For 'lo, these many years, the Richland County Fish and Game association has been discussing the purchase of a farm. Everybody agreed it would be a good thing-but that was about all anyone did agree on.

But now the deed is done! When things did start to weeks will bow out after this move, they raced along at a rapid clip. For me, the guy whose picture To Be Fete Guests has done very little to brighten the top of the column each Sunday, this is a swan song. City officials doubtless have formulated plans for public use of the Clearfork area Although no action was taken on earlier suggestions that planting of water vegetation and stocking of fish be turned over to the Ohio Conservation division this does not necessarily mean that this important phase is to be neglected.

"I've issued a lot of Sohio Guaranteed Starting Certificates for customers of mine. Each Fall the number goes up. Some new customers-and just about all of the old ones. You know-'the proof of the pudding is in the eating' ..

"Funny, too, how customers change their ideas. New customers usually figure it's the Guarantee itself which is most important . . . that it'd be nice to have someone else pay their garage starting service bill. But after that first winter they get the real idea—and that's that Sohio products keep you rolling all winter, and that the Guarantee itself is just the Sohio folks' way of backing up their faith in their products.

"Sohio's willing to lay its money on the line to prove you won't have starting trouble when you use their winter gasolines and lubricants. Sohio knows those products will come through. If they didn't . . . wow, I'd hate to pay out what those guarantees would cost Sohio! Sure, folks like Guaranteed Starting. They get it YEAR . . . after YEAR. I should think you would, too."

Here's all you do to get **GUARANTEED STARTING!**
