DAN CUPID IS SLIPPING

SUPT. COON SUGGESTS BOYS LEARN TO BAKE; GIRLS DO REPAIR WORK

Today is Valentine's Day. It's the day when Dan Cupid goes about with his bow and arrow, shooting girls and boys in the heart and so forth... something about love and what it will do for you in the years to come.

Supt. Coon is a practical man, and he wants his students to be "individualists". He doesn't want his protégés to become involved in a "bow and arrow" affair which is usually staged by Dan Cupid, in which he guarantees nothing but a few heart flutters after shooting his arrow.

To fortify his boys and girls for a strong independent life Mr. Coon, at the regular meeting of the school board held Monday night suggested that the boys should learn how to bake and mend, even clean coats, while the girls should learn how to manipulate household tools and electrical appliances. To accomplish this, he would "swap" classes. The boys would, under Mr. Buzzard, learn how to fry eggs, make coffee, bake pancakes, mend socks, run the weekly wash through the wringer. The girls would, of course, under the capable instruction of Mr. Donald Fratz, Industrial Arts teacher, learn how to make electric wiring, and how to use a saw. Instead of hitting the thumb and a hundred and one other odd things a woman can think of around the house, when a man usually wants to recline in his easy chair to view television.

At any rate, Supt. Coon presented the idea to the board. He is a man with instructions, and he is a man who sees how his idea is received. A

complete report will be made to the board at its next meeting.

Supt. M. J. Coon told the board of the expansion of the Industrial Arts department. In addition to the wood working and mechanical drawing areas, he informed the board that work has been started in plastics and electricity. The senior boys have drawn plans for the new work benches and storage shelves. Mason work is to be continued whenever possible. They have completed the cement block laying and plastering project in the shower rooms.

Harold Cashman, president of the board, gave a very enlightening report on a meeting of school principals, which was held in Plymouth last week. The speaker talked on the "Danger of Communist Fronts". He told of how the communists were infiltrating behind so-called fronts, mostly made up of youth organizations, and how the communists are enrolling and indoctrinating people in their ranks. Mr. Coon pointed out the splendid work Mrs. Southard is doing as an economics instructor in our local schools, stressing the fallacies of communism and showing the advantages of democracies. Communists, as you know, make politics their religion. What the schools should do is to show the students that the communists are a threat to our great American heritage.

Mr. Coon also mentioned a transaction Monday night, including the payment of current bills. Clerk Cashman read minutes and presented topics for board discussion. All board members, including Haldon Cheesman, John Helbig, Paul Stoddard, John F. Root, and Harold Cashman, president, were at the session.

HIT-SHIP CASE SENT TO MANSFIELD

Pleading guilty to charges of drunken driving and failing to stop following an accident, James Kaylor of Erie, Pa., was bound over to Mansfield County Court.

Kaylor was arrested Wednesday upon a warrant sworn out by Bridgeport, where the accident occurred and damaged by one operated by Kaylor at 6:30 p. m. Monday.

Roberts, accompanied by his son Norman, was driving west on the Valley Freeway, and the stateless at the intersection of State Routes 98 and 61. While the Roberts' machine was waiting for the light to clear, Mr. Roberts observed the Kaylor car advancing at a fairly high rate of speed, and as it attempted to negotiate the right curve into the intersection, the Roberts' car was struck on the left side, damaging it to the extent of \$150.

Kaylor failed to stop at the time of the mishap and kept going south on Route 98. Roberts notified Chief of Police Meier of the accident, which was under investigation for clear as to what made of car or the color. Checking up, Chief Meier learned that an intoxicated man had been seen around the square at around 6:30. Several witnesses revealed that he was known by his name, and one person was able to give the location of his residence.

Wednesday afternoon, after officers Meier and Watts went to DeKalb, about one-half mile south of Tiro and upon inquiry found that a man by the name of James Kaylor resided there. No one being at home at the time, the officers waited until Kaylor arrived home from his job at a Gallon industry 98. Upon questioning by the officers Kaylor admitted being in the wreck Monday night. He was brought to Plymouth late Wednesday afternoon, appearing before Mayor Briggs Wednesday night.

Reading the charges that had been filed against him, Kaylor admitted to the mayor that he was guilty. Kaylor, upon questioning, also admitted that this was his third offense of driving while intoxicated, once in Shelby about a year ago, where he says he was fined \$100 and costs, and about eight months ago he was arrested in Cincinnati upon a similar charge and was fined \$500 with \$400 of the fine being suspended.

Kaylor will be taken to Mansfield this morning to appear before Judge Merriott in Municipal court. Kaylor is 33, married and has three children.

Visiting In Florida

Miss Virginia Penner left Thursday for Ft. Pierce, Florida, for several weeks vacation with her sister-in-law Mrs. J. A. Penner of Cleveland. She is also accompanied by Mrs. Penner's daughter.

During Miss Penner's absence, Mrs. Lenna Weaver of Sandusky will occupy her apartment.

This Might Help—Nothing Else Has!

With the Korean situation just about the same as it was last year, and not much progress in sight but much death, illness, and suffering, the average citizen getting rather used to tottering on the brink of disaster every day of his life, what can we do about it? We seem to have tried all the doctor's pills.

