Merger of banks approved

Merger of Peoples National bank with First National Bank of Mansfield, with headquarters in Plymouth, was approved Mar. 30 by the comptroller of the currency. A 30-day waiting period, to expire on Apr. 30, was fixed by him before the merger can become final.

The merger has been under consideration since Thanksgiving of 1975. It was announced early in 1976. Demurrers to the merger were filed by Willard United bank and by Citizens National Bank of Norwalk. These demurrers were rejected by the comptroller in his decision. Only action in the federal courts can prevent the merger from taking place on May 1.

Subsidized housing

Council reverses earlier position

A reversal of attitude by village council Tuesday night resulted in approval to join the Huron Metropolitan Housing Authority.

Councilman D. Douglas Brumbach voted against it, saying it does not fit into the scheme of a small town and that if a property owner knows rent payments are being subsidized, "they will rent to anyone." He suggested the issue be put on the November ballot so the village could decide.

Councilman Edward O. Ramsey said the mayor had not explained it fully at the previous council meeting for him to understand.

Mayor Elizabeth G. Padock said she explained it would help elderly persons in the village on small incomes to pay their rent. Director William Gandert said it is the principal purpose of the authority to reduce the rent so it would fit into income. He said being a member of the authority is sometimes a requirement for federal funding for sewers and water lines.

After hearing a number of requests of householders wishing to live in the sanitary sewer system none of which were granted, the councilmen loosened their wrath on Eugene S. Gerken, the village's engineer.

Councilman Duane Keene said it wouldn't make any difference if another 10 to 20 connect to the sewer line. This McKown objected to, saying that the additional pumpage, especially in

the Brooks court area, would damage the faulty line.

Donald Vanderpool, captain of Plymouth ambulance service, reported he received a check in the amount of \$1,450 from the Fate-Roach-Heath Co., which pays the village's share of the new ambulance over and above what was in the ambulance reserve fund. Plymouth and New Haven townships are sharing the other \$1,450.

The solicitor was asked to write a formal resolution to thank the company.

Vanderpool said he did exactly what the council instructed him to do about checking the vehicle, which was used by the Kansas City, Mo., fire department until traded in, and that he got a "Missouri inspection," which ended up with two new tires, brakes repaired and a new paint job.

Brumbach suggested each driver be given a trial period of driving the new vehicle before it is put into actual use.

He estimated it will cost about \$150 to change the radio system to it.

The annual appropriation ordinance was accepted by the council. Expenditures for 1977 will total \$522,467.97, which is \$11,767.65 over those of 1976.

The difference is mainly

in the street fund, which has appropriated \$34,596.51 this year versus \$16,204.70 in 1976.

Expenditures for the police department are planned at the same amount as was spent last year, \$44,170.72 for salaries and \$11,579.05 for materials, totalling \$55,749.77.

All other departments remain about the same as 1976. It does not provide for any salary increases. The last salary increase for village employees was given in the fall of 1975.

The council agreed that the new Burroughs billing machine, cost of which is \$11,864.16, will be paid 60 per cent from the electric fund, 15 per cent from the water fund and 25 per cent from the sewer fund.

Buy of Marathon Oil Co. for petroleum products for use of village vehicles was accepted over that of Standard Oil of Ohio. The former bid was 16/1000 cents lower.

Councilman James L. Jacobs, Sr., showed his displeasure over village employees charging small items locally and the usage of gasoline.

The mayor suggested each village vehicle should carry a clip board and that mileage and gas usage be noted and given to the clerk.

Nine wins, then loses

Plymouth opened its 1977 season with a bang at Chatfield Thursday with a 6 to 3 victory over Buckeye Central.

Mark Fidler, veteran right-hander, pitched 5 2/3 innings before giving way to Dave Gillum. The Bucks collected a total of three hits and never were a threat, as Fidler fanned seven and passed just two.

Mike Garry had a pair of safeties and three RBIs for the Big Red, who collected seven hits all told. Plymouth scored four times in the fourth, Garry's double the big home scoring three.

About letters to the editor

Letters to the editor are always welcome, subject to some rules. They must deal with a subject of common interest, be free of libelous, obscene and impertinent matter, be limited to 250 words, and signed by the writer.

