

P. T. A. NAMES COMMITTEES

A fine P. T. A. meeting was held last Wednesday evening at the High School when Rev. G. C. Hiedelinger of Willard was the featured speaker. His topic concerned P. T. A. Cooperation. The entertainment committee for the evening, headed by Mrs. Armstrong, had arranged for the "Dixie" to sing, and their songs concerning the events of 1849 were much enjoyed. The singers were all High School boys. Refreshments, including the Halloween season were served by mothers of the Junior class, with Mrs. George Eby as chairman.

The Membership Drive is in full swing, and the committee in charge of this is Mrs. Harold Teal, Mrs. Elton Robertson and Mrs. James Rhine.

The next P. T. A. meeting will be on Thursday night, November 16, and the entertainment committee is Mrs. Robert Schreck and Mrs. Carl Caranahan. Mrs. Aiden Wilett is chairman of refreshments.

PLYMOUTH WOMEN RETURN FROM 3000 MILE RIVER TRIP

Mrs. Belle Bachrach, Mrs. Lura Wolcott and Misses Katherine and Elizabeth Weber returned Friday evening, Oct. 20th, from a trip to New Orleans, via the Ohio and Mississippi Rivers. The party consisted of four women and a driver, and miles of river travel from Cincinnati to New Orleans and return, with four days in New Orleans where the Delta Quarters, served as their hotel. There was a stop-over in Natchez, Miss., to go through a number of beautiful colonial houses and to see the precious antiques — furniture, paintings, china and silver. Many of them are owned by organizations or societies, but in a few the owners themselves still live and proudly display their possessions. (They receive, I understand a certain percent of the price charged by the people who manage the tours).

During the stay in New Orleans, the group saw some of the most interesting side trips, one of which was a trip to Biloxi, Miss., which took almost the entire day, across one of the largest bridges in the world, along the Gulf Coast, with a stop-over at the beautiful Buena Vista Hotel for luncheon.

From the lazy, restful ride on the river, through the many Locks, 14 in number, past the mouths of a number of rivers, stopping occasionally at a sleepy river town, it was a far cry from the busy streets of New Orleans. But the contrast made it all the more enjoyable.

Of course, the French Quarter claimed the greater share of the attention, with the many famous eating places to be visited, such as the Cafe du Monde. The Court of the two Sisters, etc., etc., the narrow streets, overhung with banana trees, laden with fruit, the high domes, with their many balconies, enclosed, or partly enclosed with iron grilles, in many elaborate designs, the French Market with its wonderful display of vegetables, fruits, meat, and seafood, and last but not least the coffee and donuts, hot at any time of day or night.

It was with regret that the New Orleans was left behind, but the ship homeward bound encountered some, but brighter, sunny skies and balmy breezes, and plenty of time to recover from four strenuous days. All in all a truly marvelous trip.

Clyde Overpowers Pilgrims 32 - 21

By Jim Shutt

Scoring four big touchdowns in the first half, the Clyde Flyers coasted home to a 32-21 victory over the Plymouth Pilgrims in a game played last Friday evening on the local field.

The victory was the third of the year for the Flyers over the Pilgrims in a game played last Friday evening on the local field. The Flyers won the series at one all as the Pilgrims took the game at Clyde 12-13 score.

Larry Schreck was the offensive gun for Plymouth as he racked up two touchdowns and one extra point for thirteen markers and carried the ball sixteen times for 246 yards or 15.4 yards a try.

The Clyde eleven scored their first play from scrimmage as they took over the ball on their own 38 yard line and a 62 yard pass by Clyde to the end, Dick White, throwing to Jerry Keegan for the initial tally. The try for extra point was good.

The Pilgrims came right back to score as Larry Schreck ran 69 yards off tackle to knot the score at 6-6. Larry then plunged for the extra point and the home team led 7-6 with the game barely underway.

Clyde came back to score once more in the first quarter with Skitter going 29 yards for the six pointer. This time White's placement was good and Clyde was in position to stay in the game.

By half time the visiting Flyers held a commanding 26-7 lead as Jim Mitchell scored on an end around play and White passed the Hofelich for 20 yards and a touch down. White's second conversion supplied the 26th point.

The Pilgrims eleven came back fighting in the second half as they completely outgained the Clyde team but the visitors held too much of a lead for the home eleven to overcome.

