

Boy, four, killed by fall

Nephew of Mrs. Eric Hedden, Rodney (Rocky) Worcester, four, son of the Ronald Worcesters, Hanville Corners road, north of Steuben, was dead on arrival at Willard Area hospital Thursday after he fell from his father's tractor and struck his head.

Sheriff's deputies said the child was riding the tractor with his 28-year-old father in a field along Peru Center road, Greenfield township.

His parents, a brother, Ronald, at home; a sister, Kasey, at home; his paternal grandparents, the Raymond Worcesters, Steuben, and his maternal grandparents, the William Walkers, Willard, survive.

The Rev. James Peiffer conducted the funeral Saturday at 1 p. m. from St. Francis Xavier Roman Catholic church in Willard. Burial was in Steuben cemetery.

Cecil Smith succumbs at 70 at Willard

A 60-year resident of New Haven, Cecil D. Smith, 70, died in Willard Area hospital Aug. 12.

He was ill seven years.

Born Dec. 17, 1910, in Virginia, he was a retired custodian of New Haven schools. He was a member of New Haven United Methodist church.

He is survived by his wife, Mrs. Marjorie Alspach; a son, Edward Heckman, a daughter, Joanne, now Mrs. James Fidler, New Haven; four sisters, Mrs. Leona Wolfe, Willard; Mrs. Thelma Haycock, Bucyrus; Mrs. Lena Newman, and Mrs. Ethel Evans, in California; five brothers, Harry, Toledo; Woodrow and Robert, Plymouth; Earl, Ada, and David, N. Ohio; Earl, Ada, and David, Michigan; five grandchildren and two great-grandchildren.

Her minister, the Rev. Charles Naylor, conducted services at Willard Saturday at 1:30 p. m. Burial was in Maplewood cemetery, New Haven township.

\$285 paid in fines to mayor

Brumbach to quit Sept. 2

Councilman D. Douglas Brumbach, true to his word, submitted his resignation during the recessed council meeting Monday night.

It is effective Sept. 2. The council tabled accepting it until the next regular meeting, which is Thursday.

No action was taken on the proposed water rates to assure that the village can fulfill its financial obligations to pay Willard for the water, to repay the OWDA loan of \$125,000 over a 20-year period with the first payment of \$7,000 due Jan. 1, 1982, and to guarantee operation and maintenance of the water system.

Instead the council is asking Lester Poggenmeyer & Associates, engineers for the water line, to recalculate their proposed rates, since they were based on quarterly billings rather than bi-monthly.

They have proposed a \$10 minimum rate, which Brumbach thinks can be cut back to \$8. He also says adjustments can be made in the water consumption charges.

Taulbee said that after a few months, if it is found that the new rates were not generating enough funds, the council could raise them.

Councilmen G. Thomas Moore and Bill Taulbee did not agree. They said the council should make a firm decision now and not take the chance of not having sufficient funds for the system.

Taulbee said the people would wonder what was wrong with the council if it could not make a decision now.

It is hoped the new rate structure will be available Thursday for presentation to the council.

Capital improvements, which the financial planning commission is requiring, will be devoted for the most part to street repair.

James C. Root, village administrator, prepared a list of streets, namely, West High, Nichols-Beelman, Riggs, Mulberry, Springfield, the Square to the bridge in Route 61 and the entrance to Brooks court.

The council plans to advertise in three separate bid notices immediately for West High, Nichols-Beelman and Springfield road.

Root said there is \$18,000 available from the income tax money for the work now. West High and Beelman-Nichols are estimated at \$19,600 and there is a possibility that the two heavy users of the street, Plymouth Locomotive Works and Sohio, may share in the cost.

Councilman James Holloway said that PLW has indicated it might be willing when he had discussions with the management in connection with the Plymouth Area Chamber of Commerce.

The Springfield road improvement is pegged at \$8,764.

