

PUCO hearing asked to decide crossing issue

A request for an official hearing to resolve questions regarding Peru Center road's "killer crossing" has been laid before the PUCO by Lawrence H. Heit, Huron county engineer.

Heit said he was concerned that attempts to solve problems at the crossing will be bogged down in rhetoric.

"Essentially there is one way to resolve this matter, to request a hearing before the PUCO," Heit said. He said provisions of the Ohio Revised Code are clear, "the PUCO has the authority to order safety devices at the crossing, but a hearing must be requested, the facts presented, and judgement rendered."

According to Heit, his staff has been researching data on the crossing since a November fatality. Research has uncovered a "certain inconsistency that seems to exist in the placement of flashing lights or gates at crossings in the county," Heit said. Crossings with lower priority than that of the Peru Center crossing have flashers or gates installed, "in the meantime people are being killed at the Peru Center crossing, and still no safety devices."

Heit has yet to receive the most recent survey analysis as determined by the ODOT for the Peru Center crossing. The surveys are required by law to be done by the Ohio Department of Transportation.

tion on a "continuous basis." Data indicates the surveys were completed in 1959 and again in 1971 and were due to be done again in 1981 or 1982. "For ODOT funding, a great deal hinges on the priority assigned the crossing," But, "Heit was quick to point out, "not all of the characteristics that cause the hazards at the Peru Center crossing are evaluated by the ODOT survey. The old interurban bridge abutments severely limit a motorist's vision of a westbound train. Yet the ODOT survey may not take this factor into account, and that is a confound. "It is exactly this type of information we intend to present at the hearing, but first there has to be a hearing."

Heit said that he has requested that the hearing be conducted as soon as possible. "We could talk this problem into the ground, but the hard, cold facts are that unless the PUCO recognizes the crossing as warranting some type of safety device, it is highly unlikely that devices will be installed." He said ODOT officials have indicated the crossing is "not sufficiently hazardous" to require a higher priority and therefore is not eligible for safety devices under any Department of Transportation program.

"However," Heit said, "the PUCO may be a bit more receptive to our pleas. If nothing else, we will be using the system the way it is supposed to be used in an attempt to solve this problem."

M. H. Burns, 82, dies of cancer

After a long and gallant fight against cancer, Marshall Henderson (Red) Burns, 82, Route 61, Free Haven, a former councilman here, died Saturday night in Heritage Nursing home, Shelby.

He had been intermittently hospitalized several times over the past four years, often for surgery.

He came to southern Huron county during the Depression in the 1930's, having earlier worked for Western Electric Corp. at Kearsley. He managed the first Peek-a-Bow tavern in New Haven.

In 1936 he married Viola Hoyles of New Haven. She survives. So do a son, William, and a daughter, Mary, both of New Haven. His parents, John Thomas and Jean Young Burns, and a sister, Mrs. Dorothy Diehl, died earlier.

He was born in Pittsburgh, Pa., on Aug. 8, 1902, and when he was orphaned he was placed in a Roman Catholic orphanage, where the overseers mistreated him. It was this experience, he later said, that led him away from the church of his forefathers.

He retired in 1968 after a generation as a pattern maker for the Fate-Roth-Heath Co. There he was associated with the late Dominic J. Dorion, a dyed-in-the wool Republican. Burns was a Democrat and proud of it. After the

1952 national election, when Dwight D. Eisenhower defeated Adlai E. Stevenson for president, Burns was obliged to push his old friend around the Square in a decorated wheelbarrow, the wager on the election having set those stakes.

Forced by hard times to interrupt his membership in the Masonic order, he never qualified for a 50-year pin, but he was a Mason for longer than that. He was a past worshipful master of the Richland Lodge 201, F&M, which conducted memorial services at Willard Monday night, and a 32nd degree Mason of the Valley of Columbus, Scottish Rite.

He served one term as councilman here, in 1948-49.

He was a strong believer in union labor and was an organizer of Plymouth Order of Mechanics, foreman of Local 2161, UAW, here.

In his youth he served in the National Guard.

An old friend and neighbor, the Rev. Charles Naylor, New Haven United Methodist church, conducted services at Willard Tuesday at 1:30 p. m. Interment by Pink-Lindsey Funeral home was in Maple Grove cemetery, New Haven township.

