

Parade today

Judging for the annual Halloween parade sponsored by Independence Chapter, Order of DeMolay, will begin today at 7 p. m. in the Public Square.

Prizes will be awarded in three age groups. Judges will be Mrs. Herbert Caudill, Mrs. Michael McFarren, the Rev. John H. Hutchison, Jr., and Douglas A. Dickson.

Boys held here on theft charge

Two Plymouth boys will appear in Richland county juvenile court on charges of entering a house and taking two gold watches and several crocks.

Game tickets on sale now

High school athletic officers anticipate a larger-than-usual crowd for tomorrow's game with Ontario here. Accordingly, both adult and pupil tickets will be on sale today and tomorrow, during office hours, in the rooms of the high school principal.

Library gets gift for building

Mrs. John P. Scam-baugh has made a contribution to the library's building fund, the librarian reports.

Sewing classes are planned in the library Nov. 9 and 16 from 9 until 11 a. m. They will be conducted by Jean McClester, Richland county home demonstration agent.

First class will be on patterns and pattern alterations.

EST Sunday

Eastern Standard time returns Sunday at 2 a. m., when all clocks must be turned back one hour.

The time change will give an extra hour of business to liquor permit holders entitled to be open to 2:30 a. m.

Vehicles collide

No summonses were issued Friday for a collision in the west side of the Public Square.

A car driven by James E. Collins, Baseline road, was headed eastward when Ivan Hawk backed away from a parking space in the south side of the street.

Collins hit Hawk's pickup truck and his car was severely damaged.

Renewal of local levies, school issue on ballot

The Voice of The Advertiser -- Vote on Tuesday!

The right to tax above a fixed limit and the right to set the rules by which the citizenry will be governed are properly retained by those citizens and on Tuesday they will have their chance to do so or not to do so.

Seven proposed amendments to the Ohio Constitution appear on the ballot.

We are in favor of approval of three and opposed to four.

Issue 1 deals with the course of action when the governor becomes disabled. There appear to be enough checks and balances in the proposed amendment to warrant its approval.

Issue 2 is a proposed amendment governing the secretary of state and the conduct of his office, the maintenance of a bureau of statistics in his office, and the ordering of printing by the state. The amendment tends to clean up the Constitution and deserves support.

Issue 3 relates to the reporting of election returns to prevent chicanery by a lame duck General Assembly. It warrants approval.

We oppose cluttering up the Constitution with rules and regulations that can and ought to be dealt with elsewhere. The Constitution, ideally, ought to be such a simple and brief document that any intelligent schoolboy could commit it to memory.

So we oppose some issues that would amend the Constitution on this score alone.

Issue 4, if approved, will cost every citizen of this town who subscribes to electric service a reasonable, if not considerable, sum of money. It would call for adjustment of energy rates so that the first 30,000 cubic feet of natural gas shall be delivered at a cost not exceeding the average rate charged to all users, and it would call for the same procedure for the first 400 kilowatt hours of electricity. The rate structure here is based on the notion that the village is put to considerable initial expense to install a meter and to some continuing expense to maintain it, therefore it is entitled to recover that cost over the long term by charging a higher rate for the first 400 kilowatt hours.

Proponents argue approval will benefit the elderly and retired. How? Unless they occupy dwellings that are insulated so that 30,000 cubic feet of gas will be sufficient to keep them warm, approval won't help them a bit. And the fact that the businesses that supply them with food, drink, clothing, transportation, insurance, medical care, or whatever, will be compelled to charge more to offset the increase in cost of energy is reason enough to vote No on Issue 4.

For coroner

Richland countians everywhere will recognize the superior professional qualifications of Dr. Raymond J. Thabet, who is a trained pathologist, which skills should be invaluable to the county.

Huron countians ought not to turn their backs on the faithful and dedicated service of Dr. William Holman, whose opponent has fine qualifications and, at another time, might deserve to be elected.