The name of the writer will be concealed on request.

Letters that have been previously published elsewhere are not acceptable. The newspaper does not customarily accept letters written by persons not usually residing within its circulation area.

Letters that are typewritten, double spaced, on one side of the sheet, normally receive greater consideration, but others will be accepted.

The newspaper reserves the right to edit all letters to conform with good taste, its rules of style and its rule of brevity.

Letters arguing one political question or another are not accepted after two weeks before an election in which the question is pertinent.

Mounties win track meet

Plymouth track and field squad took on powerful Mapleton there Mar. 29 and was defeated, 75 to 52.

Tim Lewis, Mike Weaver, Luis Gomez, Steve Shaver and the relay teams were winners for the Big Red.

A thank-you note to Columbia Gas customers

"Thanks" is short and to the point. But it's the best way we know to express our appreciation to you and other Columbia Gas customers after the worst winter in the history of the nation.

By turning down home thermostats, shutting off rooms, and taking other gas saving measures, many customers were not as comfortable in their homes as they have been in previous winters. These conservation steps, though, combined with emergency purchases and sacrifices by industrial and commercial customers, protected high priority needs during the extreme weather. This fine effort assisted us materially in maintaining service to all residential customers.

The crisis affected most of the nation. Never in its 50-year history has the Columbia Gas System been more sorely tested. As record cold temperatures persisted through November, December, January and February, the home-heating requirements of the almost four million homes served by the Columbia System put unprecedented demands on our supplies and delivery system.

Hopefully we will never experience another winter like this past one, but the need to conserve will continue. So, thank you for your help in the past, and please continue to use gas wisely.

What's a grandpa? Here're some ideas

By AUNT LIZ

This was sent to me the other day by some nice friends.

Perhaps it would be better to say "friends", because they are all nice or they would not be or they would not be friends. The ones who are not can merely be called persons.

It comes from a publication called Family Weekly and was written by Lee Parr McGrath and Joan Scooby in 1970.

It's called "What is a Grandfather?" "What is a Grandmother?" will appear next week, but Grandpas come first. This helps their ego.

"What is a Grandfather?"

Sociologists tell us today that children have known all along: Every family should include multiple age levels, and that simply means every child needs a Grandfather. No one knows Gramps better - or observes him more keenly - than those fond authorities, his grandchildren. Here is a selection from a new book of youngsters'

A son, Jonathan Luke, weighing 7 lb. 13 oz., was born Thursday morning in Willard Area hospital to Mr. and Mrs. Larry F. Keimath. They also have a son and a daughter. The paternal grandparents are Mr. and Mrs. Foster I. Keimath.

responses to the question,

"What is a Grandfather?"

"He is someone you can tell your secrets to. You buy him things for his birthday that he does not need, but he always says it's just what I needed."

"Grandfather helps you build a airplane on the weekend at 8:00 in the morning. Sometimes even earlier."

"My grandfather never needs a haircut (dild)."

"A grandfather shows you how to:

1. plant

2. saw

3. bat

"That is all the information I have so far."

"Grandfathers take you places when everybody else is busy."

"Your grandfather may be married to your grandmother."

"When you have something on your mind, your grandfather will say, 'What's on your mind?'"

"They listen and they give good answers."

"Grandfather: someone who should be looked up to not for just the fact that he is an elder, but for the fact that he is what he is, 'Rich.'"

"A grandfather can help you make something out of wood, clay, glass, homework and spelling."

"A grandfather is a person who tries to remember you all the time. He wants to be with you everywhere you go, but he doesn't get mad if you don't take him."

"I think grandfathers are pretty good because they aren't as strong as fathers and can't hit you."

"I have two grandfathers and if ones not good to me the other is!"

"When you and your grandfather both shoot a duck, he says you hit it."

"A grandfather will put a lot of chocolate syrup on your ice cream. Yea for Grandfathers!"

FHA girls score in regional test

Plymouth chapter, Future Homemakers of America, fared well at the Northwest Regional State HFRO (Home Economics and Related Operations) rally Mar. 26 at Pioneer Joint Vocational school.

