A large, stylized, 3D-effect number '2002' is centered on the page, serving as a background watermark. The numbers are dark with a lighter, shadowed interior, giving them a sense of depth. The background of the entire page is a light gray with a repeating pattern of the number '02' in a circular, spiral-like arrangement, creating a textured, digital effect.

# Congratulations Graduates!

# Remembering Troy Collins

I can still remember the way you laughed  
and how you used to talk  
You had that "macho strutt"  
every time you would walk  
I don't need a picture  
to see your smiling face  
You're with me through memories of my heart,  
and there you'll always stay.  
You still live through the stories we tell  
Like cutting up in class  
Your life here with us  
went by way too fast  
I will always remember  
your passion for cars  
and how we'd sit on the ties  
and wish upon the stars.  
You'd wait for me outside  
while washing your Camaro  
I still sit and question  
where did the time go?  
We still can't believe  
that it has been over two years,  
that we lost a great friend  
that day is still clear.  
You turned 18 this past September  
and every year I will remember.  
You were an Angel here on Earth  
and now you're in Heaven  
We know you're here with us  
attending our graduation.  
We still reminisce  
on your beautiful blue eyes.  
You'll always be with us  
so we'll never say good bye.

Pioneer Career & Technology Center is located in the Central Ohio Industrial Park in Shelby and has the following motto: "For every graduate a saleable skill". At PCTC students are placed in career/tech prep programs based upon their interests, aptitudes, grades, attendance, and completion of any prerequisites for a specific program. Students attending Pioneer spend three periods per day in their career tech/tech prep laboratory. The students are still required to meet graduation requirements, but some students might also choose NCSC Post-Secondary classes offered at Pioneer CTC.

O. W. E. students get the opportunity to get on-the-job training as well as formal classroom instruction. Students spend half of their school day in the classroom taking required courses and O.W. E. classes. The other half of the day is spent working in local or nearby businesses. Occasionally the students take time out to reward themselves and get to know one another better as seen in the bowling photos on this page.

# Art Club

*Mrs. Stanley has been the Art Club advisor for the past 10 years. This year the art club participated in many activities such as making posters for the Heritage Center at Christmas for their bake sale, making slates and music boxes during a pizza party, selling the slates and music boxes at Willard's Craft Bizzare, and taking a field trip to Jacob's Field and the Cleveland Museum of Art. Mrs. Stanley commented that she worked with a good group of students this year and had fun doing the projects with them.*

- 10: Next to receive his cord is Joe Childs.

Members of NHS first go through a rigorous screening process, which includes meeting a GPA requirement before being inducted into the organization. During the year the NHS members then take part in trash pick-ups and each member must also donate ten honors to the community in the form of various community service tasks.

Seniors look over a copy of the newspaper.

Despite the good times seen in these photos, the P-Town Press didn't always get along. It took a great deal of compromise, dedication, and friendliness to make this year's newspaper come to life. The reporters and editors did a great job of trying to liven up the newspaper, keep students interested, and inform the readers. The staff did a wonderful job of critiquing the paper and stayed focused on always making the next issue better than the last. I have thoroughly enjoyed working with this fun and creative group this year.

Thanks for all of your hard work and compromising.

**Graig Turson**

Graig helped the team get past Sectionals and get to Districts. Throughout Graig's career he had a total of 1,247 points. Just a few of Graig's accomplishments this year include being 2nd team All Ohio. He was also named Fireland's Conference player of the year and District 6 player of the year. Graig also was the 1st team All North West district (Div. 4) and played in the All-Star game in Lexington.

# Sportsmanship, Ethics, and Integrity Skit

The Sportsmanship, Ethics, and Integrity Committee put together a sportsmanship skit for their spring activity this year. Students modeled good sportsmanship skills, while staff members modeled poor sportsmanship skills. Overall the event was a

great success and a lot of fun.

# Sportsman- ship, Ethics, and Integrity Committee

The Sportsmanship, Ethics, and Integrity Committee also held a pizza night. East of Chicago helped to make this possible by providing the pizzas. Students from Plymouth and the opposing team were invited to come and receive an unlimited amount of pizza, pop, a t-shirt, and admission to the basketball game for \$5.

# PHS Athletic Success

## *Brian Clemons goes to State for Wrestling*

Brian became only the 4th wrestler in school history to reach 100-wins this year. For his Senior year Brian also had a total of 15 reversals, 25 pins, and 114 takedowns. Congratulations Brian on all of your success.

## *1st Firelands Conference Title in 15 years for the Boy's Basketball Team*

Besides becoming the Firelands Conference Champs, PHS boy's basketball team was Sectional Champs and finished their post season play in the District finals. During the season Mr. Turson became Plymouth's all-time winning leader with 104 victories.

Graig Turson scored over 1,000 points throughout his career at PHS, and during his Senior year he helped lead the boy's basketball team to Sectional play. (Right)

# Success in Academics

Laura Bast participated in her fourth year at the state Science Fair and for the fourth time won a superior ranking. Along with Laura's success, the Plymouth team was able to receive the Harold C. Shaw Award which was only earned by four schools in Ohio. The team won this award for sending at least four students, 80 percent of which had to score in the superior class, and no member of the team was allowed to receive a rating of good. (left)

Laura Bast, Abby Rietschlin, Gretchen Waggoner, Chad Kirkpatrick, Andrea Masters, and Mike Anderson all participated in a statewide math event at Ashland University. (above, right)