'Police funds insufficient for whole year'

There won't be enough revenue during 1985 to pay the police department, Clerk-Treasurer John Fazio told village council in committee Monday night, if the officer assignment pattern of around-the-clock detail is retained.

Over objections of Mayor Dean A. Cline, the council voted to consider a pay ordinance that will put ceilings on all village positions. For the village council, the salaries for this year about one and a half per cent more than he had budgeted for. The appropriation calls for \$84,000 plus fringe benefits of \$25,000 for the year.

Because Police Chief James C. Root is on sick leave, his salary is being paid, although the village is receiving some reimbursement from the workman's compensation fund.

Nevertheless, more part-time officers have been working. This is where the catch is, about \$10,000 worth by the end of the end.

Councilman Roy Barber answered it to have "open shifts."

"The police have to live within their means," he said.

Capt. Bill Spagnardi said he has been attempting to schedule the

group that has passed police training and has been willing to volunteer a few hours a month, but that he is running into problems because of their own work schedules.

Councilmen briefly discussed the possibility of having the Willard dispatcher answer Plymouth calls.

James C. Root, village administrator, said the village talked with Willard's city manager, Paul Capelle, last year, when a round grant of \$20,000 a year was mentioned. No action was taken until the matter was more thoroughly investigated.

Fazio's December financial report to the council shows good balance on all accounts to start the new year.

The utilities, park and cemetery funds are more or less self-supporting. The council has been using income tax money to bail out the general fund. It would like to free this money for more capital improvements, as was originally intended.

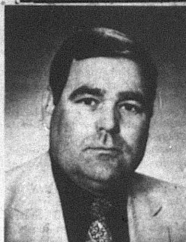

The year's appropriations call please see page 5

Echelbarger reelected by board

Donald M. Echelbarger was reelected president and A. George Miller vice-president by Plymouth Board of Education Jan. 2.

Echelbarger thus assumes a second term. He was elected president when Mrs. Roger Pugh retired from the board. His term expires Dec. 31.

Miller is starting his eighth year on the board. His term also expires Dec. 31.

Echelbarger and Miller are farmers, Echelbarger on the family place in Base Line road east of here, Miller near Shiloh.

Mrs. Frederick E. Ford, treasurer, received a salary increase to \$20,383.

The board will continue to meet on the second Monday of each month in Charles Rhine armory at 7:30 p. m.

His pay will remain at \$20 a meeting for no more than 12 sessions a year. Effective in 1988, the board's pay will advance to \$20 a meeting for all sessions. New state law enables the pay to rise as high as \$20 a meeting by 1987.

Donald L. Barnhouse was reappointed legislative liaison officer and Pioneer Joint Vocational school liaison officer.

Martin L. McKenzie, at his request, and Charles M. Reinhart were reappointed to the athletic control board.

Routine authorizations to the treasurer to perform as in custom were approved without dissent.

Abstentions by Echelbarger on his election and by Miller on his will, by Robert's Rules of Order, be recorded as affirmative votes, under the rule that abstentions shall be counted with the majority.

Temprary appropriations of \$737,800 were approved. A firm budget must be submitted before Apr. 1.

Man, 18, charged with murder at Mansfield

An 18-year-old Park avenue man was arrested Dec. 28 on charges of murder.

Willie Brewer, 105 Park avenue, was taken into custody at Willard after a search that began when 19-year-old Richard Allen Garove, Mansfield, staggered into a bar in North Main street there Dec. 27 about 11:30 p. m., bleeding heavily with stab wounds of the chest and back.

Dr. William Jeffrey, Richland county coroner, ruled that Garove's death was caused by a stab wound of the back that punctured a lung.

Jeffrey said the wound penetrated a heavy winter jacket worn by the victim.

Brewer pleaded not guilty and waived preliminary hearing. His case will go to a Richland county grand jury. He is in jail in lieu of \$100,000 cash bond.

Identification of Brewer was the result of ingenious if bizarre tactics by police.

They went from bar to bar with a picture of the victim. Police say there were five witnesses to the stabbing. One of them was hypnotized to obtain a better description of the attacker and those who were with him. He was described as five feet 10 inches tall and to be wearing two earrings in his left ear and a tattoo shaped like a stop sign on one arm. He was also said to have been wearing a colored bandana on his

head.