Brumbach proposed that Oct. 31 be the absolute deadline for hooking into the sanitary sewer system. The previous council had set Nov. 1, 1980, but about a dozen are still not concerned and no action was taken on setting any penalties until Monday night.

A fine of \$100 for the first day will be imposed and \$10 for each day thereafter.

Of those not connected, an exception is being made for the property of Mrs. Robert Bachrach in Baseline road.

The house is situated about 400 feet from the roadway where the sanitary line goes, and the sewer ordinance says that anyone within 100 feet of the line must connect.

The frontage along the roadway of the property has been transferred to the Bachrach Cattle Co., so is no longer part of the property

that he was free on Thursdays for councilmanic business.

The other members of the council were unhappy with the Thursday meetings, which were changed by former Mayor Eric J. Akers because Richard Wolfe, the village solicitor, had duties on Tuesdays with the City of Ashland, which he also serves.

Howard's employment requires him to work on Thursday night, Councilman G. Thomas Moore has had a long commitment to an organization and has missed council meetings to fulfill it.

Councilman Bill Taulbee plays golf in a league that night and has been late in attending the meetings.

Brumbach threatened to resign after the motion was passed. During the discussion, Councilman G. Thomas Moore served on the council, which is not allowed under the Sunshine Law. The solicitor solved the problem by suggesting the council recess for 10 minutes so Brumbach could discuss his reasons against the Tuesday meetings with several council members at a time.

In the past, when Brumbach served on the council, he tried to change the meeting night to Thursday rather than a Tuesday so as to prevent The Advertiser from printing a council story during the week it met.

Brumbach has a physical ailment, he has one himself (ulcers), and Councilman G. Thomas Moore also has a physical problem, a heart condition. He did not say that Councilman James Holloway is in the same category, although he is expecting to be a new father.

Predieri, the son of Mr. and Mrs. Joseph Predieri and the grandson of the late Mr. and Mrs. D. Karl McGinty is a 1957 graduate of New Haven High school and has been employed by R. R. Donnelley & Sons Co., Inc. for 24 years.

He will complete the term vacated by Mayor Dean A. Cline, which expires Dec. 31, 1983.

Welder '79 grad welding career in Navy

Should a Navy fighting ship have an electronic or mechanical systems malfunction during an overseas deployment, the commanding officer can't simply postpone his ship's scheduled operations and pull into the nearest port for repairs.

To ensure the ship's independence and self-sufficiency, trained repair and maintenance technicians in various fields are employed as part of the crew. These technicians often double as operators of the equipment they repair.

Barry D. Tuttle, a hull maintenance technician from Plymouth, is assigned to the aircraft carrier USS Ranger.

He was a football and baseball player for the Big Red.

One of 17 hull maintenance technicians in the metal shop, the 1979 graduate of Plymouth High school helps in the maintenance and repair work by the ship's repair division.

Tuttle and approximately 4,700 crewmembers aboard the massive aircraft carrier have recently returned from a 228-day deployment to the western Pacific and the Indian Ocean.

Homeported at North Island Naval Air station, Coronado, Cal., the Ranger was part of the U.S. Navy's battle group that operated in an area of the Indian Ocean dubbed Gonzo Station by American sailors. A reference to the popular Muppet TV show character, Gonzo, was used to monitor the critical Persian Gulf and Arabian Sea areas.

"During the cruise, my main personal achievement was learning to become a better welder and shipfitter and to make better use of metals. There were always challenges in the job that I did. There were even some jobs that I was told before-hand just could not be done, and I did them anyway," says the 20-year-old son of the Wayne E. Tuttle, 214 West Broadway.

"There was one job where I had to repair a hole in the dump tank of one of the ship's boilers. This dump tank fills with water when the boiler is circulated through the steam and it needed to be repaired.

"Well, the dump tank not only had a five-inch hole in

its bottom, but it was almost rotted out. Another guy and I crawled down there and welded it up. And it is still working today."

