

\$66,000 SCHOOL BOND ISSUE

Plymouth voters approved the \$66,000 school bond issue Tuesday by a vote of two to one in Plymouth. The issue is for an addition of rooms and a multi-purpose room at the grade school. Overcrowded conditions have and will prevail for some time to come, but with the building program completed Plymouth should have no further trouble in properly housing its school children.

In Plymouth voters in Precinct A (Richland side) favored the bond issue \$11 for it and 14 against. Precinct B, on the other hand, voted 179 for and 62 against. Plymouth township voted 79 against and 157 for the bond issue. The issue costs by a 70% margin, and only 55% is required.

Huron county voters approved the one-half mill levy for the fair ground.

Richland county voters turned down the recreation house proposed for Mansfield. Rural voters approved, but Mansfield and Shelby citizens said NO. All school bonds carried in Shelby, but the issue for cleaning out the Blackford didn't pass.

JUMP AND BUSKIRK ARE COMMISSIONERS

Harry Jump and Harry Vanbuskirk, Republicans, were again elected commissioners in Huron county. Despite the fact that opposition to the closing of the Children's Home in Norwalk tried to defeat Jump on this issue, he was given an exceptional vote throughout the county. In Plymouth, Jump polled 234 votes and Vanbuskirk 221.

Stewart Defeated
Guy Stewart of Lucas, who has served as Commissioner in Richland county for the past 16 years, went down Tuesday in the onslaught of the Republican victory.

TO WINTER IN FLORIDA
Mrs. Myrtle and Frank Berrier left Monday for Bradenton, Florida, and other points of interest in the southern state.

George Berrier and his brother, D. Berrier of Upper Sandusky are also planning on going to Florida in the latter part of the month.

While a Democrat, Stewart always proved himself impartial in conducting county affairs. During his stay in office Stewart won the respect of many friends and admirers throughout the county who regret to see him lose. John Selby and John Friday, both Republicans, were chosen as the two new commissioners.

Howard Wensing, Democrat, was elected as Richland Clerk of Courts over Ronald Howard of Shelby, Republican. D. D. Orewiler Democrat, went in as Recorder, and Neil Robinson, Republican, is state representative. Theodore Lutz Republican, won over for Richland county prosecutor, and E. P. Long Democrat, is sheriff. Chas. Payne, Democrat, is county treasurer, and Walter Rusk, Democrat, is engineer.

Tuesday's election was a memorable one from many angles. Dwight Eisenhower pulled up a record in Ohio, and the voters of the county "busted" the Solid South winning the State of Texas for the second time by Republicans in more than half a century.

The election Tuesday in which the United States chose its president was more than just a national election. It was a complete revolution to Trumanism. The choice of the people goes on record as favoring an entirely new angle to our domestic and foreign affairs and to bring back dignity and respect within our government. The results of the election definitely show that the entire country is in the grip of inflation, unless government spending, a weak state department and the Korean situation, plus corrupt office-holders within our government.

No one even predicted such an overthrow as the county experience Tuesday and in the election there were hundreds of city, county and state officers throughout the nation that suffered from the impact because they were many, indicates that the voters wanted a change "all the way down."

Young voters were in line with the voters Tuesday, and national, counties, and here and here the village voted:

For President: Eisenhower 603, Stevenson 210.

For Governor: Lausche 305, McGreggor 480.

McGreggor, R. from the 17th district, received a good support from the voters of the 17th and will continue in office. The same goes for Gov. Welch of the 13th district.

OCTOBER WAS DRY AND COOL MONTH

The month just closed was the driest October on record at this station (20 years). Measurable rain fell on only three days for a total of only .42 of an inch—a deficiency of 1.97 inches. The U.S. Weather Bureau at Sandusky reports .44 of an inch, the driest since 1897 (55 years).

October was also a cool month with an average temperature of 49 degrees, a deficiency of 4.7 degrees. The highest was 87 on the 1st, the lowest 20 on the 21st. The first killing frost occurred on the 7th (26 degrees) and the first trace of snow on the 20th.