Larry Schreck added his second touch down of the evening on a 36 yard rally and little Tom Rhine snuck 20 yards around right end on a beautiful bootleg play for the other Pilgrim 6 points.

Two touchdowns and two extra points and all the Pilgrims came back to the field.

Jim Mitchell ran for the other Clyde touchdown as he went 29 yards between guard and tackle in the fourth quarter.

White's third touchdown here in Thursday Night Battle.

The Freddie's of Fredericktown will come to Plymouth this Thursday evening to battle with the Pilgrim gridgers under the lights. The game being scheduled up one night because of the annual teachers' convention at Cleveland, Columbus and Toledo over the week end. Game time is set for 8 p.m.

Extra points: Schreck and Root 2, White.

THE USUALLY warm weather...

On October 25th, November with California's "unusual" weather and did this past week when Harry Aumend who resides south of Plymouth brought into the Advertiser office, two beautiful clusters of California grapes. Mrs. Aumend said the original vine was taken out when he ran over the fire hose Sunday night as the fire siren sounded. Don was busy tugging at the door to get it open when Ralph Bit of Shelby, ran up to assist. Both men were ready to take the fire engine out, when Ford called into the operator to find out "How the fire was." We can't say how small and foolish he felt when he was told that "It was only the curfew," and as one bystander remarked "gosh, isn't Don over 18?"

OHIO'S MILD WEATHER EXPLAINED—

The warm weather Ohio enjoyed these past days is coming from the Gulf regions, Westwardman L. T. Pierce explains. Pierce said the tropical air is flowing up from the Gulf regions because of a "low pressure trough" over the western Atlantic, is what has given the state the mild weather. The 80's this past week. Pierce said Ohio can expect a blacklash of the Florida hurricane with probable rain, but that it will change to mild weather," he added. "It will continue as long as the low and high pressure remain in their present positions."

Happy Birthday, Neighbor, and we'll be glad to add another candle for you next year.

DANNY SHIELDS, two year old son of Mr. and Mrs. Emerson Shields...

Danny Shields, two year old son of Mr. and Mrs. Emerson Shields, was killed by a car, grieving over the loss of his constant companion and playmate, "Rickey" this past week. "Rickey" was just a small dog, but to realize that thoughtlessness on the part of an adult was the cause of his death. Possibly, evidently placed in the car, killed. Danny's grandfather Sam Fenner feels pretty badly over the pup too, for he came to meet him almost every coming home from work. But then the infant family is thankful that it was the dog, instead of the baby, and it could have been. Pious intended for rats and other varmints should not be placed where small children and family pets have access to it.

LOOKING FOR INDIANS

The new Boy Scout stamp is causing a furor among those sharp-eyed people who write in to the editor asking for red ink. Red ink of the three boys pictured is not giving the correct salute. The Postmaster Jesse Donaldson has an answer. He says the stamp is not. Still he is jaded his eyes—an exploring Scout. We say—maybe he's looking for Indians—Cleveland style.

AUTOISTS WARNED

Chief of Police Robert Meiser warned a number of teenagers over the city streets that they were driving on "Candy's" Street and that others were warned about excessive speed through the school zone.

Infractions of the law will not be tolerated in Plymouth's school zones.

WHY ARE UNITED STATES OWNED SHIPS WORKING FOR THE RUSSIANS?

Here is a piece of fine auxiliary news from the war in Korea:

Russia has in Korean waters, or nearby, a fleet of about 800 large and small merchant vessels.

In 1946, the United States "loaned" Russia 581 naval craft. They were classified as follows: 15 river tugs; 34 mine sweepers; 30 landing craft, infantry; 28 frig-

ates; 78 submarine chasers; 8 motor torpedo boats; 17 landing craft; tank; 194 motor torpedo boats; 43 motor mine sweepers; 4 floating workshops; 26 submarine chasers; 54 land craft, mechanized; 36 submarine chasers; 1 motor launch; 1 plane personnel boat; 2 landing craft, support; 2 landing craft, vehicle; 3 ice breakers; 4 250-ton pontoon barges; 1 light cruiser.

Russia has returned some of the craft, no one will say how many. Question is, how many of these United States "loans" are working for Russia and/or North Korea this minute? For a great deal of the imported North Korean material is arriving by ship from the nearby Russo-Siberian ports.