Issue 5 would require establishment of a voluntary consumer organization at a cost of \$6 a person a year to represent consumers in rate and service matters. Ohio already has such an organization, the Public Utilities commission. If it doesn't work, make it work! Vote No on Issue 5.

Issue 6, if approved, would make it extremely difficult to develop nuclear energy in Ohio. Technicians and scientists of all political shadings, starting with Astronaut Neil Armstrong, say it would be a sin and a crime to enact this law. Vote No on Issue 6.

Issue 7 would allow laws to be passed and the Constitution to be amended in the same jackleg procedure as these Issues 4 through 7 were placed on the ballot, by irregular and irresponsible solicitation of 100,000, instead of 250,000, signatures to initiative petitions. It should be easy for the citizenry to get its views before the General Assembly. But the principle of representative government does not allow for stimulated passions to prevail over common sense. Vote No on Issue 7.

Richland countians will consider Issue 8, an additional 1.4 mills for five years, to benefit mental health and retardation services. We recommend approval.

Huron countians will consider two levies.

One is a renewal of 4/10 of a mill to benefit the mentally retarded (read Christie Lane school). It would run for 10 years. The other is a fresh tax of the same amount, for the same period, for the same purpose.

Both merit support.

Village voters will consider Issues 12 through 16. Three of them are renewals, Issues 12 (for the park) and 13 (for the general fund) and 14 (for the fire department). To approve them won't cost the taxpayer another cent. The village needs the money or it wouldn't ask for it. We recommend strongly these be approved.

Issue 15 calls for an additional three mills to pay police expenses. We deplore the fact that police work is required to submit to a popularity contest. Each voter needs to consider whether around-the-clock police protection is worth the additional three mills.

Issue 16 calls for an additional one mill for Greenlawn cemetery, to run for five years. There is no doubt in our mind that cemetery expenses have risen. Labor costs have mounted. While we individually feel that disposal of the dead is a private religious consideration that ought to be left to each beaver without compelling him to support with his tax money a procedure that may be abhorrent to him and his beliefs, we recommend approval of Issue 16.

Two school issues appear on the ballot.

One of them is for Pioneer Joint Vocational school. It is a renewal of 84/100 of a mill of taxation to run for a continuing period of time. It merits approval.

The other is for a 4.22-mill bond issue to fund construction of a new junior high school at Shiloh.

Electors will go to the polls Tuesday to choose a president, a United States senator, a representative in the Congress, a number of state judges, two county commissioners, a prosecutor of the common pleas, a coroner, a sheriff, a treasurer, a recorder, a clerk of the common pleas courts, a state senator and a representative to the General Assembly.

Locally, the interest is in voter opinion on the renewal of three village levies, the imposition of two fresh ones, the question of whether to sell bonds worth \$920,000 to build a new school and whether to renew a small levy to fund the joint vocational school.

For the first time in village history, organized teachers have flatly endorsed a presidential candidate and a candidate for the General Assembly.

Kin of Kamanns dies at Willard of brief illness

Mother of Russell and William Kamann, Mrs. Harold Kamann, 67, Troy Mills road, died Thursday in Willard area hospital. She was a patient there three weeks.

Born Antoinette Nemitz, she lived in or near Monroeville for 39 years. She was a communicant of St. Alphonsus's Roman Catholic church at Peru and a member of its Altar and Rosary society.

She is also survived by three daughters, Rose, now Mrs. Donald Moser, Gallon; Margaret, now Mrs. Gilbert Mainzer, Norwalk; and Audrey, Willard; three sons, Eugene and Roland, of near Willard, and Donald, of near Monroeville; three sisters, Mrs. Lenora Smith, Mrs. Cleus Dildon and Mrs. Donald Loesch, all of Sandusky; three brothers, Phillip, Lawrence and Rudolph Nemitz, Jr., all of Sandusky; 23 grandchildren and one great-grandchild.