At the end of the month pastures were dried up when it was at a standstill, or deteriorating, grass fires were numerous and the muck was again burning. On Sunday morning, Oct. 20, a fire started in a good although brief, rain of .25 inch freshened things up, but much more will be needed before winter sets in to insure a good, or even a fair, wheat crop.

Three Local Youths In Auto Accident

Three local youths, Thomas Meiser, Larry Root and Dan Eby, took themselves lucky that the auto accident in which they were involved Friday evening was not more serious.

The young men were enroute to Pt. Clinton to see Lakeside play at that city when the car driven by Eby slipped off the berm and in attempting to right the auto, turned completely over. Root received a broken bone in his left hand, Meiser's back and head were injured but Eby escaped unhurt. The car was badly wrecked.

Coach Kreutzfeldt, the Plymouth coach, also going to the game was in the car when it overturned, but he didn't feel it was necessary.

Another member of the squad, Royal Eckstein, Jr., is also off the eligible list because of a cut on his neck which requires medical attention.

Dolls are Fascinating Topic For Mothers Club Meeting

Mrs. Walter Chatfield Brings Dolls To Illustrate Her Interesting Hobby

The hour was far too short when Mrs. Walter Chatfield spoke at the Mothers Club meeting Tuesday afternoon, Nov. 4, at the elementary school third grade room. Mrs. Chatfield is one of the most interesting speakers we have heard in a long time, and her pleasing personality added greatly to the talk about dolls.

She had selected a number of her collection of dolls, to represent three groups: modern, wax, and bisque, and several other unusual and rare items. Mrs. Chatfield knows her subject well, and thoroughly loves her hobby, and this combination assures a good program.

Mrs. Donald Shaver, president of the club, introduced Mrs. Chatfield. Some of the dolls were the Corn Husk Doll, the Doctor Doll of China, the Alaskan Ghost Doll, the Fashion Doll, the Wax Doll, the Buckskin and paper mache' doll, the Miller's doll, the China head, rag doll, puppets, and several others.

There has always been a doll in every period of history, although the doll was not always used as a toy, but as a tribal spirit, or a tool of commerce. Mass production has changed the character of dolls, as there is now seldom a doll that is a work of art, but comes from hand craft.

Mrs. Chatfield had brought, under glass, her very old doll that was made in a tribal spirit, and "Notion Nanny," an English doll portraying the old lady who sold ribbons, lace, etc., in English cities. She carries the tray full of miniature "notions," and dates from the year 1825.

Ingenuity is apparent in the costume of a Scots doll, by Mrs. Chatfield. She is very particular as to detail, and the small Scotch sporran was fashioned from hair on a cork tail, painted with brush and part of the metal from a milk bottle top.

To add a modern note, Mrs. Chatfield had a very modern doll, a fashion doll, by Mrs. Chatfield. She is very particular as to detail, and the small Scotch sporran was fashioned from hair on a cork tail, painted with brush and part of the metal from a milk bottle top.

FRIDAY'S GAME IS CALLED OFF
Due to an automobile accident which injured two football players, the quarterback and tailback, the Canton game was called off. Plymouth has been short-handed all season, and is now down to twelve players. The most players Plymouth has had this season was 18 in the Norwalk St. Paul's game. Unless this situation is remedied and more interest is exhibited by the players and fans, the season will produce no improvement. It is up to you parents and students.

Last Thursday, Plymouth lost their eighth straight game to the Norwalk team by the score of 6-0. It was a hard fought battle which could have gone either direction.

Plymouth started a drive after the game kickoff which ended their fifty yards from their own 28 to the Wakeman 23. A fumbled pithout set the Pilgrims back and again Plymouth took the ball from the 20 to the 40, but Wakeman took over on downs. DRY WEATHER PREVAILS EVEN IN ITALY REPORTS LOCAL GIRL ON VISIT TO THAT COUNTRY

Editor's Note: Two more interesting letters from Betty Hutchinson daughter of Mr. and Mrs. Roscoe Hutchinson of Plymouth Route, have been received from Italy. These letters were held up along the way somewhere, but are still interesting to us who stay at home.