His companion, said to be similarly attired, was wearing three earrings in his left ear, the witness was said to have told police.

The two men were said to have been accompanied by two women. The four were reported to have departed the scene in a dirty orange car, perhaps a Ford Granada.

Brewer is the son of the Robert Brewers. He is described as having been a "problem pupil" while he was enrolled in Plymouth and Willard schools (his parents lived for a time in the Willard district; his father was for many years a mechanic in a gas station at New Haven) who was expelled when he was a pupil in Pioneer Joint Vocational school. It is understood that he did not return to school after he was expelled nor to have made any effort to lift the expulsion.

Detectives said the evidence they gathered after hypnotizing the witness "was nearly perfect."

They believe the stabbing resulted from an argument between Garove and Brewer.

The victim was stabbed in North Main street between Third and Fourth streets and made his way to a bar seeking help.

A folding knife has been recovered. Police believe it to be the assault weapon.

Dye free on bond in second arrest

A second arrest of a 38-year-old Plymouth High school alumnus of 1964 occurred Thursday on a warrant issued by Huron County Juvenile court charging him with contributing to the abuse of a child.

Harry Richard Dye was taken into custody about 6 p. m. by Monroeville police and placed in

the county jail. He posted \$6,000 bond on Friday.

He was first arrested Dec. 6, charged with contributing to the delinquency of a juvenile. On Dec. 13, he posted cash bond of \$300 and was released to Shelby authorities on an unrelated charge. His bond was revoked Thursday.

Hearing Monday

A public hearing will be conducted Monday at 7 p. m. in the village council room on the request by Bill Collins to construct a farmers' market in Route 61 south on seven acres of land within the village.

The plot lies between property owned by Woodrow Smith and Mrs. Hiram Reed in the west side of the roadway. The area has been designated residential by the zoning ordinance.

please see page 5

Reinhart indicted on Dec. 12

An indictment handed down by a Huron county grand jury on Dec. 12 against Anthony Reinhart, 21, living at Mills avenue and Railroad street, resulted in his arrest last week.

He was indicted for receipt of stolen property, specifically, log splitters taken from Midwest Industries, Inc., Willard.

Police are uncertain whether his alleged criminal activity is connected with that complained of in the arrests of John Linville, 38, and Dale Strong, 23, both of Plymouth, and Gary Lacey, 28, Willard.

State of the village Mayor calls for industrial park development

Here is the annual report of the mayor:

By law, the executive officer of this municipal corporation is required to give a report on the affairs of the Village. This will be done as I did in the past in outline form, as follows:

I. Industry
In 1984 several new businesses have started. There also has been some renovation. To me, this indicates that people are starting to believe in Plymouth.

However, in 1984 I indicated that the industrial park would be ready for ribbon-cutting ceremonies. This did not happen. In my opinion we (myself and council) did not give 100 per cent commitment to this project with a detailed plan. Two items need to be done to complete the project: 1. Sewer systems must be installed; and 2. A building needs to be placed on the site. I firmly believe that if these two items were existing in 1984 we would have had several in our park. For we did have inquiries, and possibly the

park was passed over for these reasons. No corporation, municipal or industrial, enjoys dealing with growing pains for the mere fact that they can be costly in the beginning. I urge our Council to commit themselves in a plan to execute items 1 and 2 as soon as possible.

II. Finances
I feel that council, with the help of the clerk, village administrator and tax director, has done an excellent job of combining, reporting and budgeting the monies of the Village of Plymouth.

Each year we are faced with something new and I am sure 1985 will not be different.

III. Safety and Planning
In the past I have urged council to place a police operating and maintenance levy on the ballot, which has been neglected. I again urge council to do this in 1985. For the money that this would free up is extremely important for the immediate growth of the village.

In 1985 we will be purchasing a new fire pump in the dollar range of \$100,000-\$140,000. We should not stop here! I urge council to

consider a plan to continue to update our fire equipment in the future.

Our zoning and planning commission has done an excellent job in 1984 with its involvement in the Historical society, the museum and Village days. It is also preparing some recommendations for our zoning ordinance.