Another challenging job on which Tuttle was called for assistance was in the removal and replacement of an old medical sterilizer.

"The sterilizer weighed about 2,500 pounds. And a job like that - once you get started - can't be stopped because if the ship did have casualties from a plate wreck-or something like that - the medical people would need sterilized tools," Tuttle explains.

In addition to his welding and shipfitting duties that he performed during the cruise, Tuttle adds, he also routinely stood watches in the ship's damage control central and fire pump rooms, and participated in the ship's firefighting and damage control drills.

Having joined the Navy in June 1979, Tuttle attended basic recruit and apprenticeship training before arriving on board the Ranger in September.

Schools to open here Tuesday

Plymouth schools will open Tuesday.

Elementary pupils will attend classes from 8:45 a. m. to 3:45 p. m.

Pupils in grades seven through 12 will attend classes from 7:45 a. m. to 2:40 p. m. Bus schedules have been altered somewhat. Parents may telephone the bus garage at 896-3380 to learn if a pupil's time to ride the bus has been changed. Pupils should be on station at their bus stop about 10 minutes earlier than usual.

Lunch prices have been advanced by 10 cents. Pupils in grades one through eight will pay 75 cents, high school pupils will pay 85 cents.

Lunch tickets will be purchased on a weekly basis. Approved free and reduced price lunchons from the last school year will be in force until Oct. 15. Applications may be obtained from the office of the building principal if there has been any change in the family financial picture since last year.

All pupils are required to be immunized against six diseases: diphtheria, tetanus, whooping cough, poliomyelitis, measles and rubella. Pupils without such immunization will not be permitted to attend classes.

Pupil accident forms will be distributed on the first day.

New pupils who have not registered should do so with the building principal on Tuesday.

Depository chosen

Approval was given to name First Backhoe Bank, N. A., as the village depository for the next two years by village council Monday night.

For the first time in the village's history, two bids were received for the funds, since Willard United bank now has a branch here.

Councilman G. Thomas Moore made the motion to accept the bid over the objections of Councilman D. Douglas Brumbach, who said Willard would keep all the money here. He said there would be no running to Mansfield for any information concerning the account.

Red to scrimmage at Monroeville

Big Red will scrimmage Monroeville there Saturday at 10 a. m.

Four renewals sent to ballot by council

Four renewal levies were approved by resolutions Thursday night by village council.

These are for the general fund, fire, cemetery and park.

Taxpayers will not be paying any more during the next five year period when the levies will run than they are paying now.

Richard Wolfe, village solicitor, said he had checked with the Richland county auditor's office and came up with the exact millage for each levy.

The general fund, park and fire levies were for five mills, but because of the revaluation of taxable land, the millage has fallen to 4.5 mills, which will generate the same amount of tax money as before.

However, the cemetery will continue at one mill. Wolfe could not account for it raising the same amount of money as before.

These were the figures he had obtained from the auditor's office. The question left unsaid is the cemetery levy. Will it be based on the upward evaluation figures and generate more money for the next five years? When asked, Wolfe said he thinks it is because of the type of levy but could not explain it.

The results should be that the cemetery fund will receive more money than it had in the past providing it is approved in November.

Council to meet on Tuesdays

Meetings of the village council will return to Tuesday nights, beginning next month.

Councilman Ervin Howard proposed they be changed to the second and fourth Tuesdays from the second and fourth Thursdays.

The vote was 5 to 1. Councilman Ronald J. Predieri had already been sworn into office and was seated.

The dissenting vote was cast by Councilman D. Douglas Brumbach, who said he had geared his business so

that he was free on Thursdays for councilmanic business.

The other members of the council were unhappy with the Thursday meetings, which were changed by former Mayor Eric J. Akers because Richard Wolfe, the village solicitor, had duties on Tuesdays with the City of Ashland, which he also serves.