Betty is one of the IFYE students who is spending six months in Italy on a farm and she writes back to Jack Mount, assistant 4-H Club leader, who in turn releases them to the Richland County Agent for publication. The letters are therefore directed to Mr. Mount.

The letter follows:
August 10, 1952
Fattoria S. Piazze in Campo Montecarlo (Luca)

Dear Jack:

Actually it does rain in Italy. If I would have been in the garden at 8:00 this morning, I would have gotten drenched. It rained steadily for almost 45 minutes. But in other parts of Italy and some very close ones, it is very dry and there has been no rain for a number of days.

This 347 acre farm that I am now living on is about 10 miles from the town of Luca which is situated in the plain of the Serchio (River). Luca is a very old Roman city with its huge wall still standing. The wall surrounds the city and there are only four entries into the city. Four portal arches on the 4 sides of the city. The wall and ramparts were built in the 16th and 17th century and were transformed into a promenade. It is 3 miles and all along the parkway are remarkable monuments. Not only can you see the monuments and city but excellent views of the mountains and surrounding country.

About 200 acres of this farm are cultivated by 26 sharentan families. The principal crops are fruit, vegetables and flowers. Very near this farm is the town of Pescia where there is one of the largest flower markets in Italy. Every week-day from 9:00 until 10:00 the market is in session. After 10:00 the flowers which aren't sold are put on a train for Florence. They arrive in Florence by noon and some are sent by air to Switzerland.

This farm grows a lot of carnations. From my room I can look out the windows and see long rows of them; pink, red, yellow and white, very beautiful.

A great deal of the fruit and vegetables produced on this farm are marketed in a nearby summer resort, Montecatini. Also some are sold to a canning company adjacent to the farm.

I arrived at this farm yesterday noon. Until then Elaine and I had been together. Yesterday, the agricultural inspector from Florence took us first to Pisa, famous the world over for its leaning tower. During the half hour I was in del Duomo, and bid Elaine goodbye Italian style. We shook hands,

talked some more then shook hands again. About five minutes later we met in the Piazza del Campo and shook hands again. I have seen people bidding each other goodbye shake hands four or five times.

Also this morning some people greet each other "good morning" accompanied by a handshake. Always when meeting a person I shake hands.

In the Piazza del Duomo in Pisa are the Duomo, the Campanile, the Baptistery and the Complesso cemetery. The Duomo church was begun in 1063. Although so very old it still appears to be very sturdy and the art work is magnificent. Beside it is the campanile leaning bell tower famous for its beauty and strange construction. I had forgotten the details of the leaning tower and was interested in finding out that it was begun in 1173. After it was already far advanced a slight land slip caused it to lean to one side, but nevertheless it was completed by 1350. It is a marble tower with six rows of colonnettes, one above the other, on the north side 180 feet high and on the south side 177 feet with an incline of 13 feet. Two hundred and ninety four (294) stair steps go up spirally to the terrace at the top. Although I didn't have time to go up them, I could see people at the top of the tower. All about the tower was another sight, many, many tourists standing with their cameras aimed at the tower.

Elaine was going to a farm near there and I came on to this farm near Luca. This farm is owned by one of the oldest families in Italy, centuries old. The contess who owns it and her family are at their summer home in the mountains. When I arrived here I was met by the fattore and sotto fattore and family who live in the fattoria. Not only is this a smaller farm than the first two I visited, but also the fattoria and villa building is smaller.

ITALIAN STREET FAIR AT WILLARD, NOV. 12

This year it's going to be an Italian Street Fair at Willard, when the members of the Grace Methodist Church put on their annual project to raise funds. Last year they

had a very successful Mexican Fiesta. Luncheon will be served at noon, and also a full course dinner from 5 to 7:45 p.m. There will be bazaar booths decorated in the Italian motif. Everyone is welcome to the Italian Strada. Betty Hutchinson, our Plymouth girl member of the IFYE, who is in Italy, would probably feel right at home over there in Willard on Nov. 12.

