

Blue Cross Makes Trial Run On Enrollment

The new members who sign up for Blue Cross coverage during the Community Enrollment planned by Akron Hospital Service for October will be "guinea pigs" to a certain extent.

Detailed statistics regarding the new contracts will be kept in an attempt to settle the controversy over whether or not such enrollments increase the percentage of members who use their hospitalizations.

Robert C. Jenkins, executive director of AHS, said results of the study will determine whether non-growl enrollment can be offered to the public at regular intervals in the future.

Blue Cross contracts are not usually available except on a group basis, and the open enrollment scheduled for October 1 to 31 will be only the second time in the plan's fifteen year history that non-group applications have been accepted.

A regular group contract with special restrictions or waiting periods is being offered to both adults and family, individually.

Designated as Type S, this contract provides 70 days hospital care. For these 70 days the patient will be entitled to \$10 per day room and board, drugs and solutions up to \$500 for each admission and all x-ray charges over \$15.

Cost of the following services will be paid for in full: operating and delivery rooms, laboratory, infant nursery care, electrocardiograms, basal metabolism tests, organ, physiotherapy, hydrotherapy, electroencephalograms, and plastic casts.

Coupons with which the special Community Enrollment applications will be obtained will be carried in newspapers throughout the AHS territory of Ashland, Medina, Portage, Richland, Summit, and Wayne counties, and the Willard area of Huron County.

The applicant must be a resident of one of these counties, be under 65 years of age, and must be gainfully self-employed or employed where there are less than 10 employees, and never have been released from a job because of age or ill health.

Married persons may apply only for family coverage and in these cases the husband must be the applicant.

Three Monroeville, Two Norwalk Medicals Get Calls For Exams

All three of Monroeville's doctors, H. C. Sparks, James M. Hinely and Harold R. Bolman and Drs. C. B. Thomas and Randolph Blackman, Norwalk, had been notified to report for pre-induction examination. The contingent will be sent to Toledo on Oct. 15.

Dr. William B. Holman, attached to the staff of St. Luke's Hospital, Cleveland, is scheduled for induction on Oct. 30, unless he chooses to apply for a commission before that date.

If and when any of the three Monroeville doctors are called, they may make application for commission, prior to induction date. However, all three were examined during World War 2, and none of the trio entered military service. It is generally felt the call is to complete a survey of practitioners physically qualified for service in event of need.

Kiddies Asked To Harvest Buckeyes

The Ohio Sequenquennial Commission has asked the people of Ohio to harvest the buckeye crop, so that it may be used to help promote and publicize the big statewide anniversary celebration next year.

Here are the directions (School children take notice):

Gather the buckeyes and take them to the nearest State Highway garage. Employees in the Highway garage will store them under orders from Director Samuel O. Linnell, who planned "Operation Buckeye."

It is planned to present a buckeye to every tourist and visitor who enters Ohio in 1953. A large prize will be given to the person who hands the distribution as its contribution to the success of the Sequenquennial celebration.

Remember that you know the "Buckeye State." That's why buckeyes are called "Buckeyes."

Then He Was Dead

Americans sometimes tend to forget it, but after 14 months of futile true tales, there is still a war going on in Korea. Last week a battlefront dispatch by U. P. Correspondent Richard Applegate brought a stinging reminder:

"The boy was bleeding from the eyes—both eyeballs had been shot out—and he was crying when I found him some 200 feet from the nearest dressing station."

"While I was talking to him two medics climbed laboriously up through the rocks trying to get him back to the aid station. I had been trying to comfort the lad, who had been in the Army only five months, and tell him he was all right."

"I'm not all right," he said sadly, wiping at his bleeding face with a grimy shirt-sleeve. "I was supposed to back up the platoon with my B.A.R., and I had picked out a swell place where I could see almost every inch of the path the platoon was taking. I saw the lieutenant take the patrol over a little knoll and I knew that if they were going into an ambush, that was where it would be. Then I saw the ambush. I saw about six or eight Chinese rise up from the rim rock with their machine guns—they were American machine guns, I remember—and started to fire on us."

"That was what I was there for, and I had a perfect shot at them. I knew my first rounds would warn the patrol . . . But almost the second I started firing some thing hit me. It didn't hurt much at first, but I couldn't see anything. I just didn't know I was blind. I know now, and it hurts."