Her husband died in 1975. A grandson, Michael Kamann, died of cancer a month ago. The Rev. Bertrand J. Shenk was celebrant of the funeral mass from the church Monday at 11 a. m. Burial was in the parish cemetery.

When pre-trial conference was conducted at Norwalk Monday in the case of Ohio vs. James Huston, Shiloh, alleging theft of a school bell from Plymouth High school on July 26, 1976, Huron County Prosecutor Richard Hauser agreed to reduce the complaint to a misdemeanor.

He said he did so at the request of Plymouth Board of Education. Hauser told The Advertiser Friday "I received a telephone call from a Mrs. Hagh, who is, I believe, the president of the board, saying the board wished to reduce the charge to a misdemeanor because it did not wish to risk a bond issue failing. Then I received a copy of a resolution approved by the board to this effect."

Huston was taken into custody on the night of July 26 but released a few hours later by Police

for the General Assembly. There is no sign that voters' reaction to these endorsements will be adverse to teachers. Time will tell if the teacher endorsements will be adverse to their favorites.

Voters in Huron county will also elect a common pleas judge and a probate and juvenile judge.

Severe amendments to the Ohio Constitution have been proposed.

The first one deals with disability of the governor. The second affects the office of the secretary of state, chiefly to deregulate bidding procedures on state printing.

The third calls for immediate certification of the results of a general election to prevent the possibility of a lame duck governor or General Assembly from calling a special session to engage in chicanery.

The fourth, fifth, sixth and seventh proposals are by initiative petition and referendum.

Each deals with regulation of energy and the charges therefor save No. 7, which deals with an easier method of initiative and referendum. Richland countians will vote on a fresh tax of 1.4 mills to benefit the mental health and retardation services. Huron countians will vote on two such proposals, one a renewal and one a fresh levy. Each is for four-tenths of a mill.

Village voters will consider renewal of a two mill levy for the general fund, a renewal of one-half mill for Mary Faye park and a renewal of one-half mill for the fire department.

Cost of new water plant at Shiloh \$307,520

Cost of a new water plant in Shiloh is put at \$307,520, Richland Engineering, Massillon, told its council and trustees of public affairs in special session Oct. 19. The consultants were directed to make informal inquiries to ascertain if financing can be obtained by a loan from Farmers Home administration or from the Ohio Water Development authority.

partment, each to run for five tax years. The new levies are a three mill tax to benefit the police department and a one mill tax to benefit Greenlawn cemetery, each to run for five years.

Voters in Shiloh will decide whether to approve a new 2.5-mill operating levy, also tentatively earmarked for police protection services. It would run for five tax years.

Voters in Plymouth township, on advice, says the township clerk, of the legal adviser to the trustees, the county prosecutor, are faced with a "take it or leave it" situation. To renew a six-tenths of a mill operating levy

Parents to be asked to organize by school

Parents of Plymouth Elementary school pupils are invited to meet at the school Nov. 8 at 7 p. m.

to insure fire protection, they must vote also for a new levy of the same amount. It is not possible to vote for one without voting for the other. To refuse the new levy is to refuse to renew the existing levy.

The school bond issue calls for a tax of 4.22 mills to run for 23 years to fund construction of a new junior high school on the site of the present building in Shiloh. It would raise \$920,000. The board of education has about \$200,000 saved from its general fund to put into the project, which would be carried out in three phases.

Ex-pastor dies at 83 in Florida

The Rev. E. B. McBroom, Sr., died Aug. 2, in Orange City, Fla., Methodist here have been told.

He served the Plymouth and Shiloh United Methodist churches from 1926 until 1930.

He was 83 when he died and had served nearly 55 years in the ministry before retiring 16 years ago.

Church sets open house

Parish commitment and stewardship emphasis began Sunday in Plymouth and Shiloh United Methodist churches.

It will end on Nov. 21, Victory Sunday. All commitment cards should be returned by that date.

