# Warriors whip Spencer, 45-13, Letter writers but show pass defense faults

Huron Valley's Warriors swept to their second North Conference victory here Friday sight, but didn't fook very well it doing so. They defeated Spencer's plucky. Red Birds, who outplayed them in the second half, 45 to 13, but they learned some painful les-sons.

ONE IS THAT THEY DON'T defend very well against passe and the other is that Tom Daven-port. Red Bird junior tailback, is a dandy passer, runnar

port. Red Bird junior tailback, is a dandy passer, runner, punter and all-around defensive back. Eddie Taylor, the Warrior' all-state candidate, romped off with acoring bonors. He broke the gaine open early in the first period with a 51-yard junt around end after the Red Birds, who had received, missed a first down by inches.

Ted Fox converted the extra bint on a pass from Ray Einsel.

THE RED BIRDS BEGAN TO move after the ensuing kickoff. Coach Larry Marker taught his charges a single-wing attack dur-ing the week after he had noted Milan's success against the War-riors with that attack.

The Birds penetrated to the Warrior 10 before losing the ball on downs. Thereupon Duane Utiss broke off tackle and swept. 90 yards behind perfect downfield blocking for the score.

Dick Fidler bucked over for he extra point.

the extra point.

Late in the period the Warriors regained possession in Spencer territory at the 31. Fidler went to the 12 on the option play. After the Warriors lost 15 yards for holding, Taylor ripped off nine yards before going in from 15 yards out for his second touchdown.

more touchdowns in the second period. Taylor scored from 13 yards out for the first one and then Taylor romped for 53 yards atter Mickey Hampton recovered a Red Bird fumble, on the next down series, and the Warriors held a 32-point lead.

IT WAS HERE JUST AFTER the second half began, that Spen-cer began to move. And it moved convincingly and with precision through the Warrior defense.

Tom Davenport is every bit an all-around back. He passed the Huron Valley eleven dizzy. On third down, he drew a bead on

Don Brouse, a step ahead of Fox in the Warrior secondary, and tossed a good one that Brouse carried to the winners' 12. On the next play he hit Brouse in the end zone for the score.

It was the first unit of the Warriors against whom the Red Birds got this one, the first score against Coach Lew Peti's club score Berlin Heights got at touchdown and an extra point in the middle of last season.

DUANE UTISS RAISED THE

DUANE UTISS RAISED THE score to 38 only a few moments later with an 18-yard dash. Dick Akers was all alone in the end zone to gather in Einsel's lob for the extra point.

The Red Birds spent most of the remainder of the period in Warrior territory, fargely the result of heavy penalties against the home eleven and three fumbles. Midway in the final canto. Davenport hurled a perfect strike to Ronnie Walters on the four after three Warriors had hit him and Walters danced in to make it 12. Brouse took a pass to make it 13.

The Warrior second unit could-n't do much offensively and was-n't left in long enough to be tested

# NCC lead at stake as Barbers invade

Leadership of the North Central conference will be at stake's tomorrow when Huron Valy's defending champions entertain Sevilje's Barbers at 7:30 pm.

Both teams have won two contests. Seville turned back Norwayne, 19 to 6, in a surprise win and thumped Rerlin Heights, 21 to 6, last week,

COACH DICK BROCKETT, with a 42-man squad, has Warren Clapp at quarter and Bob Eby at half as principal offensive threats. Eby scored two touchdowns against Berlin Heights and the Seville line threw back the Tiger offense into its own end zone for a safety. It is a hard-charging forward wall and if it can double-team at the ends, Eddie Taylor may be in for a hard night. The Barbers can certainly be expected to pass. For one reason, Clapp is a good passer. For another, two weaker teams have gained well by passing against the Warriors. COACH DICK BROCKETT,

THE OUTCOME OF THIS contest may well determine the championship of the conference. Only if Westfield's Red Raiders come along as darkhorses would the championship go to other than Seville or Huron Valley; re-lying, of course, on no let downs subsequent contests.

COACH LEW PETIT scrambled his first two units this week in a bectic series of pass defense exercises. From tackle to tackle, the Warriors looked better Friday night, but around the ends and in the secondary they were

feeble.
In behalf of the secondary, it can be said that not every op-ponent has a passer of the calibre of Tom Davenport. Nevertheless, any thrower would have succeed-ed against the Warriors Friday night because the receivers were getting beyond the secondary.

CONSIDERING THE RED Birds had only four days to lea the single wing patterns, it must be admitted Larry Marker is quite a coach and his boys some-

thing of a real football team.

On form, the Warriors must be rated at least a touchdown super-ior to Seville. But they'll have to play up to their very best, especially on pass defense.

Petit won't change his starting

mond L. Brooks announces.

Commenting on the establishment of International Letter Writing week, Mr. Brooks pointed out that each year since 1938 the Post Office department has joined in the observance of National Letter Writing week—an annual event celebrated to emphasize the meaning and value of letter writing as a symbol of American freedom.

"AS A RESULT OF ITS success," Acting Postemaster Brooks stated, "National Letter Writing week will be conducted on an international basis this year for the first time. Interyear for the first time. Inter-national Letter Writing week is based on the idea that written communication between-people in all the countries of the world will contribute toward the build-ing of a lasting peace.

"I am sure we are all aware that a personal letter is, next to an actual visit, the most intimate means each of us has to communicate with our fellow h beings. Letters between people of different nations are a sure method of establishing friendly relationships and understand-ings. The problems of freedom loving peoples will be more quickly solved if they are better

understood.
"I urge all pations of this post
office to join in this first observance of International Letter Writing week and at the
same time write that overdue
letter to friends and relatives in
America."

# Student drivers, take note

We applaud the action of the Huron Valley board of education in restricting the use of cars by pupils who drive to classes.

The situation has been worsening over the years. The incident of last week, in which a young pupil was struck, was fortunate. She was not seriously hurt. But it served to point up what might happen unless strict measures are taken.

To prohibit the use of automobiles by pupils over the lunch period makes sense. For our part, we cannot see why pupils who live within reasonable walking distance should be permitted to drive to school.

It may be threatened violation of their rights as citizens to suggest they should not be permitted to drive to school. But it is also, it

seems to us, recognition that a hazard exists even if all drivers are most careful.

Because you can't play catch with a loaded hand grenade forever without somebody dropping it sime time.

It is now squarely before the pupils who drive. Abuses by one or more will result in proscribed use by all of them. And let them not get the notion that if parking of student cars on the school grounds is banned, they can simply park adjacent to the school.

Munitipal authorities would certainly not be so foolish as to fail to cooperate with school management. Parking on access streets would also be banned.

Student drivers, it's up to you.

Here's Proof Hard Hat Helps

Having a roof over your head can mean several things. In this case it was a matter of life or death.

deorge Moiden, who works on highway drainage systems for Ohio Pipe Line Construction Co., Newark, knows this from a har-rowing experience in Delaware

Working in a ditch 15 feet deep along Route 23 north of Delaware, Molden was under a large section of drainage tile being lowered to him for placement.

him for placement.

As the tile was swung into position, a piece broke out, falling,
sharp edge down, on Molden.

But Molden's "roof" took the
impact. The aluminum hard hat
he was wearing was badly creased
by the sharp 12-pound chunk of
concrete. "

Jarred but unhurt, Molden continues to work on the pipe line operations. He agrees with the slogan of the Ohio Division of Safety and Hygiene — "Safety Pays with Happy Days."