How about this suggestion—it might help, because nothing else has. It is to attend the World Day of Prayer, Friday February 29, 1952. If you would like to do a little research work and pray about it, we seem to have tried all the doctor's pills.

This year, in Plymouth, Mr. Charles Dick will be the town chairman of World Day of Prayer and the assembly will be in the Presbyterian church. From the Lutheran Church will be Mrs. Cornelia Johnson and Mrs. Lewis of the Methodist Church will assist in the planning. The day selected for World Day of Prayer was the first Friday in Lent and the meeting will be in the evening.

LUTHERANS TO SPONSOR HOME TALENT PLAY

Coming soon—a three act comedy sponsored by the Young People's Club of the Lutheran Church. Characters will be taken by your own home town talent and you are invited to see them act. Laugh and relax and enjoy two good hours of entertainment. All this for only fifty cents. Keep Thursday, March 6th open for "Aunt Tillie Goes To Town".

Shelby will be at the high school auditorium with curtain call at eight. Watch your local paper. You'll laugh till your stomach hurts where else will you see a man in lady's clothes. Don't miss this.

Home On Leave

Set Leland Cole and wife of Ft. Dix, N. J., are enjoying a leave with the former's parents, Mr. and Mrs. Manley Cole of Norwalk, Ohio, where they will be with Mr. Cole's family for a few days.

County Tickets Well Filled With Candidates

Earl Huston of Shiloh Enters Race For Richland County Commissioner; Theodore Lutz Comes Out At Last Minute For Prosecutor.

With the deadline closing last Wednesday at 6:30 for filing petitions for the coming May primary there was much activity in both Huron and Richland counties among the Democratic and Republican organizations. There are some interesting contests ahead in each party, as several candidates of the same party have filed for the same office.

On Richland County the political pot is sure to boil. Five minutes before the deadline closed at 6:30 former Richland County Prosecutor Theodore Lutz filed his petition.

Theodore Lutz served as prosecutor from 1944 to 1948. He lost his post in 1948 to Democratic Harold Lutz, who is not seeking re-election this year. On the Republican side, Theodore Lutz and William Beam, youthful Mansfield assistant city solicitor, are seeking the nomination for prosecutor. On the Democratic side, there are three out for the nomination of the prosecutor's office. They are: former Mansfield city solicitor William Black, assistant county prosecutor David Arbaugh and Attorney Donald J. Lett.

Seven Out For Commissioner's Post

Most interesting to north Richland county voters will be the race for county commissioner. Two candidates for the two vacancies will be made at the primary. Earl Huston of Shiloh and William Beam, north Richland county, is seeking the Republican nomination, along with Walter Ober, J. W. Shelby, John Friday and Willis Linn, who are also Republicans.

Guy F. Stewart and Fred Lind, present incumbents, and both Democrats, are in the race for re-election.

The Richland county line-up is as follows: County Commissioner: (2 to be nominated) Guy F. Stewart and Fred Lind.

You Are Invited To Attend 3-Act Comedy Tomorrow Night

"Gord Gracious, Grandma!" a farce in three acts by Keane Williamston will be presented in Plymouth tomorrow evening, Feb. 15 at the high school auditorium.

The play will be presented by the Richland County Christian Endeavor Union under the direction of Mrs. Carl Hipsher. Proceeds from the play will be used to help raise the \$900 quota set for the Richland County CE union that will go to help finance the state CE office in Columbus.

Sams of Plymouth heads the county financial campaign. Tickets may be purchased at the door on the night of the play or from members of the Christian Endeavor society in Plymouth. No seats are reserved.

The play was given last week at the Shelby high school auditorium and will be repeated later in the Lexington high school auditorium.

The next lamb pool is scheduled for February 22.

Pilgrims Drop First Tournament Game

By Dan Eby

The Plymouth Pilgrims went down to defeat in their first Richland county tournament game last Tuesday evening. The Pilgrims were sent down to defeat by the Lucas Cubs, RCL second place club by a score of 54-50.

After the Cubs had trailed for two quarters and a half they came up behind the Pilgrims to stay with them until surging out in front to win. Since the Pilgrims would have been out of the tournament and through with basketball until November 1952.

The first quarter saw the Pilgrims getting a 16-11 lead over the Cubs as they completely outplayed the boys from Lucas.

Although they were outscored in the second period 17-16 they still had a 32-28 advantage as the horn sounded indicating half-time. During this quarter Plymouth built up a big point lead but couldn't hold it as the Cubs came roaring back.

As the third quarter began to find its way into history, both teams matched each other point for point in this battle of basketball. Both teams got 13 points in the third period. Plymouth went into the fourth and final canto still leading by a small margin of four points.

The first squad quickly took care of this as they outpointed the Pilgrims 13-5.

It seemed the Pilgrims could do no right and the Cubs no wrong as they drove from one end of the court to the other to push the ball through the nets.

The final score was 54-50 in favor of the Lucas Cubs but the score was not settled until the final gun as the Plymouth Pilgrims vainly tried to tie the contest up.

Millard Frontz took game honors with 16 points with his team-mates getting 13 points. Duane Wilson led the Pilgrims in his last encounter as he managed to net 15 points while Tom Rhine was getting 10.

RATHER SHOCKING!

Just when the new rates will go into effect, the system in somewhat of a degree of efficiency. While the increase is very slight, yet it will afford sufficient revenue to do necessary repairs and repairs.