Shiloh United Methodist church will have an open house Nov. 7 from 2 until 5 p. m. in honor of the decorating and remodeling of the church.

Charges vs. Huston reduced from felony to misdemeanor

Chief Robert L. Meiser, who said he was powerless to hold Huston because he had no warrant.

Supt. John Fazzini and David Howard, a member of the board, showed up at the police headquarters on July 29, ready to execute a warrant. Solicitor Robert A. McKown was present and advised that the matter be dealt with as a criminal offense through the county prosecutor. Hauser said at Monroe-

ville Aug. 8, when he attended the annual festival of St. Joseph's Roman Catholic church, he intended to prosecute Huston "to the full limits of the law". Told that Huston had not yet been taken into custody, Hauser expressed amazement. It was later found Plymouth police misread the instruction of the prosecutor's office and Sgt. James Reffert took Huston into custody a second time on Aug. 9.

Interception

Jim Wallace, fullback, intercepted this pass thrown by Terry Chronister for Ron Rider. Action came in the third period.

Red masters Crestview, 20-8

Opportunistic Plymouth defeated Crestview for the first time since Oct. 7, 1972, at Olivesburg Friday night, 20 to 8.

The Big Red had come from behind in the last period to prevail.

It was the first time in four seasons that Plymouth scored against the Cougars. Those 14 points in a shutout in 1972 were the last Plymouth put on the scoreboard against the Cougars until Mike Messer darted home with 5:26 left in the first half Friday night.

And it was the first time since Plymouth entered the Johnny Appleseed conference that it has strung together three successive league victories.

This one was well earned.

Plymouth, nevertheless, had to pull itself together after an all but shocking development after time had expired in the first half.

For the second consecutive week, Plymouth had to wait until after the last tick of the clock to learn if the score had changed.

AND AT THE END OF the game, with time expired, Plymouth had one more play left, owing to a penalty assessed against it because a player failed to insert his mouthpiece.

A field goal from the 13 fell short.

With the Big Red leading 7 to 0, thanks to Messer's one yard shot to climax a push of six yards in two plays, Plymouth having recovered a fumble, and to Jim Wallace's successful place kick, Crestview mounted a 65-yard drive that resulted in a touchdown on the 12th play.

Plymouth had punted to the Crestview 35. Brian Osborne darted in from the one after time had run out. Steve Wil-

liams rounded his right end for the PATs and Crestview went to the halftime recess with a lead of 8 to 0.

Crestview had clearly the better of it after 24 minutes, having 11 first downs in 31 plays with 74 yard on the ground and 79 in the air, built on five completions in six tries. Plymouth in 23 plays had four first downs with 77 yards rushing and none passing, having tried none.

Plymouth threatened to change things with its first possession of the second half. The Big Red drove from its 33 to the Crestview 11 before Messer's fumble was lost, together with 13 yards from the line of scrimmage.

INDEED, PLYMOUTH had only one possession during the third period. Crestview had two, one of them for five minutes 17 seconds total time and the other for four minutes 27 seconds.

Plymouth obtained possession as time was running out in the third quarter at its 22 and began a march of 75 yards that, on the 10th play, climaxed with Messer's two yard shot into the end zone.

Assistant Coach John Hart called all the offensive plays from the Big Red bench and did a superb job of it.

The big one, that broke Crestview's back, was a pass play from Tom Miller to Marty McKenzie. It connected for 54 yards and Plymouth got first down at the Cougar 13.

Messer got four, Jimmy Cunningham hit left tackle on a cross back for three, Wallace poked through left tackle for two and Cunningham got the call again for the two yards needed to make first down. On first down,

Messer shot home with the go ahead score. A pass for PATs was not good.

THE BIG RED WASN'T done.

