from his odd jobs to pay all of his expenses during the first year at the University of Michigan. While there he worked on the college newspaper, sang in the glee club and as a soloist in a local church.

In the summer following his senior year at Michigan, he won a scholarship to the Chicago Musical School. There he met Frances Hutt, an attractive young voice teacher from Oklahoma and secretary to his own voice teacher.

When Frances Hutt went to New York to continue her voice studies, Tom Dewey went there too, and enrolled in the Columbia University Law School. He carried on his voice studies in New York until a minor throat operation brought home to him the hazards of building a singing career. In his final year at Columbia, he dropped his voice studies altogether and devoted himself entirely to law.

After graduation and a summer tour of Europe by ancient Ford and bicycle, Tom Dewey settled down, in 1925, to practice law as an \$1,800 a year junior clerk in a New York law office. By 1928, his salary had increased enough, he decided, to enable him to marry Frances Hutt. They moved into a two-room apartment.

For the next two years, Tom Dewey climbed steadily. He also took an active part in local politics. He ran errands for the local Republican organization, canvassed voters and served as a poll watcher.

Early in 1931 there occurred an event which shaped his entire career... a prominent trial lawyer, George Medalle, was appointed United States Attorney for Southern New York. Tom Dewey, who had impressed Medalle during a trial in which they worked together, was asked to serve as his chief assistant. He accepted—the youngest (29) man to ever hold the post.

Here it was that he demonstrated a remarkable ability. He headed a staff of 60 lawyers and successfully prosecuted some of the outstanding cases in the history of crime, covering a great variety of subjects.

Much of the rest of Tom Dewey's record in public life is public knowledge. In May, 1935, he was appointed a special prosecutor. He went after the big shot criminals and politicians who protected them. And he got them.

Later, persuaded that to do so would be in the public interest, he ran for the office of District Attorney, and was easily elected. In the years that followed, he broke the backbone of organized crime in New York.

Tom Dewey first ran for Governor of New York in 1938, and barely lost by 64,000 votes out of nearly 5,000,000 cast. His opponent was saved only by the votes of minority parties.

In 1940 he was considered a leading candidate for the Presidency, but after the nomination of Wendell Wilkie, he stumped vigorously for the successful nominee.

Again, in 1942, after retiring from his office as District Attorney, Tom Dewey's name began to be whispered as the Republican candidate for Governor. The people voted him into office as the first Republican governor elected in 22 years. That Dewey was the right man at the right time proved by the unmatched record he has established for good government.

He has appointed outstanding men and women, analyzed, organized and acted as his judgment has always taught him to act—for the best interest of the most people.

In 1944, the Republican nomi-

nation for President came to him without his having sought it. In the midst of a great war, the people decided it was not the time to change administrations. None the less, he received more than 22,000,000 votes — 46 percent of the total. The people of New York returned Tom Dewey to the governorship in 1946 with the greatest majority in the state's history—687,000 votes over all opponents combined.

No man of greater human sympathies has ever occupied the governor's chair at Albany. His record as governor during the past six years has shown him to be a man whose feeling for the needs and problems of human beings is rooted in his heart.

Tom Dewey's record as governor shows faith in the people of America. He has confidence in their common sense. He is sure of their future.

He has shown fairness, understanding and consideration to every group whose problems have come before him—to labor, veterans, women's, and other groups his achievements in public housing, education, sound health and welfare programs and, in general, sound government, have been outstanding.

Tom Dewey, as a small town boy, is close to the soil in his thinking and in his sympathies. He and Frances Dewey now have two sons—Tom, Jr., and John 12. And their only home is on a farm. The farm, near Pawling, N. Y., was bought first of all to provide what Tom Dewey thought was the kind of home setting which he wanted his boys to have.

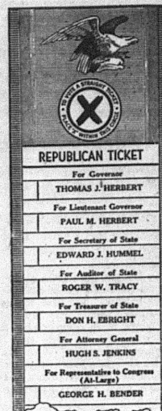

But Tom Dewey also has a deep and sincere regard for the business of farming. His is not a show place. It has to pay its way because Tom Dewey, as a public official, cannot afford the luxuries he might have afforded in the field of private law practice.

The Dewey farm does pay. Tom Dewey runs it on a partnership basis with an experienced farmer—Ralph Lynam. It's a dairy farm in a dairy section. About 50 cows are milked.

Like the state government he heads, the farm is run efficiently. Tom Dewey likes to pioneer with new ideas in farming. But he has to make them pay off. He can't afford bad guesses.

Even having shared the problems of his fellow-farmers, Tom Dewey has developed a remarkable understanding of rural America. In a recent magazine article, a fellow-farmer, who knows him well, sized up Tom Dewey in this way: "His feet are on the land."

ACTIONS speak louder than WORDS

Those records tell the story. You will certainly want to re-elect Tom Herbert. Vote also for Republican legislators. They are pledged to the same principles of efficiency, fairness and economy that enabled the Herbert administration to accomplish so much good for Ohio.

Compare his Record in Office

Governor Thomas J. Herbert

Tom Herbert's opponent in the coming election is the man who preceded him in office. Compare the records of these two candidates and there is little doubt which one you'll vote for. Here is the score.

HERBERT:

Reduced Sales Tax and so many other taxes. Financed Soldiers Bonus without special tax levy. Increased aid to public schools by \$10,000,000. Appropriated \$12,000,000 for welfare institutions. Completed or placed under contract, \$23,000,000 of welfare building construction.

Reduced unwieldy state liquor inventory \$17,000,000. Put all inspectors under civil service. Revoked 119 fake club permits.

Awarded 800 highway projects contracts to value of \$61,655,773. Held 301 competitive civil service examinations. Approved only 4,680 provisional employees.

Secured enactment of law for regulating strip mines. Increased state aid for control of brucellosis and other farm animal diseases. Paid to local divisions of government \$208,872,793.

HIS OPPONENT:

Promised Sales Tax reduction. Failed to recommend same to the legislature. Did nothing about the Bonus. Voted appropriation bills for public schools. Provided \$27,000,000 for welfare institutions. Constructed or placed under contract, only \$4,000,000 of the appropriation.

Left behind exorbitant inventory of unsalable brands of liquor. Failed to stop issuance of permits to fake clubs.

Awarded 550 highway project contracts to value of \$36,924,288. Held only 82 competitive civil service examinations. Approved 11,596 provisional employees.

Talked about strip mine regulation. Offered no bill on same. Gave agriculture inadequate aid against farm animal diseases. Provided local subdivisions of government only \$158,012,476.