The increase in electric rates was the first of two kilowatt hours which now costs four and three quarters per kilowatt, was increased to five cents per kilowatt.

The second step, on the present rate calls for 60 kilowatts at our cost per kilowatt, the first two steps, of only two-tenths per cent per kilowatt. The minimum rate is \$1.50 per month instead of \$1.00.

Just when the minimum rate was made because of the fact that after a careful survey, it was revealed that the cost of maintenance and repairs was increasing at the rate of \$1.00 per month.

There are no other changes in the present electric schedule.

The changes were necessary in order to meet the tremendous increase in equipment, materials and labor, and the additional revenue will be barely sufficient to keep the electric system in operating condition. However, the Board feels that with material on hand, including poles, wires, transformers and other parts necessary to maintain the system, it will be able to gradually build up the lines within the village so that an efficient and

satisfactory electric voltage can be maintained throughout the town.

The Board did not raise rates because of the fact that other towns nearby enjoyed higher income from electric consumption. But the increase was made to insure sufficient funds to maintain the distribution system in somewhat of a degree of efficiency. While the increase is very slight, yet it will afford sufficient revenue to do necessary repairs and repairs.

The Board also points out the fact that the town's street lighting and the lights around the school are not cost the taxpayers, but that the cost is assumed by the light department of the council had to purchase street lighting at a substantial amount to several hundred dollars a year. The fact that electric energy is purchased from Ohio Power Co. and distributed through the village system, doesn't mean that the Board buys power and receives full benefit from all power purchased.

Since the village is operating the pumps at the water plant use quite a number of thousands of (Continued on Page Five)

POSSIBLY a "wee bit" home sick. Bobby Eichelberry called his parents Sunday from Fort Jackson, S. C., to say that everything is OK. He went in training a couple of weeks ago and is hooked up with the Infantry. He is a "daddy" at Jackson for the next few weeks, and friends will find his address in this issue.

WE'RE GOING to miss Lura

Weber for the next two or three weeks. She left last week for Seattle, Washington to spend a month with her sister, Able, at Jackson, and other relatives and friends. Taking the B & O's "Columbian" out of Willard to Chicago, and then the Plymouth Hiawatha, she enjoyed a wonderful train ride. There's no doubt but what the weather in Washington sunshine and palm trees, and especially here, but if we know Lura, it doesn't matter how hard the wind blows or how fast the snow falls, she'll be home in a jiffy. After a month's vacation in the Great Northwest.

WE RECEIVED a post card from the Fred Schneiders, mailed at Lake Wales, Florida, stating they are enjoying the "Georgia slow-motion" in Florida amidst the sunshine and palm trees, and especially finding it delightful not to "hurry all the time." Fred could have selected a more appropriate card to send North, where he chose to show a diesel steamroller, which looks like it's traveling on the sand between two palm trees and a very funny looking airplane.

We have trains and planes "up North," and I was glad to get out of the sand and clay when I left strong. Although I admit that home-sickness a little more often since my granddaughters, 2 1/2 years, has found an unusual attraction in the sand and clay.

I have to read so frequently until I'm beginning to sound like a southern again. I'd like to find out what the "Georgia slow-motion" is. Well anyway, we're glad you're having a wonderful time, but don't forget you're in the coal business in Plymouth.

ED RAMSEY of the Plymouth Theatre informs me that the Universal-International news reel which is officially released news will be shown in the midnight show, and also Sunday and Monday.

The news-reel features the death of the King of England, and carries many interesting events during the well-loved ruler's fifty-six years of life which spanned a colorful period in British history during which the nation was involved in two major wars. Presentation of the news-reel indicates that Mr. Ramsey is giving movie patrons the latest news events of the entire world.

WE'RE GLAD to report that Stacy Brown, who is confined to the Willard Hospital is getting along nicely. We miss those short friendly chats that we enjoyed so much when Stacy would stop in almost daily, to tell us of some little incident. We hope it's not too far distant before he's back on the square greeting his many friends.

WE HOPE that most of our readers will find time to cut off their television sets long enough to read last week's Saturday Evening Post which has a rather interesting story: "I Was The Witness." It is the most astounding revelation in years. Chambers a man of unusual literary tastes, has been clean with the most break-taking event that can happen in any man's life. He defines Communism in a sense that has not been seen before, looked upon by Americans.

For the past few years we have had "Communism" come at us from all sides. It has been in our homes, newspapers and magazines... we have all been infected. But this one thing I will say, if you read Chambers' story, you'll realize that even all you've been hearing about Communism is not a "lot of hokey."

LOCAL GIRLS ARRIVE IN FLORIDA

According to a letter received from Ida Mae Babcock, the five Plymouth girls, Ida Mae, Mollie Burrer, Janet Robinson, Sally Dietrich and Carol Teale arrived in Winter Haven, Fla., in very good condition. Somewhat worn from their long trip, the girls have recuperated, and reports are coming in that they are having a good time.

Many friends of the girls will be interested in reading Miss Babcock's letter, telling of their trip down:

Box 207, Rt. 2,

Mrs. J. M. Robertson Winter Haven, Fla.