It took advantage of the failure of Crestview to make first down at its 26. Charlie Mack got five through left guard, Wallace hit the middle for five, Messer took a pitch-out to his left for a fair, Wallace went left for four more, Cunningham drove dead ahead for a yard and then squirmed in from the four for the big one.

Wallace kicked the PATs. The clock read 4:29.

Crestview seemed demoralized from here on. The Cougars surrendered the ball by fumble on their final possession and Plymouth drove for the goal.

It got to the one, where time expired with the Big Red in the end zone. But the penalty-see Plymouth back to the six and after time had expired, Plymouth tried a field goal

that was not successful. Plymouth clearly dominated in the last half. Crestview was limited to a minus 20 yards on the ground. Its air arm was successful, with 60 yards on five completions.

Plymouth gained 64 yards rushing and 77 passing in the second half.

Issue 4 on Tuesday's ballot — the so-called "lifeline" amendment to the Ohio constitution — is not designed to help those on low or fixed incomes. Instead, it will help only those who use less than a constitutionally specified amount of energy — regardless of income.

Read the fine print.

The fact is, Issue 4 may lower your utility rates or it may make them higher than they are now. It depends on how much energy your family uses.

The hook on the "lifeline."

Whether your utility rates go up or down, one thing is certain. If Issue 4 passes, you will pay for the rise in utility rates to schools, hospitals, grocery stores, department stores ... practically all businesses, industries and institutions.

You'll pay through higher prices for products and services ... and you'll pay through higher taxes. It could also cost jobs.

And it'll cost you regardless of your financial condition or how much energy you use!

Before you vote on Issue 4, read it carefully.

A constitutional amendment is something you'll have to live with for a long time.

There's a hook on the end of the "lifeline." Don't swallow it.

Vote NO on Issue 4.

Committee to Elect Tansey,
967-7249

In defense of Rep. Brown, Prosecutor Hauser, Candidate Fegen

Sir:
In reference to your editorial concerning Sherrod Brown's candidacy and his vote for "instant tenure", I would like to clarify the facts. Senate Bill 208 does not and did not contain any provision for instant tenure. The vote which Mr. Brown cast was in favor of tenure for teachers after three years of teaching experience in the same system if they have also completed 18 additional semester hours of college work. This can in no way be construed as instant tenure.

The other provisions in the bill concern rules and regulations for evaluations and dismissal of teachers, which should be beneficial to both boards of education and teachers. It sets down guidelines to help boards evaluate the performance of their staffs and also provides rules to make sure that any non-renewal or dismissal is done in a fair manner.

The teachers of House District 61 do endorse and support Sherrod Brown in his bid for Ohio House. I am a ne Cunningham, President, Plymouth Education association

Sir:
I am writing this letter in response to an article which recently appeared stating that I had caused the expenditures of the office to quadruple. This is absolutely untrue. First, I am operating the office under my predecessor's budget which was set in December, 1976. I was appointed prosecutor in May, 1976. I will submit my first budget in December. I have not sought nor have I received any supplemental appropriations

since becoming prosecutor, because the office is operating well within its appropriation this year.

The expenditures of the office are actually less under my administration than under my predecessors because I eliminated one secretary and filled all of my staff positions either the same or under a lower rate of pay than they were earning under my predecessor.

Also, the charge of possession of marijuana has always been a misde-

meanor and generally was handled in the county and municipal courts and not the common pleas court.

Very truly yours,
Richard B. Hauser,
Huron County Prosecuting Attorney

Sir:
From the Norwalk Poppy Festival on Memorial day through the festivals in Greenwich, Wakeman, Bellevue, Plymouth, Bismark, Monroeville, the Huron county fair, New London and Willard, I have campaigned to return the

prosecutor's office to an attorney -- one who has shown he can win in the court room; one who has been successful in private practice; and one who has shown that he can run a law office efficiently and effectively.

I have campaigned to return to the prosecutor's office a philosophy of service based upon a thoughtful determination of priorities. This philosophy necessarily means co-operation between governmental agencies, county and law directors, not constant embarrassment and belittlement of public officials as has been done in the past.