I highly commend our zoning and planning commission and the Plymouth Area Chamber of Commerce for their combined efforts in the aforementioned areas.

In 1985 I hope that their involvement will include researching concepts on face lifting the downtown Square area, and also helping the industrial park.

IV. Rules and Administration
I feel that our Rules committee has done an excellent job in researching and maintaining our ordinance and resolutions. I would also like to acknowledge the close relationship that the committee has with our village solicitor. I also commend our solicitor for the fine job that he has done for the village.

Hopefully in 1985 we will be update our fire equipment in the future.

I again urge this committee to consider a pay ordinance that will put ceilings on all village positions. For the village cannot sustain the large increases every year. This is only fair to the employees to know where their level is, and important to the people of Plymouth in order that they could have the opportunity to voice their opinions before these levels are met and not afterwards.

In retrospect to 1984, I have seen many new faces getting involved in their community, voicing their opinions, putting forth effort to "get things done". I thank each and every one of you who has done your part to make Plymouth a better place in which to live.

As for 1985, I hope council will consider my recommendations because I feel these areas need attention for further improvements to the Village and for continued prosperity.

Sincerely,
Mayor Dean A. Cline

Polenta recipe fine for January

By AUNT LIZ
Have you noticed?
New Year's resolutions have not been so popular this season. The universal one seems to be "I'm going to lose weight," and it ends there.

What the New Year has brought from what you read and see is the problem of child abuse.

Frankly, I would like to close my eyes to it. It is beyond my thinking.

But, I think we all know it is there, has been for centuries and now is coming out in the open and not hidden within a family because of the shame it would bring.

There are two parts to it all, actual sexual things and neglect.

The neglect problems are seen by neighbors and something can be done.

One snowy Sunday morning a young neighbor called about 7 a.m. and said he had a very scantly clothed child just able to walk and what should he do about it. It took several hours, but we got the poor little one stashed away safely. The mother, either divorced or simply not married, had gone out for the night and left three small children alone. One escaped to the street, probably looking for someone to play with.

Should these people be allowed to have children? Some say yes, but will be solved. Some say having kids is a great idea. I agree, providing they are cared for. But if they are the result of a happy night, the answer is yes.

I really don't know the answer, but it will be found. I hate to think that our civilization will get down to the bottom line and give little kids authorizing some to have some parents change their ways.

Even get down to having certain provisions like a driver's license. I cannot legally drive without my glasses. People will cheat.

I did once on that score. The flames broke right in the middle and no way could I keep glasses on, but with care and back roads, I got home. There is hardly a law that someone can't get around.

All I can really say is that those who have been blessed with kids should treat them right and do their best to bring them up so they are acceptable, which will make some parents change their ways.

Kids will follow them, and if Mom is doing a little extra activity during the day while Dad is safely at work, what can you expect of a good looking teenager?

Now that little sermon is finished (so am I, on this score), back to a cuisine.

For years we have eaten polenta, which is nothing but yellow cornmeal with an ordinary spaghetti meat sauce topped with lots

of grated cheese.

It never occurred to me to scoop it up a little. Everyone will like this version.

Boil two and two thirds cup of water, add a cup of cornmeal. Boil and stir for five minutes.

Meanwhile saute in butter some sliced mushrooms (use fresh if you can) and a finely chopped medium sized onion.

Add them to the cornmeal. Fold in one beaten egg white with a pinch of cream of tartar and pour it into a buttered loaf pan. Cover and chill until firm.

Invert the pan, slice it about a half inch thick and fry until golden.

This is what you use your best maple syrup for. It can go with a meat dish and is great for a Sunday breakfast with eggs and bacon.

Proceeds of the sale will remain in each troop's treasury. The remainder is for the maintenance of the Heritage Trails Girl Scout council, of which Plymouth is a member camping grounds. The council has five camps in a nine county area, and the funds keep down the cost for each Scout.

Six flavors of cookies will be available.

These are Samosas, a coconut-covered chocolate and caramel cookie; do-it-dos, a peanut butter sandwich; thin mints, chocolate covered mints; chocolate chunks, an old-fashioned chocolate chip cookie made with chocolate drops; tagalongs, peanut butter patties, trefoils, a shortbread cookie, and Juliettes, new this year. It is a mix of lemon cake and yeast pralines.