Nineteen members of the Plymouth chapter attended and placed in the recognition activities.

Corinna Snipes, chapter president, received her state homemaker degree and placed second in public speaking. Beth Rinehart, ninth grader, also placed second in public speaking. Sally Von Stein and Brenda Caudill were in second place in the individual consumer decision making process. Karen Russell, chapter historian, entered the chapter's scrapbook and placed first. The parliamentary procedure team, consisting of Corinna Snipes, Melanie Schibley, Kay Hughes, Sandy Caudill, Nancy Kennard, Sally Von Stein, Karen Russell, Brenda Caudill, Karen Reber and Angela Reffert, also received a first place. Sally Von Stein, Sandy Caudill, Kay Hughes and Nancy Kennard placed first with their team demonstration. A program action

impact skit presented by Barbara Kensingler, Tammy Caywood, Karen Russell, Terri Pitzer and Kathy Collins received first place. The award of merit for carrying out the required goals of FHA was awarded to the Plymouth chapter.

Here're rules to guide engageds

There is never a charge for publishing the photograph of a newly-engaged girl or her newly-married bride. "Newly" means within 30 days.

Black and - white glossy photographs are suitable for reproduction. Color photographs are generally unsatisfactory. The society editor will reject any photograph that will not produce well, to avoid offense to the bride.

Photographs of the affianced girl and/or the bride alone are preferred. In weddings, since it is her family that foots the bill, save for minor expenses, the society editor thinks the news story should feature the bride alone.

Photographs will be returned after a reasonable interval. Photographs used first in other local media will not be published.

girls were their advisers, Mrs. Claudia Dalton and Mrs. Kathy Green, home economics teachers.

Most of those receiving first place in the local contest will attend the state FHA convention Apr. 22 and 23 at Columbus.

Thomas, Shelby, will be dinner guests.

Mr. and Mrs. J. Harris Postema and Mr. and Mrs. Donald J. Ford, Shelby, returned last week from a visit with Mr. Ford's brother and sister-in-law, Mr. and Mrs. Robert Ford, Branson, Mo. En route they spent a night with Mr. Postema's niece, Mrs. David Williamson, and her family, Taylorville, Ill. Saturday the Postemas drove to Wauson to bring her mother, Mrs. John Eyer, home. She had been visiting a cousin, Mrs. Walter Burkholder.

The way it was . . .

A septuagenarian who looks back on nearly three quarters of a century of hard work reflected last week on how life has changed in Huron county since he came to it as a boy in 1909 from Blissfield, Mich.

Fred Schneider lives at New Haven now, where indeed he has lived since 1945. But his sharp memory recalls his childhood in Michigan, his early youth in Monroeville, where he was graduated by its high school in 1920, 57 years ago, and his young manhood and business career in Plymouth.

One of his earliest memories was jogged by running across a photograph from his family albums.

When I was seven years old, my dad had a one cylinder Cadillac, with the motor under the front seat. You cranked it from the side. When we would meet a horse and buggy with the reins in the hands of a lady, Dad would stop the car, walk up to the horse and lead it past, because horses were very scared of automobiles.

In 1909, Schneider's parents moved to Monroeville, where Schneider's father got started in the lumber business. "He was a master of many trades besides being a first class carpenter," says Fred Schneider today. "I worked at the yard, doing any chore that I could do. I was not on the payroll but I liked to work for my Dad. He taught me many things. His trust in me and religious teaching brought me through my teenage years. My first start at earning money was delivering newspapers, 75 copies six days a week at a profit of 75 cents a week. At the same time I was extra projectionist at the Monroeville theater at \$1 a night."

Now I was getting some place. They only had one machine and you had to crack by hand for 12 minutes to run one reel. Between reels you had to change the carbons, thread the film into the machine, and all that time the audience was whistling and yelling, "What are you doing up there?"

WHEN HE GRADUATED from high school, he came directly to Plymouth to work in the lumber yard his father bought from Robert Nimmons. One memory while he was a schoolboy stands out.

Right after the armistice, Ross Sourwine and I painted the roof of the water tower red, white and blue and put the American flag up there. That was in November of 1918.