Representative ALVIN WEICHEL, of Sandusky, has been trying for months to get an answer

to the question. In 1946, he was chairman of a House committee which tried to get details of the Russian-United States deal over the ships, succeeded finally in getting Secretary of State George Marshall's attention. General Grange recorded another successful meeting and Booster Night on last Friday evening. It was an open meeting.

The featured speaker and attraction of the evening was Rev. Harold Lantz, of Highland Lutheran Church, who ran his motion picture films of his recent trip to Europe, and who also lectured on his experiences there. The films were in color and included pictures of Sweden, France, Germany, Belgium, Holland, England, Switzerland. The interest of the audience was held throughout as both the film and the talk were timely as well as entertaining.

In addition to the speaker, two articles were read by Mrs. Carl Carnahan and Mr. Glenn Frakes, "A Poem Which Could Save A Life," and "A Farmer's Prayer." At the close of the program a delicious covered dish supper was served to all.

The next Plymouth Grange meeting will be on the evening of November 3, Friday, at 8:30.

Woman's work is never done!

That's not just idle talk — the average housewife works 63 hours a week. And she performs 70 different tasks in one day's work. Which is proof positive (if anybody needs it!) that housekeeping is a rugged job!

Of course, today's housewife has electric helpers to lend a hand and take much heavy work out of housework. But even the finest gadgets need something else — cheap, dependable electric service to give them life and usefulness.

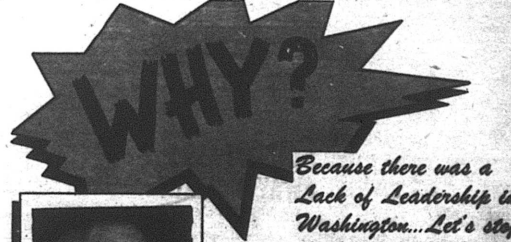

That's why it's a compliment that housewives take electricity for granted. You flip a switch and know electricity is ready.

You can take its economy for granted, too. For electricity is just about the smallest item in your family budget. It costs less than a pack of cigarettes a day, yet it helps you sew, cook, clean, wash and iron, guards your health, entertains you. What else gives you so much living value — at such little cost?

THE S. H. S. SNOOPER

I wonder if the coach and Miss Campbell are on a diet. I heard that all they ate at the teachers' banquet was coffee and rolls.

I heard that Hazel Sloan is a steady customer at the Canges store now. What's the big attraction, Hazel?

Who is the new "glamor girl" in the junior class?

Why is it that Jean Hamman and Kathleen Miller are so interested in Plymouth? Couldn't be because of a guy named Larry, could it, Jean?

Anna, why are you so interested in the milk route business? Couldn't be because of a young man named Chiz, could it?

It seems as though we can't find a "Miss Schwalbe" around the school house. Although there is a Mrs. Wade Kinsel. Things sure can happen over a weekend.

Jennie, whose class ring did you have over the weekend and where did it disappear to so fast?

Why is it that Peggy had a trend to look up to the seniors? Could it be because of a certain senior boy?

Plymouth seems to be keeping Gary Alfrey pretty busy these days. What's so interesting over there—as if we didn't already know?

Who was it that got in the wrong place at the wrong time out at Marilyn's Wednesday night? How about it, Della, what made your face so red?

Why were some of the senior girls smelling so sweet Thursday morning. It couldn't be, could it, that they got Hallowe'en'd at the Slumber party Wednesday night?

Since when, Malcolm, did you start playing with dolls? Looks as if it not only takes one to please you but a whole box of them and I don't mean LIVE ones either!

Promoted to Captain

A letter this past week from John Fackler to his parents, Mr. and Mrs. H. Fackler, stated the injury to his nose is getting along nicely and wasn't as bad as it first seemed.

He is still in Korea and their unit was traveling so fast north of the 38th parallel, that it was a whole month before he learned he had been promoted to Captain. However, John says he doesn't feel a bit different and hoped that by Thanksgiving they would be back in Japan.

According to a recent release to International News Service, American forces will be withdrawn from Korea as quickly as possible because Gen. Douglas MacArthur is anxious to avoid any appearance of military occupation.