Two couples seek to marry

Bret Darren Seitz, 24, a Pennsylvanian, a student, and Libby Jo Justice Vermillion, 26, Plymouth, a student, have applied in Richland county probate court for a license to marry.

So have Steven Jeffrey Gowitzka, 22, Plymouth, a factory worker, and Samantha Lee Hall, 16, 79 Trux street, a high school pupil.

'65 grad assigned in Europe

Capt. Scottie L. Smith, son of the James M. Smith, 304 Willow circle, has arrived for duty at Ramstein Air Base, West Germany.

A tanker exercise planning supervisor with the 7th Air Division, he was previously assigned at RAF Mildenhall, England.

His wife, Ellen, is the daughter of the Max W. Smiths, Plymouth route 1.

He is a 1973 graduate of Kent State university and a 1965 alumnus of Plymouth High school.

Two chosen pupils-of-month

A 12th grade girl and a 10th grade boy have been chosen as Lion pupils-of-the-month in Plymouth High school.

These are Tracy Keene, daughter of the Duane Keene, 35 Brooks court, and Eddie Fletcher, 62 Park avenue.

Mrs. Keene plays volleyball and participates in track and field, the musical, the foreign language club and the talented and gifted program.

She appears in the honor and merit rolls, is co-captain of the volleyball squad and has won the coach's award in that sport.

She plans to continue studies in nursing or special education.

Young Fletcher runs with the cross country squad and plays baseball. He holds 28 awards in Scouting, is a member of FFA and is engaged in the work study program. He is noteworthy for perfect attendance.

These pupils will be entertained, together with their parents, at dinner by the Lions club on Jan. 23.

Flyers pin Red, 54-15

Staggs, Ryman, Parrigan victors

First win, first pin

Jeff Staggs, on top, won his first varsity match by a pin against St. Paul's here Thursday.

Red leader

Scott Ryman, on top, is the leader of Big Red's green and so far winless mat team.

Lasch, Taylor, Hall named as all-stars

Three Big Red players were chosen to the all-tourney team after four games in the first annual Colonel Crawford-Buckeye Central Holiday Basketball tourney at North Robinson Dec. 28-29. Jeff Lasch, 12th grader; Kevin Taylor, 11th grader, and Steve

Hall, 10th grader, were the Plymouth choices on the all-tourney club. Plymouth lost to the host Eagles in the opener, then defeated the Blue Jackets of New Riegel for third place.

St. Paul's won its 11th straight dual wrestling meet here Thursday, overcoming Plymouth with seven pins in a 54 to 15 trouncing. But there was some cause for optimism in the Big Red camp. Ken Jones, the rookie coach, first Plymouth mentor in the sport named Roll (it was founded by Bill, the older brother, and continued by Richard, the younger), realizes he is almost starting from scratch and he was heartened by the performance of Jeff Staggs, 119-pound class, and Scott Ryman, 155-lb. group, as well as by Plymouth's only competitor in the state tourney last year, Terry Parrigan, in the 105-pound division.

Young Staggs, a second line quarterback in football, paraded his weight a bit and scored his first pin ever at the varsity level by showing the rafters to Caizzo in 1:07.

Ryman, hooking up with Joe Smith, captured his eighth straight match with a fall at 1:52. Parrigan outscored Mike Herber, 7 to 4.

There was a double forfeit in the 95-lb. class. St. Paul's scored pins in the 112, 126, 138, 145, 155, 167, 175 and 183-pound divisions.

Jesse Miller was compelled to forfeit in the 132-pound class because his eye began to swell.

Summary: 95-lb.: Each team forfeited. 105-lb.: Te Parrigan (P) 8, Herber (S) 4.

112-lb.: M. Smith (S) pinned R. Smith (P), 3:38.

119-lb.: Staggs (P) pinned Caizzo (S), 1:07.

126-lb.: Hokes (S) pinned Echelbarger (P), 3:34.

132-lb.: Doughty (S) won by forfeit over Miller (P).

138-lb.: Jaworski (S) pinned Cr. Runkle (P), 4:28.