My opponent espouses the creed of bigger and more expensive government. He has not and cannot justify an increase in his office's budget from \$21,554.00 in 1972 to one approaching \$100,000 in 1976 -- a budget of \$71,700 in county funds and over \$20,000 in federal funds.

He has displayed his predecessor's penchant for seeking newspaper

headlines. He has laid the basis for increased budgets in the future by stating publicly that he wants his staff to work full-time. Doubtless, we taxpayers will also have to work full-time in order to sustain his expanding

Plymouth Advertiser, Oct. 28, 1976 Page 5
bureaucracy. He is promising to represent governmental agencies, for which there is no statutory mandate.
My opponent's cry is, "I promise, I promise, an echo of 1972. Those same promises were not kept then; I say they will not be kept in 1976. In conclusion, I seek office to serve the people and to perform as an attorney."

ELECT Roy PALM

For Huron County Commissioner.

As election day draws near I would like to take the time to thank everyone who has helped and gave me encouragement in my campaign. I would like to state "I have not solicited nor accepted any financial support from any one person or organization. I have felt from the very beginning of my campaign, that I would prefer to be elected on my own merit. I do not wish to be beholden to any one person or group of persons."

Your continued support on November 2 will be greatly appreciated.

TEN REASONS WHY YOU SHOULD RETAIN RICHARD B. HAUSER HURON COUNTY PROSECUTOR

1. The only prosecutor candidate who has pledged to be a FULL TIME Prosecutor without a private practice. This will not cost the taxpayers any more than a Parttime Prosecutor because the salary is set by state law.
2. The only prosecutor candidate who is a lifelong resident of Huron County.
3. The only prosecutor candidate who is a Veteran.
4. The only prosecutor candidate with 4 years experience in the prosecutor's office. First as prosecutor's investigator, later as assistant prosecutor and now as Prosecuting Attorney.
5. The prosecutor candidate who has tried more criminal jury trials in Huron County than any other attorney in each of the past three years.
6. The only prosecutor candidate who believes in Prosecutor investigation.
7. The only prosecutor candidate who believes that the county prosecutor should handle felony cases from beginning to end.
8. The prosecutor candidate whose office is open to the public in excess of 50 hours per week.
9. The prosecutor candidate who currently gives 24 hour service 7 days per week to all police agencies in the county.
10. The only prosecutor candidate who has not taken political contributions from criminal defense attorneys.

The computer and the professional pollsters disagree on which is the better Class A team in the Firelands and Johnny Appleseed conferences.

The pollsters say Black River, by a wide margin. The computer says St. Paul's, by 6.5 points and seven files in the standings.

After six weeks of play, the Flyers are ranked sixth in Region 9, tied with Columbiana. The Pirates are 14th. Plymouth ranks higher than at

any time in history, in 16th. Monroeville is tied with Hilldale in 19th. New London is 38th, South Central and Mapletontied in 39th. Western Reserve and Crestview tied for dead last in 47th.

Fredericktown is tied for 18th in Region II and Crestline tied for 27th in Region 10.

Among Class AA teams, unbeaten Ontario is ranked 16th, Edison is tied for 29th, Lexington and Loudonville are tied at 45th.

Sir: I am writing this letter to voice my support for the re-election of Sherrod Brown as our State Representative in the Ohio General Assembly. Mr. Brown has done a commendable job in serving the needs and interests of the 61st district during the past two years. This performance has merited my support for his return as our representative.

Sherrod Brown has displayed a genuine interest in wanting to hear the views and wishes of the people of Plymouth. This is shown by his knocking on thousands of doors and

his willingness to speak before groups and organizations here. And in response to the voiced concerns of the people, Representative Brown has diligently worked, in a full time capacity, in proposing and supporting legislation that meets the people's needs.

