Tie breaking: The lead goes to the competitor with the fewest number of trials for the tying height. If tie remains the lead goes to the vaulter with the fewest total number of unsuccessful trials throughout the competition, up to and including the last height cleared. If a tie remains and it's for 1st place, go to a vault-off. Ties for other places, split the points. Vault-off sequence: 1) One more attempt at missed height, 2) One attempt at a height one inch lower. 3) If two or more competitors clear, raise the bar one inch and allow one vault. If they all miss, lower the bar one inch and allow one vault. Continue until a winner emerges.
Standards can go between 15.5 and 31.5

Tie breaking: The lead goes to the competitor with the fewest number of trials for the tying height. If tie remains the lead goes to the jumper with the fewest total number of unsuccessful trials throughout the competition, up to and including the last height cleared. If a tie remains and it's for 1st place, go to a jump-off. Ties for other places, split the points. Jump-off sequence: 1) One more attempt at missed height, 2) One attempt at a height one inch lower. 3) If two or more competitors clear, raise the bar one inch and allow one jump. If they all miss, lower the bar one inch and allow one jump. Continue until a winner emerges.

Tie breaking: The lead goes to the competitor with the fewest number of trials for the tying height. If tie remains the lead goes to the vaulter with the fewest total number of unsuccessful trials throughout the competition, up to and including the last height cleared. If a tie remains and it's for 1st place, go to a vault-off. Ties for other places, split the points. Vault-off sequence: 1) One more attempt at missed height, 2) One attempt at a height one inch lower. 3) If two or more competitors clear, raise the bar one inch and allow one vault. If they all miss, lower the bar one inch and allow one vault. Continue until a winner emerges.

Standards can go between 18 and 31.5