Howard's employment requires him to work on Thursday night, Councilman G. Thomas Moore has had a long commitment to an organization and has missed council meetings to fulfill it.

Brumbach has a physical ailment, he has one himself (ulcers), and Councilman G. Thomas Moore also has a physical problem, a heart condition. He did not say that Councilman James Holloway is in the same category, although he is expecting to be a new father.

He will complete the term vacated by Mayor Dean A. Cline, which expires Dec. 31, 1983.

Cline says he'll run for mayor

Mayor Dean A. Cline told village council Thursday night that he is circulating a petition to fulfill the remaining two years of the term for mayor.

Because former Mayor Eric J. Akers resigned before he had completed half of the four year term, the law requires that the remainder of the term be voted upon.

Seeking a village council seat along with Councilman G. Thomas Moore and Bill Taulbee is Mrs. Terry Jump, who began circulating her petition this week.

She is the wife of the head of the village's electric department.

At press time, Ervin Howard had made no decision if he will run for reelection as a councilman or seek a seat on the board of education, which has been rumored.

Try French soap and U. S. zucchini!

By AUNT LIZ
There is nothing worse than having something "bug" you.

Since last winter I have been trying to figure out a really silly problem. Last Christmas I was given a lovely gift of four fancy bars of soap with sachet. For several months the little box remained unused on the bathroom counter because it was special, and I was saving it for something very special.

Finally, the day came when I opened a cupboard and discovered we were out of face soap.

That did it. I dove into the box and brought out one bar. After weeks of using it, I realized it was still with us while the average American brand would have been long gone.

There had to be an answer and I did not think that because it was fancy packaging it would affect the soap. Just the other day I heard the reason.

This was a French brand, and it seems that European soaps do last longer because of the way they are made. Could it be that our soap manufacturers want to sell

more so they have devised a formula by which the soap practically vanishes over night?

While I am thinking that one out, we must eat. There are zucchini recipes by the ton. Everyone we know claims to have the best one there is, but there is only so much you can do with those tasty vegetables.

Slice enough to make six cups and chop a half cup of onions.

Steam together covered for about seven minutes. While they are steaming, mix a cup of sour cream with a can of condensed cream of chicken soup.

Mix it all together with a cup of shredded carrot and put into a greased 12 by 8 casserole or any other one that you think will hold it all.

Before you do this, line the bottom of the pan with an eight ounce package of herb dressing that has been mixed with one stick of melted margarine.

Spread the remaining crumb mixture over the zucchini mixture.

Bake at 350 for less than an hour or until it bubbles. This will serve more than six and can be reheated nicely.

Take the heat off next winter's budget.

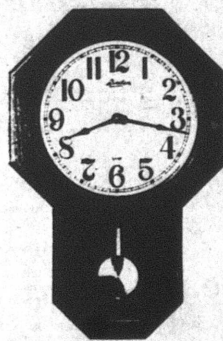

Last winter's heating bills are probably the last thing on your mind right now. But August is the time to put a lid on next winter's bills by getting on Columbia's Budget Payment Plan. It averages out your natural gas bills over 12 months, so you pay a manageable amount each month.

To get on the Budget Payment Plan, simply pay the "MONTHLY BUDGET" amount on your August bill. There's no extra charge, and your meter will still be read regularly. And next July, you will be billed your budget amount plus or minus any difference between your total annual budget and the actual amount used during the year.

So, take the heat off next winter's budget by getting on Columbia's Budget Payment Plan now. And while you're at it, ask for a copy of our free "Everyday Energy Saver's Guide." It has hundreds of tips to help you conserve energy . . . and save money.

Mrs. Black dies at 88; ex-Shilohan

A past worthy matron of Angelus Chapter 322, OES, Shiloh, and a member of Shiloh United Methodist church, where she was a chorister, Mrs. Beatrice Willet Black, 88, Doylestown, died Aug. 12 in Barberston Citizens hospital of a lengthy illness.