Mrs. Louise Waddington of Shelby visited Sunday in the home of Mr. and Mrs. Ben Waddington.

GERMANY IS RECOVERING FROM WARTIME SCARS

Captain John Fackler who recently left the States for service in Germany, is now stationed at Babenhause, near Frankfurt.

He writes his folks, Mr. and Mrs. H. Fackler that the western zone of Germany has recovered to an astonishing degree from the havoc and ruins of World War II.

Six years ago when Fackler was serving in Germany, there were practically no cars at all, while now he observes there are almost as many cars as in the average American town or city. The stores are well supplied with meats and groceries, the clothing and shoe stores offering good varieties of stock, and seemingly there is plenty of fuel.

Following the end of the war,

Captain Fackler went to Japan & says the German people have made as much progress as the Japanese have in rebuilding and returning to normalcy.

HOME FROM MEXICO
Wayne Davis, after visiting south of the border, down Mexico way, arrived back in the Plymouth territory last Wednesday evening, after nearly two weeks vacation there. Wayne flew part of the way and saved time for actual vacationing in this manner. There was one thing he didn't appreciate though; as he just naturally didn't like peppers especially hot ones, the Mexican menus just didn't agree with him. But the scenery is still beautiful down that way, and we envy him his chance to see how people live in another country.

MUM BOUQUETS FROM LONG ISLAND IN PLYMOUTH HOMES
A number of bouquets of varicolored chrysanthemums are gracing the homes of Plymouth friends from the Hothouse gardens of Mr. and Mrs. C. V. Whitney of Old Westbury, Long Island, this week.

They were brought to Plymouth by Mr. and Mrs. Jud Keller who spent the weekend at the Whitney home. The mums are beautiful specimens—yellow, bronze, pink & orchid and all the stocks grow to a height of at least 7 feet. Some of the single mums will measure a foot across.

The Whitney's garden, Steve Kytoski won 14 first prizes, and 5 second prizes in the Fall Flower Show held in Long Island. He also won the coveted gold medal for his exhibition of a "mum" horse made entirely of white mums. The statue of the horse is covered with a wire netting and creeping mums grown from buckets in which a front and rear foot of the horse is placed, gradually envelopes the horse with thousands of small white mums, which make a beautiful sight. Mr. Kytoski also received a silver medal for his yellow mum urn, grown in a similar manner.

Enroute home through Pennsylvania, Mr. and Mrs. Keller saw many forest fires and it was necessary to drive with their head lights on in some areas.

Mr. and Mrs. Glen West who purchased the house trailer belonging to Mr. and Mrs. Harold Luckman in Lake Wales, Florida, are making preparations to leave Plymouth for the southern state at an early date.

Avon Lake, Florida, is the spot picked out by Mr. and Mrs. Fred Schneider who left Wednesday to spend some time of their newly purchased home there.

Mr. and Mrs. E. E. Nixon of Cleveland, Ohio, who used to call Plymouth "home" are leaving next week for West Palm Beach, Fla., and expect to remain there until about June 1st. An invitation is extended to Plymouth friends to stop this winter as they are traveling through that part of the country at 304-11 St. West Palm Beach, Fla., where they will be made welcome by the Nixons.

FIRE DEPARTMENT ANSWERS FIVE CALLS WITHIN A WEEK
Plymouth's Fire Department didn't need to have any drills last week, for they answered five calls within a one week period.

Two calls were made on Sunday, Oct. 26th—one for a grass fire in the rear of Lem Hale's home on Franklin Street Extension, and one for an out house near the A.C. & Y tracks.

Since then they answered three more calls. On Thursday they were called to the E. B. Miller farm when a grass fire got out of control, one on Saturday in Willard where fire of undetermined origin broke out in the basement of adjoining Myrtle-av stores, The Ben Franklin Store and the Federated department store. Flames were under control within a half hour but thousands of dollars worth of

Christmas merchandise was damaged by smoke and water at the stores.