For example, Mr. Brown's consumer bill, which will become law the first of the year, gives consumers a voice in fighting utility rate increases brought before the PUCO by utility companies. The people will now have a consumer representative to represent their pocket books.

Mr. Brown also introduced a bill providing voluntary L.D. cards for elderly and handicapped citizens, and others who have trouble cashing checks because they don't have proper identification. Now, these people will have the same opportunities and privileges which we take for granted.

These are only two of

many examples of Representative Brown's earnest attempts and successes in meeting the

What Folks Are Saying About Richard B. Hauser -- In Print

4 The Journal, Lorain, Ohio

Friday, October 22, 1976

Some Huron County Choices

PROSECUTOR

THE RACE for Huron County prosecutor has come down to a question of how much time each candidate proposes to put into the job. Richard Hauser of Norwalk, who is the Democratic candidate and incumbent by virtue of appointment, has said he will function fulltime and refrain from all other law practice.

Michael Fegen of Norwalk, the Republican challenger, has made it clear he wants it as a parttime task and would continue his law practice, which includes a "consortium" of school districts for which he provides legal advice. Fegen says he will be able to accomplish as much and in fact be better prepared.

Hauser has been an open, active prosecutor, going to extra lengths to serve county government. His courtroom manner is less exciting than that of his predecessor, Bill Owens. Hauser is a little less outspoken, but thoughtful and careful. He has been very accessible.

Cost of operating the prosecutor's office have increased greatly in the past four years, but so has the amount of service rendered to the public, particularly with the new state laws requiring more of the prosecutor's time.

Fegen wants to cut back on the budget, staff and investigators, something which could mean a return to the old order of minimum service. Also, he has a tendency to "go for the jugular," making a vicious attack in one moment and apologizing in the next.

Hauser has demonstrated he can do a good job as prosecutor. He deserves a full term.

Bringing MATURITY & RESPONSIBILITY to your government.

Responsive to Plymouth . . .

In these uncertain times, maturity and responsibility are needed in the State Legislature to guide and protect the interests of those back home.

As your State Representative, Joan Douglass was mindful of Plymouth's needs. Joan worked closely with the Plymouth School Administration to maintain the high level of education in the Plymouth area.

The present State Representative, Sherrod Brown has recklessly voted for high-spending bills. Joan Douglass opposes unnecessary spending . . . and will protect your tax dollars.

Joan Douglass will be a mature and responsible legislator, who will see that Plymouth gets its fair share. Joan will carry your concerns to Columbus and bring back results.

OVER - TAXATION IS INFLATION

Government spending and Excessive Taxation is the "Father of Inflation."

It now takes 40% of the Gross National Product to support total government.

This is 10% to 15% too much!

There is a direct relationship between over-taxation and inflation. Our Liberal Congress is the leader - the county is a follower in over-spending.

The one and only way to reverse this nation around is to turn the spenders out - and elect conservatives who are responsible to the people.

WHAT IS THE RECORD?

Since my opponent came into office Jan. 3, 1973, we now are facing a 3rd year deficit. Something that had not occurred for 35 years!

Voters have asked me: "What is wrong at the Courthouse?"

Even with a 25% increase in property taxes, we continue to "run in the hole!"

My answer can only be, "They have spent too much!"

DAY WANTS SUCCESS TO REPLACE FAILURE

Elect a Commissioner who can bring 25 years of business experience to the office. He will protect your tax dollars! Vote for a change in the Courthouse so that more "change" can be left in your pocket!

More of our income must be left in the pockets of those who produce the wealth in the first place - the farmer, the rank and file workers, the salesman and yes, even the executive!

Rep. Ashbrook target of anti-gunners

By Jim Schneider News Editor

There is growing evidence that Rep. John Ashbrook, Republican of Ohio's 17th District, is the target of a concerted drive by anti-gun forces to remove him from Congress.