Feb. 5, 1932

Dear Tommy:

"Well, we arrived in Winter Haven safe and sound, a little tired and sleepy, but still living. As you know we left Mansfield at 9:30 p. m. Friday night, Feb. 1, on the Sun-Maid limited. It carried 32 passengers being well filled when we got on it. Our bus was air conditioned, had a rest room, a refrigerator for ice cream and soft drinks. So as you see we rode down to Florida in style.

"We drove all night going through Columbus, and arriving at Cincinnati early in the morning where we changed bus drivers and stewards. Our first driver was Al Smith and the steward was William Bosch. At Cincinnati we picked up Jean Griffith as stewardess and Bob Bybee as driver. Leaving Cincinnati we went to Lexington, Ky., where we again changed drivers the new one being Art T. Fraley.

"It was an awfully long trip through the night and I couldn't hardly wait until the sun rose, and it finally did, when we stopped at the Greyhound Inn at Somerset Ky., at 6:00 a. m. for breakfast. Then we stopped at Chattanooga

Tenn., for our dinner and changed crews. Bud Schell was our new driver, while Bill Witt was our steward. From Chattanooga to Coatsville and then to Atlanta, Ga., where we left three passengers off the bus, leaving us 29, who stayed on until we got to Florida. It was the first time the bus had empty seats. We stopped at Macon, Ga., for supper, made a short stop at Waycross, Fla., and then arrived at Jacksonville, Fla., where we again changed crews. William N. Sikes took over the wheel at Jacksonville, and Bill Witt continued as our steward. These were the last ones for the remainder of the trip.

"We had a lot of fun with the bus drivers and stewards, and they must have enjoyed us otherwise they would have told us to shut up. Molly and I sat right next to the drivers all the way down to Jacksonville. From there we went to Tampa and changed buses to Winter Haven and we got there to Janet's grandmother's Sunday morning about 10 a. m. All the girls were tired and sleepy, but I was just like a young colt full of pep. I did find myself a horse. Just about two pastures back of our cabin, while it is real friendly and I guess he must like me because I feed him sugar, and am trying to teach him to "shake hands" for sugar. He isn't doing so bad, at least he will offer me his foot. He whinnies every time he sees me. So I am satisfied with my horse even if the rest of the kids aren't.

"Janet's grandmother and grandfather are wonderful to us and we love them. There is a great big beautiful lake right in back of our cabin and we are trying to get a sun tan, but we can't do it. It is too cold and the wind blows too hard, so it isn't very warm out. It is supposed to warm up tomorrow. I sure hope so.

"Well, tell everyone around town we said 'hello', and we'll be back in two weeks." Ha. Ha.

As ever,

EGG DISHES

BY BETTY NEWTON

Eggs . . . they're delicious, nutritious and easy to fix, and what's more, they're indispensable to meals and meal preparation. They can be served not only as a main dish but as an important ingredient in many other foods. Because all of us need four or five eggs a week, here are two dishes we know you'll want to try. They taste good and are good for you.

Eggs Baked in Cheese Sauce

8 eggs
3 Tbsp. butter or margarine
1 C. milk
1/2 C. grated cheese
1/2 tsp. salt
1/2 tsp. paprika
Dash cayenne pepper
2 to 3 drops Worcestershire sauce

Chives or parsley

Break eggs into greased baking dish. Blend flour and butter or margarine. Add milk and when mixture is hot add cheese and remaining ingredients, except parsley. When sauce is thick, pour over tops of eggs and bake in Gas

range at 350 degrees for 15 to 20 minutes. Garnish with chopped chives or parsley.

Baked Tuna Puff

1 can (1 1/2-lb.) condensed cream of mushroom soup
2 Tbsp. chopped green pepper or tomato
1/2 C. cup milk
4 eggs, separated
Salt
Pepper
1/2 tsp. soda

Combine tuna, soup, green pepper or tomato, and milk in a shallow baking dish (about 1 1/2 qt. size) and put into oven at 375 degrees to heat while you mix the puffy topping. Add a dash of salt to egg whites and beat stiff.

Then, using the same beater, beat yolks light; stir in pepper and soda. Fold yolks into the beaten whites. Pour over the top of tuna, and bake in Gas range at 375 degrees for 20 to 25 minutes. Serve at once in its baking dish. Makes 3 to 4 servings.

ART CLUB NEWS

At our meeting on Thursday Jan. 31, in the Science room we decided that our next project during the active part we took in decorating the auditorium for the Holly Dance, would be to have an art exhibit. The exhibit will be held in April on the day of the P. T. A. meeting.

Legion Auxiliary Holds Meeting

Mrs. Marie Russell presided at the meeting of the American Legion Auxiliary, Tuesday evening at the Legion Hall, at which time Mrs. Doris Gowitzka reported that five flags have been presented to the school for the new class rooms.

Mrs. Doris Russell was installed as first vice president, with Mrs. Janice Dawson acting as installing officer.

The president urged all members to write Congressman Harry McGreggor opposing Bill S-1135, which will take away Veterans' Preference in Civil Service jobs, if passed.

It was decided to furnish the lunch at the Legion's Round and Square Dance to be held February 15.

The following program was enjoyed:

Vocal solo — Grace Wolfersberger, accompanied by Frances Hughes.

Trumpet duet — Eddie Johnson and Bruce Deacon.