A high source close to MacArthur told International News Service that the general is "liberalizing" but not "conquering" North Korea and is determined to withdraw all United Nations troops as soon as circumstances permit.

The same spokesman added that there are many reports giving abundant evidence that the North Koreans will welcome the change to work with the South Koreans.

WILL SPEAK HERE SUNDAY

FLO GREESEON

"The music, like hot licks of invisible flame, filtered out through the blue haze hanging above the tables. Glasses clinked and grew silent. Spotlights, which had been playing on a woods of potted palms, shifted to the stage. And then we came, gay, laughing, light as feathers in a gust of wind. This was the "line," the glamour spot girls dreamed about, the last word in style at its best. I had made the "line." I was a chorus girl. I was in.

"You were great, Flo, honey," the girls told me after the first appearance. "You never missed a step." "After a couple of courses, the floor show was over and ballroom dancing began again. I went back to the dressing room, donned the snappy new clothes I had just bought, and then went out to join the fun.

"And so it was, night-after-night, the blue haze hanging above what I had always dreamed of. But it didn't satisfy. Pleasures for a season — then emptiness. I met Rudy Vail, Ben Bernie, a Spanish Count, England's Lord Beaverbrook and more millionaires than there are nickels in a slot machine. I spent the afternoons at the races, lollied away hours on the warm Florida sands, and made more money than I ever dreamed of. But with all the popularity, I was terribly disillusioned. Many nights I left the ballroom and went to my hotel room and cried myself to sleep. But now I'm supremely happy. I've found peace. I'VE FOUND LIFE!"

Flo Greeson will tell how it all happened next Sunday, Oct. 29th 9:45 a. m. at the Shelby Methodist Church and 11:00 a. m. at Plymouth Methodist and at the Plymouth church at 7:30 in the evening. Everyone is invited and young people are urged to attend. Flo has spoken for Youth For Christ meetings throughout the nation. Flo is a first cousin of Mrs. L. E. Smith, and makes her home in St. Petersburg, Fla.

HISTORY CLASS

TO MAKE UNITED NATIONS FLAG

All history classes spend one day a week in studying current events. Each student has a magazine which reviews the events of the past week. Last week the chief topic was a study of the United Nations. The seventh grade students were very much interested in this subject and the teacher is getting for them a United Nations flag. They will transfer the emblem to the flag, and when the edge is finished they will display it in their room.

The war in Korea has for the first time brought about the formation of an international army. This flag today means that nations are co-operating and fighting together to establish peace in the world.

DID YOU KNOW?

By Doris Reber

That one hundred twenty-five years ago today the Erie Canal was connected between the Hudson River and Lake Erie and a waterway to the Atlantic seaboard was opened. The Erie Canal is considered the first most important man made waterway of the United States. DeWitt Clinton, governor of New York, planned the original canal but the plans were changed later for a larger canal. The entire cost of the canal, \$7,143,789, was paid by the state of New York. This canal has helped development of trade and has made New York City a great financial center.

SCHOOL PERSONALITY OF THE WEEK

By Connie Hannum

The shrieks of the crowd were deafening as No. 11 raced across the goal line to score the second T. D. for Plymouth in the Plymouth-Clyde football game last Friday night. Who is Number 11? He is Tom Rhine, a sophomore at P. H. S. Tom is 5 ft. 5 in. tall and weighs only 127 pounds. Though he is little in size he has a lot of intestinal fortitude and for this reason makes a dynamic tackler for the Pilgrims.

He is also active in basketball and baseball. Tom rates high in his studies and is president of the sophomore class.

Everyone has a favorite food and Tom is no exception, his is french fries.

WANT A BED SPREAD?

The plastic bed spread that the senior class received from sponsoring a series of plastic parties has arrived. The spread is wine in color and will be sold at the homecoming dance Nov. 3rd. The bed spread will be on display at Facklers Juvenile Shop this week.

GRADE SCHOOL ORGANIZES RHYTHM BAND

A Rhythm band has been practicing for several weeks at the grade school. The band is composed of cymbals, castanets, tom-toms, bells, sticks and triangles. As of now the second and third graders are the only ones to be participating. The band is being directed by Miss Bethel.