A coalition of anti-gun groups have joined together to support Ashbrook's opponent, Democrat John McDonald. Among these are the AFL-CIO and the National Education Association, both of which are strongly in favor of gun control.

According to Washington sources, the National Coalition for an Effective Congress is using Ashbrook's district as a model of how to defeat a strongly pro-gun Congressman. The NCEC gave almost \$4,000 to Ashbrook's

opponent last spring. Anyone who has read the pages of Gun Week for any length of time is familiar with the name John Ashbrook. He has been one of the most outspoken and effective defenders of the Second Amendment to ever walk the halls of Congress.

Richard L. Carignan, head of the Governmental Affairs Division of the NRA's Institute for Legislative Action, told Gun Week recently, "Congressman Ashbrook is one of the finest defenders of the right to keep and bear arms that the gun owners of this country have ever had."

In addition to personally sharing the same views as gun owners of the country, he has been in a position - by virtue of his committee assignments and his experience in Congress - to very

effectively work on their behalf. "As a member of the Judiciary Subcommittee on Crime and the Subcommittee on the House of Representatives, he was able - at times nearly single-handedly - to thwart some of the activities of the gun control advocates. His persistent questioning, challenging of obviously ridiculous generalizations by gun control advocates, has helped in making certain that their proposals have not been accepted so fast."

Why has Ashbrook been so active on the gun issue? Perhaps he has expressed this answer in a September, 1975, interview with Gun Week when he declared, "This question of gun control is a real vested issue, one of the real red hots in the field for independent freedom."

Rep. John Ashbrook

Anti-gunners are going all out to defeat Ashbrook in terms of the money and the effort they are putting into the campaign. It is Gun Week's opinion that we, the pro-gun people, must not let us staunch a friend as John Ashbrook, become our Joe Tydings. He deserves better. We deserve better.

Both financial assistance and volunteer help is needed to make the Ashbrook campaign for re-election a success. Persons wishing to make a donation and/or help in the campaign are urged to contact: Ashbrook for Congress Committee, P.O. Box 437, Johnston, Ohio 43031.

GUN WEEK, Friday, October 23, 1975

This article from GUN WEEK tells the whole story. DON'T BE FOOLED! There is only one candidate for Congress in the 17th District who is really against gun control - John Ashbrook! He did not need to "develop" a position this year, he has always been against gun control. No groups favoring gun control support John Ashbrook. Re-elect JOHN ASHBROOK

Look . . .

It's not so much where you say it, in this news-paper, anyway, as what you say and how well you say it.

Mrs. W. H. says, "I always get good response when I run ads in your paper." (She never spends more than \$2 an issue.)

C. R. says, "The business I have developed over the years is in part because we used The Advertiser to serve our friends in Plymouth, old friends that we had before we started to advertise and new friends that we made after we started to advertise."

You don't need a whole page to tell your story. But you need to tell your story professionally.

Why not rely on a pro? We haven't many pretensions, but one is that we know how to write ad copy, whether to sell a barn, a baby carriage or a brougham (remember?).

DEAR FRIENDS and NEIGHBORS:

Our 1976 Plymouth-Shiloh Community Chest opens its annual drive October 9th thru November 13th. We hope you will work as hard this year as you did last year to reach our goal of \$5,000.00.

That is a lot of money for a town this size, but really, our children are worth a million times that amount, aren't they? If we can help them through another year safely, it is worth the price.

Please just fill out the enclosed card and receipt, of course write your check, (folding money is acceptable) insert into pre-addressed envelope and mail. That is all there is to it, but, do it now before you forget.

To save 13¢ you can drop your envelope in the night depository at the Peoples National Bank or the First National Bank of Shiloh. Your stub is your receipt and your donation is tax-deductible. There will be a follow-up house call later in the drive.

If you "Donate at Work," please ask your employer to send your donation to your community chest. The community chest funds are being divided among local organizations. See that your money comes home where you receive the benefit of your donation.