He worked for his father at \$120 a month. To make a little extra money he built a chicken coop and bought 100 Ancona hens, whose eggs he sold to the Plymouth Hatchery.

In 1924 I got married and moved into a new home in West High street in Plymouth that cost \$3,612, complete and ready to move in. I borrowed money from Peoples National bank and paid off the loan at \$50 a month. To make a little extra money, I took the job of projectionist at the Deisler theater, three nights a week at \$3 a night, for three years.

We were in the rabbit business for a while and also had eight hives of bees. We had one rooster that are bees so we ate him and that settled that problem.

In 1945 we built our first house in Route 224 on 18 acres, across from the old Sutton place. We built a second and third house on the blacktop line where I now live in the first house.

"During all this excitement, we bought some milk goats and before we knew it we were in the goat dairy business. We bought a small pasteurizer and paper milk containers and

delivered it for 35 cents a quart. One of our customers was the late Dr. Darrell B. Faust. One of his little girls would not gain weight so I told him we would furnish goat milk for one month and if she did not gain two or more pounds, he would owe me nothing. He gladly paid because she gained nearly three pounds."

"At the end of a year we found it did not pay. All we got out of it was the milk we used and the delicious meat we got from the half-grown kids. That was the end of that venture."

"Now I have sold all but the house I live in. I have enjoyed good health almost all of my life and I have no cause to complain."

A LESSER MAN MIGHT say otherwise. He has undergone surgery for eye cataracts a few times.

He keeps busy doing volunteer work in Willard Area hospital. The lumber yard in which he labored for so long, first as his father's employee and later as his successor, is gone. Ever-the buildings have been razed.

But the memory remains sharp and clear.

"When I first came to Plymouth, in 1920, for pass time, I would walk down to the light plant and visit Bill Fettes, who was running the plant

then. There were two gas engines driving the two generators. At midnight Bill would light his lantern and shut down till the next morning. Then we

would walk home together.

"In those days the water tower was filled with raw river water, mud and all. It was used for fire

protection only. There were very few flush toilets in Plymouth in 1920. In fact, I could hit three outhouses with a rock from our back door."

AN ORDINANCE OF THE COUNCIL, VILLAGE OF PLYMOUTH, OHIO, AUTHORIZING THE MAYOR AND CLERK-TREASURER OF SAID VILLAGE TO ENTER INTO A CONTRACT WITH MID-CONTINENT CON-

VERSION COMPANY, KANSAS CITY, MISSOURI, FOR THE ACQUISITION OF A 1974 DODGE RESCUE AMBULANCE FOR THE TOTAL SUM OF \$8,700.00, INCLUDING TAX AND TITLE AND AUTHORIZING THE CLERK-TREASURER OF SAID VILLAGE TO ISSUE A VILLAGE DRAFT UPON THE AMBULANCE RESERVE FUND IN THE AMOUNT OF \$8,700.00 TO PAY THE ACQUISITION COST OF SAID VEHICLE AND A DRAFT IN THE AMOUNT OF \$200 TO DEFRAY THE COST AND EXPENSES INCURRED BY CAPTAIN DONALD VANDERPOOL IN THE EXAMINATION, ACQUISITION AND TRANSPORTATION OF SAID VEHICLE AND DECLARING AN EMERGENCY.

WHEREAS The Cadillac Ambulance presently in service and operated by the Ambulance Department of the Village of Plymouth, is of such vintage and physical condition as to be ineffective as a Rescue and Emergency Vehicle; that said vehicle does not meet government standards for Emergency Rescue and Ambulance Service; and its mileage and physical condition render it undependable for emergency needs;

WHEREAS The Ambulance Department of the Village of Plymouth is obligated by contract to render Emergency Rescue and Ambulance Service to portions of Richland County and Huron County, and is charged by law to protect the lives of the inhabitants of the Village of Plymouth and to honor reciprocal Rescue and Ambulance Services to surrounding cities, villages and townships because of the inadequacy and unreliability of its present ambulance, has a questionable ability to adequately meet said obligations, commitments and responsibilities;