Trumpet solo — Eddie Johnson accompanied by Marilyn Lewis.

Tap dance selections — Brenda Peterson, accompanied by Frances Hughes.

Acrobatic Dance — Patty Heydinger, accompanied by Frances Hughes.

It was voted to send a high school girl to Girl's State this year.

It was also voted recently to donate \$5.00 toward the March of Dimes.

\$15.00 toward school lunches, and \$10.00 toward band uniforms.

The Auxiliary also adopted a 6-bed ward at Dayton V. A. hospital this year, sent gifts to Crile Hospital and Xenia Children's Home. Forty local shut-ins were recently remembered.

Membership quota has been reached; now let's go over that quota by getting delinquent members back into active membership and by getting new members.

The next meeting will be held Tuesday evening, March 4th, with Mesdames Ethel Nesbitt, Bernita Goth and Dorothy Peterson on refreshment committee.

—Jean Rish, secretary

SENIORS TO PRESENT "GHOST WANTED" PLAY THURS. EVE., FEB. 21

The Seniors of Shiloh high school will present the Row-Paterson Co. Publisher's comedy-drama, "Ghost Wanted," on Thursday evening, Feb. 21, at the Shiloh high school auditorium at 8 p. m.

The following is a short synopsis: Hugo Bromley, (Bob Heston), young man out of a job, and Jeffrey Hall (Dick Garrett), his associate in many not-too-successful ventures, answer the advertisement

"GHOST WANTED." They became acquainted with Ginger (Hazel Sloan) and Gale Stormay (Peggy Clabaugh) the attractive granddaughters of Granny Kate, (Elsie Dick), owner of the strange old house on Ramshead Rock. The ad was Ginger's idea. She wanted to cure Ginger of a predilection for hoodlums and for the companion of Professor de Vallan (Malcolm Brook) and his strange assistant, Madam Zolga (Sarah Cantrell).

In the course of events, the four young people plan for Hugo to impersonate Simon Gore (his zombi), once and for all unhooking the Professor and Madam Zolga as fakers. But the scheme backfires when Simon Gore's manifestation is arranged by others than the plotter—and before the youngsters can put their plan to work. From there, the problem is to find out how the various appearances of the zombi are accomplished, and by whom.

The mysterious disappearance of Bradshaw (Walter Steiner), the sheriff, complicates matters no end. Hatcher, (Kenneth Bakers), the Stormay's houseman, is no help either, for he seems bent on summarily leaving the island; but the practical Troddy, (Marilyn Baker) maid and cook for the Stormays, locks him up. That he doesn't stay locked up long is later revealed.

Jeffrey discovers a secret panel connecting with several passageways through the old house, one of which is accessible from the room in which Hatcher was locked.

Jeffrey's discovery leads to the eventual solution of the mystery, but only after a stormy session climaxed by the success, finally, of Hugo's remarkable impersonation of Simon Gore and the revelation that Granny Kate had known all along that the Professor and Madam Zolga were Government agents. And so the little island, that was to have served a foreign spy ring as arsenal, hide-out and listening post, is restored to its former comeliness, and Hugo and Jeffrey decide that the ghost business isn't so bad if it can introduce them to such charming companions as Professor and Gale promise to be.

Other characters are Azalea (Eulalia Smith), a lobster woman from the nearby village, and Nora Vane, (Mollie Jo Hall) a woman who has a nose for investigation.

The play is directed by Mrs. Pittenger and sound effects are handled by James Kennard.

Admission is 65c for reserved seats, and 50c for general admission. Tickets will cost students 35c and adults 50c.

School Contributes To "March of Dimes"

Shiloh school pupils and faculty brought in \$38.34 for the "March of Dimes" polio fund.

Everyone who has contributed can feel that he has done a little toward stamping out the dead disease, and easing the pain of those suffering from it.

Intelligence Tests Given

The third, fourth and sixth grades of Shiloh school took the California tests of Mental Maturity last week.

Plans are being made to test the remainder of the classes later on in the year.

These tests are helpful in locating learning difficulties and also showing the actual ability of students.

This is the first series of intelligence tests given for many years and is the beginning of a program to test every pupil every three years.

The freshman and juniors will soon be given the Ohio State University intelligence test as last year's freshman and juniors did last year.

Parents may learn the results of these tests upon inquiry and a report will be given on them at the next Parent Teachers meeting, Monday, March 3.

Shiloh Teachers Attend Conference

Two Shiloh school teachers, Mrs. Gladys Tucker and Mrs. Dorothy Patterson attended a 5-county, all day conference on "Slow Learners" held at W. 5th St. school in Mansfield, Feb. 8.

One of the problems of slow learning pupils is aggravated further when they begin to lose ground. It is hoped that the rest of the teachers in the school system will benefit greatly when our two teacher representatives report this meeting to Shiloh teachers.

VARIETY SHOW

The Band Mothers are sponsoring a variety show for Friday night, February 29th, at the school auditorium. The program will consist of vocal solo, mixed quartet, selections by the band, the Shiloh Choral Singers, and there will be some very fancy modeling.

This is to be no program of competition, and no prizes will be awarded.

Boys Selected to Serve As Projectionists

Following the delivery of a new 16mm sound motion picture projector to be used in classrooms to show educational motion pictures, the following boys were selected to serve the school in the capacity of a motion picture projectionist: Dick Garrett, Bob Elliott, Norman Wolf, Bob Rakestraw, and Emory Thornton.