She is survived by a son, Kenneth L. Doylestown; two daughters, Winifred, now Mrs. Earl T. Reichert, Doylestown, and Clarice, Brecksville; four grandchildren and three great-grandchildren.

The Rev. Lynn Garth conducted services Saturday in Doylestown. Burial was in Mt. Hope cemetery, Cass township, where the OES conducted graveside services.

The family suggests memorial contributions be made to Angelus Chapter 322, OES, Shiloh.

All about town...

Mr. and Mrs. John E. Hedem spent several days at their trailer at Pleasant Hill lake last week. They visited her sister and brother-in-law, the Edgar Kempfs, Fairborn, Sunday through Tuesday.

Mr. and Mrs. Bernard Garrett and Mr. and Mrs. James L. Jacobs, Jr., vacationed last week in Nashville, Tenn., and in the Smoky mountains. They also stopped in Lexington, Ky., to visit the James G. Russells.

Craig Easterday, son of the Russell Easterdays, Medina, spent part of this week with his grandparents, Mr. and Mrs. J. Harris Postema.

Lieut. Jeffrey Holt, Dayton, is visiting his parents, Mr. and Mrs. Franklin Holt, this week. He plans to enroll next month in the University of Dayton.

Mr. and Mrs. Donald Shaver recently visited their daughter and son-in-law, Mr. and Mrs. Jeffrey Kemp, Cincinnati.

Kimberly Webber, daughter of the John Webbers, Ontario, spent several days

this week with her grandparents, Mr. and Mrs. Thomas J. Webber. Her brothers, David and Christopher, visited their maternal grandparents, Mr. and Mrs. Francis Miller.
Mrs. Harold Boescher and her daughter, Ann, Ada, Mich., and Mrs. William Hovenga, Holland, Mich., were weekend guests of their brother and sister-in-law, Mr. and Mrs. J. Harris Postema. Saturday they were all guests along with Amy and Paula Postema, Columbus; the Russell Easterdays, Medina; and Philip Postema, Willard, for a family picnic at the Wilford Postema home.

Wallace Quaker veteran

A 1978 alumnus of Plymouth High school, Jim Wallace, son of Mr. and Mrs. Glenn Wallace, Shelby route 1, will be returning for his third year of football at Wilmington college when pre-season practice begins Aug. 26.

A linebacker, Wallace has lettered for the past two years for the Quakers and started in all three of the team's 1980 post-season play-off games. Wilmington wound up with a 10-2 record and was ranked second in the nation among all NAIA Division II teams. During the three play-off games, Wallace was second in the number of Wilmington tackles made. He is five feet 10 inches tall and weighs 200 pounds.

He lettered here in baseball and basketball as well as football. He is majoring in economics and marketing/sales at Wilmington. Wilmington will open its 1981 season at home against Freedom university, Jacksonville, Fla., on Sept. 12. The eight-game Hoosier-Buckeye Collegiate conference (HBCC) schedule will begin the following week when the Quakers will travel to Findlay college. Wilmington shared the 1980 HBCC title with Anderson and Hanover colleges.

Wilmington is coached by Dr. William Ramseyer, who was head coach of the Big Red for two seasons, 1961 and 1962.

THINK ABOUT IT

HERE ARE SOME REASONS WHY NOW IS THE TIME TO BUY A FORD OR MERCURY FROM AL ROSSO:

- 1) Save hundreds of dollars on taxes. Now you pay only tax on the difference between your trade-in and the price of your new car.
- 2) Ford Motor Company is providing us with large cash incentives on all new 1981 Fords and Mercurys in stock — plus 1982 EXPs and LN7s.
- 3) Our low overhead enables us to pass on even further savings to you.
- 4) Ford Motor Company and Al Rosso Ford-Mercury are now rebating \$500 on F Series 4 x 2 Trucks, Vans and Courier and \$700 on Broncos and 4 x 4 Pickups.

