### BURNING THE CANDLE AT BOTH ENDS

Spending all, saving nothing, may make both ends meet alright, but it's like burning the candle at both ends . . . all too soon the lovely light is gone, because the candle melted away. So it is with money! Before you know it, the day may come when you'll want to go on that long dreamed-of-trip . . . or you may want a home of your own . . . or, it may even become necessary to live on your savings. Then, there's nothing like a substantial savings account to depend upon. Small deposits add up quickly and earn interest too, when saving becomes a regular habit. WHY NOT START TODAY!!