Coupled with a slide film projector purchased last year, our school now has the best equipment to further the visual education instruction.

We wish to express our gratitude to the boys who are helping us in this way.

CHAPEL PROGRAM

A chapel program was attended by the six grades of Shiloh High School Tuesday, Feb. 12, in commemoration of Lincoln's birthday.

The high school mixed chorus sang "The Battle Hymn of the Republic" and led the audience in singing "America the Beautiful" and "America."

Rev. R. L. Lubold presented the message with emphasis on the high ideals and great achievements of Abraham Lincoln.

He challenged his audience to give of themselves for their own good and for the good of their country in the same way that Lincoln devoted his life to the service of others.

W. B. Firestone, principal, read a poem written about Abraham Lincoln, stressing how his great works have lived on to help us with our problems even today and in the future.

Silliman-Seidel Nuptials To Be Performed Feb. 22 In Open Church Ceremony

Miss Janice Louise Silliman and Mr. Paul A. Seidel will exchange their nuptial vows on Friday evening, Feb. 22nd at 7:30 o'clock in the Delphi Methodist Church in an open church ceremony.

The bride-elect is the daughter of Mr. and Mrs. Walter Silliman of Willard Route 1 and is employed in the office of the Pioneer Rubber Company of Willard and also at Jackson's Drug Store of that city in the evenings.

Mr. Seidel is the son of Mr. and Mrs. C. E. Seidel of North Elm field and is in the U. S. Navy stationed at Norfolk, Virginia.

Mothers' Club Has Interesting Speaker

A very interesting series of meetings is being recorded this year for the Mothers' Club, of the Plymouth Schools P. T. A. At the February meeting of the group Dr. R. W. Ledington, of Willard, talked to the assembled mothers and teachers at the Elementary School building, on dental hygiene. He stressed the care of children's teeth, and the use of sodium fluoride which reduces tooth decay from 40 percent to 60 percent. While the child's "toothache" should be given attention, the preventive system of dental hygiene is the best way for dental care. Dr. Ledington was thanked by the Club for his interest and time. Such talks and discussion do much to improve the health standards of school children.

Mrs. John Armstrong, teacher of vocal music in the local schools had prepared and presented a regular class session of elementary school music. The second grade pupils were present, and under her direction, sang, marched and gave examples of keeping time, or rhythmic music, and apparently enjoyed the period as much as the audience.

A thank-you note was received from Miss Joy Bethel, who recently resigned as music teacher in the local schools, and who had been remembered by the Club with a gift.

Mr. W. H. Strine, elementary school principal, then ran a film for the February meeting, titled "Invasion," referring to the invasion of the human body by disease.

Sponsors Movie

The Mothers' Club will sponsor a movie at the Plymouth Theatre. Mr. Ramsey having given the group a very appropriate title for the show, "Take Care of My Little Girl" which will be shown on Sunday and Monday, Feb. 17th and 18th, and midnight show on Saturday night, Feb. 16th. School children will sell tickets for the movie.

Speaker For March

The Mothers' club is very fortunate to have been able to secure Dr. Finch, of Mansfield and Ashland, who will address the group at the March meeting on child psychology. Dr. Finch is much in demand and his classes and office work limit his time to speak before groups, etc. Plan to attend, as Dr. Finch has rearranged his schedule to meet with us in March.

Couple To Wed On February 23

Mr. and Mrs. Donald Becker of Shelby announce the approaching marriage of their daughter, Shirley to Joseph Arter, son of Mr. and Mrs. George Arter of Crestline.

Closed church will be observed February 23 in the Shelby Evangelical and Reformed church, with Rev. Marion officiating.

Miss Becker is a granddaughter of Mr. and Mrs. Alton Becker of Plymouth.

Nelson Roberts Host To S. S. Class

The monthly meeting of the Knights of Youth S. S. class of the Presbyterian church had their meeting Thursday at the home of Nelson Roberts. Those who attended were Carol Cobb, Alice Muma, John Fellers, Patsy Young, Carol Cunningham, Bob Spensler, Joann Gardiner, Pat Chronister and Nelson Roberts.

The social for this month is a Valentine party at the home of Carol Cunningham.

Birthday Dinner

A birthday dinner was served Friday evening in the home of Mr. and Mrs. Emory Fidler of Sandusky Street for their son Willard of Shelby. Others present to enjoy the meal were Mrs. Willard Fidler and son Kenneth, Mrs. Fred Miller and Miss Marilyn Bodkins of Shelby.

Attend Lincoln Dinner

Mrs. Mabel McFadden and Mrs. Jerry Curwood attended a Lincoln dinner Wednesday evening sponsored by the D. of U. V. in Tiffin.

Entertains Sunday School Class

Mrs. Vicent Taylor was hostess to the Nora Wyandt Sunday School class of the Presbyterian Church Tuesday evening. Mrs. Edna Dick was in charge of devotions, and Mrs. Felix gave an interesting Bible study; Mrs. James Cunningham had a selected subject on Abraham Lincoln. Roll call was famous sayings of Lincoln and Washington.

After the business meeting a nice lunch was served. The March meeting will be with Mrs. Agnes Willet.