Notice of Application of General Telephone Company of Ohio for Increases and Adjustments in Rates and Charges

Pursuant to the requirements of Section 4909.19 of the Ohio Revised Code, General Telephone Company of Ohio hereby gives notice that on June 30, 1981, it filed with the Public Utilities Commission of Ohio an application (PUCO Docket No. 81-383-TP-AIR) for authority to increase and adjust its rates and charges for telecommunications service and to change its regulations and practices affecting the same.

This notice contains the substance and prayer of the application. However, any interested party desiring complete detailed information with respect to all affected rates, charges, regulations and practices should inspect a copy of the application and all attached schedules at the office of the Commission, 375 South High Street, Columbus, Ohio. A copy of the application may be inspected by any interested party at the office of the General Telephone Company of Ohio located at 100 Executive Drive, Marion, Ohio. A copy of the application and the proposed tariff sheets is also available for inspection during normal business hours at any public business office or Phone Mart of General Telephone Company of Ohio. In addition, the proposed tariffs were mailed to the mayors and legislative authorities of all municipalities served by the company on March 27, 1981, as part of the company's notification of its intent to file.

This application affects rates and charges for telecommunications services to all customers of General Telephone Company of Ohio, provided pursuant to its Exchange Rate Tariff, P.U.C.O. No. 6, and General Exchange Tariff, P.U.C.O. No. 7.

Any person, firm, corporation or association may file, pursuant to Section 4909.19 of the Ohio Revised Code, objections to the proposed increases and adjustments in rates and charges, and to the proposed changes in regulations and practices affecting the same. The objections may allege that such application contains proposals that are unjust and discriminatory or unreasonable. Recommendations which differ from the application may be made by the staff of the Public Utilities Commission of Ohio or by intervening parties and may be adopted by the Commission.

Local Exchange Service

The application proposes to change and restructure the existing exchange rate groups and charges. The proposed local exchange rate groups will identify only the main stations within each exchange. Zone rates for one and four-party charges within each exchange, which some customers pay in addition to their basic rates, will be increased. Other zone charges will remain the same or decrease. The extent of existing extended area service (EAS) will determine the amount of a supplemental charge to be added to the exchange local service and zone rate charges. The EAS supplemental charge will be applied in all exchanges having EAS. (EAS is not optional). Local exchange service customers will pay a separate charge for each telephone provided by the company in addition to the appropriate local service rate, zone rate (if applicable), and EAS supplemental charges (if applicable). Multi-party residence and business service and two-party business service will be eliminated. Certain base rate areas and zone areas within certain exchanges will be expanded. As proposed in the application, General Telephone Company of Ohio will offer only one, two, and four-party residence service, and one-party business service as local exchange services.

The average percentage changes in monthly rates for residence one-party, two-party, or four-party exchange service and for one-party business exchange service in representative communities, should the requested increase be granted in full, are shown below. Proposed rates for services in the company's 232 other exchanges are contained in the proposed tariff sheets which can be inspected as stated previously.

* Add \$1.50 for each additional telephone provided by the company

**Includes one instrument

R-1 = Residence Individual Line R-4 = Residence Four-Party Line
R-2 = Residence Two-Party Line B-1 = Business Individual Line

Nonrecurring Charges

The company proposes to restructure its service connection charges into a number of individual elements corresponding more closely to the work functions performed. Under the proposal, residence telephone service could be connected for the minimum nonrecurring charge of \$16.00 in a location where telephone service previously existed if the customer accepts the telephone instrument in place. If additional work functions were required, the maximum proposed charge for installation of residence service with one company provided telephone could be as much as \$33.00.

Systematic Reclassification

The company is proposing to systematically reclassify an exchange, assigning it to the next higher or lower exchange rate group, and thus raising or lowering the applicable local service or EAS supplemental charges for basic service when the number of telephones which customers can call toll-free exceeds or drops below established limits for a specified period of time.