WHEREAS The trustees of New Haven Township, Huron County and the trustees of Plymouth Township, Richland County, who have contributed and are willing to contribute additional public funds to the Village of Plymouth for the purchase of adequate and dependable Rescue and Ambulance equipment, concur in the immediate acquisition of a reliable, dependable vehicle which will adequately service the Rescue and Ambulance requirements of the respective constituent villages as well as the requirements of the inhabitants of the Village of Plymouth;

WHEREAS The council of the Village of Plymouth, because of the circumstances set forth above, and to preclude the possibility of the loss of life, finds that a bona fide emergency does exist and that the Village should forthwith acquire a Reserve Ambulance and to place the same into immediate service without the formality of bidding, as normally required by law;

WHEREAS Representatives of the Village of Plymouth Ambulance Department have ascertained that Mid-Continent Conversion Company, Kansas City, Missouri, has available for immediate delivery, a used 1975 Dodge Rescue Ambulance, which is adequate for Village needs and purposes.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL, VILLAGE OF PLYMOUTH, OHIO, FIFTHS OF THE MEMBERS CONCURRING THEREIN.
Section 1: That the mayor

and clerk of said Village shall be and are hereby authorized to enter into a contract with Mid-Continent Conversion Company, Kansas City, Missouri, for the acquisition from Mid-Continent Conversion Company of a used 1975 Dodge Rescue Ambulance, the cost of which shall not exceed \$8,700.00, tax and title included, for one (1) used 1974 Dodge Rescue Ambulance, if the same, upon inspection, meets Village needs and federal standards.

Section 2: That Chief of the Ambulance Service, Captain Donald Vanderpool, shall be and is hereby authorized, at Village expense, to transport himself to Kansas City, Missouri, inspect the foresaid ambulance vehicle, and if found to be adequate, to purchase the same in the name of the Village and to take delivery and to drive and otherwise transport said ambulance from Kansas City, Missouri, to the Village of Plymouth, Ohio. Said Captain Vanderpool, acting as representative for the Village of Plymouth, shall be authorized to execute in the name of the Mayor and Clerk-Treasurer of the Village of Plymouth, Ohio, contract or any other legal documents necessary to procure title to said vehicle and to consummate said transaction, and to deliver the Village a draft upon the Ambulance Department Reserve Fund in full payment therefor.

Section 3: That the Clerk-Treasurer shall be and is hereby authorized to issue a draft from the Ambulance Reserve Fund in the amount of \$8,700.00, payable to said Village of Plymouth, Kansas City, Missouri, and to deliver the same to Captain Donald Vanderpool for delivery of the Village a draft upon the Ambulance Department Reserve Fund in the amount of \$200 to defray the costs to be incurred by him in connection with the transportation, inspection and delivery of said vehicle to Plymouth, Ohio.

Section 4: That Captain Donald Vanderpool, upon consuming said transportation, shall telephone the Clerk-Treasurer of the Village of Plymouth, Ohio, giving to her specifications and serial numbers of the vehicle in question, and the Clerk-Treasurer of said Village, upon receipt of said information, shall notify the Village Insurance carrier and cause said vehicle to be fully insured prior to its being transported from Kansas City, Missouri.

Section 5: That Captain Donald Vanderpool, in addition to receiving and being reimbursed for expenses incurred in pursuance to this excursion, shall be paid at his normal hourly rate for the time expended in the performance of the function contemplated by this ordinance.

Section 6: That this ordinance is an emergency measure necessary for the immediate preservation of the health, welfare and lives of the inhabitants of the Village of Plymouth, provided for by contract and shall be placed into effect immediately upon its passage without the necessity of emergency being that the Village of Plymouth is presently without adequate and has only questionable ambulance and rescue equipment in the acquisition of other rescue and ambulance vehicle, as is necessary, to protect the health, welfare and lives of the inhabitants of the Village of Plymouth, Ohio, transients, and to honor commitments and contracts with surrounding cities, villages and communities.

Elizabeth G. Padock, Passed this 26th day of March, 1977
Elizabeth G. Padock, Mayor
Attest: Anita L. Riedinger, Clerk. 31,7c