Another incident which deals with music is the playing of the piano; Miss Bethel, the drums; Chuck Ramsey, the cymbals; Nancy Miller and the triangle by Dixie Fortney. These musicians play each afternoon after the last bell rings, while the grade schoolers are marching out of the school building to end another day of learning.

Sales Tax Stamps
An exciting sales tax drive is being held in the grade school. The class which collects the most will be given a Halloween party. Let's everybody help them.

Red Cross Boxes
The annual Red Cross boxes are being filled in the grade school. The student council from each grade has charge of them. These boxes are greatly needed by the people over in Europe. Let's all give credit to the students of the grade school for working on such a worthy project.

AUTUMN FALLS
Have you looked about you lately? If not, do so, for the earth is now dressed, not in the brilliant green of summer but in the flaming colors of fall.

Maybe you have taken a ride in the country, if you did you would have surely noticed the change. On one side of you maybe there was some shocked corn, on the other, ripening soy beans. The farmers are busy harvesting their crops and gathering their pumpkins. Their wives are working hard to can the winter supply of food. While the youth are gathering haws. In the woods there is the biggest change of all. The leaves are beginning to change from the brilliant green to the flashing colors of fall, such as the yellows, reds and browns. You may see a squirrel gathering nuts for his winter supply or a lazy woodcock lumbering along. Up in the sky a flock of geese are heading south and the fish in the creeks are

HAPPENINGS ON THE MAYFLOWER

heading toward deeper water. Also the fur-bearing animals are growing in thick beautiful hair.

In the city a great change has also taken place. The yards are covered with fallen leaves and the children are having fun raking them.

Of course, we all realize that with autumn comes Thanksgiving and that tricky day (beware) Halloween. Thanksgiving is a day set aside as a holiday and is usually celebrated by a large feast with the menu as follows: turkey, potatoes, pumpkin pie, cranberry sauce.

The sun in the sky has become weaker and slowly it shall lose its powers to the cold blast of winters north wind.

These are the scenes which are taking place all over Ohio and her neighboring states. The earth is showing its beauty in autumnal shades but it shall soon be invaded by the icy touch of winter.

CHANGE OF SEASONS

The change of seasons is caused by the earth's axis which is at an angle of 23½ degrees to the sun. The sun's rays therefore hit only a small part of the earth when they strike it squarely during the summer. Half a year later when the earth is on the other side of the sun, the rays strike the northern part of the earth obliquely and are spread over a large area giving little heat and causing winter. In the southern hemisphere they are hitting the earth squarely causing summer while we have winter.

This is an English composition written in class from memory by a member of the ninth grade English class, Royal Eckstein.

FRESHMEN INITIATION

Anyone looking in on P. H. S. last Friday, October 26, might have thought they had stepped out of the present and into the past.

There was everything from Indian and pioneer to family from the gay nineties. Even old Daniel Boone paid a visit. You guessed it—the Freshmen were initiated and as a part of their initiation they had to dress up as old fashioned men and women. Janet Miller and Alfred Parkinson were chosen as the best dressed freshmen so were freed from any further hazing.

The freshmen were to carry three packs of gum, which weight to be shown upon request, or suffer punishment. They also had to bow to the Sophomores and carry their books in a basket.

An Assembly was called the last period and the new faculty members were asked to sing a song and then to lead us in a cheer.

F. H. A. GIRLS ATTEND RALLY

Thirty-one girls of the Plymouth Chapter of the F. H. A. attended the County Rally at Ontario last Wednesday, October 18th. Representatives from all the schools in the county were there.

After supper was served, the business meeting was conducted by the president. Joan Swartz from Shelby gave a talk on the National F. H. A. Meeting at Kansas City at which she was present. Other girls gave reports on the camps they attended during the summer. Then the county supervisor told the group what it means to be a member of both the State and National Organizations.

A group of girls explained what the F. H. A. emblem means and stands for. This ended the business meeting and an entertainment program followed.

The next meeting will be held at Butler next spring.

GIRL SCOUT TROOP IS MAKING TRAY FAVORS

Girl Scouts of Troop No. 1, with Mrs. Anne Mumford leader, are making tray favors for Halloween for patients in the Shelby Hospital. This good deed, as all deeds of Scouts should be, is much appreciated by those who have to spend their holidays in bed. Girl Scout week begins October 29th, and the favors will probably be displayed in a window exhibit of Scout work.