Treats Nephews

Saturday evening, Barrie Fetters took his three nephews, Steve and Danny Hookberry and Tommy Fetters to the Plymouth Theatre in observance of his tenth birthday. After the show, the group were treated at Cornell's.

Alpha Class Meeting

Members of the Alpha Guild will meet next Tuesday, February 19th at the Lutheran church annex for their usual meeting. Mrs. Louise Miller and Mrs. Lillian Voisard are the hostesses.

Mr. and Mrs. Raymond Steele Announce Engagement Of Their Daughter Sally

Mr. and Mrs. Raymond Steele of Lorain, Ohio, announce the engagement and approaching marriage of their daughter Sally to Mr. Dallas Yeary, son of Mr. and Mrs. Willis W. Yeary of Joplin, Missouri.

Up until six years ago, the Steele family made their home in Plymouth and have many relatives and friends in this area who will be interested in the announcement.

Sally is employed by the Mid-Continent Air Lines and her fiancé is assistant manager of the same firm in Tulsa, Oklahoma, where the couple plan to live following their marriage sometime this spring. No definite date is set.

Surprised On 65th Birthday

Ernie Davis of Trux Street was really surprised Sunday when all his children and grandchildren, excepting one son Ernest Jr., who is with the Navy, returned home to celebrate his 65th birthday, an event of Saturday, February 10th. A family dinner was served with a large birthday cake used as a centerpiece and covers laid for the twenty two present which included the following: Mr. and Mrs. Don Davis, Janice and Bill, North Monroeville; Mr. and Mrs. Edward Davis and son John of Norwalk; Mrs. Harold Porter and daughter Betty of Shilo; Mr. and Mrs. E. J. Shaffer and children, Ken, Dick, and Diane, Ganges; Mrs. E. W. Lynch and daughters Beverly and Mary of Plymouth; Mr. and Mrs. Omar Davis of Shelby and Michael at home. The family remembered Mr. Davis with a number of very nice gifts.

PERSONALS

Alice McDougal and friend Miss Betty Gail Slevin of Mt. Vernon, Ohio, enjoyed the week end in the home of the former's parents, Mr. and Mrs. D. F. McDougal.

Gordon Seaholts of Kent, Ohio, who is employed in Ravenna, spent the week-end with his mother, Mrs. Bertha Seaholts.

Living in Japan Is Interesting, Writes W. Bethel, Teacher At Miyazaki University

For many of us who are snow-bound this winter, and whose travels are quite restricted because of financial as well as geographical reasons, there is an opportunity for an arm-chair visit in Japan, through the letters of Walter L. Bethel, brother of Miss Joy Bethel and son of Rev. Howard Bethel, of Ashtabula.

A teacher in the Miyazaki University of Miyazaki, Japan, Mr. Bethel and his wife are happy in their work and residence there, and send most interesting letters back to the States to their families. We are fortunate that Miss Bethel and her family are willing to share these letter-pictures of an oriental country with us, because, whether we welcome it or not, the world is our neighbor now, and it is important that we get to know a little more about it. It's quite possible that our sons and daughters, too, will be temporary residents of Japan, or one of a thousand places, other than Plymouth.

Miyazaki is a Japanese university, and it is not a mission project with which Mr. Bethel is associated.

Miyazaki is a city of good size on Kyushu, an island of the Japanese group. It is a coastal city on the Pacific ocean.

The most garden which Mr. Bethel describes below was shown in color in the Dec. 31, 1951 issue of "Life" magazine, which featured "Asia."

Miyazaki, Japan

Dear Family:

I hope you have not been worried about us if you read of the typhoon. We left Miyazaki the afternoon of the 12th. The University car took us to the station and we got seasick. The 24 hour journey up to Kyoto passed without mishap although we lost our zipper bag which had a pair of M's walking shoes, nylon stockings and books in it. This was probably

WILD, WOOLY BUT WONDERFUL

The lay person can see the wild and wooly appearance in the Holstein sire Carnation Magic Ohio. The bravest wrestler would not attempt to stay in the ring with this champion at any time. But Ohio State University breeding experts say "He is wonderful!" Professor Dan McGrew, studying this bull's daughters and their production records finds the very significant fact that 18 daughters with 19 records average 15,216 lbs. milk, 572 lbs. fat. He increases the production of his daughters over their dams more than a ton of milk per daughter. So recommended by the breeding specialists, the Northern Ohio Breeders Cooperative Association at Tiffin purchased the bull from Kaufman Farms of Tiffin, Ohio. He will be bred to 6,000 or more cows next year.

YOUR MASSY-HARRIS DEALER

The bus runs but once an hour and we were late getting back to Nara and then Kyoto, but Ed had waited dinner.

Wednesday the University car (Kyoto) and an English teacher took us to the Katsura detached palace. This palace and its gardens are still owned by the Imperial household and that afternoon the youngest brother of the Emperor was coming.

We were the only visitors and were shown the gardens (very fine) and the inside of the palace (even the bath room).

MOSS GARDEN AT TEMPLE Then we went to a famous Zen temple which has a moss garden. The ground is covered with many kinds of moss and the whole effect is very interesting. There are meditation places around and the pond is made in the shape of a Chinese character with a special meaning.

That afternoon we went to the museum.