Sunday, another call was answered at the outskirts of Shelby when a woods was on fire.

The extremely dry weather we have been having makes it imperative that extra precaution should be used in burning leaves or trash.

Another Grass Fire

The stream of the fire siren is getting to be an every week occurrence here in Shiloh. For the past month it has screamed every week, sometimes twice a week, for house fires, leaf fires and grass fires. Last Friday evening at about 5:45, its scream announced a grass fire along the Big Four railroad tracks at the rear of Norris Gilger's. Apparently a cinder or a spark from a passing train had ignited the dry grass, and it was spreading to the adjoining pasture fields of Gilger and Harold Paine. No damage resulted.

Alaskaite Returns

Dale Reynolds, who has been employed in Alaska for the past six months, arrived back in Shiloh last Thursday. We haven't had an opportunity to talk with him, but the way he straddled a stool in the Chuck Wagon the other morning, one gained the impression that he was mighty glad to be back where the Buckeyes grow. Mr. and Mrs. Myron (Billy) Guthrie, who were with Dale in Alaska, are driving through from Seattle in their auto and should arrive sometime this week.

RETURNS TO WORK

We are pleased to announce that Thornton A. Kissel, who was taken suddenly ill a week ago last Friday evening and rushed to the Willard hospital, has sufficiently recovered to return to his work at Page's Hatchery.

Callers at the Kissel home during the past week were Thornton's only brother John and wife from Newcomerstown, Ohio, Mr. and Mrs. W. A. Mitchell of Ashland, Mr. and Mrs. Clarence Kissel of Nankin, Mr. and Mrs. V. J. Eggers of Paradise Hill and Mr. George Page of Shiloh.

RETURN FROM PENNSYLVANIA VISIT

Mr. and Mrs. William McManus of near Shiloh returned last Sunday evening from a visit with relatives at Latrobe, Pa. and Akron, Ohio. While in Latrobe, they visited with Mrs. McManus' son, Mr. Edgar Ankey, and other relatives and friends. On their return, they stopped in Akron and spent the weekend in the home of Mr. McManus' son Russell and wife.

Mr. and Mrs. A. Garrett Return

From Honeymoon

Mr. and Mrs. Alvin H. Garrett returned last Saturday p.m. from a week's honeymoon trip through the states of Indiana, Illinois, Missouri and Kentucky. Enroute they witnessed the forest fires raging through the Ozarks in Missouri and arrived back in Ohio last Friday night in time to view the Ohio prison riot on a television screen in the home of the bride's cousins, Mr. and Mrs. Emmet Barnhart in Circleville.

The couple were married at 2 p.m. Saturday, Oct. 25, at Angola, Ind., in the home of Dr. Fritz S. Hickman, Methodist pastor at Duke University, Durham, N.C., who performed the double ring ceremony. Mr. and Mrs. Leo Kendig of Shiloh were their only attendants.

The new Mrs. Garrett is the daughter of Mrs. Doris Horz, daughter of Mr. and Mrs. Orland Dickerson of the Free road, and is employed in the office of the Day Dairy Co. of Mansfield. The new addition to the benedict ranks is associated with his father, Harry A. Garrett, in the operation of the Quality Coal and Supply Co. here.

The couple will make their home with the bridegroom's father on the Guthrie road.

Attention, All Parents

Every parent in Shiloh and vicinity should make an honest effort to come to the P.T.A. meeting next Monday night at the school. A discussion on sex education will be given, and it is hoped that you are interested enough in the problems of our school children to be present.

The P.T.A. planning committee is so sincere in presenting this topic in a straightforward and worthwhile manner, that it has secured the services of three professional men who know and recognize the needs and problems of our young people today. Your presence next Monday night at the school will indicate that you are interested in your child's welfare. The meeting time is 8 p.m.