"What are the guys going to think about me?" he asked in pained wonderment. "The only B.A.R. in the whole outfit to protect them, and I couldn't see to fire it. I feel like a heel."

"He raised himself on one elbow and shouted, 'Here they come again!' And then he was dead."

The November meeting will be held with Mrs. Raymond Brooks on the 11th. Refreshments will be served at the close of the evening to 12 members and two guests. Mrs. Kathryn Brewbaker and Mrs. Wm. Wright.

Mr. and Mrs. Richard Cramer, R.D. 1, Plymouth, are the parents of a son born Saturday morning at the Shelby Memorial Hospital.

A new son for Mr. and Mrs. Chas. Hockenberry arrived Sunday morning at the Willard hospital. He has been named Mark Timothy. Mrs. Hockenberry was the former Dorothy Fetters. Since the family of the Hockenberrys already listed two boys and one girl, they were rather voting for another girl, but we'll bet they are welcoming the new son just the same.

It seems to be a family custom to have one daughter. The maternal parents, Mr. and Mrs. Luther Fetters have one daughter and four sons; and a brother of Mrs. Hockenberry, Donald Fetters, has three sons and one daughter.

A fine baby girl arrived Monday morning at the Shelby hospital to join the family of Mr. and Mrs. Edward Samaha. They haven't selected a name as yet, as the name they had for a boy just isn't suitable. (But we may say this, friends, anyone that has such attractive little daughters as little Michele and the new little lady, should have girls every time!)

Pilgrims Lose 39-0 To Butler

A much improved Pilgrim team played the undefeated Butler Bulldogs last Friday, and were defeated 39-0. This victory gave Butler the Richland County title.

OFFENSE CLICKS

The Plymouth offense took on steam this week, as they ground out eight first downs to equal Butler's eight first downs. Butler was penalized sixty yards while Ply-

mouth lost fifteen by penalty.

The Butler backfield showed much strength and few teams could stop the running and passing of the combination of Kirkpatrick, Gleason, Thorne and Wareham.

Kirkpatrick, the big (195 lbs) fullback counted twice on runs of 40 and 5 yards. He also kicked three extra points. Gleason went 26 yards for a score, and passed to end Pore for a 60-yard TD. Thorne and Smith scored the other two scores.

CARRIES 28 TIMES

Rhine proved the workhorse of

the Plymouth eleven, and he carried the ball 28 times for a total of 106 net yards gained, and a 3.8 yards per carry. Passing again failed as Plymouth tried five passes, and received credit for one completion, because of an interference penalty for a 12 yard gain.

NEED MORE SUPPORT

If Plymouth improves as much this week, as they did over the Bellville game they can pull an upset. Richmond will provide the opposition this Friday on the local gridiron. The team needs support. Come out and cheer them and help them retain the spirit they showed against the Butler team.

The Future Teachers met at the high school Tuesday night at 7:30. The discussion centered around the duties of a teacher. The Problem was, "What does a teacher do during a complete school day?"

As a project, every member present to spend a complete school day with some teacher of his choice. The next meeting is to be held Wednesday, Oct. 15, at 8:00 p.m. The members are to report on their teacher observation project.

HOME COMING

The 1952 Homecoming will be held at Mary Kate Park October 17, at 8:00 p.m. The game is with Margaretta. Margaretta is the homecoming queen and will be crowned at half time during the game. After the game there will be a short program and then a dance at the high school auditorium.

MT. GILEAD AND WAKEMAN GAMES

The Mt. Gilead game will be held October 24; instead of October 23, as indicated on the posters. The reason for the change is the change in teachers meeting. The teachers meeting is to be held October 31, instead of the 24th as originally planned.

The Wakeman game will then be held on Thursday, Oct. 30, instead of 31, as indicated on the posters.

NOTE FROM VICTORIAN ERA OF PLYMOUTH'S PAST

The Victorian years of yesterday have sometimes been called the "gingerbread" era, because of the overly ornate and fancy trend in architecture, clothes, styles, etc. After seeing a Masonic program and invitation for an affair in the year 1899, we can understand why.