VISITING AT PALACE

Thursday was the first of four days in each year when the Imperial Palace (Kyoto was the capital from the 8th century until the Meiji restoration in '65) is open to the public. Ed and we went down and looked. The gardens are very nice and the place where the Emperor is enthroned is quite impressive. The present buildings are not old, (late 19th century) but retain the old style.

Then we went to a hotel for lunch and went to the department stores.

Friday M. went to an English speaking dentist and I went down and got some tokens and read a little in the CIE library.

KOBE AND BEPPU Saturday afternoon we went down to Kobe and took a boat (very nice cabin, lounge, and dining saloon) from Kobe to Beppu. This trip covers the inland sea and is very beautiful. The small islands are covered with pines and one is hardly out of sight of land. The trip was very smooth. As we left at 5:30 we didn't see much until morning, but it cleared and we had a fine trip.

SLEEPING ON MATS We had expected Miss Aston to meet us in Beppu, but she was not there and her cook (?) or secretary, helped us to get a room in a hotel. We had a Japanese style room (really two) and slept on the soft pads on the floor.

We enjoyed the hot spring baths. Beppu is a famous resort, commercial, not pretty, except for the mountains in the background and full of U. S. soldiers and all they bring.

Then yesterday we came down here and were very glad to be back.

There has been a long interruption here because the gas water heater has not been working and two men from the University plus two workmen have been here. Then Kazuo and a friend came in and we showed them our pictures of our trip and all had black tea with sugar.

Then I talked about the slip covers, lamps, etc., which I want made here.

TYPHOON DAMAGE Miyazaki suffered a great deal of damage from the typhoon. K. says that the rice crop suffered perhaps a 30 per cent loss here, more elsewhere. We were fortunate not to have had any damage to the house. Tiles are piled up around hutters and one of the wooden shutters was blown clear over the fence.

The garden (ours) was badly washed and the seedlings swept away. M. says that half the pansies are gone. But they do not depend upon them for our food.

CHRYSANTHEMUMS Chrysanthemums are in season. This morning I got two big shaggy yellow ones and two white ones down town. They are expensive by Japanese standards and even in Kyoto when M. bought large chrys. for Payne's house they cost less expensive, but still they cost less than a quarter.

TOMATOES IN OCTOBER

The tangerines are in season again and they are a pleasure. They are cheap, easy to eat and good. In Beppu we had very nice tomatoes—large, beefsteak, dark red. I believe they are grown there in greenhouses heated by the hot water from the hot springs.

No garden has been made here yet and that is probably a good thing. The typhoon would have blown over any recently planted trees. Now I think the workmen will be busy with rice harvest, repairing roads, bridges and buildings.

We had a nice big begonia which we kept on the end of the long mantle. We put it outside in a protected corner but all its leaves are gone and it looks very sad. We had started two new ones and their condition is a little better. K. watered them every day.

MASTURI FOR JIMMU

Exams are still going on. Friday they are over and there is a three-day local festival (matsuri) at the local shrine. This matsuri is dedicated to Jimmu, the first, and leg-

endary, emperor, and celebrates his birth. We'll try and describe the procession and dancing in our next letter.

Mary's uncle Bacon is back by air from England and Ireland where he has spent a year. He is apparently well and full of his experiences.

WE LIKE IT HERE

We are very satisfied to be here. Not that we weren't before, but we didn't see any situation which we thought was better. Payne is single, has a cook (to feed and pay), a boy who acts as interpreter outside of classes (the telephone, buying, etc.) and is tempted by the expensive imported articles available in Kyoto.

Kyoto has a population of over a million and has many foreigners—army and civilians. Doshisha is a large Congregational University there. He (Payne) teaches at four different universities, and his own U. has a branch miles away. So he has a travel time problem. Then his house (which is grander than ours with seven rooms and baths) is quite a distance from the U. and therefore there are not so many natural home contacts with the students. Miss Aston lives in Beppu, where prices are very high due to the American soldiers there, and

GOING TO TEXAS

Mr. and Mrs. W. L. Fortney who have been wintering in Florida, will leave today, Thursday, Feb. 14th for Port Arthur, Texas, where they will visit their daughter and family.

Mr. Fortney states the weather for December and January was very nice but a little cool so far this month. Also that many Northerners are enjoying the sunshine in Florida and that they have enjoyed reading the Advertiser which has kept them in touch with the old home town.

GOOD HEALTH

1. WHAT IS FLUORIDATION OF WATER?

It has been found that children can lessen their tendency to tooth decay if drinking water contains one-millionth part of fluoride. Since tooth decay is the most prevalent childhood illness next to the common cold, many cities are adding fluoride to municipal water supplies when these salts are not already present. The cost is very small. Parents, however, should consult their family dentist about their children's teeth.

Answer to Question No. 3:

Hormones are substances given off by certain glands of the body. When these glands do not function properly, the human body

develops deficiencies which your doctor can treat with drugs produced from similar glands in animals. Some hormones are being produced synthetically artificially.

Answer to Question No. 3:

Unless properly pasteurized (heated enough to kill the germs) and kept clean, milk may be a dangerous spreader of tuberculosis and brucellosis (undulant fever) and other diseases. Such diseases can be transmitted from cows to humans. It is important that citizens see to it that the milk in their communities is pasteurized.