BELL RINGING ANNOUNCES OPENING OF POLLS

Shades of vanished New England descended on Shiloh Tuesday morning with the opening of the polls. Ringing of a bell, custom long ago practiced in Colonial New England, was revived when Mrs. Clara Stanger announced the poll opening here by ringing a long handled brass bell that once belonged to George Page's grandmother, Mrs. Rebecca Cries, and loudly intoning: "Hear ye! Hear ye! the polls are now open!" Judging by the early outpouring of local voters the innovation had a beneficial effect.

IKE LOSES A VOTE

Mrs. Fannie Caldwell has not been feeling so well the past few days. She did not feel well enough to go to the polls on Tuesday, and, undoubtedly, Eisenhower lost one vote there.

F.H.A. NEWS

On October 28, 1952, the Shiloh F.H.A. Club went to Shelby, O., where the annual F.H.A. County Rally was held.

Amusement was furnished both before and after the supper.

Each school contributed some item to complete the menu.

After we ate, we gathered in the auditorium for the Club meeting. The meeting was presided over by the president of the County F.H.A. Club, who is from Belleville.

After the meeting was over we had a talent show. Our talent from Shiloh was Ruby Adkins, who played the guitar and sang. "Hey, Good Looking." We are proud of her because she got second place.

The county song leader is Nadine Lasey who led the group singing. She was accompanied by Rosemary Barnes on the piano.

A NEW DAUGHTER

Mr. and Mrs. John Barnhart, R.D. 2, Shiloh, are the parents of a daughter born last Wednesday morning at the Shelby Memorial Hospital.

ALBERT FEICHTNER TO RETIRE

Albert Feichtner, employee at the Pioneer Rubber Company in Willard for over thirty years, has retired from service with the exception of a few days a month.

The battery which was dead had been in the truck 6 months. Those who are familiar with storage batteries know that the average life of a battery is much longer than six months. Therefore those of the Dept. had no reason to suspect the battery would run down from Saturday afternoon to Monday afternoon, 48 hours later, and contain 2 dead cells.

The people in Shiloh should gain a little more community spirit. This example of jering, wise cracking, etc., which was witnessed last Monday, shows how easily people are misled. This happens to our council, our churches, school town officials, etc. Is it any wonder we have trouble getting these offices filled? If the jers were turned into some constructive thinking for all of our organizations in our village, small as it is, it would be stronger than many towns larger in size.

Mr. and Mrs. C. M. Hunter of Mansfield were last Sunday p.m. visitors at the home of Mr. and Mrs. J. B. Zeigler and Miss Ollie Zeigler on Pettit St.

Mr. and Mrs. Cleo A. Plenge and 2 children of Mansfield were Sunday afternoon callers at the home of Mrs. Daisy Deck.

Mr. and Mrs. Carmel Hall and children, Mike and Sandra, returned to their home on N. Walnut St. last Sunday night from a three day visit in Kentucky.

LETTERS TO THE EDITOR

In regard to the article about the Shiloh Fire Dept. in last week's issue:

I was very much disappointed when I read this article which exposed the Dept. to undue criticism. Merited criticism is constructive;

unmerited criticism is destructive.

BLINKER LIGHTS FOR RAILROAD CROSSING

Other lives may be saved if the investigation into the problem of putting in blinker lights at the Bowman street road crossing of the New York Central Railroad south of Shiloh results in the go-ahead signal.

Guy Stewart, chairman of the Board of County Commissioners made the request for an investigation. Chas. Farhall, inspector of the railroad department of public utilities commission made the inspection and has offered to the office of county engineer his ideas about the construction of the lights.

A traffic count in two 24-hour periods will be taken and plans suggested for the construction. The location of the lights is determined by the railroad officials, the county engineer and the public utilities commission.

We Hear From Our Subscribers

We received a check this past week from Ira Snyder over at 155 East Main, Shelby, for his Advertiser. Ira was a former Plymouth boy who went to school here over 60 years ago, and he now looks for his paper every Thursday, and which he does enjoy. The news about his old home town is always welcome, he says.

