Howard resigns

Relinquishment of school post opens way to service as councilman

David A. Howard resigned as member of Plymouth Board of Education Monday night, heading off what loomed as a major contest between him and the village council on the question of whether he could hold to offices.

His resignation,

offices.

His resignation, promptly accepted, leaves open the prompt regularizing of his situation as councilman. The regularizing of his situation as councilman. The scenario outlined on Jan. 9 hy Solicitor Robert A. Mckown was that Howard should resign as school board member, then resign as councilman, whereupon the remaining five councilmen would appoint him to complete his unexpired term. unexpired term.

unexpired term.
The board may not take action for 10 days from the date of the resignation. Thereafter it must act within 30 days to replace the resigned member, failing which the county board of education will appoint a successor.

appoint a successor.

No hint of the identity of No hint of the identity of Howard's replacement was given Monday night but Mrs. Roger Fugh, the board president, said the swill discuss among themselves, perhaps in a special executive session, whom to appoint. In an action without precedent, the board publicly chastlased an employee by suspending him for two days.

George Needs, custodian of Plymouth Elementary school, was publicly accused of insubordination to his superior, Principal Mark-Sheely, and on egilgence of his assigned responsibilities. After a review of the legal procedures incident to suspension, the board on Needs's request went into executive session to consider his appeal. It returned after several minutes and after Fazzini trecommended the sus-Methodist churches, told the board some parish-ioners had expressed dis-may to him that the board utes and after F recommended the

me bond issue was passed. Annual junior-senior prom will be conducted in Park Place, Mansfield, with a dance from 8 to il p. The mansfer of the senior of th utes and after Fazzini recommended the suspension be reduced to two days from three, unanimously endorsed the recommendation. Needs will be suspended today and tomorrow.

Debbile Pruner was authorized as an educational technician at Shiloh under the CETA program. The board went into executive session to discuss with D. James Crawlis, its architect, whether additional land needs to be acquired at Shiloh on which the second of the sec

seemingly intends to pro-ceed differently from what it promised before the bond issue was passed.

Xmas plates relics in few short years

By AUNT LIZ
Those who have quietly
been collecting Christmiss plates really have
something, provided they
are the right ones.
If your mothers and
grandmothers started
them, you are plain lucky.
Collecting limited edicome the third ranking
collecting hobby. Coins
and miniature things are

first and second.
This collecting somehow boomed about five
years ago, when all sorts
of companies started putting out special plates
and everyone got in on the
act, it was that tempting.
You had something which
could conceivably have
great value some day and
it was pretty to look at it
while you waited.
These plates were

started a long time ago by two Danish companies. The first came out in 1895 from the Bing and Gondahi Co. That plate, "Behind the Frozen Window" sold for 50 cents, and now sells for over \$3,000. In 1908 the Royal Copenhagen people got going and

In 1908 the Royal Copenhagen people got going and in 1910 the Rosenthals began. They are Germans, and produce the most beautiful dishes you have

"The fellow who takes hold of a bull by the tail gets 60 to 70 times as much information as a fellow who hasn't."

> Experts all across America are predicting a major electric power shortage in the early 1980's.

That being the case, why are so many of the people who would be most affected by a power

shortage so seemingly unconcerned? We think Mark Twain summarized the answer to that in his little statement about the bull.

You see, at the power company, we're responsible for supplying you power now and in the future. We have that bull right by the tail.

And we know that demand or electricity is increasing faster than

supply.
We also know that it takes 6 to 10 years to build a power plant, at least two years of which are spent in getting permits and licenses

Some people believe that conservation will bail us out. But the truth is, even with conservation, we must build more power plants to see us through the years ahead.

We need your support and understanding. Because the time to face up to the energy Ohio Power Company

shortage of the 1980's is right now. So let's get this bull by the horns Working together is the only way.