145-lb.: Rospert (S) pinned Barnett (P), 1:25.

155-lb.: Phillips (S) pinned Edler (P), 2:27.

167-lb.: Wasinski (S) pinned Brooks (P), 4:41.

175-lb.: Meyer (S) pinned Myers (P), 1:21.

185-lb.: Ryman (P) pinned J. Smith (S), 1:58.

Hwt.: Schaffer (S) pinned Collins (P), 3:41. In two reserve matches, St. Paul's prevailed.

Dave Ott defeated Scott Helms, 14 to 7, in the 138-lb. class and Mitch Pendleton pinned Steve Hawkins, 155 pounds, in 2:53.

Ticket sale for tomorrow starts today

Tickets for tomorrow's game at Monroeville may be bought today and tomorrow in the high school, junior high school and Plymouth Elementary school.

Local allocation is 150 tickets at \$2.50 for adults and \$1.50 for pupils.

"We should very much," says Dennis Doughty, athletic director at Monroeville, "that we will have any tickets left to sell at the door, but of course everybody's free to take his chances."

Sales today will be from 7:30 a. m. to 3 p. m., tomorrow from 7:30 a. m. to 1 p. m.

51 parcels tax delinquent

IT'S TIME TO STOP TALKING ABOUT EDUCATION

The topic's been covered up one side and down the other. Reports tell us that over half of our high school graduates can't even write a simple letter. Can't think through the most basic kinds of problems. And therefore, aren't adequately prepared to join our country's work force.

But haven't we said enough? Published enough dismal findings? Isn't it time something was done?

Yes. And the fact is, every one of us can help. Many already are—individuals, small businesses, large businesses, and all types of organizations. Here are just a few ways:

Individuals can: volunteer as teachers' aides

attend school meetings, run for school board

support school bond issues, donate time to school libraries, urge elected officials to push

for better funding. Businesses and other organizations can: loan or donate equipment

provide internship programs, hire teachers for summer jobs, support new legislation, help train school personnel on the latest technology

form partnerships with local schools, work with a state task force on education.

There's no denying we have a problem. One that threatens our individual lives, as well as our nation's economy. Because without quality education, America won't have a quality future.

Talking isn't going to change that. But doing something will. To find out more, write: Task Force on Education for Economic Growth, P.O. Box 76696, Washington, D.C. 20013.

It's just plain smart to get involved.

TASK FORCE ON EDUCATION FOR ECONOMIC GROWTH

Chairman: Pierre S. du Pont IV, Chairman

Jan. 7, 8:22 a. m.: Harassment at Robert Berberick residence, 330 Plymouth street, under investigation.

Ad Council

64 baskets distributed by Ecumenical council

Sixty food baskets were distributed for Christmas by Plymouth Ecumenical council.

Contributions by individuals and organizations were augmented by large donations by Charles D. Mack, Mack's Super Valu.

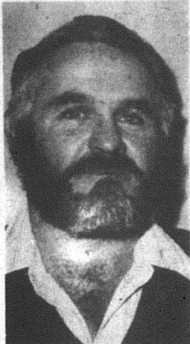

Used clothing was given to 46 families with 140 children during December by the Upstairs store. Each child also received a toy, game or book.

Each child also received one new clothing item, furnished by First United Presbyterian church and by others.

Truck afire briefly here

Plymouth Gremen were called to Public Square Friday at 6 a.m. where a truck was on fire.

Apparently the driver and several passersby were able to put it out. When the department arrived, the truck had left.

A. George Miller, Shiloh, is the reelected vice-president of Plymouth Board of Education.

All about town . . .

Mr. and Mrs. Russell J. Moser spent Christmas day with their daughter and son-in-law, the Glenn Strongs, Shelby, where other guests were members of the Strong family. They also celebrated Mr. Moser's birthday anniversary which was Dec. 26.

Mr. and Mrs. James Brown, Naperville, Ill., spent the Christmas weekend with his mother, Mrs. Gordon Brown. Their son, Scott, Auburn Hills, Mich., was also here. On Christmas day they were joined for dinner by the Robert Bishmans, Norwalk. Mrs. Brown spent the New Year's weekend with them in Norwalk.