Mrs. Lillie Stotts, away down on Okeechobee Road (that name has a musical or rhythmical sound that makes you want to say it over again!) in West Palm Beach, Fla., has renewed her subscription for two years. We're mighty glad that she likes us that well, and it must be that she is pretty sure, no matter who gets into the White House, they'll still let us publish the old newspaper!

Mr. and Mrs. H. Barnes are heading south, maybe to avoid this gray month of November. Their new address will be (instead of Greenwich,) 5721 Tyler St., in Hollywood, Florida. Hope they find lots of sunshine and send a little back this way.

Garden Club Will Be Interested

Rose Growers In Ohio Making Bid For World Wide Fame

Members of the Plymouth Garden Club and other rose fanciers of the village, are considerably interested in the ambitious project that is being started in Columbus by the Mayor. Mr. James Rhodes has planned a Columbus "Park of Roses" that will include varieties from every nation of the world that grows the beautiful flower. When finished the park will make Ohio, as Columbus, the Mecca for thousands of visitors from all over the world.

The plan and location of the park of roses is admittedly the largest, most beautiful and diversified of any rose park in the United States and is this country's bid to world fame in comparison with the old world gardens of Europe, such as the Kew Gardens of England and the Bagatelle Gardens of France.

FROM EVERY NATION
50,000 rose bushes of every known type and variety will be grown here and the "United Nations" collection will contain rare roses native to many nations of the world, from Scotland, France and Persia to Japan, Korea and China. Also contained in the park is an educational feature garden for children with all types of flowers, shrubs, herbs and many other forms of plant life.

Hundreds of varieties of unusual flowering shrubs and trees, hedges, arbors, trellises, clear sparkling pools all add to the exquisite beauty of the "Park of Roses" and rustic benches placed throughout the park permit the visitor to relax and drink in the beauty of this unforgettable scenic masterpiece.

HEADQUARTERS IN COLUMBUS

Another attainment by Jim Rhodes in connection with the "Park of Roses," was bringing the National Headquarters of the American Rose Society to Columbus. Their home will be in one section of the park and here will be a national and international test garden and the only all-America rose selection test garden in Ohio.

For his untiring and selfless efforts in bringing this fame to Columbus, Jim Rhodes has received congratulatory letters and telegrams from all over the United States, including Portland, Oregon, the "City of Roses," and his name has become legend and Columbus and Ohio are the envy of the entire world.

NATIONAL CONVENTION

Plans for the National Convention and show of the American Rose Society to be held in Columbus in 1953 are now being completed and visitors from at least forty states and Canada are expected. At this time a new rose will be named "City of Columbus" and the Park of Roses will be dedicated. The first Columbus "Tournament of Roses" will be one of the innovations, with floats representing all the major cities of Ohio as well as many industries and businesses of Columbus and Ohio, and it is planned to make this an annual affair.

20th Century Members

Take A Tour
Mrs. Elizabeth Ellis was hostess to the members of the Twentieth Century Circle on Monday evening. Mrs. Lois Cashman, president, presided at the business meeting after which they traveled in imagination to various cities of our country. Mrs. Coon told of her visit to Boston, Mass., stressing the historical value of the city and contrasting the crooked narrow streets with our broad streets of today.

Mrs. Grace Dick gave the history of Nome, Alaska, a small town of about 1500 population, where hunting for gold is an obsession for some of its people. There are no railroads there but they do have plane service. No high standard of living is possible at any price and liquor is their big problem.

Mrs. McBeth then took us to the

extreme south, Dallas, Texas. Dallas is the most cosmopolitan of the younger cities with a population of 472,000. The weather in summer is almost unbearable when the thermometer stands at 100 degrees during the day but somewhat cooler at night. It is a great convention city and has much to offer in the way of recreational facilities. The hostess served dainty refreshments and a social hour followed. Mrs. Joan Root will be hostess to the club on November 17th.