Optional Equipment and Services

Rates and charges for some optional equipment and services would be increased. The monthly charge for a company provided telephone will be \$1.50, the same as the current residence extension rate. There will no longer be a monthly customer credit for each telephone provided by a

customer. Varying increases are proposed for such options as two-line telephones with holding features, three-line telephones, sound booster handsets, speakerphones, cradle-phones, and chestphones.

Paystation Telephone Service

The company proposes to increase the paystation rate from \$1.10 to \$2.20. The proposed rate for semi-public paystation service is a flat rate equal to the business one-party rate plus \$12.00, plus zone charges (if applicable). The existing credit against the flat rate for coin-in-box revenues generated will be discontinued.

Mobile Telephone Service

Proposed rates for mobile telephone service are broken into rates for items of equipment which range from \$2.00 to \$95.00 for monthly rates, and from \$20.00 to \$75.00 for nonrecurring charges, depending upon the item, and for the exchange access line furnished for all mobile telephone service. The proposed rate for the exchange access line is \$35.00.

Private Line Services (Special Circuits)

Increases are proposed for private line channels and associated equipment.

Centrex

Proposed rates for centrex CU service and for centrex CO service are restructured from present rates, but do not involve an increase in rates for this service which is offered only to existing customers.

Private Branch Exchange (PBX Services)

Rates for most manual and electromechanical PBX's would be increased substantially. For example, increases in the monthly rate for the common equipment associated with such PBX's would be: \$66.00 for a Leitch 40 PABX, \$105.00 for a Leitch 80 PABX, and \$120.00 for a GTD-120 PABX.

Rates and charges for the GTD-1000 PBX would be increased. Significant increases are also proposed for installation and service charges for these PBX's.

Key Telephone Systems and Equipment

Rates and charges for the key telephone systems would be increased. For example, the proposed change in monthly rate for a six button key telephone set is an increase of \$3.00. Increases also are proposed for most optional features and equipment associated with these systems and services.

Miscellaneous Products and Services

Increases in rates and charges are proposed for most of the miscellaneous products and services. Proposed rates and charges may be found in the company's proposed tariff sheets.

Flexible Pricing (Minimum Level Pricing)

The company is proposing minimum level pricing for certain communications systems and equipment. For such systems and equipment, rates and charges will be identified as a minimum level only. The maximum level of such rates and charges would be two times the minimum level. The applicable rates and charges which may be anywhere within the range of the minimum and the maximum levels would be covered in a price list furnished to the Public Utilities Commission of Ohio.

Not less than twenty days prior to the effective date of any changes in the rates and charges for such systems and equipment, the company would furnish to the Public Utilities Commission of Ohio a new price list reflecting such changes in rates and charges.

Station Connection Expensing Adjustment

The company also is requesting permission to adjust its rates and charges on October 1, 1982, October 1, 1983, and October 1, 1984, to reflect increased expense to the company for performing the inside wiring portion of station connection work previously capitalized and charged to FCC Account No. 232.

The prayer of the application requests the Public Utilities Commission of Ohio to do the following:

(a) Find that the company's present rates and charges and the regulations and practices affecting the same are unjust, unreasonable and insufficient to yield reasonable compensation for the services rendered;

(b) Find that the rates and charges and regulations and practices proposed are just and reasonable and will provide not more than a fair and reasonable rate of return on the value of the company's property actually used and useful for the convenience of the public;

(c) Approve the filing of the proposed schedule sheets contained in Schedule E-1 of the application, modified to reflect such revisions thereof as may become effective, pursuant to orders of the Commission, during the interim between the filing of the application and the date upon which the schedule sheets become effective;

(d) Order that the proposed schedule sheets become effective forthwith;

(e) Approve the withdrawal of the present schedule sheets contained in Schedule E-2 of the application;

(f) Grant such other and further relief as the company is reasonably entitled to in the premises.