This booklet is of excellent cardboard and paper, tied with red silk ribbon and printed in gold and purple ink, the front motif is of gold and other colors. We think it is very interesting in many ways, and so give it to you in entirety.

LETTERS To the Editor

I, Fred Port, was offered a good job at \$140 per hour so I asked the Board for more money or my release from the custodian's job. The Board asked if I would be satisfied if they met the same wage I said I would be.

After talking to all but one board member, who was away on vacation, it was agreed to give me the equivalent in wages which I would get working 48 hours a week straight time. This amounts to a little over \$3,300.00. Of course this was for a 48 hour week at my new job. On the old job I would have to put in at least on the average 70 hours a week for the same pay, but I agreed to stay regardless. Ten days later, after I had turned down my new job, I was told there was a man willing to take my job as custodian for \$3,200. I was told I could work for the same or take the other job. Of course this was impossible now, because I had already refused the new job.

I can assure you it wasn't the small sum differences in the wages that made me quit, it was the principal involved.

To whom it may concern:
Where is all of our school spirit? It is just about as low as "Massa, in the cold cold ground." This is the most unconscious outfit in either Richland or Huron County. A little more cheering from the sidelines might put more fighting spirit into our team. Believe me, they aren't enjoying these defeats any more than you are. Let's get behind them and at least give them credit for having "guts" enough to be out there playing for their school.

The kind of spirit that P.H.S. possesses only makes for a losing team. You can't expect a peppy team without pep behind it. By the way it might be a good idea for our band members to come to life, while sitting on the sidelines, and let out with a little cheering in their section. After all, they expect an ovation, for their performance on the field.

How about waking up, and how about being "boosters" instead of "beefers".

The Early Church Vs Modern

Dear Christian Reader:
Are you guilty as quoted in this article or do you put your trust in God's word. Phil. 4:19, "But my God shall supply all your need according to his riches in glory by Christ Jesus." Thess. 5:17: "Pray without ceasing."

The cooking squad vs. the Praying Band.

The early church PRAYED in the UPPER ROOM. The 20th century church cooks in the SUPPER ROOM. Today the SUPPER ROOM has taken the place of the UPPER ROOM. Play has taken the place of PRAYER, and FEASTING the place of FASTING. There are more FULL STOMACHS in the church than there are BENEDICT

VOTE FOR CLAYTON C. LORD FOR SHERIFF OF HURON County

I NEED YOUR SUPPORT ON TUESDAY, NOV. 4

You may be certain of kind, courteous treatment if you elect me Sheriff. You may be certain the law will be enforced impartially and with utmost fairness.

My record in public office includes the mayoralty of Monroeville, where I am now serving my second term, having been re-elected last fall without opposition. My record in office was such that no one sought to oppose me for the office of Mayor. . . The Sheriff as well as any public official is a servant of the people and I assure you I shall bear that in mind at all times.

I do need your help on Nov. 4.

Clayton C. Lord

P. S. Vote for Lord for Sheriff on Nov. 4 — Regardless of your choice of candidate, be sure to VOTE! (Pol. Adv.)

KNIFE, and BROKEN HEARTS. There is more fire in the KITCHEN RANGE than there is in the CHURCH PULPIT. When you build a fire in the Church KITCHEN it often is not altogether put the fire out in the CHURCH PULPIT. ICE CREAM chills the fervor of SPIRITUAL LIFE. The early Christians were not cooking in the SUPPER ROOM, but they were PRAYING in the UPPER ROOM, the day the Holy Ghost came. They were not waiting on TABLES, they were WAITING on God. They were not WAITING for the fire from the stove, but for the fire from above. They were DETAINED by the command of God, not ENTERTAINED by the cunning of men. They were FILLED with the Holy Ghost, not STUFFED with stew or roast. Oh, I should like to see the COOKING SQUAD put out and the PRAYING Band put in. LESS HAM and SHAM and more HEAVEN, LESS FIE and more PIETY. Less use for the COOK and more for the old Book. Put out the fire in the CHURCH KITCHEN and build it in the CHURCH ALTAR. MORE LOVE and more LIFE. Fewer DINNERS and get after SINNERS. Let us have a church full of WAITERS, WAITING ON GOD, a church full of SERVERS—SERVING GOD, and waiting for HIS dear son from Heaven.
