Let's Face It

Seniors Sam Henderson, Seth Kimberlin, and Alex Hall (A-Train) cheer the senior class to victory Monday night.

"The girls did great, and it was probably the best powder puff game I've seen since I've been in high school." said Seth Kimberlin after the game.

When we talked to A-Train he said "You could tell we were going to win because we are seniors and we're pimps.

It was a lot of fun cheering for us my last year here! SENIORS ROCK!"

"Well Alex and Seth pretty much said it all. We had a lot of fun throwing Cory in the air and cheering the girls on.

It was probably our best year for the cheerleaders and the players I had so much fun! GO SENIORS!

All of the seniors that participated in games homecoming week had a blast and said it would definitely be a year to remember. They wish for the fun to continue when there are gone next year.

The under classmen also made some great memories this year. I hope they continue to have a good time and keep the tradition going Seniors always WIN!

The best part of homecoming week was on Friday night when I got to stand in front of everyone and open the rose. The only thing I was thinking about when opening the rose is that I had no chance, but I enjoyed every minute of the experience. When I opened my rose and I had the different color I couldn't believe I was homecoming queen for the class of 2009. I was so happy I couldn't stop smiling it felt like a dream come true. It was an event I will never forget."

Majorettes

This was a great first year as the majorette advisor. I have three phenomenal majorettes who have been twirling since they were three years old. I look forward to the years to come as the majorette advisor.

-Amanda Rader

CHEERLEADING

Football season has been filled with excitement this year. Having three seniors is definitely an advantage for the squad and for me too. The girls always work hard and strive to improve continuously which again makes my position an easy one. Mini cheerleading was a huge success with almost 65 mini participants this season which displays the level of confidence our district has in the high school squad, and the leadership skills the girls posses in successfully leading so many at a time.

- Mrs. Green

Cross Country

We worked hard all season long and it took awhile to see the results. We had a few set backs but we overcame them. It was a great year.

-Alex Mowry

This year's golf team was fairly strong with ten members. Our varsity team did well, losing very few games and keeping a good record. This golf season was definitely enjoyable. Good luck to our senior golfers and we hope we can keep a good team.

- Elizabeth Childers

Football

This years theme is bringing back RESPECT to Plymouth Football. Our focus is on being self accountable on each and every play. 1- Do your job to the highest degree each play. 2- Play with emotion. 3- Leave the feild with NO regrests by fullfilling their responcibility to this team.

Being perfect is about being able to look your friends in the eye and know that you didnt let them down because you told them the truth. And that truth is you did everything you could. There wasnt one more thing you could've done. Can you live in that moment as best you can, with clear eyes, and love in your heart, with joy in your heart? CAPTAIN'S COMMENTS

This year has probably been one of the funnest years in football. We all played hard and ended up breaking the streak against South Central. Go Seniors! -Seth

Our football team this year was probably one of the altogether best football teams I've ever been on. In all, my favorite moment would have to be the whole season. It was great being with the team. They were like family to me. I'm gonna miss everyone. Good luck next year. -Cody

It was a fun and exciting year. We had a lot of close games and probably should have won a few more. My most favorite moment was beating both Seneca East and South Central in close games. Good luck to next year's football team. -Nate

This year in football was a lot of fun. I'll remember every game for the rest of my life. My favorite moment all season was catching the winning 2 pt. conversion at the South Central game. Good luck next year. -Myles

THE GREEN'S

Outside of cheerleading Derek and I enjoy spending time with family and friends. I have two nieces and two nephews that take up quite a bit of our family focus time.

We enjoy traveling and often include family and friends on our many voyages as well. Our big adventure this year was a family trip to Mexico. Fun, sunny days filled our trip and many memories were created.

I like to shop and could make a career out of spending other people's money, if that was such a career option, but until that opportunity arises ill settle for window shopping instead.

I also enjoy scrapbooking and taking photos. Unfortunately though, I tend to put these activities off to do other "productive" or school related taskS.

This is my eighth year teaching at Plymouth High School, and I have been very fortunate in creating plenty of wonderful memories.

My name is Sarah Elizabeth Manuel. I am 16 years old. School sports are a big thing 4 me. Sports that I am in are cheerleading, volleyball, and softball. There are many groups that I am in they include student council, FCCLA, history club, and Spanish club. Me, I grew up with two brothers so I love doing boyish stuff just as much as I like girly stuff. Playing backyard football with a bunch of guys sounds like a fun time to me. I love hanging out with my friends and just chilling with them. I love just kicking back, being happy, and living everyday to its fullest loving life.

Sarah

I participate in cheerleading and cross country. In my spear time I like to spend time with my friends and family. My favorite stores to shop at are American Eagle, Abercrombie & Fitch and Forever 21.

The blood, the sweat, the tears, the laughter, cries, and cheers, fast breaks, shake and bake, pump fake, love and hate, five souls interwined as one if this game is to be won cause in this league, its not about the cash, its all about the love, not a paycheck, or a camera flash, only four years to prove if you have what it takes to be the Big Man on the court, cause you scored twenty eight "SWISH", is like a cry from Heaven, as if God himself came down and wispered "Nothing but net" the angels sang the "chorus", the crowd cant stop roaring, everytime i hear the story,of that high school "Glory".

Sunny days seem to hurt the most
I wear the pain like a heavy coat
I feel you everywhere I go
I see your smile, I see your face
I hear you laughing in the rain
I still can't believe you're gone

It ain't fair you died too young
Like a story that had just begun
But death tore the pages all away
God knows how I miss you
All the hell that I've been through
Just knowing no one could take your place
Sometimes I wonder who you'd be today

Would you see the world, would you chase your dreams
Settle down with a family
I wonder what would you name your babies
Some days the sky's so blue
I feel like I can talk to you
I know it might sound crazy

It ain't fair you died too young
Like a story that had just begun
But death tore the pages all away
God knows how I miss you
All the hell that I've been through
Just knowing no one could take your place
Sometimes I wonder who you'd be today

Today, today, today
Today, today, today

Sunny days seem to hurt the most
I wear the pain like a heavy coat
The only thing that gives me hope
Is I know I'll see you again someday

Someday, someday