Hebble chosen

Keith Hebble has again been chosen by his colleagues to serve as president pro tempore of the village council.

This is the last year of his term. He will have served three years since his appointment to fill a vacancy created when D. Douglas Brumbach resigned.

Mayor Dean A. Cline announced

Police funds insufficient, council told

for expenditures of \$1,574,976.88, which is \$105,403.88 more than 1984.

The increases are reflected in each fund because of higher costs of wages and materials.

Total budget authorized for the police department is \$1,323,375 this year. It is approximately \$5,000 more than last year, mainly, because of the salary increases.

Hearing —

When Collina's request was first heard by the village planning commission, it was discovered the wording in the zoning ordinance permitted business enterprises on main arterial roadways, but the accompanying map shows the area to be residential.

No action was taken at the December meeting to make them consistent, but most likely will be done in the future.

his committee appointments for the year, which are substantially the same as last year.

Bill Taulbee will be chairman of the public service committee, which deals with sewer, water, electric, park, cemetery, and streets. Terry Hopkins and E. Adrian Cole will serve with him.

Hebble heads the rules and administration committee, with Mrs. Terry Jump and Taulbee.

Finance committee will be headed by Roy Barber, with Hebble and Mrs. Jump.

Hopkins will be chairman of the public safety and planning committee. Cole and Barber will serve with him. The committee oversees the police, fire, ambulance, zoning, building inspection and general planning.

Mack's wins

Mack's defeated Baldrige Union 76, 71 to 65, American Augers downed Durbin's 83 to 67, and Secor's whipped Pepperidge Farm, 72 to 63, in Men's Adult Basketball league play at Shiloh.

Tom Marquette scored 19, Doug Ute 15 to lead Mack's. Randy Emmons's 20 paced the Augers, who gave up 23 to Roger Nedolast of Durbin's. Tony Macchiusi had 20 for Pepperidge, but Jim Clark's club put four players in double figures, including Clark himself with 16.

Although he's been out of school for going on 13 years, Mayor Dean Cline scored four for the Augers, which he coaches.

Furrs obtain divorce

Jerry L. Furr, 197 Riggs street, has obtained in Richland county domestic relations court a divorce from his wife, nee Paula R. Goodwin, to whom use of maiden name was restored.

Damage slight in Clark's fire in chimney

A fire Jan. 1 at 11:18 p. m. in the residence of John Clark at 316 Willow court, was confined to the chimney, Plymouth Fire department reports. Damage was slight.

If you still believe in me, save me.

For nearly a hundred years, the Statue of Liberty has stood on the edge of the New World, America's most powerful symbol of freedom and hope. Today the ravages of almost a century of weather and pollution have left their marks. Corrosion has eaten away at the iron framework. New holes continue to appear in the copper sheets that form the exterior.

Less than a mile away, on Ellis Island where the ancestors of nearly half of all Americans first stepped onto American soil, the Great Hall of the Immigration Center is a hollow ruin. Rooms are vaporized, passageways overgrown with vegetation, walls crumbling in decay.

Inspiring plans have been developed to restore the Statue and to create at Ellis Island a living monument to the ethnic diversity of this country of immigrants. But unless restoration is begun now, ceremonies marking the hundredth anniversaries of these two landmarks in America's heritage could be held in commemoration of

national treasures that no longer exist. Sections of the statue have already been declared unsafe and closed to visitors. The 230 million dollars needed to carry out the work is needed now.

All of the money must come from private donations; the federal government is not raising the funds. This is consistent with the origins of the Statue. The French people themselves paid for its creation. And thousands of American school children contributed to its construction and to the pedestal.

The Statue of Liberty-Ellis Island Centennial Commission appointed by President Reagan is asking every American business, every American citizen to join in raising these funds. The torch of liberty is everyone's to cherish. Could we hold up our heads as Americans if we allowed the time to come when she can no longer hold up hers?

One hundred years ago school children gave their pennies to put her up. Your dollars can keep her from falling down.

MAKERS CLASS IN WILLARD
If you are divorced, widowed, or
your spouse cannot find work —
this may be for you. Learn job
seeking skills as well as how to
manage a home better. This five
week class could make a difference
in the rest of your life. Class begins
on Jan. 7, 1985.
